Such conditions may include, but need not be limited to, the making and filing of a written application in such form and containing such information and certification requirements as the Department may prescribe.

**Subchapter II**

**International Registration Plan**

**§ 420. General authority.**

(a) If any jurisdiction permits or requires the licensing of fleets of vehicles in interstate or combined interstate and intrastate commerce and the payment of registration, license or other fixed fees on an apportionment basis commensurate with and determined by the miles traveled on highways in that jurisdiction, as compared with the miles traveled on highways in other jurisdictions, or on any other equitable basis of apportionment, and if that jurisdiction exempts vehicles registered in other jurisdictions under that apportionment basis from the requirements of full payment of its own registration, license or other fixed fees, the Secretary of the Department of Transportation by agreement may adopt the exemption as to vehicles of those fleets, whether owned by residents or nonresidents of this State and regardless of where the vehicles are based.

(b) Under the terms, conditions or restrictions that the Secretary of the Department of Transportation consider proper, these agreements may provide:

(1) That owners of vehicles operated in interstate or combined interstate and intrastate commerce in this State may pay registration, license, or other fixed fees on an apportionment basis commensurate with and determined by the miles traveled on highways in this State, as compared with the miles traveled on highways in other jurisdictions or on any other equitable basis of apportionment; or

(2) a. For issuance of trip permit registration; and

b. For collection of a fee for any vehicle or combination of vehicles which may be lawfully operated in the jurisdiction if full registration or proportional registration were obtained.

(c) The registration of fleet vehicles under this section is subject to the rights, terms and conditions granted by or contained in any applicable agreement, arrangement or declaration made by the Secretary of the Department of Transportation.

(d) If the departments enter into any agreement under the authority of this section, and the provisions set forth in the agreement are in conflict with any other rules or regulations by the departments, the agreement's provisions shall prevail notwithstanding.

(68 Del. Laws, c. 156, § 52; 74 Del. Laws, c. 110, §§ 36-38.)

**§ 421. Base state registration.**

In this event, the benefits, privileges and exemptions extended by the agreement, arrangement or declaration shall apply to those vehicles, if licensed or registered in the base jurisdiction.

(68 Del. Laws, c. 156, § 52.)

**Subchapter III**

**Toll Interoperability**

The Secretary may enter into reciprocal agreements with duly authorized representatives of other agencies, authorities or jurisdictions, including without limitation entities operating pursuant to compacts authorized by Acts of the Congress of the United States, that impose tolls, charges, and related penalties on motor vehicles, in accordance with this subchapter for the purpose of toll interoperability and the collection of tolls, penalties and charges in connection therewith. For purposes of this subchapter, such agencies, authorities and jurisdictions shall be referred as "away agencies."

(79 Del. Laws, c. 33, § 1.)

**§ 423. Minimum provisions for reciprocity agreements.**

When an away agency certifies with supporting evidence that the operator of a motor vehicle registered in this State either owes a toll(s) or failed to pay a toll, the Department may collect the civil penalties and tolls properly imposed by the away agency as though those penalties and tolls were imposed by the Department if the reciprocity agreement confirms that:

(1) The away agency has its own effective reciprocal procedures for collecting penalties and tolls collected by the Department and does, in fact, reciprocate in collecting penalties and tolls of the Department by employing sanctions that include denial of a person's right to register or reregister a motor vehicle;

(2) The away agency provides due process and appeal protections to avoid the likelihood that a false, mistaken, or unjustified claim will be pursued against an owner;

(3) An owner of a motor vehicle registered in Delaware may present evidence to the away agency by mail, telephone, electronic means, or other means to invoke rights of due process, without having to appear personally in the jurisdiction where the violation is alleged to have occurred; and

(4) The reciprocal collection agreement between the Department and the away agency provides that each party may charge the other a fee sufficient to cover the costs of the collection services, including costs incurred by the agency that registers motor vehicles.

(a) Any justice of the peace or mayor may hear and determine cases involving alleged violation of the traffic laws on Sunday.

(b) Any judgment rendered or bail bond taken in pursuance of the provisions of this title shall be of full force and effect as though such judgment were rendered or bail bond accepted on days other than Sundays, if the justice of the peace or mayor so rendering or accepting bail bond on Sunday heretofore would have had jurisdiction on days other than Sundays to render such judgment or accept such bail bond.

**§ 708. Appeal.**

(a) Any person convicted under this title, or under any municipal ordinance or other law, for a motor vehicle violation within the State before an alderman or mayor of any incorporated city or town, shall have the right of an appeal, unless otherwise stated in this title, to the Court of Common Pleas, upon giving bond in the sum of \$500 to the State with surety satisfactory to the mayor or judge before whom such person was convicted, such appeal to be taken and bond given within 15 days from time of conviction. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court.

(b) Except as provided in subsection (a) of this section, any person convicted under this title shall have the right of an appeal to the Court of Common Pleas only in those cases in which the sentence imposed was imprisonment, or a fine exceeding \$100, upon giving bond with surety satisfactory to the alderman, justice of the peace or a judge before whom such person was convicted, such appeal to be taken and bond given with 15 days from the time of conviction. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court.

**§ 709. Payment of motor vehicle fines.**

(b) *Definitions.* — (1) "Payment," as used in this section, shall mean the total amount of the fine and of the costs as herein provided and of the penalty assessment added to the fine pursuant to the Delaware Victim Compensation Law, Chapter 90 of Title 11, and other penalty assessment as provided by law.

(2) "Signature" shall include a written signature or an electronic signature as defined by § 101 of this title.

(3) "Voluntary assessment" means the process set forth in this section by which a driver may voluntarily remit payment of a Title 21 violation without having to appear in a court.

(c) *Places and time of payment.* — Payments made pursuant to this section shall be remitted to the court or voluntary assessment center to which the summons is returnable and shall be disbursed in accordance with § 706 of this title. The court or voluntary assessment center must receive the payment within 30 days of the arrest. Payment to the voluntary assessment center shall be paid only by check, money order or credit card.

(d) *Jurisdiction.* — This section shall apply to any licensed resident of the State; to residents of those jurisdictions with which the State has entered a reciprocal agreement pursuant to Chapter 4 of this title; and to those out-of-state residents who, in the discretion of the arresting peace officer, are deemed to be reliable prospects for a voluntary assessment disposition.

(e) *Offenses designated as "motor vehicle offenses subject to voluntary assessment"; exceptions.* — All offenses as now or hereafter set forth in this title and all motor vehicle offenses falling within the scope of § 5211(a) of Title 30 are hereby designated as motor vehicle offenses subject to voluntary assessment except for the following offenses:

- (1) Violation of § 2118 of this title;
- (2) Violation of § 2118A of this title;
- (3) Violation of § 2701 of this title;
- (4) Violation of § 2751 of this title;
- (5) Violation of § 2752 of this title;
- (6) Violation of § 2756 of this title;
- (7) Violation of § 4103 of this title;
- (8) Violation of § 4166(d) of this title;
- (9) Violation of § 4172 of this title;
- (10) Violation of § 4175 of this title;
- (11) Violation of § 4175A of this title;
- (12) Violation of § 4177 of this title;
- (13) Violation of § 4177L of this title;
- (14) Violation of § 4201 of this title;

- (15) Violation of § 4202 of this title;
- (16) Any violation of Chapter 67 of this title; and
- (17) Violations of other Title 21 sections which are deemed not appropriate for processing by voluntary assessment.

(f) *Procedure for voluntary assessment.* — (1) At the time of making an arrest for any offense subject to this section, the arresting officer shall determine whether the offense may be handled as a voluntary assessment. If the officer determines that the offense may be so treated, the officer may indicate on the Uniform Traffic Complaint and Summons that payment shall be made by voluntary assessment, unless the driver requests a hearing on the charge or charges. The officer shall inform the arrested person of the court or voluntary assessment center to which payment should be submitted if the person does not request a hearing. No officer shall receive or accept custody of a payment.

(2) A driver who has been given a Uniform Traffic Complaint and Summons which specifies that payment be made by voluntary assessment shall pay the fine, together with costs and penalty assessments, within 30 days from the date of arrest during which time payment must be received by the applicable court or voluntary assessment center.

(3) In lieu of paying the voluntary assessment, a driver who has been given a voluntary assessment may request a hearing by notifying, in writing, the court or the voluntary assessment center to which payment is to be made within 30 days of the date of arrest. If the driver makes a timely request for a hearing, the charge shall be prosecuted as if the voluntary assessment had not been permitted and the officer shall swear to the ticket prior to trial.

(4) If a voluntary assessment is not issued or the driver declines to accept the voluntary assessment, the officer shall follow the procedure for arrest as set forth in Chapter 19 of Title 11.

(g) *Penalty.* — The penalty for offenses for which a voluntary assessment payment is made shall be the minimum fine for each specific offense charged and fines shall be cumulative if more than 1 offense is charged. Provisions of this paragraph as to penalties under voluntary assessment shall not apply if the voluntary assessment payment is not received by the voluntary assessment center or the applicable court within 30 days from the date of arrest.

(h) *Court costs; applicability of Delaware Victim Compensation Law.* — In lieu of any other court costs, and provided the offense is not subject to other proceedings under this section, each fine for an offense under this section shall be subject to court costs for processing a voluntary assessment agreement as prescribed by § 9801 of Title 10. Each fine for an offense under this section shall be subject also to the penalty assessment which is or may be provided for in the Delaware Victim Compensation Law, Chapter 90 of Title 11, and any other penalty assessments as provided by law.

(i) *Effect of payment of fine or signature; repeat offenders.* — (1) Payment of the prescribed fine, costs and penalty assessment is an admission of guilt, a waiver of the right to a hearing, and a complete satisfaction of the violation, except as provided in paragraph (i)(2) of this section. Anything in this section notwithstanding, if an agreement for a voluntary assessment is signed by the driver, the signature of the driver shall constitute an acknowledgment of guilt of the stated offense and an agreement to pay the fine, together with costs and penalty assessment within 30 days from the date of arrest. Payment does not waive any administrative penalty which may be lawfully charged to the violator's driving record by the Department of Safety and Homeland Security.

(2) In the event that, following compliance with the payment provisions of this section, it is determined that within the 2-year period immediately preceding the violation, the violator was convicted of or made a payment pursuant to this section in satisfaction of a violation of the same section of this title, personal appearance before the court to which the summons is returnable or the court which is associated with the applicable voluntary assessment center may be required.

(j) *Failure to pay a voluntary assessment.* — (1) a. The voluntary assessment center shall, pursuant to § 2731 of this title, forward to the Division of Motor Vehicles the name and address of any driver who was issued a Uniform Traffic Complaint and Summons for which a voluntary assessment could be made and who has failed to do 1 of the following:

1. Pay the voluntary assessment within 30 days from the date of arrest.
2. Notify the court or voluntary assessment center within 30 days from the date of arrest, in writing, that the driver is requesting a hearing on the charge stated in the Uniform Traffic Complaint and Summons.
3. Appear at trial on the charge stated in the Uniform Traffic Complaint and Summons on the date and time required by the court.
4. Pay the fine on the charge stated in the Uniform Traffic Complaint and Summons in accordance with a deferred payment order.

b. When the name and address of any driver has been forwarded to the Division of Motor Vehicles under paragraph (j)(1)a. of this section, the Division of Motor Vehicles shall refuse to renew or issue a duplicate of the driver's license of a Delaware resident, in accordance with § 2732(g) of this title.

c. When the name and address of any driver has been forwarded to the Division of Motor Vehicles under paragraph (j)(1)a. of this section, the Division of Motor Vehicles may suspend the driving privileges in this State of a nonresident of Delaware and immediately advise the Motor Vehicle Administrator of the state in which the person is a resident that the person's license to drive be suspended in accordance with § 2733(m) of this title.

(2) If a driver pays a voluntary assessment more than 30 days after the date of arrest, the voluntary assessment center or court shall provide the driver with a receipt which shall serve as proof to the Division of Motor Vehicles that the fine has been paid, upon request. The driver shall provide the voluntary assessment center with a self-addressed, stamped envelope in order to receive a copy of the

receipt by mail. Such payment shall be an admission of guilt, a waiver of the right to a hearing, and a complete satisfaction of the violation, except as provided in paragraph (i)(2) of this section.

(3) If a driver who has failed to pay a voluntary assessment or request a hearing within 30 days of the date of arrest appears at court, the charge shall be prosecuted as if the voluntary assessment had not been permitted and the officer shall swear to the Uniform Traffic Complaint and Summons prior to trial. The minimum fine provisions of subsection (g) of this section shall not apply. If the driver who appears pleads not guilty, the court shall provide the driver with a copy of the appearance bond to provide as proof of court appearance to the Division of Motor Vehicles.

(4) [Repealed.]

(k) *Nonexclusive procedure.* — The procedure prescribed in this section is not exclusive of any other method prescribed by law for the arrest and prosecution of persons violating this title.

(a) *Applicability.* — Any duly constituted peace officer in the State who charges any person with any of the offenses hereinafter designated “motor vehicle offenses subject to voluntary assessment” may indicate on the Uniform Traffic Complaint and Summons that the fine shall be paid by voluntary assessment unless the driver requests a hearing. When a voluntary assessment is permitted and the Uniform Traffic Complaint and Summons is properly executed by the officer, the driver may dispose of the charge without the necessity of personally appearing in the court to which the Uniform Traffic Complaint and Summons is returnable. The court to which the summons is returnable shall be determined by § 703 of this title unless the summons permits a voluntary assessment, in which case it shall be returnable to either the applicable court or a voluntary assessment center established by the Justice of the Peace Court. Notwithstanding any provision of this section and chapter to the contrary, the City of Wilmington may establish the exclusive voluntary assessment center for parking summonses issued for designated offenses within the boundaries of the City of Wilmington, and the Town of Elsmere may establish a voluntary assessment center for any violation of a town ordinance within the boundaries of the Town of Elsmere.

(b) Whenever a person is detained for commission of an offense under this title or § 5211(a) of Title 30, the arresting officer shall verify the driver’s identification and shall enter identification information from the driver’s license in the Uniform Traffic Complaint and Summons; specify on the Uniform Traffic Complaint and Summons the amount of the fine and whether it may be made by voluntary assessment or whether appearance at the court is required; give a copy to the arrested person; and release such person from custody.

(c) The printed copy of an electronically issued Uniform Traffic Complaint and Summons shall contain a conspicuous statement of the total number of charges on the first page and shall list each individual charge. All charges based on the same arrest shall be issued on the same electronically issued Uniform Traffic Complaint and Summons unless evidence necessitates the subsequent issuance of a warrant.

(d) The Uniform Traffic Complaint and Summons shall be delivered forthwith from the time of arrest to the voluntary assessment center or to the court to which the summons is returnable. The electronic Uniform Traffic Complaint and Summons shall be available for immediate entry in the DELJIS system or its successor.

The Division shall register any vehicle for which it has refused registration upon proof that the person has paid the civil penalty, costs, or both, or has appeared in court following a default in appearance or payment and made arrangements to pay the civil penalty or costs or both or has had a default judgment vacated and been found not responsible.

(a) Every person applying to register a vehicle at a registered gross vehicle weight in excess of 26,000 pounds shall provide to the Department with the application documentation of the manufacturer's gross vehicle weight rating for such vehicle.

(b) Any of the following items shall constitute acceptable documentation of the manufacturer's gross vehicle weight rating in accordance with this section:

(2) New vehicle delivery documents which contain the vehicle identification number (VIN), and the gross vehicle weight rating; or

(3) A written statement from the manufacturer setting forth the vehicle identification number (VIN), the weight ratings of the major component parts of the vehicle, including axle assemblies, suspension system, frame and tires, and the overall gross vehicle weight rating. The manufacturer's statement must be based on the design weight rating of the component parts, including tires, and upon the

professional judgment of the manufacturer, in the exercise of due care, that the components and their installation are in accordance with accepted industry practice and in compliance with the Federal Motor Vehicle Safety Standard found in Title 49 of the Code of Federal Regulations.

(4) In the case that a vehicle is missing a valid manufacturer's gross vehicle weight rating plate, sticker, or plaque, or cannot obtain a manufacturer's statement, DMV shall assign a GVWR for that vehicle based on the federal bridge formula, or acceptable alternative.

(c) As used in this chapter, "manufacturer" shall include any maker of new, incomplete vehicles and such maker's authorized sales and service representatives; any maker or final assembler of vehicle bodies, components or specialized equipment; and any installer of vehicle bodies, major components or specialized equipment which alters the vehicle's gross vehicle weight rating, or which substantially changes its use, and which conforms to the requirements of the National Traffic and Motor Vehicle Safety Act [repealed; see now 49 U.S.C. §§ 30101, et seq.] and of the Federal Motor Vehicle Safety Standard found in Title 49 of the Code of Federal Regulations.

(d) Any vehicle which has a gross weight in excess of 26,000 pounds, except as provided in §§ 2152 and 4502(c)(2) of this title, shall not be registered at a weight in excess of the manufacturer's gross vehicle weight for such vehicle or the Federal Bridge Formula in the absence of a manufacturer's gross vehicle weight rating. For those vehicles registered pursuant to § 2152 of this title, the actual gross weight of the vehicle, or each vehicle in combination, shall not exceed the manufacturer's gross vehicle weight rating. For those vehicles registered for extra weight capacity pursuant to the exception of § 4502(c)(2) of this title, the following shall apply:

(1) Vehicles registering for such extra weight capacity shall pay a fee of \$100 per vehicle at the time of registration;

(3) No vehicle being registered for the first time shall be registered at a weight in excess of the manufacturer's gross vehicle weight rating for such vehicle;

(4) No vehicle with a model year 20 or more years prior to the date of registration shall be registered at a weight in excess of the manufacturer's gross vehicle weight rating for such vehicle; and

(5) Commencing June 15, 2022, no vehicle shall be registered at a weight in excess of the manufacturer's gross vehicle weight rating for such vehicle.

(e) If registered pursuant to § 2152 of this title, any vehicle which has a gross weight rating in excess of 26,000 pounds shall not be operated within this State unless such vehicle is properly registered pursuant to this section and either:

(1) Has permanently affixed to it an unaltered and legible plate, sticker or plaque which states the gross vehicle weight rating; or

(2) Has within the vehicle the manufacturer's gross vehicle weight rating documentation required by subsection (b) of this section.

(f) Any vehicle altered so as to change its gross vehicle weight rating or substantially change its use shall not be registered or operated within this State unless the vehicle's new gross weight rating is documented in accordance with subsection (b) of this section.

(g) If the gross vehicle weight rating for a vehicle registered pursuant to this section is documented in accordance with paragraph (b)(2) or (3) of this section, the Division of Motor Vehicles shall maintain such documentation of the manufacturer's gross vehicle weight rating as part of such vehicle's title file.

### **§ 2107. Registration card; issuance; information thereon.**

(a) The Department upon registering a vehicle shall issue a registration card and deliver it to the owner.

(b) The registration card shall contain the date issued, the name and address of the owner, the registration number assigned to the vehicle, such description of the vehicle as may be determined by the Secretary, the period for which the vehicle is registered, a form for endorsement of notice to the Department upon transfer of the vehicle and a space in which the signature of the owner shall be placed to validate the card.

(c) This section shall be exempt from the provisions of § 2116 of this title.

upon a highway within this State, be in the possession of the operator thereof or carried in the vehicle and subject to inspection by any peace officer. However, an operator shall be allowed 24 hours to produce the registration card before a conviction can be obtained under this provision, such registration having been legally issued at a time prior to such operator's arrest.

**§ 2109. Period of registration; effective date.**

(a) Any vehicle described in § 2151 of this title may be registered for 24 months, 12 months or 6 months and the effective date of the registration shall be the date the vehicle is titled. Any used vehicle not more than 7 model years old may be registered from 6 to 72 months based on a model year and mileage formula established by the Division of Motor Vehicles. The Division of Motor Vehicles may require vehicles to be registered for less than 24 months as may be necessary to ensure a balanced monthly distribution of vehicle inspections and registrations; all fees shall be prorated. The registration of a vehicle shall expire at midnight on the last day of the period for which it is registered, and the vehicle shall not thereafter be operated upon the highways of this State until it has been reregistered according to law. This section shall not apply to the vehicles registered under the International Registration Plan or to vehicles registered under temporary or limited permits or certificates as otherwise provided by this title.

(b) The owner of any semitrailer or trailer who wishes to match that vehicle's license plate expiration with the towing vehicle's license plate expiration may register such semitrailer or trailer for a period of from 1 to 12 months. In addition to the registration fee, which shall be prorated for the number of months registered, there shall be a service fee of \$3.00. This subsection shall not apply to those vehicles which are under a fleet account as specified in § 2143(c) of this title.

(c) Notwithstanding subsections (a) and (b) of this section, any newly-manufactured current model year motor vehicle or trailer with a gross registered weight of 10,000 pounds or less not previously registered or titled in any state or country may be initially registered by the owner for 7 years or less. Newly-manufactured previous model year motor vehicles or trailers having the above criteria may initially be registered for 6 years or less by a prorated formula established by the Division of Motor Vehicles. The effective date of registration shall be the date the vehicle is titled. The registration fee shall be the number of years selected multiplied by the annual registration fee. Thereafter, the registration shall be renewed pursuant to § 2110 of this title.

(d) In calculating the prorated fees or combined annual fees payable pursuant to this section, the fees shall be calculated using the rates in effect or scheduled to be in effect during the period of the prorated or extended registration.

Laws, c. 330, § 1; 66 Del. Laws, c. 91, § 1; 67 Del. Laws, c. 411, §§ 1, 2; 68 Del. Laws, c. 123, § 1; 68 Del. Laws, c. 156, § 56(e); 70 Del. Laws, c. 88, § 1; 72 Del. Laws, c. 18, §§ 1, 2; 81 Del. Laws, c. 184, § 1.)

