Chapter 1 Board of Accountancy

§ 101 Objectives and functions.

The primary objective of the Board of Accountancy, to which all other objectives and purposes are secondary, is to protect the general public (specifically those persons who are direct recipients of services regulated by this chapter) from unsafe practices, including incompetent auditing, accounting and tax services rendered by certificate and permit holders, and from occupational practices which tend to reduce competition or fix the price of services rendered. Secondary objectives of the Board include maintaining minimum standards of competency in accounting, auditing and tax services rendered by certificate and permit holders and maintaining minimum standards in the delivery of such services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence, shall monitor complaints brought against practitioners regulated by the Board, adjudicate such complaints at formal hearings, promulgate rules and regulations, and impose sanctions where necessary against practitioners.

(a) The Board shall grant or renew permits to practice to persons who make application and demonstrate that:

(1) Their qualifications, including where applicable the qualifications prescribed by § 107 of this title, are in accordance with the following subsections of this section, or

(2) They are eligible under the substantial equivalency standard set out in § 109(a)(2) of this title.

(b) Permits to practice shall be initially issued, and renewed, for periods of not more than 2 years but in any event shall expire on June 30 of the odd-numbered year following issuance or renewal. Applications for such permits to practice shall be made in such form, and in the case of applications for renewal, between such dates, as the Board shall by rule specify, and the Board shall grant or deny any such application no later than 120 days after the application is filed in proper form.

(c) (1) Reciprocal permits to practice shall be issued to applicants who have passed the Uniform CPA Examination and hold a valid CPA certificate, license or permit to practice in a substantially equivalent state or who individually are determined to be substantially equivalent.

(2) With regard to applicants that do not qualify for reciprocity under the substantial equivalency standard set out in § 109 of this title, the Board shall issue a permit to practice to a holder of a certificate, license or permit issued by another state upon a showing that:

a. The applicant passed the Uniform CPA Examination;

b. The applicant had 4 years of experience of the type described in § 107(f) of this title or meets comparable requirements prescribed by the Board by rule, after passing the examination upon which the applicant's certificate was based and within the 10 years immediately preceding the application; and

c. If the applicant's certificate, license or permit was issued more than 4 years prior to the application for issuance of an initial certificate under this section, that the applicant has fulfilled the requirements of continuing professional education that would have been applicable under subsection (d) of this section.

(d) Permits to practice shall be renewed biennially. An applicant for renewal of a permit under this section shall show that the applicant has completed no less than 80 hours of continuing professional education as determined by Board rule during the 2-year renewal period that has elapsed since the last biennial renewal date. (1) No continuing education requirement if initial permit was issued less than 1 year prior to the renewal date; or

(2) A prorated continuing professional education requirement as determined by Board rule if initial permit was issued 1 year or more, but less than 2 years, prior to the renewal date.

(e) For renewal of a permit to practice under this section, each licensee shall participate in a program of learning designed to maintain professional competency. Such program of learning must comply with rules adopted by the Board. The Board may by rule create an exception to this requirement for permit holders who do not perform or offer to perform 1 or more kinds of services involving the use of accounting or auditing skills, including issuance of reports on financial statements or of 1 or more kinds of management advisory, financial advisory or consulting services, or the preparation of tax returns or the furnishing of advice on tax matters, and who make application for inactive status to the Board. Licensees granted such an exception by the Board must place the word "inactive" adjacent to their CPA title on any business card, letterhead or other document or device with the exception of their CPA permit to practice, on which their CPA title appears. Holders of an inactive permit to practice certified public accountancy may apply to have their permit to practice reinstated pursuant to Board rule.

(b) An applicant shall be required to pass the uniform national examination, prepared and graded by the National Council of Landscape Architectural Registration Boards.

(c) An applicant shall not have been convicted of a crime that is substantially related to the practice of landscape architecture; however, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this subsection, if it finds all of the following:

(1) For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(2) For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(a) The Board shall, in the same month of each year, or at such times as are determined by the testing service, administer the uniform national examination, prepared and graded by the National Council of Landscape Architectural Registration Boards or such portions of

the uniform national examination as it deems necessary. Such written examination shall be obtained from, and corrected by, the National Council of Landscape Architectural Registration Boards, or similar national testing service. Where an applicant has failed to pass the examination, but has successfully completed or passed certain portions or sections which the applicant previously failed, the applicant shall be permitted to retake only those certain portions or sections of the examination the applicant has failed, if the testing service permits such partial examination. In the event the applicant fails the second time to successfully complete or pass the examination, the Board may require that such applicant again take the complete examination.

(b) In the event an applicant has already taken and passed the uniform national examination, the certificate from the National Council of Landscape Architectural Registration Boards acknowledging same shall be accepted, and no further state examination shall be necessary.

Upon receipt of an application for reciprocity, the Board shall contact each board which has previously licensed the applicant, to determine whether or not there are disciplinary proceedings or unresolved complaints pending against the applicant. In the event there is a disciplinary proceeding or unresolved complaint pending, the applicant shall not be licensed until the proceeding or complaint has been resolved. An application for licensure by reciprocity shall be accompanied by full payment of the reciprocity fee.

The Board shall charge for each month or quarter during such "late renewal period" a late fee which, at the end of such "late period" will be twice the sum of the unpaid renewal fee. At the expiration of the period designated by the Board, the license shall be deemed to be lapsed and not renewable unless the former licensee reapplies under the same conditions which govern reciprocity; provided, however, that the former licensee shall also pay a reinstatement fee in an amount which is 3 times the amount of the reciprocity fee.

(c) Any licensee may, upon a written request, be placed in an inactive status. The renewal fee of such person shall be prorated in accordance with the amount of time such person was inactive. Such person may reenter practice upon notification to the Board of the intent to do so.

(d) A former licensee who has been penalized for the violation of a provision of this chapter, or whose license has been suspended or revoked, and who subsequently is permitted to apply for reinstatement shall apply for a new license, successfully complete the uniform national examination and shall pay all appropriate fees therefor.

(a) The privilege of engaging in the practice of landscape architecture is personal, based upon the qualifications of the individual evidenced by registration and is not transferable. All final drawings, specifications, plans, reports or other papers or documents involving the practice of landscape architecture, as defined within this chapter, when issued or filed for public record, shall be dated and bear the signature and seal of the landscape architect or landscape architects who prepared or approved same.

(b) Nothing in subsection (a) of this section shall be construed as preventing the formation of business entities, provided that such entities are authorized under Delaware law or the laws of another state, as a vehicle for the practice of or offer to practice landscape architecture for others by individual landscape architects licensed under this chapter through a business entity, or the offering or rendering of landscape architectural services by a business entity through landscape architects licensed under this chapter, provided that:

(1) One or more of the officers, partners, members, managers, or principals is designated as being responsible for any services in the practice of landscape architecture on behalf of their business entity and is a licensed landscape architect under this chapter;

(2) All personnel of said business entity, who act in its behalf as landscape architects in this State or for clients located in this State are licensed under this chapter; and

(3) Said business entity has been issued a certificate of authorization by the Board as herein provided.

(c) A business entity desiring a certificate of authorization shall file with the Board an application, on forms provided by the Board, listing relevant information, including the names and addresses of officers, partners, members, managers or principals of the business entity and also of the individual or individuals duly licensed to practice landscape architecture in this State who shall be in responsible charge of the practice of landscape architecture in compliance with paragraph (b)(1) of this section and any other information required by the Board, accompanied by the appropriate fee. A certificate of authorization shall be renewed biennially in such manner as is determined by the Division, and upon payment of the appropriate fee and submission of a renewal form provided by the Division. In the event there should be a change in the information provided on the application for a certificate of authorization, notification of such change shall be provided to the Board in writing within 30 days of the effective date of such change.

(d) No such business entity shall be relieved of responsibility for the conduct or acts of its agents, employees, officers, partners, members or principals by reason of its compliance with this section, nor shall any individual be relieved of responsibility for landscape architectural services performed by reason of employment or relationship with such business entity. All business entities and landscape architects practicing through such entities shall be bound by professional standards no less stringent than those stated in § 608 of Title 8.

(e) The Board may revoke, suspend or cancel a certificate of authorization, if after a hearing, the Board determines that any officer, partner, member, manager, principal, or employee has violated any lawful provision of this chapter, or any lawful regulation established thereunder.

§ 213 Grounds for discipline; procedure.

(a) Practitioners regulated under this chapter shall be subject to those disciplinary actions set forth in § 214 of this title if, after a hearing, the Board finds:

(1) That the practitioner has employed or knowingly cooperated in fraud or material deception in order to be licensed, or be otherwise authorized to practice landscape architecture;

(2) Illegal, incompetent or negligent conduct in the practice of landscape architecture;

(3) Excessive use or abuse of drugs (including alcohol, narcotics or chemicals);

(4) That the practitioner has been convicted of a crime that is substantially related to the practice of landscape architecture;

(5) That the practitioner, as a landscape architect or otherwise in the practice of the profession, knowingly engaged in an act of consumer fraud or deception, engaged in the restraint of competition or participated in price-fixing activities;

(6) That the practitioner has violated a lawful provision of this chapter, or any lawful regulation established thereunder.

(b) A practitioner shall be subject to nondisciplinary remedial action if, after a hearing, the Board finds that there is a danger to the health, safety and welfare of the public due to:

(1) Physical illness or loss of motor skill, including but not limited to deterioration through the aging process;

(2) Temporary emotional disorder or mental illness; or

(3) Permanent emotional disorder or mental illness.

(c) If a practitioner's physical or mental capacity to practice safely is at issue in a nondisciplinary remedial proceeding, the Board may order the practitioner to submit to a reasonable physical or mental examination. Failure to comply with a lawful order to submit to a physical or mental examination shall render a practitioner liable to temporary suspension or revocation of license in accordance with § 214 of this title.

(d) Where a practitioner fails to comply with the Board's request that the practitioner submit to an examination or attending a hearing, the Board may petition the Superior Court to order such examination or attendance, and the said Court or any judge assigned thereto shall have jurisdiction to issue such order.

(e) Subject to subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board; and no practitioner's right to practice shall be limited by the Board, until such practitioner has been given notice, and an opportunity to be heard in accordance with the Administrative Procedures Act [29 Del. C. § 10101 et seq.].

§ 214 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that one of the conditions or violations set forth in § 213 of this title applies to a practitioner regulated by this chapter:

(1) Issue a letter of reprimand;

(2) Censure a practitioner;

- (3) Place a practitioner on probationary status, and require the practitioner to:
 - a. Report regularly to the Board upon the matters which are the basis of the probation;
 - b. Limit all practice and professional activities to those areas prescribed by the Board; and/or
 - c. Continue or renew the practitioner's professional education until the required degree of skill has been attained in those areas which are the basis of the probation;
- (4) Suspend any practitioner's license;
- (5) Revoke any practitioner's license.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) Where a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(60 Del. Laws, c. 190, § 1; 63 Del. Laws, c. 461, § 14; 67 Del. Laws, c. 385, § 1; 70 Del. Laws, c. 186, § 1; 74 Del. Laws, c. 336, § 9; 79 Del. Laws, c. 213, § 2.)

§ 215 Hearing procedures.

(a) Upon the receipt of a complaint, the Board shall determine what action, if any, it shall take. If the Board decides not to take any further action, and the complainant is known to the Board, the Board shall forward by letter to the complainant its reasons for not taking further action. Where the Board has determined to take further action, the matter shall be heard by the Board within 3 months from the date on which the complaint was received. The Board shall fix the time and place for a full hearing of the matter, and shall cause a copy of the complaint, together with a notice of the time and place fixed for the hearing, to be personally delivered or served upon the practitioner at least 30 days before the date fixed for the hearing. In cases where the practitioner cannot be located or where personal service cannot be effected, substitute service shall be effected in the same manner as with civil litigation.

(b) All hearings shall be informal without use of the rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. A copy of the decision shall be mailed immediately to the practitioner. The Board's decision shall become effective on the thirtieth day after the date it is mailed or served on the practitioner, unless there is an appeal by the practitioner to the Superior Court within that time.

(60 Del. Laws, c. 190, § 1; 63 Del. Laws, c. 461, § 15; 67 Del. Laws, c. 385, § 1.)

§ 216 Practicing without a license; penalties.

(a) Where the Board has determined that a person is practicing landscape architecture within the State without having lawfully obtained a license therefor, or that a person previously licensed is unlawfully practicing although the person's license has been suspended or revoked, the Board shall formally warn such person. If the offense continues, the Board shall make a formal complaint to the Attorney General. The complaint shall include all evidence known to, or in the possession of, the Board.

(b) Where the Board has placed a practitioner on probationary status under certain restrictions or conditions, and the Board has determined that such restrictions or conditions are being or have been violated by the practitioner, it may, after a hearing on the matter, suspend or revoke the practitioner's license.

(c) Where a person not currently licensed as a landscape architect is convicted of unlawfully practicing landscape architecture in violation of this chapter such offender shall, upon the first offense, be fined \$50, and shall pay all costs; provided, however, that where it is alleged that such violation has resulted in injury to any person, the offender shall be charged and tried under the applicable provisions of Title 11.

(d) Where a person previously convicted of unlawfully practicing landscape architecture is convicted a second or subsequent time of such offense, the fine assessed against such person shall be increased by \$250 for each subsequent offense thereafter.

b. Farm buildings, including barns, silos, sheds or housing for farm equipment and livestock, provided such structures are designed to be occupied by no more than 10 persons; or

"Emergency" shall mean earthquake, eruption, flood, storm, hurricane, or other catastrophe that has been designated as a major disaster or emergency by the President of the United States or the Governor or other duly authorized office of the State of Delaware;

(14) An individual registered and practicing in a nation other than the United States or Canada (a "foreign architect") from practicing in this jurisdiction, so long as such practice is in strict accordance with the provisions of this subsection:

a. The foreign architect must show that such foreign architect holds a current registration in good standing which allows such foreign architect to use the title "architect" and to engage in the "unlimited practice of architecture" (defined as the ability to provide services on any type building in any state, province, territory, or other political subdivision of the foreign architect's national jurisdiction).

b. The foreign architect must show that a bilateral agreement exists between the NCARB and the national registration authority of the foreign architect's national jurisdiction.

c. An architect registered in this jurisdiction shall take responsible control over all aspects of the architectural services for said project.

d. The foreign architect may not seek, solicit, or offer to render architectural services in this jurisdiction, except with the material participation of the architect referred to in paragraph (b)(14)c. of this section above.

e. Promptly after the foreign architect has been selected to provide architectural services for a project within this jurisdiction, the architect referred to in paragraph (b)(14)c. of this section above must file a statement with the Board:

1. Identifying the foreign architect;
2. Describing the project; and

f. In all aspects of offering or providing architectural services within this jurisdiction, the foreign architect must use the title “[x], a foreign architect in consultation with [y], an architect registered in Delaware”;

(15) A person currently employed under the responsible control of an architect, and who maintains in good standing a National Council of Architectural Registration Boards record, from using the title “intern architect” or “architectural intern” in conjunctions with the person's current employment. Such person may not engage in the practice of architecture except to the extent permitted by other provisions of this chapter.

(c) The owner of any real property who allows a project to be constructed on such real property shall be engaged in the practice of architecture unless the owner shall have employed or shall have caused others to have employed a registered architect and/or a registered engineer to furnish construction contract administration services with respect to such project.

(1) For purposes of this section, the following terms shall have the following meanings:

a. “Building official” shall mean the person appointed by the municipality or State subdivision having jurisdiction over the project to have principal responsibility for the safety of the project as finally built.

b. “Construction contract administration services” shall comprise at least the following services:

2. Processing shop drawings, samples, and other submittals required of the contractor by the terms of construction contract documents; and

3. Notifying an owner and the building official of any code violations, changes which affect code compliance, the use of any materials, assemblies, components or equipment prohibited by a code, major or substantial changes between such technical submissions and the work in progress, or any deviation from the technical submissions which he or she identifies as constituting a hazard to the public, which he or she observes in the course of performing his or her duties.

c. “Owner” shall mean with respect to any real property any of the following persons:

d. “Project” shall mean the construction, enlargement, or alteration of a building, other than a building exempted by the provisions of paragraph (b)(5) of this section.

(2) If the registered architect who sealed the technical submissions which were submitted to the building official at the time the building permit was issued has not been employed to furnish construction contract administration services at the time such registered architect issues such technical submissions, the registered architect shall note on such technical submissions that the registered architect has not been so employed. If the registered architect is not employed to furnish construction contract administration services when construction of the project begins, the registered architect shall file, not later than 30 days after such construction begins, with the Board and with the building official, on a form prescribed by the Board, a notice setting forth the names of the owner or owners known to the registered architect, the address of the project, and the name, if known to the registered architect, of the registered architect employed to perform construction contract administration services. If the registered architect believes that no registered architect has been so employed, the registered architect shall so state on the form. Any registered architect who fails to place the note on that registered architect's technical submissions or to file such notice, as required by this paragraph, shall have violated the provisions of this chapter and shall be subject to disciplines as set forth herein.

(3) If the Board determines, with respect to a particular project or class of projects, that the public is adequately protected without the necessity of a registered architect performing construction contract administration services, the Board may waive the requirements of this subsection with respect to such project or class of projects.

Each public member shall be accessible to inquiries, comments and suggestions from the general public.

(b) Each member shall serve for a term of 3 years, and may successively serve 1 additional term; provided, however, that where a member was initially appointed to fill a vacancy, such member may successively serve only 1 additional full term. Any person appointed to fill a vacancy on the Board shall hold office for the remainder of the unexpired term of the former member. Each term of office shall expire on the date specified in the appointment, and the member shall no longer be eligible to participate in Board proceedings unless lawfully appointed. Current Board members, who will have served as members for 10 years or more at the end of their current terms, will not be eligible for reappointment to the Board.

(c) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance or malfeasance. A member subject to disciplinary proceedings shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(d) No member of the Board of Architects, while serving on the Board, shall be a president, chairperson or other official of a professional architect association.

(e) The provisions set forth for "employees" in § 5805 of Title 29 shall apply to all members of the Board, and to all agents appointed, or otherwise employed, by the Board.

(a) In the same month of each year, the members shall elect, from among their number, a president and a secretary. A member may serve as an officer of the Board for not more than 2 consecutive years.

(b) The Board shall hold a regularly scheduled business meeting at least once in each quarter of a calendar year and at such other times as the president may deem necessary, or at the request of a majority of Board members. A majority of members shall constitute a quorum; and no action shall be taken without the affirmative vote of at least 5 members. Any member who fails to attend 3 consecutive meetings, or who fails to attend at least $\frac{1}{2}$ of all regular business meetings during any calendar year, shall automatically, upon such occurrence, be deemed to have resigned from office and a replacement shall be appointed.

(c) Minutes of all meetings shall be recorded, and copies of the minutes shall be maintained by the Division of Professional Regulation. At any hearing in which evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The expense of preparing any transcript shall be incurred by the person requesting it.

(d) The Division of Professional Regulation shall annually compute the average expenses incurred in duplicating the following materials: The meeting schedule for the Board, notice of next business meeting and the minutes of Board meetings. Upon initial registration and each registration renewal, each registered architect shall receive a list of materials available from the Division, and the price charged to receive each for 1 year. Each item shall be offered to the registered architect and to members of the public at a cost set by the Division of Professional Regulation.

Where such provisions conflict with the provisions of this chapter, this chapter shall govern. The Board shall determine whether or not an architect shall be subject to a disciplinary hearing, and if so, shall conduct such hearing in accordance with this chapter and the Administrative Procedures Act;

(9) Where it has been determined after a disciplinary hearing, that penalties or sanction should be imposed, to designate and impose the appropriate sanction or penalty after time for appeal has lapsed;

(10) Bring proceedings in the courts for the enforcement of this chapter;

(11) In cooperation with Division of Professional Regulation, to maintain complete records relating to meeting minutes, applications, examinations, rosters, changes and additions to the rules and regulations, complaints, hearings and such other matters as the Board shall determine. a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(b) Each certificate of registration shall be renewed biennially, in such manner as is determined by the Division of Professional Regulation. The Board shall, in its rules and regulations, determine the period of time within which a registered architect may still renew a license, notwithstanding the fact that such registered architect has failed to renew on or before the renewal date; provided, however, that such period shall not exceed 1 year. The Board shall charge, for each month or quarter during such "late renewal period," a late fee which at the end of such "late period" shall be twice the sum of the unpaid renewal fee. At the expiration of the period designated by the Board, the certification of registration of the registered architect shall be deemed to be lapsed and not renewable, unless the former Delaware registered architect, without further examination, files an application under the same conditions which govern the application for reciprocity pursuant to § 309 of this title, provided, however, that the former registered Delaware architect shall also pay a reinstatement fee in the amount which is 3 times the amount of the annualized reciprocity fee, as determined by the Division.

§ 312A Certificate of authorization.

(a) The privilege of engaging in the practice of architecture is personal, based upon the qualifications of the individual evidenced by registration and is not transferable. All final drawings, specifications, plans, reports, or other papers or documents involving the practice

of architecture, as defined within this chapter, shall be dated and bear the signature and seal of the architect or architects who prepared or directly supervised the same.

(b) Nothing in subsection (a) of this section shall be construed as preventing the formation of business entities, provided that such entities are authorized under Delaware law or the laws of another state, as a vehicle for the practice of or offer to practice architecture for others by individual architects registered under this chapter through a business entity, or the offering or rendering of architectural services by a business entity through architects registered under this chapter, provided that:

(1) One or more of the officers (if a corporation), partners (if a partnership), members or managers (if a limited liability company or publicly owned corporation), is designated as being responsible for any services in the practice of architecture on behalf of their respective business entity and is a registered architect under this chapter;

(2) All personnel of said business entity, who act in its behalf as architects in this State or for clients located in this State are registered under this chapter; and

(3) Said business entity has been issued a certificate of authorization by the Board as herein provided.

(c) A business entity desiring a certificate of authorization shall file with the Board an application, on forms provided by the Board, listing relevant information, including the names, addresses, and license or registration numbers of directors, officers, partners, members or managers of the business entity and also of the individual or individuals duly registered to practice architecture in this State who shall be in responsible charge of the practice of architecture through the business entity in compliance with paragraph (b)(3) of this section above, and any other information required by the Board, accompanied by the appropriate fee as determined by the Division of Professional Regulation. A certificate of authorization may be renewed biennially by submission of the required information and fee. In the event that there should be a change in the information provided on the application for a certificate of authorization, notification of such change shall be provided to the Board in writing within 30 days of the effective date of such change. If all the requirements of this section are met, the Board shall issue a certification of authorization to such business entity, and that business entity shall be authorized to contract for and to collect fees for architectural services.

(d) An applicant for initial issuance or renewal of a certificate of authorization shall be required to register each office of the business entity within this State with the Board and show that each office is under the charge and supervision of an individual holding a valid certificate of registration under this chapter.

(e) No such business entity shall be relieved of responsibility for the conduct or acts of its agents, employees, officers, partners, members or principals by reason of its compliance with this section, nor shall any individual be relieved of responsibility for architectural services performed by reason of employment or relationship with such business entity. All business entities and architects practicing through such entities shall be bound by professional responsibility standards no less stringent than those stated in § 608 of Title 8.

(f) The Board may revoke, suspend or cancel a certification of authorization, if after a hearing, the Board determines that any officer, partner, member, manager, principal or employee has violated any lawful provision of this chapter, or any lawful regulation established thereunder.

(77 Del. Laws, c. 225, § 1.)

§ 313 Seal.

Every registered architect shall have a seal of a design authorized by the Board by regulation. All technical submissions prepared by such architect, or under the architect's direct supervision, shall be stamped with the impression of the architect's seal. No registered architect shall impress the seal on any technical submissions unless they were prepared under the architect's direct supervision.

(68 Del. Laws, c. 144, § 1; 70 Del. Laws, c. 186, § 1.)

§ 314 Violations; grounds for professional discipline.

(a) An architect or holder of a certificate of authorization shall be subject to those disciplinary actions set forth in § 315 of this title, if, after a hearing, the Board finds that the architect or holder of a certificate of authorization has:

(1) Employed or knowingly cooperated in fraud or material deception in order to acquire a certificate of registration, or be otherwise authorized to practice architecture;

(2) Engaged in illegal, incompetent or negligent conduct in the practice of architecture;

(3) As an architect or otherwise in the practice of the profession, knowingly engaged in an act of consumer fraud or deception, engaged in the restraint of competition or participated in price-fixing activities; or

(4) Violated a lawful provision of this chapter, or any lawful regulation established thereunder.

(b) An architect shall be subject to nondisciplinary remedial action if, after a hearing, the Board finds that there is a danger to the health, safety and welfare of the public due to:

(1) Physical illness or loss of motor skill, including but not limited to deterioration through the aging process;

(2) Temporary emotional disorder or mental illness; or

(3) Permanent emotional disorder or mental illness.

(c) If an architect's physical or mental capacity to practice safely is at issue in a non-disciplinary remedial proceeding, the Board may order the architect to submit to a reasonable physical or mental examination. Failure to comply with such an order shall render a registered architect liable to temporary suspension or revocation of the architect's certificate of registration in accordance with § 315 of this title, notwithstanding the Board's power to compel such attendance under subsection (d) of this section.

(d) Where an architect fails to comply with the Board's request that the architect submit to an examination or attend a hearing, the Board may petition the Superior Court to order such examination or attendance, and the said court or any judge assigned thereto shall have jurisdiction to issue such order.

(e) No certificate of registration or certificate of authorization shall be restricted, suspended or revoked by the Board, and no registered architect's right to practice shall be limited by the Board, until such registered architect or holder of a certificate of authorization has been given notice and an opportunity to be heard in accordance with § 316 of this title.

(38 Del. Laws, c. 60, § 19; Code 1935, § 909; 24 Del. C. 1953, § 317; 62 Del. Laws, c. 344, § 1; 64 Del. Laws, c. 1, § 1; 68 Del. Laws, c. 144, § 1; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 225, §§ 2-5.)

§ 315 Remedial actions and disciplinary sanctions.

(a) The Board may impose any of the following sanctions or take any of the following actions, singly or in combination, when it finds that 1 of the conditions or violations set forth in § 314 of this title applies to an architect or holder of a certificate of authorization:

(1) Issue a letter of reprimand;

(2) Censure the architect or holder of a certificate of authorization;

(3) Place the architect or holder of a certificate of authorization on probationary status, and require the architect or holder of a certificate of authorization to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

b. Limit all practice and professional activities to those areas prescribed by the Board; and/or

c. Continue or renew the architect's professional education until the required degree of skill has been attained in those areas which are the basis of the probation;

(4) Suspend a registered architect's certificate of registration or suspend a certificate of authorization;

(5) Revoke a registered architect's certificate of registration or revoke a certificate of authorization;

(6) Issue cease and desist orders;

(7) Seek injunctions; and/or

(8) Seek judicial enforcement of civil fines imposed by the Board.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such actions have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) Where a certificate of registration has been suspended due to a disability of the registered architect, the Board may reinstate such certification of registration if, after a hearing, the Board is satisfied that the registered architect is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended certificate of registration, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

§ 316 Board hearings; procedure.

(a) Upon the receipt of a formal complaint from the Attorney General's office, the Board shall fix the time and place of a full hearing of the matter, and it shall be scheduled to be heard as soon as practicable. The Board shall cause a copy of the complaint, together with

a notice of the time and place fixed for the hearing, to be personally delivered or served upon the architect at least 20 days before the date fixed for the hearing. In cases where the architect cannot be located or where personal services cannot be effected, substitute service shall be effected in the same manner as with civil litigation.

(b) All hearings shall be informal without use of the rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reason for such decision. A copy of the decision shall be mailed by registered mail immediately to the complainant, and to the architect. The Board's decision shall become effective on the thirtieth day after the day it is received by the architect, unless there is an appeal to the Superior Court within that time.

(c) Where either the complainant or the architect is in disagreement with the action of the Board, either person may appeal the Board's decision to the Superior Court within 30 days of the receipt of the Board's decision. Upon such appeal, the Court shall hear the evidence "de novo." The filing of an appeal shall act as a stay of the Board's decision, pending final determination of the appeal.

(64 Del. Laws, c. 1, § 1; 68 Del. Laws, c. 144, § 1.)

§ 317 Penalties.

(a) Where the Board has determined, upon notice and hearing pursuant to Chapter 101 of Title 29 that a person is engaged in the practice of architecture regulated by this chapter without having lawfully obtained a license or that a person previously licensed under this chapter is engaged in a practice regulated by this chapter notwithstanding that the person's license has been suspended or revoked, the Board may issue a cease and desist order. In addition to the power to issue a cease and desist order, the Board may seek an injunctive order prohibiting such unlawful practice and/or seek the imposition of other civil penalties defined by this chapter.

(b) Upon notice and hearing pursuant to Chapter 101 of Title 29, the Board may fine any person who violates such cease and desist order not less than \$100 or more than \$1000. Each day a violation continues may be deemed a separate offense in the Board's discretion.

(c) Where the Board has placed a registered architect on probationary status under certain restrictions or conditions, and the Board has determined that such restrictions or conditions are being or have been violated by the registered architect, the Board may, after a hearing on the matter, suspend or revoke the registered architect's certificate of registration.

(d) Any person who violates any provisions of this chapter or any rules or regulations promulgated hereunder shall be liable for a civil penalty of not more than \$5,000 for the first offense; and not more than \$10,000 for the second and each subsequent offense, which penalty may be sued for, and recovered by, the Board. Nothing in this section shall be construed to prevent prosecution under, or be inconsistent with, Chapter 5 of Title 11.

(b) The Board shall consist of 5 members, appointed by the Governor, who are residents of this State: 3 shall be podiatrists licensed under this chapter and 2 shall be public members. The public members shall not be, nor ever have been, podiatrists, nor members of the immediate family of a podiatrist; shall not have been employed by a podiatrist or a company engaged in the practice of podiatry; shall not have a material interest in the providing of goods and services to podiatrists; nor have been engaged in an activity directly related to podiatry. The public members shall be accessible to inquiries, comments and suggestions from the general public.

Any person appointed to fill a vacancy on the Board shall hold office for the remainder of the unexpired term of the former member. Each term of office shall expire on the date specified in the appointment; however, the Board member shall remain eligible to participate in Board proceedings unless or until replaced by the Governor. Persons who are members of the Board on July 20, 1999, shall complete their terms.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetency or neglect of duty. A member subject to disciplinary hearing shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(g) No member of the Board, while serving on the Board, shall hold elective office in any professional association of podiatrists; this includes a prohibition against serving as head of the professional association's Political Action Committee (PAC).

(h) The provisions set forth in Chapter 58 of Title 29 shall apply to all members of the Board.

(i) Any member who is absent without adequate reason for 3 consecutive meetings or fails to attend at least $\frac{1}{2}$ of all regular business meetings during any calendar year shall be guilty of neglect of duty.

(j) Each member of the Board shall be reimbursed for all expenses involved in each meeting, including travel, and in addition, shall receive compensation per meeting attended in an amount determined by the Division in accordance with Del. Const. art. III, § 9.

§ 504 Organization; meetings; officers; quorum.

(a) The Board shall hold regularly scheduled business meetings at least once in each quarter of a calendar year and at such times as the President deems necessary, or at the request of a majority of the Board members.

(b) The Board annually shall elect a president and secretary. Each officer shall serve for 1 year, and shall not succeed himself or herself for more than 2 consecutive terms.

(c) A majority of the members shall constitute a quorum for the purpose of transacting business, and no disciplinary action shall be taken without the affirmative vote of at least 3 members.

(d) Minutes of all meetings shall be recorded, and the Division of Professional Regulation shall maintain copies. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The expense of preparing any transcript shall be incurred by the person requesting it.

The Division of Professional Regulation shall keep a register of all approved applications for license as a podiatrist and complete records relating to meetings of the Board, examinations, rosters, changes and additions to the Board's rules and regulations, complaints, hearings and such other matters as the Board shall determine. Such records shall be prima facie evidence of the proceedings of the Board.

(72 Del. Laws, c. 213, § 1.)

§ 506 Powers and duties; immunity.

(a) The Board of Podiatry shall have authority to:

(1) Formulate rules and regulations with appropriate notice to those affected; all rules and regulations shall be promulgated in accordance with the procedures specified in the Administrative Procedures Act [Chapter 101 of Title 29] of this State. Each rule or regulation shall implement or clarify a specific section of this chapter.

(2) Designate the application form to be used by all applicants and to process all applications.

(4) Evaluate the credentials of all persons applying for a license to practice podiatry in this State, in order to determine whether such persons meet the qualifications for licensing set forth in this chapter.

(5) Grant licenses to and renew licenses of all persons who meet the qualifications for licensure, including those persons who apply for temporary licensure.

(6) Establish by rule and regulation continuing education standards required for license renewal.

(7) Evaluate certified records to determine whether an applicant for licensure who previously has been licensed, certified or registered in another jurisdiction has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses.

(8) Refer all complaints from licensees and the public concerning licensed podiatrists or concerning practices of the Board or of the profession to the Division for investigation pursuant to § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

(9) Conduct hearings and issue orders in accordance with procedures established pursuant to Chapter 101 of Title 29.

(10) Where it has been determined after a hearing that penalties or sanctions should be imposed, to designate and impose the appropriate sanction or penalty after time for appeal has lapsed.

(b) The members of the Board shall not be subject to and shall be immune from claims, suit, liability, damages or any other recourse, civil or criminal, arising from any act, proceeding, decision or determination undertaken or performed, or recommendation made, so long as such member of the Board acted in good faith and without malice in carrying out the responsibilities, authority, duties, powers and privileges of the offices conferred by law upon them under this chapter, or any other provisions of the Delaware or federal law or rules or regulations or duly adopted rule or regulation of the Board. Good faith is presumed unless otherwise proven, and malice is required to be proven by the complainant.

(c) No member of the Board shall in any manner whatsoever discriminate against any applicant or person holding or applying for a certificate to practice podiatric medicine by reason of sex, race, color, creed or national origin.

(d) No member shall participate in any action of the Board involving directly or indirectly any person related in any way by blood or marriage to said member.

(e) The Board of Podiatry shall promulgate regulations specifically identifying those crimes which are substantially related to the practice of podiatry.

Subchapter II License

§ 507 License required.

(a) No person shall engage in the practice of podiatry or hold himself or herself out to the public in this State as being qualified to practice podiatry; or use in connection with that person's name, or otherwise assume or use, any title or description conveying or tending to convey the impression that the person is qualified to practice podiatry, unless such person has been duly licensed under this chapter.

(b) Whenever a license to practice as a podiatrist in this State has expired or been suspended or revoked, it shall be unlawful for the person to practice podiatry in this State.

(64 Del. Laws, c. 39, § 1; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 213, § 1.)

§ 508 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure as a podiatrist under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Has received a degree of "Doctor of Podiatric Medicine" or its equivalent from a college or school approved by the Council on Podiatric Education of the American Podiatric Medical Association, or the successor of such Council.

(2) Has satisfactorily completed a hospital residency program approved by the Council on Podiatric Medical Education.

(3) Has satisfactorily completed the Podiatric Medical Licensing Examination for States (PMLEXIS); the minimum passing score shall be that score recommended by the testing service providing the examination.

(4) Shall not have been the recipient of any administrative penalties regarding the applicant's practice of podiatry, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license

renewal fees), probationary limitations, and/or has not entered into any “consent agreements” which contain conditions placed by a Board on the applicant’s professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure.

(5) Shall not have any impairment related to drugs, alcohol or a finding of mental incompetence by a physician that would limit the applicant’s ability to undertake the practice of podiatry in a manner consistent with the safety of the public.

(6) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of podiatry. Applicants who have criminal conviction records or pending criminal charges shall request appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of podiatry. After a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(6), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division, or any other State agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

Such person who desires to reactivate the licensee’s license shall complete a Board-approved application form, submit a renewal fee set by the Division, and submit proof of fulfillment of continuing education requirements in accordance with the Board’s rules and regulations.

(c) Such temporary license shall be effective for not less than 2 weeks nor for more than 3 months from date of issuance.

(d) The Board may also issue a temporary license to practice as a podiatric physician to an applicant who is participating in a residency program in this State and who is an otherwise qualified applicant for licensure in this State. The temporary license for such residency

program participant will be valid for the period of residency and will expire immediately upon completion of or withdrawal from the residency or 24 months from issuance whichever is earlier. Such temporary license may be renewed once only for an additional 24 months and any such renewed license shall also expire immediately upon completion of or withdrawal from the residency program.

(b) When it is determined that an individual is engaging, or has engaged, in the practice of podiatry, or is using the title “podiatrist” and is not licensed under the laws of this State, the Board shall apply to the Office of the Attorney General to issue a cease and desist order.

(c) The Division shall have the authority to conduct inspections upon receipt of any complaint in connection with § 515(a)(8) of this title or upon the occurrence of an adverse event as defined in § 122(3)y.3.A. of Title 16 and, as applicable, to refer such information to the Department of Health and Social Services pursuant to § 122(3)y. of Title 16. § 515 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 516 of this title, if, after a hearing, the Board finds that the podiatrist:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a podiatrist; has impersonated another person holding a license, or allowed another person to use the podiatrist’s license, or aided or abetted a person not licensed as a podiatrist to represent himself or herself as a podiatrist.

(2) Has illegally, incompetently or negligently practiced podiatry.

(3) Has been convicted of any offense, the circumstances of which substantially relate to the practice of podiatry. A copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence therefor.

(5) Has engaged in an act of consumer fraud or deception; engaged in the restraint of competition; or participated in price-fixing activities.

(6) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder.

(7) Has had his or her license as a podiatrist suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a podiatrist in this State shall be deemed to have given consent to the release of this information by the Board of Podiatry, or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses.

(8) Has maintained a facility in an unsanitary or unsafe condition. For purposes of this section, “facility” shall have the same meaning as defined in § 122(3)y.3.C. of Title 16.

(9) Has failed to notify the Board that the podiatrist’s license as a podiatrist in another state has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof; or,

(10) Has a physical condition such that the performance of podiatry is or may be injurious or prejudicial to the public.

(b) Subject to the provisions of this chapter and subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board, and no practitioner’s right to practice podiatry shall be limited by the Board until such practitioner has been given notice, and an opportunity to be heard, in accordance with the Administrative Procedures Act [Chapter 101 of Title 29].

§ 516 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that 1 of the conditions or violations set forth in § 515 of this title applies to a practitioner regulated by this chapter:

(1) Issue a letter of reprimand.

- (2) Censure a practitioner.
- (3) Place a practitioner on probationary status, and require the practitioner to:

- (6) Impose a monetary penalty not to exceed \$500 for each violation.
- (7) The Board shall permanently revoke the certificate to practice podiatric medicine of a person who is convicted of a felony sexual offense.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies, which required such action, have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

§ 517 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 515 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter, as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with Chapter 101 of Title 29.

(a) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(b) Where a license or registration has been suspended due to the licensee's inability to practice pursuant to this chapter, the Board may reinstate such license, if, after a hearing, the Board is satisfied that the licensee is again able to perform the essential functions of a podiatrist, with or without reasonable accommodations; and/or, there is no longer a significant risk of substantial harm to the health and safety of the individual or others.

(c) Applicants for reinstatement must pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

Board of Chiropractic

§ 700 Purpose of chapter; objectives of board.

The primary objective of the Board of Chiropractic, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

The secondary objectives of the Board are to maintain minimum standards of practitioner competency and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at formal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against licensees or former licensees.

Throughout the history of chiropractic, there have been distinct philosophical approaches to chiropractic. No action, rule, standard or requirement shall be imposed or interpreted which would restrict a practitioner from licensure as long as the practitioner complies with this chapter.

A public member shall not be nor ever have been a chiropractor, nor a member of the immediate family of a chiropractor; shall not have been employed by a chiropractor; shall not have had a material financial interest in the providing of goods and services to chiropractors; nor have been engaged in an activity directly related to chiropractic. Such public member shall be accessible to inquiries, comments and suggestions from the general public.

(b) Except as provided in subsection (c) of this section, each member shall serve for a term of 3 years, and may succeed himself or herself for 1 additional term; provided, however, that where a member was initially appointed to fill a vacancy, such member may succeed

himself or herself for only 1 additional full term. Any person appointed to fill a vacancy on the Board shall hold office for the remainder of the unexpired term of the former member. Persons who are members of the Board on July 17, 1996, shall complete their terms of office.

(c) A person who has never served on the Board may be appointed to the Board 2 consecutive times, but no such person shall thereafter be eligible for 2 consecutive appointments. No person who has been twice appointed to the Board, or who has served on the Board for 6 years within any 9-year period, shall again be appointed to the Board until an interim period of at least 1 term has expired since such person last served.

(d) Any act or vote by a person appointed in violation of subsection (c) of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (c) of this section, unless such amendment or revision amends this section to permit such an appointment.

(e) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance or malfeasance. A member subject to disciplinary proceedings shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(f) No member of the Board of Chiropractic, while serving on the Board, shall be an officer of a local or state professional chiropractic association or have a financial interest in any chiropractic college or school.

(c) A majority of the members shall constitute a quorum for the purpose of transacting business. No disciplinary action shall be taken without the affirmative vote of 4 members of the Board. Any member who fails to attend 3 consecutive meetings, or who fails to attend at least $\frac{1}{2}$ of all regular business meetings during any calendar year, shall automatically upon such occurrence be deemed to have resigned from office and a replacement shall be appointed.

(d) Minutes of all meetings shall be recorded, and copies of the minutes shall be maintained by the Division of Professional Regulation. At any hearing where evidence is presented, the hearing shall be recorded. Transcripts shall be made at the request and expense of any party.

The Division shall be responsible for issuing a final written report at the conclusion of its investigation. The Board president shall assign a member of the Board to assist the Division of Professional Regulation with the investigation of the technical aspects of the complaint and shall not discuss any matter of fact or law regarding such investigation with any Board member prior to the final decision of the Board. Such member shall recuse himself or herself from the deliberations on the complaint at any hearing regarding the complaint. If it is determined that a practitioner should be subject to a disciplinary hearing, the Board shall conduct such hearing in accordance with this chapter and the Administrative Procedures Act [Chapter 101 of Title 29].

When it is determined that an individual is engaging in the practice of chiropractic or is using the title "chiropractor" and is not licensed under the laws of this State, the Board shall notify the office of the Attorney General for appropriate action.

§ 705 Hearing; procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of this chapter, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of the rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be

(c) Where either the complainant or the practitioner is in disagreement with the action of the Board, either person may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the Board's decision. Upon such appeal, the Court shall hear the evidence on the record, and any stay of the Board's decision shall be granted according to the Administrative Procedures Act [Chapter 101 of Title 29].

- (7) Investigate complaints of unauthorized practice of chiropractic;
- (8) Determine whether or not a practitioner shall be the subject of a disciplinary hearing, and if so, to conduct such hearing in accordance with this chapter and the Administrative Procedures Act [Chapter 101 of Title 29];

- (10) Provide for the rules for continuing chiropractic education; and
- (11) Bring proceedings in the courts for the enforcement of this chapter.

(b) The Board may require by subpoena the attendance and testimony of witnesses and production of paper, records or other such evidence.

(c) The members of the Board shall not be subject to, and shall be immune from, claims, suits, liability, damages or any other recourse, civil or criminal, arising from any act or proceeding, decision or determination undertaken or performed, or recommendation made, so long as such member of the Board acted in good faith and without malice in carrying out the responsibilities, authority, duties, powers and privileges of the offices conferred by law upon them under this chapter or any other provisions of the Delaware or federal law or rules or regulations or duly adopted rule or regulation of the Board. Good faith is presumed unless otherwise proven and malice is required to be proven by the complainant.

§ 707 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure as a doctor of chiropractic under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

- (1) Has received a degree of "Doctor of Chiropractic" from a school or college fully accredited by an accrediting agency recognized by the U.S. Department of Education;
- (2) Shall provide proof satisfactory to the Board that the applicant has successfully passed Parts I, II, III, IV and the physiotherapy section of the National Board of Chiropractic Examiners' examination;
- (3) Shall not have been the recipient of any administrative penalties regarding the applicant's practice of chiropractic, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations and/or has not entered into any "consent agreements" which contain conditions placed by a Board on the applicant's professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure;

(4) Shall not have any impairment related to drugs, alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake the practice of chiropractic in a manner consistent with the safety of the public;

(5) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense, the circumstances of which substantially related to the practice of chiropractic. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of chiropractic. "Substantially related" means the nature of criminal conduct, for which the person was convicted, has a direct bearing on the fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the practice of chiropractic. After a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(5), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing chiropractic in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare;

(6) Has not been convicted of a felony sexual offense;

(7) Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person;

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Chiropractic shall be the screening point for the receipt of said federal criminal history records;

c. An applicant may not be licensed to practice chiropractic until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to paragraph (a)(5) of this section.

(b) An applicant, who has received a degree of "Doctor of Chiropractic" or its equivalent from a foreign school, college or university, shall submit a certified copy of the applicant's school, college or university record for evaluation by the Board.

(c) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(d) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for the applicant than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(e) All individuals licensed to practice chiropractic in this State shall be required to be fingerprinted by the State Bureau of Identification, at the licensee's expense, for the purposes of performing subsequent criminal background checks. Licensees shall submit by January 1, 2016, at the applicant's expense, fingerprints and other necessary information in order to obtain a criminal background check.

Laws, c. 44, §§ 9, 10; 79 Del. Laws, c. 277, § 2.)

§ 708 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for an activity not specified in this chapter. The application fee shall not be combined with any other fee or charge, except as specifically set forth herein. At the beginning of each calendar year the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate fee for the coming year.

§ 709 Issuance of license; renewal; inactive status; reinstatement.

(a) Each person, who has been admitted to practice in this State by reciprocity, or who has otherwise qualified for a license shall, prior to practicing in this State, file for and obtain an occupational license from the Division of Revenue in accordance with Chapter 23 of

Title 30. The Board shall forthwith issue a license to each person who has qualified for same under this chapter and who has complied with all rules and regulations of the Board.

(b) Upon payment of the renewal fee and upon submission of proof of satisfactory completion of continuing education requirements, each license shall be renewed biennially in such manner as is determined by the Division of Professional Regulation. The Board shall, in its rules and regulations, determine the period of time within which a practitioner may still renew the license; provided, however, that such period shall not exceed 1 year. At the expiration of the period designated by the Board, the license shall be deemed to be lapsed and not renewable, unless the former licensee reapplies under the same conditions which govern reciprocity; provided, however, that the former licensee shall also pay a reinstatement fee in an amount which is determined by the Division of Professional Regulation.

(c) Any licensee may, upon the licensee's written request, be placed in an inactive status not to exceed 5 years. The renewal fee of such person shall be prorated in accordance with the amount of time such person was inactive. Such person may reenter practice upon notification to the Board of that person's intent to do so, provided said person has satisfied all continuing education requirements prescribed by the Board.

(d) A former licensee who has been penalized for the violation of a provision of this chapter, or whose license has been suspended or revoked, and who subsequently is permitted to apply for reinstatement shall apply for a new license, successfully complete the examination required by the Board, and shall pay all appropriate fees before the former licensee may be relicensed.

§ 710 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant, who shall present proof of current licensure in good standing in another state, the District of Columbia or territory of the United States, whose standards for licensure are substantially similar to those of this State.

(b) An applicant, who is currently licensed in another state, the District of Columbia or territory of the United States, whose standards for licensure are not substantially similar to those of this State, shall present proof of current licensure in good standing in another state, the District of Columbia or territory of the United States, and in addition the applicant shall meet 1 of the following criteria:

(1) Shall have graduated from an accredited or Board-approved school of chiropractic after July 1, 1997, and shall provide documentation of successful completion of Parts I, II, III, IV and the physiotherapy section of the National Board of Chiropractic Examiners' examination;

(2) Shall have graduated from an accredited or Board-approved school of chiropractic, prior to July 1, 1997, but after January 31, 1991, and shall provide documentation of successful completion of Parts I, II, III of the National Board of Chiropractic Examiners' examination; or

(3) Shall have graduated from an accredited or Board-approved school of chiropractic, prior to January 31, 1991, and shall provide documentation of successful completion of Parts I, II, III of the National Board of Chiropractic Examiners' examination; or Parts I and II of the National Board of Chiropractic Examiners' examination and the Special Purpose Examination for Chiropractic (SPEC) approved by the National Board of Chiropractic Examiners.

(c) Notwithstanding the provisions of paragraph (b)(1), (2), or (3) of this section, if the applicant has successfully passed those examinations that were available at the time of the applicant's graduation from a board-approved school of chiropractic and application for original licensure, the Board shall accept proof of successful completion of those examinations in lieu of the provisions of paragraph (b)(1), (2), or (3) of this section. If no examinations were available at the time of the applicant's graduation from a board-approved school of chiropractic, the Board shall accept proof of active practice in another jurisdiction for the past 5 years in lieu of the provisions of paragraph (b)(1), (2), or (3) of this section.

(d) For all applicants licensure in good standing is defined in § 707(a)(3), (4), and (5) of this title. The applicant is responsible for providing proof of licensure in good standing in all states in which that applicant is or has been licensed.

§ 711 Grounds for discipline; procedure; sanctions.

(a) Practitioners regulated under this chapter shall be subject to those disciplinary actions set forth in this section if, after a hearing, the Board finds the practitioner guilty of unprofessional conduct as defined in subsection (b) of this section.

(b) Unprofessional conduct is hereby defined as any of the following acts:

(1) Use of any false, fraudulent or forged statement or document or use of any fraudulent, deceitful, dishonest or unethical practice in connection with any licensing requirements of this chapter;

(2) Conviction of a crime that is substantially related to the practice of chiropractic. "Substantially related" means the nature of criminal conduct, for which the person was convicted, has a direct bearing on the fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to chiropractic;

- (3) Any dishonorable or unethical conduct likely to deceive, defraud or harm the public;

 - (16) Suspension, revocation or refusal to grant a license to practice chiropractic or other disciplinary action taken by the appropriate licensing authority in another state or territory; provided, however, that the underlying grounds for such action in another state or territory have been presented to the Board by either certified record or live testimony and the Board has determined that the facts found by the appropriate authority in the other state constitute unprofessional conduct as that term is defined in paragraphs (b)(1) through (15) of this section;
 - (17) Engaging directly or indirectly in the division, transferring, signing, rebating or refunding of fees received for professional services or profiting by means of a credit or other valuable consideration such as wages, an unearned commission, discount or gratuity with any person who referred a patient, or with any relative or business associate of the referring person. Nothing in this paragraph shall be construed as prohibiting the members of any regularly or properly organized entity recognized under Delaware law and comprised solely of chiropractors from making any division of their total fees among themselves as they determine by contract necessary to defray their joint operating costs. This paragraph shall not apply to chiropractic positions held by chiropractors employed by or contracted with a Delaware licensed medical doctor or doctor of osteopathy that works in the State a minimum of 10 hours per week. It will also not apply to any Delaware-licensed hospitals. The estate of a licensed chiropractor shall have 1 year to divest of the chiropractic business.

- (e) The Board may impose any of the following sanctions, partially, singly or in combination, when it finds that 1 of the conditions or violations set forth in subsection (b) of this section applies to a practitioner regulated under this chapter:

 - (2) Publicly censure a practitioner;
 - (3) Issue a public letter of reprimand;
 - (4) Place a practitioner on probationary status, and require the practitioner to:
 - a. Report regularly to the Board upon the matters which are the basis for the probation;

An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(i) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensed dentist or dental hygienist may still renew his or her license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date, provided however that such period shall not exceed 1 year. A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 1129 of this title, if, after a hearing, the Board finds that the dentist or dental hygienist:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a dentist or dental hygienist, has impersonated another person holding a license or has allowed another person to use the practitioner's license, or has aided or abetted a person not licensed as a dentist or dental hygienist to represent himself or herself as a dentist or dental hygienist;

(2) Has practiced dentistry or dental hygiene in an incompetent or grossly negligent manner or has otherwise been guilty of misconduct or unprofessional conduct. In addition to such acts or omissions as the Board may define as unprofessional conduct by rules and regulations, unprofessional conduct shall include, but shall not be limited to, practicing in a corporation or other business entity which actually limits or restricts the exercise and application of professional judgment by the dentist or dental hygienist to the detriment of the dentist's or dental hygienist's patients;

(6) Has violated a provision of this chapter or any regulation established thereunder;

(7) Has had the practitioner's license as a dentist or dental hygienist suspended or revoked, or has had other disciplinary action taken against the dentist or dental hygienist by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record, and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts prohibited by this chapter. Every person licensed as a dentist or dental hygienist in this State shall be deemed to have given consent to the release of this information by the Board or other comparable agency in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(8) Has failed to notify the Board that the practitioner's license as a dentist or dental hygienist in another state has been subject to discipline or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof;

(9) Has a physical condition such that the performance of dentistry or dental hygiene is or may be injurious or prejudicial to the public;

(10) Has had the practitioner's United States Drug Enforcement Administration (DEA) privileges restricted or revoked;

(1) Issue a letter of reprimand;

(2) Censure a practitioner;

(3) Place a practitioner on probationary status and require the practitioner to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

(4) Suspend any practitioner's license;

(5) Revoke any practitioner's license;

(6) Impose a monetary penalty not to exceed \$1,000 for each violation;

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) As a condition to reinstatement of a suspended license or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(e) As a condition to reinstatement of a suspended license or removal from probationary status, the Board may reinstate such license if after a hearing the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation and can practice dentistry or dental hygiene with reasonable skill and safety to the public.

(f) Applicants for reinstatement shall pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) The technical rules of evidence shall not apply to hearings before the Board. If the Board finds, by a majority vote of all members hearing the case, that the complaint has been established by a preponderance of evidence, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court.

(b) Every person to whom a license to practice has been issued under this chapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other healthcare provider may be unable to practice with reasonable skill and safety to the public by reason of mental illness or mental incompetence; physical illness; including deterioration through the aging process or loss of motor skill; or excessive abuse of drugs, including alcohol.

(c) Every person to whom a license to practice has been issued under this chapter has a duty to report to the Division of Professional Regulation any information that the reporting person reasonably believes indicates that a person certified and registered to practice medicine in this State is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to patients by reason of mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive use or abuse of drugs, including alcohol.

Subchapter II

False Alarms [For application of this subchapter, see 81 Del. Laws, c. 73, § 7]

§ 1221 Purpose [For application of this section, see 81 Del. Laws, c. 73, § 7].

(a) The purpose of this subchapter is to encourage security alarm system users and security alarm businesses to properly use and maintain the operational effectiveness of security alarm systems in order to improve the reliability of security alarm systems and reduce or eliminate false alarms.

(b) This subchapter governs security alarm systems intended to summon law-enforcement response, requires registration by security alarm system users, establishes a system of administration, and provides for the enforcement of penalties for violations of this section.

(76 Del. Laws, c. 179, § 4; 81 Del. Laws, c. 73, §§ 5, 6.)

§ 1222 Definitions [For application of this section, see 81 Del. Laws, c. 73, § 7].

The following words and phrases, when used in this subchapter, shall have the meaning ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) "Alarm" means a security alarm system signal that is created by the activation of a security alarm system.

(2) "Arming station" means a device that allows control of a security alarm system.

(3) "Automatic voice dialer" means any electrical, electronic, mechanical, or other device capable of being programmed to send a prerecorded voice message, when activated, over a telephone line, radio or other communication system, to a law-enforcement authority, public safety or emergency services agency requesting dispatch.

(4) "Cancellation" means the process where response to a security alarm system dispatch request is terminated when a security alarm business for the security alarm system site notifies the responding law-enforcement agency, prior to arrival at the security alarm system site, that there is not an existing situation at the security alarm system site requiring law-enforcement authority response.

(5) "Conversion" means the transaction or process by which a security alarm business begins the servicing and/or monitoring of a previously unmonitored security alarm system or a security alarm system previously serviced and/or monitored by another security alarm business.

