216.361 Services and facilities that a hospital may offer in counties contiguous to its hospital district.

Notwithstanding any provision of law to the contrary, hospitals located in a hospital district pursuant to KRS 216.310 to 216.360 may offer the following services and facilities in counties contiguous to the hospital district and shall obtain a certificate of need where required:

(1) Home health services;

(2) Rural health clinics;

(3) Physician office buildings;

(4) Mobile diagnostic services; and

(5) Any other service or facility where there is agreement between the hospital and a provider located in a county contiguous to the hospital district to jointly develop and operate the service or facility.

Effective: July 15, 1998

History: Created 1998 Ky. Acts ch. 559, sec. 4, effective July 15, 1998.