**§ 2110. Renewal of registration; new card and plate; cancellation of renewal by owner prior to effective date.**

(a) Prior to the expiration of the period for which a vehicle is registered pursuant to § 2109 of this title, the registration may be renewed to extend from the date of expiration for an additional period of 6 months or 1 year or 2 years, and the effective date of the renewed registration shall be based on the calendar day the vehicle was titled. Vehicles no more than 7 model years old may be renewed for up to 72 months based on a prorated model year formula established by the Division of Motor Vehicles.

Any time prior to the expiration of the period for which a vehicle is registered with a commercial, trailer or farm truck license plate, the registration thereof may be renewed to extend from the date of expiration for an additional period of 3 months, 6 months, 1 year or 2 years.

(b) Upon renewing the registration of any vehicle or upon reregistering any vehicle, the Department shall furnish a new registration plate or plates showing the new registration period or the expiration date thereof and shall issue a new registration card or appropriately endorse the new registration period on the original card.

(c) A renewal registration of a vehicle for an additional period to take effect at the expiration of the registration thereof may be canceled on application to the Secretary at any time before the renewal registration is to take effect, and thereupon the Secretary shall refund to the owner the registration fee so paid for such renewal registration upon the receipt for cancellation by the Secretary for any such renewal registration card or registration plates, or both, issued pursuant to such renewal and otherwise cancel any endorsement of such renewal entered on the original card.

(d) Notwithstanding the provisions of subsections (a), (b) and (c) of this section, the registration of any trailer with a gross registered weight of 4,000 pounds or less and for which the annual safety inspection is waived may be renewed for 3 years, at the option of the owner. If this option is selected, the registration fee shall be 3 times the annual registration fee.

(e) In calculating the prorated fees or combined annual fees payable pursuant to this section, the fees shall be calculated using the rates in effect or scheduled to be in effect during the period of the prorated or extended registration.

(36 Del. Laws, c. 10, § 14; Code 1935, § 5552; 45 Del. Laws, c. 287, § 1; 21 Del. C. 1953, § 2110; 57 Del. Laws, c. 271, § 2; 57 Del. Laws, c. 670, § 8A; 58 Del. Laws, c. 365, § 3; 66 Del. Laws, c. 91, § 2; 67 Del. Laws, c. 411, §§ 3, 4; 68 Del. Laws, c. 123, § 2; 68 Del. Laws, c. 156, § 56(f); 70 Del. Laws, c. 88, § 1; 72 Del. Laws, c. 18, § 3; 81 Del. Laws, c. 184, § 2.)

**§ 2111. Duplicate registration cards.**

In the event that any registration card issued under this title is lost, mutilated or becomes illegible, the person who is entitled thereto shall make immediate application for and obtain a duplicate or substitute therefor upon furnishing information of such fact satisfactory to the Department and upon payment of the required fees.

(36 Del. Laws, c. 10, § 19; Code 1935, § 5557; 21 Del. C. 1953, § 2111.)

**§ 2112. Registration by nonresidents.**

(a) A nonresident owner, except as otherwise provided in this section, owning any foreign vehicle which has been duly registered for the current registration year in the state, country or other place of which the owner is a resident and which at all times, when operated in this State, has displayed upon it the number plate or plates issued for any such vehicle in the place of residence of such owner may operate or permit the operation of such vehicle within this State without registering such vehicle or paying any fees to this State.

(b) Motor vehicles owned and controlled by nonresidents of this State, who are residents or citizens of foreign nations, and the drivers and operators thereof shall be accorded the free use of the highways of this State without restriction by way of license or registration and without the imposition of any tax or fee. This subsection shall not apply to vehicles owned or controlled by residents or citizens of foreign nations and drivers and operators thereof when such foreign nations do not extend similar privileges to the residents of the United States.

(c) A nonresident owner, operator or custodian of any motor vehicle, vehicle or trailer using such vehicle for transportation of persons or property for compensation within this State or for the transportation of merchandise within this State shall register each such vehicle and pay the same fees therefor as is required with reference to like vehicles owned by residents of this State.

(d) The requirements of subsection (c) of this section may be waived by the Department of Transportation for vehicles registered in those jurisdictions which reciprocate with vehicles registered in this State.

(e) The Secretary shall enforce this title and shall have the power to suspend the operating privilege of all, a class or a part of any class of motor vehicles or trailers or semitrailers registered in another jurisdiction when, in the Secretary's judgment, any such jurisdiction prohibits the free operation therein of a class or part of any class of motor vehicles or trailers or semitrailers belonging to residents of this State and which have been properly registered in accordance with the laws of this State. The Secretary shall also have power to suspend for violation of any of the provisions of this title, or on other reasonable grounds, the operating privilege of any motor vehicle or trailer or semitrailer belonging to a nonresident. In suspending any such operating privilege, the Secretary shall notify the official or body performing the registration duty in the jurisdiction in which the nonresident resides of such action. If any such motor vehicle or trailer or semitrailer whose operating privilege has been suspended shall thereafter be driven in this State, such driving shall constitute a violation of § 2115(1) of this title, and the driver of any such vehicle shall be subject to the penalty prescribed in § 2116. The Secretary shall also have the power to impound the vehicle in violation until the fees imposed under § 402 of this title have been paid to the Department. Any impoundment fees or towing fees incurred as a result of a violation of this section shall be at the registered owner's expense.

(f) (1) A motor vehicle lessor may include separately stated mandatory charges in a rental agreement, including, but not limited to, vehicle licensing recovery fees, airport access fees, airport concession fees and all applicable taxes.

(2) If a motor vehicle lessor includes a vehicle licensing recovery fee as a separately stated charge in a rental transaction, the amount of the fee shall represent the motor vehicle lessor's good-faith estimate of the motor vehicle lessor's average cost per vehicle of the motor vehicle lessor's total Delaware annual titling and registration costs incurred under this chapter.

(3) If the total amount of vehicle licensing recovery fees collected by the motor vehicle lessor under this section in any calendar year exceeds the motor vehicle lessor's actual costs to license, title, register, and plate rental vehicles for that calendar year, the motor vehicle lessor shall do the following:

- a. Retain the excess amount; and
- b. Adjust the estimated average per vehicle titling and registration charges for the following year by a corresponding amount.

(4) As used in this subsection:

- a. "Motor vehicle" means that term as defined in § 101 of this title.
- b. "Motor vehicle lessor" means a person whose primary business is renting motor vehicles to consumers under rental agreements for periods of 90 days or less.
- c. "Vehicle licensing recovery fee" means a charge that may be included in a vehicle rental transaction originating in this State to recover costs incurred by a motor vehicle lessor to license, title, register, and plate rental vehicles.

**§ 2113. Special farm vehicle registration.**

Farmers may register vehicles for farm use in the following manner:

(1) Farm truck, semitrailer, and trailer license plates ("FT" tags):

a. Farmers may qualify for the reduced registration fee for "FT" license tags if they derive at least \$1,000 of their annual income from the operation of their farm and they own or rent at least 10 acres which is actively used in the farming operation from which they derive that income.

b. Any vehicle, semitrailer or trailer upon which an "FT" license tag is affixed must be used exclusively in the operation of a farm or for personal use other than nonfarming commercial use.

c. Farmers shall not hire or rent the farm truck, semitrailer, or trailer, or permit a farm truck, semitrailer, or trailer to be used for hauling merchandise, farm products, or other items whatsoever under rent, hire, or for pay.

d. [Repealed.]

(2) Farm vehicle license plates ("FV" tags) exempt from inspection:

a. Except as hereinafter provided, after October 7, 2014, no person shall operate any farm vehicle within the State unless such vehicle has been registered in accordance with this chapter. Such registration shall not permit the vehicle to be operated on any highway except as hereinafter specifically provided. This registration is for identification only and does not constitute being “registered” in this State, for purposes of § 2118 of this title, or any other requirement of this chapter.

b. Farmers may qualify for an inspection waiver for a farm motor vehicle, farm vehicle, or farm trailer if they derive at least \$1,000 of their annual income from the operation of their farm and they own or rent at least 10 acres which are actively used in the farming operation from which they derive that income.

c. Any vehicle or trailer upon which a “FV” tag is affixed must be used exclusively in the operation of a farm, or for personal use other than nonfarming commercial use.

d. No farm motor vehicle, farm vehicle, or farm trailer may be used for hire or for any use except in the exclusive operation of a farm owned or rented by the owner of such vehicle or trailer, or in aid of and assistance to another farmer for harvest purposes.

e. Farmers shall not hire or rent any farm motor vehicle, farm vehicle, or farm trailer, or permit a farm motor vehicle, farm vehicle, or farm trailer to be used for hauling merchandise, farm products, or other items whatsoever under rent, hire, or for pay.

f. Farmers shall not use any vehicle or trailer upon which an “FV” tag is affixed for any use except in the operation of a farm owned or rented by the titled owner of such vehicle or trailer or in aid of and assistance to another farmer for harvest purposes, or for personal use other than nonfarming commercial use.

g. No farm motor vehicle, farm vehicle, or farm trailer to which an “FV” tag is affixed may be operated or towed upon the public highways or roads unless:

1. Those highways and roads are within a 20-mile radius of a farm owned or managed by the owner of the vehicle or trailer;
2. The vehicle or trailer is operated or towed by a person who is properly licensed by the Division of Motor Vehicles;
3. The vehicle or trailer is properly equipped with a stop light, turn signals and brakes which are in a safe operating condition.

### **§ 2113A. Low-speed vehicles.**

(a) *Definition.* — “Low-speed vehicle” means a 4-wheeled motor vehicle, other than a truck, whose speed attainable in 1 mile is more than 20 miles per hour but no more than 25 miles per hour on a paved level surface. The low-speed vehicle shall be limited to a gross vehicle weight rating (GVWR) of less than 2,500 pounds.

(b) *Operation of low-speed vehicles.* — Low-speed vehicles shall only be operated on roads where the posted speed limit is not more than 35 miles per hour. A low-speed vehicle may cross a highway at an intersection where the highway has a posted speed limit of more than 35 miles per hour. Low-speed vehicles shall not be operated on dual highways, as defined in § 135 of Title 17 and located in the unincorporated portions of the State, except as needed to cross them. Low-speed vehicles may be operated on such dual highways within incorporated cities and towns if the respective municipal government enacts an ordinance permitting such movement, subject to the other limitations of this section. All low-speed vehicles shall meet the requirements of 49 C.F.R. § 571.500.

(c) *Driver’s license requirement.* — All persons operating a low-speed vehicle on the highways of this State shall hold a valid driver’s license.

(d) *Safety inspections.* — Low-speed vehicles shall be exempt from Delaware’s safety inspection. Division of Motor Vehicles personnel will verify the vehicle identification number on those vehicles titled in another jurisdiction, which are being titled in Delaware for the first time. A fee of \$15 shall be charged for Division of Motor Vehicles technicians to perform offsite vehicle identification number verification. Upon registration and renewal of a low-speed vehicle’s registration, the owner shall certify, under penalty of perjury, that all lights, brakes, tires, seat belts and other vehicle equipment are in good working condition.

(e) *Insurance.* — Low-speed vehicles shall be required to maintain insurance as required by § 2118 of this title. Delaware automobile insurance companies may provide automobile insurance on these vehicles at their option. These automobile insurance companies shall not be mandated to provide insurance on low-speed vehicles by regulation or law.

(f) *Title and registration.* — (1) Low-speed vehicles shall be titled as specified in Chapters 23 and 25 of this title. The manufacturer’s certificate of origin and Delaware title shall clearly identify the vehicle as a low-speed vehicle. The Division shall not issue vehicle identification numbers to homemade low-speed vehicles or retrofitted golf carts unless these vehicles meet all of the requirements of the Federal Motor Vehicle Safety Standard, 49 C.F.R. § 571.500. Normal title and document fees shall be charged to register a low-speed vehicle in Delaware.

(2) Registration fees shall be the same as a normal passenger vehicle as defined in § 2151(2) of this title. Registration periods shall comply with §§ 2109 and 2110 of this title. A regular license plate shall be displayed on the rear of the vehicle.

(g) *Dealer requirements.* — Any person engaged in the retail sale of low-speed vehicles must be licensed by the Division of Motor Vehicles as a licensed motor vehicle dealer, must comply with all of the requirements of Chapter 63 of this title, and must meet all Division of Motor Vehicles rules and regulations.

(h) Whoever violates this section shall for the first offense be fined not less than \$50 nor more than \$100. For each subsequent like offense, the person shall be fined not less than \$100 nor more than \$200, or imprisoned not less than 10 days nor more than 30 days or

both.

(76 Del. Laws, c. 10, § 1.)

**§ 2114. Suspension of registration upon notice of theft.**

Whenever the owner of any motor vehicle, trailer or semitrailer, which has been stolen or embezzled, files an affidavit of the fact thereof with the Department, the Department shall forthwith suspend the registration of such vehicle and shall not transfer the title of or reregister the vehicle until it has been notified that the owner has recovered such vehicle. The notice shall be effective for the current registration period, but, if during that time the vehicle is not recovered, a new affidavit to like effect may be filed with the Department, and the notice shall be effective for a further period of 12 months. Thereafter like notices may be given effective from year to year. Every owner who has filed an affidavit of theft or embezzlement shall immediately notify the Department of the recovery of such vehicle, and failure so to do within 30 days after such recovery shall be punished as provided in § 2116 of this title.

(1) Operate or, being the owner of any motor vehicle, trailer or semitrailer, knowingly permit the operation upon a highway of any motor vehicle, trailer or semitrailer which is not registered or which does not have attached thereto and displayed thereon the number plate or plates assigned thereto by the Department and unexpired registration plate or plates, subject to the exemptions allowed in this title, or under temporary or limited permits as otherwise provided by this title;

(2) Display or cause or permit to be displayed or have in possession any registration card, number plate or registration plate, knowing the same to be fictitious or to have been canceled, revoked, suspended or altered;

(6) Drive or move or, being the owner, cause or knowingly permit to be driven or moved, on any highway any vehicle or combination of vehicles which is in such unsafe condition as to endanger any person or which is equipped in any manner in violation of this title, but the provisions of this title with respect to equipment on vehicles shall not apply to implements of husbandry, road machinery, road rollers or farm tractors except as herein made applicable;

(7) Own or operate any qualified motor vehicle as defined under the International Registration Plan, as authorized in Chapter 4 of this title, not properly displaying an apportioned plate with required registration credentials, or operate a qualified motor vehicle without having in that person's possession a trip permit registration as authorized in § 2103(6) of this title. Any person who violates this subsection shall, for the first offense, be fined not less than \$115 nor more than \$345, and for each subsequent offense not less than \$345 nor more than \$575. In addition, such person shall also be fined in an amount which is equal to the cost of registering the vehicle at its gross weight at the time of the offense or at the maximum legal limit, whichever is less, which fine shall be suspended if, within 5 days of the offense, the court is presented with a valid registration card for the gross weight at the time of the offense or the maximum legal limit for such vehicle.

(8) Operate or tow any farm vehicle upon the highways or roads of this State unless properly licensed by the Department, or being the owner of any farm vehicle knowingly permit the operation or towing of any farm vehicle upon the highways or roads of this State unless operated or towed by a person who is properly licensed by the Department, whether or not the farm vehicle is registered, or is exempt from inspection and registration pursuant to § 2113 of this title;

**§ 2116. Penalties.**

(a) Whoever violates this chapter shall, for the first offense, be fined not less than \$10 nor more than \$100 or be imprisoned not less than 30 days nor more than 90 days or both. For each subsequent like offense, the person shall be fined not less than \$50 nor more than \$200 or imprisoned not less than 90 days nor more than 6 months or both, in addition to which any person, being the operator or owner of any vehicle which requires a registration fee which is calculated upon the gross weight of the vehicle and any load thereon shall be fined at a rate double that which is set forth in this subsection and be imprisoned as provided herein or both. In addition, such person shall also be fined in an amount which is equal to the cost of registering the vehicle at its gross weight at the time of the offense or at the maximum legal limit, whichever is less; which fine shall be suspended, if within 5 days of the offense the court is presented with a valid registration card for the gross weight at the time of the offense for the maximum legal limit for such vehicle.

(b) (1) Notwithstanding the provisions of subsection (a) of this section, whoever violates § 2115(1)-(5) of this title shall, for the first

offense, be fined not less than \$50 nor more than \$200, be imprisoned not less than 30 days nor more than 90 days, or be penalized by both fine and imprisonment. For each subsequent like offense, such person shall be fined not less than \$100 nor more than \$300, be imprisoned not less than 90 days nor more than 6 months, or be penalized by both fine and imprisonment.

(2) Any owner or operator of a vehicle which requires a registration fee which is calculated upon the gross weight of the vehicle, and any load thereon, and who violates § 2115(1)-(5) of this title, shall be fined at a rate double that which is set forth in this subsection, or be imprisoned as provided herein, or be both fined and imprisoned. In addition, such person shall also be fined an amount which is equal to the costs of registering the vehicle either at its gross weight at the time of the offense, or at the maximum legal limit, whichever is less. Such fine shall be suspended if, within 5 days of the offense, the court is presented with a valid registration card for the actual gross weight of the vehicle at the time of the offense.

(c) This section shall not apply to violations for which a specific punishment is set forth elsewhere in this chapter.

(d) For any violation of the registration provisions of § 2102 or § 2115 of this title and in absence of any traffic offenses relating to driver impairment, the violator's copy of the traffic summons shall act as that violator's authority to drive the vehicle involved by the most direct route from the place of arrest to either the violator's residence or the violator's current place of abode.

### **§ 2117. Refunds of fees paid for certain unused registrations.**

Upon the surrender to the Department of the number plates or plate issued for a vehicle registered under this title, and the furnishing of proof satisfactory to the Secretary and the State Treasurer that (1) the owner of the vehicle entered the armed forces of the United States after such vehicle was registered or (2) that the owner of such vehicle is 65 years of age or older and that the owner voluntarily surrendered such owner's operator's license following the attainment of such age and the registration or reregistration of such vehicle, and that the registration of such vehicle is in full effect, there shall be refunded to such owner, from the General Fund of this State, from funds not otherwise appropriated, a sum equal to as many twelfths of the fee paid for the registration of the vehicle as there are full calendar months in the registration year following the date of the receipt of the number plates or plate, less the sum of \$1.00.

(21 Del. C. 1953, § 2117; 57 Del. Laws, c. 632; 70 Del. Laws, c. 186, § 1.)

### **§ 2118. Requirement of insurance for all motor vehicles required to be registered in this State; penalty [For application of this section, see 82 Del. Laws, c. 160, § 5].**

(a) No owner of a motor vehicle required to be registered in this State, other than a self-insurer pursuant to § 2904 of this title, shall operate or authorize any other person to operate such vehicle unless the owner has insurance on such motor vehicle providing the following minimum insurance coverage:

(1) Indemnity from legal liability for bodily injury, death or property damage arising out of ownership, maintenance or use of the vehicle to the limit, exclusive of interest and costs, of at least the limits prescribed by the Financial Responsibility Law of this State.

(2) a. Compensation to injured persons for reasonable and necessary expenses incurred within 2 years from the date of the accident for:

1. Medical, hospital, dental, surgical, medicine, x-ray, ambulance, prosthetic services, professional nursing and funeral services. Compensation for funeral services, including all customary charges and the cost of a burial plot for 1 person, shall not exceed the sum of \$5,000. Compensation may include expenses for any nonmedical remedial care and treatment rendered in accordance with a recognized religious method of healing.

2. Net amount of lost earnings. Lost earnings shall include net lost earnings of a self-employed person.

3. Where a qualified medical practitioner shall, within 2 years from the date of an accident, verify in writing that surgical or dental procedures will be necessary and are then medically ascertainable but impractical or impossible to perform during that 2-year period, the cost of such dental or surgical procedures, including expenses for related medical treatment, and the net amount of lost earnings lost in connection with such dental or surgical procedures shall be payable. Such lost earnings shall be limited to the period of time that is reasonably necessary to recover from such surgical or dental procedures but not to exceed 90 days. The payment of these costs shall be either at the time they are ascertained or at the time they are actually incurred, at the insurer's option.

4. Extra expenses for personal services which would have been performed by the injured person had they not been injured.

5. "Injured person" for the purposes of this section shall include the personal representative of an estate; provided, however, that if a death occurs, the "net amount of lost earnings" shall include only that sum attributable to the period prior to the death of the person so injured.

b. The minimum insurance coverage which will satisfy the requirements of subparagraph a. of this paragraph is a minimum limit for the total of all payments which must be made pursuant to that subparagraph of \$15,000 for any 1 person and \$30,000 for all persons injured in any 1 accident.

c. The coverage required by this paragraph shall be applicable to each person occupying such motor vehicle and to any other person injured in an accident involving such motor vehicle, other than an occupant of another motor vehicle.

d. The coverage required by this paragraph shall also be applicable to the named insureds and members of their households for

accidents which occur through being injured by an accident with any motor vehicle other than a Delaware insured motor vehicle while a pedestrian or while occupying any registered motor vehicle other than a Delaware registered insured motor vehicle, in any state of the United States, its territories or possessions or Canada.

e. The coverage required in this paragraph shall apply to pedestrians only if they are injured by an accident with any motor vehicle within the State except as to named insureds or members of their households to the extent they must be covered pursuant to paragraph (a)(2)d. of this section.

f. The owner of a vehicle may elect to have the coverage described in this paragraph written subject to certain deductibles, waiting periods, sublimits, percentage reductions, excess provisions and similar reductions offered by insurers in accordance with filings made by such insurers with the Department of Insurance; applicable to expenses incurred as a result of injury to the owner of a vehicle or members of the owner's household; provided that the owner of a motorcycle may elect to exclude from such coverage expenses incurred as a result of injury to any person riding such vehicle while not on a highway and in any case of injury when no other vehicle was involved by actual collision or contact. This election must be made in writing and signed by the owner of the vehicle; insurers issuing such policies may not require such reductions. For all policies having a deductible pursuant to this paragraph the insured shall receive in writing as a separate document a full explanation of all deductible options available, and the insured shall sign such written explanation acknowledging receipt of a copy of same. In addition the insured shall sign a separate statement acknowledging the specific deductible the insured is selecting and the related cost for the policies with such deductible. An insured person may not plead and introduce into evidence in an action for damages against a tortfeasor the amount of the deductible; however, insurers shall recover any deductible for their insureds or their household members pursuant to subsection (g) of this section. Any notices or documents required under this section may be delivered in compliance with the provisions of § 107 of Title 18.

g. The coverage required by this paragraph shall be considered excess over any similar insurance for passengers, other than Delaware residents, when the accident occurs outside the State.

h. Insurers shall notify injured persons covered under this section that the coverage is for 2 years from the date of the accident, and that it is only extended for compensation related to surgical or dental procedures that are related to the accident and that were impossible or impractical to perform within the 2-year period. Such surgical or dental procedures must be verified in writing, within 2 years of the accident, by a qualified medical practitioner.

i. 1. Expenses under paragraph (a)(2)a. of this section shall be submitted to the insurer as promptly as practical, in no event more than 2 years after they are received by the insured.