(7) "False alarm" means a security alarm system dispatch request to a law-enforcement authority, when no emergency of actual or threatened criminal activity requiring immediate response exists. This definition includes signals activated by negligence, accident, and mechanical failure; signals activated intentionally in nonemergency situations; and signals for which the actual cause is unknown. There is a rebuttable presumption that an alarm is false if personnel responding from a law-enforcement authority do not discover any evidence of unauthorized entry, criminal activity, or other emergency after following normal police procedures in investigating the incident. An alarm is not false if the security alarm system user proves that:

- a. An individual activated the alarm based on a reasonable belief that an emergency or actual or threatened criminal activity requiring immediate response existed;
 - b. The security alarm system was activated by a violent condition of nature, including but not limited to tornadoes, floods, earthquakes and lightning, or by an electrical surge that caused physical damage to the system, as evidenced by testimony of a licensed security alarm system contractor who has conducted an on-site inspection and personally observed the damage to the system;
 - c. If the security alarm system user experienced a power outage, causing the alarm to activate upon restoration of power, as evidenced by written documentation provided by Delmarva Power or other applicable provider; or,
 - d. Where there has been a cancellation as defined in paragraph (4) of this section.
- (8) “Holdup alarm” means a silent alarm signal generated by the manual activation of a device intended to signal a robbery in progress.
- (9) “Law-enforcement authority” means any authorized representative of a law-enforcement agency.
- (10) “Local security alarm system” means any security alarm system, which is not monitored, that annunciates an alarm only at the security alarm system site.
- (11) “Monitoring” means the process by which a security alarm business receives signals from a security alarm system and relays a security alarm system dispatch request for the purpose of summoning law enforcement to the security alarm system site.
- (12) “Monitoring station” means an office or entity whereby a security alarm business conducts monitoring of security alarm systems for purposes of dispatch and notification. A monitoring station shall provide a toll-free, 24-hour telephone number for use by a responding law-enforcement agency.
- (13) “Panic alarm” means an audible security alarm system signal generated by the manual activation of a device intended to signal a life threatening or emergency situation requiring law-enforcement response.
- (14) “Person” means an individual, corporation, partnership, association, organization, or similar entity.
- (15) “Responder” means an individual capable of reaching the security alarm system site within 30 minutes and having access to the security alarm system site, the code to the security alarm system, and the authority to approve repairs to the security alarm system.
- (16) “Security alarm business” is as defined in § 1201 of this title.
- (17) “Security alarm system” is as defined in § 1201 of this title.
- (18) “Security alarm system administrator” means a person designated by the State with authority to administer, control and review false alarm reduction efforts and administer the provisions of this section.
- (19) “Security alarm system dispatch request” means a notification to a law-enforcement authority that a security alarm system, either manual or automatic, has been activated at a particular security alarm system site.
- (20) “Security alarm system registration” means authorization granted by the security alarm system administrator to a security alarm system user to operate a security alarm system.
- (21) “Security alarm system site” means a single fixed premises or location served by a security alarm system or systems. Each unit, if served by a separate security alarm system in a multi-unit building or complex, shall be considered a separate security alarm system site.
- (22) “Security alarm system user” means any person or entity, which has contracted for monitoring, repair, installation or maintenance services from a security alarm business for a security alarm system, or which owns or operates a security alarm system which is not monitored, maintained or repaired under contract.
- (23) “Takeover” means the transaction or process by which a security alarm system user takes over control of an existing security alarm system, which was previously controlled by another security alarm system user.
- (24) “Verify” means at least 2 attempts by a security alarm business, or its representative, to contact the security alarm system site and/or security alarm system user by telephone and/or other electronic means, whether or not actual contact with a person is made, to determine whether a security alarm system signal is valid before requesting law-enforcement dispatch, in an attempt to avoid an unnecessary security alarm system dispatch request.
- (25) “Zones” means division of devices into which a security alarm system is divided to indicate the general location from which a security alarm system signal is transmitted.
- (76 Del. Laws, c. 179, § 4; 81 Del. Laws, c. 73, §§ 2, 5, 6.)

(5) Any dangerous or special conditions present at the security alarm system site;

(6) The names and addresses of at least 2 individuals who are able to, and have agreed to:

a. Receive notification of a security alarm system activation at any time and who can respond to the security alarm system site and, upon request, gain access to the security alarm system site and deactivate the security alarm system if necessary; or,

b. Receive notification of a security alarm system activation at any time and who has access to the security alarm system user for purposes of deactivating the security alarm system, if necessary.

(d) Any false statement of material fact made by an applicant for the purpose of obtaining a security alarm system registration shall be sufficient cause for refusal to issue a registration.

(e) A security alarm system registration shall not be transferable to another person or security alarm system site. A security alarm system user shall inform the security alarm system administrator of any change that alters any of the information listed on the security alarm system registration application within 5 days of such change.

Every person licensed as an electrician in this State shall be deemed to have given consent to the release of this information by the Board, or other comparable agencies in another jurisdiction, and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

Chapter 16

Adult Entertainment Establishments

Subchapter I

Adult Book Stores and Other Adult Entertainment Establishments

§ 1601 Purpose.

(a) It is the finding of the General Assembly that the health, safety and welfare of the people of the State are imperiled by the increasing incidence of the crimes of obscenity, prostitution and of offenses related thereto. The General Assembly finds that the foregoing crimes are principally facilitated by the widespread abuse of legitimate occupations and establishments, to wit, adult entertainment establishments. It is the further finding of the General Assembly that existing criminal penalties for the foregoing offenses have been rendered ineffective by the active concealment of the identities of the individuals who create, control and promote such businesses; by the failure of these individuals and businesses to exercise adequate control and supervision over the activities of their employees; and by the active promotion of prostitution and obscenity by these individuals and businesses for their own financial gain. It is the additional finding of the General Assembly that the health, safety and welfare of the people of the State are imperiled by the widespread operation of adult-oriented retail businesses without reasonable time, place and manner limitations on such businesses.

(b) To the end of furthering the substantial and compelling interest of the people of this State in being free of the crimes of obscenity, prostitution and its companion offenses, and in order to promote the health, safety and welfare, the General Assembly does hereby act.

Subchapter II

Adult Entertainment Establishments; Public Nuisances

§ 1631 Statement of purpose; findings.

(a) It is hereby found that there are certain commercial premises, buildings, structures or parts thereof which, by reason of the design and use of such premises, buildings or structures are conducive to the spread of communicable disease to persons frequenting such premises, buildings and structures; and also to the public health, safety and welfare. The General Assembly declares that the health, safety and welfare of all persons in this State should be protected through the application and enforcement of standards regulating such premises, buildings and structures, in order to eliminate the possibility of the spread of, or infection by, communicable diseases.

(b) The sexually transmittable disease of Acquired Immune Deficiency Syndrome, currently found to be irreversible and uniformly fatal, is found to be of particular danger to persons who frequent adult entertainment establishments or other premises, when they are in violation of state law. A high incidence of this and other communicable diseases is found to occur in discernable population groups. The risk factors for obtaining or spreading A.I.D.S. are associated with high-risk sexual conduct. The commercial premises, buildings and structures where persons might place themselves at risk of infection from this disease, or from any other communicable disease facilitated by high-risk sexual conduct, should as public policy be regulated and standards for the prevention of the spread of these communicable diseases should be established for the protection of the public health, safety and welfare.

(b) A professional examination issued pursuant to this section must be in the English language, must be comprehensive in character, and must be designed to determine an applicant's fitness to practice medicine. It must cover those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of Doctor of Medicine or Doctor of Osteopathy conferred by approved medical colleges or schools in the United States.

(c) The Board shall include in its rules and regulations the number of times and the conditions under which an applicant who has failed 1 or more professional examinations conducted pursuant to this section may again apply for a certificate to practice medicine under this chapter.

§ 1722 Waiver of professional examination for temporary certification, for hospital or institution staff, for physicians licensed in another jurisdiction, and for physicians passing an alternative exam.

(a) The Board may adopt rules and regulations that waive the professional examination required pursuant to § 1721 of this title for the issuance of a certificate to practice medicine in the following cases:

(1) The applicant for whom the examination is to be waived is licensed, certified, registered, or otherwise legally qualified to practice medicine in another state of the United States or in another jurisdiction, and seeks a temporary certificate to practice medicine for not less than 2 weeks nor more than 3 months for the purpose of taking charge of the practice of a person certified and registered to practice medicine in this State during the person's temporary illness or absence from this State. The Board may, in its discretion, extend a temporary certificate to practice medicine pursuant to this paragraph for an additional 3 months, but not longer. A temporary certificate may be issued pursuant to this paragraph to an applicant by the Board upon the written request of a person certified and registered to practice medicine in this State and upon the payment of a fee established for such purpose by the Division of Professional Regulation. The written request must contain an affirmation that the purpose of the temporary certificate is to allow the applicant to take charge of the practice of a person certified and registered to practice medicine in this State during the person's temporary illness or absence from the State;

(2) The applicant for whom the examination is to be waived:

a. Is employed in this State as an intern, resident, house physician, or fellow in a hospital accredited by the Joint Commission on the Accreditation of Hospitals or by the American Osteopathic Hospital Association; or

b. Is a staff physician employed in a governmental institution in this State and is applying for a certificate to practice medicine for a period of time not to exceed the length of time of employment in the hospital or governmental institution.

A certificate issued pursuant to this paragraph is subject to yearly renewal and restricts the applicant to practice only in the hospital or institution where the applicant is employed;

(3) The applicant for whom the examination is to be waived is licensed, certified, registered, or otherwise legally authorized to practice medicine by competent authority in any other of the United States or in any other jurisdiction approved by the Board.

(b) When a certificate to practice medicine is issued to an applicant pursuant to this section and the applicant registers with the Board and obtains an occupational license pursuant to Chapter 23 of Title 30, the applicant may practice medicine in this State, but only for the time and only under the conditions, if any, specified in the certificate.

The procedure must include payment of an appropriate registration renewal fee; submission of a renewal form provided by the Division; submission of the materials required by § 1720(b)(4), (b)(5), and (g), of this title unless waived pursuant to § 1720(e) of this title; proof that the certified person has met the continuing medical education requirements established by the Board; and the period of time within which a person certified to practice medicine in this State may renew the certified person's registration without penalty, notwithstanding the fact that the person failed to renew the person's registration on or before the renewal date; and the penalty for failure to renew

registration in a timely manner. The procedure must also include evidence of completion of training on the recognition of child sexual and physical abuse, exploitation and domestic violence, and the reporting obligations under the Medical Practice Act and § 903 of Title 16, and any successors thereto, and any other mandatory reporting obligations required by the Board. Such trainings shall be coordinated under §§ 911 and 931(b)(4) of Title 16 to ensure consistent trainings across disciplines.

(d) The Board may establish, by class and not by individual, requirements for continuing education or reexamination, or both, for a person issued a certificate to practice medicine, or issued any authorized document to practice another profession or occupation regulated under this chapter, who is on inactive status and wishes to reactivate that person's status.

(19) Suspension or revocation of a certificate to practice medicine or of the authorizing document to practice another profession or occupation regulated under this chapter, or other disciplinary action taken by the regulatory authority in another state or territory. (1) Mental illness or mental incompetence;

(2) Physical illness, including, but not limited to, deterioration through the aging process or loss of motor skill;

(3) Excessive use or abuse of drugs, including alcohol.

(d) The Board may establish, by class and not by individual, requirements for continuing education and/or reexamination as a condition for renewal of registration and for recertification to practice medicine or other profession or occupation regulated under this chapter, or as a condition to continue to practice medicine or other profession or occupation regulated under this chapter after disciplinary sanctions are imposed or after inability to practice with reasonable skill or safety to patients has been determined.

Laws, c. 340, § 3.)

§ 1731A Duty to report.

(a) Any person may report to the Board information that the reporting person reasonably believes indicates that a person certified and registered to practice medicine in this State is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to patients by reason of mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive use or abuse of drugs, including alcohol. The following have an affirmative duty to report, and must report, such information to the Board in writing within 30 days of becoming aware of the information:

- (1) All persons certified to practice medicine under this chapter;
- (2) All certified, registered, or licensed healthcare providers;
- (3) The Medical Society of Delaware;
- (4) All healthcare institutions in the State;
- (5) All state agencies other than law-enforcement agencies;

(6) All law-enforcement agencies in the State, except that such agencies are required to report only new or pending investigations of alleged criminal conduct specified in § 1731(b)(2) of this title, and are further required to report within 30 days of the close of a criminal investigation or the arrest of a person licensed under this chapter.

(b) If a person certified to practice medicine in this State voluntarily resigns from the staff of a healthcare institution, or voluntarily limits that person's own staff privileges at a healthcare institution, or fails to reapply for hospital or staff privileges at a healthcare institution, the healthcare institution and the person shall promptly report in writing such conduct to the Board if the conduct occurs while the person is under formal or informal investigation by the institution or a committee thereof for any reason related to possible unprofessional conduct or possible inability to practice medicine with reasonable skill or safety to patients by reason of mental illness or mental incompetence; physical illness; or excessive use or abuse of drugs, pursuant to § 1731 of this title.

(c) Upon receiving a report pursuant to subsection (a) or (b) of this section, or on its own motion, the Board shall investigate any evidence which appears to show that the person reported is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to patients by reason of mental illness or mental incompetence; physical illness; or excessive use or abuse of drugs, pursuant to § 1731 of this title.

(d) When an investigation is necessary pursuant to subsection (c) of this section, the Executive Director, with the approval of the assisting Board members who must be or must include a physician and a public member when the investigation relates to the quality of medical care provided by a physician or to the competency of a physician to engage safely in the practice of medicine, has the authority to inquire from any organization which undertakes physician peer review or physician quality assurance evaluations whether or not there has been any peer review, quality assurance, or similar process instituted involving the physician under investigation. The Executive Director may, by subpoena, compel the production of a list of the medical records reviewed during the peer review process, a list of the quality assurance indicators, and/or a list of other issues which were the basis for the peer review, quality assurance, or similar process. The lists produced must identify each item with a unique medical identifier to replace the patient's name and specific identifying information. If necessary, after receiving the lists the Executive Director may, by subpoena, compel the production of the relevant medical records. However, the individual, hospital, organization, or institution shall remove the patient's name and specific identifying information from the records prior to complying with the subpoena. If, after having reviewed the records produced, an assisting physician Board member and an assisting public Board member consider it necessary, the Executive Director may, by subpoena, compel the production of the patient's name. The Board shall take reasonable steps to protect the identity of the patient in so far as such protection does not, in the opinion of the Board, adversely affect the Board's ability to protect the public interest. An individual, hospital, organization, or institution that furnishes information to the Board pursuant to a subpoena issued pursuant to this subchapter with respect to any patient is not solely by reason of furnishing the information liable in damages to any person or subject to any other recourse, civil or criminal.

(e) The Board shall promptly acknowledge all reports received under this section. Individuals or entities reporting under this section must be promptly informed of the Board's final disposition of the reported matters.

(f) Malpractice insurance carriers and insured persons certified to practice medicine in this State shall file with the Board a report of each final judgment, settlement, or award against the insured persons. A person not covered by a malpractice insurance carrier shall also

file a report with the Board. A report required to be filed under this subsection must be made to the Board within 30 days of a final judgment, settlement, or award.

(g) An individual, institution, agency, or organization required to report under this section who does so in good faith is not subject to civil damages or criminal prosecution for reporting.

(h) The Executive Director shall initially review every report made to the Board under this subchapter. The Executive Director may defer the investigation of a report pending a reported licensee's evaluation and treatment for substance abuse or for physical or mental illness, provided sufficient safeguards exist to protect the licensee's patients and the public. Safeguards may include a verifiable, voluntary cessation of the practice of medicine or a limited or monitored practice. Upon completion of the reported licensee's evaluation and treatment, the Executive Director may resume investigation of the report pursuant to the requirements of this chapter. If the Executive Director determines that a deferral is warranted, the case shall be summarized and placed before the Board for its information.

(i) Pursuant to the authority conferred herein and by § 1713 of this title, the Board shall have the authority to impose a fine, not to exceed \$10,000 for the first violation, and not to exceed \$50,000 for any subsequent violation, on any person, any healthcare provider, any healthcare institution, and the Medical Society of Delaware for violation of any duty imposed by this chapter, and said fine shall be imposed pursuant to the procedures of this chapter.

(j) Upon receiving a complaint involving potential criminal conduct, the Board shall promptly report the complaint to appropriate law-enforcement agencies, including the Delaware Department of Justice.

(67 Del. Laws, c. 159, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 102, § 15; 75 Del. Laws, c. 141, § 1; 75 Del. Laws, c. 358, § 2; 77 Del. Laws, c. 319, §§ 7, 8; 77 Del. Laws, c. 321, § 2; 77 Del. Laws, c. 325, §§ 7-9.)

§ 1731B Counseling; letter of concern.

(a) If the Executive Director and the President of the Board, or a member of the Board designated by the President to assist in an investigation concerning a person certified to practice medicine, determine after the investigation that a violation of this chapter or of regulations enacted pursuant to this chapter which warrants formal disciplinary action has not occurred, but that an act or omission of the person is a matter of concern and that the person's practice may be improved if the person is made aware of the concern, the Executive Director, with the concurrence of the President or the assisting Board member, may issue a nondisciplinary, confidential letter of concern regarding the person's act or omission.

(b) If a person certified to practice medicine receives a total of 3 letters of concern and/or letters of counseling pursuant to this section, the Executive Director may reasonably require a formal assessment of professional competency pursuant to § 1732(d) of this title to assess the person's continued ability to protect the health and safety of the person's present or prospective patients.

(70 Del. Laws, c. 144, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 141, § 1; 75 Del. Laws, c. 358, § 3; 77 Del. Laws, c. 325, § 11.)

§ 1732 Investigations of complaints; Executive Director authority.

(a) All complaints of unprofessional conduct, unauthorized practice of medicine, or medical malpractice shall be referred to the Division of Professional Regulation to be investigated. Complaints alleging potential sexual misconduct by a licensee should be afforded priority by the Division. The Division of Professional Regulation shall formulate charges, if circumstances warrant, by bringing a formal complaint against a person to whom a certificate to practice medicine or otherwise licensed or registered in this State has been issued.

(b) The Executive Director shall initiate investigations concerning inability to practice medicine with reasonable skill or safety to patients. The Executive Director with the Board president or the president's designee, shall, after reviewing the results of the investigation, determine whether the person to whom a certificate to practice medicine has been issued is able to practice medicine with reasonable skill and safety to patients, either on a restricted or unrestricted basis. If the Executive Director reasonably believes that a diagnostic mental or physical examination of the person under investigation is necessary, the Executive Director shall order the person to submit to an examination at the person's expense to be conducted by a physician or agency designated by the Executive Director. Every person to whom a certificate to practice medicine has been issued is deemed to have given that person's own consent to submit to a diagnostic mental or physical examination when so directed by the Executive Director, and to have waived all objections to the admissibility of the examination report to the Board. A person who submits to a diagnostic mental or physical examination as ordered by the Executive Director has the right to designate another physician to be present at the examination and to submit an independent report on the examination to the Board.

(c) To assist in an investigation of alleged unprofessional conduct, or medical malpractice, or of inability to practice medicine with reasonable skill or safety to patients, the Executive Director, on behalf of the Board, may, by subpoena, compel the production of necessary patient medical records of and patient medical records reviewed by all hospitals, organizations, and healthcare institutions located in the State and by all quality assurance, peer review, and other similar committees, including the records of the Medical Society of Delaware and its committees. A subpoena issued under this subsection is subject to the subpoena restrictions in § 1731A(d) of this title. The Board shall take reasonable steps to protect the identity of the patient in so far as such protection does not, in the opinion of the Board, adversely affect the Board's ability to protect the public interest.

(d) In addition to or in lieu of a diagnostic evaluation, the Executive Director may require an applicant for or the holder of a certificate to practice medicine, at the applicant or certificate holder's expense, to complete a formal assessment of professional competency if the Executive Director, after consultation with the President of the Board and at least 1 other physician member of the Board, determines

that a formal assessment is warranted to protect the health and safety of present or prospective patients. A formal assessment must be performed by the assessment center established by the Federation of State Medical Boards and the National Board of Medical Examiners, or by another assessment center as the Executive Director directs. A formal assessment may not be required of an applicant or certificate holder by the Executive Director without the written concurrence of the President of the Board and at least 1 other physician member of the Board that the assessment is warranted pursuant to this subsection.

(e) When a complaint is made by a law-enforcement agency or employee thereof and involves allegations of criminal activity, the Division of Professional Regulation and the Executive Director shall suspend any new or pending investigation upon a written request to do so by the Delaware Department of Justice or a federal law-enforcement authority. Such written request shall suspend the duty to investigate pursuant to this section, duty to regularly advise the complainant under § 8735 of Title 29, and any other duties that would interfere with the ability of law enforcement to investigate the allegations successfully. The suspension shall remain in effect until the Delaware Department of Justice or federal law enforcement informs the Executive Director in writing that action by the Division of Professional Regulation will not interfere with a pending law-enforcement investigation.

(a) If the Board determines pursuant to this subchapter that a fine and/or the restriction, suspension, or revocation of a certificate to practice medicine and/or any other disciplinary action or other action is warranted, an order describing the Board's action must be served personally or sent by certified mail, return receipt requested, to the certificate holder. In addition, copies of the order must be filed in the office of the Board, in the Division of Professional Regulation, in the Division of Public Health of the Department of Health and Social Services, and with the Director of Revenue. (b) The Director of Revenue may not issue an occupational license or a license renewal to any person whose certificate to practice medicine has been revoked or suspended by the Board, unless issuance is in conformity with the terms and conditions of the order of revocation or suspension, or in conformity with any order of reinstatement issued by the Board, or in accordance with a final judgment in any proceeding for review instituted under this chapter.

(c) An appeal pursuant to this section is on the record of the Board hearing, without a trial de novo.

(d) A Board action revoking, suspending, or otherwise restricting a person's certificate to practice medicine is not stayed upon appeal unless so ordered by the Superior Court.

(e) A person whose certificate to practice medicine has been suspended or otherwise restricted may, after the expiration of 90 days from the decision of the Superior Court, or of the Supreme Court if the decision of the Superior Court is appealed, or after 90 days from the decision and order of the Board if no appeal is taken, apply to the Board to have the certificate reinstated or reissued for good cause shown.

§ 1738 Temporary suspension pending hearing.

(a) In the event of a formal or informal complaint concerning the activity of a person certified to practice medicine that presents a clear and immediate danger to the public health, the Board may temporarily suspend the person's certificate to practice medicine, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board President or the Board President's designee. An order temporarily suspending a certificate to practice medicine may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney can file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing panel convenes and a decision is rendered.

(b) A person whose certificate to practice medicine has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the person or sent by certified mail, return receipt requested, to the person's last known address.

(c) A person whose certificate to practice medicine has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's certificate to practice medicine.

(d) As soon as possible after the issuance of an order temporarily suspending a person's certificate to practice medicine pending a hearing, the Board shall appoint a 3-member hearing panel consisting of 2 physician members and 1 public member of the Board if practicable. After notice to the person pursuant to subsection (b) of this section, the hearing panel shall convene within 60 days of the date of the issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If the person requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Board. The 3-member panel shall proceed to a hearing in accordance with the procedures set forth in § 1734 of this title and shall render a decision within 30 days of the hearing.

(e) In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board, under § 8735 of Title 29, deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended person requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

§ 1740 Health care facilities reporting requirements.

(a) *Definitions.* — (1) "Direct access" means the opportunity to have personal contact with persons receiving care during the course of one's assigned or professional duties.

(2) "Health care facility" means any custodial or residential facility or other facility where health, nutritional or personal care is provided for persons including nursing homes, assisted living facilities, long-term care facilities, hospitals, health care agencies, birth centers, emergency centers, surgical centers, and adult and child day care facilities. This term also includes any business, professional association, or other business entity where 2 or more physicians practice together.

(3) "Person seeking certification" means any person seeking an initial certificate to practice medicine from the Board of Medical Licensure and Discipline.

(b) *Service letter.* — (1) The Board of Medical Licensure and Discipline shall not issue a certificate to practice medicine without first obtaining 1 or more service letters regarding the applicant, provided that person has previously practiced medicine. The service letter obtained must include a service letter from all health care facilities where that person currently has direct access to patients, and where that person has admitting or staff privileges. In addition, if a person seeking certification had direct access to patients or staff or admitting

privileges at a health care facility within the past 3 years, the Board of Medical Licensure and Discipline shall also obtain a service letter from each such facility. If a person seeking certification has not previously had direct access to patients or was self-employed or 1 or more of the health-care facilities where that person had direct access to patients no longer exists, then the Board must require the person to provide letters of reference from 2 physicians who are familiar with the person, but who are not relatives of the person.

(2) For purposes of this subsection, the required service letter shall be in a form provided by the Board of Medical Licensure and Discipline. Notwithstanding any law or provision to the contrary, the form shall be signed by a responsible physician at the current or previous health care facility and shall contain information about the scope of that person's practice and relationship to the facility, the duration of that relationship, and any reasonably substantiated incidents involving violence, threat of violence, abuse, or neglect by the person seeking certification toward any other person, including any disciplinary action taken as a result of such conduct.

(3) Any health care facility that is required to provide a service letter for the purpose stated above shall obtain a statement signed by the person seeking certification wherein the person authorizes a full release permitting the Board of Medical Licensure and Discipline to obtain any and all information pertaining to the facts of the person's current or previous relationship with the facility.

(4) In addition to the requirements of § 1720 of this title, the Board shall obtain a statement signed by the person seeking certification wherein the person attests that the information provided regarding current and past relationships to health care facilities represent a full and complete disclosure of the person's current and previous contacts with health care facilities. Any person seeking certification who fails to make a full and complete disclosure of such information shall be subject to a civil penalty of \$5,000. Any person who wilfully fails to make a full and complete disclosure shall not be issued a certificate to practice medicine.

(5) Any health care facility receiving the Board's written request for a service letter shall provide the service letter within 10 business days from the day the request is received. Any health care facility that fails to make a full and complete disclosure of information, pursuant to this section and § 1730(b)(1)c. of this title, as required, shall be subject to a civil penalty of \$10,000 for each such violation.

(6) Any health care facility providing information about a person seeking licensure as required by this section shall be immune from claims, suits, liability, damages, or any other recourse, civil or criminal, so long as the person acted in good faith and without gross or wanton negligence; good faith being presumed until proven otherwise, and gross or wanton negligence required to be shown by the complainant.

(7) The requirements of this section shall be in addition to any requirements of § 708 of Title 19.

(8) The Division of Professional Regulation shall investigate and seek civil penalties against persons seeking certification and health care facilities that violate the provision of this section.

(9) Notwithstanding the foregoing, the Board may issue a certificate to practice medicine to an applicant who was employed out of State or country within the past 5 years, where completed service letters have not been received from all health care facilities, provided all other requirements of this chapter are met and provided requests were made to such facilities and the Board determines that all possible efforts were made to obtain the required service letter. Applicants to which this paragraph applies shall obtain letters of reference from 2 qualified physicians who are familiar with the person, who are not relatives of the person.

§ 1741 Complaints of unsanitary or unsafe conditions.

(a) A person certified or licensed under this chapter may be disciplined by the Board for maintaining a facility in an unsanitary or unsafe condition, by means of levying a fine, or by the restriction, suspension, or revocation, either permanent or temporary, of that person's certificate or license, or by other appropriate action, which may include a requirement that a person who is disciplined must complete specified continuing education courses. For purposes of this section, "facility" shall have the same meaning as defined in § 122(3)y.3.C. of Title 16.

(b) The Division shall have the authority to conduct inspections upon receipt of any complaint in connection with subsection (a) of this section or upon the occurrence of an adverse event as defined in § 122(3)y.3.A. of Title 16 and, as applicable, to refer such information to the Department of Health and Social Services pursuant to § 122(3)y. of Title 16. In connection herewith, the Division may share information with the Department of Health and Social Services in accordance with applicable law.

(65 Del. Laws, c. 237, § 1; 67 Del. Laws, c. 156, § 1; 75 Del. Laws, c. 141, § 1; 77 Del. Laws, c. 319, § 1.)

§ 1761 Physician discontinuing business or leaving the State; death of a physician; change of physician and transfer of patient records; patient access to records.

(a) A person certified to practice medicine under this chapter who is discontinuing a medical-practice business in this State or who is leaving this State and who is not transferring patient records to another person certified to practice medicine shall notify that person's patients of record by publishing a notice to that effect in a newspaper of daily circulation in the area where the person practices. The notice must be published at least 1 time per month over a 3-month period in advance of discontinuing the business or leaving the State and must explain how a patient can procure that patient's patient records. All patients of record who have not requested their records 30 days before the person discontinues the medical-practice business or leaves the State must be notified by first class mail by the person to permit that person's patients to procure their records. Any patient records that have not been procured within 7 years after the person discontinues business or leaves the State may be permanently disposed of in a manner that ensures confidentiality of the records.

(b) If a person certified to practice medicine under this chapter dies and has not transferred patient records to another person certified to practice medicine and has not made provisions for a transfer of patient records to occur upon the person's death, a personal representative of the person's estate shall notify the person's patients of record by publishing a notice to that effect in a newspaper of daily circulation in the area where the person practiced. The notice must be published at least 1 time per month over a 3-month period after the person's death and must explain how a former patient can procure the patient's patient records. All former patients who have not requested their records 30 days after such publication must be notified by first class mail by the personal representative of the estate to permit the patients to procure their records. Any patient records that have not been procured within 7 years after the death of the person may be permanently disposed of in a manner that ensures confidentiality of the records.

(c) If a patient changes from the care of 1 person certified to practice medicine to another person certified to practice medicine, the former person shall transfer a copy of the records of the patient to the current person upon the request of either the current person or the patient. The former person may charge for the reasonable expenses of copying the patient's records, according to a payment schedule established by the Board of Medical Licensure and Discipline. The actual cost of postage or shipping may also be charged if the records are mailed. Alternatively, if the patient and current person agree, the former person may forward to the current person a summary of the patient's record, in lieu of transferring the entire record, at no charge to the patient. If a patient changes care from 1 person certified to practice medicine to another and fails to notify the former person, or leaves the care of the former person for a period of 7 years from the last entry date on the patient's record and fails to notify the former person, or fails to request the transfer of records to the current person, then the former person shall maintain the patient's records for a period of 7 years from the last entry date in the patient's medical record, after which time the records may be permanently disposed of in a manner that insures confidentiality of the records.

(d) Patients, on their own behalf, shall have the right to obtain a copy of their medical records from any person certified to practice medicine according to a payment schedule established by the Board of Medical Licensure and Discipline. The actual cost of postage or shipping may also be charged if the records are mailed.

(f) A person certified to practice medicine or the personal representative of the estate of such person who disposes of patient records in accordance with the provisions of this section is not liable for any direct or indirect loss suffered as a result of the disposal of a patient's records.

(g) Any person certified to practice medicine in this State who violates this section may be found by the Board to have committed unprofessional conduct, and any aggrieved patient or the patient's personal representative may bring a civil action for damages or injunctive relief, or both, against the violator.

(h) Charges for copies of such records not susceptible to photostatic reproduction, such as radiology films, models, photographs or fetal monitoring strips shall be the full cost of such reproduction.

(i) Payment of all costs may be required by the provider or its third-party release-of-information service prior to the copies of the records being furnished. This subsection shall not apply to copies of the records requested in order to make or complete an application for a disability benefits program.

(j) The Board of Medical Licensure and Discipline shall review fees yearly.

(k) The actual cost of shipping may also be charged if the copies of the records are mailed or shipped to the requester.

(l) A person certified to practice medicine shall have 45 days from the closure of the record or the assembly of a complete record to fulfill a request for medical records unless a faster response is medically necessary.

(b) The custodian of patient records appointed under this section shall notify the physician's patients of record to that effect by publishing notice in a newspaper of daily circulation in the area where the physician practiced. The notice must be published at least 1 time per month over a 3-month period after the appointment of the custodian and must explain how a patient can procure that patient's records. All patients who have not requested their records 30 days after such publication must be notified by first-class mail by the custodian to permit the patients to procure their records. Any patient records that have not been procured within 7 years after the appointment of the custodian may be permanently disposed of in a manner that ensures confidentiality of the records.

(c) A custodian of patient records appointed under this section who disposes of patient records in accordance with the provisions of this section is not liable for any direct or indirect loss suffered as a result of the disposal of a patient's records.

The Board and its members and employees are not liable in any cause of action arising out of the providing of information, data, reports, or records provided that the person has acted in good faith and without gross or wanton negligence. This section may not be construed to create a privilege or right to refuse to honor a subpoena issued by or on behalf of the Board of Medical Licensure and Discipline pursuant to § 1731A(d) of this title, or issued by the Attorney General pursuant to § 2504(4) of Title 29, nor may it be construed to limit access to records by rights-protection agencies whose access is authorized by federal law. When using an adult staff member to observe the treatment or examination, the adult staff member shall be of the same gender as the patient when practicable. The minor patient may decline the presence of a third person only with consent of a parent, guardian or other caretaker. The minor patient may request private consultation with the person licensed to practice medicine without the presence of a third person after the physical examination. Every hospital and long-term care facility that provides treatment to minors shall develop and implement policies regarding the treatment of minor patients that are consistent with the purposes of this section and will submit those policies for approval by the Department of Health and Social Services. Violations of approved policies will be treated as a violation of this section.

(b) When a minor patient is to be disrobed, partially disrobed or will undergo a physical examination involving the breasts, genitalia or rectum, a person licensed to practice medicine under this chapter shall provide notice to the person providing consent to treatment of the rights under this section. The notice shall be provided in written form or be conspicuously posted in a manner in which minor patients and their parent, guardian or other caretaker are made aware of the notice. In circumstances in which the posting or the provision to the patient of the written notice would not convey the right to have a chaperone present, the person licensed to practice medicine shall use another means to ensure that the patient or person understands the right under this section.

(c) For the purposes of this section, “minor” is defined as a person 15 years of age or younger, “adult staff member” is defined as a person 18 years of age or older who acting under the direction of the licensed person or the employer of the licensed person or who is otherwise licensed under this chapter, “hospital” has the meaning prescribed by Chapter 10 of Title 16, and “long-term care facility” has the meaning prescribed by Chapter 11 of Title 16.

(78 Del. Laws, c. 387, § 1.)

§ 1769D Telemedicine and telehealth.

(a) Physicians may practice telemedicine and telehealth. Provided that telemedicine shall not be utilized by a physician with respect to any patient in the absence of a physician-patient relationship, except for the instances in subsection (k) of this section.

(b) Physicians who utilize telemedicine shall, if such action would otherwise be required in the provision of the same service not delivered via telemedicine, ensure that a proper physician-patient relationship is established either in-person or through telehealth which includes but is not limited to:

- (1) Fully verifying and authenticating the location and, to the extent possible, identifying the requesting patient;
- (2) Disclosing and validating the provider’s identity and applicable credential or credentials;
- (3) Obtaining appropriate consents from requesting patients after disclosures regarding the delivery models and treatment methods or limitations, including informed consents regarding the use of telemedicine technologies as indicated in paragraph (b)(5) of this section;
- (4) Establishing a diagnosis through the use of acceptable medical practices, such as patient history, mental status examination, physical examination (unless not warranted by the patient’s mental condition), and appropriate diagnostic and laboratory testing to establish diagnoses, as well as identify underlying conditions or contra-indications, or both, to treatment recommended or provided;
- (5) Discussing with the patient the diagnosis and the evidence for it, the risks and benefits of various treatment options;
- (6) Ensuring the availability of the distant site provider or coverage of the patient for appropriate follow-up care; and
- (7) Providing a written visit summary to the patient.

(c) Treatment and consultation recommendations made in an online setting, including issuing a prescription via electronic means, will be held to the same standards of appropriate practice as those in traditional (encounter in person) settings.

(d) The physician treating a patient through telemedicine must maintain a complete record of the patient’s care which must follow all applicable state and federal statutes and regulations for recordkeeping, confidentiality, and disclosure to the patient.

(e) Telemedicine shall include, at such time as feasible and when appropriate, utilizing the Delaware Health Information Network (DHIN) in connection with the practice.

(f) Without a prior and proper patient-provider relationship, as provided in subsection (b) of this section, providers are prohibited from issuing prescriptions solely in response to an Internet questionnaire, an Internet consult, or a telephone consult.

(g) Prescriptions made through telemedicine and under a physician-patient relationship may include controlled substances, subject to limitations as set by the Board.

(h) Physicians using telemedicine technologies to provide medical care to patients located in Delaware must, prior to a diagnosis and treatment, either provide:

(1) An appropriate examination in-person;

(2) Have another Delaware-licensed practitioner at the originating site with the patient at the time of the diagnosis;

(3) The diagnosis must be based using both audio and visual communication; or

(4) The service meets standards of establishing a patient-physician relationship included as part of evidenced-based clinical practice guidelines in telemedicine developed by major medical specialty societies.

(i) After a physician-patient relationship is properly established in accordance with this section, subsequent treatment of the same patient with the same physician need not satisfy the limitations of this section.

(j) Nothing in this section shall be construed to limit the practice of radiology or pathology.

(k) Telemedicine may be practiced without a physician-patient relationship during:

(1) Informal consultation performed by a physician outside the context of a contractual relationship and on an irregular or infrequent basis without the expectation or exchange of direct or indirect compensation;

(2) Furnishing of medical assistance by a physician in case of an emergency or disaster if no charge is made for the medical assistance;
or

(3) Episodic consultation by a medical specialist located in another jurisdiction who provides such consultation services on request to a licensed health-care professional.

Subchapter VI

Physician Assistants

§ 1770 The Regulatory Council for Physician Assistants.

(a) The Regulatory Council for Physician Assistants (Council) shall consist of 7 voting members, 1 of whom is a physician member appointed by the Board, 1 of whom is a physician who regularly supervises physician assistants appointed by the Board, and 1 of whom is a pharmacist appointed by the Board of Pharmacy. The remaining 4 members, appointed by the Board, must be practicing physician assistants, subject to the same causes for removal as a physician member of the Board except that the requirement for certification and registration to practice medicine is replaced by licensure as a physician assistant. The Council may elect officers as necessary.

(b) Each Council member shall be appointed for a term of 3 years and may succeed himself or herself for 1 additional 3-year term. A person appointed to fill a vacancy on the Council is entitled to hold office for the remainder of the unexpired term of the former member. Each term of office expires on the date specified in the appointment; however, a member whose term of office has expired remains eligible to serve until replaced by the Board. A person who has never served on the Council may be appointed for 2 consecutive terms, but that person is thereafter ineligible for appointment to the Council except as hereinafter provided. A person who has twice been appointed to the Council or who has served on the Council for 6 years within any 9-year period may not again be appointed until an interim period of at least 1 year has expired since the person last served. The members of the Council are to be compensated at an appropriate and reasonable level as determined by the Division of Professional Regulation and may be reimbursed for meeting-related travel expenses at the State's approved rate. A member serving on the Council may not be an elected officer or a member of the board of directors of any professional association of physician assistants.

(c) The Council, in accordance with the Administrative Procedures Act [Chapter 101 of Title 29], shall promulgate rules and regulations governing the practice of physician assistants, subject to approval of the Board. The Board must approve or disapprove any proposed rule or regulation within 60 days of submission by the Council. If the Board fails to approve or disapprove the proposed rules or regulations within 60 days, the proposed rule or regulation is deemed approved by the Board.

(d) The Council shall meet at least on a quarterly basis and at other such times as license applications are pending. The Council shall evaluate the credentials of all applications for licensure as a physician assistant in this State, in order to determine whether the applicant meets the qualifications for licensure set forth in this chapter. The Council shall present to the Board the names of individuals qualified for licensing, shall review and consider disciplinary complaints and recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations.

(e) The Regulatory Council for Physicians Assistants, by the affirmative vote of 4 of its members and with the approval of the Board within 30 days of the vote, may waive the quarterly meeting requirements of this subchapter.

- (2) “Physician assistant” or “PA” means an individual who:
 - a. Has graduated from a physician assistant or surgeon assistant program which is accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or, prior to 2001, by the Committee on Allied Health Education and Accreditation (CAHEA) of the American Medical Association (AMA), or a successor agency acceptable to and approved by the Board, or has passed the Physician Assistant National Certifying Examination administered by the National Commission on Certification of Physician Assistants prior to 1986;

The constant physical presence of the supervising physician is not required in the supervision of a physician assistant, provided that the supervising physician is readily accessible by some form of electronic communication.
(68 Del. Laws, c. 147, § 2; 68 Del. Laws, c. 345, § 1; 69 Del. Laws, c. 355, §§ 3-5; 71 Del. Laws, c. 102, § 26; 74 Del. Laws, c. 262, § 30A; 75 Del. Laws, c. 141, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1771 Physician’s duties in supervision of a physician assistant.

- (a) A physician who delegates medical acts to a physician assistant is responsible for the physician assistant’s medical acts and must provide adequate supervision. Adequate supervision will depend on the nature of the practice setting and the experience of the physician assistant. It is the obligation of each team of physician(s) and physician assistant(s) to ensure that the physician assistant’s scope of practice is identified, that delegation of medical tasks is appropriate to the physician assistant’s level of competence, that the relationship of, and access to, the supervising physician is defined, and that a process for evaluation of the physician assistant’s performance is established.
- (b) Each physician-physician assistant team, hospital, clinic, medical group, or other healthcare facility shall be responsible for creating a written agreement, which shall be kept on file at the primary location where the physician assistant provides care, describing the information required by subsection (a) of this section. The written agreement shall be made available to the Board or the Council upon request.
- (c) A supervising physician may not delegate a medical act to a physician assistant who, by statute or professional regulation, is prohibited from performing the act.
- (d) A supervising physician may not be involved in patient care in name only.
- (e) A supervising physician may not delegate medical acts to a physician assistant that exceed the physician’s scope of practice.
- (f) A supervising physician may not at any given time supervise more than 4 physician assistants, unless a regulation of the Board increases or decreases the number.
- (g) A physician who supervises a physician assistant in violation of the provisions of this subchapter or of regulations adopted pursuant to this subchapter is subject to disciplinary action by the Board of Medical Licensure and Discipline for permitting the unauthorized practice of medicine.
- (h) Hospitals, clinics, medical groups and other healthcare facilities may employ physician assistants; however, no more than 4 physician assistants may at any given time be employed and supervised for each physician practicing in the same facility unless a regulation of the Board increases or decreases the number.
- (i) If the supervising physician delegates the authority to a physician assistant to treat patients in a setting where the supervising physician is not routinely present the physician must assure that the means and methods of supervision are adequate to assure appropriate patient care. This may include telecommunication, chart review, or other methods of communication and oversight that are appropriate to the care setting and the education and experience of the physician assistant. The supervision plan must be detailed in the practice agreement and made available to the Board or Council upon request. Failure to have a supervision plan or failure to provide quality patient care due to lack of adequate supervision constitutes grounds for discipline.
(75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 319, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1772 Prohibited acts by a physician assistant.

- (a) A physician assistant may not maintain or manage an office separate and apart from the office of the physician assistant’s supervising physician.

- (b) A physician assistant may not engage in diagnosis, prescribe or dispense legend drugs or therapeutics, or practice medicine or surgery or perform refractions in any setting independent of the supervision of a physician who is certified to practice medicine.
 - (c) A physician assistant may not assign a delegated medical act to another individual without the supervising physician's authorization.
 - (d) A physician assistant may not independently bill a patient for services rendered at the request of the supervising physician.
 - (e) Nothing in this chapter may be construed to authorize a physician assistant to practice independent of a supervising physician.
 - (f) Except as otherwise provided in this chapter or in a medical emergency, a physician assistant may not perform any medical act which has not been delegated by a supervising physician.
 - (g) A physician assistant may not practice as a member of any other health profession regulated under this code unless the physician assistant is certified, licensed, registered, or otherwise authorized to practice the other profession.
- (75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1773 Regulation of physician assistants.

- (a) The Council shall adopt rules and regulations which address the following:
 - (1) The licensing of physician assistants to allow:
 - a. The performance of delegated medical acts within the education, training, and experience of physician assistants; and
 - b. The performance of services customary to the practice of the supervising physician;
 - (2) Delegated medical acts provided by physician assistants to include, but not be limited to:
 - a. The performance of complete patient histories and physical examinations;
 - b. The recording of patient progress notes in an outpatient setting;
 - c. The relaying, transcribing, or executing of specific diagnostic or therapeutic orders;
 - d. Medical acts of diagnosis and prescription of therapeutic drugs and treatments which have been delegated by the supervising physician;
 - e. Prescriptive authority for therapeutic drugs and treatments within the scope of physician assistant practice, as delegated by the supervising physician. The physician assistant's prescriptive authority and authority to practice as a physician assistant are subject to biennial renewal upon application to the Physician Assistant Regulatory Council; and
 - f. The use of telemedicine as defined in this chapter and, as further described in regulation, the use of and participation in telehealth.
- (b) (1) The Board, in conjunction with the Regulatory Council for Physician Assistants, shall suspend, revoke, or restrict the license of a physician assistant or take disciplinary action or other action against a physician assistant for engaging in unprofessional conduct as defined in § 1731(b) of this title; or for the inability to render delegated medical acts with reasonable skill or safety to patients because of the physician assistant's physical, mental, or emotional illness or incompetence, including but not limited to: deterioration through the aging process, or loss of motor skills, or excessive use of drugs, including alcohol; or for representing himself or herself as a physician, or for knowingly allowing himself or herself to be represented as a physician; for failing to report in writing to the Board within 30 days of becoming aware of any physician, physician assistant, or healthcare provider who the licensee reasonably believes has engaged in unprofessional conduct as defined in § 1731(b) of this title or is unable to act with reasonable skill or safety to patients because of the physician's, physician assistant's, or other healthcare provider's physical, mental, or emotional illness or incompetence, including but not limited to deterioration through the aging process, or loss of motor skills, or excessive use of drugs, including alcohol for failing to report child abuse and neglect as required by § 903 of Title 16. The license of any physician assistant who is convicted of a felony sexual offense shall be revoked. Disciplinary action or other action undertaken against a physician assistant must be in accordance with the procedures, including appeal procedures, applicable to disciplinary actions against physicians pursuant to subchapter IV of this chapter, except that a hearing panel for a complaint against a physician assistant consists of 3 unbiased members of the Regulatory Council, the 3 members being 2 physician assistant members and 1 physician or pharmacist member if practicable.

A person reporting or testifying in any proceeding as a result of making a report pursuant to this section is immune from claim, suit, liability, damages, or any other recourse, civil or criminal, so long as the person acted in good faith and without gross or wanton negligence; good faith being presumed until proven otherwise, and gross or wanton negligence required to be shown by the complainant.
- (2) a. If the Board or the Regulatory Council for Physician Assistants receives a formal or informal complaint concerning the activity of a physician assistant and the Regulatory Council members reasonably believe that the activity presents a clear and immediate danger to the public health, the Regulatory Council may issue an order temporarily suspending the physician assistant's license to practice pending a hearing upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Council Chair or the Chair's designee. An order temporarily suspending a license to practice may not be issued by the Council unless the physician assistant or the physician assistant's attorney received at least 24 hours' written or oral notice prior to the temporary suspension so that the physician assistant or the physician assistant's attorney can be heard in opposition to the proposed suspension. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended physician assistant requests a continuance of the hearing date. If the physician assistant requests a continuance, the order of temporary suspension remains in effect until the hearing panel convenes and a decision is rendered.

b. A physician assistant whose license to practice has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the physician assistant or sent by certified mail, return receipt requested, to the physician assistant's last known address.

c. A physician assistant whose license to practice has been temporarily suspended pursuant to this section may request an expedited hearing. The Council shall schedule the hearing on an expedited basis, provided that the Council receives the request within 5 calendar days from the date on which the physician assistant received notification of the decision of the Council, with the approval of the Board, to temporarily suspend the physician assistant's license to practice.

d. As soon as possible after the issuance of an order temporarily suspending a physician assistant's license to practice pending a hearing, the Executive Director shall appoint a 3-member hearing panel. After notice to the physician assistant pursuant to subsection (b) of this section, the hearing panel shall convene within 60 days of the date of the issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If the physician assistant requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Council. The 3-member panel shall proceed to a hearing and shall render a decision within 30 days of the hearing.

e. In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended physician assistant requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

§ 1773A Participation in disaster or emergency care.

(a) A physician assistant licensed in this State or licensed or authorized to practice in any other U.S. jurisdiction or credentialed as a physician assistant by a federal employer who is responding to a need for medical care created by an emergency or a state or local disaster (excluding an emergency which occurs in that person's place of employment or practice) may render such care that he or she is able to provide without supervision pursuant to § 1770A of this title or with such supervision as is available.

(b) Any physician who supervises a physician assistant providing medical care in response to such an emergency or state or local disaster shall not be required to meet the requirements set forth in this subchapter for a supervising physician.

(c) A person licensed as a physician assistant under this chapter who, in good faith and without gross or wanton negligence, renders emergency care at the scene of an emergency, excluding an emergency which occurs in that person's place of employment or practice, shall not be liable for civil damages as a result of any acts or omissions in rendering the emergency care.

(78 Del. Laws, c. 387, § 2; 70 Del. Laws, c. 186, § 1.)

§ 1774 Temporary licensing of physician assistants.

(a) Notwithstanding any provision of this subchapter to the contrary, the Executive Director, with the approval of a Council member, may grant a temporary license to an individual who has graduated from a physician or surgeon assistant program which has been accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or, prior to 2001, by the Committee on Allied Health Education and Accreditation (CAHEA) of the American Medical Association (AMA) or a successor agency and who otherwise meets the qualifications for licensure but who has not yet taken a national certifying examination, provided that the individual is registered to take and takes the next scheduled national certifying examination. A temporary license granted pursuant to this subsection is valid until the results of the examination are available from the certifying agency. If the individual fails to pass the national certifying examination, the temporary license granted pursuant to this subsection must be immediately rescinded until the individual successfully qualifies for licensure pursuant to this subchapter.

(b) An individual who is temporarily licensed pursuant to this section may not have a prescriptive practice and may not perform delegated medical acts except in the physical presence of the individual's supervising physician.

(75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 387, § 2; 81 Del. Laws, c. 97, § 9.)

§ 1774A Fees set by Board.

The Division of Professional Regulation shall establish fees for licensing physician assistants, for renewing licenses on a biennial basis, and for other regulatory purposes. The fees must approximate the costs reasonably necessary to defray the actual expenses of the Board and the regulatory council, as well as the proportional expenses incurred by the Division in administering the issuance and renewal of licenses, and other regulation of physician assistants.

(75 Del. Laws, c. 141, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1774B Prohibited acts; penalties; enforcement.

(a) A person may not practice as a physician assistant in this State or represent that the person is a physician assistant or knowingly allow himself or herself to be represented as a physician assistant unless the person is licensed under this subchapter, except as otherwise provided in this chapter.

(b) A person who, contrary to the provisions of this subchapter, practices or attempts to practice as a physician assistant within the State or represents that the person is a physician assistant or knowingly allows himself or herself to be represented as a physician assistant shall be fined not less than \$500 nor more than \$2,000 or imprisoned not more than 1 year, or both.

(c) The Attorney General of this State or a deputy attorney general shall enforce the provisions of this subchapter.

(75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1774C Procedure or action not prescribed.

This subchapter governs the practice of physician assistants. If a procedure or action is not specifically prescribed in this subchapter, but is prescribed in the subchapters relating to the practice of medicine, and the procedure or action would be useful or necessary for the regulation of physician assistants, the Board or Council may, in its discretion, proceed in a manner prescribed for physicians in the practice of medicine.

(75 Del. Laws, c. 141, § 1; 78 Del. Laws, c. 387, § 2.)

§ 1774D Inactive license; return to clinical practice.

(a) Any physician assistant who notifies the Board in writing on forms prescribed by the Board may elect to place his or her license on inactive status. A physician assistant whose license is inactive shall be excused from payment of renewal fees and shall not practice as a physician assistant. Any licensee who engages in practice while his or her license is inactive shall be considered to be practicing without a license, which shall be grounds for discipline under § 1774B of this title. A physician assistant whose license has been inactive for 3 years or less may reactivate the license by paying the renewal fee pursuant to § 1774A of this title and meeting the requirements for ordinary license renewal as determined by the Board.

(b) If a physician assistant whose license has been on inactive status for in excess of 3 years and who has not practiced as a physician assistant in any jurisdiction of the United States for over 3 years requests to reactivate his or her license, the Board may grant a re-entry license and may, after consultation with the Council, impose additional practice and supervision requirements for the re-entry license. A re-entry license granted under this subsection shall be valid for no longer than 6 months and may be renewed only once at the Board's discretion.

In the month immediately preceding the month during which the re-entry license will expire, a physician assistant may apply to the Board for a full license as a physician assistant. The Board shall grant a full license to a physician assistant who meets all qualifications for licensure and whom the Board determines is qualified to practice. If the Board determines that a physician assistant is still not qualified to receive a full license at the conclusion of the re-entry license period, the Board may only once renew the re-entry license. If the Board elects to renew a re-entry license instead of issuing a full license, the Board shall provide to the physician assistant a written explanation for that decision when issuing the renewed re-entry license.

Additional practice requirements that the Board may choose to impose as a condition of a re-entry license may include:

- (1) Requiring the supervising physician to be physically on-site while the physician assistant is practicing;
- (2) Requiring the supervising physician to review and countersign a portion of patient charts for patients seen by the physician assistant;
- (3) Requiring the physician assistant to possess current certification from the NCCPA;
- (4) Requiring the physician assistant to take a review course or to complete a specified amount of Category 1 CME, as determined by the Council and agreed upon by the Board as appropriate; and
- (5) Requiring documentation of a specific minimum number of clinical practice hours performed under the re-entry license.

(c) The above subsection (b) of this section shall also apply to a physician assistant who has not placed his or her license on inactive status in this State but who has previously practiced as a physician assistant in another jurisdiction of the United States and has not actively engaged in clinical practice for a period in excess of 3 years immediately prior to applying for a license under this subchapter.

(78 Del. Laws, c. 387, § 2; 70 Del. Laws, c. 186, § 1.)

Subchapter VII

Respiratory Care Practitioners

§ 1775 Respiratory Care Advisory Council.

(a) The Respiratory Care Advisory Council (Council) consists of 7 members, 1 of whom is a physician member of the Board of Medical Licensure and Discipline. The remaining 6 council members are individuals trained in respiratory care who have been licensed and primarily employed in the practice of respiratory care in this State for at least 2 of the 3 years immediately prior to appointment. The Council may elect officers as necessary.

(b) Each Council member is appointed by the Board for a term of 3 years, and may succeed himself or herself for 1 additional 3-year term. A person appointed to fill a vacancy on the Council is entitled to hold office for the remainder of the unexpired term of the former member. Each term of office expires on the date specified in the appointment; however, a Council member whose term of office has expired remains eligible to participate in Council proceedings until replaced by the Board. A person who has never served on the Council may be appointed to the Council for 2 consecutive terms, but the person is thereafter ineligible for appointment to the Council except as hereinafter provided. A person who has been twice appointed to the Council or who has served on the Board for 6 years within any 9-year period may not again be appointed to the Council until an interim period of at least 1 year has expired since the person last served. A member serving on the Council may not be an elected officer or a member of the board of directors of any professional association of respiratory care practitioners.

(c) The Council shall promulgate rules and regulations governing the practice of respiratory care, after public hearing and subject to the approval of the Board of Medical Licensure and Discipline. The Board must approve or reject within 60 days proposed rules or regulations submitted to it by the Council. If the Board fails to approve or reject the proposed rules or regulations within 60 days, the proposed rules or regulations are deemed to be approved by the Board.

(d) The Council shall meet quarterly, and at such other times as license applications are pending. The Council shall, from time to time, present to the Board the names of individuals qualified to be licensed or qualified to receive temporary licenses, and shall recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations.

(75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 77 Del. Laws, c. 319, § 1; 81 Del. Laws, c. 97, § 10.)

§ 1776 Respiratory care practitioners.

(a) As used in this subchapter:

(1) “Respiratory care” means the allied health profession, under the direction of a person certified to practice medicine, which is responsible for direct and indirect services in the treatment, management, diagnostic testing, control, and care of patients with deficiencies and abnormalities associated with the cardiopulmonary system. Respiratory care includes inhalation therapy and respiratory therapy.

(2) “Respiratory care practitioner” or “RCP” means an individual who practices respiratory care in accord with the requirements of this subchapter;

(b) A respiratory care practitioner works under the general supervision of a person certified to practice medicine, whether by direct observation and monitoring, by protocols approved by a person certified to practice medicine, or by orders written or verbally given by a person certified to practice medicine. A respiratory care practitioner may evaluate patients and make decisions within parameters defined by a person certified to practice medicine and by the Board of Medical Licensure and Discipline. The work performed by a respiratory care practitioner includes, but is not limited to:

- (1) Collecting samples of blood, secretions, gases, and body fluids for respiratory evaluations;
- (2) Measuring cardiorespiratory volumes, flows, and pressures;
- (3) Administering pharmacological agents, aerosols, and medical gases via the respiratory route;
- (4) Inserting and maintaining airways, natural or artificial, for the flow of respiratory gases;
- (5) Controlling the environment and ventilatory support systems such as hyperbaric chambers and ventilators;
- (6) Resuscitating individuals with cardiorespiratory failure;
- (7) Maintaining bronchopulmonary hygiene;
- (8) Researching and developing protocols in respiratory disorders;
- (9) Performing pulmonary function studies; and
- (10) The use of telemedicine as defined in this chapter and, as further described in regulation, the use of and participation in telehealth.

(c) Nothing in this subchapter is intended to limit, preclude, or otherwise interfere with the professional activities of other individuals and healthcare providers formally trained and licensed by the State.

(d) An individual who is licensed pursuant to this subchapter, who is not being investigated or sanctioned in relation to unprofessional conduct or physical, mental, emotional, or other impairment, and who has passed an examination that includes the subject matter of 1 or more of the professional activities included in subsection (b) of this section may not be prohibited from performing those professional activities passed in the examination, provided that the testing body that administered the examination is approved by the Board.

(70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 203, § 1; 72 Del. Laws, c. 171, § 1; 74 Del. Laws, c. 262, § 30B; 75 Del. Laws, c. 141, § 1; 77 Del. Laws, c. 319, § 1; 80 Del. Laws, c. 80, § 5.)

§ 1777 Licensure.

(a) The requirements for licensure by the Board as a respiratory care practitioner are:

(1) The applicant must successfully complete a national qualifying examination with a passing grade that leads to a credential conferred by the National Board for Respiratory Care, Inc. (NBRC), or its successor organization, as a certified respiratory therapist (CRT) and/or as a registered respiratory therapist (RRT); or

(2) The applicant must possess a current license in a state which has licensing requirements equal to or exceeding the requirements of this subchapter, and there may not be any outstanding or unresolved complaints pending against the applicant;

(3) The applicant:

a. May not have been assessed any administrative penalties regarding the applicant's practice of respiratory care, including but not limited to fines, formal reprimands, license suspension or revocation (except for license suspension or revocation for nonpayment of license renewal fees), and probationary limitations; and

b. May not have entered into a consent agreement which contains conditions placed by a Board or other authority on the applicant's professional conduct or practice, including the voluntary surrender of the applicant's license while under investigation for misconduct.

However, the Board may, after a hearing, waive the requirement of paragraph (a)(3)a. of this section if the administrative penalty prevents the issuance of a license;

(4) The applicant may not have an impairment related to the current use of drugs or alcohol which substantially impairs the practice of respiratory care with reasonable skill and safety;

(5) The applicant may not have been convicted of or may not have admitted under oath to having committed a crime substantially related to the practice of respiratory care. "Substantially related" means that the nature of the criminal conduct for which the person was convicted or to which the person admitted under oath has a direct bearing on the person's fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the practice of respiratory care. The Board shall promulgate regulations specifically identifying the crimes which are substantially related to the practice of respiratory care;

(6) The applicant may not have a criminal conviction record or a pending criminal charge relating to an offense, the circumstances of which substantially relate to or affect the practice of respiratory care. An applicant who has a criminal conviction record or a pending criminal charge must arrange for information about the record or charge to be provided directly to the Board by the appropriate authorities in sufficient specificity to enable the Board to make a determination of whether the record or charge is substantially related to or affects the practice of respiratory care.

(b) *Waiver of requirements.* — The Respiratory Care Advisory Council, by the affirmative vote of 5 of its members and with the approval of the Board within 30 days of the vote, may waive any of the requirements of subsection (a) of this section if its finds all of the following by clear and convincing evidence:

(1) The applicant's education, training, qualifications, and conduct have been sufficient to overcome the deficiency or deficiencies in meeting the requirements of this section;

(2) The applicant is capable of practicing respiratory care in a competent and professional manner;

(3) The granting of the waiver will not endanger the public health, safety, or welfare;

(4) For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service; and

(5) For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(c) *License denial.* — If it appears to the Board that an applicant has been intentionally fraudulent or that an applicant has intentionally submitted, or intentionally caused to be submitted, false information as part of the application process, the Board may not issue a license to the applicant and must report the incident of fraud or submitting false information to the Office of the Attorney General for further action.

(d) *Temporary license.* — The Executive Director of the Board, with the approval of a member of the Council, may issue a temporary permit to an applicant for licensure who has presented a completed application to the Board. A temporary permit issued under this paragraph is valid for a period of not more than 90 days and may not be renewed. Only 1 temporary permit may be issued under this paragraph.

(e) *License suspension, revocation, or nonrenewal.* — (1) The Council, after appropriate notice and hearing, may recommend to the Board of Medical Licensure and Discipline that the Board revoke, suspend, or refuse to issue a license, or place the licensee on probation, or otherwise discipline a licensee found guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, fraud, deceit, incompetence, gross negligence, dishonesty, or other behavior in the licensee's professional activity which is likely to endanger the public health, safety, or welfare. The Council and Board may take necessary action against a respiratory care practitioner who is unable to render respiratory care services with reasonable skill or safety to patients because of mental illness or mental incompetence, physical illness, or the excessive use of drugs, including alcohol. Disciplinary action or other action taken against a respiratory care practitioner must be in accordance with the procedures for disciplinary and other actions against physicians, including appeals as set forth in subchapter IV of this chapter, except that a hearing panel for a complaint against a respiratory care practitioner consists of 3 unbiased members of the Regulatory Council, the 3 members being the chair of Council and 2 other members, if practicable.

(2) a. If the Board or the Respiratory Care Advisory Council receives a formal or informal complaint concerning the activity of a respiratory care practitioner and the Council members reasonably believe that the activity presents a clear and immediate danger to

the public health, the Council may issue an order temporarily suspending the respiratory care practitioner's license to practice pending a hearing upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of this Council Chair or the Chair's designee. An order temporarily suspending a license to practice may not be issued by the Council unless the respiratory care practitioner or the respiratory care practitioner's attorney received at least 24 hours' written or oral notice prior to the temporary suspension so that the respiratory care practitioner or the respiratory care practitioner's attorney can be heard in opposition to the proposed suspension. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended respiratory care practitioner requests a continuance of the hearing date. If the respiratory care practitioner requests a continuance, the order of temporary suspension remains in effect until the hearing panel convenes and a decision is rendered.

b. A respiratory care practitioner whose license to practice has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the respiratory care practitioner or sent by certified mail, return receipt requested, to the respiratory care practitioner's last known address.

c. A respiratory care practitioner whose license to practice has been temporarily suspended pursuant to this section may request an expedited hearing. The Council shall schedule the hearing on an expedited basis, provided that the Council receives the request within 5 calendar days from the date on which the respiratory care practitioner received notification of the decision of the Council, with the approval of the Board, to temporarily suspend the respiratory care practitioner's license to practice.

d. As soon as possible after the issuance of an order temporarily suspending a respiratory care practitioner's license to practice pending a hearing, the Council President shall appoint a 3-member hearing panel. After notice to the respiratory care practitioner pursuant to paragraph (e)(2)b. of this section, the hearing panel shall convene within 60 days of the date of the issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If the respiratory care practitioner requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Council. The 3-member panel shall proceed to a hearing and shall render a decision within 30 days of the hearing.

e. In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended respiratory care practitioner requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

§ 1777A Procedure or action not prescribed.

This subchapter governs the practice of respiratory care practitioners. If a procedure or action is not specifically prescribed in this subchapter, but is prescribed in the subchapters relating to the practice of medicine, and the procedure or action would be useful or necessary for the regulation of respiratory care practitioners, the Board may, in its discretion, proceed in a manner prescribed for physicians in the practice of medicine.

(75 Del. Laws, c. 141, § 1.)

§ 1778 Fees; license renewal.

The Division of Professional Regulation shall establish reasonable fees for licensing respiratory care practitioners and for biennial license renewal. A licensee, when renewing a license, shall provide documentation of continuing education related to respiratory care pursuant to the continuing education requirements for respiratory care practitioners established by the Advisory Council.

(75 Del. Laws, c. 141, § 1.)

§ 1779 Prohibited acts; penalties; enforcement.

(a) A person may not practice respiratory care in this State or represent that the person is a respiratory care practitioner or knowingly allow himself or herself to be represented as a respiratory care practitioner unless the person is licensed under this subchapter, except as otherwise provided in this chapter.

(b) A person who, contrary to the provisions of this subchapter, practices or attempts to practice respiratory care within the State or represents that the person is a respiratory care practitioner or knowingly allows himself or herself to be represented as a respiratory care practitioner shall be fined not less than \$500 nor more than \$2,000 or imprisoned not more than 1 year, or both.

(c) The Office of the Attorney General is charged with the enforcement of this subchapter.

(d) Notwithstanding the provisions of subsection (a) of this section, a respiratory therapist having a current license issued in another state or the District of Columbia may provide respiratory care within their scope of practice in connection with the interstate transport of a patient without obtaining a license to practice respiratory care in this State. This exemption is limited to the immediate transport need.

(75 Del. Laws, c. 141, § 1; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 130, § 1.)

§ 1779A Duty to report conduct that constitutes grounds for discipline or inability to practice.

(a) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other health-care provider has engaged in or is engaging in conduct that would constitute grounds for disciplinary action under this chapter or the other health-care provider's licensing statute.

(b) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other health-care provider may be unable to practice with reasonable skill and safety to the public by reason of: mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive abuse of drugs, including alcohol.

(c) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation any information that the reporting person reasonably believes indicates that a person certified and registered to practice medicine in this State is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to clients by reason of: mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive use or abuse of drugs, including alcohol.

(d) All reports required under subsections (a), (b) and (c) of this section must be filed within 30 days of becoming aware of such information. A person reporting or testifying in any proceeding as a result of making a report pursuant to this section is immune from claim, suit, liability, damages, or any other recourse, civil or criminal, so long as the person acted in good faith and without gross or wanton negligence; good faith being presumed until proven otherwise, and gross or wanton negligence required to be shown by the complainant.

Subchapter VIII Parental Notice of Abortion Act

§ 1780 Short title.

This subchapter shall be known and may be cited as the "Parental Notice of Abortion Act."

(70 Del. Laws, c. 238, § 1.)

§ 1781 Legislative purpose and findings.

(a) The General Assembly of the State finds as fact that:

(1) Immature minors often lack the ability to make fully informed choices that take into account both immediate and long-range consequences;

(2) The physical, emotional, and psychological consequences of teen pregnancy are serious and can be lasting, particularly when the patient is immature;

(3) The capacity to become pregnant and the capacity for mature judgment concerning how to choose among the alternatives for managing that pregnancy are not necessarily related;

(4) Parents ordinarily possess information essential to enable a physician to exercise the physician's best medical judgment concerning the child;

(5) Parents who are aware that their minor daughter has had an abortion can ensure that she receives adequate medical attention after the abortion;

(6) Parental consultation is usually desirable and in the best interest of their minor children and parents ordinarily act in the best interest of their minor children; and

(7) Parental involvement legislation enacted in other states has been shown to have significant impact in reducing abortion, birth and pregnancy rates among minors.

(b) It is the intent of the General Assembly of the State in enacting this parental notice provision to further the important and compelling State interests of:

(1) Protecting minors against their own immaturity;

(2) Fostering the family structure and preserving it as a viable social unit;

(3) Protecting the rights of parents to rear children who are members of their household; and

(4) Protecting the health and safety of minor children.

(70 Del. Laws, c. 238, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1782 Definitions.

For purposes of this subchapter, the following definitions will apply.

(1) "Abortion" means the use of any instrument, medicine, drug or any other substance or device to terminate the pregnancy of a woman known to be pregnant, with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove a dead fetus.

(2) "Coercion" means restraining or dominating the choice of a minor female by force, threat of force, or deprivation of food and shelter.

(3) "Emancipated minor" means any minor female who is or has been married or has, by court order or otherwise, been freed from the care, custody and control of her parents or any other legal guardian.

(4) "Licensed mental health professional" means a person licensed under the Division of Professional Regulation of the State as a:

(a) Psychiatrist;

(b) Psychologist; or

(c) Licensed professional counselor of mental health.

(5) "Medical emergency" means that condition which, on the basis of the physician or other medically authorized person's good faith clinical judgment, so complicates the medical condition of the pregnant minor as to necessitate the immediate abortion of her pregnancy to avert her death or for which delay will create serious risk of substantial and irreversible impairment of a major bodily function.

(6) "Minor" means a female person under the age of 16.

(70 Del. Laws, c. 238, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1783 Notice required.

No physician or other medically authorized person shall perform an abortion upon an unemancipated minor until complying with the following notification provisions:

(1) No physician or other medically authorized person shall perform an abortion upon an unemancipated minor unless the physician, medically authorized person, or an agent of the physician or of the medically authorized person has given at least 24 hours actual notice to one or both parents (either custodial or noncustodial), a grandparent, a licensed mental health professional (who shall not be an employee or under contract to an abortion provider except employees or contractors of an acute care hospital) or to the legal guardian of the pregnant minor of the intention to perform the abortion, or unless the physician, medically authorized person, or an agent of the physician or of the medically authorized person has received a written statement or oral communication from another physician or medically authorized person, hereinafter called the "referring physician or medically authorized person," certifying that the referring physician or medically authorized person has given such notice. If the person contacted pursuant to this subsection is not the parent or guardian, the person so contacted must explain to the minor the options available to her include adoption, abortion and full-term pregnancy, and must agree that it is in the best interest of the minor that a waiver of the parental notice requirement be granted. Any licensed mental health professional so contacted shall certify that the professional has performed an assessment of the specific factors and circumstances of the minor subject to the evaluation including but not limited to the age and family circumstances of the minor and the long-term and short-term consequences to the minor of termination or continuation of the pregnancy.

a. No physician or other abortion provider shall charge a referral fee to a person authorized under this section to receive notice; nor shall a person authorized under this section to receive notice charge a referral fee to a physician or other abortion provider.

b. Nothing in this section shall affect the obligations of a person pursuant to other provisions of this Code to report instances of child abuse to the appropriate government agencies.

(2) A minor may petition the Family Court ("Court") of any county of this State for a waiver of the notice requirement of this section pursuant to the procedures of § 1784 of this title. A physician who has received a copy of a court order granting a waiver application under § 1784 of this title shall not, at any time, give notice of the minor's abortion to any person without the minor's written permission.

(70 Del. Laws, c. 238, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1784 Application for waiver of parental notice requirement; grounds; timeliness of decision; notice of decision; appeals; costs.

(a) The Court shall consider waiving the notice requirement of § 1783 of this title upon the proper application of a minor. The application shall be in writing, signed by the minor, and verified by her oath or affirmation before a person authorized to perform notarial acts. It shall designate:

(1) The minor's name and residence address;

(2) A mailing address where the Court's order may be sent and a telephone number where messages for the minor may be left;

(3) That the minor is pregnant;

(4) That the minor desires to obtain an abortion;

(5) Each person for whom the notice requirement is sought to be waived; and

(6) The particular facts and circumstances which indicate that the minor is mature and well-informed enough to make the abortion decision on her own and/or that it is in the best interest of the minor that notification pursuant to § 1783 of this title be waived.

(b) The Court, by a judge, shall grant the written application for a waiver if the facts recited in the application establish that the minor is mature and well-informed enough to make the abortion decision on her own or that it is in the best interest of the minor that notification pursuant to § 1783 of this title be waived. The Court shall presume that married parents not separated and grandparents are complete confidants, such that, on application to waive the notice requirement as to either, grounds to waive the notice requirement as to one parent or grandparent shall constitute grounds to waive the notice requirement as to the spouse thereof.

(c) If the Court fails to rule within 5 calendar days of the time of the filing of the written application, the application shall be deemed granted; in which case, on the sixth day, the Court shall issue an order stating that the application is deemed granted.

(d) The Court shall mail 3 copies of any order to the mailing address identified in the application on the day the order issues, shall attempt to notify the minor by telephone on the day the order issues, and if so requested, shall make copies of the order available at Court chambers for the minor.

(e) An expedited appeal to the Supreme Court shall be available to any minor whose petition is denied by a judge of the Family Court. Notice of intent to appeal shall be given within 2 days of the receipt of actual notice of the denial of the petition. Subchapter X

Acupuncture and Eastern Medicine Practitioners

§ 1796 Acupuncture Advisory Council.

(a) The Acupuncture Advisory Council (Council) consists of 5 voting members, and 1 ex officio member. The 5 voting members shall consist of 1 physician member of the Board of Medical Licensure and Discipline who possesses knowledge of acupuncture and 4 Council members licensed and trained in acupuncture or acupuncture and eastern medicine who have been primarily employed in the practice of acupuncture or acupuncture and eastern medicine in this State for at least 3 years immediately prior to appointment. The ex officio member shall be a Delaware physician who has expertise in acupuncture or acupuncture and eastern medicine. The Council may elect officers as necessary.

(b) Each Council member is appointed by the Board of Medical Licensure and Discipline for a term of 3 years, and may succeed himself or herself for 1 additional 3-year term. A person appointed to fill a vacancy on the Council is entitled to hold office for the remainder of the unexpired term of the former member. Each term of office expires on the date specified in the appointment; however, a Council member whose term of office has expired remains eligible to participate in Council proceedings until replaced by the Board. A person who has never served on the Council may be appointed to the Council for 2 consecutive terms, but the person is thereafter ineligible for

appointment to the Council except as hereinafter provided. A person who has been twice appointed to the Council or who has served on the Council for 6 years within any 9-year period may not again be appointed to the Council until an interim period of at least 1 year has expired since the person last served. A member, other than the ex officio member, serving on the Council may not be an elected officer or a member of the board of directors of any professional association of acupuncture practitioners. The members of the Council are compensated at an appropriate and reasonable level as determined by the Division and may be reimbursed for meeting-related travel expenses at the State's current approved rate.

(c) The Council shall promulgate rules and regulations governing the practice of acupuncture and eastern medicine, after public hearing and subject to the approval of the Board of Medical Licensure and Discipline. The Board must approve or reject within a reasonable amount of time proposed rules or regulations submitted to it by the Council.

(d) The Council shall meet quarterly, and at such other times as license applications are pending. The Council shall present to the Board the names of individuals qualified to be licensed and shall recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations. The Board shall approve or reject these recommendations within a reasonable time period.

§ 1797 Acupuncture practitioners.

(a) As used in this subchapter:

(1) "Acupuncture" is the stimulation of points on the body by the insertion and manipulation of acupuncture needles using both traditional and modern scientific methods of evaluation and point selection. It also refers to a form of health care, based on a theory of energetic physiology that describes and explains the interrelationship of the body organs or functions with an associated acupuncture point or combination of points located on "channels" or "meridians". Acupuncture points shall include the classical points defined in authoritative acupuncture texts and special groupings of acupuncture points elicited using generally accepted diagnostic techniques of eastern medicine and selected for stimulation in accord with its principles and practices. Acupuncture points are stimulated in order to restore the normal function of the aforementioned organs or sets of functions. Acupuncture shall also include the ancillary techniques of eastern medicine including moxibustion, acupressure or other forms of manual meridian therapy and recommendations that include eastern dietary therapy, supplements and lifestyle modifications.

(2) "Board" means the Board of Medical Licensure and Discipline.

(3) "Council" means the Acupuncture Advisory Council.

(4) "Eastern medicine" means the practice of acupuncture, Chinese herbology and Asian bodywork therapy as part of a comprehensive health-care system encompassing a variety of traditional health-care therapies that have been used for more than 3,000 years to diagnose and treat illness, prevent disease and improve well-being.

(5) "License" means, unless the context requires otherwise, a license issued by the Board to practice acupuncture.

(6) a. "Practice of acupuncture" means the use of needles with or without electrical stimulation for the purpose of normalizing energetic physiological functions including pain control, and for the promotion, maintenance, and restoration of health.

b. Needles used in the practice of acupuncture shall only be pre-packaged, single use, sterile acupuncture needles. These needles shall only be used on an individual patient in a single treatment session and disposed of according to federal standards for biohazard waste.

(7) "Practice of eastern medicine" includes the practice of acupuncture and further means making recommendations or prescriptions based in eastern dietary therapy, supplements and lifestyle modifications according to the principles of eastern medicine. Eastern dietary therapy shall be defined as recommending, advising or furnishing nonfraudulent information about herbs, vitamins, minerals, amino acids, carbohydrates, sugars, enzymes, food concentrates, foods, other food supplements, or dietary supplements. For purposes of this paragraph, "fraud" shall be defined as an intentional misrepresentation for financial gain. Legitimate disagreement about the role of the above-listed nutrients and foods as they apply to human nutrition shall not, in and of itself, constitute fraud. These supplemental techniques may be used within the public domain or by another licensed or registered healthcare or bodywork professional, according to state law or regulation.

(b) Nothing in this subchapter shall limit, preclude, or otherwise interfere with the professional activities of other individuals and healthcare providers who are allowed to perform acupuncture. This includes chiropractic, medical and osteopathic physicians.

(c) An individual who is licensed pursuant to this subchapter, who is not being investigated or sanctioned in relation to unprofessional conduct or physical, mental, emotional, or other impairment, may not be prohibited from performing those professional activities included in this section.

(76 Del. Laws, c. 261, § 1; 77 Del. Laws, c. 101, § 1; 77 Del. Laws, c. 319, § 1; 77 Del. Laws, c. 449, §§ 1, 2; 80 Del. Laws, c. 316, § 3.)

§ 1798 Licensure.

(a) All applicants must meet the following requirements for licensure by the Board as an acupuncture and eastern medicine practitioner:

(1) Achievement of a Diplomate in Oriental Medicine from the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) or its equivalent as recognized by the Council and approved by the Board, or an organization that is recognized as equivalent to the NCCAOM by the Council and approved by the Board; and

(2) Completion of a course or evidence of passing an examination in clean needle technique;

(3) An applicant for whom English is a second language shall demonstrate the ability to communicate in the English language as determined by regulations as recommended by the Council and approved by the Board;

(4) The applicant:

a. May not have been assessed any administrative penalties regarding the applicant's practice of acupuncture, including but not limited to fines, formal reprimands, license suspension or revocation (except for license suspension or revocation for nonpayment of license renewal fees) and probationary limitations; and

b. May not have entered into a consent agreement which contains conditions placed by a board or other authority on the applicant's professional conduct or practice, including the voluntary surrender of the applicant's license while under investigation for misconduct.

However, the Board may, after a hearing, waive the requirement of paragraph (a)(4)a. of this section if the administrative penalty prevents the issuance of a license;

(5) The applicant may not have an impairment related to the current use of drugs or alcohol which substantially impairs the practice of acupuncture with reasonable skill and safety;

(6) The applicant may not have been convicted of or may not have admitted under oath to having committed a crime substantially related to the practice of acupuncture. "Substantially related" means that the nature of the criminal conduct for which the person was convicted or to which the person admitted under oath has a direct bearing on the person's fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the practice of acupuncture. The Board shall promulgate regulations specifically identifying the crimes which are substantially related to the practice of acupuncture;

(7) Meet any other qualifications that the Board establishes in regulations.

(b) All applicants must meet the following requirements for licensure by the Board as an acupuncture practitioner:

(1) Achievement of a Diplomate in Acupuncture from the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) or its equivalent as recognized by the Council and approved by the Board, or an organization that is recognized as equivalent to the NCCAOM by the Council and approved by the Board; and

(2) Completion of a course or evidence of passing an examination in clean needle technique;

(3) An applicant for whom English is a second language shall demonstrate the ability to communicate in the English language as determined by regulations as recommended by the Council and approved by the Board;

(4) The applicant:

a. May not have been assessed any administrative penalties regarding the applicant's practice of acupuncture, including but not limited to fines, formal reprimands, license suspension or revocation (except for license suspension or revocation for nonpayment of license renewal fees) and probationary limitations; and

b. May not have entered into a consent agreement which contains conditions placed by a board or other authority on the applicant's professional conduct or practice, including the voluntary surrender of the applicant's license while under investigation for misconduct.

However, the Board may, after a hearing, waive the requirement of paragraph (a)(4)a. of this section if the administrative penalty prevents the issuance of a license;

(5) The applicant may not have an impairment related to the current use of drugs or alcohol which substantially impairs the practice of acupuncture with reasonable skill and safety;

(6) The applicant may not have been convicted of or may not have admitted under oath to having committed a crime substantially related to the practice of acupuncture. "Substantially related" means that the nature of the criminal conduct for which the person was convicted or to which the person admitted under oath has a direct bearing on the person's fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the practice of acupuncture. The Board shall promulgate regulations specifically identifying the crimes which are substantially related to the practice of acupuncture;

(7) Meet any other qualifications that the Board establishes in regulations.

(8) An acupuncturist who obtains licensure pursuant to this section may go on to become a licensed acupuncture and eastern medicine practitioner by achieving a Diplomate in Oriental Medicine from the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) or its equivalent as recognized by the Council and approved by the Board, or an organization that is recognized as equivalent to the NCCAOM by the Council and approved by the Board.

(c) *Waiver of requirements.* — The Acupuncture Advisory Council, by the affirmative vote of 3 of its members and with the approval of the Board within a reasonable period of time from the vote, may waive any of the requirements of subsection (a) of this section if it finds all of the following by clear and convincing evidence:

(1) The applicant's education, training, qualifications and conduct have been sufficient to overcome the deficiency or deficiencies in meeting the requirements of this section;

(2) The applicant is capable of practicing acupuncture in a competent and professional manner;

(3) The granting of the waiver will not endanger the public health, safety, or welfare;

(4) For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service; and

(5) For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(d) *License denial.* — If it appears to the Board that an applicant has been intentionally fraudulent or that an applicant has intentionally submitted, or intentionally caused to be submitted, false information as part of the application process, the Board may not issue a license to the applicant and must report the incident of fraud or submitting false information to the Office of the Attorney General for further action.

(e) *Temporary license.* — The Executive Director of the Board, with the approval of a Council member, may issue a temporary permit to an applicant for licensure who has presented a completed application to the Board. A temporary permit issued under this subsection is valid for a period of not more than 90 days and may not be renewed. Only 1 temporary permit may be issued under this subsection.

(f) *License suspension, revocation, or nonrenewal.* — (1) The Council, after appropriate notice and hearing, may recommend to the Board of Medical Licensure and Discipline that the Board revoke, suspend, or refuse to issue a license, or place the licensee on probation, or otherwise discipline a licensee found guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, fraud, deceit, incompetence, gross negligence, dishonesty, or other behavior in the licensee's professional activity which is likely to endanger the public health, safety, or welfare. The Council may recommend and Board may take necessary action against a licensee who is unable to render acupuncture or eastern medicine services with reasonable skill or safety to patients because of mental illness or mental incompetence, physical illness, or the excessive use of drugs including alcohol. Disciplinary action or other action taken against a licensee must be in accordance with the procedures for disciplinary and other actions against physicians, including appeals as set forth in subchapter IV of this chapter except that a hearing panel for a complaint against a licensee consists of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Acupuncture Advisory Council; and if no conflict exists, 1 of the 2 Acupuncture Advisory Council members shall be the Chair of the Acupuncture Advisory Council. The Chair of the hearing panel shall be 1 of the Council panel members.

(2) a. If the Board or the Acupuncture Advisory Council receives a formal or informal complaint concerning the activity of a licensee and the Board or Council members reasonably believe that the activity presents a clear and immediate danger to the public health, the Council may issue an order temporarily suspending the licensee's license to practice pending a hearing upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Council Chair or the Chair's designee. An order temporarily suspending a license to practice may not be issued by the Board, unless the licensee or the licensee's attorney received at least 24 hours' written or oral notice prior to the temporary suspension so that the licensee or the licensee's attorney can be heard in opposition to the proposed suspension. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended licensee requests a continuance of the hearing date. If the licensee requests a continuance, the order of temporary suspension remains in effect until the hearing panel convenes and a decision is rendered.

b. A licensee whose license to practice has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the licensee or sent by certified mail, return receipt requested, to the licensee's last known address.

c. A licensee whose license to practice has been temporarily suspended pursuant to this section may request an expedited hearing. The Council shall schedule the hearing on an expedited basis, provided that the Council receives the request within 5 calendar days from the date on which the licensee received notification of the decision of the Board, to temporarily suspend the licensee's license to practice.

d. As soon as possible after the issuance of an order temporarily suspending a licensee's license to practice pending a hearing, the Council Chair shall appoint a 3-member hearing panel consisting of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Acupuncture Advisory Council; and if no conflict exists, 1 of the 2 Acupuncture Advisory Council members shall be the Chair of the Acupuncture Advisory Council. The Chair of the hearing panel shall be 1 of the Council panel members. After notice to the licensee pursuant to paragraph (f)(2)b. of this section, the hearing panel shall convene within 60 days of the date of the issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If a licensee requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Council. The 3-member panel shall proceed to a hearing and shall render a decision within 30 days of the hearing.

e. In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to

public health, the order of temporary suspension must remain in effect until the Board, deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended licensee requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

§ 1799I Genetic Counselor Advisory Council.

(a) The Genetic Counselor Advisory Council (Council) consists of 5 voting members, and 1 ex officio member. The 5 voting members shall consist of 1 physician member of the Board of Medical Licensure and Discipline and 4 Council members licensed and trained as genetic counselors who have been primarily employed in the practice of genetic counseling in this State for at least 3 years immediately prior to appointment. The ex officio member shall be a Delaware physician who has expertise in genetic counseling. The Council may elect officers as necessary.

(b) Each Council member is appointed by the Board of Medical Licensure and Discipline for a term of 3 years, and may succeed himself or herself for 1 additional 3-year term. A person appointed to fill a vacancy on the Council is entitled to hold office for the remainder of the unexpired term of the former member. Each term of office expires on the date specified in the appointment; however, a Council member whose term of office has expired remains eligible to participate in Council proceedings until replaced by the Board. A person who has never served on the Council may be appointed to the Council for 2 consecutive terms, but the person is thereafter ineligible for appointment to the Council except as hereinafter provided. A person who has been twice appointed to the Council or who has served on the Council for 6 years within any 9-year period may not again be appointed to the Council until an interim period of at least 1 year has expired since the person last served. The members of the Council are to be compensated at an appropriate and reasonable level as determined by the Division of Professional Regulation and may be reimbursed for meeting-related travel expenses at the State’s current approved rate. A member serving on the Council may not be an elected officer or a member of the board of directors of any professional association of genetic counselors.

(c) The Council shall promulgate rules and regulations governing the practice of genetic counseling, after public hearing and subject to the approval of the Board of Medical Licensure and Discipline. The Board must approve or reject proposed rules or regulations submitted to it by the Council within 60 days. If the Board fails to approve or reject the proposed rules or regulations within 60 days, the proposed rules or regulations are deemed to be approved by the Board.

(d) The Council shall meet quarterly, and at such other times as license applications are pending and evaluate the credentials of all persons applying for a license as a licensed genetic counselor in this State, in order to determine whether such persons meet the qualifications for licensing set forth in this chapter. The Council shall present to the Board the names of individuals qualified to be licensed and shall recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations. The Board shall approve or reject these recommendations within a reasonable time period.

(e) *License suspension, revocation, or nonrenewal.* — (1) The Council, after appropriate notice and hearing, may recommend to the Board of Medical Licensure and Discipline that the Board revoke, suspend, or refuse to issue a license, or place the licensee on probation, or otherwise discipline a licensee found guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, fraud, deceit, incompetence, negligence, dishonesty, or other behavior in the licensee’s professional activity which is likely to endanger the public health, safety, or welfare. The Council may recommend and Board may take necessary action against a genetic counselor who is unable to render services with reasonable skill or safety to patients because of mental illness or mental incompetence, physical illness,

or the excessive use of drugs including alcohol. Disciplinary action or other action taken against a genetic counselor must be accordance with the procedures for disciplinary and other actions against physicians, including appeals as set forth in subchapter IV of this chapter except that a hearing panel for a complaint against a genetic counselor consists of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Council; and if no conflict exists, 1 of the 2 Council members shall be the Chair of the Council. The Chair of the hearing panel shall be 1 of the Council panel members.

(2) a. If the Board or the Council receives a formal or informal complaint concerning the activity of a genetic counselor and the Board or Council members reasonably believe that the activity presents a clear and immediate danger to the public health, the Council may issue an order temporarily suspending the genetic counselor's license to practice, pending a hearing upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Council Chair or the Chair's designee. An order temporarily suspending a license to practice may not be issued by the Board, unless the genetic counselor or the genetic counselor's attorney received at least 24 hours' written or oral notice prior to the temporary suspension so that the genetic counselor or the genetic counselor's attorney can be heard in opposition to the proposed suspension. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended genetic counselor requests a continuance of the hearing date. If the genetic counselor requests a continuance, the order of temporary suspension remains in effect until the hearing panel convenes and a decision is rendered.

b. A genetic counselor whose license to practice has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the genetic counselor or sent by certified mail, return receipt requested, to the genetic counselor's last known address.

c. A genetic counselor whose license to practice has been temporarily suspended pursuant to this section may request an expedited hearing. The Council shall schedule the hearing on an expedited basis, provided that the Council receives the request within 5 calendar days from the date on which the genetic counselor received notification of the decision of the Board, to temporarily suspend the genetic counselor's license to practice.

d. As soon as possible after the issuance of an order temporarily suspending a genetic counselor's license to practice pending a hearing, the Council Chair shall appoint a 3-member hearing panel consisting of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Council; and if no conflict exists, 1 of the 2 Council members shall be the Chair of the Council. The Chair of the hearing panel shall be 1 of the Council panel members. After notice to the genetic counselor pursuant to paragraph (e)(2)b. of this section, the hearing panel shall convene within 60 days of the date of issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If a genetic counselor requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Council. The 3-member panel shall proceed to a hearing and shall render a decision within 30 days of the hearing.

e. In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended genetic counselor requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

(f) The Council shall refer all complaints from practitioners and from the public to the Board.

(g) The Genetic Counselor Advisory Council, by the affirmative vote of 3 of its members and with the approval of the Board within 30 days of the vote, may waive the quarterly meeting requirements of this title.

A member serving on the Council may not be an elected officer or a member of the board of directors of any professional association of polysomnographers.

(c) The Council shall promulgate rules and regulations governing the practice of polysomnography, after public hearing and subject to the approval of the Board. The Board must approve or reject proposed rules or regulations submitted to it by the Council within 60 days. If the Board fails to approve or reject the proposed rules or regulations within 60 days, the proposed rules or regulations are deemed to be approved by the Board.

(d) The Council shall meet quarterly, and at such other times as license applications are pending and evaluate the credentials of all persons applying for a license as a licensed polysomnographer in this State, in order to determine whether such persons meet the qualifications for licensing set forth in this chapter. The Council shall present to the Board the names of individuals qualified to be licensed and shall recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations. The Board shall approve or reject these recommendations within a reasonable time period.

(e) *License suspension, revocation, or nonrenewal.* — (1) The Council, after appropriate notice and hearing, may recommend to the Board that the Board revoke, suspend, or refuse to issue a license, or place the licensee on probation, or otherwise discipline a licensee found guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, fraud, deceit, incompetence, negligence, dishonesty, or other behavior in the licensee's professional activity which is likely to endanger the public health, safety, or welfare. The Council may recommend and the Board may take necessary action against a licensed polysomnographer, who is unable to render services with reasonable skill or safety to patients because of mental illness or mental incompetence, physical illness, or the excessive use of drugs including alcohol. Disciplinary action or other action taken against a licensed polysomnographer must be accordance with the procedures for disciplinary and other actions against physicians, including appeals as set forth in subchapter IV of this chapter except that a hearing panel for a complaint against a licensed polysomnographer consists of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Council; and if no conflict exists, 1 of the 2 council members shall be the Chair of the Council. The Chair of the hearing panel shall be 1 of the council panel members.

(2) a. In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, the Council may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Council Chair or the Chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporary suspended person requests a continuance of the hearing date. If the temporary suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

b. As soon as possible after the issuance of an order temporarily suspending a polysomnographer's license to practice pending a hearing, the Council Chair shall appoint a 3-member hearing panel consisting of 3 members; 1 of the 3 shall be a physician member of the Board; 2 of the 3 shall be unbiased members of the Council; and if no conflict exists, 1 of the 2 Council members shall be the Chair of the Council. The Chair of the hearing panel shall be 1 of the Council panel members; or the complaint may be scheduled before a hearing officer pursuant to § 8735(v)(1)d. of Title 29. The hearing shall be convened within 60 days of the date of issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If a polysomnographer requests in a timely manner an expedited hearing, the hearing panel shall convene within 15 days of the receipt of the request by the Council. A decision shall be rendered within 30 days of the hearing.

c. In addition to making findings of fact, the hearing panel or hearing officer shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel or hearing officer determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board deliberates and reaches conclusions of law based upon the findings of fact. An order of temporary suspension may not remain in

effect for longer than 60 days from the date of the decision rendered unless the suspended polysomnographer requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

§ 1799X Licensure.

(a) On and after July 1, 2014, any person who is engaged in the practice of polysomnography must be licensed as provided in this chapter. It shall be unlawful for any person to engage in the practice of polysomnography on or after July 1, 2014, unless such person is practicing polysomnography under the provisions of this chapter.

No person shall represent oneself or engage in the practice of polysomnography as a licensed polysomnographer in this State or use the title “polysomnographer,” “licensed polysomnographer,” “LPSGT,” or any combination of above terms and/or abbreviations unless such a person is licensed under this subchapter.

b. This subchapter does not prohibit or restrict:

1. Any person licensed in this State under any chapter of this title who are physicians or other healthcare professionals from engaging in the practice for which that person is licensed;

2. The practice of polysomnography by a person who is employed by the United States or state government or any of its bureaus, divisions, or agencies while in the discharge of the employee’s official duties;

This period is not to exceed 2 years unless written approval is provided by the Board. The individual will be supervised by an individual licensed under this subchapter or a physician; or

4. The provision of diagnostic electroencephalograms conducted in accordance with the guidelines of the American Clinical Neurophysiology Society.

c. The provisions of this subchapter shall not apply to licensed respiratory care practitioners.

(c) *Waiver of requirements.* — The Polysomnography Advisory Council, by the affirmative vote of 5 of its members and with the approval of the Board within 30 days of the vote, may waive the quarterly meeting requirements of § 1799W(d) of this title.

(d) *License denial.* — If it appears to the Board that an applicant has been intentionally fraudulent or that an applicant has intentionally submitted, or intentionally caused to be submitted, false information as part of the application process, the Board may not issue a license to the applicant and must report the incident of fraud or submitting false information to the Office of the Attorney General for further action.

(e) An applicant who is applying for licensure under this subchapter shall:

(1) Submit an application prescribed by the Council.

(2) Submit a certified criminal background check pursuant to § 1720(b)(6) of this title.

(3) The applicant may not have an impairment related to the current use of drugs or alcohol which substantially impairs the practice of polysomnography with reasonable skill and safety.

(f) The Board may refuse or reject an applicant, if after hearing, the Board finds that:

(1) The applicant has engaged in activities that are grounds for discipline under § 1799BB of this title.

(2) The applicant has been convicted of a crime substantially related to the practice of polysomnography as determined by the Board in its rules and regulations.

(3) The applicant has been the recipient of any administrative penalties from any other jurisdiction or jurisdictions regarding the applicant's practice of polysomnography, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations, and/or has entered into any "consent agreements" which contain conditions placed by a Board on the applicant's professional conduct and practice, including any voluntary surrender of a license in lieu of discipline.

(g) *Waiver of requirements.* — The Council, by the affirmative vote of 3 of its members and with the approval of the Board within a reasonable period of time from the vote, may waive the requirements of paragraph (f)(2) of this section if it finds all of the following by clear and convincing evidence:

(1) The applicant's education, training, qualifications and conduct have been sufficient to overcome the deficiency or deficiencies in meeting the requirements of this section;

(2) The applicant is capable of practicing as a polysomnographer in a competent and professional manner;

(3) The granting of the waiver will not endanger the public health, safety, or welfare; and

(4) For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service;

(5) For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(h) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification, and imposed higher or different standards for the person than for other applicants or licensees, or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(78 Del. Laws, c. 407, § 1.)

§ 1799Y Endorsement.

An applicant for licensure by endorsement must possess a current license in a state which has licensing requirements substantially similar to or exceeding the requirements of this subchapter, and there may not be any outstanding or unresolved complaints against the applicant.

(78 Del. Laws, c. 407, § 1.)

§ 1799Z Continuing education.

(b) The Board shall issue a license to each applicant who meets the requirements of this subchapter for licensure as a polysomnographer and who pays the established fees.

(c) Each license shall be renewed biennially, in such manner as is determined by the Division and upon payment of the appropriate fee and submission of a renewal form provided by the Division, and proof that the licensee has met the continuing education requirements established by § 1799Z of this title.

(d) The Council, in its rules and regulation, shall determine the period of time within which a licensee may still renew the licensee's license and determine late fees associated with the license renewal, notwithstanding the fact that such licensee has failed to renew on or before the renewal date, provided, however that such period shall not exceed 1 year.

(e) A licensee, upon written request, may be placed in an inactive status for no more than 5 years. Such person, who desires to reactivate that person's license, shall complete a board-approved application form, obtain an updated certified criminal background check, submit a renewal fee, and proof of fulfillment of continuing education requirements in accordance with the rules and regulation of the Council.

(78 Del. Laws, c. 407, § 1.)

§ 1799BB Grounds for discipline, sanctions, or penalties.

(a) The following conditions and actions of a polysomnographer may result in disciplinary action as set forth in subsection (b) of this section if, after a hearing, the Board finds that an applicant or polysomnographer:

- (1) Has employed or knowingly cooperated in fraud or material deception in order to be licensed; or
- (2) Has engaged in illegal, incompetent or negligent conduct in the provision of polysomnography; or

(78 Del. Laws, c. 407, § 1.)

§ 1799CC Unauthorized practice of polysomnography.

Whoever engages in the practice of polysomnography or attempts to engage in the practice of polysomnography contrary to the provisions of this subchapter shall be guilty of a class G felony and shall be fined not less than \$500 and not more than \$1,500, or imprisoned not more than 2 years, or both.

(78 Del. Laws, c. 407, § 1.)

§ 1799DD Procedure or action not described.

This subchapter governs the practice of polysomnography. If a procedure or action is not specifically prescribed in the subchapter, but is prescribed in the subchapters relating to the practice of medicine, and the procedure or action would be useful or necessary for the regulation of polysomnographic practitioners, the Board may, in its discretion, proceed in a manner prescribed for physicians in the practice of medicine.

(78 Del. Laws, c. 407, § 1.)

§ 1799EE Duty to report conduct that constitutes grounds for discipline or inability to practice.

(a) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other healthcare provider has engaged in or is engaging in conduct that would constitute grounds for disciplinary action under this chapter or the other healthcare provider's licensing statute.

(b) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other healthcare provider may be unable to practice with reasonable skill and safety to the public by reason of mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive abuse of drugs, including alcohol.

(c) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation any information that the reporting person reasonably believes indicates that a person certified and registered to practice medicine in this State is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to patients by reason of mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive use or abuse of drugs, including alcohol.

(d) All reports required under subsections (a), (b) and (c) of this section must be filed within 30 days of becoming aware of such information. A person reporting or testifying in any proceeding as a result of making a report pursuant to this section is immune from claim, suit, liability, damages, or any other recourse, civil or criminal, so long as the person acted in good faith and without gross or wanton negligence; good faith being presumed until proven otherwise, and gross or wanton negligence required to be shown by the complainant.

(78 Del. Laws, c. 407, § 1.)

Subchapter XIII

§ 1799FF Definitions.

As used in this subchapter:

 - (2) “Certified midwife” or “CM” means a practitioner who has received certification by the American Midwifery Certification Board or its equivalent or successor.
 - (3) “Certified professional midwife” or “CPM” means a practitioner who has received certification by the North American Registry of Midwives (NARM) or its equivalent or successor.
 - (4) “Client” means a woman under the care of a midwife and, when applicable in the context of care, the newborn.
 - (5) “Council” means the Midwifery Advisory Council.
 - (6) “Home birth” means a birth outside of a hospital or an otherwise accredited or licensed hospital or medical facility.
 - (7) “License” means, unless the context requires otherwise, a license issued by the Board to practice midwifery.
 - (8) “Midwife” means a person who practices midwifery.
 - (9) “Midwifery” means the practice of providing supervision, care, and advice to a client during prepartum, pregnancy, labor, and the postpartum periods, and conducting deliveries on the midwife’s own responsibility or in collaboration with a licensed physician, or licensed Delaware health-care delivery system. The licensed practice of midwifery includes taking certain safety measures and identifying the physical, social and emotional needs of the client. The practice of midwifery requires that level of education, experience, knowledge, and skill ordinarily expected of an individual who meets the requirements for licensure pursuant to this chapter. In order to practice midwifery in the State, a midwife must be licensed pursuant to this chapter. For the purposes of this chapter, “midwifery” does not include the practice of certified nurse midwives, as defined in Chapter 19 of this title, nor does it include the practice of a person licensed to practice medicine pursuant to this chapter.
 - (10) “Midwifery student” means a person who is enrolled in an accredited educational program and who may provide midwifery services as a part of that person’s educational program.
 - (11) “Practice of a certified midwife” means the management of women’s health care, pregnancy, childbirth, postpartum care for newborns, family planning, and gynecological services consistent with the Standards of Practice of the American College of Nurse-Midwives and the education, training, and experience of the certified midwife.
 - (12) “Practice of a certified professional midwife” means the provision of continuous care for women throughout the childbearing cycle which CPMs are qualified to provide. The CPM credential requires knowledge about and experience in out-of-hospital settings. The scope of practice of the licensed CPM is further derived from the North American Registry of Midwives Job Analysis, state laws and regulations, and individual practice guidelines developed according to acquired professional skills and knowledge.
- (80 Del. Laws, c. 33, § 1; 80 Del. Laws, c. 258, § 1.)

§ 1799GG Subchapter exemptions and limitations.

(a) Nothing in this subchapter shall limit, preclude, or otherwise interfere with the professional activities of other individuals and health-care providers who are allowed to practice obstetrics and gynecology, nor shall this subchapter apply to certified nurse midwives as defined by Chapter 19 of this title.

(b) Nothing in this subchapter shall prohibit or restrict the directly supervised practice of midwifery by a midwifery student pursuing a course of study leading to a credential in midwifery or an equivalent major, as recommended by the Council and approved by the Board, from an accredited school or program recommended by the Council and approved by the Board, if the activities and services constitute a part of a supervised course of study and if the midwifery student is under the direct supervision of a midwife licensed under this subchapter and is designated by a title that clearly indicates the person’s status as a student, provided this course of study shall not exceed 5 years unless the Council recommends and the Board provides written approval for an extension.

(80 Del. Laws, c. 33, § 1; 80 Del. Laws, c. 258, § 2.)

§ 1799HH Midwifery Advisory Council.

(a) The Board of Medical Licensure and Discipline shall form the Midwifery Advisory Council (Council) which consists of 7 voting members. The members shall consist of: 4 midwives, 2 CMs and 2 CPMs, whenever possible; 1 certified nurse midwife (CNM) as described in Chapter 19 of this title; 1 practicing obstetrician with hospital admitting privileges who is a member of the American Congress of Obstetricians and Gynecologists and certified by the American Board of Obstetrics and Gynecology; and 1 practicing pediatrician with hospital admitting privileges and certification from the American Board of Pediatrics. The inaugural midwife members shall be licensed pursuant to this subchapter no later than October 1, 2016, and all midwife members thereafter shall be licensed pursuant to this subchapter. The Council may elect officers as necessary. The Chair of the Council shall be a midwife in good standing. The members of

the Council shall be compensated at an appropriate and reasonable level as determined by the Division of Professional Regulation and may be reimbursed for meeting-related travel expenses at the State's current approved rate.

(b) Members shall be appointed so that the terms of 4 members, including no more than 2 midwives, shall expire 2 years after the initial appointment and that the terms of the remaining 3 members shall expire 3 years after the initial appointment. Thereafter, members are each appointed by the Board of Medical Licensure and Discipline for a term of 3 years, subject to removal by the Governor for neglect of duty, malfeasance, or misfeasance in office, and may succeed himself or herself for 1 additional 3-year term; provided, however, that if a member is initially appointed to fill a vacancy, the member may succeed himself or herself for only 1 additional 3-year term. A person appointed to fill a vacancy on the Council is entitled to hold office for the remainder of the unexpired term of the former member. Each term of office expires on the date specified in the appointment; however, a council member whose term of office has expired remains eligible to participate in council proceedings until replaced by the Board. A person who has been twice appointed to the Council or who has served on the Council for 6 years within any 9-year period may not again serve until an interim period of at least 1 year has expired since the person last served.

(c) The Council shall promulgate rules and regulations governing the practice of midwifery, the scope of practice of CMs and the scope of practice of CPMs, after public hearing and subject to the approval of the Board of Medical Licensure and Discipline. The Board must approve or reject proposed rules or regulations submitted to it by the Council within 60 days. If the Board fails to approve or reject the proposed rules or regulations within 60 days, the proposed rules or regulations are deemed to be approved by the Board. Such rules and regulations shall include, but not be limited to:

- (1) Procedures for the examination of applicants and issuance of licenses to those applicants it finds qualified;
- (2) Licensing and licensing renewal requirements;
- (3) Standards for education, and training programs and the procedures for denial, revocation, or suspension of such program for failure to meet or maintain the standards;
- (4) Continuing education requirements for licensed midwives;
- (5) Description of the responsibilities of the midwife toward the client and her newborn in the antepartum, intrapartum, and the postpartum periods, including newborn assessment and screening consistent with existing statute.
- (6) Practice standards for licensed midwives that shall include, but shall not be limited to:
 - a. Adoption of ethical standards for licensed midwives;
 - b. Maintenance of records of care, including client charts and birth statistics;
 - c. Participation in peer review and continuing education with midwives, physicians and nurses;
 - d. Requirement to have a second attendant certified in neonatal resuscitation at birth;
 - e. Description of the tools and equipment a midwife may and may not use during delivery; and
 - f. Medications and tests the midwife is authorized to obtain and administer in various settings as delineated in regulation.

(d) *License suspension, revocation, and nonrenewal.* — (1) The Council, after appropriate notice and hearing, may recommend to the Board of Medical Licensure and Discipline that the Board revoke, suspend, or refuse to issue a license, or place a licensee on probation, or otherwise discipline a licensee found guilty of unprofessional conduct. Unprofessional conduct includes, but is not limited to, fraud, deceit, incompetence, gross negligence, dishonesty, failure to adhere to the procedures of § 1799JJ of this title below, or other behavior in the licensee's professional activity which is likely to endanger the public health, safety, or welfare. The Council shall recommend that the Board permanently revoke the license of a person who is convicted of a felony sexual offense. The Council may recommend and Board may take necessary action against a midwife who is unable to practice midwifery with reasonable skill or safety to clients because of physical or mental illness, impairment or incompetence; including illness, impairment, or incompetence caused by or related to substance abuse. Disciplinary action or other action taken against a midwife must be in accordance with the procedures for disciplinary and other actions against licensed health professionals, including appeals as set forth in subchapter IV of this chapter except that a hearing panel for a complaint against a midwife shall be convened as described below.

(2) In the event of a formal or informal complaint concerning the activity of a licensee that the Board determines, exercising its reasonable discretion, presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Council Chair or the Council Chair's designee.

a. An order temporarily suspending a license to practice may not be issued by the Board, unless the midwife or the midwife's attorney received at least 24 hours' written or oral notice prior to the temporary suspension and unless the Secretary of State or the Secretary's designee, and the Council Chair or the Council Chair's designee concur. At a minimum, the initial oral or written notice will inform the midwife or the midwife's attorney of:

1. The essential terms of the suspension;
2. The reason for the suspension;
3. The midwife's right to a hearing; and
4. The midwife's right to an expedited hearing.

b. Within 48 hours of receiving the initial oral or written notice, a midwife whose license has been temporarily suspended pursuant to this section must be formally notified of the temporary suspension in writing. Formal notification consists of, at minimum:

1. A copy of the complaint;
2. The order of temporary suspension pending a hearing; and
3. A description of the hearing including the midwife's right to request an expedited hearing,

personally served upon the midwife or sent by certified mail, return receipt requested, to the midwife's last known address.

c. A midwife whose license to practice has been temporarily suspended pursuant to this section may request, and has a right to, an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received formal notification of the decision to temporarily suspend the person's license.

d. As soon as possible after the issuance of an order temporarily suspending a midwife's license to practice pending a hearing, the Council Chair shall appoint a 3-member hearing panel consisting of 3 members; 1 of the 3 shall be an unbiased physician member of the Council or Board; 2 of the 3 shall be unbiased midwife members of the Council; and if possible and no conflict exists, at least 1 of the 2 Council midwife members shall be of the same licensure type as the midwife under complaint. The Chair of the hearing panel shall be 1 of the Council midwife members. After notice to the midwife pursuant this section, the hearing panel shall convene within 60 calendar days of the date of the issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If a midwife requests an expedited hearing, the hearing panel shall convene within 15 calendar days of the receipt by the Council of the request. The 3-member panel shall conduct a hearing in accordance with the procedures set forth in § 1734 of this title and shall render a decision within 15 calendar days of the hearing. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended midwife requests a continuance of the hearing date. If the midwife requests a continuance, the order of temporary suspension will remain in effect until the hearing panel convenes and a decision is rendered by the Board.

e. In addition to making findings of fact, the hearing panel shall also determine whether the facts found by it constitute a clear and immediate danger to public health. If the hearing panel determines that the facts found constitute a clear and immediate danger to public health, the order of temporary suspension must remain in effect until the Board, under § 8735 of Title 29, deliberates and reaches conclusions of law based upon the findings of fact made by the hearing panel. An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the hearing panel unless the suspended midwife requests an extension of the order pending a final decision of the Board. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

(e) The Council shall meet at least quarterly and at such other times as license applications are pending. The Council shall present to the Board the names of individuals qualified to be licensed, shall recommend disciplinary action against licensees as necessary, and shall suggest changes in operations or regulations pursuant to this section. The Council shall keep minutes of its meetings which shall be available to the public upon FOIA request, except that information discussed by the Council concerning a mother or child which is private in nature or which would tend to reveal the identity of a client of a midwife shall be discussed in executive session pursuant to Chapter 100 of Title 29.

(f) The Board shall grant limited prescriptive authority upon the issuance of a certified professional midwife license or certified midwife license. The Council shall recommend and the Board shall approve the parameters of the limited prescriptive authority in its regulations.

(80 Del. Laws, c. 33, § 1; 80 Del. Laws, c. 258, §§ 3, 4; 81 Del. Laws, c. 97, § 5; 81 Del. Laws, c. 424, § 15.)

§ 1799II Licensure.

(a) To be eligible for licensure by the Board as a certified professional midwife, an applicant shall:

(1) Possess a valid CPM credential or another valid credential from an accrediting organization as recommended by the Council and approved by the Board; however, applicants who obtain the CPM credential after December 31, 2019, are required to also have obtained an education accredited by the Midwifery Education and Accreditation Council (MEAC), or another midwifery education accreditation organization as recommended by the Council and approved by the Board, and training and education which meet the International Confederation of Midwives (ICM) standards and guidelines as applicable to the scope of midwives licensed under this subchapter;

(2) Be at least 21 years of age;

(3) Shall not have been assessed any administrative penalties regarding the applicant's practice of midwifery, including but not limited to fines, formal reprimands, license suspension or revocation — except for license suspension or revocation for nonpayment of license renewal fee or unlicensed practice penalties assessed prior to the establishment of the Council — and/or probationary limitations;

 - 1. Estimated distance between the planned birth site and the receiving facility; and
 - 2. Information regarding concurrent care policies at the receiving facility. The statement on concurrent care will be repeated orally to the client or, if the client is incapacitated, the client's designated agent, in the event of a transfer.
- (2) When accepting a client for care, a midwife shall obtain in addition to the client's informed consent, a written statement in a form proposed by the Council and adopted by the Board, and signed by both the midwife and the client. The form shall certify that full disclosure has been made and acknowledged by the client as to each of the following items, with the client's acknowledgement evidenced by a separate signature adjacent to each item in addition to the client's signature and the date at the end of the form:
- a. The name, address, telephone number, and license number of the licensed midwife;

- a. Consultation with other health-care providers;
 - b. Emergency transfer;
 - c. Access to neonatal intensive care units and obstetrical units or other patient care areas;
- (4) A midwife shall provide an initial screening to ensure that each client receives safe and appropriate care and to determine whether any contraindications are present. A midwife will also perform ongoing screening and maintain, beginning at the time of the initial screening, a detailed health history in a form prescribed by the Council and adopted by the Board.
- (5) Upon transfer of a client, emergency or otherwise, a midwife shall provide all records described in this section to the receiving care provider or facility and remain available to speak with the receiving health-care provider at the point of transfer about the course of care provided to the client.
- (6) A midwife offering home birth services shall only accept and provide care to those women who are classified as eligible for a home birth or midwife-assisted birth in accordance with evidence based standards proposed by the Council and adopted by the Board as being low risk pregnancy, labor, and delivery, which includes but is not limited to:

- (7) The midwife must be able at all times to recognize the warning signs of conditions that render the woman ineligible for a midwife-assisted home birth. If a midwife determines at any time during the course of the pregnancy that a woman's condition may preclude attendance by the midwife, the client shall be informed that she should transfer to an appropriate, licensed, health-care provider. A midwife may and shall, at any time, terminate a relationship with a client if that midwife deems the woman is or has become ineligible for a midwife-assisted birth or home birth. The cause for termination must be documented and included in the health history described

in paragraph (4) of this section. Such midwife shall inform the client of such termination in writing and recommend transfer to an appropriate licensed health-care provider.

(8) If a midwife identifies that the client demonstrates a high risk condition as defined by the Council and approved by the Board, the midwife shall refer the client to a physician with obstetrical hospital privileges for client assessment and/or screening, at the time the condition is noted by the midwife. In the event of an emergency, if the midwife determines that immediate termination of the relationship pursuant to paragraph (7) of this section would increase or create risk of death or injury to the mother or her infant, the midwife will immediately engage emergency medical services, and may continue to assist in the emergency.

(80 Del. Laws, c. 33, § 1.)

§ 1799KK Physician-midwife relationship.