2. Payments of expenses under paragraph (a)(2)a. of this section shall be made as soon as practical after they are received during the period of 2 years from the accident. Expenses which are incurred within the 2 years but which have been impractical to present to an insurer within the 2 years shall be paid if presented within 90 days after the end of the 2-year period.

(3) Compensation for damage to property arising as a result of an accident involving the motor vehicle, other than damage to a motor vehicle, aircraft, watercraft, self-propelled mobile equipment and any property in or upon any of the aforementioned, with the minimum limits of \$10,000 for any 1 accident.

(4) Compensation for damage to the insured motor vehicle, including loss of use of the motor vehicle, not to exceed the actual cash value of the vehicle at the time of the loss and \$10 per day, with a maximum payment of \$300, for loss of use of such vehicle.

The owner of the motor vehicle may elect to exclude, in whole or in part, the coverage described in this paragraph by the use of certain deductibles and exclusions in accordance with filings made by the insurer with the Department of Insurance.

(b) No owner of a motor vehicle being operated in this State shall operate in this State, or authorize any other person to operate such vehicle in this State, unless the owner has insurance on such motor vehicle equal to the minimum insurance required by the state or jurisdiction where said vehicle is registered. If the state or jurisdiction of registration requires no minimum insurance coverage, then such owner must have insurance on such motor vehicle equal to the minimum insurance coverage required for motor vehicles registered in this State. However, an owner shall not be convicted under this subsection if, prior to conviction, the owner shall produce to the court in which the offense is to be tried the insurance identification card or in lieu thereof other sufficient proof of insurance showing such insurance to be in full force and effect at all pertinent times when the motor vehicle was being operated in this State. The Justice of the Peace Court may permit an operator charged under this subsection to provide proof of insurance to the Court by mail or facsimile transmission in lieu of a personal appearance. Proof of insurance shall be as prescribed by the Court and shall be sent to the Court directly from the operator's insurer or the insurer's agent or broker. It shall be the responsibility of the operator to ensure that proof of insurance is received and accepted by the Court. When proof of insurance is sent by mail or fax, the Court may also accept a guilty plea by mail or fax for any accompanying charge for which a voluntary assessment is permitted under § 709(e) of this title. A guilty plea so accepted shall have the same force and effect as if the operator had made the plea in open court. The Justice of the Peace Court shall enact court rules to implement the handling of such cases by mail or facsimile transmission. Where proof of insurance is provided by facsimile, the operator's insurer or the insurer's agent or broker must confirm the information by mail and the Justice of the Peace Court must confirm by telephone that the facsimile was sent by the operator's insurer or the insurer's agent or broker.

(c) Only insurance policies validly issued by companies authorized to write in this State all the kinds of insurance embodied in the required coverages shall satisfy the requirements of this section.

- (d) Nothing in this section shall be construed to prohibit the issuance of policies providing coverage more extensive than the minimum coverages required by this section or to require the segregation of such minimum coverages from other coverages in the same policy.
- (e) Policies purporting to satisfy the requirements of this section shall contain a provision which states that, notwithstanding any of the other terms and conditions of the policy, the coverage afforded shall be at least as extensive as the minimum coverage required by this section.
- (f) The coverage described in paragraphs (a)(1)-(4) of this section may be subject to conditions and exclusions customary to the field of liability, casualty and property insurance and not inconsistent with the requirements of this section, except there shall be no exclusion to any person who sustains bodily injury or death to the extent that benefits therefore are in whole or in part either payable or required to be provided under any workers' compensation law.
- (g) Insurers providing benefits described in paragraphs (a)(1)-(4) of this section shall be subrogated to the rights, including claims under any workers' compensation law, of the person for whom benefits are provided, to the extent of the benefits so provided.
- (1) Such subrogated rights shall be limited to the maximum amounts of the tortfeasor's liability insurance coverage available for the injured party, after the injured party's claim has been settled or otherwise resolved, except that the insurer providing benefits shall be indemnified by any workers' compensation insurer obligated to make such payments to the injured party.
- (2) Any settlement made with an injured party by a liability insurer shall not be challenged or disputed by any insurer having subrogated rights.
- (3) Disputes among insurers as to liability or amounts paid pursuant to paragraphs (a)(1)-(4) of this section shall be arbitrated by the Wilmington Auto Accident Reparation Arbitration Committee or its successors. Any disputes arising between an insurer or insurers and a self-insurer or self-insurers shall be submitted to arbitration which shall be conducted by the Commissioner in the same manner as the arbitration of claims provided for in subsection (j) of this section.
- (4) No insurer or self-insurer shall join or be joined in an action by an injured party against a tortfeasor for the recovery of damages by the injured party and/or the recovery of benefits paid by the insurer or self-insurer.
- (5) Nothing contained herein shall prohibit a liability insurer from paying the subrogated claim of another insurer prior to the settlement or resolution of the injured party's claim. However, should the amount of such settlement or resolution, in addition to the amount of any subrogated claim, exceed the maximum amount for the tortfeasor's liability insurance coverage available for the injured party, then any insurer who has been paid its subrogated claim shall reimburse the tortfeasor's liability insurer that portion of the claim exceeding the maximum amount of the tortfeasor's liability insurance coverage available for the injured party.
- (6) Unless specifically excepted by this subsection, this subsection shall also apply to self-insurers.
- (h) Any person eligible for benefits described in paragraph (a)(2) or (3) of this section, other than an insurer in an action brought pursuant to subsection (g) of this section, is precluded from pleading or introducing into evidence in an action for damages against a tortfeasor those damages for which compensation is available under paragraph (a)(2) or (3) of this section without regard to any elective reductions in such coverage and whether or not such benefits are actually recoverable.
- (i) Nothing in this section shall be construed to require an insurer to insure any particular risk. Nothing herein shall limit the insurer's obligation pursuant to the Delaware Automobile Plan.
- (j) Every insurance policy issued under this section shall require the insurer to submit to arbitration, in the manner set forth hereinafter, any claims for losses or damages within the coverages required under paragraph (a)(2) of this section and for damages to a motor vehicle, including the insured motor vehicle, including loss of use of such vehicle, upon request of the party claiming to have suffered a loss or damages within the above-described coverages of paragraph (a)(2) of this section or to such a motor vehicle. Such request shall be in writing and mailed to the Insurance Commissioner.
- (1) All arbitration shall be administered by the Insurance Commissioner or the Insurance Commissioner's nominee.
- (2) The Insurance Commissioner or the Insurance Commissioner's nominee shall establish a panel of arbitrators consisting of attorneys authorized to practice law in the State and insurance adjusters licensed to act as such in the State.
- (3) The Insurance Commissioner, or the Insurance Commissioner's nominee, shall select 3 individuals from the panel of arbitrators, at least 1 of whom shall be an attorney authorized to practice law in the State, to hear each request for arbitration.
- (4) The Insurance Commissioner, or the Insurance Commissioner's nominee, shall promulgate all rules and regulations necessary to implement this arbitration program.
- (5) The right to require such arbitration shall be purely optional and neither party shall be held to have waived any of its rights by any act relating to arbitration and the losing party shall have a right to appeal de novo to the Superior Court if notice of such appeal is filed with that Court in the manner set forth by its rules within 30 days of the date of the decision being rendered.
- (6) The Insurance Commissioner shall establish a schedule of costs of arbitration; provided, however, the arbitrator's fee shall not exceed \$25 per arbitrator for any 1 arbitration.
- (7) The cost of arbitration shall be payable to the State Department of Insurance, and shall be maintained in a special fund identified as the "Arbitration Fund" which shall be administered by the Insurance Commissioner. These funds under no circumstances shall revert to the General Fund. All costs of arbitration including administrative expenses of the Insurance Department and the arbitrator's fee shall be payable from this Fund.
- (8) The applicant may be reimbursed the cost of filing arbitration as a part of the award rendered by the arbitration panel. If an insurer

should pay an applicant damages in advance of a hearing, they shall include with those damages the cost to the applicant of filing the arbitration.

(9) This subsection shall also apply to self-insurers.

(k) Every insurance company authorized to transact the business of motor vehicle liability insurance in this State shall file with the Insurance Commissioner as a condition of its continued transaction of such business within this State a form approved by the Insurance Commissioner stating that its motor vehicle liability policies, on Delaware registered vehicles wherever issued, shall be deemed to provide the insurance required by this section. A nonadmitted insurer may file such a form.

(l) A motor vehicle registration shall not be issued or renewed for any vehicle not covered by a vehicle insurance policy meeting the requirements of this title. All insurers shall send to the Division of Motor Vehicles notice, in written or electronic form per the direction of the Division, of any cancellations or terminations of private passenger automobile insurance under § 3904(a)(1) of Title 18 for any private passenger automobile policies which are final and occur within the first 6 months after such policies are issued. The Insurance Commissioner may further change the timeframe for notification by regulation. All insurers shall send notice to the named insured when a motor vehicle insurance policy is canceled pursuant to the provisions of § 3905 or § 3920 of Title 18.

(m) A motor vehicle owner shall, upon request of the Division of Motor Vehicles, offer proof of insurance in full force and effect as a condition of registration or continued registration of a motor vehicle. The Division of Motor Vehicles, upon proof from its records or other sufficient evidence that the required insurance has not been provided or maintained or has terminated or otherwise lapsed at any time, shall immediately suspend the registration of the uninsured vehicle. The registration shall remain suspended until:

(1) The required insurance is obtained or replaced and the vehicle owner submits evidence of insurance on a form prescribed by the Division of Motor Vehicles and certified by the insurer or its agent; and

(2) An uninsured motorist penalty fee is paid to the Division of Motor Vehicles.

(n) (1) Except as provided in subsection (p) of this section, within 5 days of the notice of suspension from the Division of Motor Vehicles, the owner will surrender to the Division of Motor Vehicles the vehicle's certificate of registration and the registration plate.

(2) The Division of Motor Vehicles will promulgate rules and/or regulations to cover those circumstances in which there is an allegation of lost or stolen tags.

(3) Each insurer shall report to the Division of Motor Vehicles, within 30 days on a form prescribed by the Division of Motor Vehicles, the name of any person or persons involved in an accident or filing a claim who is alleged to have been operating a Delaware registered motor vehicle without the insurance required under this chapter. At a minimum, the insurer shall provide the name, address and description of the vehicle alleged to be uninsured. Each insurer shall take reasonable care when reporting potential violations of this section, but in no case shall an insurer, provider or any of its employees or agents incur any liabilities for erroneous reports of a violation.

(4) In addition to any other penalty provided for in the Delaware Motor Vehicle Law, if the required insurance for a vehicle terminates or otherwise lapses during its registration year, the Division of Motor Vehicles shall assess the owner of the vehicle with a penalty of \$100 for each vehicle without the required insurance for a period of up to 30 days. When a penalty fee is assessed, beginning on the thirty-first day of the penalty period, the penalty fee shall increase by a rate of \$5.00 for each subsequent day until the insurance is replaced, tags are surrendered to the Division of Motor Vehicles, or the registration expires, whichever occurs first. The Division of Motor Vehicles shall also charge a registration reinstatement fee of \$50. When the Division of Motor Vehicles assesses a vehicle owner with a penalty under this subsection, the Division shall not reinstate a registration suspended under this section until the penalty is paid, and the owner has also paid a registration reinstatement fee of \$50.

(o) "Insurance identification card" shall mean a card issued by or on behalf of an insurance company or bonding company duly authorized to transact business in this State which states in such form as the Insurance Commissioner may prescribe or approve that such company has issued a vehicle insurance policy meeting the requirements of this title. If the insured and insurance company both consent, the insurance identification card may be produced in electronic format. Acceptable electronic formats include display of electronic images on a cellular phone or any other type of portable electronic device. The Insurance Commissioner shall require all insurance companies transacting business within this State to provide with each vehicle insurance policy an insurance identification card describing the vehicle covered. The insurance identification card shall be valid for a period not to exceed 6 months. Notwithstanding this limitation, an insurance identification card may be issued for a period of 12 months if premium has been paid for the 12-month period. If an owner shall have filed a financial security deposit, or shall have qualified as a self-insurer, the term "insurance identification card" shall mean a card issued by the Office of the Insurance Commissioner which evidences that such deposit has been filed or that such owner has so qualified.

(p) (1) The insurance identification card issued for a vehicle required to be registered under this title shall at all times, when the vehicle is being operated upon a highway within this State, be in the possession of the operator thereof or carried in the vehicle and shall be produced upon the request of a police officer or any other party involved in an accident with the insured. If the operator of a motor vehicle is unable to produce an insurance identification card at the time of a traffic stop or an accident the operator shall be issued a summons to appear in court. If the operator is convicted under this subsection and has not provided proof of insurance in effect as of the date of conviction, the court shall, in addition to any other penalties imposed, notify the Division of Motor Vehicles of the lack of insurance. The Division of Motor Vehicles shall promptly suspend the vehicle's registration pursuant to the provisions of subsection (m) of this section.

a. Presentation of proof of insurance in electronic format shall not constitute consent for law enforcement or other state officials to

access other contents of the cellular phone or other portable electronic device, and shall not expand or restrict authority to conduct a search or investigation.

b. Law-enforcement officers and other state officials shall not be liable for any damage to a cellular phone or portable electronic device resulting from its use to present satisfactory proof of motor vehicle liability insurance coverage.

c. A police officer may require the operator to electronically forward the proof of insurance to a specified location provided by the officer. The electronic insurance information would then be viewed in a setting which is safe for the officer to verify that all the information is valid and accurate.

(2) An operator shall not be convicted under this subsection if, prior to conviction, the operator shall produce to the court in which the offense is to be tried the insurance identification card or in lieu thereof other sufficient proof, including but not limited to an automobile, garage keeper's or other commercial or personal insurance policy, showing that there was insurance in full force and effect at all pertinent times covering or which would cover the said motor vehicle or the operation of the said motor vehicle by the operator charged under this subsection.

(3) Subject to paragraph (p)(2) of this section above, the Justice of the Peace Court may permit an operator charged under this subsection to provide proof of insurance to the Court by mail or facsimile transmission or other Court approved method in lieu of a personal appearance. Proof of insurance shall be as prescribed by the Court and shall be sent to the Court directly from the operator's insurer or the insurer's agent or broker. It shall be the responsibility of the operator to ensure that proof of insurance is received and accepted by the Court. When proof of insurance is accepted by the court by any means other than personal appearance, the Court may also accept a guilty plea in absentia for any accompanying charge for which a voluntary assessment is permitted under § 709(e) of this title. A guilty plea so accepted shall have the same force and effect as if the operator had made the plea in open court. The Justice of the Peace Court shall enact court rules to implement the handling of such cases by means other than personal appearance of the operator.

(4) Where the individual is charged with violating this section, and at the time of the alleged offense, the individual was operating a vehicle owned or leased by the individual's employer in the course and scope of the individual's employment, the individual shall not be convicted of violating this section unless the individual knew or should have known that the employer's vehicle failed to meet the requirement of this section.

(q) (1) The Division of Motor Vehicles shall annually select for verification on a random sample basis not less than 10% of vehicle registrations subject to the insurance required by this section. This verification will be made through the insurers as reflected in the Division's records.

(2) Any vehicle owner identified by the Division as a possible uninsured shall submit proof of insurance within 30 days of the Division's request for such proof, to the Division of Motor Vehicles on a form prescribed by the Division and certified by an insurer or agent.

(3) The failure of a vehicle owner to submit the required proof under this section within a 30-day period shall be prima facie evidence that the vehicle is uninsured and the owner shall be subject to the penalties as prescribed in subsections (l) and (m) of this section.

(4) With respect to any vehicle which has:

- a. Had its registration suspended by the Division of Motor Vehicles pursuant to subsection (m) of this section,
- b. Had transfer of custody of its license plate ordered by the Justice of the Peace Court pursuant to subsection (p) of this section, or
- c. Failed to produce proof of insurance in a timely fashion pursuant to this subsection (q) of this section,

an officer of the Delaware State Police or member of the Department of Insurance's Fraud Prevention Bureau ("the Fraud Bureau") may confiscate the registration plate of that vehicle at any time absent affirmative proof that the vehicle is currently insured. Prior to any confiscation pursuant to this subsection, the registered owner of a vehicle shall receive notice at least 7 days prior to confiscation by regular and certified mail that such confiscation is to occur, and shall be provided a means to prove that the vehicle has current insurance prior to the indicated confiscation date. The Division of Motor Vehicles and the Justice of the Peace Court shall provide information to the Fraud Bureau and Delaware State Police sufficient to allow those organizations to enforce this subsection. Registration plates confiscated pursuant to this subsection shall be turned over to the Division of Motor Vehicles, which shall follow procedures established pursuant to and consistent with subsection (m) of this section for return of said plates. The Fraud Bureau shall provide its members with sufficient training to ensure safe enforcement of this subsection.

(r) In the event of a suspension of a driver's license pursuant to this section, the Department may issue an occupational license during a period of suspension upon application by the applicant upon a form prescribed by the Department and sworn to by the applicant; provided, that the applicant sets forth in said application that the suspension of such license has created an extreme hardship and that no prior occupational license has been issued within the preceding 12 months; provided, however, that no such occupational license shall be issued until the applicant demonstrates proof of liability insurance on all motor vehicles owned by such applicant or spouse. If the suspension of the driver's license resulted from the arrest and conviction of a person stemming from an incident in which property damage or personal injury occurred, an occupational license shall not be issued, the other provisions of this subsection to the contrary notwithstanding.

(t) (1) The Division of Motor Vehicles shall periodically select for verification of the required insurance all vehicles owned, individually or jointly, by a person who has been previously convicted of violating the provisions of this subchapter.

(2) The Division of Motor Vehicles may determine the accuracy of information relating to the proof of required insurance satisfying the provisions of this section.

(u) (1) The Division of Motor Vehicles may require evidence that any motor vehicle registered in a person's name, individually or jointly, is covered by the insurance required by this chapter, at a conference, hearing or interview:

a. As a result of point accumulation on the owner's motor vehicle driving record pursuant to the rules and regulations of the Division of Motor Vehicles; or

b. To show cause why the person's license should not be suspended or revoked pursuant to the laws of this State or the rules and regulations of the Division of Motor Vehicles.

(2) The Division of Motor Vehicles may require evidence that any vehicle registered in a person's name, individually or jointly, is covered by the insurance required by this chapter, at the time of reinstatement of driving privileges.

(3) The evidence of insurance shall be on a form prescribed by the Division of Motor Vehicles and certified by an insurer or its agent.

(4) Failure to submit the required proof under this section shall be prima facie evidence that any vehicle registered in that person's name, either individually or jointly, is uninsured and the owner shall be subject to the penalties as prescribed in subsections (l) and (m) of this section.

(v) (1) If a person has been issued an equipment inspection notice pursuant to § 2144 of this title, the person shall send within 30 days to the Division of Motor Vehicles the evidence of insurance or security required by this chapter on a form prescribed by the Division and certified by an insurer or agent.

(2) A failure to submit the evidence required by paragraph (v)(1) of this section shall result in the suspension of the registration of the vehicle cited and the assessment of the uninsured motorist penalty fee under this section.

(w) The Division of Motor Vehicle shall conduct a study or cause such study to be conducted to assess the feasibility and costs of establishing a direct computer link between the Division of Motor Vehicle's registration files and the insurance companies' data bases for the purposes of allowing the Division to conduct "real time" status reports of uninsured motorists. The Division of Motor Vehicles shall also conduct a study or cause such study to be conducted to analyze the ramifications of implementing an uninsured motorist program in the State similar to that of Virginia's Uninsured Motorist Program.

(x) Notwithstanding any contrary provisions of the Code, there shall be established a special fund of the State to be known as the D.M.V.T. Fund. The Secretary of Finance shall, commencing upon July 18, 1995, and commencing at the beginning of each fiscal year thereafter, cause to be deposited into the D.M.V.T. Fund amounts received as payments of fines and costs assessed by the Justice of the Peace Courts and/or the Court of Common Pleas under this section, until the amount deposited in said fiscal year shall equal \$150,000.

(y) The purpose of the D.M.V.T. Fund is to provide for the administrative costs associated with this Act. Any balance in the D.M.V.T. Fund as of the last day of the fiscal year in excess of \$15,000 shall be deposited to the General Fund. The Secretary of Finance shall make deposits to the D.M.V.T. Fund as required under this section commencing after August 1, 1995.

(z) The Director of the Division of Motor Vehicles may adopt such rules and regulations, not inconsistent with this title, as are necessary to enforce this section.

For each subsequent offense occurring within 3 years of a former offense, that person shall be fined not less than \$3,000 nor more than \$4,000 and shall have that person's driver's license and/or driving privilege suspended for 6 months. The minimum fine levied for a violation of subsection (a), (b), or (p) of this section may be suspended, in whole or in part, by the Court if evidence is presented that the defendant has secured insurance between the date of charge and the date of sentencing.