When using an adult staff member to observe the treatment or examination, the adult staff member shall be of the same gender as the client when practicable. The minor client may decline the presence of a third person only with consent of a parent, guardian or other caregiver. The minor client may request private consultation with the person licensed to practice midwifery without the presence of a third person after the physical examination. Every hospital and nursing facility and similar facility that provides treatment to minors shall develop and implement policies regarding the treatment of minor clients that are consistent with the purposes of this section and will submit those policies for approval by the Department of Health and Social Services. Violations of approved policies will be treated as a violation of this section.

(b) When a minor client is to be disrobed, partially disrobed or will undergo a physical examination involving the breasts, genitalia or rectum, a person licensed to practice midwifery under this chapter shall provide notice to the person providing consent to treatment of the rights under this section. The notice shall be provided in written form or be conspicuously posted in a manner in which a minor client and the minor client's parent, guardian or other caregiver are made aware of the notice. In circumstances in which the posting or the provision to the client of the written notice would not convey the right to have a chaperone present, the person licensed to practice midwifery shall use another means to ensure that the client or person understands the right under this section.

(c) For the purposes of this section, "minor" is defined as a person 15 years of age or younger, "adult staff member" is defined as a person 18 years of age or older who acting under the direction of the licensed person or the employer of the licensed person or who is otherwise licensed under this chapter, "hospital" has the meaning prescribed by Chapter 10 of Title 16, and "nursing facility and similar facility" has the meaning prescribed by Chapter 11 of Title 16.

(d) The person licensed under this chapter that provides outpatient treatment to a minor pursuant to this section shall, contemporaneously with such treatment, note in the child's medical record the name of each person present when such treatment is being provided.

(80 Del. Laws, c. 33, § 1.)

§ 1799MM Recordkeeping.

(a) A person licensed under this chapter who is discontinuing practice in this State or who is leaving this State and who is not transferring client records to another person licensed to practice midwifery or medicine shall notify that person's clients of record by publishing a notice to that effect in a newspaper of daily circulation in the area where the person practices. The notice must be published at least 1 time per month over a 3-month period in advance of discontinuing the business or leaving the State and must explain how a client can procure that client's records. All clients of record who have not requested their records 30 days before the person discontinues the practice or leaves the State must be notified by first-class mail by the person to permit that person's clients to procure their records. Any client records that have not been procured within 7 years after the person discontinues practice or leaves the State may be permanently disposed of in a manner that ensures confidentiality of the records.

(b) If a person licensed under this chapter dies and has not transferred client records to another person licensed to practice midwifery or medicine and has not made provisions for a transfer of client records to occur upon the person's death, a personal representative of the person's estate shall notify the person's clients of record by publishing a notice to that effect in a newspaper of daily circulation in the area where the person practiced. The notice must be published at least 1 time per month over a 3-month period after the person's death and must explain how a former client can procure the client's records. All former clients who have not requested their records 30 days

after such publication must be notified by first class mail by the personal representative of the estate to permit the clients to procure their records. Any client records that have not been procured within 7 years after the death of the person may be permanently disposed of in a manner that ensures confidentiality of the records.

(c) If a client changes from the care of 1 person licensed to practice midwifery or medicine to another person certified to practice midwifery or medicine, the former person shall transfer a copy of the records of the client to the current person upon the request of either the current person or the client. The former person may charge for the reasonable expenses of copying the client's records, according to a payment schedule established by the Board of Medical Licensure and Discipline. The actual cost of postage or shipping may also be charged if the records are mailed. Alternatively, if the client and current person agree, the former person may forward to the current person a summary of the client's record, in lieu of transferring the entire record, at no charge to the client. If a client changes care from 1 person certified to practice midwifery or medicine to another and fails to notify the former person, or leaves the care of the former person for a period of 7 years from the last entry date on the client's record and fails to notify the former person, or fails to request the transfer of records to the current person, then the former person shall maintain the client's records for a period of 7 years from the last entry date in the client's medical record, after which time the records may be permanently disposed of in a manner that insures confidentiality of the records.

(d) Clients, on their own behalf, shall have the right to obtain a copy of their records from any person certified to practice midwifery or medicine according to a payment schedule established by the Board of Medical Licensure and Discipline. The actual cost of postage or shipping may also be charged if the records are mailed.

(b) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation in writing information that the licensee reasonably believes indicates that any other practitioner licensed under this chapter or any other health-care provider may be unable to practice with reasonable skill and safety to the public by reason of: mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive abuse of drugs, including alcohol.

(c) Every person to whom a license to practice has been issued under this subchapter has a duty to report to the Division of Professional Regulation any information that the reporting person reasonably believes indicates that a person certified and registered to practice medicine in this State is or may be guilty of unprofessional conduct or may be unable to practice medicine with reasonable skill or safety to clients by reason of: mental illness or mental incompetence; physical illness, including deterioration through the aging process or loss of motor skill; or excessive use or abuse of drugs, including alcohol.

(d) All reports required under subsections (a), (b) and (c) of this section must be filed within 30 days of becoming aware of such information. A person reporting or testifying in any proceeding as a result of making a report pursuant to this section is immune from claim, suit, liability, damages, or any other recourse, civil or criminal, so long as the person acted in good faith and without gross or wanton negligence; good faith being presumed until proven otherwise, and gross or wanton negligence required to be shown by the complainant.

modifications the Board deems appropriate. The State Board of Plumbing, Heating, Air Conditioning, Ventilation and Refrigeration Examiners may adopt and enforce additional heating, ventilation, air conditioning, and refrigeration, and fuel gas regulations which shall not be in conflict with the IMC or the IFC.

(d) *Local regulations.* — Every political subdivision within the State of Delaware, including county, city and municipal governments, shall enforce the International Mechanical Code (IMC) and the International Fuel Gas Code (IFC), as adopted or modified by the State Board of Plumbing, Heating, Air Conditioning, Ventilation and Refrigeration Examiners. Every political subdivision retains the right to propose additional or modified heating, ventilation, air conditioning, and refrigeration (HVACR), and fuel gas regulations, which must be submitted in writing to the State Board Plumbing, Heating, Air Conditioning, Ventilation and Refrigeration Examiners for review and approval, and which may not be in conflict with the IMC or the IFC. The State Board of Plumbing, Heating, Air Conditioning, Ventilation and Refrigeration Examiners within 60 days of receiving such proposed changes or additions may thereafter adopt, modify or reject the proposed changes or additions. Upon issuance of the statewide HVACR and/or fuel gas regulations every political subdivision shall have the option of adopting and enforcing said regulations, or adopting and enforcing the minimum standards set forth in the most recently adopted version of the IMC and the IFC.

Subchapter II License — Plumbing

§ 1807 License required; exemptions.

(a) A person shall not provide plumbing services in this State nor hold himself or herself out to the public as being a licensed master plumber, nor use “licensed plumber,” “master plumber,” or “licensed master plumber” in connection with that person’s name, nor otherwise assume or use any title or description conveying or tending to convey the impression that the person is qualified to provide plumbing services, unless the person has been licensed as a master plumber under this chapter, or exempted from the provisions of this chapter pursuant to subsection (c) of this section.

(b) If the license of a master plumber has expired or been suspended or revoked, it is unlawful for the holder of the expired, suspended, or revoked license to perform plumbing services in this State.

(c) An individual may provide plumbing services without being licensed under this chapter if:

(1) The individual is an apprentice, journeyman, mechanic, or other person providing such services under the supervision of a master plumber who is the individual’s employer or who is employed full time by the same business entity as the individual;

(2) The individual is a homeowner who is performing plumbing services other than gas piping in or about that individual’s own home that is not for sale or any part for rent or lease, provided that the individual has filed an application for a permit with the authorized inspection authority;

(3) The individual is providing such services on property used exclusively for agricultural purposes and the individual has filed an application for a permit with the authorized inspection authority; or

(4) The individual is providing such services pursuant to the provisions in § 1832 of this title.

(5) The individual is providing services authorized under subchapter III of this chapter.

(d) The penalty for a violation of this section is, for a first offense, a fine of not less than \$500 nor more than \$1000, and, for a second or subsequent offense, a fine of not less than \$1000 nor more than \$2000. Justice of the Peace Courts shall have jurisdiction over violations of this section.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1.)

§ 1808 Qualifications of applicant.

(a) An applicant for licensure as a master plumber shall submit evidence, satisfactory to the Board, and verified by oath or affirmation, that the applicant:

(1) Has received a journeyman’s certificate issued in any state following completion of a plumbing apprenticeship program that meets or exceeds the Federal Bureau of Apprenticeship and Training Standards and, thereafter, performed plumbing services for 2 years under the supervision of a master plumber or an individual holding a similar level of licensure in another state; or has performed plumbing services for 7 years under the supervision of a master plumber or a plumber holding a similar level of licensure in another state and, thereafter, successfully completed the apprenticeship equivalency test approved by the Board and administered by a Delaware vocational-technical school;

(2) Has achieved the passing score on a written, standardized examination, designated by the Board and approved by the Division, for licensure as a Delaware master plumber after fulfilling the experience and/or training requirements of this section;

(3) Has not received any administrative penalties regarding the applicant’s practice, including, but not limited to, fines, formal reprimands, license suspension or revocation (except for license revocation for nonpayment of license renewal fees), probationary

limitations, and consent agreements which contain conditions placed by a Board on the applicant's occupational conduct or practice, including the voluntary surrender of a license, certificate, registration, or other authorization to provide plumbing services. The Board may determine after a hearing whether the imposition of a particular administrative penalty is grounds to deny licensure.

(4) Does not have an impairment related to drug or alcohol use that would limit the applicant's ability to provide plumbing services in a manner that is not detrimental to the health, safety, or welfare of the public;

(5) Does not have any disciplinary proceedings or unresolved complaints pending against the applicant in any jurisdiction where the applicant has previously been or is currently authorized to provide plumbing services; or have a criminal conviction record relating to an incident, the circumstances of which substantially relate to providing plumbing services. An applicant who has such a criminal conviction record must request appropriate authorities provide information about the record directly to the Board in sufficient specificity to enable the Board to make a determination of whether the record is substantially related to providing plumbing services. In determining whether a crime is substantially related to the professions regulated by this chapter, the Board may not consider a conviction where more than 10 years have elapsed since the date of the conviction, if there have been no other criminal convictions in the intervening time. After a hearing or review of documentation that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, or during the time between meetings, the Board President or the President's designee, may waive this paragraph (a)(5) herein if it finds all of the following:

a. For waiver of a felony conviction, where the crime was committed against a person, more than 3 years have passed since the date of the conviction and for all other felonies, more than 2 years have elapsed since the date of conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, or on parole at Level III Supervision or higher, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing plumbing services in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(6) Has not been convicted of a felony sexual offense.

(b) The Board may waive the requirements of paragraph (a)(3) or (5) of this section for good cause.

(c) Each applicant shall provide the information requested on the application form approved by the Board. All evidence of experience must be submitted by affidavit on forms approved by the Board. An application form may not require an applicant to submit a photograph of himself or herself, or information related to citizenship, place of birth, length of state residency, or personal references.

(d) If the Board finds that false information has been intentionally provided to the Board, it shall report its finding to the Attorney General's Office for further action.

(e) If the Board refuses to accept, or rejects, an application and the applicant believes that the Board acted without justification, or imposed a higher or different standard to the applicant than to other applicants, or in some other unlawful manner contributed to or caused the refusal or rejection of the application, the applicant may appeal to the Superior Court.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1; 75 Del. Laws, c. 436, § 15; 77 Del. Laws, c. 199, §§ 10-12; 78 Del. Laws, c. 44, §§ 24, 25; 82 Del. Laws, c. 197, § 1.)

§ 1809 Examination.

(a) The written, standardized examination required in § 1808(a)(2) of this title must be offered at least quarterly. The Board will determine the passing score in its rules and regulations.

(b) An applicant who fails to receive a passing score on an examination administered pursuant to this chapter may apply to retake the examination on the next available date. If an applicant fails to pass the examination after 3 attempts, the Board, in its rules and regulations, may specify the conditions under which an applicant may retake the examination.

(71 Del. Laws, c. 185, § 1; 74 Del. Laws, c. 262, § 32; 75 Del. Laws, c. 296, § 1.)

§ 1810 Reciprocity.

(a) Upon submission and acceptance of a written application on forms provided by the Board, along with payment of the required fee, the Board shall grant a license to each applicant who presents proof of current licensure in good standing in another state, the District of Columbia, or a territory of the United States whose standards for licensure are substantially similar to those of this State and who submits the verified evidence described in § 1808(a)(3) through (5) of this title.

(b) An applicant who is licensed by another state, the District of Columbia, or a territory of the United States whose standards for licensure are not substantially similar to those of this State must have practiced for a minimum of 7 years after licensure, in addition to meeting the other qualifications for reciprocity in this section.

(71 Del. Laws, c. 185, § 1; 75 Del. Laws, c. 296, § 1.)

§ 1811 Fees.

The amount set by the Division for each fee imposed under this chapter shall approximate and reasonably reflect the costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its services on behalf of the Board. A separate fee may be charged for each service or activity, but a fee shall not be charged unless the service or activity is specified in this chapter. The application fee may not be combined with any other fee. At the beginning of each licensure biennium, the Division, or another state agency acting in its behalf, shall compute the fees for each separate service or activity for the licensure biennium.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1.)

§ 1812 Issuance and renewal of licenses.

(a) The Board shall issue a license to each applicant who meets the requirements of this chapter for licensure as a master plumber and who pays the appropriate fees established under § 1811 of this title.

(b) A license is renewable biennially in a manner determined by the Division, upon payment of the appropriate fee, submission of a renewal form provided by the Division, and proof that the licensee has met any continuing education requirements established by the Board.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensee may renew that licensee's license, notwithstanding the fact that the licensee failed to renew that licensee's license on or before the designated renewal date; provided, however, that the period of time may not exceed 1 year beyond the designated renewal date.

(d) A licensee, upon the licensee's written request, may be placed on inactive status for no more than 5 years. A licensee on inactive status who desires to reactivate that licensee's license must complete and submit an application form approved by the Board, submit the reactivation fee set by the Division, and submit proof of fulfillment of any continuing education requirements established by the Board.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1.)

§ 1813 Complaints.

(a) All complaints received by the Division shall be investigated in accordance with § 8735 of Title 29. The Division shall issue a final written report at the conclusion of its investigation.

(b) If the Board determines that a person has provided or is providing plumbing services or has used or is using the title "master plumber", "licensed plumber," or a similar designation contrary to the requirements of this chapter, the Board shall request that the Office of the Attorney General issue a cease and desist order and/or prosecute the person.

(71 Del. Laws, c. 185, § 1; 74 Del. Laws, c. 262, § 32; 75 Del. Laws, c. 296, § 1.)

§ 1814 Grounds for discipline or other remediation.

(a) An individual licensed under this chapter is subject to disciplinary sanctions set forth in § 1815 of this title or other appropriate remediation, if, after a hearing, the Board finds that the licensee has:

(1) Engaged or knowingly cooperated in fraud or material deception in order to acquire a license, has allowed another person to use that individual's license, or has aided or abetted an unlicensed to represent himself or herself as an individual licensed pursuant to this chapter;

(2) Illegally, incompetently, or negligently provided plumbing services;

(3) Been convicted of an offense, the circumstances of which substantially relate to providing plumbing services. A copy of the record of conviction certified by the clerk of the court entering the conviction is conclusive evidence of conviction;

(4) In the last 2 years used illegal drugs; used prescription drugs without a prescription; excessively used legally prescribed drugs; or abused alcoholic beverages or drugs to the extent that it impaired that individual's ability to provide services authorized under this chapter with reasonable skill, competence, and safety to the public;

(5) Engaged in an act of consumer fraud or deception, engaged in the restraint of competition, or participated in price-fixing activities;

(6) Violated a provision of this chapter or any lawful regulation established hereunder;

(7) Had that individual's license as a master plumber restricted, suspended or revoked, or been subjected to other adverse action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for the suspension, revocation, or other adverse action in another jurisdiction have been presented to the Board by certified record and the Board has determined that the facts found by the appropriate licensing authority in the other jurisdiction constitute 1 or more of the acts listed in this section. A person licensed in this State is deemed to have given consent to the release of information regarding license suspension or revocation or other adverse action taken by the Board or by comparable agencies in other jurisdictions and to have waived all objections to the admissibility of previously adjudicated evidence of the acts or offenses which underlie license suspension or revocation or other adverse action;

(8) Failed to notify the Board that the individual's license to provide services authorized under this chapter in another jurisdiction has been subject to discipline, or has been surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, or of the surrender, suspension, or revocation of the license shall be conclusive evidence thereof;

(9) A physical or mental impairment that prevents that individual from providing services authorized under this chapter with reasonable skill, competence, and safety to the public.

(b) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 74 Del. Laws, c. 262, § 33; 75 Del. Laws, c. 296, § 1; 79 Del. Laws, c. 213, § 2.)

§ 1815 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it determines that a licensee has violated a ground for discipline set forth in § 1814 of this title:

- (1) Issue a letter of reprimand to the licensee;
- (2) Censure the licensee;
- (3) Place the licensee on probationary status and require that licensee to:
 - a. Report regularly to the Board upon the matters that are the basis of the probation; and/or
 - b. Limit all practice and professional activities to those areas prescribed by the Board;
- (4) Suspend the license of the licensee;
- (5) Revoke the license of the licensee;
- (6) Prescribe an administrative penalty, not to exceed \$500 for each violation.

(b) The Board may withdraw or reduce conditions of probation imposed pursuant to paragraph (a)(3) of this section, if it finds that the deficiencies that required the conditions of probation to be imposed have been remedied.

(c) If the Board suspends a licensee due to an impairment pursuant to § 1814(a)(9) of this title, the Board may reinstate the license if, after a hearing, the Board is satisfied that the licensee is able to provide professional services with reasonable skill, competence, and safety to the public.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1; 79 Del. Laws, c. 213, § 2.)

§ 1816 Hearing procedures.

(a) If a complaint alleging that a licensee has violated § 1814 of this title is filed with the Division pursuant to § 8735(h) of this title, the Board shall set a time and place to conduct a hearing on the complaint. The Division shall give notice of the hearing and the Board shall conduct the hearing in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) A hearing conducted pursuant to this section is informal, without the use of the Delaware Rules of Evidence. If the Board decides by the affirmative votes of 5 or more members that a licensee has violated § 1814 of this title, the Board may take any action permitted under this chapter that the Board considers reasonable. The Board's decision must be in writing and must include the reasons for the decision. The Board shall immediately mail its decision to the licensee or personally serve the licensee with the decision.

(c) If a licensee disagrees with the decision of the Board, the licensee may appeal the Board's decision to the Superior Court within 30 days of the postmarked date of the copy of the decision mailed to that licensee, or within 30 days of personal service. Upon appeal, the Court shall review the evidence on the record. A stay pending review may be granted by the Court in accordance with § 10144 of Title 29.

(71 Del. Laws, c. 185, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 296, § 1.)

§ 1817 Reinstatement of a suspended license; removal from probationary status.

(a) The Board may reinstate a suspended license if, after a hearing, the Board is satisfied that the licensee has taken the required corrective actions and has otherwise satisfied all of the conditions imposed pursuant to the license suspension and/or probation period.

(b) An individual seeking license reinstatement and/or removal from probationary status must pay the appropriate fees and submit the documentation required by the Board to show that all the conditions imposed pursuant to the license suspension and/or the probation period have been met. Proof that the individual has met the continuing education requirements of this chapter may also be required.

(c) [Repealed.]

§§ 1818, 1819

Subchapter III

License — Heating, Ventilation, Air Conditioning, and Refrigeration

§ 1820 License required; exemptions.

(a) A person shall not provide HVACR or HVACR restricted services in this State nor hold himself or herself out to the public as being a master HVACR licensee or master HVACR restricted licensee, nor use “master HVACR licensee”, “master HVACR restricted licensee” in connection with that person’s name nor otherwise assume or use any title or description conveying or tending to convey the impression that that person is qualified to provide HVACR or HVACR restricted services, unless that person has been licensed as a master HVACR licensee or a master HVACR restricted licensee under this chapter or exempted from the provisions of this chapter pursuant to subsection (c) of this section.

(b) If the license of a master HVACR licensee or master HVACR restricted licensee has expired or been suspended or revoked, it is unlawful for the holder of the expired, suspended, or revoked license to act as a master HVACR licensee, or master HVACR restricted licensee in this State.

(c) An individual may provide HVACR or HVACR restricted services without being licensed under this chapter if:

(1) The individual is an apprentice, journeyman, mechanic or other person providing such services under the supervision of a master HVACR licensee or master HVACR restricted licensee, who is the individual’s employer or who is employed full time by the same business entity as the individual;

(2) The individual is a homeowner who is performing HVACR services other than gas piping in or about that individual’s own home that is not for sale or any part for rent or lease;

(3) The individual is providing such services on property used exclusively for agricultural purposes and the individual has filed an application for a permit with the authorized inspection authority;

(4) The individual is providing such services pursuant to the provisions in § 1831 of this title.

(d) The penalty for a violation of this section is, for a first offense, a fine of not less than \$500 nor more than \$1000, and, for a second or subsequent offense, a fine of not less than \$1000 nor more than \$2000. Justice of the Peace Courts have jurisdiction over violations of this section.

(75 Del. Laws, c. 296, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1821 Qualifications of applicant — Heating, ventilation, air conditioning, and refrigeration.

(a) An applicant for licensure as a master HVACR licensee, or master HVACR restricted licensee, must submit evidence, satisfactory to the Board and verified by oath or affirmation, that the applicant:

(1) Has received a journeyman’s certificate issued in any state following completion of an HVACR, or HVACR restricted apprenticeship program that meets or exceeds the Federal Bureau of Apprenticeship and Training Standards and, thereafter, performed HVACR, or HVACR restricted services for 2 years under the supervision of a master HVACR licensee, or master HVACR restricted licensee, or an individual holding a similar level of licensure in another state; or has performed HVACR or HVACR restricted services for 7 years under the supervision of a master HVACR licensee or master HVACR restricted licensee or an individual holding a similar level of licensure in another state and, thereafter, successfully completed the apprenticeship equivalency test approved by the Board and administered by a Delaware vocational-technical school;

(2) Has achieved the passing score on a written, standardized examination, designated by the Board and approved by the Division, for licensure as a Delaware master HVACR licensee or master HVACR restricted licensee after fulfilling the experience and/or training requirements of this section;

(3) Has been certified at the appropriate level for handling chlorofluorocarbons (CFC’s) by a testing organization approved by the Environmental Protection Agency;

(4) Has not received any administrative penalties regarding that applicant’s practice, including, but not limited to, fines, formal reprimands, license suspension or revocation (except for license revocation for nonpayment of license renewal fees), probationary limitations, and consent agreements which contain conditions placed by a Board on the applicant’s occupational conduct or practice, including the voluntary surrender of a license, certificate, registration, or other authorization to provide HVACR services. The Board may determine after a hearing whether the imposition of a particular administrative penalty is grounds to deny licensure;

(5) Does not have an impairment related to drug or alcohol use that would limit that applicant’s ability to provide HVACR or HVACR restricted services in a manner that is not detrimental to the health, safety, or welfare of the public;

(6) Does not have any disciplinary proceedings or unresolved complaints pending against that applicant in any jurisdiction where that applicant has previously been or is currently authorized to provide HVACR or HVACR restricted services; and

(7) Does not have a criminal conviction record relating to an incident, the circumstances of which substantially relate to providing HVACR or HVACR restricted services. An applicant who has such a criminal conviction record must request appropriate authorities

provide information about the record directly to the Board in sufficient specificity to enable the Board to make a determination of whether the record is substantially related to providing HVACR or HVACR services. In determining whether a crime is substantially related to the professions regulated by this chapter, the Board may not consider a conviction where more than 10 years have elapsed since the date of the conviction, if there have been no other criminal convictions in the intervening time. After a hearing or review of documentation that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, or during the time between meetings, the Board President or the President's designee, may waive this paragraph (a)(7) herein if it finds all of the following:

a. For waiver of a felony conviction, where the crime was committed against a person, more than 3 years have passed since the date of the conviction and for all other felonies, more than 2 years have elapsed since the date of conviction. b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing plumbing services in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(8) Has not been convicted of a felony sexual offense.

(b) The Board may waive the requirements of paragraph (a)(4) or (7) of this section for good cause.

(c) Each applicant shall provide the information requested on the application form approved by the Board. All evidence of experience must be submitted by affidavit on forms approved by the Board. An application form may not require an applicant to submit a photograph of himself or herself, or information related to citizenship, place of birth, length of state residency, or personal references.

(d) If the Board finds that false information has been intentionally provided to the Board, it shall report its finding to the Attorney General's Office for further action.

(e) If the Board refuses to accept, or rejects, an application and the applicant believes that the Board acted without justification, or imposed a higher or different standard to the applicant than to other applicants, or in some other unlawful manner contributed to or caused the refusal or rejection of the application, the applicant may appeal to the Superior Court.

(a) The written, standardized examination required in § 1821(a)(2) of this title must be offered at least quarterly. The Board will determine the passing score in its rules and regulations.

(b) An applicant who fails to receive a passing score on an examination administered pursuant to this chapter may apply to retake the examination on the next available date. (75 Del. Laws, c. 296, § 1.)

§ 1823 Reciprocity.

(a) Upon submission and acceptance of a written application on forms provided by the Board, along with payment of the required fee, the Board shall grant a license to each applicant who presents proof of current licensure in good standing in another state, the District of Columbia, or a territory of the United States whose standards for licensure are substantially similar to those of this State and who submits the verified evidence described in § 1821(a)(3) through (7) of this of this title.

(b) An applicant who is licensed by another state, the District of Columbia, or a territory of the United States whose standards for licensure are not substantially similar to those of this State must have practiced for a minimum of 7 years after licensure, in addition to meeting the other qualifications for reciprocity in this section.

(75 Del. Laws, c. 296, § 1.)

§ 1824 Fees.

The amount set by the Division for each fee imposed under this chapter must approximate and reasonably reflect the costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its services on behalf of the Board. A separate fee may be charged for each service or activity, but a fee may not be charged unless the service or activity is specified in this chapter. The application fee may not be combined with any other fee. At the beginning of each licensure biennium, the Division, or another State agency acting in its behalf, shall compute the fees for each separate service or activity for the licensure biennium.

(75 Del. Laws, c. 296, § 1.)

§ 1825 Issuance and renewal of licenses.

(a) The Board shall issue a license to each applicant who meets the requirements of this chapter for licensure as a master HVACR licensee or master HVACR restricted licensee and who pays the appropriate fees established under § 1824 of this title.

(b) A license is renewable biennially in a manner determined by the Division, upon payment of the appropriate fee, submission of a renewal form provided by the Division, and proof that the licensee has met any continuing education requirements established by the Board.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensee may renew that licensee's license, notwithstanding the fact that the licensee failed to renew that licensee's license on or before the designated renewal date; provided, however, that the period of time may not exceed 1 year beyond the designated renewal date.

(d) A licensee, upon the licensee's written request, may be placed on inactive status for no more than 5 years. A licensee on inactive status who desires to reactivate that licensee's license must complete and submit an application form approved by the Board, submit the reactivation fee set by the Division, and submit proof of fulfillment of any continuing education requirements established by the Board.

(75 Del. Laws, c. 296, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1826 Complaints.

(a) All complaints received by the Division must be investigated in accordance with § 8735 of Title 29. The Division must issue a final written report at the conclusion of its investigation.

(b) If the Board determines that a person has provided or is providing HVACR or HVACR restricted services or has used or is using the title "master HVACR licensee", "master HVACR restricted licensee", or a similar designation contrary to the requirements of this chapter, the Board shall request that the Office of the Attorney General issue a cease and desist order and/or prosecute the person.

(75 Del. Laws, c. 296, § 1.)

§ 1827 Grounds for discipline or other remediation.

(a) An individual licensed under this chapter is subject to disciplinary sanctions set forth in § 1828 of this title or other appropriate remediation, if, after a hearing, the Board finds that the licensee has:

(1) Employed or knowingly cooperated in fraud or material deception in order to acquire a license, has allowed another person to use that licensee's license, or has aided or abetted an unlicensed to represent himself or herself as an individual licensed pursuant to this chapter;

(2) Illegally, incompetently, or negligently provided HVACR or HVACR restricted services;

(3) Been convicted of an offense, the circumstances of which substantially relate to providing HVACR or HVACR restricted services. A copy of the record of conviction certified by the clerk of the court entering the conviction is conclusive evidence of conviction;

(4) In the last 2 years used illegal drugs; used prescription drugs without a prescription; excessively used legally prescribed drugs; or abused alcoholic beverages or drugs to the extent that it impaired that licensee's ability to provide services authorized under this chapter with reasonable skill, competence, and safety to the public;

(5) Engaged in an act of consumer fraud or deception, engaged in the restraint of competition, or participated in price-fixing activities;

(6) Violated a provision of this chapter or any lawful regulation established hereunder;

(7) Had that licensee's license as a master HVACR licensee or master HVACR restricted licensee suspended or revoked, or been subjected to other adverse action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for the suspension, revocation, or other adverse action in another jurisdiction have been presented to the Board by certified record and the Board has determined that the facts found by the appropriate licensing authority in the other jurisdiction constitute 1 or more of the acts listed in this section. A person licensed in this State is deemed to have given consent to the release of information regarding license suspension or revocation or other adverse action taken by the Board or by comparable agencies in other jurisdictions and to have waived all objections to the admissibility of previously adjudicated evidence of the acts or offenses which underlie license suspension or revocation or other adverse action;

(8) Failed to notify the Board that the licensee's license to provide services authorized under this chapter in another jurisdiction has been subject to discipline, or has been surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, or of the surrender, suspension, or revocation of the license shall be conclusive evidence thereof; and

(9) A physical or mental impairment that prevents that licensee from providing services authorized under this chapter with reasonable skill, competence, and safety to the public.

(b) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension.

The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

- (1) Issue a letter of reprimand to the licensee;
- (2) Censure the licensee;
- (3) Place the licensee on probationary status and require that licensee to:
 - a. Report regularly to the Board upon the matters that are the basis of the probation; and/or
 - b. Limit all practice and professional activities to those areas prescribed by the Board;
- (4) Suspend the license of the licensee;
- (5) Revoke the license of the licensee;
- (6) Prescribe an administrative penalty, not to exceed \$500 for each violation.

(b) The Board may withdraw or reduce conditions of probation imposed pursuant to paragraph (a)(3) of this section, if it finds that the deficiencies that required the conditions of probation to be imposed have been remedied.

(c) If the Board suspends a licensee due to an impairment pursuant to § 1827(9) of this title, the Board may reinstate the license if, after a hearing, the Board is satisfied that the licensee is able to provide professional services with reasonable skill, competence, and safety to the public.

(75 Del. Laws, c. 296, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1829 Hearing procedures.

(a) If a complaint alleging that a licensee has violated § 1827 of this title is filed with the Division pursuant to § 8735(h) of Title 29, the Board shall set a time and place to conduct a hearing on the complaint. The Division shall give notice of the hearing and the Board shall conduct the hearing in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) A hearing conducted pursuant to this section is informal, without the use of the Delaware Rules of Evidence. If the Board decides by the affirmative votes of 5 or more members that a licensee has violated § 1827 of this title, the Board may take any action permitted under this chapter that the Board considers reasonable. The Board's decision must be in writing and must include the reasons for the decision. The Board shall immediately mail its decision to the licensee or personally serve the licensee with the decision.

(c) If a licensee disagrees with the decision of the Board, the licensee may appeal the Board's decision to the Superior Court within 30 days of the postmarked date of the copy of the decision mailed to that licensee, or within 30 days of personal service. Upon appeal, the Court shall review the evidence on the record. A stay pending review may be granted by the Court in accordance with § 10144 of Title 29.

(75 Del. Laws, c. 296, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1830 Reinstatement of a suspended license; removal from probationary status.

(a) The Board may reinstate a suspended license if, after a hearing, the Board is satisfied that the licensee has taken the required corrective actions and has otherwise satisfied all of the conditions imposed pursuant to the license suspension and/or probation period.

(b) An individual seeking license reinstatement and/or removal from probationary status must pay the appropriate fees and submit the documentation required by the Board to show that all the conditions imposed pursuant to the license suspension and/or the probation period have been met. Proof that the individual has met the continuing education requirements of this chapter may also be required.

Such certificate shall entitle the holder to engage in the practice of professional, practical, or advanced practice registered nursing for the period stated therein. Any licensee whose license lapses for failure to renew the license may be reinstated by the Board upon satisfactory evidence of active employment in professional, practical, or advanced practice registered nursing within the past 5 years or satisfactory completion of a refresher program within an approved agency within a 1-year period prior to renewal and upon satisfactory explanation for the failure to renew the license and payment of a penalty fee to be determined.

A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

Chapter 19A.

Nurse Multistate Licensure Compact.

§ 1901A Nurse Multistate Licensure Compact.

The State hereby enters into the Nurse Multistate Licensure Compact (“Compact”) as set forth in this chapter. The text of the Compact is as set forth in this chapter.

(81 Del. Laws, c. 50, § 1.)

§ 1902A Findings and declaration of purpose.

(a) The party states find the following:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation’s health-care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states.

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

(b) The general purposes of this Compact are to do the following:

(1) Facilitate the states’ responsibility to protect the public’s health and safety.

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions.

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction.

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

(6) Decrease redundancies in the consideration and issuance of nurse licenses.

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

(81 Del. Laws, c. 50, § 1.)

§ 1903A Definitions.

As used in this Compact:

(a) “Adverse action” means any administrative, civil, equitable, or criminal action permitted by a state’s laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual’s license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee’s practice, or any other encumbrance on licensure affecting a nurse’s authorization to practice, including issuance of a cease and desist action.

(b) “Alternative program” means a nondisciplinary monitoring program approved by a licensing board.

(c) “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(d) “Current significant investigative information” means 1 of the following:

(1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

(2) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(e) “Encumbrance” means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(f) “Home state” means the party state that is the nurse’s primary state of residence.

(g) “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.

(h) “Multistate license” means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(i) “Multistate licensure privilege” means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

- (j) “Nurse” means RN or LPN/VN, as those terms are defined by each party state’s practice laws.
 - (k) “Party state” means any state that has adopted this Compact.
 - (l) “Remote state” means a party state, other than the home state.
 - (m) “Single-state license” means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.
 - (n) “State” means a state, territory, or possession of the United States and the District of Columbia.
 - (o) “State practice laws” means a party state’s laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.
- (81 Del. Laws, c. 50, § 1.)

§ 1904A General provisions and jurisdiction.

(a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state’s criminal records.

- (5) Is eligible for or holds an active, unencumbered license.

- (10) Is subject to self-disclosure requirements regarding current participation in an alternative program.
- (11) Has a valid United States Social Security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse’s multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse’s authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege subjects a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state’s single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on January 20, 2018, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse, who changes primary state of residence after January 20, 2018, must meet all applicable requirements under subsection (c) of this section to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection (c) of this section due to a disqualifying event occurring after January 20, 2018, shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

(81 Del. Laws, c. 50, § 1.)

§ 1905A Applications for licensure in a party state.

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only 1 party state at a time.

(c) If a nurse changes primary state of residence by moving between 2 party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

(81 Del. Laws, c. 50, § 1.)

§ 1906A Additional authorities invested in party state licensing boards.

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

a. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

b. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions.

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

(7) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary

orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

(81 Del. Laws, c. 50, § 1.)

§ 1907A Coordinated licensure information system and exchange of information.

(a) All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this Compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action; any current significant investigative information; denials of applications, with the reasons for such denials; and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum all of the following:

(1) Identifying information.

(2) Licensure data.

(3) Information related to alternative program participation.

(4) Other information that may facilitate the administration of this Compact, as determined by Commission rules.

(i) The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

(81 Del. Laws, c. 50, § 1.)

§ 1908A Establishment of the Interstate Commission of Nurse Licensure Compact Administrators.

(a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

(1) The Commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

(b) *Membership, voting, and meetings.* — (1) Each party state shall have and be limited to 1 administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to 1 vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the Commission.

(4) All meetings shall be open to the public and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in § 1909A of this title.

- (5) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss any of the following:

 - The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures.
 - Current, threatened, or reasonably anticipated litigation.
 - Negotiation of contracts for the purchase or sale of goods, services, or real estate.
 - Accusing any person of a crime or formally censuring any person.
 - Disclosure of trade secrets or commercial or financial information that is privileged or confidential.
 - Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy.
 - Disclosure of investigatory records compiled for law enforcement purposes.
 - Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact.
 - Matters specifically exempted from disclosure by federal or state statute.
- (6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

- Establishing the fiscal year of the Commission.
 - Providing reasonable standards and procedures for the following:
 - The establishment and meetings of other committees.
 - Governing any general or specific delegation of any authority or function of the Commission.
 - Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed.
 - Establishing the titles, duties, and authority, and reasonable procedures for the election of the officers of the Commission.

- (e) The Commission shall maintain its financial records in accordance with the bylaws.
- (f) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.
- (g) The Commission shall have the following powers:
- To promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all party states.

(7) To accept any and all appropriate donations, grants, and gifts of money, equipment, supplies, materials, and services and to receive, utilize, and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest.

(8) To lease, purchase, accept appropriate gifts, or donations of, or otherwise to own, hold, improve, or use any property, whether real, personal, or mixed; provided that at all times the Commission shall avoid any appearance of impropriety.

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed.

(10) To establish a budget and make expenditures.

(11) To borrow money.

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons.

(13) To provide and receive information from, and to cooperate with, law enforcement agencies.

(14) To adopt and use an official seal.

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of nurse licensure and practice.

(h) *Financing of the Commission.* — (1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule that is binding upon all party states.

(3) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

(4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

(i) *Qualified immunity, defense, and indemnification.* — (1) The administrators, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, wilful, or wanton misconduct of that person.

(2) The Commission shall defend any administrator, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, wilful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, wilful, or wanton misconduct of that person.

(81 Del. Laws, c. 50, § 1; 70 Del. Laws, c. 186, § 1.)

§ 1909A Rulemaking.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

(b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(c) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking as follows:

(1) On the website of the Commission.

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking shall include the following:

(1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon.

(2) The text of the proposed rule or amendment, and the reason for the proposed rule.

(3) A request for comments on the proposed rule from any interested person.

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The Commission shall publish the place, time, and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is 1 that must be adopted immediately in order to do any of the following:

(1) Meet an imminent threat to public health, safety, or welfare.

(2) Prevent a loss of Commission or party state funds.

(3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

(l) The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

(81 Del. Laws, c. 50, § 1.)

§ 1910A Oversight, dispute resolution, and enforcement.

(a) *Oversight.* (1) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

(2) The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) *Default, technical assistance, and termination.* (1) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall do all of the following:

a. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the Commission.

b. Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) *Dispute resolution.* (1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and nonparty states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the Commission cannot resolve disputes among party states arising under this Compact:

a. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

b. The decision of a majority of the arbitrators shall be final and binding.

(d) *Enforcement.* (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies in this section are not the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

(81 Del. Laws, c. 50, § 1.)

§ 1911A Effective date, withdrawal, and amendment.

(a) This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than 26 states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact, superseded by this Compact, ("prior compact"), are deemed to have withdrawn from said prior compact within 6 months after the effective date of this Compact.

(b) Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

(c) Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(e) Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this Compact.

(f) This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of nonparty states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

(81 Del. Laws, c. 50, § 1.)

§ 1912A Construction and severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

(81 Del. Laws, c. 50, § 1.)

§ 2007 License required.

(a) A person may not engage in the practice of occupational therapy or hold the person out to the public in this State as being qualified to practice as an occupational therapist or occupational therapy assistant, or use in connection with the person's name, or otherwise assume or use, any title or description conveying or tending to convey the impression that the person is qualified to practice occupational therapy, unless the person has been licensed under this chapter.

(b) If a license to practice as an occupational therapist or occupational therapy assistant in this State has expired or been suspended or revoked, it is unlawful for the person holding the expired, suspended, or revoked license to practice occupational therapy in this State.

(c) It is unlawful for a person or business entity, or a person's or business entity's employees, agents, or representatives to use in connection with the person's or business entity's name or business activity the words occupational therapist, occupational therapist registered, licensed occupational therapist, occupational therapy assistant, licensed occupational therapy assistant; the letters of OT, OT/L, OTR, OTR/L, OTA, COTA, COTA/L; or any other words, letters, abbreviations, or insignia indicating or implying directly or indirectly that occupational therapy services are rendered, unless the person or business entity is licensed under this chapter.

(65 Del. Laws, c. 172, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 293, § 1; 81 Del. Laws, c. 424, § 7.)

§ 2008 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure as an occupational therapist or occupational therapy assistant under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that the applicant meets all of the following qualifications:

(1) Has successfully completed the academic requirements of an educational program in occupational therapy that the Board recognizes. The occupational therapy education program and occupational therapist assistant educational program must be accredited by the Accreditation Council for Occupational Therapy Education.

a., b. [Repealed.]

(2) Has successfully completed a period of supervised field work experience arranged by the recognized educational institution where the applicant has met the academic requirements, or by the nationally recognized professional association.

(3) Has achieved the passing score on the written standardized examination developed by the National Board for Certification in Occupational Therapy, Inc., or its successor.

(4) a. Has not been the recipient of any administrative penalties regarding the applicant's practice of occupational therapy, including fines; formal reprimands; license suspensions or revocation, except for license revocations for nonpayment of license renewal fees; or probationary limitations.

b. Has not entered into any "consent agreements" which contain conditions placed by a Board on that applicant's professional conduct and practice, including any voluntary surrender of a license.

c. The Board may determine, after a hearing, whether an administrative penalty included in paragraphs (a)(4)a. and (a)(4)b. of this section is grounds to deny licensure.

(5) Has no impairment related to drugs, alcohol, or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake the practice of occupational therapy in a manner consistent with the safety of the public.

(6) Does not have a criminal conviction record or pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of occupational therapy. Applicants who have criminal conviction records or pending criminal charges shall request that the appropriate authorities provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of occupational therapy. The Board may waive this paragraph (a)(6) if, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a quorum, it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence, and must be in substantial compliance with all court orders pertaining to fines, restitution, and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant must not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence, and must be in substantial compliance with all court orders pertaining to fines, restitution, and community service.

c. The applicant is capable of practicing occupational therapy in a competent and professional manner.

d. Granting the waiver will not endanger the public health, safety, or welfare.

(8) a. Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain all of the following:

1. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no criminal history record relating to that applicant.

2. A report of the applicant's entire federal criminal history record under the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification is the intermediary for purposes of this section and the Board is the screening point for the receipt of the federal criminal history records.

b. An applicant may not be licensed to practice occupational therapy until the applicant's criminal history reports have been produced. The Board may not license an applicant whose record shows a prior criminal conviction unless a waiver is granted under paragraph (a)(6) of this section.

(b) If the Board finds to its satisfaction that an applicant has been intentionally fraudulent or intentionally supplied false information, it shall report its findings to the Attorney General for further action.

(c) If the Board refuses or rejects an application and the applicant believes that the Board has acted without justification, imposed higher or different standards for that applicant than for other applicants or licensees, or in some other manner contributed to or caused the failure of the application, the applicant may appeal to the Superior Court.

(d) Licensees must be fingerprinted by the State Bureau of Identification, at the licensee's expense, for the purposes of performing subsequent criminal background checks.

(a) The amount to be charged for each fee imposed under this chapter must approximate and reasonably reflect all costs necessary to defray the Board's expenses and the Division's proportional expenses in its service on behalf of the Board.

(b) A separate fee may be charged for each service or activity, but no fee may be charged for a purpose not specified in this chapter.

(c) The application fee must not be combined with any other fee or charge.

(d) At the beginning of each licensure biennium, the Division or other state agency acting on the Division's behalf shall compute, for each separate service or activity, the appropriate Board fees for the coming licensure biennium.

§ 2015 Grounds for discipline.

(a) A licensee is subject to disciplinary actions under § 2017 of this title if, after a hearing, the Board finds that the licensee has done any of the following:

(1) Employed or knowingly cooperated in fraud or material deception in order to acquire a license as an occupational therapist or occupational therapy assistant, impersonated another person holding a license or registration, allowed another person to use the licensee's license, or aided or abetted a person not licensed under this chapter to represent the person as an occupational therapist or occupational therapy assistant.

(2) Been convicted of a crime that is substantially related to the practice of occupational therapy. A copy of the record of conviction certified by the clerk of the court entering the conviction is conclusive evidence of the conviction.

(5) Violated a provision of this chapter or a regulation established under this chapter.

(6) Had the licensee's license, certification, or registration as an occupational therapist or occupational therapy assistant suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction.

a. For this paragraph (a)(6) to apply, the underlying grounds for the action in another jurisdiction must be presented to the Board by certified record, and the Board must determine that the facts found in the other jurisdiction constitute 1 or more of the acts defined in this chapter.

b. A licensee is deemed to have consented to the release of the information under paragraph (a)(6)a. of this section by the Board or comparable agency in another jurisdiction and waived all objections to the admissibility of previously adjudicated evidence on the record of the other jurisdiction.

(7) Failed to notify the Board that the licensee's license, certification, or registration as an occupational therapist or occupational therapy assistant in another jurisdiction has been subject to discipline, surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, surrender, suspension, or revocation is conclusive evidence thereof.

(8) While acting as a supervising occupational therapist, has failed to supervise and take reasonable steps to see that an occupational therapy assistant performs services responsibly, competently, and ethically, in accordance with rules and regulations that the Board established. A supervising occupational therapist is subject to disciplinary action for an act or offense which is grounds for disciplinary action when the act or offense is undertaken by the occupational therapy assistant acting under the supervising occupational therapist's direction or control.

(b) If a licensee fails to comply with the Board's request that the licensee attend a hearing, the Board may petition the Superior Court to order the licensee's attendance. The Court has the jurisdiction to issue an order requiring the licensee to attend the hearing.

If the formal warning does not resolve the matter, the Board may apply to the Office of the Attorney General to issue a cease and desist order.

(c) The Division shall investigate a complaint against a licensee involving allegations of unprofessional conduct or incompetence.

(65 Del. Laws, c. 172, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 293, § 1; 81 Del. Laws, c. 424, § 16.)

(1) An order temporarily suspending a license must not be issued unless the licensee or the licensee's attorney receives at least 24 hours' written or oral notice before the temporary suspension, so that the licensee or the licensee's attorney may file a written response to the proposed suspension.

(2) The decision as to whether to issue the temporary order of suspension must be decided on the written submissions.

(3) An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order, unless the licensee requests a continuance of the hearing, in which case the order of temporary suspension remains in effect until the hearing is convened and the Board renders a decision.

(4) A licensee whose license has been temporarily suspended under this section may request an expedited hearing. Upon the licensee's timely request, the Board shall schedule the hearing on an expedited basis. A request is timely if the licensee provides it to the Board within 5 calendar days from the date that the licensee received notice of the temporary suspension.

(d) As a condition to reinstatement of a suspended license or removal from probationary status, the Board may impose disciplinary or corrective measures authorized under this chapter.

(e) The Board shall permanently revoke the license of a licensee who is convicted of a felony sexual offense.

Notice of the hearing must be given and the hearing must be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings are informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision must be in writing and include the Board's reasons for the decision. The Board's decision must be mailed immediately to the licensee.

(c) If the licensee is in disagreement with the Board's action, the licensee may appeal the Board's decision to the Superior Court within 30 days of service of the Board's decision or the postmarked date of the copy of the decision mailed to the licensee. Upon an appeal, the Court shall hear the evidence on the record. The Court may grant a stay in accordance with § 10144 of Title 29.

Chapter 21
Optometry

§ 2100 Objectives.

The primary objective of the Board of Examiners in Optometry, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

The secondary objectives of the Board are to maintain minimum standards of practitioner competency and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at formal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against practitioners.

(70 Del. Laws, c. 546, § 1.)

§ 2101 Definition of practice of optometry.

(a) "Practice of optometry" means the examination or measurement by any subjective or objective means including automated or testing devices for the diagnosis, treatment, and prevention of conditions of the human eye, lid, adnexa, and visual system as outlined below.

(1) "Practice of optometry" includes all of the following:

- a. Use, adapting, and fitting of all types of lenses or devices except as provided in paragraph (a)(2) of this section.
- b. Dispensing of any type of contact lenses that must be dispensed in accordance with a written, current contact lens prescription from a licensed physician or optometrist, including information that the Board may specify by rule or regulation.
- c. Determination of refractive error or visual, muscular, or anatomical anomalies of the eye.
- d. Provision or prescription of vision therapy, low-vision rehabilitation, or developmental or perceptual therapy.

(2) A license to practice optometry includes the utilization of any method or means which the optometrist is educationally qualified to provide, as established by the Delaware State Board of Examiners in Optometry and:

- a. Includes performance of minor procedures on the surface of the skin of the ocular adnexa, of the cornea and conjunctiva of the globe and lid that can be performed safely with topical anesthesia and that would not require the use of injections or penetration of the globe, and the cutting or closure of human tissue by suture or staple, glue, adhesive, soldering, or cauterization. Also excludes anterior corneal stromal puncture, collagen cross-linking, postsurgical pterygium or conjunctival graft gluing of amniotic membranes, mechanical polishing of the corneal basement membrane, or any procedure that requires full- or partial-thickness incision of the sclera or cornea. Such minor procedures include: removal of superficial foreign body of the external eye conjunctiva; removal of conjunctival nonperforating foreign bodies; removal of a foreign body with or without slit lamp; superficial corneal scraping for diagnostic purposes; epilation of trichiasis by forceps; expression of conjunctival follicles; closure of lacrimal punctum by plug; intense pulsed light therapy; thermal treatment of eyelid margin for dry eye and blepharitis such as Lipiflow; and dilation of lacrimal punctum, with or without irrigation except on infant and toddler patients.

b. Prohibits surgery.

c. Prohibits the use of ophthalmic lasers or other modalities in which tissue is burned, vaporized, cut, or otherwise irreversibly altered by thermal, light-based, electromagnetic, radiation, chemical, ultrasound, infusion, cryotherapy, or similar means, excluding the use of pharmaceutical agents described in paragraph (a)(3) of this section.

d. Procedures must meet the standard of care as if performed by a physician.

(3) "Practice of optometry," as it relates to pharmaceutical agents, means as follows:

a. Includes the use of pharmaceutical agents for the diagnosis and treatment of diseases, disorders, and conditions of the eye and adnexa based on the licensing requirement that satisfies the requirement for graduate level coursework that includes general and ocular pharmacology as follows:

1. Prescription for controlled substances.

A. Schedule II controlled substances containing Hydrocodone, with a limitation on maximum 72-hour supply.

B. Schedules III, IV, and V controlled substances, with a limitation on maximum 72-hour supply.

2. Prescription for the use of an oral steroid with a limitation not to exceed a single 6-day methylprednisolone dose pack.

b. Includes the use of an epinephrine auto-injector to counteract anaphylaxis.

c. Excludes prescription for oral immuno-suppressives except for the use of oral steroids under § 2101(a)(3)a.2. of this title.

d. Excludes the prescription of oral antifungals.

e. Excludes the prescription of oral antimetabolites.

f. Excludes the prescription of any substance delivered intravenously or by injection.

g. Excludes any medication used solely for the treatment of systemic conditions outside the scope of an optometrist.

(b) For purposes of this chapter, the term "diagnostically certified optometrists" applies only to those currently licensed in the category and if that license lapses, the licensee could only relicense by meeting current licensing requirements in § 2107 of this title. The duties of

a nondiagnostically certified optometrist are limited to those that do not utilize therapeutic pharmaceutical agents or perform procedures that require subsequent treatment with therapeutic pharmaceutical agents.

(c) In administering this chapter, the State Board shall, by rule or regulation, specify those acts, services, procedures and practices which constitute the “practice of optometry” within the definitions of this section and consistent with having submitted proof of graduate level coursework that includes general and ocular pharmacology.

(d) For purposes of disability insurance, workers’ compensation, standard health and accident, sickness and other insurance policies, programs and plans, if the optometrist is authorized by law to perform the particular services, the optometrist shall be entitled to compensation for services under the said programs. Individuals entitled to such services shall have freedom to choose between any optometrist and any physician skilled in diseases of the eye.

(e) The practice of optometry also includes services provided by telemedicine and participation in telehealth. For the purposes of this section, “telehealth” is defined as the use of information and communications technologies consisting of telephones, remote patient monitoring devices or other electronic means which support clinical health care, provider consultation, patient and professional health-related education, public health, health administration, and other services as described in regulation. “Telemedicine” means a form of telehealth which is the delivery of clinical health-care services by means of real time 2-way audio, visual, or other telecommunications or electronic communications, including the application of secure video conferencing or store and forward transfer technology to provide or support health-care delivery, which facilitate the assessment, diagnosis, consultation, treatment, education, care management and self-management of a patient’s health care by a licensee practicing within his or her scope of practice as would be practiced in-person with a patient and with other restrictions as defined in regulation. “Distant site” means a site at which a health-care provider legally allowed to practice in the State is located while providing health-care services by means of telemedicine or telehealth. “Originating site” means a site in Delaware at which a patient is located at the time health-care services are provided to him or her by means of telemedicine or telehealth, unless the term is otherwise defined with respect to the provision in which it is used; provided, however, notwithstanding any other provision of law, insurers and providers may agree to alternative siting arrangements deemed appropriate by the parties. “Store and forward transfer” means the transmission of a patient’s medical information either to or from an originating site or to or from the provider at the distant site, but does not require the patient being present nor must it be in real time.

An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section, unless such amendment or revision amends this section to permit such an appointment.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetency or neglect of duty. (8) Establish by rule and regulation continuing education standards required for license renewal.

(10) Refer all complaints from licensees and the public concerning licensed optometrists or concerning practices of the Board or of the profession to the Division of Professional Regulation for investigation pursuant to § 8735 of Title 29; and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

(11) Conduct hearings and issue orders in accordance with procedures established pursuant to this chapter, Chapter 101 of Title 29 and § 8735 of Title 29. The application fee shall not be combined with any other fee or charge. At the beginning of each calendar year, the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute for each separate service or activity, the appropriate Boards fees for the coming year.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 2115 of this title if, after a hearing, the Board finds that the optometrist has:

- (1) Practiced in a merchandising store;
- (2) Practiced in an office not exclusively devoted to the practice of optometry or other health care profession, where material or merchandise is displayed pertaining to a business or commercial undertaking not bearing any relation to the practice of optometry

or other health care profession or practicing in a store or office which does not conform to that used by the majority of professional optometrists in the area;

(3) Continued in the employ of, or acted as an assistant to, any person, firm or corporation, either directly or indirectly, after the optometrist has knowledge that such person, firm or corporation is violating the laws of Delaware concerning the practice of optometry;

(4) Solicited in person or through an agent or agents for the purpose of selling ophthalmic materials or optometric services which involves any form of kickback arrangement or where financial remuneration or payment in kind is made to a nonpractitioner to induce referral business from that nonpractitioner;

(5) Caused or permitted the use of that optometrist's name, profession or professional title by or in conjunction with any association, company, corporation or unlicensed person in any advertising of any manner, unless in conjunction with a vision service plan approved by the Board;

(6) Practiced for or in conjunction with, either directly or indirectly, a corporation or company, except that allowed under Chapter 6 of Title 8; provided, that the foregoing shall not prevent a person licensed pursuant to this chapter from rendering optometric services at a nonprofit clinic which is operated by a corporation or company that is affiliated with a hospital licensed by the Department of Health and Social Services and accredited by the Joint Commission on Accreditation of Health Organizations (JCAH) or the American Osteopathic Association;

(7) Employed or knowingly cooperated in fraud or material deception in order to acquire a license as an optometrist; has impersonated another person holding a license or allowed another person to use that optometrist's license; or aided or abetted a person not licensed as an optometrist to represent himself or herself as an optometrist;

(8) Been convicted of a crime that is substantially related to the practice of optometry. "Substantially related" means the nature of the criminal conduct, for which the person was convicted, has a direct bearing on the fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the practice of optometry. A copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence therefor; however, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(8), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing optometry in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare;

(9) Excessively used or abused drugs (including alcohol, narcotics or chemicals);

(10) Engaged in an act of consumer fraud or deception; engaged in the restraint of competition; or participated in price-fixing activities;

(11) Had that optometrist's license, certification or registration as an optometrist suspended or revoked or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record, and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as an optometrist in this State shall be deemed to have given consent to the release of this information by the Board of Examiners in Optometry, or other comparable agencies in another jurisdiction, and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(12) Failed to notify the Board that the optometrist's license, certification or registration as an optometrist in another state has been subject to discipline or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof;

(13) Engaged in illegal, negligent or unethical conduct in the practice of optometry; or

(14) Violated any provision of this chapter or any rule or regulation of the Board.

(b) Where a practitioner fails to comply with the Board's request that the practitioner attend a hearing, the Board may petition the Superior Court to order such attendance, and the said Court or any judge assigned thereto shall have the jurisdiction to issue such order.

(c) Subject to this chapter and Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board and no practitioner's right to practice optometry shall be limited by the Board until such practitioner has been given notice and an opportunity to be heard, in accordance with the Administrative Procedures Act [Chapter 101 of Title 29].

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person’s license, pending a hearing, upon the written order of the Secretary of State or the Secretary’s designee, with the concurrence of the Board chair or the Board chair’s designee. An order temporarily suspending a license may not be issued unless the person or the person’s attorney received at least 24 hours’ written or oral notice before the temporary suspension so that the person or the person’s attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person’s license.

(d) Where a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended license or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

Notice of the hearing shall be given and the hearing conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds by a majority vote of all members that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board’s decision shall be in writing and shall include its reasons for such decision. The Board’s decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, that practitioner may appeal the Board’s decision to the Superior Court within 30 days of service or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

Three members are public members, 1 from each county. A public member may not be, nor ever have been, a pharmacist or a member of the immediate family of a pharmacist; may not be, nor ever have been, employed by a pharmacy; may not have a material interest in the providing of goods or services to a pharmacy; and may not be, nor ever have been, engaged in an activity directly related to the practice of pharmacy. A public member must be accessible to inquiries, comments, and suggestions from the general public.

(c) Except as provided in subsection (d) of this section, each Board member serves a term of 3 years, and may succeed himself or herself for 1 additional term; provided, however, that where a member was initially appointed to fill a vacancy, the member may succeed himself or herself for only 1 additional full term. (e) Minutes of all meetings must be recorded. The Executive Secretary shall maintain copies of the recorded minutes. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared must be made. The person requesting a transcript incurs the expense of preparing the transcript.

§ 2513 Temporary license.

The Executive Secretary may issue a temporary, 90-day license to practice pharmacy to a person who has made application for a permanent license and whose application is pending. In issuing a temporary, 90-day license, the Board may impose conditions as it considers appropriate, including, but not limited to, restrictions on the practice of pharmacy. The Board may grant 1 90-day extension of a temporary license.

(76 Del. Laws, c. 167, § 1.)

§ 2514 Complaints.

(a) All complaints received by the Division must be investigated in accordance with § 8735 of Title 29.

(b) If the Board determines that a person is engaging in or has engaged in the practice of pharmacy or is using the title “pharmacist” and is not licensed to practice pharmacy pursuant to § 2507 of this title, the Board shall request that the Office of the Attorney General issue a cease and desist order.

(24 Del. Laws, c. 140, § 16; Code 1915, § 872; 32 Del. Laws, c. 45, § 2; Code 1935, § 952; 24 Del. C. 1953, § 2529; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2515 Grounds for discipline.

(a) A pharmacist licensed under this chapter is subject to disciplinary sanctions set forth in § 2516 of this title if, after a hearing, the Board finds that the pharmacist:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license to practice pharmacy, has impersonated another person holding a license, has allowed another person to use the pharmacist’s license, or has aided or abetted a person not licensed to practice pharmacy to represent himself or herself as a pharmacist;

(2) Has illegally, incompetently, or negligently practiced pharmacy;

(3) Has been convicted of a crime that is substantially related to the practice of pharmacy; a copy of the record of conviction certified by the clerk of the court entering the conviction is conclusive evidence of conviction;

(4) Has used or abused drugs, as defined in § 2502(36) of this title, in the past 2 years;

(5) Has engaged in an act of consumer fraud or deception, engaged in the restraint of competition, or participated in price-fixing activities;

(6) Has violated a lawful provision of this chapter or any lawful regulation established hereunder;

(7) Has had that pharmacist’s own license to practice pharmacy suspended or revoked or has been subjected to other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for the suspension, revocation, or other action in another jurisdiction have been presented to the Board by certified record and the Board has determined that the facts found by the appropriate licensing authority in the other jurisdiction constitute 1 or more of the acts listed in this subsection. Every person licensed to practice pharmacy in this State is deemed to have given consent to the release of information regarding license suspension or revocation or other disciplinary action by the Board of Pharmacy or by other comparable agencies in other jurisdictions and to have waived all objections to the admissibility of previously adjudicated evidence of the acts or offenses which underlie license suspension or revocation or other disciplinary action;

(8) Has failed to notify the Board that the pharmacist’s license to practice pharmacy in another jurisdiction has been subject to discipline, or has been surrendered, suspended, or revoked; or that the licensee has been convicted of a crime that is substantially related to the practice of pharmacy. A certified copy of the record of disciplinary action, or of the surrender, suspension, or revocation of the license is conclusive evidence thereof. A copy of the record of conviction certified by the clerk of the court entering the conviction is conclusive evidence of conviction; or

(9) Has a physical or mental impairment that prevents the pharmacist from engaging in the practice of pharmacy with reasonable skill, competence, and safety to the public.

(b) Subject to the provisions of this chapter and subchapter IV of Chapter 101 of Title 29, the Board shall not restrict, suspend, or revoke a license to practice pharmacy or limit a licensee’s right to engage in the practice of pharmacy until the Board gives to the licensee proper notice and opportunity to be heard.

§ 2516 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it determines that a person licensed to practice pharmacy has violated a ground for discipline set forth in § 2515 of this title:

(1) Issue a letter of reprimand to the licensee;

(2) Censure the licensee;

(3) Place the licensee on probationary status and require the licensee to:

a. Report regularly to the Board upon the matters that are the basis of the probation; and/or

b. Limit all practice and professional activities to those areas prescribed by the Board;

(4) Suspend the license of the licensee;

(5) Revoke the license of the licensee;

(6) Impose an administrative penalty, not to exceed \$500 for each violation.

(b) The Board may withdraw or reduce conditions of probation imposed pursuant to paragraph (a)(3) of this section, if it finds that the deficiencies that required the conditions of probation to be imposed have been remedied.

(c) If the Board suspends a license to practice pharmacy due to an impairment of the licensee, the Board may reinstate the license if, after a hearing, the Board is satisfied that the licensee is able to practice pharmacy with reasonable skill, competence, and safety to the public.

§ 2517 Hearing procedures.

(a) If a complaint alleging a violation of § 2515 of this title is filed with the Board pursuant to § 8735(h) of Title 29, the Board shall set a time and place to conduct a hearing on the complaint. The Board shall give notice of the hearing and shall conduct the hearing in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) A hearing pursuant to this section is informal, without the use of the Rules of Evidence. If the Board decides by a majority vote of all members that the complaint has merit, the Board may take any action permitted under this chapter that the Board considers necessary. The Board's decision must be in writing and must include the reasons for the decision. The Board shall immediately mail its decision to the licensee or personally serve the licensee with the decision.

(c) If a licensee is in disagreement with the decision of the Board, the licensee may appeal the Board's decision to the Superior Court within 30 days of the postmarked date of the copy of the decision mailed to that licensee, or within 30 days of service. Upon appeal, the Court shall hear the evidence on the record. A stay pending review may be granted by the Court in accordance with § 10144 of Title 29.

Laws, c. 436, §§ 24-26; 76 Del. Laws, c. 167, § 1.)

§ 2518 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition of reinstatement of a suspended license or the issuance of another license after revocation, the Board may impose any condition or conditions that are authorized under this chapter. Before reinstating a suspended license or removing a licensee from probationary status, the Board shall, without a hearing, make a determination as to whether the licensee has taken the required corrective actions and has satisfied all of the conditions imposed pursuant to the license suspension and/or the probation period. A licensee who disagrees with a determination made by the Board under this subsection may request a hearing before the Board.

(b) A licensee seeking reinstatement or removal from probationary status must pay the appropriate fees and submit the evidence required by the Board to show that all the conditions imposed pursuant to the license suspension and/or the probation period have been met. Proof that the licensee has met that licensee's continuing education requirements may also be required.

(76 Del. Laws, c. 167, § 1; 70 Del. Laws, c. 186, § 1.)

§ 2519 Temporary suspension pending hearing.

In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

§ 2520 Counseling of pharmacists.

(a) If the Executive Secretary and the President of the Board jointly find after an investigation that a pharmacist has violated a provision of this chapter or a regulation enacted pursuant to this chapter, but that the violation can be reasonably resolved without a formal disciplinary sanction under § 2516 of this title, the Executive Secretary and the president, or his or her designee, may counsel the pharmacist regarding the violation. The Executive Secretary shall notify the pharmacist in writing of the finding and of the decision not to proceed with formal disciplinary sanctioning. The notification must explain the finding and request the presence of the pharmacist at a counseling session. During the counseling session, the Executive Secretary and the president, or his or her designee, shall discuss with the pharmacist the violation, and establish a plan of correction, if necessary.

(b) Counseling pursuant to subsection (a) of this section is voluntary. However, if the pharmacist fails to attend the counseling session or fails to comply with the necessary plan of correction specified by the Executive Secretary and the president, or his or her designee, the violation must be handled in the same manner as a violation of § 2515 of this title is handled.

(c) The counseling of a pharmacist under this section is not considered disciplinary action if the pharmacist attends the counseling session and complies with any necessary plan of correction required by the Executive Secretary and the president, or his or her designee. Counseling pursuant to this section may not be used in considering disciplinary sanctions in a future hearing unrelated to the incident for which the pharmacist was counseled unless the future incident involves the same or similar allegations as those for which the pharmacist was counseled.

(71 Del. Laws, c. 101, § 1; 70 Del. Law, c. 186, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2521 Impaired pharmacist.

(a) An “impaired pharmacist” is a pharmacist whose use or abuse of drugs or alcohol affects that pharmacist’s ability to practice pharmacy. An impaired pharmacist may be eligible to enter an approved treatment program pursuant to an agreement with the Executive Secretary and the Board president.

(b) Disciplinary action will not be taken against a pharmacist who enters into and successfully completes an approved treatment program pursuant to subsection (a) of this section as long as a complaint has not been filed against the pharmacist and as long as the pharmacist has not been convicted of, or has not pleaded guilty or nolo contendere to a felony or a drug offense. Records related to a treatment program under this section are not public records, and may be used in a subsequent related disciplinary matter before the Board only if the pharmacist was, or could have been, disciplined.

(c) A pharmacist who does not qualify under subsection (b) of this section may, nevertheless, enter into an agreement with the Executive Secretary and the Board President to participate in an approved treatment program. Action on a disciplinary complaint may be deferred and ultimately dismissed if the pharmacist successfully completes the treatment program.

(d) An agreement pursuant to this section that permits an impaired pharmacist to enter into an approved treatment program must contain at least the following provisions:

(1) The pharmacist must agree not to engage in the practice of pharmacy for the duration of the treatment program.

(2) The pharmacist must sign a release so that records of treatment and progress are released to the Executive Secretary and the Board president.

(3) If the pharmacist does not make satisfactory progress in the program, the agreement is void and an investigation and disciplinary proceedings may be pursued.

(4) The pharmacist must agree to submit to random drug and alcohol screening at a specified laboratory or health care facility.

(5) The pharmacist must agree to be personally responsible for all cost related to the program.

(e) A pharmacist who successfully completes an approved treatment program may return to the practice of pharmacy if the Executive Secretary and the Board President determine that the pharmacist’s return to practice will not endanger the public health, safety, or welfare. The Executive Secretary and the President may require the pharmacist to agree to specific conditions of practice to protect the public.

(68 Del. Laws, c. 206, § 1; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 167, § 1.)

(a) A practitioner prescribing a drug to be prepared and dispensed by a pharmacist in this State for the use of a patient or any third person must, as part of the prescription, include directions describing the exact method by which the drug must be taken or administered. A prescription without specific directions, or a prescription bearing the notation “as directed” without specific directions, may not be prepared or dispensed.

(b) A pharmacist shall affix to every container in which a drug is dispensed a label containing the following information:

(1) Prescription number;

(2) The date the prescription is dispensed;

(c) Practitioners who, for good reason, do not wish to reveal the name or strength of the drug prescribed to the patient shall so inform the pharmacist by a notation on the face of the prescription. However, practitioners who sell drugs directly to patients shall label all such drugs in accordance with this section with the exception of a prescription number. Practitioners who dispense drugs directly to patients shall label all drugs or provide a document including the following information:

- (1) The patient's full name;
- (2) The date the drugs were dispensed to the patient;
- (3) The practitioner's name;
- (4) The practitioner's directions.

(d) No pharmacist shall fail to dispense a prescription because it is not clearly written and/or lacks information required by this title without first making a reasonable effort to contact the practitioner who issued the prescription to gather the clear and complete information.

(2) A pharmacy technician or certified pharmacy technician from performing under the direct supervision of a pharmacist the delegated functions permitted under the rules and regulations of the Board and not inconsistent with this chapter;

d. The gas product is stored and dispensed according to requirements established by the Board.

(6) The sale of noncontrolled prescription drugs designated for veterinary use by a business not licensed as a pharmacy, provided that the business is registered with the Board and the sale is authorized by a written order or by a verbal order reduced to writing from a licensed veterinarian.

Subchapter IV

Pharmacies

§ 2526 Permit required for each pharmacy.

(a) A person may not operate a pharmacy within the State without first having obtained a permit to operate a pharmacy from the Board. A person who desires to operate more than 1 pharmacy must make a separate permit application for each pharmacy. However, separate permits are not required for sites designated as pharmacies within the same institution at 1 general location, provided that each site is approved by the Board.

(b) The Board shall issue a separate permit for each qualifying pharmacy. A permit to operate a pharmacy granted by the Board may not be assigned or otherwise transferred to another person except upon such conditions as the Board specifically designates, and then only pursuant to the written consent of the Board or its designee. A permit must be available on site for inspection by authorized persons.

(Code 1935, § 956A; 41 Del. Laws, c. 87, § 2; 24 Del. C. 1953, § 2551; 62 Del. Laws, c. 251, § 13; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2527 Application fees for permits.

The application for a permit to operate a pharmacy must be made on a form furnished by the Board and must be accompanied by the application fee and/or permit fee established pursuant to § 2511 of this title.

(Code 1935, § 956A; 41 Del. Laws, c. 87, § 2; 24 Del. C. 1953, § 2552; 53 Del. Laws, c. 90, § 18; 62 Del. Laws, c. 251, § 14; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2528 Requirements for and issuance of permit.

(a) In determining if a permit to operate a pharmacy should be issued, the Board shall consider, but is not limited to considering, the probability that:

- (1) The pharmacy will be operated in full compliance with the law and with the rules and regulations of the Board;
- (2) The pharmacy will be managed by a pharmacist-in-charge who is licensed to practice pharmacy in the State and who will serve as a pharmacist-in-charge in only that pharmacy;
- (3) The location and appointments of the pharmacy are such that it can be operated without endangering public health, safety, or welfare. In determining a danger to public health, safety, or welfare, the Board shall consider, but is not limited to considering, the following factors:
 - a. Whether an applicant, permit holder, principal, or a person having ownership interest in the pharmacy has a conviction for deceptive business practices or for a violation of drug laws under federal law or any state's law;
 - b. Whether an applicant, permit holder, principal, or a person having controlling ownership interest in the pharmacy has been or is the subject of an action by a regulatory agency for a violation of the agency's statutes or regulations;
- (4) The pharmacist-in-charge, whose name is on the application, will comply with pharmacy, controlled substance, and other applicable statutes and regulations;
- (5) The pharmacy will provide conspicuous notice to consumers that the Board of Pharmacy is the contact agency for reporting unresolved medication errors.

(b) A permit to operate a pharmacy may not be issued or renewed unless the pharmacy is equipped with proper reference materials and professional and technical equipment as provided in the Board's rules and regulations.

(c) The Executive Secretary may issue a temporary, 60-day permit to operate a pharmacy to an otherwise qualified pharmacy while the application for a permanent permit is pending. The Board may grant 1 60-day extension of a temporary permit.

(Code 1935, § 956A; 41 Del. Laws, c. 87, § 2; 24 Del. C. 1953, § 2553; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2529 Renewal of permit.

(a) A permit to operate a pharmacy must be renewed biennially in a manner determined by the Division, including the payment of the renewal fee established pursuant to § 2511 of this title.

(b) The Board, in its rules and regulations, shall determine the period within which a permit holder may renew the permit to operate a pharmacy, notwithstanding the fact that the permit holder failed to renew on or before the designated renewal date; provided, however, that the period of time may not exceed 1 year beyond the designated renewal date.

(c) A permit to operate a pharmacy terminates automatically upon a transfer of the controlling interest in the pharmacy, upon the termination of the legal existence of the pharmacy, or upon the discontinuance of business or professional practice.

(d) The closing of a pharmacy must be in compliance with the rules and regulations of the Board. If the closing is to be permanent, the Board must be notified 14 days prior to the closing. If the closing is to be for more than 7 consecutive business days, the Board must be notified 5 days prior to the temporary closing.

(Code 1935, § 956A; 41 Del. Laws, c. 87, § 2; 24 Del. C. 1953, § 2555; 53 Del. Laws, c. 90, §§ 19, 20; 62 Del. Laws, c. 251, § 15; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2530 Revocation or suspension of permit.

(a) The Board may suspend or revoke a permit to operate a pharmacy when examination or inspection of the pharmacy discloses that the pharmacy is not being operated according to law or is being operated in a manner which endangers public health, safety, or welfare.

(b) The Board may suspend or revoke a permit to operate a pharmacy if the pharmacy's prescription department is closed for more than 14 consecutive days, unless the closing of the prescription department was due to a cause which the Board finds reasonable.

(c) In determining if a pharmacy is being operated in a manner which endangers the public health, safety, or welfare pursuant to subsection (a) of this section, the Board shall consider, but is not limited to considering, the following factors:

- (1) Compliance by the permit holder with the law and with the rules and regulations of the Board;
- (2) A conviction of the permit holder, a principal, or a person having controlling ownership interest in the pharmacy for a violation of federal law or of any state's law other than a violation of a minor traffic offense;
- (3) An action by a regulatory agency against the permit holder for a violation of the agency's statutes or regulations.

(Code 1935, §§ 942, 956A; 41 Del. Laws, c. 87, § 2; 46 Del. Laws, c. 142, § 1; 24 Del. C. 1953, § 2556; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2531 Hearings on actions involving permits.

(a) If the Board intends not to issue a permit or intends to suspend or revoke a permit, the Board shall give written notice to the applicant or permit holder of the intended action and the reasons therefor. The applicant or permit holder has at least 10 days from the date of notice to request a hearing. Notice of the hearing must be given and the hearing must be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) A hearing pursuant to subsection (a) of this section is informal, without the use of the Rules of Evidence. The Board's decision must be in writing and must include the reasons for the decision. The Board's decision must be mailed immediately to or personally served upon the applicant or permit holder.

(c) If an applicant or permit holder is in disagreement with the decision of the Board, the applicant or permit holder may appeal the Board's decision to the Superior Court within 30 days of the postmarked date of the copy of a mailed decision or within 30 days of the date of service of the decision. Upon appeal, the Court shall hear the evidence on the record. A stay pending review may be granted by the Court in accordance with § 10144 of Title 29.

(Code 1935, §§ 942, 956A; 41 Del. Laws, c. 87, § 2; 46 Del. Laws, c. 142, § 1; 24 Del. C. 1953, § 2556; 68 Del. Laws, c. 206, § 1; 76 Del. Laws, c. 167, § 1.)

§ 2532 Pharmacy records.

§ 2603 Examining Board of Physical Therapists and Athletic Trainers — Appointment; vacancies; suspension or removal; unexcused absences; qualifications; term of office; compensation of officers.

(a) There is hereby created the State Examining Board of Physical Therapists and Athletic Trainers. The Board shall consist of 10 members, all of whom shall be residents of Delaware. Four members shall be physical therapists licensed to practice in Delaware, provided they have worked at least 3 years in Delaware as physical therapists immediately preceding their appointment. One member shall be a physical therapist assistant, licensed to practice in Delaware, provided he or she has worked at least 3 years in Delaware as a physical therapist assistant immediately preceding his or her appointment. Two members shall be athletic trainers licensed to practice in Delaware, provided they have worked at least 3 years in Delaware as athletic trainers immediately preceding their appointment. Three members shall be from the public who are not physical therapists, physical therapy assistants, or athletic trainers and who shall not be related to any person actively engaged in said professions in the State, nor shall said members have any interest in a business or institution engaged in physical therapy or athletic training.

(b) The Governor shall appoint the members to serve on the Board. In appointing persons to fill vacancies in the 10 Board positions designated to be held by persons licensed under this chapter, the Governor may select members who reside in different regions in the State in an effort to provide statewide representation of physical therapists, physical therapist assistants and athletic trainers.

(c) Appointments shall be made for terms of 3 years. A member appointed to fill a vacancy occurring otherwise than by expiration of a term shall be appointed for the remainder of the unexpired term, except that each member shall serve until a successor is duly appointed and qualified.

(d) A person who has never served on the Board may be appointed to the Board 2 consecutive times, but no such person shall thereafter be eligible for 2 consecutive appointments. No person who has been twice appointed to the Board, or who has served on the Board for 6 years within any 9-year period, shall again be appointed to the Board until an interim period of at least 1 term has expired since such person last served.

(e) Any act or vote by a person appointed in violation of subsection (d) of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section, unless such amendment or revision amends this section to permit such an appointment.

(f) Each member of the Board shall be reimbursed for all expenses involved in each meeting, including travel, and in addition shall receive compensation per meeting attended in an amount determined by the Division in accordance with Del. Const. art. III, § 9.

(g) No member of the Board, while serving on the Board, shall hold elected office in any professional association of physical therapists, physical therapist assistants, or athletic trainers.

(h) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetence, or neglect of duty. A member subject to a disciplinary hearing shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(i) A member who is absent without adequate reason for 3 consecutive meetings or fails to attend at least half of all regular business meetings during any calendar year shall be guilty of neglect of duty.

(24 Del. C. 1953, §§ 2602, 2604; 50 Del. Laws, c. 367, § 1; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, §§ 3-5; 67 Del. Laws, c. 366, § 8; 67 Del. Laws, c. 368, § 14; 70 Del. Laws, c. 186, § 1; 74 Del. Laws, c. 381, §§ 4, 5, 7; 79 Del. Laws, c. 406, § 2; 81 Del. Laws, c. 85, § 13.)

§ 2603A Organization; meetings; officers; quorum.

(a) The Board shall elect annually from its membership a Chairperson, a Vice-Chairperson, and a Secretary. Each officer shall serve for 1 year and shall not succeed himself or herself for more than 2 consecutive terms.

(b) The Board shall hold regularly scheduled business meetings at least once in each quarter of a calendar year, and at such times as the Chairperson deems necessary, or at the request of a majority of the members of the Board.

(c) A majority of the members of the Board shall constitute a quorum for the purpose of transacting business and no action shall be taken without the affirmative vote of a majority of the quorum. No disciplinary action shall be taken without the affirmative vote of a majority of the members of the Board.

(d) Minutes of all meetings shall be recorded and the Division shall maintain copies. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The expense of preparing any transcript shall be incurred by the person requesting it.

(79 Del. Laws, c. 406, § 3; 70 Del. Laws, c. 186, § 1.)

§ 2603B Records.

The Division shall keep a register of all approved applications for licenses under this chapter and complete records relating to meetings of the Board, rosters, changes, and additions to the Board's rules and regulations, complaints, hearings, and such other matters as the Board shall determine. Such records are prima facie evidence of the proceedings of the Board.

(79 Del. Laws, c. 406, § 3.)

§ 2604 Powers and duties of Board.

(8) Perform random audits of continuing education credits submitted by licensees for license renewal;

(10) Refer all complaints from licensees and the public concerning persons licensed under this chapter, or concerning practices of the Board or of a profession regulated by the Board, to the Division for investigation pursuant to § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint;

(11) Conduct hearings and issue orders in accordance with procedures established pursuant to the Administrative Procedures Act, Chapter 101 of Title 29;

§ 2605 License required; exceptions.

(a) No person shall practice nor hold oneself out as being able to practice physical therapy or athletic training in this State or act as a physical therapist, physical therapist assistant or athletic trainer in any manner whatsoever whether or not compensation is received or

expected unless the person is licensed in accordance with this chapter and such license is in good standing or has not been suspended or revoked.

(b) This chapter shall not prohibit any person licensed to practice in this State under any other law from engaging in that practice for which such person is licensed.

(c) This chapter shall not prohibit students, whether or not licensed in Delaware, who are enrolled in either schools or post-graduate courses of physical therapy or athletic training recognized by the Board from performing such work or acts of physical therapy or athletic training as is incidental to their respective course of study while under the direct supervision of a licensed physical therapist or licensed athletic trainer in their respective training mode.

(d) Nothing in this chapter shall apply to any person employed by an agency, bureau or division of the federal government while in the discharge of official duties; however, if such person engages in the practice of physical therapy or athletic training in this State outside the scope of such official duty, the person must be licensed as herein provided.

(e) This chapter shall not prohibit a physical therapist or athletic trainer who resides and works outside the State of Delaware and is licensed in a jurisdiction of the United States or credentialed in another country or, in the case of an athletic trainer, is certified by the National Athletic Trainers Association, from rendering care, if that person by contract or employment is providing non-clinical physical therapy or athletic training to patients/clients affiliated with or employed by established athletic teams, athletic organizations, or performing arts companies temporarily practicing, competing, or performing in the jurisdiction for no more than 60 days in a calendar year. All visiting physical therapists or athletic trainers must abide by Delaware laws, rules, and regulations relating to physical therapy and athletic training.

(f) This chapter shall not limit or restrict those who are engaged in certain occupations or jobs which may or may not require a license such as, but not limited to, physical education teachers, coaches, health, or recreation directors and instructors at health clubs or spas, water safety instructors, and massage therapists. The duties which may be properly undertaken in such occupation or job include the nontherapeutic administration of baths, massage, normal conditioning and the like to normal subjects, that is, those persons who have no specific pathology. First aid subjects are excluded.

(g) This chapter shall not prohibit a physical therapist or athletic trainer who is licensed in another jurisdiction of the United States or credentialed to practice physical therapy or athletic training in another country from teaching, demonstrating, or providing physical therapy or athletic training services in connection with teaching or participating in an educational seminar for no more than 60 days in a calendar year, so long as such person abides by Delaware laws, rules, and regulations relating to physical therapy and athletic training.

(h) This chapter shall not prohibit a physical therapist or athletic trainer who is licensed in a jurisdiction of the United States from providing physical therapy or athletic training services in this State during a declared local, jurisdictional, or national disaster or emergency. This exemption applies for no more than 60 days following the declaration of the emergency, so long as such person abides by Delaware laws, rules, and regulations relating to physical therapy and athletic training. In order to be eligible for this exemption, the physical therapist or athletic trainer shall notify the Board of his or her intent to practice in this State pursuant to this subsection.

(i) This chapter shall not prohibit a physical therapist or athletic trainer licensed in a jurisdiction of the United States who is forced to leave his or her residence or place of employment due to a declared local, jurisdictional, or national disaster or emergency from practicing physical therapy or athletic training in this State. In order to be eligible for this exemption, the physical therapist or athletic trainer shall notify the Board of his or her intent to practice in this State pursuant to this subsection.

(24 Del. C. 1953, § 2606; 50 Del. Laws, c. 367, § 1; 58 Del. Laws, c. 330, § 2; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, §§ 6-10; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 406, § 5.)

§ 2606 Qualifications of applicant; foreign-trained applicants; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Has graduated from a school offering a program in physical therapy, physical therapy assistant or athletic training, which program as offered by such school has been approved for the educational preparation of physical therapists, physical therapist assistants or athletic trainers by the appropriate accrediting agency recognized by the Council on Post Secondary Accreditation or the United States Commission of Education, or any successor, at the time of graduation; provided however, that those applicants for licensure as athletic trainers who apply or who have applied for and been granted a license prior to July 1, 2004, may be licensed if they have been granted a degree from a college or university, successfully completed the internship process through the National Athletic Trainers Association Board of Certification (NATA BOC) and have been approved by NATA BOC to take the national examination; and

(2) Has passed, to the satisfaction of the Board, a national examination designated by the Board, to determine the applicant's fitness to practice physical therapy, to act as a physical therapist assistant or to act as an athletic trainer as herein provided; and

(3) Meets additional educational requirements set forth in the Board's rules and regulations; and

(4) Shall not have been the recipient of any administrative penalties from any other jurisdiction or jurisdictions regarding the applicant's practice of physical therapy or athletic training, including but not limited to fines, formal reprimands, license suspensions or

revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations, and/or has not entered into any "consent agreements" which contain conditions placed by a board on the applicant's professional conduct and practice, including any voluntary surrender of a license in lieu of discipline. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure; and

(5) Shall not have any impairment related to drugs, alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake the practice of physical therapy or athletic training in a manner consistent with the safety of a patient or the public; and

(6) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of physical therapy or athletic training. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of physical therapy or athletic training. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(6), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing physical therapy and athletic training in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(7) Shall not have been convicted of a felony sexual offense; and

(8) Submit, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person.

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Physical Therapists and Athletic Trainers shall be the screening point for the receipt of said federal criminal history records.

c. An applicant may not be certified to physical therapy or athletic training until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be certified by the Board unless a waiver is granted pursuant to paragraph (a)(6) of this section;

(9) Shall have no disciplinary proceedings or unresolved complaints pending against that person in any jurisdiction where the applicant previously has been or currently is licensed to practice physical therapy or athletic training; and

(10) Has not been convicted of a felony sexual offense; and

(11) Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to the person.

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board shall be the screening point for the receipt of said federal criminal history records.

(b) A physical therapist applicant whose application is based on a diploma issued by a foreign physical therapy school shall furnish evidence satisfactory to the Board of the completion of a physical therapy school or schools' resident course of professional instruction equivalent to that required in subsection (a) of this section, in addition to meeting all other requirements of this section and § 2608 of this title.

(c) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(d) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for the person than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(e) All individuals licensed to practice physical therapy or athletic training in this State shall be required to be fingerprinted by the State Bureau of Identification, at the licensee's expense, for the purposes of performing subsequent criminal background checks. Licensees shall submit by January 1, 2016, at the applicant's expense, fingerprints and other necessary information in order to obtain a criminal background check.

(f) An applicant may not be licensed until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to paragraph (a)(6) of this section. (24 Del. C. 1953, § 2607; 50 Del. Laws, c. 367, § 1; 58 Del. Laws, c. 330, § 3; 58 Del. Laws, c. 511, § 58; 60 Del. Laws, c. 679, §§ 1, 2; 62 Del. Laws, c. 372, § 1; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, § 11; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 291, § 1; 73 Del. Laws, c. 125, § 3; 74 Del. Laws, c. 262, § 48; 75 Del. Laws, c. 436, § 27; 77 Del. Laws, c. 199, § 19; 78 Del. Laws, c. 44, §§ 38, 39; 79 Del. Laws, c. 277, § 9; 79 Del. Laws, c. 406, § 6.)

§ 2607 Issuance and renewal of licenses; inactive status; misrepresentation.

(a) The Board shall issue a license to each physical therapist applicant, physical therapist assistant applicant, or athletic trainer applicant who satisfies the requirements for licensure set forth in this chapter and rules and regulations promulgated hereunder.

(b) Each application for license under this chapter shall be accompanied by a fee set forth in the Board's rules and regulations. Licenses shall expire biennially on January 1 and may be renewed online upon payment of a renewal fee along with evidence of continuing education courses as may be required by the rules and regulations set forth by the Board. If the renewal fee is not paid by the expiration date, a license shall automatically expire. A license which has thus expired may, within 5 years of its expiration date, be renewed upon the payment to the Board of the sum set forth in rules and regulations of the Board for each year or part thereof during which the license was expired. Reactivation of an expired license more than 5 years after its expiration date may be renewed only by complying with the provisions herein relating to the issuance of an original license.

(c) The Board shall also keep an inactive register. Any person who has been registered in this State who is not actively engaged in the practice of physical therapy or athletic training in this State may, upon request, be placed on the inactive register. Provisions for inactive status shall be set by the Board.

(d) Any applicant who knowingly or wilfully makes a false statement of fact in making an application under this chapter shall be subject to prosecution for perjury.

(24 Del. C. 1953, §§ 2612, 2614; 50 Del. Laws, c. 367, § 1; 53 Del. Laws, c. 108, § 29; 58 Del. Laws, c. 330, § 3; 60 Del. Laws, c. 679, § 5; 62 Del. Laws, c. 372, § 3; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, § 12; 70 Del. Laws, c. 186, § 1; 73 Del. Laws, c. 125, § 4; 79 Del. Laws, c. 406, § 8.)

§ 2608 Examination.

The Board, in its rules and regulations, shall designate the national examinations for licensure as a physical therapist, physical therapist assistant, or athletic trainer.

(24 Del. C. 1953, § 2608; 50 Del. Laws, c. 367, § 1; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, § 13; 73 Del. Laws, c. 125, §§ 5, 6; 79 Del. Laws, c. 406, § 9.)

§ 2609 Fees.

The amount charged for fees imposed under this chapter shall approximate and reasonably reflect costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each biennium year, the Division, or another state agency acting on its behalf, shall compute the appropriate fee for each separate service or activity.

(79 Del. Laws, c. 406, § 7.)

§ 2610 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who shall present proof of current licensure, in good standing, in another state, the District of Columbia or territory of the United States, and who, in addition:

- (1) Meets the criteria for current licensure in good standing as defined in § 2606(a)(4)-(6), (9) and (10) of this title; and
- (2) Has received the passing score on the national examination designated by the Board, for practice as a physical therapist, physical therapy assistant or athletic trainer; and
- (3) Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:
 - a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person.
 - b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board shall be the screening point for the receipt of said federal criminal history records.

(b) In addition to meeting the requirements of § 2606(a)(4)-(6), (9) and (10), foreign-trained applicants must also meet the requirements of 2606(b) of this title.

(c) In the event a physical therapist, physical therapy assistant or athletic trainer, who previously was licensed in Delaware and who has let his or her license lapse, is applying for licensure under this subsection, the Board shall grant a license to such applicant, subject

to subsection (a) of this section and completion of continuing education requirements, upon payment of the appropriate fee, and on submission of a written application on forms provided by the Board.

(d) An applicant may not be licensed until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to § 2606(a)(6) of this title.

(24 Del. C. 1953, § 2610; 50 Del. Laws, c. 367, § 1; 58 Del. Laws, c. 330, § 5; 60 Del. Laws, c. 679, § 3; 62 Del. Laws, c. 372, § 2; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, § 15; 70 Del. Law, c. 186, § 1; 71 Del. Laws, c. 291, § 2; 75 Del. Laws, c. 436, § 28; 79 Del. Laws, c. 406, § 11.)

§ 2611 Temporary license.

(a) Upon submission of a written application on forms provided by the Board, the Board may issue a temporary license to a person who has applied for licensure under this chapter and who, in the judgment of the Board, is eligible to take the examination provided for in § 2608 of this title. In the case of physical therapists, physical therapist assistants, or athletic trainers, such temporary licensure may be available to an applicant only with respect to the applicant's first application for licensure. In the case of physical therapists and physical therapist assistants, the applicant may use the temporary licensure only while under the direct supervision of a licensed physical therapist. In a clinical setting, the athletic trainer applicant may use the temporary licensure only while under the direct supervision of a licensed physical therapist. In a nonclinical setting, the athletic trainer applicant may use the temporary licensure only while under the direct supervision of a licensed athletic trainer. Such temporary license shall expire automatically upon the failure of a licensure examination, and upon such expiration, the temporary license shall be surrendered to the Board and may not be renewed. In all other cases, a temporary license may be renewed only once.

(b) Upon payment to the Board of a fee and the submission of a written application on forms provided by it the Board, at its discretion, may issue a temporary license to practice physical therapy in this State, without examination, to a person requesting endorsement or who provides evidence to the Board that such person is in this State on a temporary basis to exist in a medical emergency or to engage in a special project or teaching assignment relating to physical therapy practice. Such temporary license shall expire at a time determined by the Board; however, such temporary license shall not be issued for a period of more than 1 year.

(24 Del. C. 1953, § 2611; 50 Del. Laws, c. 367, § 1; 60 Del. Laws, c. 679, § 4; 64 Del. Laws, c. 192, § 1; 67 Del. Laws, c. 97, § 16; 70 Del. Laws, c. 186, § 1; 73 Del. Laws, c. 125, §§ 7, 8; 79 Del. Laws, c. 406, § 12.)

§ 2612 Practice, referral, and consultation.

(a) A licensed physical therapist may enter a case for the purpose of consultation, evaluation or treatment of an individual as it relates to the individual's need for physical therapy services, with or without a referral by a licensed medical or osteopathic physician; provided, however, that a physical therapist shall refer the individual to another health practitioner if symptoms are present for which treatment is outside the scope of the physical therapist's knowledge. A physical therapist may treat an individual without a referral up to 30 days after which time a physician must be consulted. Physical therapy treatment of any individual shall be administered only by a licensed physical therapist. This chapter shall not prohibit physicians licensed to practice medicine and surgery, chiropractic physicians, podiatrists, dentists and nurses licensed under this title from performing any physical or therapeutic modalities within the scope of their respective practices. Treatment by a physical therapist may also occur based on a referral from, or in consultation with, any licensed health practitioner, who has been granted prescriptive authority for a condition within the scope of their respective practices.

(b) Any person licensed under this chapter as an athletic trainer shall not treat any person by athletic training or otherwise, except after a physician's referral or an evaluation by the supervising physical therapist, first aid excluded. Any person licensed under this chapter as an athletic trainer will require a physician's referral for treatment and/or rehabilitation of injuries, other than treatment of minor sprains, strains, and contusions, first aid excluded. Treatment by an athletic trainer may occur based on a referral from, or in consultation with, any licensed health practitioner who has been granted prescriptive authority for a condition within the scope of their respective practices. An athletic trainer shall refer an individual to another licensed health practitioner if symptoms are present for which athletic training is contra-indicated or which are indicative of conditions for which treatment is outside the scope of the athletic trainer's knowledge.

(1) All treatment of athletic injuries requires a physician's referral, except for minor sprains, strains, and contusions, first aid excluded.

(2) Treatment of nonmusculoskeletal athletic injuries is limited to on-site sanctioned scholastic, collegiate, professional, recreational, or amateur sports settings. An athletic trainer may not treat nonathletic, nonmusculoskeletal injury, unless otherwise set forth in this chapter.

(3) Treatment of musculoskeletal injuries that are not defined as an athletic injury will require direction from a physical therapist as set forth in this chapter and the Board's rules and regulations. An athletic trainer may not independently initiate, modify, or discontinue a physical therapy plan of care. Nothing in this chapter is to be construed to limit the practice of athletic training by athletic trainers as is currently being practiced or determined by the Board, so long as such practice does not include surgery and the medical diagnosis of disease. Advanced services may require advanced training, as determined by the Board's rules and regulations, to assure the licensee meets the accepted standard of care.

(c) Notwithstanding any other provision in this section, a physician referral specific for dry needling is required. If the initial referral is received orally, it must be followed up with a written referral.

(d) No physical therapist, physical therapist assistant, or athletic trainer shall advertise or in any other way hold himself or herself out as an acupuncturist, unless that physical therapist, physical therapist assistant, or athletic trainer is a licensed acupuncturist.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule binding upon all member states.

(2) The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing in this paragraph (g) (2) shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or wilful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable

basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or wilful or wanton misconduct of that person.

(82 Del. Laws, c. 169, § 1.)

§ 2609C Rulemaking.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(d) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking as follows:

(1) At least 25 persons.

(2) A state or federal governmental subdivision or agency.

(3) An association having at least 25 members.

(h) If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than 5 business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) All hearings will be recorded. A copy of the recording will be made available on request.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

(j) If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

(k) The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(l) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to do any of the following:

(1) Meet an imminent threat to public health, safety, or welfare.

(2) Prevent a loss of Commission or member state funds.

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

(4) Protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

(82 Del. Laws, c. 169, § 1.)

§ 2610C Oversight; dispute resolution; enforcement.

(a) *Oversight.* — (1) The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated under this Compact shall have standing as statutory law.

(2) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

(3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) *Default, technical assistance, and termination.* — (1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall do all of the following:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission.

b. Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) *Dispute resolution.* — (1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) *Enforcement.* — (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies in this section shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

(82 Del. Laws, c. 169, § 1.)

§ 2611C Date of implementation of the Physical Therapy Compact Commission and associated rules, withdrawal, and amendment.

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any member state may withdraw from this Compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

(82 Del. Laws, c. 169, § 1.)

§ 2612C Construction and severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any party state, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

(82 Del. Laws, c. 169, § 1.)

The Division of Professional Regulation shall keep a register of all approved applications for license as a land surveyor and complete records relating to meetings of the Board, examinations, rosters, changes and additions to the Board's rules and regulations, complaints, hearings and such other matters as the Board shall determine. Such records shall be prima facie evidence of the proceedings of the Board. (43 Del. Laws, c. 286, § 10; 24 Del. C. 1953, § 2708; 58 Del. Laws, c. 501, § 2; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 265, § 1.)

§ 2706 Powers and duties.

(a) The Board of Professional Land Surveyors shall have authority to:

(1) Formulate rules and regulations, with appropriate notice to those affected; all rules and regulations shall be promulgated in accordance with the procedures specified in the Administrative Procedures Act of this State [Chapter 101 of Title 29]. Each rule or regulation shall implement or clarify a specific section of this chapter.

(2) Designate the application form to be used by all applicants and process all applications;

(3) Designate a written, standardized, national examination prepared by either the national professional association or by a recognized national testing service and approved by the Division, to be taken by all persons applying for licensure; the national examination shall be taken by all persons applying for licensure, except applicants who qualify for licensure by reciprocity;

(4) Designate a written, 2-hour examination on drainage and the Delaware law, prepared by an independent testing agency and approved by the Director of the Division. All persons applying for licensure, including those applicants for licensure by reciprocity, shall take the examination on drainage and Delaware law;

(5) Adopt the administration, grading procedures and passing score set by the national professional association or testing service;

(6) Evaluate the credentials of all persons applying for a license to practice land surveying in Delaware in order to determine whether such persons meet the qualifications for licensing set forth in this chapter.

(7) Grant licenses to and renew licenses of all persons who meet the qualifications for licensure and/or renewal of licenses;

(8) Establish by rule and regulation continuing education standards required for license renewal;

(9) Evaluate certified records to determine whether an applicant for licensure who has been previously licensed, certified or registered in another jurisdiction to practice land surveying has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicants for such acts or offenses.

(10) Refer all complaints from licensees and the public concerning professional land surveyors or concerning practices of the Board or of the profession to the Division of Professional Regulation for investigation pursuant to § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint;

(11) Conduct hearings and issue orders in accordance with procedures established pursuant to the Administrative Procedures Act (Chapter 101 of Title 29);

(b) The Board shall adopt and have an official seal, which shall be affixed to each certificate issued.

(c) The Board may establish minimum technical or general standards to regulate the practice of land surveying within the State and may establish minimum requirements for the continuing education of registrants.

(d) Any member of the Board may administer oaths or affirmations to witnesses appearing before the Board.

(e) In carrying into effect this chapter, the Board, under the hand of its Chairperson and the seal of the Board, may subpoena witnesses and compel their attendance and also may require the submission of books, papers, documents or other pertinent data in any disciplinary matter or in any case wherever a violation of this chapter is alleged. Upon failure or refusal to comply with any such order of the Board or upon failure to honor its subpoena as herein provided, the Board may present its petition to the Superior Court setting forth the facts. Thereupon the Court shall, in a proper case, issue its subpoena to such person, requiring attendance and testimony before such Court and the submission of such books, papers, documents or other pertinent data as may be deemed necessary and pertinent by the Board. Any person failing or refusing to obey the subpoena or order of the Court may be proceeded against in the same manner as for refusal to obey any other subpoena or order of the Superior Court.

(f) The amount to be charged for each fee imposed under this chapter shall approximately and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board. There shall be a separate fee charged for each service or activity; but no fee shall be charged for an activity not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division, or any other state agency acting on its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

(a) No person shall engage in the practice of land surveying or hold himself or herself out to the public in this State as being qualified to practice land surveying or use in connection with that person's name or otherwise assume or use any title or description conveying or tending to convey the impression that the person is qualified to practice land surveying, unless such person has been duly licensed under this chapter.

(b) Whenever a license to practice as a land surveyor in this State has expired or been suspended or revoked, it shall be unlawful for the person to practice land surveying in this State.

(43 Del. Laws, c. 286, § 1; 24 Del. C. 1953, § 2721; 58 Del. Laws, c. 501, § 2; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 265, § 1.)

§ 2708 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) a. Applying for licensure as a surveyor intern has satisfied 1 of the following requirements:

1. Is a college senior or a graduate of a surveying program of 4 years or more; or

2. Is a graduate of a 4-year or more program as acceptable to the Board and has had at least 2 years of combined office and field experience in responsible charge of land surveying projects performed under the direct supervision of a professional land surveyor in the active practice of land surveying. The required experience shall not be achieved concurrently with the education requirement; or

3. Is a graduate of a surveying program of 2 years or more and has had at least 2 years of combined office and field experience in responsible charge of land surveying projects performed under the direct supervision of a professional land surveyor in the active practice of land surveying. The required experience shall not be achieved concurrently with the education requirement; or

4. Has 5.5 years of experience under the direct supervision of a professional land surveyor in the active practice of land surveying and has obtained Level IV Survey Technician Certification established by the National Society of Professional Surveyors — American Congress on Surveying and Mapping or similar certification acceptable to the Board.

b. Applying for licensure as a professional land surveyor has served as a surveyor intern with a specific record of 4 years, as said intern, of combined office and field experience in responsible charge of land surveying projects performed under the direct supervision of a professional land surveyor in the active practice of land surveying.

c. When calculating the years of experience for licensure under this chapter, the work performed under the direct supervision of a property line surveyor licensed under the Maryland Code, or by a surveyor licensed under equivalent provisions of other states, shall be considered as equivalent to work performed under the direct supervision of a professional land surveyor in Delaware.

(2) Professional land surveyors shall have achieved the passing score on the written standardized national examination developed by the national professional association in the principles of surveying and the written 2 hour examination on drainage and Delaware law. Surveyor interns shall have achieved a passing score on the written standardized national examination developed by the national professional association in the fundamentals of surveying; a college senior must show proof of graduation prior to issuance of a license as a surveyor intern.

(3) Shall have paid the appropriate fee or fees as established by the Division of Professional Regulation.

(4) Shall not have been the recipient of any administrative penalties regarding that person's practice of land surveying, including, but not limited to, fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), or probationary limitations, and/or has not entered into any "consent agreements" that contain conditions placed by a Board on that person's professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure.

(5) Shall not have any impairment related to drugs and/or alcohol that would limit the applicant's ability to undertake the practice of land surveying in a manner consistent with the safety of the public.

(6) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense the circumstances of which substantially relate to the practice of land surveying. Applicants who have criminal conviction records or pending criminal charges shall request appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of land surveying. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(6) of this section, if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing professional land surveying in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(7) Shall not have engaged in any of the acts or offenses that would be grounds for disciplinary action under this chapter and has no disciplinary proceedings or unresolved complaints pending against that person in any jurisdiction where the applicant has previously been or currently is licensed or registered as a land surveyor.

(b) Where the Board has found to its satisfaction that an application has been intentionally fraudulent or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification, has imposed higher or different standards for that person than for other applicants or licensees, or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court. The appeal shall be treated as an appeal of an administrative agency decision pursuant to the Administrative Procedures Act, Chapter 101, Title 29.

§ 2709 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who shall present proof of current licensure in good standing in another state, the District of Columbia, or territory of the United States whose standards for licensure are substantially similar to those of this State and who meets the following criteria:

(1) That applicant's license is in good standing as defined in § 2708(a)(3), (4), (5) and (6) of this title; and

(2) Has achieved the passing score on the 2-hour written examination on drainage and the Delaware law.

(b) An applicant who is licensed or registered in a state whose standards are not substantially similar to those of this State shall have practiced for a minimum of 5 years after licensure; provided, however, that the applicant meets all other qualifications for reciprocity in this section.

(43 Del. Laws, c. 286, § 13; 24 Del. C. 1953, § 2724; 53 Del. Laws, c. 108, § 31; 58 Del. Laws, c. 501, § 2; 61 Del. Laws, c. 434, § 2; 65 Del. Laws, c. 222, § 2; 70 Del. Law, c. 186, § 1; 72 Del. Laws, c. 265, § 1; 75 Del. Laws, c. 436, § 30.)

§ 2710 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the coming licensure biennium.

(72 Del. Laws, c. 265, § 1.)

§ 2711 Issuance and renewal of licenses.

The Board shall issue a license to each applicant who meets the requirements of this chapter for licensure as a land surveyor and who pays the fee established under § 2710 of this title.

Each license shall be renewed biennially, in such manner as is determined by the Division, and upon payment of the appropriate fee and submission of a renewal form provided by the Division, and proof that the licensee has met the continuing education requirements established by the Board.

The Division or its designee shall notify every licensee of the date of expiration of license and the amount of the fee that shall be required for renewal at least 1 month prior to the expiration thereof. Failure to give or receive such notice shall not prevent the license from becoming invalid after its expiration date.

The Board, in its rules and regulations, shall determine the period of time within which a professional land surveyor may still renew license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date. The Board shall charge a late fee equivalent to twice the sum of the unpaid renewal fee.

§ 2712 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 2714 of this title after a hearing, the Board finds that the land surveyor:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a land surveyor; has impersonated another person holding a license or registration or allowed another person to use that land surveyor's license, or aided or abetted a person not licensed as a land surveyor to represent himself or herself as a land surveyor;

(2) Has been convicted of a crime that is substantially related to the practice of land surveying; a copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence therefor;

(3) Has excessively used or abused drugs;

(4) Has engaged in an act of consumer fraud or deception; engaged in the restraint of competition; or participated in price-fixing activities;

(5) Has engaged in illegal, incompetent or grossly negligent conduct in the practice of land surveying;

(6) Has violated a lawful provision of this chapter or any lawful regulation established thereunder;

(7) Has had that land surveyor's license, certification or registration as a land surveyor suspended or revoked or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a land surveyor in this State shall be deemed to have given consent to the release of this information by the Board or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(8) Has failed to notify the Board that the land surveyor's license or registration as a land surveyor in another state has been subject to discipline or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof; or

(9) While acting as a supervising land surveyor, has failed to supervise and take reasonable steps to see that unlicensed persons acting under the supervising land surveyor's direction or control perform services responsibly, competently and ethically, in accordance with rules and regulations established by the Board. Supervising land surveyors shall be subject to disciplinary action for any acts or offenses which are grounds for such action when such acts or offenses are undertaken by unlicensed persons acting under the supervising land surveyor's direction or control; or

(10) Has practiced or offered to practice as a land surveyor when the practitioner's license has expired or lapsed.

(b) Subject to the provisions of this chapter and subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board and no practitioner's right to practice land surveying shall be limited by the Board until such practitioner has been given notice and an opportunity to be heard in accordance with the Administrative Procedures Act.

(43 Del. Laws, c. 286, § 20; 24 Del. C. 1953, § 2730; 58 Del. Laws, c. 501, § 2; 61 Del. Laws, c. 434, § 5; 63 Del. Laws, c. 101, §§ 6-8; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 265, § 1; 74 Del. Laws, c. 262, § 53; 75 Del. Laws, c. 327, § 6; 76 Del. Laws, c. 170, § 6.)

§ 2713 Complaints.

(a) All complaints shall be received and investigated by the Division of Professional Regulation in accordance with § 8735 of Title 29, and the Division shall be responsible for issuing a final written report at the conclusion of its investigation.

(b) When it is determined that an individual is engaging in the practice of land surveying or is using the title land surveyor and is not licensed under the laws of this State, the Board shall apply to the Office of the Attorney General to issue a cease and desist order.

(43 Del. Laws, c. 286, § 19; 24 Del. C. 1953, § 2728; 53 Del. Laws, c. 108, § 32; 58 Del. Laws, c. 501, § 2; 61 Del. Laws, c. 434, § 2; 63 Del. Laws, c. 101, § 5; 72 Del. Laws, c. 265, § 1.)

§ 2714 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that 1 or more of the conditions or violations set forth in § 2712 of this chapter applies to a practitioner regulated by this chapter:

(1) Issue a letter of reprimand.

(2) Censure a practitioner.

(3) Place a practitioner on probationary status, and require the practitioner to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

b. Limit all practice and professional activities to those areas prescribed by the Board.

(4) Suspend any practitioner's license.

(5) Revoke any practitioner's license.

(6) Impose a monetary penalty not to exceed \$5,000 for each violation.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies that required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order

of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) As a condition of reinstatement of a suspended license or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

§ 2715 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29 alleging violation of § 2714 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal, without use of rules of evidence. If the Board finds by a majority vote of all members that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, that practitioner may appeal the Board's decision to the Superior Court within 30 days of service or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

§ 2716 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition to reinstatement of a suspended license or removal from probationary status, the Board may reinstate such license if after a hearing the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(b) Applicants for reinstatement shall pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

§ 2717 Penalty.

A person not currently licensed under this chapter as a land surveyor, when guilty of engaging in the practice of land surveying, or using in connection with that person's name or otherwise assuming or using any title or description conveying or tending to convey the impression that the person is qualified to practice land surveying, such offender shall be guilty of a misdemeanor. Upon the first offense, the person shall be fined not less than \$500 or more than \$1000 for each offense. All technical submissions prepared by such land surveyor, or under that land surveyor's direct supervision, shall be stamped with the impression of the professional land surveyor's seal. § 2721 Counseling; letter of concern.

(a) The Board may determine after an investigation that a violation of this chapter or of the rules and regulations enacted pursuant to this chapter which warrants formal disciplinary action has not occurred, but that an act or omission of the licensee is a matter of concern and that the licensee's practice may be improved if made aware of the concern. The Board Chair, with the concurrence of the Board, may issue a nondisciplinary, confidential letter of concern regarding the licensee's act or omission.

(b) If a person licensed to practice land surveying receives a total of 3 letters of concern and/or letters of counseling pursuant to this section, the Board may reasonably require a formal assessment of professional competency to assess the licensee's ability in order to protect the health and safety of the public.

(a) A professional land surveying corporation or partnership must have a certificate of authorization in order to practice, or offer to practice, land surveying as defined in this chapter.

(b) The practice of or offer to practice land surveying for the public by a professional land surveying corporation or partnership which has been issued a certificate of authorization is permitted, provided that 1 of the officers or 1 of the employees of the said land surveying corporation or partnership:

- (1) Is designated as being in responsible charge of the land surveying activities and surveying decisions of the said corporation or partnership; and
- (2) Is a licensee.

(c) All personnel of any such land surveying corporation or partnership who practice land surveying on its behalf shall be licensees. The requirements of this chapter shall not prevent a land surveying partnership or corporation and its employees from performing surveying services for the said land surveying partnership or corporation or its subsidiaries or for affiliated corporations.

(d) A land surveying corporation or partnership desiring a certificate of authorization shall file with the Board and the Division an application listing the names and addresses of all officers, board members and principals of the land surveying corporation or partnership and also of any licensee who shall be in responsible charge of the practice of land surveying through the said corporation or partnership, together with any other information required by the Division. The same information must accompany the biennial renewal fee. In the event there shall be a change in any of these persons during that biennial period, such change shall be filed with the Division within 30 days after the effective date of such change. If all the requirements of this section are met, the Board shall issue a certificate of authorization to such land surveying corporation or partnership, and such land surveying corporation or partnership shall be authorized to contract for and to collect fees for furnishing surveying services.

(e) The Board may refuse or reject an applicant if, after a hearing, the Board finds that the applicant has practiced surveying without being authorized under this section. Notwithstanding such a finding, the Board may allow licensure of such applicant if the applicant presents to the Board suitable evidence of reform.

(f) No such land surveying corporation or partnership shall be relieved of responsibility for the conduct or acts of its agents, employees or officers by reason of compliance with the provisions of this section, nor shall any individual practicing land surveying be relieved of responsibility for surveying services performed by reason of employment or relationship with such corporation or partnership.

(g) Applicants for a certificate of authorization must comply with the applicable state tax laws of Chapter 23 of Title 30. Proof of such compliance is required by the Division prior to the issuance of a certificate of authorization.

(h) A licensee who practices, or offers to practice, surveying under a name other than that person's licensed name is required to obtain a certificate of authorization, or to practice under a certificate of authorization.

At least 8 years of the applicant's experience shall have been obtained after the applicant has received the said valid certificate of registration or a license.
 - 4. The professional engineering qualifications of the applicant include a minimum of 10 years of continuous and verifiable experience as a professional engineer. The applicant must meet the additional requirements of paragraphs (7)a. and (9) of this section and must not have been subject to disciplinary action in the current or previous licensing jurisdictions.

The examination in the Fundamentals of Engineering shall be taken after graduation, except it may be taken by a college or university senior in good academic standing in an educational program leading to a baccalaureate degree in engineering, related science or engineering technology. The Council may permit other students in such programs to take the Fundamentals of Engineering examination prior to graduation.

f. The examination in Principles and Practice of Engineering shall not be taken until after the satisfactory completion of the educational requirements as outlined in paragraphs (1)-(4) of this section or the experience requirements of paragraph (5) of this section. (b) The Council shall have the power to review the actions of any applicants sitting for any examination that is conducted by, or on behalf of, the Association to determine the applicant's qualification for licensure as a professional engineer or certification as an engineer intern.