(2) Failure of the owner or operator to produce an insurance identification card for insurance which is in full force and effect at the time of the offense shall be presumptive evidence that such person is operating such person's vehicle without having insurance required by this title.

(3) Notwithstanding the penalties specified above, anyone convicted of driving without minimum insurance as required in this section shall have such person's privileges of driving suspended in this State until such time as such person has furnished proof of insurance to the Division of Motor Vehicles.

(a) It shall be unlawful for any person to possess, manufacture, sell, distribute or circulate a fictitious insurance identification card or any fictitious proof of insurance. A fictitious insurance identification card shall be any document in written or electronic format not manufactured in compliance with § 2118(o) of this title. Fictitious proof of insurance shall be any document in written or electronic format not produced in compliance with § 2118(o) of this title.

(b) It shall also be unlawful for any person to possess, manufacture, sell, distribute or circulate a blank insurance identification card. However, the following shall be exempt from this subsection: Office of the Insurance Commissioner, insurance companies or bonding companies or their employees or agents or employees of such agents in the discharge of their employment duties.

(c) Any person convicted of a violation of subsection (a) or (b) of this section shall be fined for the first offense not less than \$500, nor more than \$1500, or imprisoned not less than 30 days, nor more than 60 days, or both. For each subsequent violation, the person shall be fined not less than \$1000, nor more than \$2000, or be imprisoned not less than 60 days, nor more than 6 months, or both.

(68 Del. Laws, c. 406, § 1; 79 Del. Laws, c. 269, § 2.)

**§ 2118B. Processing and payment of insurance benefits.**

(a) The purpose of this section is to ensure reasonably prompt processing and payment of sums owed by insurers to their policyholders and other persons covered by their policies pursuant to § 2118 of this title, and to prevent the financial hardship and damage to personal credit ratings that can result from the unjustifiable delays of such payments.

(b) When an insurer is notified in writing by the claimant that the claimant desires to file an initial claim for benefits pursuant to § 2118(a)(2) of this title, the insurer shall, no later than 10 days following the insurer's receipt of said notification, provide that claimant with a form for filing such a claim. For purposes of this subsection an insurer shall be deemed to have provided a claimant with a form for filing a claim when the insurer deposits such a form in an envelope addressed to such claimant with the United States Postal Service and with postage affixed for first class (or better) delivery. If an insurer fails to comply with the provisions of this subsection, the insurer shall pay the claimant a sum equal to 1 percent of the amount due as of the date on which the claim was required to be provided for each day beyond the prescribed period for compliance, not to exceed \$5,000.

(c) When an insurer receives a written request for payment of a claim for benefits pursuant to § 2118(a)(2) of this title, the insurer shall promptly process the claim and shall, no later than 30 days following the insurer's receipt of said written request for first-party insurance benefits and documentation that the treatment or expense is compensable pursuant to § 2118(a) of this title, make payment of the amount of claimed benefits that are due to the claimant or, if said claim is wholly or partly denied, provide the claimant with a written explanation of the reasons for such denial. If an insurer fails to comply with the provisions of this subsection, then the amount of unpaid benefits due from the insurer to the claimant shall be increased at the monthly rate of:

- (1) One and one-half percent from the thirty-first day through the sixtieth day; and
- (2) Two percent from the sixty-first day through the one hundred and twentieth day; and
- (3) Two and one-half percent after the one hundred and twenty-first day.

(d) If an insurer fails to comply with subsection (b) or (c) of this section, the claimant may recover the amount due through a civil action in any court of competent jurisdiction or through a Delaware Insurance Commissioner's Arbitration Proceeding, consistent with § 2118(j)(1)-(9) of this title, at the option of the claimant. Any judgment entered for a claimant in a civil action or arbitration proceeding brought under this section shall include, in addition to the amount due and any additional amount provided for by subsections (b) and (c) of this section, an award for the costs of the action and the prosecution of the action, including reasonable attorney's fees; provided, however, that the costs of the action and the prosecution of the action, including reasonable attorney's fees shall only be awarded if it is found that the insurer acted in bad faith. The burden of proving that the insurer acted in bad faith shall be on the claimant. Any sums other than the original claim paid under this subsection shall not reduce the amount of coverage available under the insurance policy that is the basis for the claim.

(e) If an action pursuant to subsection (d) of this section is not filed within 90 days of the date of denial or the date when benefits are due as provided for in subsection (c) of this section, the penalties prescribed in that subsection shall begin to run from the date of the filing of said action.

(f) The remedies provided by this section are in addition to all other remedies available to the claimant under state and federal statutory or common law.

(69 Del. Laws, c. 116, § 2; 69 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 186, § 1.)

**§ 2119. Requirement of compliance for all commercial registrations by corporations and other legal entities.**

(a) No vehicle shall be registered or reregistered as a "commercial" vehicle under this chapter until the Division of Motor Vehicles has verified a legal entity's good standing with the Delaware Secretary of State and compliance with Title 30, including proof of a valid occupational or business license.

(b) The Secretary of the Department of Transportation in conjunction with the Secretary of the Department of Finance shall promulgate such requirements of proof as they shall deem necessary for the administration and implementation of subsection (a) of this section.

(60 Del. Laws, c. 291, § 1; 74 Del. Laws, c. 110, § 41; 79 Del. Laws, c. 399, § 1.)

**§ 2120. Waiver of registration and inspection of special mobile equipment.**

The requirements for registration and inspection of special mobile equipment are waived.

(64 Del. Laws, c. 259, § 2.)

**§ 2120A. Registration of specialized vehicles; fees; restrictions.**

(a) The Division of Motor Vehicles may register a specialized vehicle which will not meet the Division's standards for inspection or

performance. The specialized vehicle shall be registered with restrictions as determined by the Division to be in the best interest of highway safety.

(b) The annual registration fee shall be the same fee as assessed to a vehicle or motor vehicle in a similar class and according to the fees in this chapter.

(c) Specialized vehicles shall be subject to annual inspection in accordance with regulations as adopted by the Division of Motor Vehicles.

(d) Specialized self-propelled vehicles shall not be registered unless such vehicles are insured pursuant to § 2118 of this title.

#### **§ 2121. Number and registration plates; provision for the issuance of special license plates to the owners of motor vehicles who operate amateur radio stations; special vanity plates.**

(a) The Department shall furnish 1 number plate for each vehicle registered. The Department shall also furnish registration plates as hereinafter provided. Upon the termination of the lawful use of any such plates they shall be returned to the Department.

(b) Each number plate shall have displayed thereon the registration number assigned to the vehicle, the name of this State, which may be abbreviated and in the case of motor farm trucks used exclusively by farmers in the operation of their farms and which have been registered for the reduced fee as provided by law, such plates for such farm motor trucks shall also display in large type the letter "F," meaning for farm motor trucks only. In addition to the reduced registration fee to be paid for the registration of such motor farm trucks, the owner thereof shall also pay to the Department the cost of such special number plates for such trucks. In case of vehicles registered for a gross rate of more than 5,000 pounds, the number plate may also show the gross weight for which the vehicle is registered. Each number plate for each vehicle shall also show, in the manner determined by the Department and as hereinafter provided, the period of expiration thereof for which the vehicle has been registered and the required registration fee paid. Each number plate and the identifying letters and numerals thereon, except the registration period or expiration thereof, shall be of sufficient size to be plainly readable at a distance of 100 feet during daylight.

Unless otherwise specified in this title, motor vehicles with a registered gross weight of 5,000 pounds or less may be assigned any type of number plate and motor vehicles with a registered gross weight of greater than 5,000 pounds but less than 10,000 pounds may be assigned any type of number plate except an "RV" plate. Motor vehicles, except for recreational vehicles, with a registered weight rating above 10,000 pounds will be assigned commercial or farm truck license plates. The number plates for motorcycles and mopeds, as defined by § 101(37) and (36) of this title, shall display thereon the letters "MC" for motorcycles and the letters "MP" for mopeds. The number plates for recreational vehicles and trailers as defined by § 101(59) and (58) of this title shall display thereon the letters "RV" for recreational motor vehicles and the letters "RT" for recreational trailers. The title registration number for mobile homes shall begin with the letters "MH" and park trailers with the letters "PT." Each number plate and special plate may have displayed thereon, in addition to all other numbers or letters required by this subsection, the words "The First State."

(c) The number plates shall be of such design, size, material and color as the Department may determine and shall be so constructed that validation plates, to be furnished by the Department as provided in this section, may be conveniently attached or affixed thereto and, when necessary, detached and removed therefrom.

(d) The Department shall furnish for each vehicle registered and upon the payment of the required fees a validation plate to be attached or affixed to the number plate as provided by subsection (c) of this section. Such validation plates shall be of such design, size, material and color and shall bear such legend or inscription as the Department may determine, showing the period or expiration date thereof.

(e) There may also be attached to any number plate an additional removable plate of a size and design approved by the Department, which additional plate may show such other data as the Department may approve. No number plate shall have attached thereto any advertising matter, any fictitious numbers, signs, or symbols or any legend of any character not approved by the Department.

(f) The Department shall issue for every passenger motor vehicle, rented without a driver, the number of plates of the same type as issued for private passenger vehicles.

(g) Upon written application, the Department shall furnish to any owner of a motor vehicle who is a resident of the State and who holds a valid, unrevoked, and unexpired official amateur radio station license issued by the Federal Communications Commission, a special license plate for a motor vehicle owned by such individual and on which the required registration fee has been paid. The special plate shall bear the official amateur radio station call letters as assigned by the Federal Communications Commission to said individual. The special plate shall supersede the regular numbered plate assigned to such motor vehicle during the time said individual holds a valid, unrevoked and unexpired official amateur radio station license issued by the Federal Communications Commission and while such motor vehicle is owned by such individual; provided that, at all times, the necessary registration fee has been paid for such motor vehicle. Upon making application for such special license plate the owner shall pay, in addition to the regular registration fee, the sum of \$10 for such plate. Application shall be made on such form as shall be prescribed by the Department.

The special license plate shall have imprinted thereon only the call letters of the licensee, the words, "Delaware", "The First State" and the expiration date of the license plate.

(h) This title notwithstanding, the Department, upon written application, shall furnish to any owner of a motor vehicle otherwise entitled to a license plate, who is a resident of this State, a special vanity license plate for each motor vehicle owned by such individual for which the required registration fee has been paid, which plate shall have displayed thereon:

(1) Any single letter or combination of letters or combination of letters and numerals, not to exceed 7 in number. If the combination includes numerals, the numerals shall be displayed to the right of all letters on the plate. A hyphen shall be permitted and shall be counted as 1 letter. In its discretion, the Department may refuse any combination of letters, or letters and numerals. The Department may refuse 7 character combinations that do not allow adequate spacing between letters and/or numbers;

(2) The word "Delaware";

(3) The words "The First State";

(4) The expiration date of the license plates; and

(5) Gold letters on a blue background, except for license plates provided for in § 2123 of this title, in which case they shall be blue letters on a gold background.

Upon making application for such special vanity license plates, the owner shall pay \$40 annually for each plate in addition to the regular registration fee. Application shall be made on forms as prescribed by the Department. The Department shall issue such plates in the order in which the applications are received for any letter or combination thereof. Such license plates shall be the personal property of the owner so long as the owner shall comply with this section. No reasonable facsimile of any license plate as provided for in this chapter shall be displayed on the front of any motor vehicle registered in this State. The provisions of subsection (b) of this section relating to the display of the letters "P/C" for combination vehicles shall not be applicable to this subsection.

(i) This title notwithstanding, the Department, upon written application, shall furnish to any owner of a motorcycle, otherwise entitled to a Delaware license plate, a special vanity license plate, provided the required registration fee has been paid for such motorcycle pursuant to § 2151(1) of this title. Such special plate shall have displayed thereon:

(1) Any single letter or combination of letters or combinations of letters and numerals, not to exceed 5 in number. If the combination includes numerals, the numerals shall be displayed to the right of all letters on the plate. A hyphen shall be permitted and shall be counted as 1 letter. In its discretion, the Department may refuse any combination of letters, or letters and numerals;

(2) The word "Delaware";

(3) The letters M/C;

(4) The expiration date of the license plate; and

(5) Gold letters on a blue background.

Upon making application for such special vanity license plate, the owner shall pay \$40 annually for each plate in addition to the regular registration fee. Application shall be made on forms as prescribed by the Department. The Department shall issue such plates in the order in which the applications are received for any letter or combination thereof. Such license plate shall be the personal property of the owner so long as the owner shall comply with this section. No reasonable facsimile of any license plate as provided for in this chapter shall be displayed on the front of any motorcycle registered in this State.

(j) The number plates for recreational vehicles shall display thereon the letters "RV." A \$10 fee shall be assessed to change the certificate of title, registration and license plate for any vehicle already registered under another type of plate if the owner desires to change to a recreational vehicle tag.

(k) Effective March 27, 1996, individual special vanity license plates shall not be recalled when the Department issues other categories of special group license plates with conflicting letters and numbers.

The form must state:

(1) That a permanent permit for a person with a disability, or for a person 85 or older, or for an organization that regularly in its course of business transports persons with disabilities expires after 3 years and a temporary permit for a person with a disability may not exceed 90 days;

(2) That a licensed physician, a physician assistant who is supervised by a licensed physician, or an advanced practice nurse who is employed by or who has a collaborative agreement with a licensed physician, must certify a disability and indicate whether the applicant or household member needs a permanent parking permit or a temporary parking permit;

An applicant or a household member who is eligible for a special license plate pursuant to § 2134 of this title may also apply for 1 permanent parking permit under this section. A parking permit is issued in the form of a removable placard capable of hanging from or being attached to the front windshield rearview mirror of a vehicle.

(b) A permanent or temporary parking permit may be issued under this section only if the applicant submits proof satisfactory to the Department that the applicant or household member has a disability that is permanent with no prognosis for improvement as described in § 2134(a)(1)-(6) of this title, or that the applicant or household member has a physical disability which is not permanent but which substantially limits or impairs the applicant's or household member's ability to walk for no less than 5 weeks and which is so severe that the applicant or household member would endure a hardship or be subject to a risk of injury without a temporary parking permit for persons with disabilities, or that the applicant or household member is 85 or older, or that the applicant is an organization that regularly in its course of business transports persons with disabilities. Satisfactory proof of a disability must include the signature of a licensed physician, a physician assistant who is supervised by a licensed physician, or an advanced practice nurse who is employed by or who has a collaborative agreement with a licensed physician, on a Department special license plate or placard application form on which the physician, a physician assistant who is supervised by a licensed physician, or an advanced practice nurse who is employed by or who has a collaborative agreement with a licensed physician, indicates the applicant's or household member's disability.

(c) The Department may not charge a fee for issuing or reissuing a parking placard. However, the Department shall charge a fee to offset the actual replacement cost of replacing a lost or damaged placard.

(d) (1) A permanent permit issued under this section for a person who has a disability stated in § 2134(a) of this title, or for a person 85 or older, or to an organization that regularly in its course of business transports persons with disabilities expires 3 years from the date of issue. However, another permanent permit may be issued upon reapplication.

However, another temporary permit may be issued upon reapplication.

(3) There is no limit to the number of times that a person may reapply for a permanent or temporary parking permit issued under this section. However, for each reapplication for a temporary parking permit, the applicant must comply with the requirements for an initial application as set forth in subsection (a) of this section. A new certification is not required for applicants or applicants' household members who have a permanent disability as described in § 2134(a)(1)-(6) of this title; however, the applicant shall submit a written certification that the applicant continues to require the parking permit for the reason or reasons it was initially issued.

(e) A parking permit for a person with a disability which limits or impairs the ability to walk, or for a person 85 or over, or for an organization pursuant to subsection (i) of this section must be in the form of a removable windshield placard of a size and design determined by the Department. Both sides of the placard must contain the following: the words "State of Delaware Division of Motor Vehicles" and "Remove placard when vehicle is in motion," the internationally recognized wheelchair symbol of access, an identification number, and the expiration date. The expiration date must appear in letters or numerals at least 1 inch tall. Only 1 placard may be issued initially to an applicant; however, upon written request, the Department shall issue 1 additional placard to an applicant who does not also have a special license plate issued pursuant to § 2134 of this title.

- (4) Upon the death of the person for whom it was issued.

(i) Notwithstanding any provisions of this Code to the contrary, the Department may, without the certification of a licensed physician, a physician assistant who is supervised by a licensed physician, or an advanced practice nurse who is employed by or who has a collaborative agreement with a licensed physician, issue a green parking placard upon application by an organization that regularly in its course of business transports persons with disabilities which limit or impair the ability to walk if the organization presents proof satisfactory to the Department that the organization regularly in its course of business transports persons with disabilities. A green parking placard may be used only when at least 1 person who is entitled to obtain a permanent or temporary parking placard pursuant to subsection (a) of this section is being transported and only when an employee or volunteer staff person of the organization is the driver of the vehicle.

(j) (1) A person or organization who intentionally presents false information to a licensed physician, a physician assistant who is supervised by a licensed physician, or an advanced practice nurse who is employed by or who has a collaborative agreement with a licensed physician, or to the Department in an attempt to obtain a parking placard under this section shall be guilty of an unclassified misdemeanor. For the first offense, the person or organization shall receive a mandatory fine of \$100. For each subsequent like offense, the person or organization shall receive a mandatory fine of \$200 or be imprisoned for not less than 10 nor more than 30 days, or both. Any other violation of this section is a violation. Justices of the peace have jurisdiction over violations of this section.

(2) A summons may be attached to an unattended vehicle found in violation of any of the provisions of this section by any police officer or State Police Academy cadet authorized to issue a summons for a violation of this section. It is prima facie evidence that the person or organization in whose name the unattended vehicle is registered is responsible for the violation.

Muffler cutouts or mufflers without internal baffle plates are prohibited.

(14) *Fenders.* — Street rods shall not be required to have fenders on wheels.

(15) *Fuel systems.* — Every street rod shall have all fuel system components, such as tank tubing, hoses, clamps, etc., securely fastened to the vehicle with fasteners designed for this purpose so as not to interfere with the vehicles' operation and shall be leak proof.

Fuel lines shall be positioned so as not to be in contact with high temperature surfaces or moving components.

(16) *Steering.* — A street rod shall have no steering components extending below the wheel rims in their lowest position. The use of unconventional steering components such as chain drive, sprockets or electric solenoids shall be prohibited. The steering system shall remain unobstructed when turned from lock to lock.

If no beneficiary survives the death of the owner or the last to die of all multiple owners with right of survivorship, then such interest in the motor vehicle belongs to the estate of the deceased owner or the last to die of all multiple owners with right of survivorship.

(e) A certificate of title in transfer-on-death form shall not be considered a testamentary disposition.

The certificate of title shall contain the same information as is required upon the face of the registration card except that the period of registration shall be omitted. The Department may make address and vehicle registered weight changes to the vehicle record and registration card without issuing a new title.

(b) The certificate of title shall also contain a space for the signature of the owner in order to validate the same and forms for assignment of title or interest and warranty thereof by the owner with a space for notation of liens and encumbrances upon the vehicle at the time of a transfer. If an owner has elected to have a title issued in transfer-on-death form, then the title shall also contain the designations made by the owner pursuant to § 2304 of this title.

(c) The certificate of title shall be delivered to the registered owner unless another person has been named to receive the certificate in the application, in which event the certificate shall be delivered to such person.

(d) The Department shall not issue a certificate of title to any person under 18 years of age unless at least 1 parent or guardian of said person shall sign said certificate stating consent to the issuance of same.

The holder of a CLP may, unless otherwise disqualified, drive a commercial motor vehicle only when accompanied by the holder of a commercial driver license, valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle; provided that the CLP holder may not operate a commercial motor vehicle transporting hazardous materials as defined in § 2603 of this title.

(3) A CLP holder is not eligible to take the CDL pre-trip, skills or road test in the first 14 days after initial issuance of the CLP.

Within 30 days of receiving notification from the State that retesting is necessary, the affected CLP or CDL holder must make an appointment or otherwise schedule to take the next available test. A person’s CLP or CDL will be disqualified if he or she fails to make an appointment within 30 days, does not take the required knowledge or skills test, or fails the knowledge or skills test. Once a CLP or CDL holder’s privileges have been disqualified, he or she must reapply for a CLP or CDL under state application procedures.

(i) Any person who has been convicted of fraud related to the issuance, renewal, transfer, or upgrade of a CDL/CLP, other than falsifying information or certifications as specified in subsection (g) of this section, shall be disqualified for a period of not less than 1 year.

**§ 2626. CDL medical certification requirements.**

(a) *CDL medical self-certification requirements.* — (1) Beginning January 30, 2012, any person applying for an initial CLP/CDL must self-certify to the Division that he or she is operating commercial motor vehicles in a nonexcepted interstate commerce, excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce status.

(2) Existing CDL holders must self-certify to the Division on or after January 30, 2012, but not later than January 30, 2014, that he or she operates commercial motor vehicles in a nonexcepted interstate commerce, excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce status.

(3) It is the responsibility of the CDL/CLP holder to immediately notify the Division if/when his or her medical certification status changes.

(b) *Medical certification documentation requirements for nonexcepted interstate commerce drivers after January 30, 2012.* — (1) Any person applying for an initial CLP/CDL who certifies that he or she will operate CMVs in nonexcepted, interstate commerce must provide the Division with the current, original medical examiner's certificate prepared by a medical examiner who, on and after May 21, 2014, is currently certified by FMCSA and is listed on the National Registry of Certified Medical Examiners confirming the applicant meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(2) On or after January 30, 2012, but not later than January 30, 2014, existing CDL holders must provide the Division with the current original or copy of the medical examiner's certificate prepared by a medical examiner who, on and after May 21, 2014, is currently certified by FMCSA and is listed on the National Registry of Certified Medical Examiners confirming the CDL holder meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(3) In order to maintain a medical certification status of certified, the CDL/CLP holder who certifies that he or she will operate CMVs in nonexcepted interstate commerce must provide the Division with a current original or copy of each subsequent medical examiner's certificate prepared by a medical examiner confirming the CDL/CLP holder meets the minimum physical qualifications for CMV operators in accordance with federal regulations.