(1) The following actions by an examinee shall be considered violations of this chapter:

a. Any attempt to remove, or removal of, examination materials or content from the room in which the examination is administered;

b. Any attempt to reproduce, transcribe or transmit the content of examination materials that would permit the removal of such content from the room in which the examination is administered;

c. Any use or possession of unlawfully obtained information that reveals, or is procured by the examinee with the anticipation that it could reveal, any portion of the content of the current examination;

d. Any communication, whether verbal, written, electronic, or by action, made in an effort to seek assistance from another party, that would aid in obtaining a higher grade for the examination during an examination administration, or to provide such assistance to another examinee.

e. Any impersonation, or solicitation of impersonation, that allows another individual to sit for the examination in place of the designated applicant; or

f. Any violation of the terms of any examination security agreement entered into freely by the examinee with the Association outlining the examinee's responsibilities in taking the examination.

(2) The chief proctor for the examination, acting on behalf of the Council, may at the chief proctor's sole discretion, when presented with evidence of any violation under paragraph (b)(1) of this section above at any time during the examination administration period:

a. Void the results of the subject examination;

b. Refuse permission for the examinee to take the examination for a period of 2 years, or such time determined by Council to be required to ensure that a subsequent examination is unlikely to repeat questions contained in the subject examination;

c. Require successful completion by the examinee of an ethics course before a future examination opportunity;

d. Revoke any license as a professional engineer or certification as an engineer intern granted as a consequence of the examinee receiving a passing score on the subject examination; and

e. Report any disciplinary action taken to other jurisdictions to help ensure the integrity of their examination process.

(c) The Council, after receipt of a complaint in accordance with § 2824(c) of this title associated with the practice of engineering in Delaware, shall have the power to review the actions and representations of individuals, corporations or partnerships not authorized by this chapter to engage in the practice of engineering in Delaware. Upon notice, hearing and review afforded by subchapters III and V of the Administrative Procedures Act, Chapter 101 of Title 29, the Council may issue a cease and desist order to an individual, corporation or partnership found to be engaged in the unauthorized practice of engineering, notwithstanding that the individual's, corporation's or partnership's license has lapsed, expired or has been suspended or revoked.

(d) Subject to notice, hearing and review afforded by subchapters III and V of the Administrative Procedures Act, Chapter 101 of Title 29, the Council may fine any person who violates a cease and desist order not less than \$100 or more than \$1000. of hours of training or education. All training or education courses shall be related to the engineering profession and must be approved by Council.

(f) Any individual, corporation or partnership aggrieved by any disciplinary decision by Council may appeal such decision to the Superior Court. The appeal shall be filed within 30 days of the day the notice of the decision was mailed. The appeal shall be on the record without a trial de novo. If the Court determines that the record is insufficient for its review, it shall remand the case to the Council for further proceedings on the record. The Court, when factual determinations are at issue, shall take due account of the experience and specialized competence of the Council and of the purposes of the Delaware Professional Engineers' Act under which Council has acted. The Court's review, in the absence of actual fraud, shall be limited to determination of whether the Council's decision was supported by substantial evidence on the record before it.

(g) When an action is brought in the Court for review of a Council decision, enforcement of such decision may be stayed by the Court only if it finds, upon a preliminary hearing, that the issues and facts presented for review are substantial and the stay is required to prevent irreparable harm.

(h) No appeal for relief of the Court shall be considered as having been taken or made until it has been filed with the Prothonotary and served upon the Council in accordance with the rules of the Court.

§ 2824 Disciplinary action; procedure.

(a) Whether prompted by receipt of an accusation of wrongdoing by a third party or upon its own initiative, the Council may review the actions and representations of applicants, adjunct and affiliate members, and any person licensed as a professional engineer under this chapter for alleged violations of § 2823 of this title or for unlicensed practice pursuant to § 2825 of this title.

(b) *Complaint investigation and prosecution.* — (1) Upon receipt of a written accusation alleging a violation of § 2823 of this title or alleging the unlicensed practice of professional engineering in violation of § 2825 of this title, the Council may assign the matter to its investigating committee for possible prosecution. The investigating committee may also initiate the prosecution process based upon firsthand knowledge acquired by a member or upon a member's information and belief whether the accusation of wrongdoing is written or oral. Members of the investigating committee shall maintain strict confidentiality of the facts of its investigations and shall not discuss any issues of fact or law relating to an investigation with anyone except other investigating committee members, potential witnesses, the target of the investigation, or the target's legal representative.

a. If any allegations are not supported by the facts stated in the complaint, the investigating committee shall submit a written recommendation to the Council for dismissal of the unsupported allegations. The recommendation must recite verbatim all complaint allegations that are recommended for dismissal, indicating the investigating committee's reasoning for recommending dismissal of each allegation. By majority vote of the members present at a properly convened Council meeting, the Council shall approve or reject the investigating committee's written recommendation based only on the information contained in and included with the written recommendation. The Council shall reject the investigating committee's recommendation only if it decides that the investigating committee's recommendation is contrary to a specific state or federal law or regulation, is not supported by substantial evidence, or is arbitrary or capricious. If Council does not approve the investigating committee's recommendation, the matter must be remanded to the investigating committee with the Council's written reasons for withholding its approval. If all allegations in a complaint are dismissed by the Council, the complaint is dismissed.

b. If the investigating committee believes a complaint does state sufficient facts to support 1 or more allegations, the investigating committee shall investigate the allegations and send a copy of the complaint by certified mail with return receipt requested to the last address of record of the accused.

c. The accused is entitled to submit a written answer to the complaint to the investigating committee within 20 calendar days after receiving the complaint.

d. If, at any time before commencement of a hearing 1 or more allegations are found to be unsupported, the investigating committee shall submit a written recommendation to the Council for dismissal of the unsupported allegations. The recommendation must recite verbatim all complaint allegations that are recommended for dismissal, indicating the investigating committee's reasoning for recommending dismissal of each allegation. By majority vote of the members present at a properly convened Council meeting, the Council shall approve or reject the investigating committee's written recommendation based only on the information contained in and included with the written recommendation. The Council shall reject the investigating committee's recommendation only if it decides that the investigating committee's recommendation is contrary to a specific state or federal law or regulation, is not supported by substantial evidence, or is arbitrary or capricious. If Council does not approve the investigating committee's recommendation, the matter must be remanded to the investigating committee with the Council's written reasons for withholding its approval. If all allegations in a complaint are dismissed by the Council, the complaint is dismissed.

e. If, during the course of an investigation, the investigating committee finds evidence that there may have been violations in addition to those contained in the complaint or those which formed the basis for an internally-initiated investigation, the investigating committee may add additional allegations as appropriate.

f. The investigating committee shall issue a final written report at the conclusion of its investigation. The report must list the evidence reviewed and the witnesses interviewed, cite the law alleged to have been violated, and list all facts supporting 1 or more allegations.

g. The investigating committee shall resolve supported allegations in 1 of the following ways:

1. The investigating committee may submit a written recommendation to the Council that an administrative order be issued. The written recommendation must include a copy of the proposed order. The proposed order must recite all complaint allegations the investigating committee believes are supported by its findings, a brief recitation of those findings, and the proposed penalty or penalties. By majority vote of the members present at a properly convened Council meeting, the Council shall approve or reject the investigating committee's written recommendation based only on the information contained in and included with the written recommendation. The Council shall reject the investigating committee's recommendation only if it decides that the investigating committee's recommendation is contrary to a specific state or federal law or regulation, is not supported by substantial evidence, or is arbitrary or capricious. If Council does not approve the investigating committee's recommendation, the matter must be remanded to the investigating committee with the Council's written reasons for withholding its approval. If the Council approves the recommendation, the order shall be served on the accused by certified mail with return receipt requested to the last address of record of the accused or by personal service. The order must indicate that it will become final unless the accused, within 14 days after receipt of the order, objects to the proposed order and requests a hearing. Administrative orders become final 14 days from the day the order is received by the accused but only if there is positive proof of service, such as a signed return receipt or an affidavit of personal service. Administrative orders are limited to imposing the following penalties, individually or in combination: warning, public reprimand, censure, or requiring completion of training or education courses. If the accused gives notice to the investigating committee that the allegations are contested, the investigating committee shall proceed in accordance with paragraph (b)(1)g.3. of this section.

2. The investigating committee is entitled to negotiate a consent order with the accused. Consent orders must be approved by Council before becoming final. By majority vote of the members present at a properly convened Council meeting, the Council shall approve or reject consent orders, after considering the investigating committee's written recommendation regarding an order, based only on the information contained in and included with the consent order and written recommendation. The Council shall reject consent orders only if it decides that a consent order is contrary to a specific state or federal law or regulation, is not supported by substantial evidence, or is arbitrary or capricious. If the Council approves a consent order, the consent order must be served on the accused by certified mail with return receipt requested to the last address of record of the accused or by personal service. If the Council does not approve the consent order, the matter must be remanded to the investigating committee with the Council's written reasons for withholding its approval.

3. The investigating committee, with the concurrence of the Department of Justice, is entitled to forward the complaint, along with its final investigative report, to the Council with a written recommendation to prosecute the complaint before a hearing committee. By majority vote of the members present at a properly convened Council meeting, the Council shall approve or reject the Investigating Committee's written recommendation based only on the information contained in and included with the written recommendation. The Council shall reject the investigating committee's recommendation only if it decides that the investigating committee's recommendation is contrary to a specific state or federal law or regulation, is not supported by substantial evidence, or is arbitrary or capricious. If Council does not approve the investigating committee's recommendation, the matter must be remanded to the investigating committee with the Council's written reasons for withholding its approval. If the Council approves the recommendation, the Council shall convene a hearing committee if it has not already done so, and assign the matter to the hearing committee for further proceedings. The time and place for the hearing must be fixed by the hearing committee within 90 days of receipt of the formal complaint.

(2) At a properly convened Council meeting, the Council President shall nominate at least 3 Council members to serve on a hearing committee. Nominees must be approved by a majority vote of Council members present at a properly convened Council meeting. The Council President shall designate 1 member of a hearing committee to serve as the hearing committee chair. Hearing committees shall consist of Council members only. Members of the investigating committee may not be members of the hearing committee, but investigating committee members are entitled to assist in the prosecution of the complaint before a hearing committee.

(3) The hearing committee shall properly notice and conduct the hearing. The Delaware Rules of Evidence do not apply to the presentation or admissibility of evidence in hearings. A record must be kept of all public hearings, a transcript of which must be provided at cost upon a party's request. Decisions of the hearing committee must be made by majority vote of the hearing committee's members. Decisions must be based on the evidence presented at the hearing and must be supported by substantial evidence in the record. Decisions must not be based exclusively on hearsay.

a. If the hearing committee determines that no violation under § 2823 of this title or that no unlicensed practice under § 2825 of this title has occurred, it shall issue an order dismissing the complaint.

b. If the hearing committee determines that a violation under § 2823 of this title or that an unlicensed practice under § 2825 of this title has occurred, it shall issue an order stating its findings of fact, conclusions of law, and penalties.

c. If the accused fails or refuses to appear, the hearing committee may proceed to hear the charges and render a decision by default.

(5) Establish and administer the criteria and standards by rule and regulation for instructors, schools of real estate and course providers.

(6) Establish by rule and regulation prelicensing and continuing education standards required for licensure and license renewal.

(7) Perform random audits of continuing education credits submitted by licensees for license renewal.

(8) Evaluate certified records to determine whether an applicant for licensure who previously has been licensed, certified or registered in another jurisdiction to practice real estate services has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses.

(9) Refer all complaints from licensees and the general public concerning individuals licensed in this chapter or concerning practices of the Commission or of the profession, to the Division for investigation pursuant to § 8735 of Title 29 and assign a member of the Commission to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended licensee requests a continuance of the hearing date. If the temporarily suspended licensee requests a continuance, the order of temporary suspension remains in effect until the Commission convenes and a decision is rendered.

(b) A licensee whose license has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the licensee or sent by certified mail, return receipt requested, to the licensee's last known address.

(c) A licensee whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Commission, or hearing officer or hearing panel, shall proceed to a hearing in accordance with the Administrative Procedure Act, Chapter 101 of Title 29, and shall render a decision within 30 days of the hearing.

(f) An order of temporary suspension may not remain in effect for longer than 60 days from the date of the decision rendered by the Commission unless the suspended licensee requests an extension of the order pending a final decision of the Commission. (a) Where a license has been suspended due to the disability of the licensee, the Commission may reinstate such license if, after a hearing, the Commission is satisfied that the licensee is able to practice real estate services with reasonable skill and safety.

(b) As a condition to reinstatement of a suspended license, or removal from probationary status, the Commission may reinstate such license if, after a hearing, the Commission is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(c) Individuals seeking reinstatement must pay the appropriate fees and submit documentation required by the Commission as evidence that all the conditions of a suspension and/or probation have been met. Proof that the licensee has met the continuing education requirements of this chapter may also be required, as appropriate.

(d) [Repealed.]

(e) An individual whose license has been revoked must apply as a new applicant pursuant to the rules and regulations.

§ 2917 Effect of revocation of broker's license.

The revocation of a broker's license shall automatically suspend every real estate service provider's license granted to any individual by virtue of employment either directly or indirectly by the broker whose license has been revoked, pending a change of employing broker or brokerage organization and the issuance of a new license. Such new license shall be issued without charge, if granted during the same licensure period in which the licensee's original license was granted.

§ 2919 Maintenance of place of business; office permits.

(a) The broker shall maintain an office approved by the Commission or by the state of licensure. Each office shall be under the direction and supervision of the broker. A broker applying for an office in the State of Delaware shall submit an application to the Commission for an office permit with the application fee established by the Division. A permit shall be issued only upon approval by the Commission.

(b) On or before the biennial date established by the Division, the broker shall submit an application to the Division for renewal of the office permit with the renewal fee established by the Division.

(c) The broker's license shall include the address of the approved office.

(d) If the broker maintains more than one office, the broker shall apply for and obtain an additional broker's license and office permit in the broker's name for each branch office. A branch office permit shall be subject to the requirements set forth in subsections (a) and (b) of this section. The application for a branch office shall state the address of the branch office and the designated on-site supervisor. The designated on-site supervisor shall be a licensee with a minimum of 5 years of continuous real estate services experience, which shall be documented on the branch office application. The branch office, any licensees associated with the office and the designated on-site supervisor shall be under the direction and supervision of the broker.

(e) All brokers' offices shall display a conspicuous sign on the outside of the office building as set forth in the Commission's rules and regulations.

§ 2921 Notice and procedure on termination of licensee's employment; new license as prerequisite to resumption; inactive status.

(a) When any licensee is terminated by the broker or broker organization or voluntarily terminates, the broker shall immediately notify the Commission of such termination.

(1) Upon the broker terminating the licensee, the broker, at the time of the notification to the Commission, shall address a communication to the last known address of such licensee. The communication shall advise the licensee of the termination. A copy of the communication to the licensee shall accompany the notification to the Commission.

(2) No terminated licensee shall perform any real estate services or engage directly or indirectly in providing real estate services until the Commission, in its discretion, shall issue a new license showing a new broker and a new approved business location.

(b) Upon completion of a form as provided in the rules and regulations and payment of the prescribed fee, the Commission shall place any active licensee on an inactive status for an unlimited amount of time. A licensee may reactivate an inactive status license, subject to payment of the biennial registration fees, for such time as the license has been inactive, and upon submission of proof of fulfillment of continuing education requirements for each renewal period.

(c) A licensee may transfer his or her license from 1 broker to another upon completion of a form as provided in the rules and regulations and upon payment of the prescribed fee. The releasing broker must file a completed form with the Commission within 5 business days of obtaining a sponsoring broker and the transferring licensee's signatures on the form.

§ 2922 Real Estate Guaranty Fund.

(a) The Commission shall establish and maintain a Real Estate Guaranty Fund (hereinafter referred to as the "Fund") from which, subject to this section, any person who obtains a final judgment against a licensee for loss or damage sustained by reason of theft or forgery (as defined in Title 11) or by reason of any fraud, misrepresentation or deceit by or on the part of any such licensee or any employee thereof who does not hold a license, may recover, after a hearing and on order of the Commission, compensation in an amount not exceeding in the aggregate the sum of \$25,000 in connection with any 1 transaction or claim, regardless of the number of persons aggrieved or parcels of real estate involved in such transaction or claim.

(b) If the aggrieved person obtains a final judgment against a licensee for loss or damage sustained by reason of theft or forgery (as defined in Title 11) or by reason of fraud, misrepresentation or deceit by or on the part of such licensee or employee thereof who does not hold a license, such aggrieved person may file a verified claim with the Commission seeking an order directing payment from the Fund of any amount unpaid upon the judgment, subject to the limitations stated in subsection (a) of this section and this subsection. The verified claim shall be filed within 60 days after the final judgment has been obtained. The verified claim shall include a copy of the complaint, counterclaim or cross-claim, if any, a certified copy of the judgment and copies of any documentation relating to steps taken to collect on the judgment. The Commission shall proceed upon such claim in a summary manner and, upon the hearing thereof, the aggrieved person shall be required to show:

- (1) That the aggrieved person is not a spouse of the judgment debtor or the personal representative of said spouse;
- (2) That the aggrieved person has complied with all the requirements of this section;
- (3) That the aggrieved person has obtained a final judgment as set out in this subsection, stating the amount thereof and the amount owing thereon at the date of the filing of the aggrieved person's verified claim; and
- (4) That the aggrieved person has fully pursued and exhausted all available remedies and taken all reasonable steps to collect the amount of the judgment, stating the total amount collected.

(c) If the Commission is satisfied that the aggrieved person has satisfied all the requirements of this section and is entitled to recover compensation from the Fund, it shall enter an order requiring payment from the Fund of whatever sum it shall find to be payable upon the claim, subject to the limitations of subsection (a) of this section. The Commission, in its discretion, may authorize payment of an amount from the Fund less than the claim made pursuant to this subsection.

(d) If the Commission pays from the Fund any amount in settlement of a claim or toward satisfaction of a judgment against a licensee, the license of such licensee may be suspended or revoked by the Commission and, in the discretion of the Commission, such licensee shall be ineligible to receive a new license until the licensee has repaid in full, plus interest at the legal rate, the amount paid from the Fund on the licensee's account. A discharge in bankruptcy shall not relieve a licensee from the penalties and disabilities provided in this subsection.

(e) If at any time the money on deposit in the Fund is insufficient to satisfy any duly authorized claim or portion thereof, the Commission shall, when sufficient money has been deposited in the Fund, satisfy such unpaid claims or portions thereof in the order that such claims or portions thereof were originally filed pursuant to subsection (b) of this section, plus accumulated interest at the legal rate.

(f) Any person filing with the Commission any notice, statement or other document required under subsection (b) of this section which is false or untrue or contains any material misstatement of fact shall be fined not less than \$500 nor more than \$5,000.

(g) When, upon the order of the Commission or pursuant to a compromise, the Commission has caused to be paid from the Fund any sum to a judgment creditor, the Commission shall be subrogated to all of the rights of the judgment creditor up to the amount paid and the judgment creditor shall assign all of that judgment creditor's right, title and interest in the judgment up to such amount paid by the Commission, and any sums recovered by the Commission on the judgment shall be deposited to the Fund.

(h) Each licensee shall pay a fee of \$25 which shall be credited to the Fund; provided, that in no case shall any licensee be required to pay said fee of \$25 more than once, unless assessed as provided in subsection (i) of this section.

(i) The Commission shall, at all times, maintain the Fund at a level in excess of \$250,000, and to this intent all moneys received pursuant to subsection (g) of this section shall be credited to said Fund and held in a special account other than the General Fund prescribed by § 6102(a) of Title 29. Said account shall be an interest-bearing account and the interest accruing from the funds on deposit in the account shall be credited to the Commission to defray the costs of administering the Fund; for seminars within the State and for continuing education for licensees within the State; and to reimburse Commissioners, their administrative staff and legal counsel for expenses paid to attend meetings of the Association of Real Estate License Law Officials.

(j) If the balance of the Fund should fall below the \$250,000 level, the Commission shall, at the next license renewal date, assess each licensee a pro rata fee in such amount that the Fund will be returned to the \$250,000 level.

(k) Any person aggrieved by any action, decision, order or regulation of the Commission may appeal to the Superior Court.

§ 2923 Deposits and escrow accounts; accounting; records inspection and audit.

(a) Every broker shall establish and maintain an escrow account or accounts in a federally insured banking institution which has offices within the State.

(1) Accounts shall be opened in the name of the brokerage organization and designated as an escrow account.

(2) The broker shall be a signatory on each such account.

(3) Except for the minimum balance required by the bank and money to cover bank fees, each account shall be used only for escrow deposits, earnest money deposits, rental money or other moneys in which broker's customers or clients have an interest where such money is to be held by broker in accordance with the terms of a real estate services transaction.

(b) All escrow deposits, earnest money deposits, rental money or other moneys accepted by a licensee in accordance with the terms of a real estate services transaction shall be accounted for in full upon the signing of a written agreement by all parties and maintained through

the consummation or termination of the real estate services transaction. All moneys held by broker shall be disbursed in accordance with the terms of the transaction unless otherwise agreed upon in writing by the parties to the transaction or ordered by a court.

(c) All escrow deposits accepted by a licensee in accordance with the terms of a real estate services transaction shall be accepted in the name of the brokerage organization unless the parties have agreed to a different third-party escrow agent.

(d) Every licensee, upon the signing of a written agreement by all parties to a real estate services transaction, shall promptly pay over the escrow deposit, earnest money deposit, rental money or other moneys as specified in the transaction. The broker shall deposit the moneys into the broker's escrow account within 72 hours of the signing of the written agreement by all parties, or by the dates defined therein, excluding weekends and federal holidays.

(e) The broker shall have accessible at the broker's approved place of business, all books, records, written agreements and other necessary documents to determine the adequacy of the escrow account or accounts. These accounts and records shall be opened to inspection or audit by the Commission and its duly authorized agents at the broker's approved place of business during regular business hours.

§ 2924 Penalties.

A person not currently licensed under this chapter when guilty of engaging in the practice of providing real estate services, or using in connection with that person's name, or otherwise assuming or using any title or description conveying, or tending to convey the impression that the person is qualified to provide real estate services, such offender shall be guilty of a misdemeanor. Upon the first offense, that person shall be fined not less than \$500 nor more than \$5,000 for each offense. For a second or subsequent conviction, the fine shall be not less than \$1,000 nor more than \$10,000 for each offense. The Justices of the Peace shall have jurisdiction over all violations of this section.

§ 2925 Enforcement.

The Commission may report an individual for violation of this chapter before any court of competent jurisdiction and it may take the necessary legal steps for the proper legal officers of this State to enforce this chapter and collect the penalties provided in this chapter.

Subchapter II

Business Relationships

§ 2926 Applicability.

This subchapter applies to licensees in their business relationships with customers and clients for all types of real estate services whether they are sales, leases, exchanges, management of real estate for others, or real estate counseling conducted by licensees.

(75 Del. Laws, c. 277, § 6; 78 Del. Laws, c. 166, § 1.)

§ 2927 Certain psychological impacts not material facts.

(a) The fact or suspicion that a property might be or is psychologically impacted is not a material fact that must be disclosed in a real property transaction.

(b) No cause of action shall arise against an owner or landlord of real property or a licensee for failure to inquire about, make a disclosure about or release information about the fact or suspicion that such property is psychologically impacted.

(c) Except as stated in subsection (d) of this section if a customer or client makes a specific written request to the owner, landlord or licensee about the psychological impacts regarding a specific property, the owner, landlord or licensee shall answer the questions truthfully, to the best of such owner's, landlord's or licensee's knowledge. The licensee shall have no duty to inquire about the psychological impacts regarding a specific property unless a customer or client, in writing, specifically requests the licensee to ask the owner or landlord for such information.

(d) The owner, landlord or licensee shall not make any disclosure concerning those psychological impacts of HIV, AIDS, or any other disease which has been determined by medical evidence to be highly unlikely to be transmitted through the occupancy of a dwelling place even if a customer or client specifically asks about such psychological impacts.

(68 Del. Laws, c. 154, § 1; 71 Del. Laws, c. 103, § 4; 78 Del. Laws, c. 166, § 1.)

§ 2928 Internet and World Wide Web.

Entering a name and email address on an Internet or World Wide Web site is sufficient to establish a broker-consumer relationship for the use of that system, but does not in of itself create a broker-customer or client relationship for any other purpose. The broker may deliver

the CIS by the Internet or World Wide Web and the customer may acknowledge receipt of it electronically. However, an exclusive business relationship or obligation for the customer or client to pay any compensation may only be created by a written brokerage agreement signed by the customer or client as a separate document. If the brokerage agreement is signed electronically it may not be part of a general consent to the terms of use of an Internet or World Wide Web site or other electronic device, but must be a conspicuous separate document.

(75 Del. Laws, c. 277, § 6; 78 Del. Laws, c. 166, § 1.)

§ 2929 Financial information.

Licensees do not have a duty to conduct an independent investigation of the customer's or client's financial condition and do not have a duty to independently verify the accuracy or completeness of financial statements made by the customer or client or any independent inspector, auditor, or lender, but if the licensee has actual knowledge of false financial information, the licensee shall advise the party to correct it and shall not pass on the information known to be false.

(75 Del. Laws, c. 277, § 6; 78 Del. Laws, c. 166, § 1.)

§ 2930 Compensation.

(a) *Written brokerage agreements.* — Nothing in this chapter obligates a buyer, tenant, seller or landlord to pay compensation to a broker or brokerage organization unless that party has entered into a written brokerage agreement with the broker or brokerage organization specifying the compensation terms. The compensation agreement may specify that the licensee may cooperate with other licensees. Brokers or brokerage organizations may compensate other brokers or brokerage organizations participating in the transaction without further permission of the party. The source of compensation does not by itself determine brokerage relationships. If a brokerage agreement contemplated one type of transaction such as a sale, but then through the course of continuous negotiations the initial transaction changes to another type of transaction such as a lease, the broker is still entitled to compensation; however, if the initial transaction was a lease which later became a sale, the broker is not entitled to compensation unless the listing agreement, other compensation agreement, or lease provided for compensation for a later sale.

(b) *Additional terms.* — Nothing in this chapter shall prohibit consumers from entering into written brokerage agreements with a broker or brokerage organization which contain duties, obligations, or responsibilities which are in addition to those specified in this chapter.

(c) *Different relationships permitted for different transactions or jurisdictions.* — A licensee or brokerage organization may work with a single party in separate transactions pursuant to different brokerage relationships including but not limited to selling 1 property as a seller's agent and working with that seller in buying another property as buyer's agent, or seller's sub-agent where permitted; provided, however, that the licensee or brokerage organization complies with this chapter in establishing the relationships for each transaction. A licensee who is licensed in another jurisdiction may function as a licensee for properties in that jurisdiction even if the brokerage relationship is different in that jurisdiction such as a "transaction broker", without being considered that status in Delaware.

(d) *Compensation to licensee or entity of licensee.* — All compensation relating to a real estate services transaction to be paid to a licensee shall be paid through the broker or brokerage organization. The broker or brokerage organization may pay the licensee's individual compensation to an entity created by the licensee to receive compensation providing the entity is either already approved by the Commission as a brokerage organization or the entity does not need to be approved because it does not engage in the brokerage business but is only established for business purposes to receive the licensee's compensation. The licensee paid by the broker or brokerage organization may employ licensed or unlicensed staff or team members who shall be paid an hourly wage, salary, or commission according to their agreement with the employing licensee. Nothing in this chapter shall authorize unlicensed personal assistants, independent contractors, or employees to engage in real estate services activities which by statute or regulation of the Commission must be performed by a licensee.

(75 Del. Laws, c. 277, § 6; 78 Del. Laws, c. 166, § 1.)

§ 2931 Competitive market analysis ("CMA").

A competitive market analysis is not an appraisal. A licensee may perform a competitive market analysis as part of providing real estate services. However, a licensee shall not perform a competitive market analysis for the mortgagee on a property that is the subject of a signed agreement of sale. A competitive market analysis as permitted under this chapter shall meet the following criteria:

(1) A competitive market analysis shall only be prepared for the following purposes:

- a. An existing or potential seller or owner for the purpose of listing a property for sale or lease; or
- b. An existing or potential buyer or tenant for the purpose of purchasing or leasing a property for sale or lease;

(2) The following disclosure shall appear in at least a 12-point bold face type font and located immediately following the estimated market price:

"Notwithstanding any language to the contrary contained herein, this Competitive Market Analysis is NOT an appraisal of the market value for property and is not intended to be used for any legal purpose including approval of a mortgage loan, modification of a mortgage loan, divorce/property separation, estate settlement, bankruptcy proceedings or any other purpose where real estate value is needed. If an appraisal is desired, the services of a licensed or certified appraiser must be obtained."

(3) The competitive market analysis shall comply with the content requirements as provided in the rules and regulations.

(78 Del. Laws, c. 166, § 1.)

§ 2932 Common law of agency.

(a) For transactions where the consumer hires a broker as a common law agent, and the broker agrees to become the consumer's common law agent, the common law of agency applies to the extent it is not inconsistent with applicable provisions of this chapter.

(b) The duties of a licensee as a common law agent and corresponding liabilities of the client begin and terminate based upon the common law of agency.

(c) *Common law agency disclosure.* — (1) All licensees in a common law agency relationship must disclose, in writing, whom they represent. This disclosure shall be made to all parties to a transaction who the licensee does not represent but with whom the licensee has substantive contact, such as prospective sellers, lessors, buyers and lessees.

(2) This disclosure referenced in subsection (a) of this section shall be made at the first substantive contact between the licensee and the person the licensee does not represent. A listing broker who is not also the selling Broker and who has no substantive contact with the prospective buyer or lessee, need not make any agency disclosure to the prospective buyer or lessee.

(3) The Commission may adopt rules and regulations to prescribe the form of disclosure to be used by licensees or minimum criteria for the form of disclosure.

(4) Licensees shall not function in the capacity of a common law agent for transactions concerning a 1-to-4 family residential property unless they have established that relationship in writing and the policy of the broker is to represent only the seller or buyer as a single agent for each transaction and never as a dual agent.

(68 Del. Laws, c. 166, § 1; 71 Del. Laws, c. 103, § 4; 75 Del. Laws, c. 277, §§ 1, 2, 6; 78 Del. Laws, c. 166, § 1.)

§ 2933 Statutory agency.

(a) The common law of agency relative to brokerage relationships in real estate services transactions established pursuant to this chapter is expressly abrogated for any licensee functioning as a broker, associate broker, or salesperson, licensee owner, or brokerage organization as defined in this chapter as a statutory agent. The remainder of this subchapter is intended to occupy completely the field of law relative to brokerage relationships for those real estate services transactions with the licensee or licensee's functioning as statutory agents. For those areas where the public, licensees, regulators, or courts need further guidance as to the conduct of statutory agents, customers and clients, the law governing independent contractor relationships shall apply to the extent it is not inconsistent with the provisions of this chapter.

(b) *Statutory interpretation.* — Performing the functions of a statutory agent as described in this chapter and the rules and regulations of the Commission shall not be construed to automatically or by implication create a common law agency relationship. This section through § 2938 of this title shall be construed as rules of conduct describing how a licensee works for clients, works with customers, or interacts with the general public as a statutory agent in the capacity of an independent contractor and not as a common law agent.

(c) *Presumed statutory agency.* — (1) For properties marketed for sale of 1-to-4 family residences or single lot sales of land intended for a 1-to-4 family residence:

- a. The licensee working for the buyer is presumed to be a statutory agent representing the buyer;
- b. A licensee working for the seller is presumed to be a statutory agent representing the seller; and
- c. A licensee working for both buyer and seller is presumed to be a statutory agent representing both parties as a dual agent.

(2) For new construction onsite sales offices for 1-to-4 family residences or single lot sales of land intended for a 1-to-4 family residence, the onsite licensee shall be presumed to be a statutory agent representing the builder or seller.

(3) The presumption of agency may be rebutted by the consumer signing a consumer information statement establishing a different agency relationship.

(78 Del. Laws, c. 166, § 1.)

§ 2934 Commencement and termination of duties.

(a) *Commencement of duties for a statutory agent.* — The duties of confidentiality as required by § 2936(c) of this title begin upon first contact between a licensee and the customer. The other statutory duties between a licensee and client as required by this subchapter begin upon the earlier of:

- (1) The first scheduled appointment;
- (2) The first showing of a property;
- (3) Making an offering; or
- (4) Otherwise working for the client;

unless a CIS is signed indicating there is no agency relationship. For transactions exempt from providing the CIS, the duties of the agent commence when the parties form an agency relationship.

(b) *Duties of a statutory agent after termination.* — A licensee and brokerage organization owe no further duty or obligation to the customer or client after termination, expiration, completion or performance of the transaction or other termination of the brokerage relationship, except the duties of:

- (1) Accounting in a timely manner for all money and property related to, and received during the relationship; and

(2) Treating as confidential the information provided by the customer or client during the course of the relationship that may reasonably be expected to have a negative impact on the customer or client's real estate activity unless:

- a. The customer or client to whom the information pertains grants written consent;
- b. Disclosure of the information, such as defects actually known by the licensee or previously disclosed by the seller on the seller's disclosure of real property condition report or radon disclosure or any other statutorily required form, is required by law;
- c. The information is made public or becomes public by the words or conduct of the customer or client to whom the information pertains or from a source other than the licensee or brokerage organization; or
- d. Disclosure is necessary to defend the licensee or brokerage organization against an action of wrongful conduct in an administrative or judicial proceeding or before a committee of a professional association.

(75 Del. Laws, c. 277, § 6; 76 Del. Laws, c. 258, § 3; 78 Del. Laws, c. 166, § 1.)

§ 2935 Duty to cooperate.

(a) Licensees shall cooperate with all other licensees involved in a transaction except when cooperation is not in the customer's or client's best interest. The obligation to cooperate does not include any obligation to share commissions or to otherwise compensate another licensee.

(b) In order to cooperate, licensees shall be reasonably available when requested by their customer or client to:

- (1) Accept delivery of and present to the customer or client offers and counteroffers to buy, sell, or lease the customer's or client's property, or the property the customer or client seeks to purchase or lease;
- (2) Assist the customer or client in developing, communicating, negotiating, and presenting offers, counteroffers, and notices that relate to offers and counteroffers until the agreement of sale or lease is signed and all contingencies are satisfied or waived; and
- (3) Answer the customer's or client's questions relating to the offers, counteroffers, notices, negotiations, and contingencies; and
- (4) Hold the escrow deposit.

(c) In order to cooperate, licensees shall be reasonably available when requested by a cooperating licensee to undertake the activities described in subsection (b) of this section, but only after disclosing the request to their customer or client and receiving written authorization to undertake the requested activity. If the customer or client fails to authorize the licensee to undertake the requested activity, the licensee shall not undertake such activity. If the broker's or brokerage organization's business model includes offering all of the services explained in the CIS, rather than having separate charges for distinct real estate services, the CIS is sufficient disclosure or written authorization to undertake the activities described in subsection (b) of this section.

(75 Del. Laws, c. 277, § 6; 76 Del. Laws, c. 258, § 9; 78 Del. Laws, c. 166, § 1.)

§ 2936 Broker, associate broker and salesperson as a statutory agent.

(a) Unless specifically hired as a common law agent by a written brokerage agreement, a licensee is a statutory agent and not a common law agent for any party. The broker may from time to time designate 1 or more associate brokers or salespersons licensed under that broker to be the designated associate broker or associate brokers or salesperson or salespersons of a client or clients to the exclusion of all others in the brokerage organization.

(b) *Obligations and responsibilities.* — A licensee shall to the extent applicable to their functions have the following obligations and responsibilities:

- (1) Performing the duties required by this chapter;
- (2) Performing the terms of the written brokerage agreement, if any;
- (3) Exercising reasonable skill and care as a licensee;
- (4) Advising the parties to obtain expert advice on material matters about which the licensee knows but the specifics of which are beyond the expertise of such licensee;
- (5) Accounting in a timely manner for all money and property received;
- (6) Helping to keep the parties informed regarding the progress of the transaction;
- (7) Performing ministerial tasks to assist the parties in complying with the terms and conditions of any contract;
- (8) Disclosing to all prospective buyers or tenants any adverse material facts actually known by the licensee;
- (9) Informing the parties that they shall not be vicariously liable for acts of other licensees;
- (10) Informing the parties that notice given to the designated licensee is considered notice to their client;
- (11) Informing the parties that oral or written statements made by a licensee without the consent of the party do not bind the party and may not be relied upon by anyone as binding a party. As such, all statements and negotiations shall need to be authorized by or signed by the parties themselves to be binding on the parties unless otherwise stated in the brokerage agreement, agreement of sale, lease, or power of attorney;
- (12) Complying with all requirements of this chapter and any rules and regulations promulgated pursuant to this chapter;
- (13) Complying with any applicable federal, state, or local laws, rules, regulations, or ordinances; and

(14) Following fair housing and civil rights laws and regulations.

(c) *Confidentiality*. — The following information shall not be disclosed by a licensee without the informed consent of the affected party:

(1) That a buyer or tenant is willing to pay more than the purchase price or lease rate offered for the property;

(2) That a seller or landlord is willing to accept less than the asking price or lease rate for the property;

(3) What the personal motivating factors are for any party to a transaction;

(4) That a seller, buyer, landlord, or tenant will agree to terms other than those offered;

(5) Any material confidential information about the parties or property unless disclosure is required by statute or regulation or failure to disclose such information would constitute fraud or intentional misrepresentation;

(6) Any facts or suspicions regarding circumstances which may psychologically impact or stigmatize any real property pursuant to § 2927 of this title unless required to be disclosed by § 2927 of this title; or

(7) Any facts or suspicions that any party or someone in the community is a registered sex offender under subchapter III of Chapter 41 of Title 11 as amended from time to time, but if asked shall refer the person to the Delaware State Police to seek this information.

(d) *Confidentiality exception*. — For transactions of properties other than those marketed as:

(1) One-to-4 family residences; or

(2) Single family lots of land intended for 1-to-4 family residence;

designated agents who are not dual agents are exempt from subsection (c) of this section; instead, a duty of confidentiality by the agent to the client shall apply after a client relationship is formed.

(e) *Actions permitted by agents*. — An agent may do the following without breaching any obligation, duty, or responsibility to a customer or client:

(1) List and advertise competing properties for sale or lease;

(2) Show customers or clients alternative properties not owned by their broker's other clients;

(3) Show properties in which 1 customer or client is interested to their other customers or clients;

(4) Present offers on the same property for more than 1 customer or client;

(5) Disseminate information that is generally available to licensees. For example, providing information on comparable sales and the licensee's interpretation, advice, and opinion about this information with the customer or client retaining the authority to decide what to do with this information;

(6) Assist buyers and sellers in preparing offers and counteroffers, providing that the forms used advise the parties that they may seek legal advice prior to signing. Presenting all offers and counteroffers in a timely manner regardless of whether the property is subject to a contract for sale, lease or letter of intent unless instructed otherwise by the customer or client;

(7) Develop negotiating strategies or options for how to proceed with a transaction;

(8) Perform ministerial tasks;

(9) Serve as a single agent, sub-agent, or dual agent for the same parties in different transactions or different parties concerning the same property. For example, the licensee could be a statutory agent for the sellers in 1 transaction and a common law agent for the same people as buyers in another transaction;

(10) Cooperate with other licensees; however, for 1-to-4 family residences or single family lots of land intended for 1-to-4 family residences they shall not engage any common law subagents from other brokers or brokerage organizations;

(11) Disclose information concerning a transaction among the broker, designated associate broker(s) or designated salesperson(s), and office staff working for the brokerage organization on that transaction;

(12) Provide customers with factual information they request. Provide clients with relevant factual information. Tell clients about their choices of how to proceed and provide them with relevant information. Provide clients with information and advice when presented with questions from the client or a request for advice.

(f) *No imputed knowledge*. — There is no imputation of knowledge or information by operation of law among or between the customer, client, broker, associate broker, salesperson, brokerage organization and other licensees or persons within a brokerage organization.

(g) *Notice*. — Notice as defined by law or in the agreement of sale or lease given to a party shall be considered effective notice. Unless specified otherwise in the agreement of sale or lease, notice only given to a designated associate broker(s) or salesperson(s) shall also be considered effective notice to the client of that associate broker or salesperson. Notice to the broker is not considered notice to the designated associate broker(s), designated salesperson(s), or client. Notice only to the designated associate broker or salesperson is not considered notice to the broker, or the rest of the brokerage organization.

§ 2937 Vicarious liability; protections when working with a statutory agent.

(a) A customer or client shall not be liable for a wrongful act, error, omission, or misrepresentation of the licensee except to the extent the customer or client had actual knowledge of the wrongful act, error, omission, or misrepresentation.

(b) A licensee shall not be liable for a wrongful act, error, omission, or misrepresentation of the customer or client except to the extent the licensee had actual knowledge of the wrongful act, error, omission, or misrepresentation.

(c) Nothing in this section shall be construed to diminish or limit any of the other duties or responsibilities of the licensee under this chapter, or the rules promulgated hereunder.

(d) This chapter does not otherwise limit the liability of a broker, for an act, error, or omission of a licensee in the brokerage organization. Notwithstanding any other provision of this chapter, the employer of the licensee is vicariously liable as the employer would be under the doctrine of respondeat superior whether the licensee is employed by the broker or brokerage organization as an employee or as an independent contractor.

(e) This section does not apply if the licensee or brokerage organization is hired as a common law agent.

(75 Del. Laws, c. 277, § 6; 76 Del. Laws, c. 258, § 8; 78 Del. Laws, c. 166, § 1.)

§ 2938 Consumer information statement; confidentiality.

(a) The Commission shall establish by rule and regulation a consumer information statement ("CIS"). The Commission may provide alternative consumer information statements for residential properties, properties that do not contain any residential units, commercial transactions, property management, or other brokerage situations as the Commission deems appropriate. At a minimum, the form shall provide a summary of what a licensee is permitted or prohibited from doing as provided by §§ 2935 and 2936 of this title. The CIS shall explain the circumstances when the consumer may hire the licensee as a common law agent, but that this would require other detailed disclosures of conflicts of interests and could involve significant potential legal liability and financial risk for the consumer.

(b) The consumer information statement required by this chapter shall be delivered to the consumer no later than the earlier of:

- (1) The first scheduled appointment;
- (2) The first showing of a property; or
- (3) Making an offer;

unless the consumer has already been given the CIS by another licensee. A listing licensee who knows that the buyer is working with another licensee is not required to give that buyer a CIS. A licensee working with a buyer who knows that the seller is working with another licensee is not required to give a CIS to that seller. The CIS must be signed by the customer or client prior to signing an agreement of sale, listing agreement or any other brokerage agreement, unless otherwise exempt from providing a CIS.

(c) The CIS shall be available to the consumer at open houses, but does not need to be personally presented by the licensee unless the consumer asks for more than factual information about the property or expresses interest in making an offer on the property during the open house.

(d) The duties of confidentiality as required by § 2936(c) of this title begin upon the first contact between a licensee and the customer. The other statutory duties between a licensee and client as required by this subchapter begin upon the earlier of:

- (1) The first scheduled appointment;
- (2) The first showing of a property;
- (3) Making an offer; or
- (4) Otherwise working for the client;

unless a CIS is signed indicating there is no agency relationship. For transactions exempt from providing the CIS, the duties of the agent commence when the parties form an agency relationship.

(e) Nonrenewable leases of 120 days or less are exempt from the requirement to provide the CIS to the potential tenant; provided, however, that the duties of confidentiality required by § 2936(c) of this title and the rest of this chapter still apply to those leases. The broker may still choose to provide the CIS as a matter of brokerage organization policy.

(f) Transactions of properties other than those marketed as:

- (1) One-to-4 family residential properties; or
- (2) Single lot sales of land intended for a 1-to-4 family residence;

are exempt from the requirement to provide the CIS to the potential parties; however the balance of this chapter shall still apply unless specifically exempted. In lieu of providing a CIS, the agreement of sale or lease shall include the following language after the confirmation of the agency relationships:

"The parties acknowledge that they have certain rights and responsibilities under Delaware agency law (Title 24 of the Delaware Code, Chapter 29) and may consult with their legal counsel."

(g) For rental of residential property not otherwise exempt from the requirement to provide the CIS, the CIS shall be given to the potential tenant no later than the earlier of:

- (1) The first scheduled appointment;
- (2) The first showing of a property; or
- (3) Making an offer,

but does not need to be signed until the potential tenant decides to complete a rental application or the signing of a lease.

(75 Del. Laws, c. 277, § 6; 76 Del. Laws, c. 258, §§ 3, 4, 10; 78 Del. Laws, c. 166, § 1.)

§ 2939 Limitations on local business licensing requirements, fees and taxes [Effective July 1, 2020].

(a) A county, municipality, or other political subdivision of the State shall not impose local business licensing requirements, fees, or taxes upon real estate brokers, associate brokers, brokerage organizations, or real estate salespersons for any of the following activities in that jurisdiction:

(1) Listing real estate for sale.

(2) Representing buyers in the purchase of real estate.

(3) Rental of real estate for property owners or tenants unless the property is in a city with a population over 50,000.

(b) This section does not prohibit a jurisdiction from charging a real estate broker, associate broker, brokerage organization, or real estate salesperson with a physical office in that jurisdiction for a business license, fees, or taxes on the same basis as other businesses with offices in that jurisdiction.

(c) This section does not prohibit a jurisdiction from charging a wage tax under that jurisdictions' ordinances on the same basis as other wages earned in that jurisdiction.

Subchapter I

Board of Mental Health and Chemical Dependency Professionals

§ 3001 Objectives.

(a) The primary objective of the Board of Mental Health and Chemical Dependency Professionals, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

(b) The secondary objectives of the Board are to maintain minimum standards of licensee competency and to maintain certain standards in the delivery of services to the public. In meeting these objectives, the Board shall develop standards assuring professional competence; monitor complaints brought against licensees regulated by the Board; adjudicate at formal hearings; promulgate rules and regulations; and impose sanctions where necessary.

(c) Except as provided in subsection (d) of this section, each member shall serve a term of 3 years and may succeed himself or herself for 1 additional term. A term of office expires on the date specified in the appointment; however, the Board member shall remain eligible to participate in Board proceedings unless and until replaced by the Governor.

(d) A person who has never served on the Board may be appointed to the Board for 2 consecutive terms; but no such person shall thereafter be eligible for 2 consecutive appointments. No person who has been twice appointed to the Board, or who has served on the Board for 6 years within any 9-year period, shall again be appointed to the Board until an interim period of at least 1 term has expired since such person last served.

(e) Any act or vote by a person appointed in violation of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section, unless such an amendment or revision amends this section to permit such an appointment.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetence or neglect of duty. A member subject to disciplinary hearing shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(g) No member of the Board, while serving on the Board, shall hold elective office in any association of mental health or chemical dependency professionals, nor serve as head of a professional association's political action committee.

(h) The provisions of Chapter 58 of Title 29 shall apply to members of the Board.

(i) A member who is absent without adequate reason for 3 consecutive meetings or who fails to attend at least half of all regular business meetings during any calendar year shall be guilty of neglect of duty.

(j) Each member of the Board shall be compensated at an appropriate and reasonable level as determined by the Division of Professional Regulation and may be reimbursed for all expenses involved in each meeting, including travel, according to Division policy.

No disciplinary action shall be taken without the affirmative vote of a majority of the members of the Board, at least 1 of whom must be of the same profession as the individual being disciplined.

(d) Minutes of all meetings shall be recorded and the Division shall maintain copies. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The expense of preparing any transcript shall be incurred by the person requesting it.

(4) Grant licenses to and renew licenses of applicants who meet the qualifications for licensure.

(5) Establish by rule and regulation continuing education standards required for license renewal.

(6) Evaluate certified records to determine whether an applicant for license who previously has been licensed, certified or registered in another jurisdiction has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against the applicant for such acts or offenses.

(7) Refer all complaints from licensees and the public concerning persons licensed under this chapter, or concerning practices of the Board or of a profession regulated by the Board, to the Division for investigation pursuant to § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

(8) Conduct hearings and issue orders in accordance with procedures established pursuant to Chapter 101 of Title 29.

(9) Where it has been determined after a hearing that penalties or sanctions should be imposed, designate and impose the appropriate sanction or penalty after time for appeal has lapsed.

(10) Adopt a code of ethics for each profession licensed by the Board, which code may be a code of ethics adopted by a national organization which certifies members of the profession.

(11) Appoint 1 or more credentialed art therapists to advise and assist the Board in adopting rules and regulations setting qualifications and procedures for licensing professional art therapists, evaluating credentials of applicants, adopting a code of ethics for the practice of art therapy, setting continuing education standards required for license renewal, and providing such other assistance as determined by the Board.

(b) The Board shall, by regulation, identify crimes which are substantially related to the practice of a mental health or chemical dependency professional.

(66 Del. Laws, c. 128, § 1; 68 Del. Laws, c. 52, § 1; 72 Del. Laws, c. 267, § 1; 74 Del. Laws, c. 262, § 60; 74 Del. Laws, c. 355, §§ 9-11; 75 Del. Laws, c. 83, § 1; 81 Del. Laws, c. 165, § 1.)

There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure period, the Division, or another state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate fee for the period.

(66 Del. Laws, c. 128, § 1; 68 Del. Laws, c. 52, § 1; 72 Del. Laws, c. 267, § 1; 75 Del. Laws, c. 83, § 1.)

(b) A license must be renewed biennially, in such manner as is determined by the Division and upon payment of a renewal fee, submission of a renewal form provided by the Division, and proof that the licensee has met the continuing education requirements established by the Board. In addition each licensee shall submit proof of membership in good standing as of the date of licensure in a national certifying organization acceptable to the Board.

(c) A licensee who fails to renew a license on or before the renewal date shall be granted 1 year to renew the license. The Division shall set a fee for late renewal. An individual who fails to renew a license before the expiration of the 1-year period must reapply as a new applicant, pay a fee set by the Division, and submit proof of fulfillment of continuing education requirements and proof of membership in a national certifying organization acceptable to the Board.

(d) A person licensed pursuant to this chapter, upon written request, may be placed on an inactive register. Provisions for resuming active status shall be established by the Board.

(e) It is the responsibility of a licensee to keep the Division informed of a change of address. Renewal applications will be sent to the last address on file with the Division.

(66 Del. Laws, c. 128, § 1; 68 Del. Laws, c. 52, § 1; 72 Del. Laws, c. 267, § 1; 75 Del. Laws, c. 83, § 1.)

§ 3009 Grounds for discipline.

(a) A person licensed under this chapter is subject to the disciplinary sanctions set forth in § 3011 of this title if, after a hearing, the Board finds that the licensee has:

(1) Employed or knowingly cooperated in a fraud or material deception in order to acquire a license under this chapter; has impersonated another person holding a license or allowed another person to use the licensee's license; or has aided or abetted a person not licensed to represent himself or herself as a person licensed under this chapter.

(2) Been convicted of a crime that is substantially related to the practice of a mental health or chemical dependency professional. A certified copy of the record of conviction shall be conclusive evidence of a conviction.

(6) Had the licensee's professional license under this chapter suspended or revoked, or has been the subject of disciplinary action taken by the appropriate licensing authority of another jurisdiction; provided, that the grounds for the disciplinary action of the other jurisdiction have been presented to the Board by a certified record and the Board has determined that the facts found by the other jurisdiction constitute an act specified in this section. A person licensed in this State pursuant to this chapter is deemed to have given consent to the release of information by the Board or by a comparable agency in another jurisdiction and to waive all objections to the admissibility of evidence of a previously adjudicated act or offense.

(7) Failed to notify the Board that the licensee's license in another jurisdiction has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation of a license shall be conclusive evidence thereof.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(b) When it is determined that an individual who is not licensed under this chapter is representing himself or herself as being so licensed, or is holding himself or herself out to the public as being licensed under this chapter, the Board shall apply to the Office of the Attorney General to issue a cease and desist order.

(66 Del. Laws, c. 128, § 1; 68 Del. Laws, c. 52, § 1; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 267, § 1; 75 Del. Laws, c. 83, § 1.)

§ 3011 Disciplinary sanctions.

(74 Del. Laws, c. 355, § 12; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 83, § 1.)

§ 3031 Definitions.

As used in this subchapter:

(1) "Licensed associate counselor of mental health" ("LACMH") is an individual licensed as an associate counselor of mental health under this chapter who is obtaining experience under the professional direct supervision of a licensed professional counselor of mental health or other health professional approved by the Board for the purpose of becoming licensed as a professional counselor of mental health.

The Board approved supervisor is responsible for insuring that the extent, kind and quality of the services rendered are consistent with the supervisee's education, training and experience.

(4) "Professional mental health counseling" is the application of clinical counseling principles, methods or procedures including the diagnosis and treatment of mental and emotional disorders to assist individuals in achieving more effective personal and social adjustment.

(1) Has received a master's degree from a regionally accredited institution of higher education with a minimum of 60 graduate semester hours in clinical mental health counseling or received a graduate degree equivalent to clinical mental health counseling from a recognized institution as determined by the Board.

(2) Has acquired the equivalent of 2 years of experience in supervised professional mental health counseling acceptable to the Board. (3) Has passed the National Counselor Examination (NCE) or other examination acceptable to the Board.

The Board, after a hearing, may determine whether such administrative penalty is grounds to deny licensure.

(5) Does not have any impairment related to drugs or alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to act as a professional counselor of mental health or associate counselor of mental health in a manner consistent with the safety of the public.

(6) Shall not have a criminal conviction nor pending criminal charge relating to an offense, the circumstances of which substantially relate to actions as a licensed professional counselor of mental health or associate counselor of mental health. Applicants who have a criminal conviction or pending criminal charge shall request appropriate authorities to provide information about the conviction or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the conviction or charge is substantially related to actions as a licensed professional counselor of mental health or associate counselor of mental health. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a) (6), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Mental Health and Chemical Dependency Professionals shall be the screening point for the receipt of said federal criminal history records.

An applicant may not be licensed as a licensed professional counselor of mental health until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be certified by the Board unless a waiver is granted pursuant to paragraph (a)(6) of this section. The State Bureau of Identification may release any subsequent criminal history to the Board.

(b) If the Board finds that an applicant has been intentionally fraudulent or has intentionally supplied false information, the Board shall report its findings to the Attorney General for further action.

(c) Where an application is refused or rejected and the applicant feels the Board has acted without justification, has imposed higher or different standards for the applicant than for other applicants or licensees or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

§ 3034 Reciprocity.

(a) Upon payment of the application fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who is certified by the National Board for Certified Counselors or other national mental health specialty certifying organization acceptable to the Board who shall present proof of current licensure in good standing in another State, the District of Columbia or territory of the United States, whose standards for licensure are substantially similar to those of this State. A "license in good standing" is defined in § 3032(a)(4) through (8) of this title.

(b) An applicant who is licensed in a jurisdiction whose standards are not substantially similar to those of this State but who has held a license in good standing for a minimum of 5 years in the jurisdiction from which the applicant is applying for reciprocal licensure and who has passed the NCE or other examination acceptable to the Board may be licensed by the Board, provided the applicant meets all other qualifications for reciprocity.

(8) Evaluate the credentials of all persons or establishments applying for a license to practice funeral services in Delaware, in order to determine whether such persons or establishments meet the qualifications for licensing set forth in this chapter.

(9) Grant licenses to, and renew licenses of, all persons who meet the qualifications for licensure, and register persons who are fulfilling the licensure experience requirement under the personal supervision of a state-licensed funeral director.

(10) Establish by rule and regulation continuing education standards required for license renewal for those practitioners under 65 years of age, provided that, in establishing rules for continuing funeral services education, the Board shall consider potential economic hardship on single practitioners and other licensees, and shall not impose rules that are likely to place undue economic hardship on licensees. License renewal shall not consist of, nor be dependent upon, retesting for those practitioners under 65 years of age, provided that, in establishing rules for continuing funeral services education, the Board shall consider potential economic hardship on single practitioners and other licensees, and shall not impose rules that are likely to place undue economic hardship on licensees.

(11) Evaluate certified records to determine whether an applicant for licensure, who previously has been licensed, certified or registered in another jurisdiction to practice funeral services, has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses.

(12) Refer all complaints from licensees and the public concerning practitioners, or concerning practices of the Board or of the profession, to the Division for investigation pursuant to § 8735 of Title 29, and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

(13) Conduct hearings and issue orders in accordance with procedures established pursuant to this chapter, Chapter 101 of Title 29, and § 8735 of Title 29. Where such provisions conflict with this chapter, this chapter shall govern. The Board shall determine whether a practitioner shall be subject to a disciplinary hearing and, if so, shall conduct such hearing in accordance with this chapter and the Administrative Procedures Act.

(14) Where it has been determined, after a disciplinary hearing, that penalties or sanctions should be imposed, to designate and impose the appropriate sanction or penalty after time for appeal has lapsed.

(15) Adopt and implement an inspection program for funeral establishments and crematoriums. Through the inspection program, the Board shall have the authority to:

a. Review all licenses for accuracy and refer any inaccuracies to the appropriate agencies for investigation and resolution.

b. Send written notification to any individual or entity who is in violation of any of the licensing regulations of the State, as an initial warning. If the violation is not corrected, it may be forwarded to the appropriate agencies for investigation and resolution.

(16) Regulate cremation and crematoriums.

(b) The Board of Funeral Services shall promulgate regulations specifically identifying those crimes which are substantially related to the provision of funeral services.

Subchapter II

License and Registration; Limited License; Establishment Permit

§ 3106 License; registration required; responsibility.

(a) No person shall, without a license, engage in the practice of funeral services; hold himself or herself out to the public in this State as being qualified to practice funeral services; use or display in connection with that person's name any sign or advertise in any manner as being a funeral director or provider of funeral services; or otherwise assume or use any title or description conveying or tending to convey the impression that the person is qualified to practice funeral services.

(b) Practitioners regulated under this chapter shall observe and be subject to all federal, state, and municipal regulations relating to the control of contagious and infectious diseases, and any and all matters pertaining to public health, including reporting to the proper health office the same as other practitioners.

(c) Whenever a license to practice as a funeral director in this State has expired or been suspended or revoked, it shall be unlawful for the person to practice funeral services in this State and, if the individual is a sole proprietor, the establishment permit shall also be revoked.

(d) No person shall act as an intern or hold himself or herself out as a funeral services intern unless such person has been duly registered by the Board under this chapter.

(e) [Repealed.]

(f) No person or entity outside of this State shall broker funeral services within this State without being a duly-licensed Delaware funeral director operating from a duly licensed Delaware funeral establishment.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2; 80 Del. Laws, c. 231, § 1.)

§ 3107 Qualifications of applicants for licensure; judicial review; report to Attorney General.

(a) An applicant who is applying for licensure as a funeral director under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Has graduated from an accredited high school, or its equivalent, and has received an Associate Degree or its equivalent in mortuary science, consisting of 60 credit hours, from a school fully accredited by the American Board of Funeral Services Education, or its successor.

(2) Has achieved the passing score, as established by an independent testing service, on the written, standardized examination on funeral services recognized by the Conference of Funeral Service Examining Boards, or its successor.

(3) Has achieved the passing score, as established by an independent testing service, on a written, validated examination based solely on the laws of Delaware governing the profession of funeral services. In conjunction with the independent testing service, said examination shall be administered by the Division, which shall have sole authority to contract for the validated examination.

(4) Has satisfactorily completed an internship in this state of 1 year's duration, under the auspices of a licensed Delaware funeral director. An applicant is responsible for arranging the internship. If, after contacting 20 firms, the applicant is unable to obtain an internship within 6 months, the applicant shall so stipulate in an affidavit presented to the Board. The Board shall determine whether the applicant has pursued a position as intern to the applicant's fullest capability. The Board shall have 6 months from the date it receives the affidavit to place the applicant in an internship. If no position has been made available, the applicant shall be issued a license upon satisfaction of all other requirements for licensure.

(5) Shall not have been the recipient of any administrative penalties regarding the applicant's practice of funeral services, including fines, formal reprimands, license suspensions or revocation other than for nonpayment of license renewal fees, and probationary limitations; and shall not have entered into any "consent agreements" which contain conditions placed by a board on the applicant's professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure.

(6) Shall not have any impairment related to drugs or alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake the practice of funeral services in a manner consistent with the safety of the public.

(7) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of funeral services. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of funeral services. After a hearing at which is it determined, or a review of documentation demonstrating, that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(7), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence, and must be in substantial compliance with all court orders pertaining to fines, restitution, and community service.

b. For waiver of a misdemeanor conviction or violation, the applicant may not, at the time of the application, be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence, and must be in substantial compliance with all court orders pertaining to fines, restitution, and community service.

c. The applicant is capable of practicing funeral services in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety, or welfare.

(8) Has provided such information as may be required on an application form designed and furnished by the Board and approved by the Division. No application form shall require a picture of the applicant, except where required for verification of identity for testing purposes; information relating to citizenship, place of birth, or length of state residence; or personal references. The applicant shall not be required to submit a police report as a condition of application for licensure or internship.

(b) Where the Board has found to its satisfaction that an application has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification, imposed higher or different standards for that person than for other applicants or licensees, or, in some other manner, contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(d) The Board shall not violate an applicant's rights during the application and internship process for licensure as a funeral director in this State.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 72 Del. Laws, c. 209, §§ 11-14; 74 Del. Laws, c. 262, § 66; 75 Del. Laws, c. 436, § 35; 77 Del. Laws, c. 199, § 26; 78 Del. Laws, c. 44, §§ 50, 51; 80 Del. Laws, c. 194, § 2.)

§ 3108 Limited license.

Upon payment to the Board of a fee, established by the Division, and completion of an application on forms provided by the Board, the Board shall issue a limited license to a person who is validly licensed as a funeral director by another state of the United States, its possessions, territory, or the District of Columbia, provided that a similar privilege is granted by that jurisdiction to Delaware licensed funeral directors. A limited license will allow the licensee to make a removal of a dead human body in this State, return the body to another state or country, return dead bodies from another state or country to this State for final disposition, complete the family history portion of the death certificate, sign the death certificate in the licensee's capacity as a licensed funeral director, and execute any other procedures necessary to arrange for the final disposition of a dead human body.

(71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2.)

§ 3109 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who presents proof of current licensure in good standing in another state, the District of Columbia, or territory of the United States, whose standards for licensure are substantially similar to those of this State, as determined by the Board, and who meets all of the following criteria:

(1) The applicant's license is in "good standing" as defined in § 3107(a)(5) through (7) of this title.

(2) The applicant has achieved a passing score on the exam required by § 3107(a)(3) of this title.

(b) An applicant who is licensed in a state whose standards are not substantially similar to those of this State shall have practiced for at least 3 of the past 5 years in another jurisdiction, provided that the applicant meets all other qualifications for reciprocity in this section.

(c) An applicant from a state that separately licenses funeral directors and embalmers must have both licenses to qualify for licensure under subsection (b) of this section.

(d) It shall be the responsibility of the applicant to provide verification of all information required by § 3107 of this title.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 72 Del. Laws, c. 209, § 15; 75 Del. Laws, c. 294, § 1; 75 Del. Laws, c. 436, § 36; 80 Del. Laws, c. 194, § 2.)

§ 3110 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

(66 Del. Laws, c. 225, § 1; 71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2.)

§ 3111 Licensure; renewal of license; lapsed license; inactive status; special exception.

(a) The Board shall issue a license to each applicant who meets the requirements of this title for licensure as a funeral director and who pays the fees established under § 3110 of this title. Prior to practicing in this State, each applicant shall file for and obtain an occupational license from the Division of Revenue in accordance with Chapter 23 of Title 30.

(b) Each license shall be renewed biennially, in such manner as is determined by the Division, and upon payment of the appropriate fee, submission of a renewal form provided by the Division, and proof that the licensee has met the continuing education requirements established by the Board.

(c) Any licensee whose license lapses as a result of a failure to renew may regain the license within 12 months of such lapse upon payment to the Board of a fee established by the Division, and evidence of successful completion of continuing education courses required by the Board.

(d) Any licensee, upon written request to the Board, may be placed on inactive status not to exceed 5 years. Such licensee may reenter practice upon notification to the Board of an intention to do so, provided the licensee has satisfied all continuing education requirements prescribed by the Board. The fee to reenter practice shall be in accordance with § 3110 of this title.

(e) Notwithstanding subsection (b) of this section, in the event a funeral director who was previously licensed in Delaware and allowed his or her license to lapse for a period in excess of 12 months is applying for licensure under this section, the Board shall grant a license to such applicant, subject to the applicant complying with all of the following:

- (1) Completion of the continuing education requirements set forth in subsection (b) of this section.
- (2) Formal submission of a completed, written application on forms provided by the Board.
- (3) Successful completion of the state law examination required by § 3105 of this title.
- (4) Payment of a reinstatement fee established by the Division.

(66 Del. Laws, c. 225, § 1; 67 Del. Laws, c. 397, § 1; 68 Del. Laws, c. 36, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 72 Del. Laws, c. 209, § 16; 80 Del. Laws, c. 194, § 2.)

§ 3112 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 3114 of this title, if, after a hearing, the Board finds 1 or more of the following:

(1) The funeral director has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a funeral director, impersonated another person holding a license or allowed another person to use that practitioner's license, or aided or abetted a person not licensed as a funeral director to represent himself or herself as a funeral director.

(2) The funeral director has illegally, incompetently, or negligently practiced funeral services.

(3) The funeral director has been convicted of a crime that is substantially related to the provision of funeral services or any offense which would limit the ability of the practitioner to carry out the practitioner's professional duties with due regard for the health and safety of the public. A copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence of the conviction.

(4) The funeral director has used or abused drugs either in the past or currently. For the purposes of this subsection, "excessive use or abuse of drugs" shall mean any use of narcotics, controlled substances, or illegal drugs without a prescription from a licensed physician, or the abuse of alcoholic beverage such that it impairs the practitioner's ability to perform the work of a funeral director.

(5) The funeral director has engaged in an act of consumer fraud or deception; engaged in the restraint of competition; or participated in price-fixing activities.

(6) The funeral director has violated a lawful provision of this chapter, or any lawful regulation established under this chapter.

(7) The practitioner's license as a funeral director was suspended or revoked, or other disciplinary action was taken by the appropriate licensing authority in another jurisdiction, provided that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a funeral director in this State shall be deemed to have given consent to the release of this information by the Board or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses.

(8) Failed to notify the Board that the practitioner, in his or her capacity as a funeral director in another state, has been subjected to discipline, or the practitioner's license as a funeral director in another state has been surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, surrender, suspension, or revocation shall be conclusive evidence thereof.

(9) A physical condition such that the performance of funeral services is or may be injurious or prejudicial to the public.

(10) Has solicited a customer or potential customer to grant a power of attorney to the funeral director or a business associate, employee, or family member of the funeral director, or to make any of the foregoing an heir of the customer or potential customer.

(b) Where a practitioner fails to comply with the Board's request that the practitioner attend a hearing, the Board may petition the Superior Court to order such attendance, and the Court or any judge assigned thereto shall have the jurisdiction to issue such order.

(c) Subject to this chapter and subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended, or revoked by the Board, and no practitioner's right to practice funeral services shall be limited by the Board, until such practitioner has been given notice and an opportunity to be heard in accordance with the Administrative Procedures Act.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 72 Del. Laws, c. 209, §§ 17, 18; 74 Del. Laws, c. 262, § 67; 75 Del. Laws, c. 238, § 1; 80 Del. Laws, c. 194, § 2.)

§ 3113 Complaints.

(a) All complaints shall be received and investigated by the Division in accordance with § 8735 of Title 29, and the Division shall be responsible for issuing a final written report at the conclusion of its investigation.

(b) When it is determined that an individual is engaging or has engaged in the practice of funeral services, or is using the title “funeral director” and is not licensed under the laws of this State, the Board shall apply to the Attorney General to issue a cease and desist order, after formally warning the unlicensed practitioner in accordance with this chapter.

(c) Any complaints involving allegations of unprofessional conduct or incompetence shall be investigated by the Division.
(66 Del. Laws, c. 225, § 1; 71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2.)

§ 3114 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that 1 or more of the conditions or violations set forth in § 3112 of this title applies to a practitioner regulated by this chapter:

- (1) Issue a letter of reprimand.
- (2) Censure a practitioner.
- (3) Place a practitioner on probationary status, and require the practitioner to:
 - a. Report regularly to the Board upon the matters which are the basis of the probation.
 - b. Limit all practice and professional activities to those areas prescribed by the Board.
- (4) Suspend any practitioner’s license.
- (5) Revoke any practitioner’s license.
- (6) Impose a monetary penalty not to exceed \$1,000 for each violation.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety, or welfare, the Board may temporarily suspend the person’s license, pending a hearing, upon the written order of the Secretary of State or the Secretary’s designee, with the concurrence of the Board chair or the Board chair’s designee. An order temporarily suspending a license may not be issued unless the person or the person’s attorney received at least 24 hours’ written or oral notice before the temporary suspension, so that the person or the person’s attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order, unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person’s license.

(d) Where a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 72 Del. Laws, c. 209, § 19; 79 Del. Laws, c. 213, § 2; 80 Del. Laws, c. 194, § 2.)

§ 3115 Hearing procedures.

(a) If a complaint which alleges a violation of § 3112 of this title is filed with the Board pursuant to § 8735 of Title 29, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal and without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board’s decision shall be in writing and shall include its reasons for such decision. The Board’s decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board’s decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(66 Del. Laws, c. 225, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2.)

§ 3116 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension or probation.

(b) Where a license or registration has been suspended due to the licensee’s inability to practice pursuant to this chapter, the Board may reinstate such license, if, after a hearing, the Board is satisfied that the licensee is again able to perform the essential functions of a

funeral director, with or without reasonable accommodations, and there is no longer a significant risk of substantial harm to the health and safety of the individual or others.

(c) Applicants for reinstatement must pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

(d) [Repealed.]

(71 Del. Laws, c. 460, § 1; 80 Del. Laws, c. 194, § 2; 82 Del. Laws, c. 8, § 13.)

Subchapter III Other Provisions

§ 3117 Funeral establishment permit; circumstances for termination and continuation.

(a) Upon completion of an application provided by the Board, payment of the appropriate fee, and fulfillment of all standards set by the Board by regulation, the Board shall issue a funeral establishment permit when the applicant provides evidence, verified by oath, that the establishment meets all of the following requirements:

(1) Funeral services shall be conducted from a building that meets the requirements of a funeral establishment as defined in § 3101 of this title.

(2) The funeral establishment shall have in charge full time therein a person licensed in accordance with this chapter; provided, however, that this paragraph shall not apply to funeral establishments maintained, operated, or conducted prior to September 6, 1972.

(3) The property on which the funeral establishment is located shall be properly zoned by the local zoning authority.

(4) The funeral establishment has acquired all appropriate business licenses issued by the State Division of Revenue.

(b) No person shall conduct, maintain, manage, or operate a funeral establishment unless a permit for each such establishment has been issued by the Board. Violation of this subsection shall constitute grounds for discipline.

(c) All funeral establishment permits shall be renewed biennially in a manner determined by the Division, and shall be accompanied by a fee determined by the Division pursuant to § 3110 of this title. All permits shall list the name of the licensed full-time funeral director in charge of the establishment.

(d) The applicant to whom the establishment permit has been issued shall not permit the unauthorized practice of funeral services, personally or by agents, on or off the premises of said funeral establishment.

(e) In the event of the death, disability, or circumstance that prevents the direct supervision and management by the funeral director of the funeral establishment, said permit is void, except under the occurrence of at least 1 of the following conditions:

(1) Where a funeral establishment has been operated by a funeral director under the director's license, the director's estate may continue the funeral establishment under the supervision and management of a licensed funeral director of this State until such time as the estate may be settled, but for no more than 2 years after the date of the decedent's death.

(2) Where a funeral establishment has been operated by a corporation, said corporation may continue operating and assume all responsibilities of the funeral establishment, provided that an officer of the corporation is a licensed funeral director of this State. Any change in officers of the corporation shall be reported to the Board.

(f) The Board is authorized to suspend or revoke a permit, after notice and hearing, for failure to comply with this statute or any lawful regulation applicable to funeral establishments.

(g) A funeral establishment with multiple branch locations in Delaware operated under the same trade name or owned by the same owner or owners is required to maintain an embalming area in at least 1 of its Delaware locations, and the embalming area shall be disclosed on the appropriate establishment licenses. § 3118 Exemptions.

(a) Nothing in this chapter shall be construed to prevent persons licensed to practice in any other state, district, territory, or foreign country who, as practicing funeral directors, enter this State to transport or bury human remains, or to consult with a funeral director of this State. Such consultation shall be limited to examination, recommendation, or testimony in litigation.

(b) Nothing in this chapter shall be construed to prevent the practice of funeral services by any student of an accredited school or college of funeral services, or any intern duly registered with the Board, from receiving practical training under the personal supervision of a licensed funeral director in this State.

(c) Nothing in this chapter shall be construed to prevent the practice of funeral services by any funeral director commissioned by any of the armed forces of the United States, or by the Public Health Service, provided that practice as a funeral director is limited to the confines of a military reservation or Public Health Service facility.

(d) Nothing in this chapter shall be construed to prevent the practice of funeral services by individuals performing the administrative and management aspects of funeral services under the direct supervision of a license funeral director, provided that any sales of goods and services must be reviewed and authorized by, and under the signature of, the licensed funeral director in this State.

(2) Operate a mortuary or funeral establishment located within the confines of, or connected with, any cemetery.

(3) Receive or accept any commission, fee, remuneration or benefit of any kind from any cemetery, mausoleum or crematory, or from any proprietor or agent thereof, in connection with the sale or transfer of any cemetery lot, entombment vault, burial privilege or cremation, nor act, directly or indirectly, as a broker or jobber of any cemetery property or interest therein.

§ 3121 Cremation.

(a) Where not previously identified, human remains may not be cremated until they have been identified by either the next-of-kin, the person authorized to make funeral arrangements, or the medical examiner. This subsection shall not apply to disposition of human remains by any school of anatomy, medicine, or dentistry.

(d) Minutes of all meetings shall be recorded, and copies shall be maintained by the Division of Professional Regulation. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. Each rule or regulation shall implement or clarify a specific section of this chapter;

(2) Designate the application form to be used by all applicants, and process all applications; however, no application form shall require a picture of the applicant, nor require information relating to citizenship, place or date of birth, length of state residency, marital status, professional association memberships, moral character or require personal or professional references;

(3) Designate the written national examinations for veterinarians and veterinary technicians, prepared by either the applicable national professional association or by a recognized legitimate national testing service, and determine whether applicants are qualified to take such examinations. The examinations shall be prepared for testing on a national basis, and not specifically prepared at the request of the Board for its individual use. Veterinarians and veterinary technicians applying for licensure shall take the applicable national examination; and both applicants who qualify for original licensure and licensure by reciprocity shall have achieved the passing score on the national examination;

(4) Evaluate the credentials of all persons applying for a license to practice veterinary medicine or as a veterinary technician in Delaware in order to determine whether such persons meet the qualifications for licensing set forth in this chapter;

(5) Grant licenses to, and renew licenses of, all persons who meet the qualifications for licensure and/or renewal of licenses;

(6) Establish by rule and regulation continuing education standards required for license renewal;

(7) Evaluate certified records to determine whether an applicant for licensure, who has been previously licensed, certified, or registered in another jurisdiction to practice veterinary medicine or as a veterinary technician, has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicants for such acts or offenses;

(8) Refer all complaints from licensees and the public concerning licensed veterinarians or veterinary technicians, or concerning practices of the Board or of the professions, to the Division for investigation pursuant to § 8735 of Title 29; and, assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint;

(9) Conduct hearings and issue orders in accordance with procedures established pursuant to Chapter 101 of Title 29;

(10) Where it has been determined after a disciplinary hearing that penalties or sanctions should be imposed, to designate and impose the appropriate sanction or penalty after time for appeal has lapsed.

(b) The Board may require by subpoena the attendance and testimony of witnesses and production of papers, records or other documentary evidence.

(c) The Board of Veterinary Medicine shall promulgate regulations specifically identifying those crimes which are substantially related to the practice of veterinary medicine.

(24 Del. C. 1953, § 3304B; 57 Del. Laws, c. 178; 63 Del. Laws, c. 460, § 4; 68 Del. Laws, c. 244, § 2; 72 Del. Laws, c. 207, §§ 12-16; 74 Del. Laws, c. 262, § 69; 75 Del. Laws, c. 295, §§ 15-19.)

§ 3307 Records.

The Division of Professional Regulation shall keep a register of all approved applications for license as a veterinarian or veterinary technician, and complete records relating to meetings of the Board, examinations, rosters, changes and additions to the Board's rules and regulations, complaints, hearings and such other matters as the Board shall determine. Such records shall be prima facie evidence of the proceedings of the Board.

(72 Del. Laws, c. 207, § 18; 75 Del. Laws, c. 295, § 21.)

§ 3308 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for an activity not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate fee for the licensure biennium.

(24 Del. C. 1953, § 3308; 57 Del. Laws, c. 178; 63 Del. Laws, c. 460, § 8; 65 Del. Laws, c. 355, § 1; 72 Del. Laws, c. 207, §§ 20-23; 75 Del. Laws, c. 295, § 23.)

§ 3309 Issuance of license; renewal; inactive status; reinstatement.

(a) The Board shall issue a license to each applicant, who meets the requirements of this chapter for licensure as a veterinarian or as a veterinary technician, and who pays the fee established under § 3308 of this title.

(b) Each license shall be renewed biennially upon submission of a renewal application provided by the Board along with the evidence of continuing education courses, unless waived by the board, as may be required by the rules and regulations set forth by the Board and payment of the renewal fee as determined by the Division of Professional Regulation. The Board shall, in its rules and regulations, determine the period of time within which a practitioner may still renew the license, notwithstanding the fact that such practitioner has failed to renew on or before the renewal date; provided, however, that such period shall not exceed 1 year. At the expiration of the period designated by the Board, the license shall be deemed to be lapsed and not renewable, unless the former licensee reapplies under the same conditions which govern reciprocity.

(c) A licensee, upon written request, may be placed in an inactive status. The renewal fee of such person shall be prorated in accordance with the amount of time such person was inactive. Such person may reenter practice upon written notification to the Board of the intent to do so and completion of continuing education as required in the Board's rules and regulations.

§ 3311 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 3316 or § 3321 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter, as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the licensee.

(c) Where the licensee is in disagreement with the action of the Board, the licensee may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the licensee. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(24 Del. C. 1953, § 3313; 57 Del. Laws, c. 178; 63 Del. Laws, c. 460, § 13; 65 Del. Laws, c. 323, § 1; 72 Del. Laws, c. 207, § 32; 75 Del. Laws, c. 295, § 28.)

§ 3312 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(b) Applicants for reinstatement must pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

Subchapter II

Veterinarians

§ 3313 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure as a veterinarian under this subchapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Has received a degree of Doctor of Veterinary Medicine or its equivalent from a school or college accredited by the American Veterinary Medical Association, or if the applicant's degree is not from an AVMA-accredited school or college, possess a certificate issued by a certifying Commission approved by the Delaware Board;

(2) Has achieved the passing score on the written standardized examination for veterinarians designated by the Board pursuant to § 3306 of this title.

(3) Has not had that applicant's United States Drug Enforcement Administration (DEA) privileges restricted or revoked; or

(4) Shall not have any impairment related to drugs or alcohol that would limit the applicant's ability to undertake the practice of veterinary medicine in a manner consistent with the safety of a patient or the public;

(5) Shall not have a criminal conviction record, or pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of veterinary medicine. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of veterinary medicine; however, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(5), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing veterinary medicine in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(6) Shall not have engaged in any of the acts or offenses that would be grounds for disciplinary action under this subchapter and has no disciplinary proceedings or unresolved complaints pending against the applicant in any jurisdiction where the applicant has previously been or currently is licensed as a veterinarian.

(b) In the event the applicant shall have been the recipient of any administrative penalties regarding that applicant's practice of veterinary medicine, including but not limited to fines, formal reprimands, license suspension or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations, and/or has entered into any "consent agreements" which contain conditions placed by a Board on that applicant's professional conduct and practice, including any voluntary surrender of a license, the applicant shall furnish all information regarding such penalties and/r agreements to the Board. The Board may, after a hearing, determine that such administrative penalty is grounds to deny licensure.

(c) In the event the applicant has not taken the national examination designated by the Board pursuant to § 3306 of this title, the applicant shall sit for the latest examination at such times as determined by the testing service.

(d) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(e) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for the applicant than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(24 Del. C. 1953, § 3305; 57 Del. Laws, c. 178; 63 Del. Laws, c. 460, § 5; 64 Del. Laws, c. 448, § 2; 68 Del. Laws, c. 332, § 1; 69 Del. Laws, c. 255, § 1; 70 Del. Laws, c. 186, § 1; 72 Del. § 3314 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant, who shall present proof of current licensure in "good standing" in another state, the District of Columbia, or territory of the United States. A license in "good standing" is defined in § 3313(a)(3)-(6) of this title; and

(b) The applicant has passed the national examination designated by the Board pursuant to § 3306 of this title excluding the Clinical Competency Test prior to 1996, unless at the time the applicant became licensed in the State, District of Columbia, or territory of the United States, from which that applicant is applying, the national examination designated by the Board was/were not required by this

State (in which case, the applicant need only present evidence of passing whatever national licensing examinations were required of entry level licensees in this State at that time).

(c) Applicants who are not graduates of schools of veterinary medicine accredited by the American Veterinary Medical Association must possess a certificate issued by a certifying commission approved by the Board.

(d) The Board shall grant a license to an applicant, who was previously licensed as a veterinarian in this State, and who has let that applicant's license lapse, subject to the applicant's meeting the requirements of subsection (a) of this section, and continuing education requirements as provided for in the Board's rules and regulations.

(e) In the event that a disciplinary proceeding or unresolved complaint is pending, the applicant shall not be licensed in this State until the proceeding or complaint has been resolved. Applicants for licensure as veterinarians in this State shall be deemed to have given consent to the release of such information and to waive all objections to the admissibility of such information as evidence at any hearing or other proceeding to which the applicant may be subject. Each application for licensure shall be accompanied by payment of the application fee.

(a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any compact state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

 - (3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.
 - (4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.
- (i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.
- A challenge shall be made in writing, and delivered to the Chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

§ 3511A Oversight, dispute resolution and enforcement.

- (a) *Oversight.* (1) The executive, legislative, and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent.  - (3) The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

(b) *Default, technical assistance, and termination.* (1) If the Commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall both:

- a. Provide written notice to the defaulting state and other Compact States of the nature of the default, the proposed means of remedying the default and/or any other action to be taken by the Commission.
- b. Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the State of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) *Dispute resolution.* (1) Upon request by a compact state, the Commission shall attempt to resolve disputes related to the Compact which arise among compact states and between Compact and non-compact states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

(d) *Enforcement.* (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a compact state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

(82 Del. Laws, c. 76, § 1.)

§ 3512A Date of implementation of the Psychology Interjurisdictional Compact Commission and Association rules, withdrawal, and amendments.

(a) The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

(b) Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(c) Any compact state may withdraw from this Compact by enacting a statute repealing the same.

(1) A compact state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a non-compact state which does not conflict with the provisions of this Compact.

(e) This Compact may be amended by the compact states. No amendment to this Compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

(82 Del. Laws, c. 76, § 1.)

§ 3513A Construction and severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining compact states.

§ 3601 Objectives.

The primary objective of the Board of Geologists, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

The secondary objectives of the Board are to maintain minimum standards of practitioner competency; and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at formal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against licensed practitioners.

(71 Del. Laws, c. 298, § 1.)

(4) "Person" shall mean a corporation, company, association and partnership, as well as an individual.

§ 3608 Qualifications of applicant; report to Attorney General; judicial review.

- (a) An applicant who is applying for licensure as a geologist under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:
- (1) Has received a degree from an accredited college or university with a major in geology; or has completed 30 credit hours of geology or its subdisciplines, of which 24 credits are third or fourth year courses or graduate courses;
 - (2) Has acquired 5 years of experience in geologic work satisfactory to the Board and as defined in its rules and regulations;
 - (3) Has achieved the passing score on all parts of the written, standardized examination administered by the National Association of State Boards of Geology (ASBOG), or its successor;
 - (4) Shall not have been the recipient of any administrative penalties regarding that applicant's practice of geology, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations and/or has not entered into any "consent agreements" which contain conditions placed by a Board on that applicant's professional conduct and practice, including any voluntary surrender of a license; the Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure;
 - (5) Shall not have any impairment related to drugs, alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake the practice of geology in a manner consistent with the safety of the public;
 - (6) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense, the circumstances of which substantially relate to the practice of geology. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the record or charge is substantially related to the practice of geology. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(6), if it finds all of the following:
 - a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing geology in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(b) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for that person than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

§ 3609 Reciprocity.

Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who shall present proof of current licensure in good standing in another State, the District of Columbia, or territory of the United States; and who meets the following criteria:

(1) Has received a degree from an accredited college or university with a major in geology; or has completed 30 credit hours of geology or its subdisciplines, of which 24 credits are third or fourth year courses or graduate courses;

(2) The applicant's license is in good standing as defined in § 3608(a)(4)-(6), of this title;

(3) Has achieved the passing score on all parts of the written, standardized examination administered by the National Association of State Boards of Geology (ASBOG), or its successor; unless at the time the applicant became licensed in the State, District of Columbia, or territory of the United States, from which the applicant is applying, the examination prepared under the authority of ASBOG, or subsequent examination or examinations prepared under the authority of ASBOG was/were not required by the State of Delaware; and

(4) Shall have practiced for a minimum of 2 years after licensure in the jurisdiction from which that applicant is applying for licensure and acquired 5 years experience, or its equivalent, in geologic work satisfactory to the Board as defined in its rules and regulations; provided however, that the applicant meets all other qualifications for reciprocity in this section.

(24 Del. C. 1953, § 3607; 58 Del. Laws, c. 477; 61 Del. Laws, c. 477, § 1; 66 Del. Laws, c. 105, § 6; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 298, § 1; 75 Del. Laws, c. 374, § 2; 75 Del. Laws, c. 436, § 41.)

§ 3610 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

(66 Del. Laws, c. 105, § 8; 71 Del. Laws, c. 298, § 1.)

§ 3611 Issuance and renewal of licenses.

(a) The Board shall issue a license to each applicant who meets the requirements of this chapter for licensure as a geologist and who pays the fee established under § 3610 of this title.

(b) Each license shall be renewed biennially, in such manner as is determined by the Division of Professional Regulation, and upon payment of the appropriate fee and submission of a renewal form provided by the Division of Professional Regulation, and proof that the licensee has met the continuing education requirements established by the Board.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensed geologist may still renew that licensed geologist's license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date.

(d) A person licensed pursuant to this chapter, upon written request, may be placed in an inactive status. Such person may reenter practice upon written notification to the Board of the intent to do so and completion of continuing education as required in the Board's rules and regulations. The Board may establish by regulation provisions for resuming active status.

(24 Del. C. 1953, § 3609; 58 Del. Laws, c. 477; 61 Del. Laws, c. 477, § 1; 66 Del. Laws, c. 105, § 7; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 298, § 1; 79 Del. Laws, c. 129, § 2.)

§ 3612 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 3614 of this title, if, after a hearing, the Board finds that the geologist:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a geologist; has impersonated another person holding a license, or allowed another person to use that practitioner's license, or aided or abetted a person not licensed as a geologist to represent himself or herself as a geologist;

(2) Has illegally, incompetently or negligently practiced geology;

(3) Has been convicted of a crime that is substantially related to the practice of geology;

(4) A copy of the record of conviction certified by the Clerk of the Court entering the conviction shall be conclusive evidence therefor;

(5) Has excessively used or abused drugs either in the past 2 years or currently; excessive use or abuse of drugs shall mean any use of narcotics, controlled substances or illegal drugs without a prescription from a licensed physician, or the abuse of alcoholic beverage such that it impairs the practitioner's ability to perform the work of a geologist;

(6) Has engaged in an act of consumer fraud or deception; engaged in the restraint of competition; or participated in price-fixing activities;

(7) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder;

(8) Has had that practitioner's license as a geologist suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute one or more of the acts defined in this chapter. Every person licensed as a geologist in this State shall be deemed to have given consent to the release of this information by the Board of Geologists or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(9) Has failed to notify the Board that the practitioner's license as a geologist in another state has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof; or

(10) Has a physical condition such that the performance of geology is or may be injurious or prejudicial to the public.

(b) Where a practitioner fails to comply with the Board's request that the practitioner attend a hearing, the Board may petition the Superior Court to order such attendance, and the said Court or any judge assigned thereto shall have the jurisdiction to issue such order.

(c) Subject to this chapter and subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board, and no practitioner's right to practice geology shall be limited by the Board until such practitioner has been given notice, and an opportunity to be heard, in accordance with the Administrative Procedures Act [Chapter 101 of Title 29].

(24 Del. C. 1953, § 3610; 58 Del. Laws, c. 477; 61 Del. Laws, c. 477, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 298, § 1; 74 Del. Laws, c. 262, § 79.)

§ 3613 Complaints.

(a) All complaints shall be received and investigated by the Division of Professional Regulation in accordance with § 8735 of Title 29, and the Division shall be responsible for issuing a final written report at the conclusion of its investigation.

(b) When it is determined that an individual is engaging, or has engaged, in the practice of geology, or is using the title "geologist" and is not licensed under the laws of this State, the Board shall apply to the Office of the Attorney General to issue a cease and desist order after formally warning the unlicensed practitioner in accordance with this chapter.

(71 Del. Laws, c. 298, § 1.)

§ 3614 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that one of the conditions or violations set forth in § 3612 of this title applies to a practitioner regulated by this chapter:

(1) Issue a letter of reprimand;

(2) Censure a practitioner;

(3) Place a practitioner on probationary status, and require the practitioner to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

b. Limit all practice and professional activities to those areas prescribed by the Board;

(4) Suspend any practitioner's license;

(5) Revoke any practitioner's license;

(6) Impose a monetary penalty not to exceed \$500 for each violation.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order

temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) Where a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(24 Del. C. 1953, § 3611; 58 Del. Laws, c. 477; 61 Del. Laws, c. 477, § 1; 66 Del. Laws, c. 105, § 8; 71 Del. Laws, c. 298, § 1; 79 Del. Laws, c. 213, § 2.)

§ 3615 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 3612 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(71 Del. Laws, c. 298, § 1; 70 Del. Laws, c. 186, § 1.)

§ 3616 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(b) Where a license or registration has been suspended due to the licensee's inability to practice pursuant to this chapter, the Board may reinstate such license, if, after a hearing, the Board is satisfied that the licensee is again able to perform the essential functions of a geologist, with or without reasonable accommodations; and/or there is no longer a significant risk of substantial harm to the health and safety of the individual or others.

(c) Applicants for reinstatement must pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

(d) [Repealed.]

(71 Del. Laws, c. 298, § 1; 82 Del. Laws, c. 8, § 16.)

Subchapter III Other Provisions

§ 3617 Exemptions.

(a) Nothing in this chapter shall be construed to prevent persons engaged solely in teaching the science of geology from continuing to engage in the act of teaching the science of geology;

(b) Nothing in this chapter shall be construed to prevent the practice of geology by persons working under the direct supervision of a Delaware licensed geologist; such licensed geologist shall be responsible for the activities of unlicensed persons practicing geology in this State. The supervising licensed geologist shall inform the Board of the unlicensed practice of geology.

(71 Del. Laws, c. 298, § 1.)

§ 3618 Penalty.

A person not currently licensed as a geologist under this chapter, when guilty of engaging in the practice of geology, or using in connection with that person's name, or otherwise assuming or using any title or description conveying, or tending to convey the impression

that the person is qualified to practice geology, such offender shall be guilty of a misdemeanor. Upon the first offense, the person shall be fined not less than \$500 nor more than \$1,000 for each offense. For a second or subsequent conviction, the fine shall be not less than \$1,000 nor more than \$2,000 for each offense. No licensed geologist shall impress that geologist's seal on any technical submission unless it has been prepared under that geologist's direct supervision.

(71 Del. Laws, c. 298, § 1; 70 Del. Laws, c. 186, § 1.)

Chapter 37

Speech/Language Pathologists, Audiologists, and Hearing Aid Dispensers

Subchapter I

Board of Speech/Language Pathologists, Audiologists and Hearing Aid Dispensers

§ 3701 Objectives.

The primary objective of the Board of Speech/Language Pathologists, Audiologists and Hearing Aid Dispensers, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

The secondary objectives of the Board are to maintain minimum standards of practitioner competency and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at formal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against licensed practitioners.

§ 3703 Board of Speech/Language Pathologists, Audiologists, and Hearing Aid Dispensers; appointments; composition; qualifications; term; vacancies; suspension or removal; unexcused absences; compensation.

(a) There is created a State Board of Speech/Language Pathologists, Audiologists, and Hearing Aid Dispensers, which shall administer and enforce this chapter.

(b) The Board shall consist of 9 members, appointed by the Governor, who are residents of this State: 3 shall be speech/language pathologists licensed under this chapter; 2 shall be audiologists licensed under this chapter, 1 shall be a hearing aid dispenser licensed under this chapter, and 3 public members. Each professional member of the Board shall be a primary practitioner of that member's specialty. The public members shall not be, nor ever have been, speech/language pathologists, audiologists or hearing aid dispensers; nor members of the immediate family of a speech/language pathologist, audiologist or hearing aid dispenser; shall not have been employed by a speech/language pathologist, audiologist or hearing aid dispenser, or a company engaged in the practice of speech/language pathology, audiology or dispensing hearing aids; shall not have a material interest in the providing of goods and services to speech/language pathologists, audiologists or hearing aid dispensers; nor have been engaged in an activity directly related to speech/language pathology, audiology or dispensing hearing aids. The public members shall be accessible to inquiries, comments and suggestions from the general public.

(c) Except as provided in subsection (d) of this section, each member shall serve a term of 3 years, and may succeed himself or herself for 1 additional term; provided, however, that where a member was initially appointed to fill a vacancy, such member may succeed himself or herself for only 1 additional full term. Any person appointed to fill a vacancy on the Board shall hold office for the remainder of the unexpired term of the former member. Each term of office shall expire on the date specified in the appointment; however, the Board member shall remain eligible to participate in Board proceedings unless or until replaced by the Governor. Persons who are members of the Board on February 4, 2000, shall complete their terms.

(d) A person who has never served on the Board may be appointed to the Board for 2 consecutive terms; but no such person shall thereafter be eligible for 2 consecutive appointments. No person who has been twice appointed to the Board or who has served on the Board for 6 years within any 9-year period shall again be appointed to the Board until an interim period of at least 1 term has expired since such person last served.

(e) Any act or vote by a person appointed in violation of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section unless such an amendment or revision amends this section to permit such an appointment.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetency or neglect of duty. A member subject to disciplinary hearing shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A Board member may appeal any suspension or removal to the Superior Court.

(g) No member of the Board, while serving on the Board, shall hold elective office in any professional association of speech/language pathologists, audiologists or hearing aid dispensers; this includes a prohibition against serving as head of a professional association's Political Action Committee (PAC).

(h) The provisions set forth in Chapter 58 of Title 29 shall apply to all members of the Board.

(i) Any member who is absent without adequate reason for 3 consecutive meetings or fails to attend at least half of all regular business meetings during any calendar year shall be guilty of neglect of duty.

(j) Each member of the Board shall be reimbursed for all expenses involved in each meeting, including travel; and in addition shall receive compensation per meeting attended in an amount determined by the Division in accordance with Del. Const. art. III, § 9.

(24 Del. C. 1953, § 3607; 59 Del. Laws, c. 206, § 1; 63 Del. Laws, c. 151, § 8; 65 Del. Laws, c. 224, § 1; 67 Del. Laws, c. 368, § 24; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 266, § 1; 77 Del. Laws, c. 154, § 2; 81 Del. Laws, c. 85, § 20.)

(a) The Board shall hold regularly scheduled business meetings at least once in each quarter of a calendar year and at such times as the President deems necessary or at the request of a majority of the Board members.

(b) The Board annually shall elect a President and Secretary. Each officer shall serve for 1 year, and shall not succeed himself or herself for more than 2 consecutive terms.

(c) A majority of the members shall constitute a quorum for the purpose of transacting business, and no disciplinary action shall be taken without the affirmative vote of at least 5 members.

(d) Minutes of all meetings shall be recorded, and the Division of Professional Regulation shall maintain copies. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The person requesting it shall incur the expense of preparing any transcript.

(24 Del. C. 1953, § 3607; 59 Del. Laws, c. 206, § 1; 63 Del. Laws, c. 151, § 8; 65 Del. Laws, c. 224, § 1; 67 Del. Laws, c. 368, § 24; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 266, § 1.)

§ 3705 Records.

The Division shall keep a register of all approved applications for license as a speech/language pathologist, audiologist and hearing aid dispenser, and complete records relating to meetings of the Board, examinations, rosters, changes and additions to the Board's rules and regulations, complaints, hearings and such other matters as the Board shall determine. Such records shall be prima facie evidence of the proceedings of the Board.

(72 Del. Laws, c. 266, § 1.)

§ 3706 Powers and duties; immunity.

(a) The Board of Speech/Language Pathologists, Audiologists and Hearing Aid Dispensers shall have authority to:

(1) Formulate rules and regulations, with appropriate notice to those affected; all rules and regulations shall be promulgated in accordance with the procedures specified in the Administrative Procedures Act [Chapter 101 of Title 29] of this State. Each rule or regulation shall implement or clarify a specific section of this chapter.

(2) Designate the application form to be used by all applicants and to process all applications.

(3) Designate the national, written, standardized examinations in speech/language pathology, audiology and hearing aid dispensing, prepared by a national testing service(s), to be taken by all persons applying for licensure as speech/language pathologists, audiologists and/or hearing aid dispensers; applicants who qualify for licensure by reciprocity shall have achieved a passing score on all parts of the designated written national examination in the applicant's specialty.

(4) Evaluate the credentials of all persons applying for a license to practice speech/language pathology, audiology or to dispense hearing aids in this State or to act as audiology aides or speech pathology aides, in order to determine whether such persons meet the qualifications set forth in this chapter.

(5) Grant licenses to, and renew licenses of all persons who meet the qualifications for licensure, including those persons who apply for temporary licensure.

(6) Establish by rule and regulation continuing education standards required for license renewal.

(7) Evaluate certified records to determine whether an applicant for licensure who previously has been licensed, certified or registered in another jurisdiction to practice speech/language pathology, audiology and dispense hearing aids has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses.

(8) Refer all complaints from licensees and the public concerning persons licensed in this chapter or concerning practices of the Board or of the profession, to the Division for investigation pursuant to § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

Subchapter II

License

§ 3707 License required.

(a) No person shall engage in the practice of speech/language pathology, audiology or dispense hearing aids or hold himself or herself out to the public in this State as being qualified to practice the same; or use in connection with that person's name, or otherwise assume or use, any title or description conveying or tending to convey the impression that the person is qualified to practice speech/language pathology, audiology or dispense hearing aids, unless such person has been duly licensed under this chapter.

(b) Whenever a license to practice as a speech/language pathologist, audiologist hearing aid dispenser in this State has expired or been suspended or revoked, it shall be unlawful for the person to practice speech/language pathology, audiology or dispense hearing aids in this State.

(c) The Board may issue separate licenses in speech/language pathology, audiology and for hearing aid dispensers. A person may be licensed in more than 1 specialty if such person meets the requirements of each specialty for which the person has applied for licensure.

(24 Del. C. 1953, § 3603; 59 Del. Laws, c. 206, § 1; 63 Del. Laws, c. 151, § 4; 65 Del. Laws, c. 224, § 1; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 266, § 1.)

§ 3708 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant who is applying for licensure under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) For licensure as a speech/language pathologist, has met the national requirements for certification of clinical competence issued by the American Speech/Language and Hearing Association (ASHA). The requirements include:

a. Possession of a master's degree or its equivalent from an accredited college or university in accordance with the Board's rules and regulations.

b. A supervised clinical practicum in accordance with the Board's rules and regulations.

c. Completion of 9-months' full-time or 18-months' part-time supervised clinical fellowship year, begun after fulfilling academic and clinical practicum requirements.

d. Successful completion of a national examination in the area of applicant's specialty prepared by a national testing service and approved by the Division.

(2) For licensure as an audiologist, has met the national requirements for certification of clinical competence issued by the American Speech/Language Hearing Association, or has been issued board certification from the American Board of Audiology, or its successors. The requirements include:

a. Possession of a doctoral degree in audiology from an accredited college or university.

b. Successful completion of a national examination in the area of the applicant's specialty prepared by a national testing service approved by the Division.

c. Audiologists licensed prior to July 10, 2009, shall be exempted from the educational requirement set forth in paragraph (a) (2)a. of this section.

(3) For licensure as a hearing aid dispenser, shall submit evidence, verified by oath and satisfactory to the Board, that such person has met the current standards promulgated by the National Institute for Hearing Instrument Studies or its successor; in addition, the applicant shall:

a. Provide verification of a high school diploma or its equivalent.

b. Provide proof of successful completion of a national examination prepared by a national testing service and approved by the Division.

d. [Repealed.]

e. Paragraphs (a)(3)a., c. and d. [repealed] of this section .

(b) All applicants shall meet the following conditions:

(1) Shall not have been the recipient of any administrative penalties regarding their practice of speech/language pathology, audiology or dispensing of hearing aids, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations, and/or has not entered into any "consent agreements" which contain conditions placed by a Board on that applicant's professional conduct and practice, including any voluntary surrender of a license. The Board, after a hearing, may determine whether such administrative penalty is grounds to deny licensure.

(2) Shall not have any impairment related to drugs, alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake that applicant's practice in a manner consistent with the safety of the public.

(3) Shall not have a criminal conviction record, nor pending criminal charge relating to an offense the circumstances of which substantially relate to their licensed practice. Applicants who have criminal conviction records or pending criminal charges shall request appropriate authorities to provide information about the conviction or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the conviction or charge is substantially related to the applicant's area of practice. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (b)(3), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. The applicant is capable of practicing speech/language pathology, audiology or the dispensing of hearing aids in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(4) Shall not have been convicted of a felony sexual offense.

(5) Shall submit, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person.

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Speech/Language Pathologists, Audiologists and Hearing Aid Dispensers shall be the screening point for the receipt of said federal criminal history records.

c. An applicant may not be licensed as a speech/language pathologist, audiologist or hearing aid dispenser until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to paragraph (b)(3) of this section.

(c) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(d) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification, has imposed higher or different standards for that person than for other applicants or licensees, or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(e) All individuals licensed to practice speech/language pathology, audiology or hearing aid dispensing in this State shall be required to be fingerprinted by the State Bureau of Identification, at the licensee's expense, for the purposes of performing subsequent criminal background checks. Licensees shall submit by January 1, 2016, at the applicant's expense, fingerprints and other necessary information in order to obtain a criminal background check.

§ 3709 Examination.

§ 3710 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to an applicant who:

(1) Shall present proof of current licensure in “good standing” in another state, the District of Columbia, or territory of the United States whose standards for licensure are substantially similar to those of this State. A license in “good standing” is defined in § 3708(b)(1), (2) and (3) of this title; and

(2) Shall present proof of current licensure of clinical competence from the American Speech/Language and Hearing Association, or its successors, in the area in which the applicant is applying for licensure and who, if licensed in another state or states, meets the requirements of § 3708(b)(1), (2) and (3) of this title.

(3) Audiologists licensed prior to July 10, 2009, shall be exempted from the educational requirement set forth in § 3708(a)(2)a. of this title.

(b) An applicant who is licensed or registered in a state whose standards are not substantially similar to those of this State shall have practiced for a minimum of 5 years after licensure, provided, however, that the applicant meets all other qualifications for reciprocity in this section.

(c) An applicant for licensure as a speech/language pathologist who has received a degree from a foreign school, college or university, shall have received a master’s degree, or its equivalent, or a doctoral degree, or its equivalent, and shall submit a certified copy of that applicant’s school, college or university record for evaluation. An applicant for licensure as an audiologist, who has received a degree from a foreign school, college or university, shall have received a doctoral degree or its equivalent, and shall submit a certified copy of that applicant’s school, college or university record for evaluation. Where an applicant for licensure as an audiologist has submitted an application prior to July 10, 2009, the applicant shall have received at least a master’s degree, or its equivalent.

(d) In the event that a disciplinary proceeding or unresolved complaint is pending, the applicant shall not be licensed in this State until the proceeding or complaint has been resolved. § 3711 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. In addition, audiologists and hearing aid dispensers shall attest to calibration of electronic equipment used to assess hearing, as set forth in the Board’s rules and regulations.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensee may still renew the licensee’s license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date, provided, however, that such period shall not exceed 1 year.

(d) A licensee, upon written request, may be placed in an inactive status for no more than 5 years. Such person, who desires to reactivate that person’s license, shall complete a Board-approved application form, submit a renewal fee set by the Division, and submit proof of fulfillment of continuing education requirements in accordance with the rules and regulations of the Board.

(a) The Board may issue a temporary license to practice speech/language pathology or audiology in this State to an applicant who completes the application and pays the temporary license fee; and who, in addition, has completed all academic and clinical practicum requirements in that applicant’s specialty but who has not completed a clinical fellowship year (CFY). The application shall be accompanied by a copy of the CFY plan signed by a sponsor holding a valid state license as a speech/language pathologist and/or audiologist. (b) The Board may issue a temporary license to dispense hearing aids to an applicant waiting to take the examination for licensure who completes the application and pays the application fee. The application shall be accompanied by a statement from a Delaware licensed audiologist or hearing aid dispenser who affirms that the licensed audiologist or hearing aid dispenser shall provide direct supervision and training of the applicant during the period of temporary licensure.

(c) The temporary license shall expire at the end of 1 year from issuance, except that a temporary license issued to an audiologist with a doctoral degree shall expire at the end of 90 days. The temporary license may be renewed once in accordance with the Board's rules and regulations.

Every person licensed as a speech/language pathologist, audiologist or hearing aid dispenser in this State shall be deemed to have given consent to the release of this information by the Board of Speech/Language Pathologists, Audiologists and Hearing Aid Dispensers or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses.

An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. Chapter 38

Dietitian/Nutritionist Licensure Act

§ 3801 Statement of purpose.

The intent of this chapter is to establish minimum standards of education, experience and examination for professional dietitians/nutritionists so that the public can readily identify those who meet these minimum standards. It is also the intent of this chapter to provide a licensure process for professional dietitians/nutritionists, a scope of practice for dietetic and nutrition therapy, and to establish “Licensed Dietitian/Nutritionist” as the state-recognized legal title for professional dietitians/nutritionists. It is also the intent of this chapter to assure consumers the right to choose from whom they receive information and advice. Recognition of these goals will protect the health of the public by broadening access to appropriate dietetic and nutrition therapy.

The Board of Social Work Examiners' primary objective, to which all other objectives and purposes are secondary, is to protect the general public, specifically those who are direct recipients of services that this chapter regulates, from unsafe practices and occupational practices which tend to reduce competition or fix the price of services rendered. In meeting its objectives, the Board shall develop standards assuring professional competency, monitor complaints brought against licensees, adjudicate at formal complaint hearings, promulgate rules and regulations, and impose sanctions against licensees where necessary.

(5) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder.

(6) Has had that appraiser's own license or certificate as an appraiser suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Council by certified record; and the Council has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed or certified as an appraiser in this State shall be deemed to have given consent to the release of this information by the Council or other comparable agencies in another jurisdiction, and have waived all objections to the admissibility of previously adjudicated evidence of such acts or offenses.

(7) Has failed to notify the Council that the appraiser's license or certificate as an appraiser in another state has been subject to discipline, or has been surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof.

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(75 Del. Laws, c. 105, § 3; 79 Del. Laws, c. 213, § 2.)

§ 4016A Counseling; letters of concern.

(a) If the Council determines after an investigation that a violation of this chapter or of the rules and regulations enacted pursuant to this chapter warranting formal disciplinary action has not occurred, but that an act or omission of the licensee or certificate holder is a matter of concern and that licensee's or certificate holder's practice may be improved if made aware of the concern, the Council may issue a nondisciplinary confidential letter of concern regarding the licensee's or certificate holder's act or omission.

(b) If a person licensed under this chapter receives a total of 3 letters of concern pursuant to this section, the Council may reasonably require a formal assessment of professional competency to assess the licensee's or certificate holder's ability in order to protect the health and safety of the public. At such hearing, all of the licensee's or certificate holder's letters of concern may be deemed no longer confidential and may be admitted into evidence.

Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Council finds, by a majority vote of all members, that the complaint has merit, the Council shall take such action permitted under this chapter, as it deems necessary. The Council's decision shall be in writing and shall include its reasons for such decision. The Council's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Council, the practitioner may appeal the Council's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(b) Applicants for reinstatement shall pay the appropriate fees and submit documentation required by the Council as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

Chapter 41
Home Inspectors

Subchapter I
Board of Home Inspectors

§ 4101 Objectives.

(a) The primary objective of the Board of Home Inspectors, to which all other objectives and purposes are secondary, is to protect the general public, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

(b) The secondary objectives of the Board are to maintain minimum standards of practitioner competency and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at informal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against licensed practitioners.

(78 Del. Laws, c. 170, § 1.)

§ 4102 Definitions.

The following words, terms and phrases, when used in this chapter shall have the meanings ascribed to them under this section, except where the context clearly indicates a different meaning:

(1) "Board" shall mean the State Board of Home Inspectors established in this chapter.

(2) "Division" shall mean the State Division of Professional Regulation.

(3) "Excessive use or abuse of drugs" shall mean any use of narcotics, controlled substances, or illegal drugs without a prescription from a licensed practitioner, or the abuse of alcoholic beverage such that it impairs the ability to perform the work of a home inspector.

(4) "Home" shall mean any residential property, or manufactured or modular home, which is a single-family dwelling, duplex, triplex, quadruplex, condominium unit, or cooperative unit. The term does not include the common areas of condominiums or cooperatives.

(5) "Home inspection" shall mean a visual analysis for the purposes of providing a written professional opinion of the condition of a building and its carports and garages, any reasonably accessible installed components and the operation of the building systems, including the controls normally operated by the owner, for the following components of a residential building of 4 units or fewer: heating system; electrical system; cooling system; plumbing system; structural components; foundation; roof covering; exterior and interior components; and site aspects as they affect the building.

(6) "Licensed home inspector" shall mean a person, who has met the licensing requirements of this chapter and who holds a current, valid license issued under this chapter.

(78 Del. Laws, c. 170, § 1.)

§ 4103 Board of Home Inspectors; appointments; composition; qualifications; term; vacancies; suspension or removal; unexcused absences; compensation.

(a) There is created a State Board of Home Inspectors, which shall enforce and administer this chapter.

(b) The Board shall consist of 5 members, who are residents of this State, and are appointed by the Governor. Three of the 5 members shall be licensed home inspectors, 1 of which shall be a certified HUD inspector, engaged primarily in the home inspection business. The initial members of the Board required to be licensed home inspectors shall be given a reasonable amount of time after their appointment to the Board to become licensed home inspectors pursuant to the licensure requirements set forth in this chapter. Two of the 5 members shall be public members. A public member shall not be, nor ever have been, a home inspector nor a member of the immediate family of a home inspector; shall not have been employed by a home inspector or a company engaged in the practice of home inspection; shall

not have a material interest in the providing of goods and services to home inspectors; nor have been engaged in an activity directly related to home inspection.

(c) Except as provided in subsection (d) of this section, each member shall serve a term of 3 years, and may succeed himself or herself for 1 additional term; provided, however, that where a member was initially appointed to fill a vacancy, such member may succeed himself or herself for only 1 additional full term. Any person appointed to fill a vacancy on the Board shall hold office for the remainder of the unexpired term of the former member. Each term of office shall expire on the date specified in the appointment; however, the member shall remain eligible to participate in board proceedings unless and until replaced by the Governor.

(d) A person, who has never served on the Board, may be appointed to the Board for 2 consecutive terms; but no such person shall thereafter be eligible for 2 consecutive appointments. No person, who has been twice appointed to the Board or who has served on the Board for 6 years within any 9-year period, shall again be appointed to the Board until an interim period of at least 1 term has expired since such person last served.

(e) Any act or vote by a person appointed in violation of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section, unless such an amendment or revision amends this section to permit such an appointment.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetency, or neglect of duty. A member subject to disciplinary hearing shall be disqualified from Board business until the charge is adjudicated or the matter is otherwise concluded. A member may appeal any suspension or removal to the Superior Court.

(g) No member of the Board, while serving on the Board, shall hold elective office in any professional association of home inspectors; this includes a prohibition against serving as head of the professional association's political action committee (PAC).

(h) The provisions set forth in Chapter 58 of Title 29 shall apply to all members of the Board.

(i) Any member, who is absent without adequate reason for 3 consecutive meetings, or who fails to attend at least half of all regular business meetings during any calendar year, shall be guilty of neglect of duty.

(j) Each member of the Board shall be reimbursed for all expenses involved in each meeting, including travel, and in addition shall receive compensation per meeting attended in an amount determined by the Division in accordance with Del. Const. art. III, § 9.

(78 Del. Laws, c. 170, § 1; 70 Del. Laws, c. 186, § 1; 81 Del. Laws, c. 85, § 24.)

§ 4104 Organization; meetings; officers; quorum.

(a) The Board shall hold regularly scheduled business meetings at least once in each quarter of a calendar year, and at such times as the chair deems necessary, or, at the request of a majority of Board members.

(b) The Board annually shall elect a chair and vice-chair. Each officer shall serve for 1 year and shall not succeed himself or herself for more than 2 consecutive terms.

(c) A majority of the members shall constitute a quorum for the purpose of transacting business. No disciplinary action shall be taken without the affirmative vote of at least 3 members of the Board.

(d) Minutes of all meetings shall be maintained and the Division shall maintain copies. At any hearing where evidence is presented, a record from which a verbatim transcript can be prepared shall be made. The expense of preparing any transcript shall be incurred by the person requesting it.