(c) *CDL/CLP issuance procedures for drivers who after January 30, 2012, self-certify as operating in nonexcepted interstate commerce.*

— (1) The Division must verify the driver has self-certified as a nonexcepted interstate commerce operator.

(2) The Division must verify the driver has a "certified" medical status on the medical examiner's certificate and on the CDLIS driver record.

(3) In the event that the driver has not self-certified or the medical certification status of the individual is "not-certified," the applicant will be denied a CDL/CLP issuance, renewal, upgrade or transfer, and the CDL will be downgraded.

(4) Approximately 60 days before a medical examiner's certificate expires, the Division will attempt to notify the CDL/CLP holder requiring him or her to either submit a current medical certificate or self-certify that he or she now operates a CMV in excepted interstate commerce, nonexcepted intrastate commerce or excepted intrastate commerce. The CDL/CLP will be downgraded no later than 60 days after the CDL/CLP holder's current medical certification expires or when determined to be "not-certified" if:

a. He or she does not change his or her self-certification to excepted interstate commerce, nonexcepted intrastate commerce, or excepted intrastate commerce;

b. He or she does not present to the Division a current medical certificate;

c. His or her FMCSA medical variance expires; or

d. The FMCSA notifies the Division that his or her medical variance was removed or rescinded.

(5) Upon notification from the FMCSA that a medical variance has been issued to a CDL/CLP driver, the Division shall file,

electronically or otherwise, medical variance information, the CDLIS driver record will be updated, and the CDL/CLP document will show a restricted code “V” indicating there is information about a medical variance on the CDLIS driver record. Within 10 calendar days of receiving information from the FMCSA regarding the issuance or renewal of a medical variance for a driver, the Division must update the CDLIS driver record to include the medical variance information provided by the FMCSA.

(d) *CDL driver physical qualifications and recordkeeping requirements for nonexcepted interstate commerce drivers.* — (1) A CDL/CLP holder who is subject to the physical requirements contained in 49 C.F.R. § 391.41 must not operate a commercial motor vehicle unless he or she is medically certified as physically qualified to do so, and, except as provided in paragraph (b)(2) of this section, when on duty, has on his or her person the original or a copy of a current medical examiner’s certificate that he or she is physically qualified to drive a commercial motor vehicle.

(2) Beginning January 30, 2014, a CDL/CLP holder who has submitted a current medical examiner’s certificate to the Division in accordance with 49 C.F.R. § 383.71(h) substantiating he or she is medically “certified,” no longer needs to carry on his or her person the medical examiner’s certificate once the medical certification information is posted on the CDLIS driver record. The Division will post the medical information in CDLIS within 10 days after the driver submits a current medical certificate. If there is no medical certification information on that driver’s CDLIS driver record, a current medical examiner’s certificate issued prior to January 30, 2012, will be accepted until January 30, 2014.

(3) A CDL/CLP driver who obtained a medical variance from the FMCSA must continue to have in his or her possession the original or copy of that medical variance documentation at all times when driving a CMV.

(4) Canadian and Mexican CMV drivers are not required to have in their possession a medical examiner’s certificate if the driver has been issued and possesses a valid commercial driver license issued by the United Mexican States or Canadian Province or Territory and whose license and medical status, including any waiver or exemption, can be electronically verified. Drivers from any of the countries who have received a medical authorization that deviates from the mutually accepted compatible medical standards of the resident country are not qualified to drive a CMV in the other countries. Canadian and Mexican drivers who do not meet the medical fitness provisions of their home country for motor carriers are not qualified to drive a CMV in the United States even if that driver has received a medical variance or waiver. In addition, United States drivers who receive a medical variance from the FMCSA are not qualified to drive a CMV in Canada or Mexico.

(e) CDL/CLP holders self-certifying that they operate or expect to operate CMVs in excepted interstate commerce must:

(1) Meet the minimum physical qualifications for CMV operators as determined in 49 C.F.R. § 390.3(f), § 391.2, § 391.68, or § 398.3; and

(2) Self-certify to the Division that that operate or expect to operate CMVs in excepted interstate commerce upon each renewal of their CDLs.

(f) CDL/CLP holders self-certifying that they operate or expect to operate CMVs in nonexcepted intrastate or excepted intrastate commerce must:

(1) Meet the minimum physical qualifications for CMV operators as determined in § 4704 of this title;

(3) Meet the minimum physical qualification requirements for CMV operators as determined in subsections (b) through (d) or subsection (e) of this section before the CDL holders may have the “K” restriction removed from their CDL/CLP.

(g) *Release of medical certification information in the CDLIS driver record.* — Except where prohibited by § 305 of this title or Division policies, the following authorized agents may receive CDLIS driver record information:

(1) *States.* — All information on all CDLIS driver records.

(2) *Secretary of Transportation.* — All information on all CDLIS driver records.

### **§ 2703. License to operate a motorcycle, motorbike, etc.**

(a) No person shall operate a motorcycle, motorbike or other 2-wheeled or 3-wheeled motor-driven vehicle, as defined in § 101(37) of this title, upon a highway of this State without having been properly licensed and having passed, to the satisfaction of the Department, an examination testing the person's ability to operate such vehicle safely. The Department shall place a motorcycle endorsement on the driver license authorizing the operation of such vehicle. A person who passes an examination administered by the Department on a 3-wheeled motorcycle shall have a restriction placed on his or her driver license, in addition to the motorcycle endorsement, limiting him or her to the operation of 3-wheeled motorcycles. A temporary motorcycle instruction permit can be issued to a person age 18 or older after passing a written motorcycle examination. This permit expires in 6 months. If for any reason whatsoever the applicant fails to pass the required road skills examination during the 6-month period granted by the permit, the permit shall be void, and the fee paid therefor shall be forfeited unless the applicant requests an extension thereof and pays the sum of \$5.00. Upon payment of said sum the Division shall immediately issue 1 extension only of the permit for an additional 6 months. If the applicant fails to pass the required examination within the additional 6-month period, the permit shall become void. The following provisions shall apply to a person while operating a motorcycle with a temporary instruction permit for the operation of a motorcycle:

- (1) No passengers shall be allowed on the motorcycle;
- (2) Operating a motorcycle between sunset and sunrise is prohibited;
- (3) A safety helmet and eye protection as approved by the Office of Highway Safety must be worn; and,
- (4) Operation is not permitted on the federal interstate highway system.

(b) The initial and subsequent renewal fee for an authorization or endorsement under this section shall be \$8.00 when the authorization or endorsement holder also holds a commercial motor vehicle driver license endorsed for the transport of hazardous materials. Otherwise, the fee for an initial authorization or endorsement under this section and each renewal shall be \$12.

(c) Of each of the initial fees for authorization or endorsement collected pursuant to subsection (b) of this section the sum of \$5.00 is appropriated to the Department of Transportation and shall be placed in a special account to be used only for expenses incurred in the administration of the motorcycle rider education program. For each fee collected for subsequent renewals pursuant to subsection (b) of this section, the total of such renewal fee shall also be appropriated to the Department of Transportation to be placed in said special account.

(d) The authorization or endorsement specified in subsection (a) of this section shall not be issued by the Division to any person under the age of 18 years unless the application therefor is signed both by the applicant and by the parent, guardian or court-ordered custodian of the applicant with whom the applicant resides in this State.

(1) Nevertheless, if the applicant has no parent, guardian or court-ordered custodian residing in the State to act as that applicant's sponsor, another responsible adult person who resides with the applicant in this State who is acceptable to the Secretary of Transportation may sign the application.

(2) The following sponsors are listed in order of priority:

- a. Father or mother of the minor, if both parents are living together within this State and the minor resides with both parents;
- b. Father of the minor, if the father is living within this State, and the minor resides with the father only; mother of the minor, if the mother is living within this State, and the minor resides with the mother only; or the father or mother, if the father or mother live within this State, and the minor resides with neither parent, and the minor has no legal guardian within this State;
- c. Guardian or court-ordered custodian of the minor, duly appointed as such, under the laws of this State; or
- d. Any suitable person acceptable to the Secretary of Transportation.

(3) The Department shall not require as a prerequisite to the issuance of a license to a minor under this section, that the father, mother, guardian or court ordered custodian who signs the minor's driver license application be present at the time the application is made by the minor, or sign the application at the offices of the Division of Motor Vehicles. The signing of the application and acknowledgment thereof by the natural parent, guardian, or court ordered custodian before a notary public or other person authorized to administer oaths shall be deemed sufficient to satisfy the requirements of this section. Sponsors designated in paragraph (d)(2)d. of this section shall sign the minor's license application in the presence of a Division representative.

(4) The sponsor who signs the motorcycle endorsement application on behalf of a minor can withdraw their sponsorship at any time

until the minor reaches 18 years of age, thereby canceling the minor's authority to drive a motorcycle. If the court terminates the custody order and the minor subsequently resides with a parent in this State, then the parent may cancel the driving privileges of the minor under this section. Once canceled, the applicant can reapply for a motorcycle endorsement when they meet the provisions of this section and pay the endorsement fee.

(5) It shall be unlawful for any person to sign the application of a minor under this section when such application misstates the age of the minor or misrepresents themselves or their relationship to the minor. Any person who violates this provision shall be guilty of a class B misdemeanor. Both the minor applicant and the sponsor's driver's license will be suspended for 2 months under § 2733(a)(5) of this title.

(e) The authorization or endorsement specified in subsection (a) of this section shall not be issued by the Department to any person under the age of 18 years unless such person:

(1) Complies with subsection (d) of this section; and

(2) Completes a motorcycle rider education program, such program having been approved by the State Department of Transportation pursuant to this chapter.

(c) The Division of Motor Vehicles shall provide notice of the obligation to register pursuant to § 4120 of Title 11 to each new resident applicant for a license to operate a motor vehicle. Every applicant for a driver's license shall sign an acknowledgment provided by the Division that the applicant has received notice that registration in compliance with § 4120 of Title 11 is mandatory for any person who has been convicted in any other state of any offense which, if committed or attempted in this State, would have been punishable as 1 or more of the offenses referenced in § 4120(a) of Title 11, and that such registration must occur within 7 days of coming into any county, city or town in which the applicant temporarily resides or is domiciled for that length of time.

they meet all requirements for the permit. Eye screening and medical examinations will be required in accordance with Division policies.

The Division may issue a distinctively designed Level 1 Learner's Permit document or issue the permit holder a Class D license encased in a packet which explains the driver's limited driving privileges. If the permit holder completes the 12-month driving experience and the sponsor does not withdraw their endorsement, the Division will notify the permit holder by mail that the permit holder is eligible for a Class D license. The time used to compute the 12 months of driving experience shall not include any period of time when the permit holder's driving privileges were suspended, revoked, canceled, denied or surrendered.

(b) *Level 1 Learner's Permit.* — A person who is at least 16 years old but less than 18 years old, or a person who is receiving special education services under an active Individualized Education Program who is at least 16 years old but less than 22 years old, may obtain a Level 1 Learner's Permit if the person has:

(1) Successfully completed a course in driver education in a public or private high school in this State, which has been approved by the Department of Education and meets the standards for such courses described by that Department. If the applicant has completed a course of instruction in driver education in a public or private high school outside this State, the applicant must produce a certified copy of that applicant's high school transcript evidencing the completion of the driver education course;

(2) Passed a written test and road skills test administered by the Division or administered by a driver education teacher. Students who require specialized evaluation, training or equipment to operate a motor vehicle because they are persons with a physical or mental disability will be identified by the driver education teacher and tested by the Division;

(3) Been certified by the driver education teacher as qualified for licensing; and

(4) Submitted an application signed by a sponsor as required by subsection (e) of this section.

(c) *Restrictions pertaining to the Level 1 Learner's Permit.* — A learner's permit authorizes the permit holder to drive the specified type or class of motor vehicles as those defined under § 2702(d)(1) of this title for 12 months only under the conditions listed below. If the learner's permit expires, the applicant will pay the appropriate fees and pass a written and road skills examination conducted by the Division.

(1) The Level 1 Learner's Permit must be in possession of the permit holder.

(2) When the permit holder is under mandatory supervision, the permit holder must be supervised by a properly licensed parent, guardian or a licensed driver at least 25 years of age who has held a Class D license for at least 5 years. The supervising driver must be seated beside the permit holder in the front seat of the vehicle when it is in motion. No person other than the supervising driver can be in the front seat.

(3) For the first 6 months after issuance, the permit holder may only drive supervised. In order for the permit holder to be able to drive unsupervised as called for in paragraph (c)(4) of this section, a parent or guardian shall certify that the permit holder has completed 50 hours of driving time, which shall include 10 hours of nighttime driving. This certification form shall be developed by the Division of Motor Vehicles, Department of Education and Department of Highway Safety and shall be signed by the parent or guardian and submitted to a Department of Education approved program at the end of this 6-month period.

(4) After the first 6 months from issuance, the permit holder may drive unsupervised between the hours of 6:00 a.m. and 10:00 p.m. Such a permit holder may drive only with supervision from 10:00 p.m. to 6:00 a.m. with the exception of times when the permit holder is traveling to and from church activities, work activities and the permit holder's school. For purposes of this section, the term "school" shall not include school-related activities that do not take place on school property.

(5) No passengers other than the adult supervisor and 1 or fewer other passengers can be in the vehicle during the first 12 months. However, the passenger restrictions of this paragraph shall not apply to immediate members of the driver's family provided the adult supervisor is in the car. During the second 6-month period of unsupervised driving, when a supervisor is not present, only 1 other passenger in addition to the driver can be in the vehicle.

(6) The restrictions of paragraph (c)(4) of this section shall not apply to those individuals who are Delaware volunteer fire fighters and ambulance attendants as long as they have permission from their fire chief or ambulance captain in writing with the permit referenced in paragraph (c)(1) of this section and are returning home from their company stations or place of education or training relating to their respective duties for the sole purpose of either an emergency response, an official fire or ambulatory meeting, or education or training relating to said duties.

(7) The permit holder and all passengers, under the age of 18, in the vehicle must wear a seat belt or be secured in a child safety seat or booster seat as required by § 4802 or § 4803 of this title when the vehicle is in motion.

(8) The permit holder shall not operate a motor vehicle while using a cellular telephone, text messenger, or substantially similar electronic device. This paragraph shall not apply if the permit holder has stopped the vehicle at a location off of the lanes of travel. Any permit holder found to be in violation of this paragraph is deemed to be operating the vehicle in a negligent manner and is subject to the penalties set forth in subsection (j) of this section.

(d) *Class D license qualifications.* — A person who is at least 17 years old but less than 18 years old, or who is at least 17 years old but less than 22 years old and receiving special education services under an active Individual Education Program (IEP), may obtain a Class D operator's license if the person meets the following requirements:

(1) The person has held a Level 1 Learner's Permit issued by the Division for at least 12 months; and

(2) The person has an application signed by a sponsor as specified in subsection (e) of this section. The sponsor's signature on the

Level 1 Learner's Permit application authorizes the minor to obtain the Class D operator's license when eligible unless the sponsor withdraws, in writing, their authorization for any such license or permit.

(e) The Division shall not grant the application of any minor between the ages of 16 years and 18 years or a person receiving special education services under an active Individual Education Program (IEP) between the ages of 16 and 22 for an operator's license or Level 1 Learner's Permit unless such application is signed both by the applicant and a sponsor who is the applicant's parent, guardian, Division of Family Services case worker or court-ordered custodian who resides in this State.

(1) Nevertheless, if the applicant has no parent, guardian, Division of Family Services case worker or court-ordered custodian residing in the State to act as the applicant's sponsor, another responsible adult person acceptable to the Secretary of Transportation who resides with the applicant in this State may sign the application.

(2) The following sponsors are listed in order of preference:

a. Father or mother of the minor if both parents are living together within this State and the minor resides with both parents.

b. Father of the minor, if the father is living within this State, and the minor resides with the father only; mother of the minor, if the mother is living within this State, and the minor resides with the mother only; or father or mother, if the father or mother live within this State, and the minor resides with neither parent, and the minor has no legal guardian within this State;

c. Guardian, Division of Family Services case worker or court-ordered custodian of the minor, duly appointed, as such, under the laws of this State; or

d. Any suitable person acceptable to the Secretary of Transportation.

(3) The Department shall not require as a prerequisite to the issuance of a license to a minor under this section, that the father, mother, guardian, Division of Family Services case worker or court-ordered custodian who signs the minor's driver license application be present at the time the application is made by minor or sign the application at the offices of the Division of Motor Vehicle. The signing of the application and acknowledgment thereof, by the parent, guardian, Division of Family Services case worker or court-ordered custodian before a notary public or other person authorized to administer oaths shall be deemed sufficient to satisfy the requirements of this section. However, sponsors designated in paragraph (e)(2)d. of this section shall sign the minor's license application in the presence of a Division representative.

(4) The sponsor who signs the driver's license application on behalf of a minor has final authority to determine if the minor is capable of handling the responsibility of operating a motor vehicle and authority to designate who can supervise the minor driver per paragraph (c)(2) of this section. The sponsor who signed the application on behalf of the minor can withdraw their endorsement at any time until the minor reaches age 18, thereby canceling the minor's driving authority regardless of the type of permit or license held. If the court terminates the custody order and the minor subsequently resides with a parent in this State, then the parent may cancel the driving privileges of the minor under this section. To reinstate the canceled driving privileges, an approved sponsor must sign the application on behalf of the minor. When the minor turns 18, they can reinstate their previously held driving privileges without a sponsor's signature. The applicant can reinstate the driving privileges of a canceled license when they meet the license requirements and pay the appropriate license fee.

(5) It shall be unlawful for any person to sign the application of a minor under the provisions of this section when such application misstates the age of the minor or misrepresents the sponsor's relationship to the minor. Any person who violates this provision shall be guilty of a class B misdemeanor, and both the minor applicant and the sponsor's driving privileges shall be suspended for 2 months per § 2733(a)(5) of this title.

(6) It is unlawful for a sponsor to knowingly allow the holder of a Level 1 Learner's Permit to drive in violation of paragraph (c)(2) of this section. A sponsor who violates this provision is guilty of an unclassified misdemeanor.

(f) *Out-of-state driver license transfer.* — A person who is at least 16 years old but less than 18 years old, who was a resident of another state and has a driver's license issued by that state, and who becomes a resident of this State may obtain Delaware driving authority under the following conditions:

(1) If the applicant was issued the out-of-state driver's license for less than 12 months, they are eligible to apply for a Level 1 Learner's Permit when meeting the requirements under subsection (b) of this section and successfully completing a driver education training program approved by the Delaware Department of Education.

(2) If the applicant was issued the out-of-state driver's license for over 12 months, and has successfully completed a driver education training program approved by the Delaware Department of Education, that applicant is eligible to apply for a Class D operator's license after meeting the requirements of subsection (e) of this section. Additionally, such a minor applicant must pass a written and road skills examination conducted by the Division.

(3) If the applicant holds an out-of-state driver's license and that applicant is over 18 years old, that applicant can apply for a Delaware Class D operator's license under §§ 2712 and 2713 of this title.

(g) *Duration and fees.* — A Level 1 Learner's Permit expires 12 months after the date of issuance. If the applicant's learner's permit expires, the permit shall be void. The permit can be reissued when the applicant meets the permit requirements. The applicant must pay the \$40 Class D license fee at the time of initial application.

(h) It is unlawful for the holder of a Level 1 Learner's Permit to operate a motor vehicle in violation of the restrictions that apply to the Level 1 Learner's Permit. Failure to comply with these restrictions constitutes operating a motor vehicle without a license under § 2701(a)

of this title.

(i) The Division shall not issue an operator's license or Level 1 Learner's Permit to a person who has not reached the person's eighteenth birthday at the time of the offense if the person has been adjudicated delinquent as a result of acts which would constitute such an offense if committed by an adult as set forth in § 2732(a) of this title.

(j) The Department may immediately suspend a minor's permit, license and/or driving privileges whenever the Department has reason to believe that such person is a reckless or negligent driver of a motor vehicle or has committed a serious moving traffic violation. The Secretary may promulgate policy regulations more stringent than those that apply to other drivers when suspending minors. The suspension period will be for 1 month for the first suspension and 3 months for subsequent suspensions under this subsection. No suspension under this section shall be used by a motor vehicle insurance company licensed to sell insurance in this State as a basis for canceling a policy of insurance or to raise the premium cost to the insured.

(k) *Driver education learner's permit.* — The Division, upon receiving proper notice that a person is currently enrolled in a driver's education course and successfully completed the minimum class hours of actual driving experience and in-the-car observation as approved by the Department of Education, may issue a driver education learner's permit to such person after the person's sixteenth birthday, or before the person's twenty-second birthday if the person is enrolled in an active Individualized Education Program, provided the person meets all other Division requirements. The Division may issue a driver education learner's permit to those who meet the requirements of this section and need supervised driving experience before completing the road skill s test. The full driver license fee shall be collected at the time of the application. The permit is valid for 4 months. If for any reason whatsoever the applicant fails to pass the required examinations during the 4-month period granted by the permit, the permit shall be void and the driver license fee shall be forfeited. The application must be signed by the sponsor pursuant to subsection (e) of this section.

(1) Any person issued a driver education learner's permit pursuant to this subsection is entitled to drive a motor vehicle described in § 2702(d)(1) of this title upon the highways only when supervised by a properly licensed parent or guardian. If the parent(s) or guardian(s) is (are) not licensed to operate a motor vehicle or the permit holder is in the custody of the Department of Services for Children, Youth and their Families, the holder of the driver education learner's permit must be supervised by a licensed driver who is 25 years of age or older and have held a Class D driver's license for at least 5 years. The supervising driver must be seated beside the permit holder in the front seat of the vehicle when it is in motion. No person other than the supervising driver can be in the front seat.

(2) The driver education learner's permit must be in the possession of the permit holder.

(3) No passengers other than the adult supervisor and 1 or fewer other passengers can be in the vehicle. However, this passenger limit does not apply to members of the driver's immediate family.

(4) Driving experience obtained while holding this permit will be counted towards and in conjunction with the driving experience restrictions contained in paragraph (c)(3) of this section.

(5) The permit holder shall not operate a motor vehicle while using a cellular telephone, text messenger, or substantially similar electronic device. This paragraph shall not apply if the permit holder has stopped the vehicle at a location off of the lanes of travel. Any permit holder found to be in violation of this paragraph is deemed to be operating the vehicle in a negligent manner and is subject to the penalties set forth in subsection (j) of this section.

## **§ 2711. Application for license.**

(a) Every application for an operator's license shall be made on an application form furnished by the Department. The original application shall be verified by the applicant before a person authorized to administer oaths.

(b) Every application shall state the name, social security number, if eligible, date of birth, sex and residence address of the applicant and whether or not the applicant has previously been licensed as an operator, and, if so, when and by what state and whether or not such license has ever been suspended or revoked and, if so, the date of and reason for such suspension or revocation.

(c) Regardless of the age of the applicant, the Division shall require documentary evidence satisfactory to the Division of the applicant's name, date of birth, legal presence in the United States, Social Security number (if eligible), sex, and Delaware residence address.

(d) Any applicant who is able to provide satisfactory documentary evidence of all information described in subsection (c) of this section except for legal presence in the United States, may be eligible for a class D license or a class D temporary instruction permit valid for driving privileges only, hereinafter referred to as a driving privilege card or permit. Federal law prohibits any person from being eligible for a commercial driver license without providing satisfactory documentary evidence of legal presence in the United States.

(1) A driving privilege card or permit applicant must also provide the Division with satisfactory documentary evidence that the applicant, for each of the preceding 2 years, has:

a. Filed a Delaware income tax return; or

b. Resided in Delaware and been claimed as a dependent by an individual who has filed a Delaware income tax return.

(2) A driving privilege card or permit applicant must have completed the procedures required under § 8595 of Title 11.

(3) A driving privilege card or permit shall not be considered a valid form of identification for any purpose.

(4) Every applicant for or holder of a driving privilege card or permit under this section shall be subject to all of the provisions of this and any other title that apply to applicants and holders of class D driver licenses, class D temporary instruction permits, and level 1 learner permits.

(5) Notwithstanding any provision to the contrary, to ensure the public trust of the Delaware undocumented population that will utilize the driving privilege card for its intended purposes, all personal identifiable information collected during the application process shall be kept confidential, except in connection with purposes or procedures that would equally apply to applicants under subsection (c) of this section.

(e) (1) Any male applicant who applies for an instruction permit or driver's license or a renewal of any such permit or license and who is at least 18 years of age but less than 26 years of age shall be registered in compliance with the requirements of § 3 of the "Military Selective Service Act," 50 U.S.C. App. § 453, as amended.

(2) The Department shall forward in an electronic format the necessary personal information of the applicants identified in this subsection to the selective service system. The applicant's signature on the application shall serve as an indication that the applicant either has already registered with the selective service system or that he is authorizing the Department to forward to the selective service system the necessary information for such registration. The Department shall notify the applicant at the time of application that his signature constitutes consent to registration with the selective service system, if he is not already registered.

### **§ 2712. Application for temporary instruction permits and Class D operator's license for persons age 18 or older.**

(a) A Class D temporary instruction permit may be issued to a person age 18 years or older. A temporary permit shall entitle the applicant to drive during a 6-month period only when the applicant is accompanied by a licensed operator over the age of 21 who is actually occupying a seat beside the driver and there are no more than 2 other persons in the vehicle.

(b) If for any reason the applicant fails to pass the required examination during the 6-month period granted by the permit, the permit shall be void, and the fee paid therefor shall be forfeited unless the applicant requests an extension thereof and pays the sum of \$5.00 therefor. Upon payment of the said sum, the Division shall immediately issue only 1 extension of the permit for an additional 6 months. If the applicant fails to pass the required examination within the additional 6-month period, the permit shall become void.

(c) The applicant must successfully pass a written examination before being issued a temporary instruction permit, and pass a practical road skills examination before being issued a Class D operator's license. Eye screening and medical examinations will be administered in accordance with Division policies.

(d) It is unlawful for the holder of a Class D temporary instruction permit to operate a motor vehicle when the applicant is not accompanied by a licensed operator over the age of 21 years who is seated beside the driver or if there are more than 2 other persons in the vehicle. Failure to comply with subsection (a) of this section restrictions constitutes operating a motor vehicle without a license under § 2701(a) of this title.

(e) Applicants who are receiving special education services under an active Individualized Education Program may waive the provisions of this section and obtain a Class D operator's license if the person meets the requirements of § 2710(d) of this title.

Laws, c. 193, § 6.)

### **§ 2713. Examination of applicants; waiver of examination.**

(a) The Department shall examine every applicant for an operator's license before issuing any such license, except as otherwise provided in subsections (b) and (c) of this section. The Department shall examine the applicant as to the applicant's physical and mental abilities to operate a motor vehicle in such manner as not to jeopardize the safety of persons or property and as to whether any facts exist that would bar the issuance of a license under this chapter. Such examination may not include investigation of any facts other than those directly pertaining to the ability of the applicant to operate a motor vehicle with safety, or other than those facts declared to be prerequisite to the issuance of a license under this chapter.

(b) The Department may in its discretion waive the examination of any person applying for the renewal of an operator's license issued under this chapter.

(c) The Department may in its discretion issue an operator's license under this chapter without examination to every person applying therefor who is of sufficient age, as required by § 2707 of this title, to receive the license applied for and who at the time of such application has a valid unrevoked license of like nature issued to such person under any previous law of this State providing for the licensing of operators or to any person who at the time of such application has a valid unrevoked license of like nature issued to such person in another state under a law requiring the licensing and examination of operators.

(d) Written and road skill examinations for students duly enrolled in a driver education course, including students who are receiving

special education services under an active Individualized Education Program until the age of 22, will be administered by driver education teachers certified by the Delaware Department of Education. Upon successful completion of the driver education course, the certified teacher must issue a "High School Driver Education Certificate" which will be accepted in lieu of the written and road skill examinations administered by the Division for a period of 6 months from the date of issue. No further testing by the Division is required unless the High School Driver Education Certificate has expired; in such event, full testing is required. Students identified in § 2710(b)(2) of this title as persons with a disability requiring specialized training shall be examined by the Division. All persons under age 18 who transfer their out-of-state license for a Delaware license must be given a written and road test by the Division. Any person who is suspended while operating a motor vehicle on a Level 1 Learner's Permit, Driver Education Learner's Permit or temporary instruction permit will be re-examined before reinstatement. Notwithstanding the preceding, the Division must administer written and road skills tests to applicants who are 18 years of age or older, except as otherwise provided in subsections (b) and (c) of this section.

(e) (1) In examining an application as required under subsection (a) of this section, the Department shall also examine an applicant regarding the applicant's knowledge related to traffic stops by a law-enforcement officer, including all of the following:

- a. An individual's constitutional and other legal rights during a traffic stop, including rights related to searches and seizures, to remain silent, and to an attorney.
- b. Laws regarding questioning and detention by a law-enforcement officer, including any laws requiring an individual to present proof of identity to a law-enforcement officer and the consequences for an individual's or officer's failure to comply with those laws.
- c. The role of a law-enforcement officer in general and during a traffic stop and the procedures a law-enforcement officer must follow during a traffic stop.
- d. How to interact with a law-enforcement officer during a traffic stop.
- e. How and where to file a complaint against or compliment on behalf of a law-enforcement officer.

(2) The Department shall include in its examination of an applicant at least 2 questions to test an applicant's knowledge related to traffic stops by a law-enforcement officer.

(3) The Department of Education, the Department, the Department of Justice, and the Office of Defense Services shall collaborate to produce information to educate an applicant related to traffic stops by a law-enforcement officer, and may consult with any interested parties from the public safety and transportation communities to produce this information.

a. The information under this paragraph (e)(3) must include the topics contained in paragraph (e)(1) of this section.

b. The information produced under this paragraph (e)(3) may not be construed as legal advice in contravention of § 2504(2) or § 2515 of Title 29 and of § 4602 or § 4604 of Title 29.

(4) The Department shall include the information produced under paragraph (e)(3) of this section in any document designed to educate an applicant on the rules for driving a motor vehicle in this State.

### **§ 2714. Special examination.**

(a) As a prerequisite to the continuation of the operator's right to drive on the highways, the Department shall cause a special examination to be made of every person involved in a second accident resulting in personal injury, death or property damage to an apparent extent of \$250 within any 24-month period, when such person has been adjudged responsible for causing such accidents by a court of competent jurisdiction, to determine whether such person is a person with a physical or mental disability which prevents the safe operation of a vehicle.

(b) The Department shall also cause to be examined any person whom the State Police Superintendent, State Police Troop Commanders or chief of police of any city, town or county in this State recommends for such examination.

(c) The Department may examine any person with mental or physical conditions which may interfere with safe operation of a motor vehicle when reported, in writing, to the Department by a physician, member of the immediate family, the court or other person acceptable to the Secretary of Transportation. This examination is to determine the person's physical and mental abilities to operate a motor vehicle in such manner so as not to jeopardize the safety of person or property and whether any facts exist which would bar the continued issuance of a license under this chapter. Such examination shall not include investigation of any facts other than those directly pertaining to the ability of the applicant to operate a motor vehicle safely or other facts declared to be prerequisite to the continued issuance of a license under this chapter. Evaluation requested per subsections (b) and (c) of this section are confidential records used to determine a driver's ability to safely operate a motor vehicle and shall not be released except by court order.

### **§ 2715. Driver license renewal cycle; fees; photograph.**

(a) Upon receipt of the application and a fee of \$40 and after such examination as provided in this chapter, the Secretary may issue, at the Secretary's discretion, a motor vehicle driver's license which shall expire and be renewable on the eighth anniversary date of the birth of the applicant next following the date of its issuance unless the birth date is February 29, in which event the license shall expire and be renewable on February 28 every eighth year. A permanent resident foreign national may be issued a full 8-year driver's license. However, a

driver's license issued to a temporary foreign national must be limited to the period of time that the temporary foreign national is authorized to be in the United States.

(b) Upon receipt of the application and a fee of \$20 and after such examination as provided in this chapter, the Secretary may issue, at the Secretary's discretion, a driving privilege card issued in accordance with § 2711 of this title, which shall expire and be renewable on the fourth anniversary date of the birth of the applicant next following the date of its issuance unless the birth date is February 29, in which event the driving privilege card shall expire and be renewable on February 28 every fourth year.

(c) On or near the date of expiration of a motor vehicle driver's license, each licensee shall appear at 1 of the Department's offices and be photographed by the Department of Transportation. Upon approval by the Director of the Division of Motor Vehicles, in the Director's discretion, the requirement for this appearance may be waived if circumstances prevent the licensee from appearing on or near the time of renewal.

(d) A late fee of \$10 shall be assessed in addition to the renewal fee for every person whose driver's license has expired.

The Department shall create and maintain a record showing a suspended driving status for a person whose license is suspended pursuant to this subsection. A license so suspended shall remain suspended until the person obtains written certification from the Family Court or the Director of the Division of Child Support Services or the Director's designee that the grounds for suspension of the license under § 516(g) or § 2216 of Title 13 no longer exist. No occupational license may be issued in any case in which a license has been suspended pursuant to § 516(g) or § 2216 of Title 13.

### **§ 2733. Discretionary suspension or revocation of license or driving privileges.**

(a) The Department may immediately suspend the license and driving privileges or both of any person without hearing and without receiving a record of conviction of such person of crime whenever the Department has reason to believe that such person:

(1) Has committed any offense for the conviction of which mandatory revocation of license and driving privileges or both is provided in § 2732 of this title, but no license shall be suspended by reason of any conviction or convictions upon the charge of overloading any vehicle as provided in § 4502 of this title;

(2) Has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury to any other person or serious property damage;

(3) Is incompetent to drive a motor vehicle or is a person with mental or physical disabilities rendering it unsafe for such person to drive a motor vehicle upon the highways;

(4) Is an habitual reckless or negligent driver of a motor vehicle or has committed a serious violation of the motor vehicle laws of this State;

(5) Has violated § 2751(a) or (b) of this title;

(6) Has violated § 6702 of this title;

(7) Has violated § 2118A of this title; or

(8) Has violated § 4129 of this title based upon notification of such violation provided by the Department of Transportation to the Department. However, no suspension of driving privileges shall take place if the toll(s), administrative fee and civil penalty has been paid prior to the hearing required under subsection (b) of this section.

(b) Whenever the Department suspends the license of any person for any reason set forth in subsection (a) of this section, the Department shall immediately notify the licensee and afford the licensee an opportunity of a hearing before the Department in the county

wherein the licensee resides. Upon such hearing the Department shall either rescind its order of suspension or, good cause appearing therefor, may suspend the license of such person for a further period or revoke the license.

(c) The Department may suspend or revoke the right of any nonresident to operate a motor vehicle in this State for any cause for which the license of a resident operator or chauffeur may be suspended or revoked, and any nonresident who operates a motor vehicle upon a highway when the right to operate has been suspended or revoked by the Department shall be punished as provided in § 2756 of this title.

(d) (1) The Department may suspend or revoke the license of any resident of this State upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this State, would be grounds for the suspension or revocation of the license of an operator or chauffeur. The Department may, upon receiving a record of the conviction in this State of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this State, forward a certified copy of such record to the Motor Vehicle Administrator in the state wherein the person so convicted is a resident.

(2) If the Department takes action pursuant to this subsection because of the receipt of notice of the conviction in another state of a resident of this State for operating a vehicle without insurance, it shall provide the resident with the opportunity to produce for the Department sufficient proof of insurance as determined by the Department showing such insurance to have been in full force and effect at all pertinent times on the day of the occurrence of the offense. If the Department determines that such insurance was in full force and effect at all pertinent times on the day of the occurrence of the offense, the resident's driver's license shall be reinstated without a fee and the notation relating to the Department's action shall be removed from the resident's driving record.

(e) The Department shall not suspend a license for a period of more than 1 year, and upon suspending or revoking any license shall require that such license so suspended or revoked be surrendered to the Department to be retained by it, except that at the end of a period of suspension the license so surrendered shall be returned to the licensee upon payment of the reinstatement fee as provided in § 2737 of this title.

(f) The Department, upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license and driving privileges or both of such person is suspended or revoked, shall immediately extend the period of such first suspension or revocation for an additional like period.

(g) In the event of a suspension of a driver's license pursuant to this section, the Department may issue an occupational license during a period of suspension upon application by the applicant upon a form prescribed by the Department and sworn to by the applicant; provided, that the applicant sets forth in said application that the suspension of such license has created an extreme hardship in the conduct of the business usually transacted by the applicant, and that there have been no more than 2 such prior suspensions; provided, however, that no such occupational license shall be issued if the license of the applicant has been suspended for physical and/or mental disability or if the license of the applicant has been revoked for conviction of any of the crimes specified in § 2732 of this title, even though the revocation has created an extreme hardship.

(h) The Department, upon receiving a record of convictions of any person upon a charge of operating a motor vehicle in violation of the restriction imposed upon said occupational license during the period of such occupational license, shall immediately extend the period of such suspension for an additional like period and shall forthwith direct such person to surrender said occupational license to the Department.

(i) Any person whose operator's or chauffeur's license has been suspended and to whom an occupational license has been issued, who drives any motor vehicle upon the highways of this State contrary to the restrictions placed upon such occupational license during the period of such occupational license, upon conviction thereof, shall be fined not less than \$25 nor more than \$200.

(j) The Department ordinarily may not suspend a license based upon a driving record prior to 2 years before the date of the intended suspension. If at the discretion of the Secretary a longer record period should be considered, a suspension may be based upon such longer driving record period.

(k) The Division shall forthwith suspend the license or driving privileges, or both, of any child upon notification by the Family Court of the State pursuant to § 1009 of Title 10.

(l) Except when the name and address of a resident of this State has been forwarded to the Department under § 2731(c) of this title, the Department may, upon receiving a record, notice, or certification of noncompliance by a person for a citation, summons, ticket, or other document issued by an arresting officer for violation of a traffic law, ordinance, rule, or regulation ordering the arrested motorist to appear, suspend the driver's license or driving privileges of the person who failed to comply. The Department shall not have this power of suspension in cases of parking violations.

(m) When the name and address of a nonresident of this State has been forwarded to the Department under § 2731(c) of this title, the Department may suspend the person's driving privileges in this State and immediately advise the motor vehicle administrator of the state in which the person is a resident that the person's license to drive be suspended until the person provides evidence that any of the following has occurred:

(1) The fine on the charge stated in the Uniform Traffic Complaint and Summons has been paid.

(2) The person has appeared before the court and made arrangements to take care of the charge stated in the Uniform Traffic Complaint and Summons.

(3) The person has been adjudicated not guilty of the charge stated in the Uniform Traffic Complaint and Summons.

Any person denied a license or whose license has been revoked by the Department, except where such revocation is mandatory under this chapter, may appeal to the Court of Common Pleas in the county wherein such person resides. In the case of revocation, such appeal shall not operate as a stay. An appeal of a suspension of a license pursuant to § 516(g) or § 2216 of Title 13 shall be only as provided in Title 13.

(a) Whenever a license is suspended or revoked under this subchapter notice shall be given to the holder of such license.

(b) Such notice shall be given either by personal delivery thereof to the person to be so notified or by deposit of such notice in the United States mail in an envelope with postage prepaid, addressed to such person at the person's address as shown by the records of the Department. The giving of notice by mail is complete upon the expiration of 4 days after such deposit of such notice.

(c) In any prosecution under this chapter, proof of the giving of notice of suspension or revocation in a manner provided for by subsection (b) of this section may be made by:

(d) In the event that 1 of the means of proof of the giving of notice enumerated in subsection (c) of this section is utilized, then it shall be unnecessary for any employee or agent of the Department to appear personally in court.

(e) In any prosecution under this Code, a conviction record as maintained in the Division of Motor Vehicles, which has been certified by the Director of the Division of Motor Vehicles, may be admitted into evidence and shall be competent evidence that the person named therein was duly convicted of each offense enumerated therein and of the status of that person's driving license and/or privileges. **Subchapter III**

**Suspension and Revocation of License for Refusal to Submit to Chemical Test**

**§ 2740. Consent to submit to chemical test; probable cause; test required.**

(a) Any person who drives, operates or has in actual physical control a vehicle, an off-highway vehicle, or a moped within this State shall be deemed to have given consent, subject to this section and §§ 4177 and 4177L of this title to a chemical test or tests of that person's blood, breath and/or urine for the purpose of determining the presence of alcohol or a drug or drugs. The testing may be required of a person when an officer has probable cause to believe the person was driving, operating or in physical control of a vehicle in violation of §§ 4177 and 4177L or § 2742 of this title, or a local ordinance substantially conforming thereto.

(b) The testing shall be required of a person when an officer has probable cause to believe the person was driving, operating or in physical control of a vehicle in violation of § 4177 or § 2742 of this title or a local ordinance substantially conforming thereto and was involved in an accident which resulted in a person's death. In the event of a fatal accident if the officer does not believe that probable cause exists to require testing, then the officer shall file a written report outlining the reasons for that determination.

(21 Del. C. 1953, § 2740; 57 Del. Laws, c. 52; 61 Del. Laws, c. 474, § 1; 63 Del. Laws, c. 430, § 1; 64 Del. Laws, c. 13, § 1; 70 Del. Laws, c. 36, § 2; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 236, § 1; 70 Del. Laws, c. 265, § 1.)

**§ 2741. Administration of test; refusal to take test.**

(a) At the time a chemical test specimen is required, the person may be informed that if testing is refused, the person's driver's license and/or driving privilege shall be:

- (1) Revoked for a period of at least 1 year if a violation of § 4177 is alleged; or
- (2) Revoked for a period of at least 2 months if a violation of § 4177L is alleged.

The test(s) shall be administered by qualified personnel, as defined in § 2746 of this title, at the direction of the police officer who shall designate which of the tests shall be administered.

(b) If there are reasonable grounds to believe that there is impairment by a drug or drugs which are not readily subject to detection by a breath test, a blood and/or urine test may be required even after a breath test has been administered.

(c) The fact that the police officer offered or required a person to submit to a preliminary screening test of the person's breath in order to estimate the alcohol concentration of the person's blood, at the scene of the stop or other initial encounter between the officer and the person, shall have no bearing upon the implied consent provisions of this chapter. Refusal to take such a preliminary screening test shall not be deemed an implied consent violation nor shall the taking of such a test satisfy the requirements of the implied consent law.

(21 Del. C. 1953, § 2740A; 57 Del. Laws, c. 52; 61 Del. Laws, c. 474, § 1; 63 Del. Laws, c. 430, § 2; 64 Del. Laws, c. 13, § 2; 70 Del. Laws, c. 36, § 12; 70 Del. Laws, c. 186, § 1.)

**§ 2742. Revocation; notice; hearing [Effective until fulfillment of the contingency in 81 Del. Laws, c. 155, §?2].**

(a) If a person refuses to permit chemical testing, after being informed of the penalty of revocation for such refusal, the test shall not be given but the police officer shall report the refusal to the Department. The police officer may, however, take reasonable steps to conduct such chemical testing even without the consent of the person if the officer seeks to conduct such test or tests without informing the person

of the penalty of revocation for such refusal and thereby invoking the implied consent law.

(b) (1) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177 of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 1 year for a person with no previous violation of § 4177 of this title or this section or a similar statute of any state or the District of Columbia or local government, within 5 years of the date of the charge in question; 18 months' revocation for a person with 1 previous violation of such statutes as described above; and 24 months' revocation for a person with 2 or more previous violations of such statutes as described above.

(2) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177L of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 2 months for a person with no previous violation of § 4177L of this title or this section or a similar statute of any state or the District of Columbia or local government; 6 months for a person with a previous violation of such statutes as described above; and 12 months revocation for a person with 2 or more previous violations of such statutes as described above.