(78 Del. Laws, c. 170, § 1; 70 Del. Laws, c. 186, § 1.)

§ 4105 Records.

The Division shall keep a register of all approved applications for licensed home inspectors and home inspector trainees, and complete records relating to meetings of the Board, examinations, rosters, changes and additions to the Board's rules and regulations, complaints, hearings, and such other matters as the Board shall determine. Such records shall be prima facie evidence of the proceedings of the Board.

(78 Del. Laws, c. 170, § 1.)

§ 4106 Powers and duties.

(a) The Board of Home Inspectors shall have authority to:

(1) Formulate rules and regulations, with appropriate notice to those affected, including rules and regulations governing any training, experience, or educational requirements to licensure as a home inspector; all rules and regulations shall be promulgated in accordance with the procedures specified in the Administrative Procedures Act (Chapter 101 of Title 29) of this State. Each rule or regulation shall implement or clarify a specific section of this chapter;

(2) Designate the application form to be used by all applicants and process all applications;

(3) Designate the written, standardized examination to be taken by all persons applying for licensure and certification. The Board shall determine whether to use an exam that is prepared by a national entity. Applicants who qualify for licensure or certification by reciprocity shall have achieved a passing score on all parts of the designated examination or a comparable, alternative national or regional examination, if the designated examination was not available at the time of the applicant's original licensure;

(4) Evaluate the credentials of all persons applying for a license as a home inspector in this State, in order to determine whether such persons meet the qualifications for licensing set forth in this chapter;

(5) Grant licenses to, and renew licenses of, all persons who meet the qualifications for licensure and delegate license issuance to the Division for applications that meet criteria established by the Board and the Director;

(6) Register applicants as home inspector trainees;

(7) Issue temporary licenses to persons who qualify;

(8) Establish by rule and regulation continuing education standards required for license renewal;

(9) Evaluate certified records to determine whether an applicant for licensure, who previously has been licensed, certified, or registered in another jurisdiction as a home inspector, has engaged in any act or offense that would be grounds for disciplinary action under this chapter and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses;

(10) Refer all complaints from licensees and the public concerning licensed home inspectors or concerning practices of the Board or of the profession, to the Division for investigation pursuant to § 8735 of Title 29; and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint;

(11) Conduct hearings and issue orders in accordance with the Administrative Procedures Act, Chapter 101 of Title 29; and

(12) Where it has been determined after a hearing, that penalties or sanctions should be imposed, to designate and impose the appropriate sanction or penalty.

(b) The Board of Home Inspectors shall promulgate regulations specifically identifying those crimes which are substantially related to the practice of home inspection.

(78 Del. Laws, c. 170, § 1.)

Subchapter II

License

§ 4107 License required.

(a) No person, partnership, association, or corporation shall hold himself, herself, or itself out to the public in this State as being qualified to act as a home inspector, or advertise, or engage in the practice of inspecting homes or assume to act as a home inspector, or use in connection with the person's, partnership's, association's or corporation's name, or otherwise assume or use, any title or description conveying or tending to convey the impression that the person, partnership, association or corporation is qualified to act as a home inspector, unless such person has been duly licensed under this chapter.

(b) Whenever a license to practice as a home inspector in this State has expired or been suspended or revoked, it shall be unlawful for the person to act as a home inspector in this State.

(c) No person shall act as a home inspector trainee or hold himself or herself out to be a home inspector trainee unless such person has been duly registered by the Board under this chapter.

(78 Del. Laws, c. 170, § 1; 70 Del. Laws, c. 186, § 1.)

§ 4108 Qualifications of applicant; report to Attorney General; judicial review.

(a) An applicant, who is applying for licensure as a home inspector under this chapter, for the relevant license, shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Has successfully completed high school or its equivalent;

(2) Has passed a written, standardized examination as designated by the Board;

(3) Has acquired the required training and experience requirements for licensure as may be established by the Board, including any educational courses of study as established by the Board;

(4) Shall not have been the recipient of any administrative penalties regarding that applicant's practice as a home inspector, including but not limited to fines, formal reprimands, license suspensions or revocation, (except for license revocations for nonpayment of license renewal fees), probationary limitations, and/or has not entered into any "consent agreements" which contain conditions placed by a Board on that applicant's professional conduct and practice, including any voluntary surrender of a license. The Board may determine after a hearing or review of documentation whether such administrative penalty is grounds to deny licensure;

(5) Shall not have any impairment related to drugs or alcohol that would limit the applicant's ability to act as a home inspector in a manner consistent with the safety of the public;

(6) Shall not have been convicted of a crime that is substantially related to the practice of home inspection; however, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(6), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service;

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service;

c. The applicant is capable of practicing home inspection in a competent and professional manner; and

d. The granting of the waiver will not endanger the public health, safety or welfare.

(7) Has no disciplinary proceedings or unresolved complaints pending against the applicant in any jurisdiction where the applicant has previously been or currently is licensed, certified, or registered.

(8) Has provided evidence that the applicant or the applicant's employer has and will maintain liability and errors and omissions insurance in the form and minimum amount to be determined by the Board in its rules and regulations.

(b) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person that is not under investigation in this or any other jurisdiction has been refused or rejected and such applicant feels that the Board has acted without justification, has imposed higher or different standards for the applicant than for other applicants, registrants, or licensees, or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(d) A person already engaged in the business of performing home inspections as of August 6, 2013, is allowed until November 4, 2013, to comply with the provisions of this chapter for the purpose of qualifying to perform home inspections. Such person will qualify for a license without being required to satisfy paragraphs (a)(1), (a)(2), and (a)(3) of this section if such person can document to the satisfaction of the Board that he or she has conducted not fewer than 250 home inspections in Delaware for compensation or has been engaged in the practice of home inspection for compensation for not fewer than 5 years prior to August 6, 2013. Nothing in this subsection (d) shall exempt a licensed home inspector from complying with any continuing education requirements for licensed home inspectors as may be established by the Board.

(78 Del. Laws, c. 170, § 1; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 126, § 1.)

(2) Shall practice only under the direct supervision of a licensed home inspector;

(3) Shall identify themselves to the public as a home inspector trainee;

(4) Shall not have been convicted of a crime that is substantially related to the practice of home inspection; however, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(4), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service;

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service;

c. The applicant is capable of practicing home inspection in a competent and professional manner; and

(c) In addition, the supervising licensed home inspector shall review and sign all home inspection reports prepared under the supervising licensed home inspector's supervision by the home inspector trainee and shall accept total responsibility for the home inspection report.

(e) The Board in its regulations shall determine the number of home inspector trainees that a supervising home inspector may supervise and the requirements of their supervision.

(78 Del. Laws, c. 170, § 1; 79 Del. Laws, c. 126, § 2; 79 Del. Laws, c. 392, § 1; 82 Del. Laws, c. 9, § 4.)

§ 4110 Temporary license.

(a) A home inspector from another state, who is licensed or certified by the home inspector licensing or certifying agency in such state, may apply for registration to receive temporary licensing privileges in this State for the purpose of completing specific home inspection services by paying all required fees and filing with the Board an application, on a form prescribed by the Board for such purpose, which shall set forth and include:

- (1) The applicant's name, address, social security number, and such other information as may be necessary to identify the applicant;
- (2) The type of license or certificate held by the applicant and the license or certificate number;
- (3) The dates of licensure or certification and the expiration date of the applicant's current license or certificate;

- (7) Identification of the property to be inspected and the anticipated duration of the assignment; and
- (8) Such other information as may be necessary to determine the applicant's eligibility for temporary home inspector licensing privileges in this State.

(b) Licensing privileges granted under the provisions of this section shall expire upon completion of the specific home inspection assignment for which the Board has issued the temporary license.

(c) The Division is empowered to issue a temporary license to a home inspector from another state, who has documented compliance with the requirements of this section.

(78 Del. Laws, c. 170, § 1; 82 Del. Laws, c. 9, § 4.)

§ 4111 Endorsement.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant, who shall present proof of current licensure in good standing in another state, the District of Columbia, or territory of the United States, whose standards for licensure are substantially similar to those of this State. A license in "good standing" is defined in § 4108(a)(4), (5), (6), and (7) of this title.

(b) An applicant, who is licensed in good standing, as defined in subsection (a) of this section, in a state whose standards are not substantially similar to those of this State, shall be licensed by endorsement if such person:

- (1) Has practiced for a minimum of 1 year, performed at least 75 fee-paid home inspections, and holds the designation of inspector or certified inspector as a member of the American Society of Home Inspectors ("ASHI") or the designation of regular member or certified real estate inspector as a member of the National Association of Home Inspectors ("NAHI"); or
- (2) Has practiced for a minimum of 5 years after licensure; provided however, that the applicant meets all other qualifications for endorsement in this section.

(c) An applicant, who is a graduate of a foreign college or university or who has completed formal training as a home inspector in a foreign jurisdiction, and who is not licensed in another state, the District of Columbia, or territory of the United States, shall submit a certified copy of the applicant's college or university record or documentation evidencing formal training as a home inspector for evaluation by the Board, in addition to fulfilling the applicable requirements for licensure of §§ 4108 and 4109 of this title.

(78 Del. Laws, c. 170, § 1; 79 Del. Laws, c. 392, § 2.)

§ 4112 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. The Division, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate fees for the licensure biennium.

(78 Del. Laws, c. 170, § 1.)

§ 4113 Issuance and renewal of licenses.

(a) The Board shall issue a license to each applicant, who meets all of the requirements of this chapter for licensure as a home inspector and who pays the fee established under § 4112 of this title.

(b) Each license shall be renewed biennially, in such manner as is determined by the Division, and upon payment of the appropriate fee and submission of a renewal form provided by the Division, and proof that the licensee has met the continuing education requirements established by the Board, and shall meet the requirements of § 4108(a)(4), (5), (6) and (7) of this title. The Board may determine, after a hearing, whether the failure to meet the requirements of § 4108(a)(4), (5), (6) and (7) of this title is grounds to deny renewal. The Board

may withhold renewal of any applicant failing to meet the requirements of § 4108(a)(4), (5), (6) and (7) of this title pending investigation and the conclusion of disciplinary proceedings under §§ 4115 and 4116 of this title.

(c) The Board, in its rules and regulations, shall determine the late fee and period of time within which a licensed home inspector may still renew that home inspector's license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date.

(d) A licensee, upon written request, may be placed in an inactive status in accordance with the Board's rules and regulations. The renewal fee of such person shall be prorated according to the amount of time such person was inactive. Such person may reenter practice upon written notification to the Board of the intent to do so and completion of continuing education as required in the Board's rules and regulations.

(78 Del. Laws, c. 170, § 1.)

§ 4114 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 4116 of this title, if, after a hearing, the Board finds that the home inspector:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a home inspector; has impersonated another person holding a license, or allowed another person to use that home inspector's license, or aided or abetted a person not licensed as a home inspector to represent himself or herself as a home inspector.

(2) Has illegally, incompetently or negligently practiced home inspection.

(3) Has been convicted of a crime that is substantially related to the practice of home inspection. A copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence therefor.

(4) Has excessively used or abused drugs either in the past 2 years or currently; excessive use or abuse of drugs shall mean any use of narcotics, controlled substances, or illegal drugs without a prescription from a licensed practitioner, or the abuse of alcoholic beverage such that it impairs the practitioner's ability to perform the work of a home inspector.

(5) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder.

(6) Has had that home inspector's own license as a home inspector suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a home inspector in this State shall be deemed to have given consent to the release of this information by the Board or other comparable agencies in another jurisdiction, and have waived all objections to the admissibility of previously adjudicated evidence of such acts or offenses.

(7) Has failed to notify the Board that the home inspector's license as home inspector in another state has been subject to discipline, or has been surrendered, suspended, or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof.

(b) Subject to the provisions of subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended, or revoked by the Board, and no practitioner's right to practice home inspection shall be limited by the Board until such practitioner has been given notice, and an opportunity to be heard, in accordance with the Administrative Procedures Act, Chapter 101 of Title 29. Notice shall be accomplished by mail to the last address of record provided by the licensee. It is the licensee's responsibility to notify the Division of a change of address within 15 days.

(78 Del. Laws, c. 170, § 1; 70 Del. Laws, c. 186, § 1.)

§ 4115 Complaints.

(a) All complaints shall be received and investigated by the Division in accordance with § 8735 of Title 29.

(b) When it is determined that an individual is engaging, or has engaged, in the practice of home inspection, or is using the title "home inspector" or other title implying that the individual is competent to act as a "home inspector" and is not licensed under the laws of this State, the Board may institute proceedings under § 10161 of Title 29 for issuance of a cease and desist order and a fine.

(78 Del. Laws, c. 170, § 1.)

§ 4116 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that 1 of the conditions or violations set forth in § 4114 of this title applies to a practitioner regulated by this chapter:

(1) Issue a letter of reprimand.

(2) Place a practitioner on probationary status, and require the practitioner to:

a. Report regularly to the Board on the matters, which are the basis of the probation.

b. Limit all practice and professional activities to those areas prescribed by the Board.

(3) Suspend any practitioner's license.

(4) Revoke any practitioner's license.

(5) Impose a monetary penalty not to exceed \$1,000 for each violation.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies, which required such action, have been remedied.

(c) (1) In the event of a formal or informal complaint concerning the activity of a person licensed to practice home inspection that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license to practice home inspection, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license to practice home inspection may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney can file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(2) A person whose license to practice home inspection has been temporarily suspended pursuant to this section must be notified of the temporary suspension immediately and in writing. Notification consists of a copy of the complaint and the order of temporary suspension pending a hearing personally served upon the person or sent by certified mail, return receipt requested, to the person's last known address.

(3) A person whose license to practice home inspection has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license to practice home inspection.

(4) The Board shall convene a hearing within 60 days of the date of issuance of the order of temporary suspension to consider the evidence regarding the matters alleged in the complaint. If the person requests in a timely manner an expedited hearing, the Board shall convene a hearing within 15 days of the Board's receipt of the request. Upon the final decision of the Board, an order of temporary suspension is vacated as a matter of law and is replaced by the disciplinary action, if any, ordered by the Board.

(78 Del. Laws, c. 170, § 1; 79 Del. Laws, c. 213, § 2.)

§ 4117 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 4114 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter, as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(78 Del. Laws, c. 170, § 1.)

§ 4118 Reinstatement of a suspended license; removal from probationary status.

Subchapter III

Manufactured Home Installation Code

§ 4421 Manufactured home installations.

(a) Every manufactured home installed in Delaware must be installed by a manufactured home installer licensed by the Board pursuant to this chapter.

(b) All manufactured home installations shall performed in a manner consistent with the regulations of the United States Department of Housing and Urban Development and shall be completed:

(1) Pursuant to the requirements of the manufactured home manufacturer's written installation instructions or manual; or

(2) If the manufacturer's written installation instructions or manual is not available, then pursuant to the applicable provisions of NCSBCS/ANSI 225.1, 1994, as amended; or

(3) If the manufacturer's written installation instructions or manual is not available, and the provisions of NCSBCS/ANSI 225.1, 1994, as amended do not apply to the specific manufactured home, then pursuant to a set of plans designed for that specific manufactured home under the seal of a registered professional engineer.

(c) At the discretion of the county where the manufactured home is sited, and for a period not to exceed 6 months, limited exceptions to the above installation requirements may be permitted where installation of a manufactured home is made on a temporary basis, as emergency relief to a resident whose legal dwelling has been damaged or destroyed by fire or other natural disaster until said damage can be repaired or the dwelling replaced with a legal dwelling, or for a temporary installation where a manufactured home is being replaced with another legal dwelling.

(d) All manufactured home installations shall be inspected pursuant to this chapter, by an employee or contractor of an authorized inspection agency who has been certified by the Board as a manufactured home installation inspector.

(e) This section is intended to establish minimal standards for the installation of any manufactured home within the State of Delaware and to govern the installation of both previously owned manufactured homes and new manufactured homes. These standards are intended to satisfy the standards established by the federal Manufactured Housing Improvement Act of 2000 [P.L. 106-569, Title VI], and shall be liberally construed to that end.

(75 Del. Laws, c. 213, § 1; 77 Del. Laws, c. 169, § 6.)

§ 4422 Installation inspections.

At least 1 inspection shall be performed upon completion of an installation for the purposes of ensuring the safety and stability of the installation and the habitability of the manufactured home. Re-inspections required due to a failure of a previous inspection do not count towards the maximum number of inspections.

(b) Inspections shall be conducted by the land use department or other applicable agency or department of the county in which the manufactured home is located, unless a local government agency that currently performs such inspections on traditional housing desires to assume responsibility for inspections of manufactured housing. If the local government agency declines to do the inspection then the county shall be the authorized inspection agency. Counties or municipalities may hire inspectors on a contract basis to perform inspections on the county's or municipality's behalf, consistent with their current practices for other types of inspections. Such inspectors are subject to the requirements of subsection (d) of this section below. In no event shall any installation be subject to multiple inspections by other jurisdictions.

(c) The county or other local applicable agency which performs the inspection may charge a reasonable fee, as it relates to the actual cost to the inspecting agency, for the inspection procedure.

(d) No person shall undertake an installation inspection pursuant to this chapter without first having been individually certified by the Board pursuant to this chapter.

Approval decals shall be positioned and permanently affixed next to the manufactured home data plate.

(75 Del. Laws, c. 213, § 1.)

Subchapter IV

§ 4431 Licensure requirements; reciprocal licensure.

(a) To obtain a manufactured home installer license, a person must:

(1) Apply to the Board for the license, in a manner designated by the Board;

(2) Pay an application fee established by the Division to offset the administrative costs associated with the functions of the Board;

(4) Provide evidence that the applicant or that applicant's employer has and will maintain a surety bond or irrevocable letter of credit issued by a federally-insured financial institution, in the form and minimum amount to be determined by the Board in its rules and regulations, that will cover the cost of repairing all damage to the home and its supports caused by the installer, or the installer's or employer's employees or agents, during the installation. The Board may require the licensed installer to provide proof of the surety

bond or irrevocable letter of credit at any time. The licensed installer must notify the Board in writing, within 7 days of any changes or cancellations of the surety bond or irrevocable letter of credit. The employer must notify the Board of the termination of employment of any licensee who is covered by the employer's surety bond or irrevocable letter of credit. Entities or individuals who maintain a surety bond or irrevocable letter of credit as provided in this paragraph are responsible for all acts or omissions of the licensed manufactured home installer and any individual acting under the supervision of or assisting the installer in the installation of manufactured housing;

The Board, after a hearing, may determine whether such administrative penalty is grounds to deny licensure; and

(10) Not have a criminal conviction nor pending criminal charge relating to an offense, the circumstances of which substantially relate to actions as a licensed manufactured home installer. Applicants who have a criminal conviction or pending criminal charge shall request appropriate authorities to provide information about the conviction or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the conviction or charge is substantially related to actions as a licensed chemical dependency professional. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(10), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

(75 Del. Laws, c. 213, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 436, § 48; 77 Del. Laws, c. 169, §§ 8, 9; 77 Del. Laws, c. 199, § 36; 78 Del. Laws, c. 44, §§ 70, 71.)

§ 4432 Certification requirements.

The Board may issue a manufactured home installation inspector's certificate to any full-time, part-time, or casual/seasonal employee of an authorized inspection agency who has completed a certification course established or approved by the Board.

(75 Del. Laws, c. 213, § 1.)

§ 4433 License and certification renewal; inactive licenses; refusal to renew; finality of Board's decision.

c. The applicant is capable of practicing cosmetology, barbering, electrology or nail technology in a competent and professional manner.

d. The granting of the waiver will not endanger the public health, safety or welfare.

(7) Shall not have a pending criminal charge relating to an offense the circumstances of which substantially relate to the practice of cosmetology, barbering, electrology or nail technology. Applicants who have criminal conviction records or pending criminal charges shall require appropriate authorities to provide information about the record or charge directly to the Board in sufficient specificity to enable the Board to make a determination whether the applicant can carry out that applicant's own professional services with due regard for the health and safety of the recipients of those services and the public.

(8) Shall not have any disciplinary proceedings or unresolved complaints pending against that person in any jurisdiction where the applicant previously has been, or currently is, licensed to practice cosmetology, barbering, electrology or nail technology.

(b) As set forth in board rules and regulations, foreign-trained applicants shall provide evidence satisfactory to the Board of training equivalent to that required in paragraph (a)(3) of this section, in addition to meeting all other requirements of this section.

(c) When a person who feels the Board has refused or rejected an application without justification; has imposed higher or different conditions for the person than for other applicants or persons now licensed; or has in some other manner contributed to or caused the failure of such person's application, the applicant may appeal to Superior Court.

§ 5108 Examinations.

(a) There shall be separate written and practical examinations for licensure for barbering, cosmetology, nail technology, electrology and aesthetics which shall be professionally developed and used on a national basis. Each of these examinations shall be offered at least semi-annually. If the required written or practical examination cannot be procured from a professional testing service, the Board may develop the written or practical examination subject to the approval of the Division of Professional Regulation.

§ 5109 Reciprocity.

(a) Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board, the Board shall grant a license to each applicant who shall present proof of current licensure in good standing in another state, the District of

Columbia, or territory of the United States whose standards for licensure are substantially similar to those of this State. An individual with a license from a state with less stringent requirements than those of this State may obtain a license through reciprocity if the individual can prove to the satisfaction of the Board that the individual has worked in another jurisdiction or jurisdictions in the field for which the individual is seeking a license in Delaware for a period of 1 continuous year out of the last 5 years immediately preceding application in this State. The 1 continuous year must be work experience obtained while the individual was holding a license in the same field for which the individual is seeking a license. All applicants shall submit evidence verified by oath that, in all states in which the applicant is or was licensed, the applicant's license is in good standing as defined in § 5107(a)(4), (5), (6), (7) and (8) of this title.

(b) An applicant who took the applicable written examination in a language other than the English language shall demonstrate the ability to communicate in the English language as determined by board rules and regulations.

§ 5110 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board. There shall be a separate fee charged for each service or activity; but no fee shall be charged for an activity not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each licensure biennium, the Division, or any other state agency acting on its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

§ 5111 Issuance of license; renewal; reinstatement; lapsed license.

(a) Each person who has passed the examinations required by this chapter, who has been admitted to practice in this State by reciprocity, or who has otherwise qualified for a license shall, prior to receiving such license, file for and obtain an occupational license from the Division of Revenue, if required, in accordance with Chapter 23 of Title 30. The Board shall issue a license to each person who has qualified for same under this chapter. A duplicate license shall be issued to a practitioner licensed under this chapter upon payment of a fee established by the Division of Professional Regulation. The license shall be clearly marked "DUPLICATE."

(b) Each license shall be renewed biennially, in such manner as is determined by the Division, and upon payment of the appropriate fee, and proof that the licensee has met any continuing education requirements established by the Board. A licensee who has allowed that licensee's license to lapse for less than 5 years may renew such lapsed license upon payment of a late fee established by the Division, and proof that the licensee has met any continuing education requirements established by the Board. A licensee who has allowed that licensee's license to lapse for longer than 5 years may reinstate such license by taking and passing the practical examination for the profession for which the licensee is seeking reinstatement.

(1)-(4) [Repealed.]

(c) A shop or school that allows its license to lapse has 45 days from the expiration date to apply for reinstatement. After that time, any shop or school must reapply.

(d) A former licensee whose license has been revoked shall apply for a new license, successfully complete all examinations, and pay all appropriate fees before the person may be licensed.

§ 5112 Complaints.

(a) All complaints shall be received and investigated by the Division in accordance with § 8735 of Title 29, and the Division shall be responsible for issuing a final written report at the conclusion of its investigation. Investigators of the Division may enter any nail salon, beauty salon, barbershop or aesthetics shop in furtherance of their investigation. Upon a determination that an individual is practicing cosmetology, barbering, electrology, nail technology or aesthetics without a license, the investigator shall request that a Justice of the Peace Court issue a summons for a violation of § 5117(b) or (c) of this title, as applicable. The investigator or the Attorney General or their designee, or any other person authorized by law, shall prosecute the matter. A copy of the investigator's report, including the summons and complaint, shall be sent to the Board. A condition of bond shall be that the accused shall not practice the regulated conduct without first obtaining a license from the Division, and any violations of bond shall be treated as criminal contempt, pursuant to § 1271(3) of Title 11.

(b) Those complaints involving unsanitary conditions or other conditions in any nail salon, cosmetology or beauty salon, barber shop, electrology salon or aesthetics shop which may harm the health of those receiving the services outlined in this chapter shall be investigated by the Division of Public Health.

§ 5113 Grounds for discipline; procedure.

(a) Practitioners regulated under this chapter shall be subject to those disciplinary actions set forth in § 5114 of this title if, after a hearing, the Board finds that the practitioner has:

(1) Employed or knowingly cooperated in fraud or material deception in order to acquire or renew a license to practice cosmetology, barbering, electrology, nail technology or aesthetics; or impersonated another person holding a license, or has allowed another person to use that licensee's license;

(2) Been incompetent or negligent in the practice of cosmetology, barbering, electrology, nail technology or aesthetics;

(3) Excessively used or abused drugs either in the past 2 years or currently; excessive use or abuse of drugs shall mean any use of narcotics, controlled substances or illegal drugs without a prescription from a licensed physician, or the abuse of alcoholic beverage such that it impairs the practitioner's ability to perform the work of a cosmetologist, barber, electrologist, nail technician or aesthetician;

(4) Been convicted of a crime that is substantially related to the practice of cosmetology, barbering, electrology, nail technology or aesthetics;

(5) As a cosmetologist, barber, electrologist, nail technician or aesthetician, or otherwise in the practice of the profession, knowingly engaged in an act of consumer fraud or deception, engaged in the restraint of competition, or participated in price-fixing activities;

(6) Violated a lawful provision of this chapter, or any lawful regulation established thereunder;

(7) Knowingly employed or cooperated in the hiring or contracting for the services of, or, as the owner or operator of a beauty salon or aesthetics shop, leased space or otherwise entered into a contractual relationship with, any unlicensed person or persons required by this chapter to hold an unrestricted license to practice any of the professions regulated by this chapter;

(8) Violated a standard or regulation adopted by the Department of Health and Social Services for public health assurance in the practice of cosmetology and barbering or in the operation of beauty salons, aesthetics shops and schools of cosmetology, electrology, nail technology, barbering and aesthetics;

(9) Had that practitioner's own license as a cosmetologist, barber, electrologist, nail technician or aesthetician suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and provided that the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Each person licensed as a cosmetologist, barber, electrologist, nail technician or aesthetician in this State shall be deemed to have given consent to release of this information by the board of cosmetology and barbering, or other comparable agencies, in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(10) Failed to notify the Board that the person's license as a cosmetologist, barber, electrologist, nail technician or aesthetician in another state has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof.

(b) Subject to subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board, and no practitioner's rights to practice shall be limited by the Board, until such practitioner has been given notice, and an opportunity to be heard in accordance with the Administrative Procedures Act (Chapter 101 of Title 29).

(1) Issue a letter of reprimand;

(2) Impose a civil penalty not to exceed \$500 for each violation of this chapter;

(3) Place a practitioner on probationary status, and require the practitioner to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

b. Limit all practice and professional activities to those areas prescribed by the Board;

(4) Suspend any practitioner's license;

(5) Revoke a practitioner's license;

(6) Permanently revoke a practitioner's license.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) As a condition of reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(64 Del. Laws, c. 8, § 1; 69 Del. Laws, c. 178, § 1; 77 Del. Laws, c. 65, § 1; 79 Del. Laws, c. 170, § 1.)

In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

Notice of the hearing shall be given and the hearing shall be conducted in accordance with Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. A copy of the decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court within 30 days of the day the notice of decision was mailed. Upon such appeal the Court shall hear the evidence on the record. Board action shall not be stayed upon appeal unless so ordered by the Superior Court.

§ 5117 Practicing without a license; penalties.

(a) Where the Board has placed a practitioner on probationary status under certain restrictions or conditions, and the Board has determined that such restrictions or conditions are being or have been violated by the practitioner, it may, after a hearing on the matter, suspend or revoke the practitioner's license.

(b) Where a person not currently licensed as a cosmetologist, barber, electrologist, nail technician, aesthetician or instructor, in any of the professions for which a license is required, is convicted of unlawfully practicing cosmetology, barbering, electrology, nail technology or aesthetics in violation of this chapter, such offender shall, upon the first offense, be fined not less than \$100 nor more than \$500, and shall pay all costs; provided, however, that where it is alleged that such violation has resulted in injury to any person, the offender shall be charged and tried under the applicable provision or provisions of Title 11.

Upon the second offense and each offense thereafter, the shop or school owner and/or manager shall be fined not less than \$1000 nor more than \$1500.

(h) Within 1 year after being licensed by the Board, a school shall submit to the Board proof that it has applied for accreditation with a nationally recognized accrediting agency approved by the Board. Within 3 years after being licensed by the Board, a school shall submit to the Board proof that it is accredited by a nationally recognized accrediting agency. (5) The written request includes a clear statement by both the preceptor and the individual for whom that preceptor is seeking registration indicating that the individual has met the requirements of § § 5208 and 5209(a)(4) through (a)(6) of this title; and

(6) The written request includes, as attachments when necessary, evidence satisfactory to the Board supporting the veracity of the statement required by paragraph (a)(5) of this section.

(b) Persons presented to the Board by a preceptor shall provide a notarized statement to the Board that they will:

(1) Only perform those specific functions which have been delineated in the preceptor's statement;

(2) Only practice under the direct supervision of a preceptor; and

(3) Not represent themselves to the public, residents, or patients as licensed nursing home administrators.

(c) The preceptor shall be responsible and available to provide direction, observation, aid, training, and instruction to the administrator-in-training, including the submission of progress reports. This is an interactive process between the preceptor and the administrator-in-training intended to ensure the extent, quality, and scope of experience of the duties performed as a nursing home administrator.

(d) The Board, in its regulations, shall determine the number of nursing home administrators-in-training that a preceptor may supervise and the requirements of their supervision.

(76 Del. Laws, c. 89, § 1; 70 Del. Laws, c. 186, § 1.)

§ 5211 Temporary licensure.

(a) Immediately upon receipt of an application therefore, the Board may issue a temporary license to an individual who wishes to serve as a temporary nursing home administrator in the event that a facility's licensed nursing home administrator is removed from the position by death or other unexpected cause. The owner, governing body, or other appropriate authority of the nursing home suffering such removal may designate an individual to serve as a temporary nursing home administrator subject to such regulations set forth and approved by the Board. The owner, governing body, or other appropriate authority of the nursing home, not the individual serving as the temporary nursing home administrator, must submit:

(1) A written application for temporary licensure to the Board, in a form approved by the Board, immediately after the individual begins undertaking the functions of a nursing home administrator;

(2) A clear statement that the individual has not held a temporary license issued pursuant to this section within the preceding 12 months;

(3) A clear statement that the individual understands that the temporary license will expire 90 days after the date of its issuance, that the temporary license may only be renewed once, for an additional 90 days, at the Board's discretion, and that the individual is not eligible for a subsequent temporary license within the 12 months immediately following its expiration;

(4) An affidavit from the individual that the individual has 3 years of health care management experience acceptable to the Board; and

(5) Verification that the individual holds either a degree in any field from an accredited college or university or holds a current Delaware license as a registered nurse.

(b) A temporary license issued pursuant to this section shall expire 90 days after the date of its issuance and may only be renewed once, for an additional 90 days, at the Board's discretion. No person having previously been issued a temporary license may, within 12 months following its expiration, be granted a subsequent temporary license pursuant to this section.

(c) The Board shall not grant more than 1 temporary license to be used at a single facility at any 1 time.

(d) The Board shall not grant consecutive temporary licenses for use at a single facility.

(e) No person serving as a nursing home administrator pursuant to this section shall be permitted to concurrently serve as a registered nursing home administrator-in-training.

(f) A temporary license is only valid for the individual named in the license to work as a temporary nursing home administrator in the facility that submitted the temporary licensure application.

(g) The Board shall designate 1 of its members to review temporary licensure applications received between regular Board meetings. The designated Board member will have the authority to approve or deny such applications on behalf of the Board between regular Board meetings. At the subsequent regular Board meeting, the Board will review the temporary licensure application and either ratify or overturn the individual Board member's decision.

(76 Del. Laws, c. 89, § 1; 70 Del. Laws, c. 186, § 1.)

§ 5212 Administrator-in-Training Program.

 - (2) Admission procedures;
 - (3) Medical records requirements;
 - (4) Resident rights;
 - (5) Administration;
 - (6) Food service;
 - (7) Nursing;
 - (8) Housekeeping/maintenance/janitorial;
 - (9) Medical and allied health;
 - (10) Recreation;
 - (11) Rehabilitation services;
 - (12) Social services;
 - (13) Disaster/emergency services;
 - (14) Medicare/Medicaid;
 - (15) Professional ethics; and
 - (16) Applicable state and federal laws and regulations.
- (76 Del. Laws, c. 89, § 1.)

§ 5213 Reciprocity.

Upon payment of the appropriate fee and submission and acceptance of a written application on forms provided by the Board:

(1) The Board shall grant a license to each applicant who presents proof of current licensure in “good standing” in another state, the District of Columbia, or territory of the United States, whose standards for licensure are substantially similar to those of this State; and

(2) The Board may grant a license to an applicant who presents proof of current licensure in “good standing” in another state, the District of Columbia, or territory of the United States, whose standards are not substantially similar to those of this state, provided that the applicant shall have practiced in that state for a minimum of 3 years after licensure; and provided further that the applicant would not be prohibited from being licensed pursuant to this chapter because of that applicant’s criminal or administrative record, any impairment related to drugs or alcohol, or mental incompetence.

(64 Del. Laws, c. 159, § 2; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 89, § 1.)

§ 5214 Fees.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its service on behalf of the Board. At the beginning of each licensure biennium, the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the licensure biennium.

(64 Del. Laws, c. 159, § 2; 76 Del. Laws, c. 89, § 1.)

§ 5215 Issuance and renewal of licenses.

(a) The Board shall issue a license to each applicant, who meets the requirements of this chapter for licensure as a nursing home administrator and who pays the fee established under § 5214 of this title.

(b) Each license shall be renewed biennially, in such manner as is determined by the Division of Professional Regulation, and upon payment of the appropriate fee and submission of a renewal form provided by the Division of Professional Regulation, and proof that the licensee has met the continuing education requirements established by the Board.

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensed nursing home administrator may still renew that administrator’s own license, notwithstanding the fact that such licensee has failed to renew on or before the renewal date.

(d) A licensee, upon written request, may be placed in an inactive status in accordance with the Board’s rules and regulations. Such person may reenter practice upon written notification to the Board of the intent to do so and completion of continuing education as required in the Board’s rules and regulations. The renewal fee of such person shall be prorated according to the amount of time such person was inactive.

(64 Del. Laws, c. 159, § 2; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 89, § 1.)

§ 5216 Grounds for discipline.

(a) A practitioner licensed under this chapter shall be subject to disciplinary actions set forth in § 5218 of this title, if, after a hearing, the Board finds that the nursing home administrator:

- (1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a nursing home administrator; has impersonated another person holding a license, or allowed another person to use that practitioner's own license, or aided or abetted a person not licensed as a nursing home administrator to represent himself or herself as a nursing home administrator;
 - (2) Has illegally, incompetently or negligently practiced nursing home administration;
 - (3) Has been convicted of any offense, which is substantially related to the practice of nursing home administration. A copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence therefore;
 - (4) Has excessively used or abused drugs either in the past 2 years or currently;
 - (5) Has engaged in an act of abuse, neglect, mistreatment or financial exploitation of a nursing home resident or patient;
 - (6) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder;
 - (7) Has had that practitioner's own license as a nursing home administrator suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided, however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a nursing home administrator in this State shall be deemed to have given consent to the release of this information by the Board of Examiners of Nursing Home Administrators or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;
 - (8) Has failed to notify the Board that the practitioner's own license as a nursing home administrator in another state has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof; or
 - (9) Has a physical condition such that the performance of nursing home administration is or may be injurious or prejudicial to the public.
- (b) Subject to the provisions of subchapter IV of Chapter 101 of Title 29, no license shall be restricted, suspended or revoked by the Board, and no practitioner's right to practice nursing home administration shall be limited by the Board until such practitioner has been given notice, and an opportunity to be heard, in accordance with the Administrative Procedures Act [Chapter 101 of Title 29].
- (64 Del. Laws, c. 159, § 2; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 89, § 1.)

§ 5217 Complaints.

- (a) All complaints shall be received and investigated by the Division of Professional Regulation in accordance with § 8735 of Title 29, and the Division shall be responsible for issuing a final written report at the conclusion of its investigation.
 - (b) When it is determined that an individual is engaging, or has engaged, in the practice of nursing home administration, or is using the title "nursing home administrator" or other title implying that the individual is competent to act as a "nursing home administrator" and is not licensed under the laws of this State, the Board shall apply to the Office of the Attorney General to issue a cease and desist order.
- (64 Del. Laws, c. 159, § 2; 65 Del. Laws, c. 355, § 1; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 89, § 1.)

§ 5218 Disciplinary sanctions.

- (a) The Board may impose any of the following sanctions, singly or in combination, when it finds that 1 of the conditions or violations set forth in § 5216 of this title applies to a practitioner regulated by this chapter:
 - (1) Issue a letter of reprimand;
 - (2) Censure a practitioner;
 - (3) Place a practitioner on probationary status, and require the practitioner to:
 - a. Report regularly to the Board upon the matters, which are the basis of the probation;
 - b. Limit all practice and professional activities to those areas prescribed by the Board;
 - (4) Suspend any practitioner's license;
 - (5) Revoke any practitioner's license;
 - (6) Impose a monetary penalty not to exceed \$500 for each violation.
- (b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies, which required such action, have been remedied.
- (c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the

temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) When a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

§ 5219 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 5216 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing shall be conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that action or actions constituting grounds for discipline have been proven, the Board shall take such action permitted under this chapter, as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) If the practitioner is in disagreement with the action of the Board, that practitioner may appeal the Board's decision to the Superior Court within 30 days of service, or of the postmarked date of the copy of the decision mailed to the practitioner whichever is greater. Stays shall be granted in accordance with § 10144 of Title 29.

(64 Del. Laws, c. 159, § 2; 70 Del. Laws, c. 186, § 1; 76 Del. Laws, c. 89, § 1.)

§ 5220 Reinstatement of a suspended license; removal from probationary status.

(a) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee has taken the prescribed corrective actions and otherwise satisfied all of the conditions of the suspension and/or the probation.

(b) Applicants for reinstatement must pay the appropriate fees and submit documentation required by the Board as evidence that all the conditions of a suspension and/or probation have been met. Proof that the applicant has met the continuing education requirements of this chapter may also be required, as appropriate.

(c) [Repealed.]

(64 Del. Laws, c. 159, § 2; 76 Del. Laws, c. 89, § 1.)

Upon the first offense, that person shall be fined not less than \$500 or more than \$1,000 for each offense. In meeting its objectives the Board shall develop standards assuring professional competence; shall monitor complaints brought against practitioners regulated by the Board; shall adjudicate at formal hearings; shall promulgate rules and regulations; and shall impose sanctions where necessary against practitioners, both licensed or certified, or formerly licensed or certified.

(j) Each member of the Board shall be reimbursed, for all expenses involved in each meeting, including travel, and in addition shall receive compensation per meeting attended in an amount determined by the Division in accordance with Del. Const. art. III, § 9.

The Board shall adopt a nationally-prepared and administered massage and bodywork therapy examination, subject to approval by the Director of the Division;

(8) Evaluate certified records to determine whether an applicant for licensure or certification, who previously has been licensed, certified, or registered in another jurisdiction to practice massage and/or bodywork, has engaged in any act or offense that would be grounds for disciplinary action under this chapter; and whether there are disciplinary proceedings or unresolved complaints pending against such applicants for such acts or offenses;

(9) Refer all complaints from licensees and the public concerning licensed massage and bodywork therapists and certified massage technicians, or concerning practices of the Board or of the profession, to the Division for investigation pursuant to § 8735 of Title 29; and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint;

(a) No person shall engage in the practice of massage and bodywork therapy or hold himself or herself out to the public in this State as being qualified to practice massage and bodywork therapy; or use in connection with that person's name, or otherwise assume or use, any title or description conveying or tending to convey the impression that the person is qualified to practice massage and bodywork therapy, unless such person has been duly licensed or certified under this chapter. Massage and bodywork therapists licensed under this chapter may practice massage and/or bodywork therapy on referral or prescription from a licensed medical or osteopathic physician

Massage technicians certified under this chapter are prohibited from practicing on referral or prescription from a licensed medical or osteopathic physician or chiropractor and from treating medically diagnosed conditions.

(b) Whenever a license or certificate to practice massage and bodywork in this State has expired or been suspended or revoked, it shall be unlawful for the person to practice massage and bodywork in this State.

(c) No person shall act as a massage technician, or hold himself or herself out as a massage technician, unless such person has been duly certified by the Board under this chapter. Massage technicians shall practice massage and/or bodywork on other than medically diagnosed conditions.

(2) Actions by any person engaged in an occupation which does not require a certificate or certification, including, but not limited to, physical education teachers, athletic coaches, health or recreation directors, instructors at health clubs or spas, martial arts, water safety and dance instructors, or coaches, who is acting within the scope of activity for which such person is trained; and

(3) Any student of massage who is practicing within the scope of his or her course of study.

§ 5308 Qualifications of applicant; report to Attorney General; judicial review [Effective until Nov. 10, 2019].

(a) An applicant who is applying for licensure as a massage and bodywork therapist under this chapter shall submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Is at least 18 years of age;

(2) Has completed 500 hours of supervised in-class study as a student in a school which trains massage or bodywork therapists, or as a student in an approved program of massage or bodywork therapy; the school or program of training must include a curriculum of no less than:

c. 75 hours of elective courses in the field of massage therapy;

d. 25 hours of ethics, law and contraindications;

(3) Has achieved the passing score on a written, standardized, nationally-prepared and administered examination in massage or bodywork therapy; the passing score shall be as established by the testing agency. If the testing agency has not established a passing score, the Board in conjunction with the Division shall establish the passing score;

(7) Has not been the recipient of any administrative penalties regarding that person's practice of massage and bodywork therapy, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment of license renewal fees), probationary limitations and/or has not entered into any "consent agreements" which contain conditions placed by a Board on that person's professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure;

(8) Shall not have any impairment related to drugs or alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake that applicant's practice in a manner consistent with the safety of the public;

(9) Has not been convicted of a crime that is substantially related to the practice of massage and bodywork. However, after a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, may waive this paragraph (a)(9), if it finds all of the following:

a. For waiver of a felony conviction, more than 5 years have elapsed since the date of the conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

d. The granting of the waiver will not endanger the public health, safety or welfare;

(10) Has not been convicted of a felony sexual offense; and

(11) Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person.

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Massage and Bodywork shall be the screening point for the receipt of said federal criminal history records.

c. An applicant may not be licensed to practice as a massage therapist until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to paragraph (a)(9) of this section.

(b) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for that applicant than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(d) The Board shall grant a license to an applicant, who was previously licensed as a massage therapist in this State, and who has let that applicant's license lapse due to a failure to timely renew said license, subject to the applicant meeting the requirements of subsection (a) of this section, and the continuing education requirements as provided for in the Board's rules and regulations.

§ 5308 Qualifications of applicant; report to Attorney General; judicial review [Effective Nov. 10, 2019].

(a) An applicant who is applying for licensure as a massage and bodywork therapist under this chapter must submit evidence, verified by oath and satisfactory to the Board, that such person:

(1) Is at least 18 years of age;

(2) Has completed 500 hours of supervised in-class study as a student in a school which trains massage or bodywork therapists, or as a student in an approved program of massage or bodywork therapy; the school or program of training must include a curriculum of no less than:

(3) Has achieved the passing score on a written, standardized, nationally-prepared and administered examination in massage or bodywork therapy; the passing score shall be as established by the testing agency. If the testing agency has not established a passing score, the Board in conjunction with the Division shall establish the passing score;

(5) Has not engaged in any of the acts or offenses that would be grounds for disciplinary action under this chapter;

(6) Has no disciplinary proceedings or unresolved complaints pending against that person in any jurisdiction where the applicant has previously been or currently is licensed to practice massage and/or bodywork therapy;

(7) Has not been the recipient of any administrative penalties regarding that person's practice of massage and bodywork therapy, including but not limited to fines, formal reprimands, license suspensions or revocation (except for license revocations for nonpayment

of license renewal fees), probationary limitations and/or has not entered into any "consent agreements" which contain conditions placed by a Board on that person's professional conduct and practice, including any voluntary surrender of a license. The Board may determine, after a hearing, whether such administrative penalty is grounds to deny licensure;

(8) Shall not have any impairment related to drugs or alcohol or a finding of mental incompetence by a physician that would limit the applicant's ability to undertake that applicant's practice in a manner consistent with the safety of the public;

(9) Has not been convicted of a crime that is substantially related to the practice of massage and bodywork. In determining whether a crime is substantially related to the practice of massage and bodywork, the Board may not consider a conviction where more than 10 years have elapsed since the date of conviction, with the exception of a conviction for any felony sexual offense as defined under § 761 of Title 11 or unlawful sexual contact in the third degree as defined under § 767 of Title 11, if there have been no other criminal convictions in the intervening time. After a hearing or review of documentation demonstrating that the applicant meets the specified criteria for a waiver, the Board, by an affirmative vote of a majority of the quorum, or during the time period between Board meetings, the Board President or the President's designee, may waive this paragraph (a)(9), if it finds all of the following:

a. For waiver of a felony conviction, where the crime was committed against a person, more than 3 years have passed since the date of the conviction and for all other felonies, more than 2 years have passed since the date of conviction. At the time of the application the applicant may not be incarcerated, on work release, on probation or on parole at Level III Supervision or higher, or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

b. For waiver of a misdemeanor conviction or violation, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence and must be in substantial compliance with all court orders pertaining to fines, restitution and community service.

c. For waiver of a conviction for unlawful sexual contact in the third degree, at the time of the application the applicant may not be incarcerated, on work release, on probation, on parole or serving any part of a suspended sentence, must be in substantial compliance with all court orders pertaining to fines, restitution and community service, and the Board shall continue to have the discretion to grant or deny the waiver for this specific conviction regardless of the amount of time that has passed since the date of conviction.

d. The applicant is capable of practicing massage and bodyworks in a competent and professional manner.

e. The granting of the waiver will not endanger the public health, safety or welfare;

(10) Has not been convicted of a felony sexual offense as defined under § 761 of Title 11; and

(11) Has submitted, at the applicant's expense, fingerprints and other necessary information in order to obtain the following:

a. A report of the applicant's entire criminal history record from the State Bureau of Identification or a statement from the State Bureau of Identification that the State Central Repository contains no such information relating to that person.

b. A report of the applicant's entire federal criminal history record pursuant to the Federal Bureau of Investigation appropriation of Title II of Public Law 92-544 (28 U.S.C. § 534). The State Bureau of Identification shall be the intermediary for purposes of this section and the Board of Massage and Bodywork shall be the screening point for the receipt of said federal criminal history records.

c. An applicant may not be licensed to practice as a massage therapist until the applicant's criminal history reports have been produced. An applicant whose record shows a prior criminal conviction may not be licensed by the Board unless a waiver is granted pursuant to paragraph (a)(9) of this section.

(b) Where the Board has found to its satisfaction that an applicant has been intentionally fraudulent, or that false information has been intentionally supplied, it shall report its findings to the Attorney General for further action.

(c) Where the application of a person has been refused or rejected and such applicant feels that the Board has acted without justification; has imposed higher or different standards for that applicant than for other applicants or licensees; or has in some other manner contributed to or caused the failure of such application, the applicant may appeal to the Superior Court.

(d) The Board shall grant a license to an applicant, who was previously licensed as a massage therapist in this State, and who has let that applicant's license lapse due to a failure to timely renew said license, subject to the applicant meeting the requirements of subsection (a) of this section, and the continuing education requirements as provided for in the Board's rules and regulations.

The amount to be charged for each fee imposed under this chapter shall approximate and reasonably reflect all costs necessary to defray the expenses of the Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its service on behalf of the Board. There shall be a separate fee charged for each service or activity, but no fee shall be charged for a purpose not specified in this chapter. The application fee shall not be combined with any other fee or charge. At the beginning of each calendar year, the Division of Professional Regulation, or any other state agency acting in its behalf, shall compute, for each separate service or activity, the appropriate Board fees for the coming year.

(70 Del. Laws, c. 582, § 1.)

(c) The Board, in its rules and regulations, shall determine the period of time within which a licensed massage and bodywork therapist or certified massage technician may still renew such license or certificate, notwithstanding the fact that such licensee or certificant has failed to renew on or before the renewal date.

(d) Any licensee or certificate holder, upon written request, may be placed on inactive status. § 5313 Grounds for discipline.

(a) A practitioner licensed or certified under this chapter shall be subject to disciplinary actions set forth in § 5315 of this title, if, after a hearing, the Board finds that the massage and bodywork therapist or massage technician:

(1) Has employed or knowingly cooperated in fraud or material deception in order to acquire a license as a massage and bodywork therapist or certification as a massage technician; has employed or knowingly cooperated in fraud or material deception in order to acquire a massage establishment license; has impersonated another person holding a license or certification, or allowed another person to use the massage or bodywork license or massage technician certification, or aided or abetted a person not licensed as a massage or bodywork therapist or certified as a massage technician to represent that person as a massage or bodywork therapist or massage technician;

(2) Has been convicted of a crime that is substantially related to the practice of massage and bodywork, as set forth in the Board's rules and regulations; a copy of the record of conviction certified by the clerk of the court entering the conviction shall be conclusive evidence thereof;

(3) Has an impairment related to drugs or alcohol or a finding of mental incompetence by a physician that would limit the practitioner's ability to undertake his or her practice in a manner consistent with the safety of the public;

(4) Has violated a lawful provision of this chapter, or any lawful regulation established thereunder;

(5) Has had that practitioner's license as a massage and bodywork therapist or that practitioner's certificate as massage technician suspended or revoked, or other disciplinary action taken by the appropriate licensing authority in another jurisdiction; provided however, that the underlying grounds for such action in another jurisdiction have been presented to the Board by certified record; and the Board has determined that the facts found by the appropriate authority in the other jurisdiction constitute 1 or more of the acts defined in this chapter. Every person licensed as a massage and bodywork therapist or certified as a massage technician in this State shall be deemed to have given consent to the release of this information by the Board of Massage and Bodywork Therapy or other comparable agencies in another jurisdiction and to waive all objections to the admissibility of previously adjudicated evidence of such acts or offenses;

(6) Has failed to notify the Board that the practitioner's license as a massage and bodywork therapist or certificate as massage technician in another state has been subject to discipline, or has been surrendered, suspended or revoked. A certified copy of the record of disciplinary action, surrender, suspension or revocation shall be conclusive evidence thereof;

(7) Has engaged directly or indirectly in the division, transferring, assigning, rebating or refunding of fees received for professional services or who profits by means of a credit or other valuable consideration such as wages or an unearned commission, discount or gratuity with any person who referred a patient or with any relative or business associate of the referring person. Nothing in this paragraph shall be construed as prohibiting the members of any regularly and properly organized business entity recognized by the Delaware law and comprised of massage therapists from making any division of their total fees among themselves as they determine by contract necessary to defray their joint operating costs; or

(8) Has knowingly employed or cooperated in the hiring or contracting for the services of, or, as the professional-in-charge of a massage establishment, leased space or otherwise entered into a contractual relationship with or permitted, any unlicensed person or persons required by this chapter to hold an unrestricted license to practice any of the professions regulated by this chapter; or

(9) Has been guilty of unprofessional conduct, as adopted in the rules and regulations, and which shall include departure from or the failure to conform to the national code of professional ethics and standards of acceptable massage and bodywork practices.

(b) Where a practitioner fails to comply with the Board's request that the practitioner attend a hearing, the Board may petition the Superior Court to order such attendance, and the said Court or any judge assigned thereto shall have jurisdiction to issue such order.

(c) Subject to the provisions of this chapter and subchapter IV of Chapter 101 of Title 29, no license shall be disciplined, restricted, suspended or revoked by the Board, and no practitioner's right to practice shall be limited by the Board, until such practitioner has been given notice and an opportunity to be heard in accordance with the Administrative Procedures Act [Chapter 101 of Title 29].

(70 Del. Laws, c. 582, § 1; 70 Del. Laws, c. 186, § 1; 71 Del. Laws, c. 108, §§ 2, 3; 74 Del. Laws, c. 262, § 100; 75 Del. Laws, c. 436, § 52; 77 Del. Laws, c. 199, § 40; 78 Del. Laws, c. 44, §§ 78, 79; 78 Del. Laws, c. 363, § 11; 81 Del. Laws, c. 104, § 5.)

§ 5314 Complaints.

(a) A practitioner or member of the public desiring to file a complaint against a practitioner or licensee, massage establishment, or certificate holder regulated by the Board shall file a written complaint with the Division of Professional Regulation. All complaints shall be received and investigated by the Division in accordance with the procedures as specified in § 8735 of Title 29. The Division shall be responsible for issuing a final written report at the conclusion of the investigation.

(b) Those complaints involving unsanitary conditions or other conditions in any massage establishment which may harm the health of any person on the premises shall be investigated by the Division of Public Health.

(70 Del. Laws, c. 582, § 1; 81 Del. Laws, c. 104, § 6.)

§ 5315 Disciplinary sanctions.

(a) The Board may impose any of the following sanctions, singly or in combination, when it finds that any of the conditions or violations set forth in § 5313 of this title applies to a practitioner regulated by this chapter.

(1) Issue a letter of reprimand;

(2) Place a practitioner on probationary status, and require the practitioner to:

a. Report regularly to the Board upon the matters which are the basis of the probation;

b. Limit all practice and professional activities to those areas prescribed by the Board; and/or

c. Continue or renew the practitioner's professional education until the required degree of skill has been attained in those areas which are the basis of the probation;

(3) Suspend any practitioner's license or certification;

(4) Revoke a practitioner's license or certification;

(5) Impose a monetary penalty not to exceed \$500 for each violation.

(b) The Board may withdraw or reduce conditions of probation when it finds that the deficiencies which required such action have been remedied.

(c) In the event of a formal or informal complaint concerning the activity of a licensee, massage establishment, or certificant that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license or certificate, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license or certificate may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license or certificate has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license or certificate.

(d) Where a licensee or certificant has been suspended due to a disability of the licensee or certificant, the Board, at a Board meeting, may reinstate such licensee or certificant if the Board is satisfied that the licensee or certificant is able to practice with reasonable skill and safety.

(e) As a condition of reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(f) The Board shall permanently revoke the license or certificate of a person licensed as a massage and bodywork therapist or certified as a massage technician who is convicted of a felony sexual offense.

(70 Del. Laws, c. 582, § 1; 78 Del. Laws, c. 363, § 12; 79 Del. Laws, c. 213, § 2; 81 Del. Laws, c. 104, § 7.)

§ 5316 Hearing procedures.

(a) If a complaint is filed with the Board pursuant to § 8735 of Title 29, alleging violation of § 5313 of this title, the Board shall set a time and place to conduct a hearing on the complaint. Notice of the hearing shall be given and the hearing conducted in accordance with the Administrative Procedures Act, Chapter 101 of Title 29.

(b) All hearings shall be informal without use of rules of evidence. If the Board finds, by a majority vote of all members, that the complaint has merit, the Board shall take such action permitted under this chapter as it deems necessary. The Board's decision shall be in writing and shall include its reasons for such decision. The Board's decision shall be mailed immediately to the practitioner.

(c) Where the practitioner is in disagreement with the action of the Board, the practitioner may appeal the Board's decision to the Superior Court within 30 days after the date of mailing of the decision. Upon such appeal the Court shall hear the evidence on the record. Stays shall be granted in accordance with § 10144 of Title 29.

(70 Del. Laws, c. 582, § 1; 78 Del. Laws, c. 363, § 13.)

§ 5317 Penalties.

(a) A person not currently licensed as a massage or bodywork therapist or certified as a massage technician under this chapter, when guilty of engaging in the practice of massage or bodywork therapy or of practicing as a massage technician, or using in connection with the practitioner's own name, or otherwise assuming or using any title or description conveying, or tending to convey the impression that the practitioner is qualified to practice massage or bodywork therapy, or to act as a massage technician, such offender shall be guilty of a misdemeanor. Upon the first offense, the practitioner shall be fined not less than \$100, nor more than \$500 for each offense. For a second or subsequent conviction, the fine shall be not less than \$500, nor no more than \$1,000 for each offense. Superior Court shall have jurisdiction over all violations of this chapter.

(b) An application for massage establishment licensure shall identify the professional-in-charge and shall include notarized acknowledgement by the person identified as the professional-in-charge. At all times, the professional-in-charge shall be licensed pursuant to this chapter and shall hold a license in good standing as defined in this title. (g) No professional-in-charge of a massage establishment may allow, authorize, or tolerate in his or her massage establishment any activity or behavior prohibited by the laws of the State including such laws proscribing acts of or promotion of prostitution, indecent exposure, lewdness or obscenity.