(c) Except in those cases wherein the police officer acts pursuant to subsection (b) of this section:

(1) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto and the person was arrested on that occasion for a violation of § 4177 of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 3 months for a first time DUI offender, 1 year for a second DUI offender, or 18 months for more than 2 DUI offenses. For purposes of this subsection, a DUI offender shall include anyone who has previously committed a first offense as defined in § 4177B(e) or lost their license pursuant to this section and any person convicted of a violation of § 4177 of this title or similar statutes of any state or the District of Columbia or local government within 5 years of the date of the charge in question, a revocation within 5 years of said date for an implied consent violation or a revocation within 5 years of said date under this subsection.

(2) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto, and the person was arrested on that occasion for a violation of § 4177L of this title or a local ordinance substantially conforming thereto, the Secretary shall revoke the person's driver's license and/or driving privileges for a period of 2 months for the first offense under said section or from 6 to 12 months for each subsequent offense pursuant to said section.

(d) No revocation under subsection (b) or (c) of this section is effective until the Secretary or a police officer or other person acting on the Secretary's behalf notifies the person of the revocation and allows the person a 15-day period to request of the Secretary in writing a hearing as herein provided. If no request is filed in writing with the Division of Motor Vehicles within the 15-day period, the order of revocation becomes effective. If a request for a hearing is filed, a revocation is not effective until the final decision of the hearing officer resulting in a decision adverse to the person.

(e) On behalf of the Secretary, the police officer offering a chemical test or directing the administration of a chemical test shall serve immediate notice of revocation on a person who refuses to permit chemical testing after being informed of the penalty of revocation for such refusal, or on a person who is arrested on that occasion, either for a violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge. The officer shall take the Delaware license or permit of the driver in any such case and issue a temporary license effective only for 15 days with a provision for an additional period if a written request for a hearing is received by the Division of Motor Vehicles within the 15-day period. The police officer shall send the person's driver's license or permit to the Secretary along with the certificate required by subsection (b) or (c) of this section.

(f) The hearing under this section shall be before the Secretary or the Secretary's designee. The scope of the hearing shall cover the issues of:

(1) With respect to subsections (b) and (c) of this section, whether the police officer had probable cause to believe the person was in violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto.

(2) With respect to paragraph (c)(1) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .08 or more pursuant to testing provided for in this section, or § 4177 of this title, or a positive indication of the presence of drugs, shall be conclusive evidence of said violation.

(3) With respect to paragraph (c)(2) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .02 or more pursuant to the testing referred to in this section shall be conclusive evidence of said violation.

(4) With respect to subsection (b) of this section, whether the person refused to permit the test after being informed of the penalty of

revocation for such refusal.

(g) The hearing specified in this section shall be scheduled within 60 days following the filing of the request for a hearing.

(h) In addition to the revocation authorized by this section, the Secretary shall require attendance of the person whose license is revoked at a course of instruction or rehabilitation program established under § 4177D of this title.

**§ 2742. Revocation; notice; hearing [Effective upon fulfillment of the contingency in 81 Del. Laws, c. 155, § 2].**

(a) If a person refuses to permit chemical testing, after being informed of the penalty of revocation for such refusal, the test shall not be given but the police officer shall report the refusal to the Department. The police officer may, however, take reasonable steps to conduct such chemical testing even without the consent of the person if the officer seeks to conduct such test or tests without informing the person of the penalty of revocation for such refusal and thereby invoking the implied consent law.

(b) (1) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177 of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 1 year for a person with no previous violation of § 4177 of this title or this section or a similar statute of any state or the District of Columbia or local government, within 5 years of the date of the charge in question; 18 months' revocation for a person with 1 previous violation of such statutes as described above; and 24 months' revocation for a person with 2 or more previous violations of such statutes as described above.

(2) Upon certification by the police officer that there existed probable cause to believe that the person had been acting in violation of § 4177L of this title or a local ordinance substantially conforming thereto and that the person refused to submit to a chemical test after being informed of the penalty of revocation for such refusal, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 2 months for a person with no previous violation of § 4177L of this title or this section or a similar statute of any state or the District of Columbia or local government; 6 months for a person with a previous violation of such statutes as described above; and 12 months revocation for a person with 2 or more previous violations of such statutes as described above.

(c) Except in those cases wherein the police officer acts pursuant to subsection (b) of this section:

(1) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto and the person was arrested on that occasion for a violation of § 4177 of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge, the Secretary shall revoke the person's driver's license and/or driving privilege for a period of 3 months for a first time DUI offender, 1 year for a second DUI offender, or 18 months for more than 2 DUI offenses. For purposes of this subsection, a DUI offender shall include anyone who has previously committed a first offense as defined in § 4177B(e) or lost their license pursuant to this section and any person convicted of a violation of § 4177 of this title or similar statutes of any state or the District of Columbia or local government within 5 years of the date of the charge in question, a revocation within 5 years of said date for an implied consent violation or a revocation within 5 years of said date under this subsection.

(2) Upon certification by the police officer that there existed probable cause to believe that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto, and the person was arrested on that occasion for a violation of § 4177L of this title or a local ordinance substantially conforming thereto, the Secretary shall revoke the person's driver's license and/or driving privileges for a period of 2 months for the first offense under said section or from 6 to 12 months for each subsequent offense pursuant to said section.

(d) No revocation under subsection (b) or (c) of this section is effective until the Secretary or a police officer or other person acting on the Secretary's behalf notifies the person of the revocation and allows the person a 15-day period to request of the Secretary in writing a hearing as herein provided. If no request is filed in writing with the Division of Motor Vehicles within the 15-day period, the order of revocation becomes effective. If a request for a hearing is filed, a revocation is not effective until the final decision of the hearing officer resulting in a decision adverse to the person.

(e) On behalf of the Secretary, the police officer offering a chemical test or directing the administration of a chemical test shall serve immediate notice of revocation on a person who refuses to permit chemical testing after being informed of the penalty of revocation for such refusal, or on a person who is arrested on that occasion, either for a violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto or for violation of a criminal statute dealing with injury or death caused to another person by the person's driving or operation of the vehicle, if driving under the influence is included as an element of such charge. The officer shall take the Delaware license or permit of the driver in any such case and issue a temporary license effective only for 15 days with a provision for an additional period if a written request for a hearing is received by the Division of Motor Vehicles within the 15-day period. The police officer shall send the person's driver's license or permit to the Secretary along with the certificate required by subsection (b) or (c) of this section.

(f) The hearing under this section shall be before the Secretary or the Secretary's designee. The scope of the hearing shall cover the issues of:

(1) With respect to subsections (b) and (c) of this section, whether the police officer had probable cause to believe the person was in violation of § 4177 or § 4177L of this title or a local ordinance substantially conforming thereto.

(2) With respect to paragraph (c)(1) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177 of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .08 or more pursuant to testing provided for in this section, or § 4177 of this title, or a positive indication of the presence of drugs, shall be conclusive evidence of said violation.

(3) With respect to paragraph (c)(2) of this section, whether by a preponderance of the evidence it appears that the person was in violation of § 4177L of this title or a local ordinance substantially conforming thereto. For purposes of this subsection an alcohol concentration of .02 or more pursuant to the testing referred to in this section shall be conclusive evidence of said violation.

(4) With respect to subsection (b) of this section, whether the person refused to permit the test after being informed of the penalty of revocation for such refusal.

(g) The hearing specified in this section shall be scheduled within 60 days following the filing of the request for a hearing.

(h) In addition to the revocation authorized by this section, the Secretary shall require attendance of the person whose license is revoked at a course of instruction or rehabilitation program established under § 4177D of this title.

(i) If a person's driver's license is revoked pursuant to subsections (b) or (c) of this section and the person has not yet been adjudicated guilty and sentenced to the charge of driving under the influence, the Justice of the Peace Court may request in writing that the Division of Motor Vehicles issue a conditional license to the revoked driver as a condition of pretrial release pursuant to § 2108 or § 2112 of Title 11 if the person is subject to continuous sobriety monitoring.

(1) When the Division of Motor Vehicles receives a request from the Justice of the Peace Court to issue a conditional license to a revoked driver, the Division may issue a conditional license during the period of revocation provided the person's driver's license is not suspended, revoked, denied, or otherwise unavailable for any other violation of the law of any jurisdiction that would prohibit the issuance of the conditional license unless it is determined by the Secretary of Transportation or the Secretary's designee that the individual is eligible for reinstatement. This conditional license only permits the driver to operate a motor vehicle to travel to and from work, school, medical appointments, any Court, or any appointments related to the driver's continuous sobriety monitoring.

(2) If at any point the revoked driver ceases to be subject to continuous sobriety monitoring, the Justice of the Peace Court must promptly notify the Division of Motor Vehicles of the change in the revoked driver's status. The Division of Motor Vehicles must direct such person to surrender said conditional license to the Division of Motor Vehicles and the Division of Motor Vehicles will restore the full revocation of the driver's license for the remainder of the term of the revocation.

(3) If at any point the Justice of the Peace Court determines, in its discretion, that the revoked driver is no longer entitled to a conditional license, the Justice of the Peace Court must promptly notify the Division of Motor Vehicles of that determination. The Division of Motor Vehicles must direct such person to surrender said conditional license to the Division of Motor Vehicles and must restore the full revocation of the driver's license for the remainder of the term of the revocation.

(4) Any person whose driver's license has been revoked and to whom a conditional license has been issued under this chapter, and who drives any motor vehicle upon the highways of this State contrary to the conditions placed upon such conditional license during the period of such conditional license, is guilty of an unclassified misdemeanor, and, upon conviction thereof, shall be fined not less than \$28.75 or more than \$230. The Division, upon receiving a record of conviction of any person operating a motor vehicle in violation of the conditions imposed upon said conditional license, must forthwith direct such person to surrender said conditional license to the Division of Motor Vehicles and must notify the Justice of the Peace Court of the cancellation of the conditional license.

(f) If, after expiration of the period of revocation and upon compliance with subsection (c) of this section, the Secretary refuses to issue a driver's license, the applicant may appeal the Secretary's denial to the Court of Common Pleas in the county wherein the applicant resides.

(g) Notwithstanding subsection (a) of this section, upon satisfactory completion of a program established under § 4177D of this title a person who is a first offender and meets the criteria specified in § 4177B(a) and whose license has been revoked pursuant to § 2742(b) of this title shall be permitted to apply for a driver's license under the following terms:

This limitation shall not apply to obtaining a specimen of breath or urine as to which qualified personnel shall include a police officer as well as the above personnel. Notwithstanding any other provision of law to the contrary, it shall not be necessary in any proceeding under this Code to produce evidence that a person who has withdrawn blood from a person submitting to a chemical test under this title was qualified to do so as defined in this section. Notwithstanding any other provision of law to the contrary, it shall not be necessary to present the testimony of, or certification by, a person who has withdrawn blood from a person pursuant to this section in order to establish chain of physical custody of such evidence.

(21 Del. C. 1953, § 2740H; 57 Del. Laws, c. 52.)

#### **§ 2749. Refusal to submit as admissible in evidence.**

The informing or failure to inform the accused concerning the implied consent law shall not affect the admissibility of such results in any case, including a prosecution for a violation of § 4177 of this title. The informing of an accused concerning the implied consent law shall only have application and be relevant at a hearing concerning revocation of the driver's license of said person for a violation of the implied consent law. Nothing contained in this section shall be deemed to preclude the admissibility of such evidence when such evidence would otherwise be admissible under the law relative to search and seizure law such as when such evidence has been obtained by valid consent or other means making the obtaining of the evidence legal under the Fourth Amendment.

(b) The doctor-patient privilege shall not apply to the disclosure to law-enforcement personnel nor the admissibility into evidence in any criminal proceeding of the results of a chemical test of a person's blood, breath or urine for the purpose of determining the alcohol or drug content of that person's blood irrespective of whether such test was done at the request of a treating physician, other medical personnel or a peace officer.

For each subsequent like offense, such person shall be fined not less than \$1,000 nor more than \$4,000 and in addition be imprisoned not less than 60 days nor more than 1 year. However, for a first offense under this section, if the suspension or revocation resulted from a prior or previous driving under the influence-related conviction or offense as defined in § 4177B(e)(1)a.-d. of this title, the minimum fine shall be \$600. For purposes of this section a subsequent offense shall be defined as one occurring within 3 years of a former offense.

(b) The minimum fine for a first or subsequent offense shall not be subject to suspension. The minimum period of imprisonment for a subsequent offense shall not be subject to suspension. In addition, for any offense under this section, if the suspension or revocation resulted from a violation of any criminal statute pertaining to injury or death caused to another person by the person’s driving or operation of a vehicle or a driving under the influence-related conviction or offense as defined in § 4177B(e)(1)a.-d. of this title, the minimum fine shall be \$2,000 and shall not be subject to suspension and the minimum period of imprisonment shall not be subject to suspension but shall, notwithstanding any provision of this section or title to the contrary, be served subject to the provisions of § 4205A(b) of this title.

The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the impoundment of such vehicle should cease. The State and the arresting police agency shall not be liable for any expenses incurred in connection with the towing and storage of said vehicle.

The court shall permit any party with a legal or equitable interest in the vehicle an opportunity to show cause why the surrender of said plate should cease.

(d) Notwithstanding the foregoing, if the judge determines that the sole reason that an individual's license was suspended is failure to pay a fine for a traffic offense which is eligible for voluntary assessment (whether or not the voluntary assessment procedure was offered or used), the provisions of subsections (a) to (c) of this section shall not apply and the penalties of § 2701(e) of this title shall apply, which penalties may be suspended.

It is hereby declared to be the policy of this State to:

- (1) Provide maximum safety for all persons who travel or otherwise use the public highways of this State; and

when taken with and added to those offenses described.

### **§ 2803. Certification of record to Attorney General.**

The Director of the Division of Motor Vehicles shall certify the conviction record, as maintained in the Division of Motor Vehicles, of any person whose record brings that person within the definition of an habitual offender, as defined in § 2802 of this title, to the Attorney General of the State. The certified conviction record or abstract may be admitted in evidence and shall be competent evidence that the person named therein was duly convicted of each offense enumerated therein.

A copy of the petition, the show cause order and the abstract shall be served upon the person named therein either by personal delivery thereof or by deposit of such in the United States mail in an envelope with postage prepaid, addressed to such person at that person’s address as shown by the records of the Division of Motor Vehicles. The service of the petition, order and abstract by mail is complete upon the expiration of 4 days after such deposit of those documents. Service thereof on any nonresident of this State may be made pursuant to § 3112 of Title 10 [repealed], except that any fee for such service shall be taxed against the person named in the petition as a part of the cost of such proceeding.

(21 Del. C. 1953, § 2805; 58 Del. Laws, c. 416; 69 Del. Laws, c. 333, § 6; 70 Del. Laws, c. 136, § 2; 70 Del. Laws, c. 186, § 1; 79 Del. Laws, c. 121, § 1.)

### **§ 2806. Hearing; procedure.**

The matter shall be heard by the Court without a jury. If such person denies that that person was convicted of any offense shown in the abstract necessary for a holding that that person is an habitual offender, and if the Court cannot, on the evidence available to it, determine the issue, the Court may require of the Department certified copies of such records respecting the matter as it may have in its possession. If, upon an examination of such records, the Court is still unable to make such determination it shall certify the decision of such issue to the Court in which such conviction was reportedly made. The Court to which such certification is made shall forthwith conduct a hearing to determine the issue and send a certified copy of its final order determining the issue to the Court of Common Pleas. The Court, at its discretion, may rely upon certified copies of convictions adjudged by courts outside of this State or federal courts or may request such a court to make a determination.

(21 Del. C. 1953, § 2806; 58 Del. Laws, c. 416; 69 Del. Laws, c. 333, § 7; 70 Del. Laws, c. 186, § 1.)

### **§ 2807. Court’s findings; judgment; prothonotary to submit copy.**

If the court finds that the person is not the same person named in the abstract, or that the person is not an habitual offender under this chapter, the proceeding shall be dismissed. If the court finds that the person is the same person named in the abstract and that the person is an habitual offender, the court shall by appropriate judgment direct that such person not drive or operate a motor vehicle on the highways of this State and to surrender to the court all licenses or permits to operate a motor vehicle upon the highways of this State. (4) Unless the Attorney General moves the court for restoration of the privilege to operate a motor vehicle in this State of any person declared to be an habitual offender as defined in § 2802(1) of this title after 3 years from the date of the order of the court declaring the person to be a habitual offender. In the event of such a motion by the Attorney General, the court may in its discretion restore the driving privileges of the person in whole or in part only if the person also meets the obligation set forth in paragraphs (2) and (3) of this section.

(b) Such owner’s policy of liability insurance shall:

(1) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

(2) Insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: \$25,000, because of bodily injury to or death of 1 person in any 1 accident and, subject to said limit for 1 person \$50,000, because of bodily injury to or death of 2 or more persons in any 1 accident, and \$10,000, because of injury to or destruction of property of others in any 1 accident.

(c) Such operator’s policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon the operator by law for damages arising out of the use by the operator of any motor vehicle not owned by the operator, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner’s policy of liability insurance.

(1) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; such policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured’s behalf and no violation of such policy shall defeat or void such policy;

(2) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;

(3) The insurance carrier shall have the right to settle any claim covered by the policy, and, if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph (b)(2) of this section;

(4) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the chapter shall constitute the entire contract between the parties.

(g) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to this

chapter. With respect to a policy which grants such excess or additional coverage the term “motor vehicle liability policy” shall apply only to that part of the coverage which is required by this section.

(i) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(j) The requirements for a motor vehicle liability policy may be fulfilled by the policies of 1 or more insurance carriers which policies together meet such requirements.

(b) This chapter shall not apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured’s employ or on the insured’s behalf of motor vehicles not owned by the insured.

(61 Del. Laws, c. 292, § 5; 70 Del. Laws, c. 186, § 1.)

(b) The Secretary of Transportation may, in the Secretary’s discretion, approve an application for self-insurance from such a person provided the following is submitted in satisfactory form:

(1) A continuing undertaking by the owner or other appropriate person to pay tort liabilities or basic reparation benefits, or both, and to perform all other obligations imposed by § 2118 of this title;

(c) Upon not less than 5 days’ notice and a hearing pursuant to such notice, the Secretary of Transportation may, upon reasonable grounds, withdraw this approval of self-insurance. Failure to pay any valid claim within 60 days of its submission or any judgment within 30 days after such judgment shall have become final shall constitute a reasonable ground for the immediate withdrawal of approval of self-insurance.

Such insurance company shall promptly issue a policy at the rate then prevailing for such policies, adding an automatic surcharge of 10 percent over and above such rate then in force and effect, for similar policies of insurance. (c) No assignment may be made or surcharge added solely because a driver license is denied or suspended in accordance with § 516(g) or § 2216 of Title 13.

(d) The surcharges specified in this section shall be limited for 3 years. The Insurance Commissioner shall notify the Secretary of Transportation of such assignments and the rate at which such assignments are made and the registration shall then be issued.

Such insurance company shall refund to its insured the unearned portion of the premium paid by the insured.

(b) Any insurance company may cancel any motor vehicle liability policy or bond issued to any person under § 2905 of this title by giving 30 days' notice thereof to the Secretary of Transportation provided the insured:

(e) Disclosure of the bodily injury policy limits under this section shall not constitute an admission that the alleged injury or damage is subject to the policy.

(f) Information concerning the insurance policy is not by reason of disclosure pursuant to this subsection admissible as evidence at trial.

(g) The disclosure shall be confidential and available only to the individual injured and the attorney representing the injured person and personnel in the office of the attorney.

##### § 3202. Applicability.

(a) (1) This chapter shall only apply to limited durable powers of attorney which are executed for the sole purpose of completing documentation required and allowable by the Department to accomplish certain actions set forth in this title.

(2) The provisions of this chapter shall not apply to any business or individual who is specifically required by statute or regulation to identify persons who have authority to sign on behalf of the business or individual. (b) A power of attorney that was granted in compliance with the laws of the jurisdiction governing such power of attorney will be recognized and enforceable under the laws of the State of Delaware in accordance with its terms.

(83 Del. Laws, c. 149, § 1.)

##### § 3203. Power of attorney is durable.

A power of attorney is durable if it contains the words: “This power of attorney shall not be affected by the subsequent incapacity of the principal,” or similar words showing the intent of the principal that the authority conferred shall be exercisable notwithstanding the

principal's subsequent incapacity.

(83 Del. Laws, c. 149, § 1.)

**§ 3204. Execution of personal power of attorney.**

(a) A personal power of attorney must be:

**NOTICE**

As the person signing this limited durable power of attorney you are the Principal.

The purpose of this power of attorney is to give the person you designate (your "Agent") broad powers to complete all paperwork necessary to accomplish any required actions set forth in this title without advance notice to you or approval by you.

This power of attorney does not authorize your Agent to make health-care decisions for you.

Unless you specify otherwise, your Agent's authority will continue even if you become incapacitated, or until you die or revoke the power of attorney, or until your Agent resigns or is unable to act for you. You should select someone you trust to serve as your Agent.

This power of attorney does not impose a duty on your Agent to exercise granted powers, but when powers are exercised, your Agent must use due care to act for your benefit and in accordance with this power of attorney.

Your Agent must keep your funds and other property separate from your Agent's funds and other property.

A court can take away the powers of your Agent if it finds your Agent is not acting properly.

A court can take away the powers of your Agent if it finds your Agent is not acting properly.

If there is anything about this form that you do not understand, you should ask a lawyer of your own choosing to explain it to you.

I have read or had explained to me this notice and I understand its contents.

(c) Regardless of the method by which a person accepts appointment as an agent under a personal power of attorney (pursuant to § 3211 of Title 21 of the Delaware Code), such agent shall have no authority to act as agent under the personal power of attorney unless the agent has first executed and affixed to the personal power of attorney a certification in substantially the following form:

**AGENT'S CERTIFICATION**

I, \_\_\_\_\_(Name of Agent), have read the attached limited durable personal power of attorney and I am the person identified as the Agent or identified as the Agent for the Principal. Act in good faith;

Act only within the scope of authority granted in the personal power of attorney; and

To the extent reasonably practicable under the circumstances, keep in regular contact with the principal and communicate with the principal.

In addition, in the absence of a specific provision to the contrary in the limited durable personal power of attorney, when I act as Agent, I shall:

Keep the assets of the Principal separate from my assets;

Exercise reasonable caution and prudence; and

Keep a full and accurate record of all actions, receipts and disbursements on behalf of the Principal.

(83 Del. Laws, c. 149, § 1.)

**§ 3205. Execution of personal power of attorney.**

(a) A personal power of attorney is validly executed if it complies with § 3204 of this title, unless such personal power of attorney provides that it is governed by the laws of another jurisdiction, in which case, such personal power of attorney is validly executed if such execution complies with the laws of such other jurisdiction.

(b) A limited durable power of attorney (other than a personal power of attorney) will be deemed to be validly executed under the laws of this State if, when the power of attorney was executed, the execution complied with:

(1) The law of the jurisdiction that determines the meaning and effect of the power of attorney; or

(2) The requirements for a military power of attorney pursuant to 10 U.S.C. § 1044b, as amended.

(c) Except as otherwise provided by statute other than this chapter, a photocopy or electronically transmitted copy of an original power

of attorney has the same effect as the original.

(83 Del. Laws, c. 149, § 1.)

**§ 3206. Nomination of guardian of person or property; relation of agent to court-appointed fiduciary.**

(a) The appointment by a court of a guardian or other fiduciary charged with the management of the principal's property or the care of the principal's person shall terminate all personal powers of attorney.

(b) After the appointment of a guardian or other fiduciary charged with the management of the principal's property or the care of the principal's person, the agent is accountable to such guardian or other fiduciary as well as to the principal as to any personal powers of attorney which the agent continues to hold. A guardian or other fiduciary shall only have such powers to revoke or amend the powers of the agent as shall be given to such guardian or other fiduciary by the court.

(83 Del. Laws, c. 149, § 1.)

**§ 3207. When the personal power of attorney is effective.**

A personal power of attorney is effective when executed.

(83 Del. Laws, c. 149, § 1.)

**§ 3208. Termination of personal power of attorney or agent's authority.**

(a) A personal power of attorney terminates when:

- (1) The principal dies;
- (2) The principal revokes the personal power of attorney;
- (3) A terminating event set forth in the personal power of attorney occurs;
- (4) The purpose of the personal power of attorney is accomplished;

(5) The principal revokes the agent's authority or the agent dies, becomes incapacitated, or resigns, and the personal power of attorney does not provide for another agent to act; or

(6) The personal power of attorney is revoked by order of the Court of Chancery pursuant to § 3214 of this title or otherwise.

(b) An agent's authority terminates when:

- (1) The principal revokes the authority;
- (2) The agent dies, becomes incapacitated, or resigns;
- (3) An action is filed for the dissolution or annulment of the agent's marriage to the principal, unless the personal power of attorney otherwise provides;

(4) All documentation has been submitted, accepted, processed and acted upon by the Department;

(5) One year from the date of execution of the power of attorney; or

(6) The personal power of attorney terminates.

(c) Unless the personal power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this section, notwithstanding a lapse of time since the execution of the personal power of attorney.

(d) Termination of an agent's authority or of a personal power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the personal power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(e) The execution of a personal power of attorney does not revoke a personal power of attorney previously executed by the principal unless the subsequent personal power of attorney provides that the previous personal power of attorney is revoked or that all other personal powers of attorney are revoked.

(83 Del. Laws, c. 149, § 1.)

**§ 3209. Concurrent agents, joint agents, and successor agents.**

(a) A principal may designate 2 or more persons to act as concurrent agents. Each concurrent agent may exercise its authority independently.

(b) A principal may designate 2 or more persons to act as joint agents. No joint agent shall have the power to act without the agreement of all other joint agents and shall have no power to act independent of the other agent.

(c) If the principal designates more than 1 agent and does not specify that they are concurrent agents or joint agents, such agents shall be considered concurrent agents.

(d) A principal may designate 1 or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. Unless the personal power of attorney otherwise provides, a successor agent:

(1) Has the same authority as that granted to the original agent; and

(2) May not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(e) A principal may give an appointed agent or another person designated by name, office or function the authority to designate by a writing executed by such person, 1 or more concurrent, joint, or successor agents in addition to those designated in the personal power of attorney. Unless the personal power of attorney authorizing the appointment of such further agents otherwise provides, a concurrent, joint,

or successor agent appointed by this method:

(1) Has the same authority as that granted to the original agent; and

(2) May not act until the predecessor designee has resigned, died, become incapacitated, is no longer qualified to serve, or has declined to serve.

(f) Except as otherwise provided in the personal power of attorney and subsection (g) of this section, an acting agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(g) An acting agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

(83 Del. Laws, c. 149, § 1.)

### **§ 3210. Reimbursement and compensation of agent.**

(a) An agent is entitled to reimbursement of expenses reasonably incurred on behalf of the principal.

(b) An agent shall not be entitled to compensation unless:

(1) The personal power of attorney so provides; and

(2) The compensation is reasonable under the circumstances.

(83 Del. Laws, c. 149, § 1.)

### **§ 3211. Agent's acceptance.**

Except as otherwise provided in the personal power of attorney, a person accepts appointment as an agent under a personal power of attorney by signing the agent's certification (pursuant to § 3204 of this title) or by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

(83 Del. Laws, c. 149, § 1.)

### **§ 3212. Agent's duties.**

(a) Notwithstanding provisions in the personal power of attorney, an agent that has accepted appointment pursuant to a personal power of attorney shall, in connection with exercising the authority granted to such agent therein:

(1) Act in accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(2) Act in good faith;

(3) Act only within the scope of authority granted in the personal power of attorney; and

(4) To the extent reasonably practicable under the circumstances, keep in regular contact with the principal and communicate with the principal.

(b) Except as otherwise provided in the personal power of attorney, an agent that has accepted appointment shall:

(1) Act loyally for the principal's benefit;

(2) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(3) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances; and

(4) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal.

(c) An agent that acts with care, competence, and diligence for the best interest of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(d) If an agent has special skills or expertise the special skills or expertise must be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(e) An agent that engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

(f) Except as otherwise provided in the personal power of attorney and by § 3206 of this title, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. If so requested the agent shall comply with the request within a reasonable period of time.

(83 Del. Laws, c. 149, § 1.)

### **§ 3213. Exoneration of agent.**

A provision in a personal power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision:

(1) Relieves the agent of liability for breach of duty committed in bad faith or with reckless indifference to the purposes of the personal power of attorney or the best interest of the principal; or

(2) Was inserted as a result of undue influence upon the principal.  
(83 Del. Laws, c. 149, § 1.)

**§ 3214. Judicial relief.**

(a) A person designated in subsection (b) of this section may petition the Court of Chancery requesting that the Court:

(1) Determine whether the personal power of attorney or the authority of an agent is in effect or has terminated pursuant to § 3208 of this title or otherwise;

(2) Compel the agent to exercise or refrain from exercising authority in a particular manner or for a particular purpose;

(3) Compel the agent to account for transactions conducted on the principal's behalf pursuant to § 3212(f) of this title;

(4) Modify, suspend, or revoke the powers of the agent to act under a personal power of attorney, and, if the principal has not designated another agent or successor agent in the personal power of attorney, appoint another agent to act in place of the agent whose powers are modified, suspended, or revoked;

(5) Determine an agent's liability for violation of his or her duties pursuant to § 3212 of this title.

(b) Any of the following persons may file a petition seeking appropriate relief under this section:

(1) The principal or the agent;

(2) The spouse, child, or parent of the principal;

(3) A guardian, trustee, or other fiduciary acting for the principal;

(4) The personal representative, trustee, or a beneficiary of the principal's estate;

(5) Any other interested person, as long as the person demonstrates to the Court's satisfaction that the person is interested in the welfare of the principal and has a good faith belief that:

a. The Court's intervention is necessary; and

b. The principal is incapacitated at the time of filing the petition or otherwise unable to protect that principal's own interests; or

(6) A person asked to accept a personal power of attorney.

(c) Upon motion by the principal, who shall be presumed to have legal capacity, the Court shall dismiss a petition filed under this section, unless the Court finds that the principal lacks capacity to revoke the agent's authority or the personal power of attorney.

(d) Nothing in this section shall preclude or diminish the Court's authority to appoint a guardian or other fiduciary pursuant to Chapter 39 of Title 12, or to order other judicial relief, in order to grant appropriate relief upon review of a personal power of attorney or an agent's conduct with respect to a personal power of attorney.

(e) Nothing in this section shall preclude the Department of Health and Social Services, the Public Guardian, or other governmental agency having authority to protect the welfare of the principal from petitioning the Court for access to the principal or to records necessary to determine, or terminate, possible abuse, neglect, exploitation or abandonment of the principal.

(83 Del. Laws, c. 149, § 1; 70 Del. Laws, c. 186, § 1.)

**§ 3215. Agent's resignation; notice.**

Unless the personal power of attorney provides a different method for an agent's resignation, an agent may resign by giving written notice to the principal and, if the principal is incapacitated:

(1) To the guardian, if 1 has been appointed for the principal, and a concurrent agent or successor agent; or

(2) If there is no person described in paragraph (1) of this section, to:

a. The principal's primary caregiver;

b. Another person reasonably believed by the agent to have sufficient interest in the principal's welfare; or

c. A governmental agency having authority to protect the welfare of the principal.

(83 Del. Laws, c. 149, § 1.)

**§ 3216. Acceptance of and reliance upon acknowledged personal power of attorney.**

(a) For purposes of this section, "acknowledged" means purportedly verified before a notarial officer or contain an electronic signature acceptable to the Department.

(b) A person that in good faith accepts an acknowledged personal power of attorney without actual knowledge that the signature is not genuine may rely upon a presumption that the signature is genuine.

(c) A person that in good faith accepts an acknowledged personal power of attorney without actual knowledge that the personal power of attorney is void, invalid, or terminated, that the purported agent's authority is void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority may rely upon the personal power of attorney as if the personal power of attorney were genuine, valid and still in effect, the agent's authority were genuine, valid and still in effect, and the agent had not exceeded and had properly exercised the authority.

(d) A person that is asked to accept an acknowledged personal power of attorney may request, and rely upon, without further investigation, an English translation, under oath of the translator, of the personal power of attorney if it contains, in whole or in part, language other than English.

(e) For purposes of this section, a person that conducts activities through employees is without actual knowledge of a fact relating to a personal power of attorney, a principal, or an agent if the employee conducting the transaction involving the personal power of attorney is

without actual knowledge of the fact. Notification of revocation of a personal power of attorney by a principal or agent to an officer of a bank or other financial institution shall constitute actual notice to all employees.

(83 Del. Laws, c. 149, § 1.)

**§ 3217. Acceptance of electronic signatures.**

The Department may accept electronic signatures on any documents required to be submitted pursuant to this title.

(83 Del. Laws, c. 149, § 1.)

**Part III**  
**Operation and Equipment**  
**Chapter 41**  
**RULES OF THE ROAD**  
**Subchapter I**  
**Obedience to and Effect of Traffic Laws**

**§ 4101. Provisions refer to vehicles upon highways; exceptions; powers of local authorities.**

(a) The provisions of this title relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

(1) Where a different place is specifically referred to in a given section.

(2) That subchapter IX of this chapter shall apply upon highways and elsewhere throughout the State.

(3) That subchapter VIII of this chapter and § 4164 of this title shall apply upon highways and elsewhere throughout the State, except that subchapter VIII of this chapter and § 4164 of this title shall not apply upon any nonresidential, commercial property. For the purposes of this paragraph, “elsewhere” shall mean only those areas regulated by traffic-control devices which have been reviewed and approved as acceptable for the area by the Delaware Department of Transportation.

(4) Upon application by a majority of persons having a property interest in a private road or way upon which motor vehicles are driven, the appropriate agency or officer of any town, city or county in which such private property is located may petition the Department of Safety and Homeland Security (hereinafter “Department”) in a manner prescribed by the Department, requesting the Department assume jurisdiction over such private property. Upon acceptance of jurisdiction over the private property, the Department shall, by written notice, so notify each governmental body and property owner affected and shall supply copies of such notice to all appropriate courts and law-enforcement agencies. One week following the official acceptance of such jurisdiction, all provisions of Title 17 and this title shall apply to the affected private property. The installation and maintenance of all traffic-control devices authorized by the Department of Transportation shall be undertaken by the owners at no cost to the State.

(b) Local authorities, except as expressly authorized by law, shall not enact or enforce any rules or regulations contrary to this chapter. Traffic ordinances and regulations adopted by local authorities, and substantially conforming to the sections of this chapter, shall have the same force and effect as the traffic laws of this title. Whenever any provision of this title refers to a specific section of this title, such section shall be deemed to include substantially conforming ordinances and regulations enacted by local authorities. The court’s notice of conviction for violating a local ordinance or regulation that substantially conforms to this title, when included in the person’s driving record, shall be deemed to be equivalent to a violation of the state statute to which it conforms. This section shall not be deemed to affect the jurisdiction for violations of local traffic ordinances or regulations nor the fine to be imposed for such a violation. Local authorities may regulate the use of the highways by processions or assemblages. Nothing in this chapter shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as a matter of right from prohibiting such use nor requiring other or different or additional conditions than those specified in this chapter or otherwise regulating such use as seems best to such owner.

(c) The authority to authorize, maintain, install and remove all traffic-control devices necessary to implement this title is provided to the Department of Transportation and to local authorities in their respective jurisdictions by Chapter 1 of Title 17. Unless otherwise provided in this title, the authorities granted are uniformly applicable to all sections of this title.

(d) *Liability for failure of owner to comply with traffic light signals.* — (1) The Department of Public Safety and/or the governing body of any city or any county may provide, by regulation or ordinance, for the establishment of a program imposing monetary liability on the owner of a motor vehicle for failure to comply with traffic light signals in accordance with the provisions of this subsection. This subsection allows the Department of Transportation and/or the governing body of any city or county to install and operate traffic light signal violation monitoring systems; provided however, that in the event the installation other than by the Department of Transportation, the Department of Transportation must first approve such installation using the same recognized safety and accident criteria which the Department of Transportation uses to determine new locations; and provided further that the duration of the yellow light change interval, at any intersection where a traffic control photographic system or other traffic light signal violation monitoring system is in use, must be no less than the yellow light change interval duration specified in the design manual developed by the Department of Transportation. All existing locations erected without the Department of Transportation prior approvals shall be reviewed by the Department of Transportation using same recognized safety and accident criteria used to authorize new locations. Any location which fails to meet the criteria shall be removed upon end of the contract with the camera operator vendor.

(2) Jurisdictions operating an Electronic Red Light Safety Program can only issue right turn on red violations if there is safety and crash data to support it as determined by the Department of Transportation.

(3) *Liability.* — The owner or operator of a vehicle which has failed to comply with a traffic light signal, as evidenced by information obtained from a traffic light signal violation monitoring system, shall be subject to a civil or administrative assessment not to exceed \$110; provided, however, that the city or county may provide for an additional assessment not to exceed \$10 if the civil or administrative assessment is not paid within 20 days, which assessment may be increased to an amount not to exceed \$20 if the assessment is not paid within 45 days, and may be increased to an amount not to exceed \$30 if the assessment is not paid within 90 days. Court costs or similar administrative fees not to exceed \$35 may also be assessed against an owner or operator who requests a hearing to contest the violation and is ultimately found or pleads responsible for the violation or who fails to pay or contest the violation in a timely manner. No assessments and court costs other than those specified in this subsection may be imposed. A violation for which a civil assessment is imposed under this subsection shall not be classified as a criminal offense and shall not be made a part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance. Assessments collected as a result of a traffic control signal monitoring system shall be paid to the city or county which controlled the monitoring system, or the General Fund for personnel, after first being applied to reimburse the applicable state agencies for their costs of administering such systems.

(4) *Definitions.* — For purpose of this subsection only:

a. “Owner” means the registered owner of such vehicle on record with this or any other state; provided, however, that in the event that the owner is a vehicle leasing company, the “owner,” for purposes of this subsection, shall mean the person shown on the records to be the lessee of such vehicle. Vehicle rental companies are excluded from the definition of “owner.”

b. “Traffic light signal violation monitoring system” means a vehicle sensor installed to work in conjunction with a traffic light that automatically produces 2 or more photographs, or 2 or more microphotographs, or a videotape, or other recorded images of each vehicle at the time it is used or operated in violation of this subsection.

(5) *Summons and notice of violation.* — Any nonresident owner or operator of any motor vehicle which is operated or driven on the public streets, roads, turnpikes or highways of this State is deemed to have submitted to the jurisdiction of the Delaware courts for purposes of this subsection. Notwithstanding any other provision of the Delaware Code, a summons for a violation of this subsection may be executed by mailing to any Delaware resident or nonresident by first class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Division of Motor Vehicles of this or any other state, as appropriate. Collection actions, including default judgment and execution, may proceed based upon jurisdiction obtained through the mailing by first class mail of a summons and subsequent court notices pursuant to this subsection. Every initial mailing shall include the:

- a. Name and address of the owner of the vehicle;
- b. Registration number of the motor vehicle involved in the violation;
- c. Violation charges;
- d. Location where the violation occurred;
- e. Date and time of the violation;
- f. Copies of 2 or more photographs, or microphotographs or other recorded images, taken as proof of the violation;
- g. Amount of the civil assessment imposed and the date by which the civil assessment should be paid;
- h. Information advising the summonsed person of the matter, time and place by which liability as alleged in the notice may be contested, and warning that the failure to pay the civil assessment or to contest liability in a timely manner is an admission of liability and may result in a judgment being entered against the summonsed person and/or the denial of the registration or the renewal of the registration of any of the owner’s vehicles; and
- i. Notice of the summonsed person’s ability to rebut the presumption that the summonsed person was the operator of the vehicle at the time of the alleged violation and the means for rebutting such presumption.

(6) *Payment by voluntary assessment.* — Persons electing to pay by voluntary assessment shall make payments to the entity designated on the summons for payment. Such entity may be the Justice of the Peace Court or an entity designated by the Court, the Department of Safety and Homeland Security, or by the city or county in which the traffic light was located. Procedures for payment under this subsection shall be as provided by court rule or policy directive of the Justice of the Peace Court, by regulation of the Department of Safety and Homeland Security, or by regulation, code or ordinance of the applicable city or county, and shall be in lieu of the procedures set forth in § 709 of this title.

(7) *Procedures to contest the violation.* — A person receiving the summons pursuant to this subsection may request a hearing to contest the violation by notifying, in writing, the entity designated on the summons within 20 days of the date. Upon receipt of a timely request for a hearing a civil hearing shall be scheduled and the defendant notified of the hearing date by first class mail. A civil hearing shall be held by the Justice of the Peace Court or such other entity as designated by the Department of Safety and Homeland Security or applicable county or city. The hearing may be informal and shall be held in accordance with Justice of the Peace Court rules or policy directive, regulation of the Department of Safety and Homeland Security, or by regulation, code or ordinance of the applicable city or county. Additional administrative collection processes may be established by court rule, policy directive, regulation, code or ordinance, as applicable. Costs for such hearing shall not be assessed against the prevailing party. There shall be no right of transfer to the Court of Common Pleas.

(8) *Failure to pay or successfully contest the violation.* — If the owner or an operator identified by the owner fails to pay the civil

penalty by voluntary assessment, request a hearing within the required time or submit an affidavit stating that the owner or operator identified was not the driver, the Division of Motor Vehicles may refuse to renew the registration of the owner's vehicle operated at the time the summons was issued. If the owner or an operator identified by the owner is found responsible at a hearing and fails to pay as ordered by the Court, or requests a hearing and fails to appear, the Division of Motor Vehicles shall suspend the license of the owner or operator.

Upon receiving a record of failure to comply, the Clerk may enter a civil traffic judgment against the owner or operator in the amount of the civil penalty, costs, and any applicable penalty amounts, giving credit for any amount paid. Such judgment may, upon motion, be transferred by the Court to the civil docket. Any judgment so transferred may be executed and enforced or transferred in the same manner as other judgments of the Court and the Division of Public Safety or its designee, or the applicable city or county shall have authority to seek such execution, enforcement or transfer.

(9) *Proof of violation.* — Proof of a violation of this subsection shall be evidenced by information obtained from a traffic light signal violation monitoring system authorized pursuant to this subsection. A certificate, or facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a traffic light signal violation monitoring system shall constitute prima facie evidence of the facts contained therein, if the certificate, or facsimile thereof, is sworn to or affirmed by a technician employed by a locality authorized to impose assessments pursuant to this subsection, or a technician employed by a state agency or entity designated by a state agency for the purposes of this section. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to regulation, ordinance or other law adopted pursuant to this subsection.

(10) *Presumptions.* — The owner of any vehicle found to be in violation of this subsection shall be held prima facie responsible for such violation in the same manner as provided for under § 7003 of this title, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner:

a. Furnishes an affidavit by regular mail to the entity indicated on the summons that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person or company who leased, rented or otherwise had the care, custody or control of the vehicle, or attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the time of the alleged violation of this subsection; or

b. Provides proof in court or to the entity handling the administrative appeal process that the owner was not the operator of the vehicle at the time of the alleged violation or that the owner failed to comply with the traffic signal either in order to yield the right-of-way to an emergency vehicle or as part of a funeral procession.

A summons may be issued to a person identified by affidavit or evidence in court as the actual operator of the vehicle shown to have violated the traffic light signal. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in this subsection.

(11) Notwithstanding any other provision in this section, if the motor vehicle which is found by the traffic light signal violation monitoring system to have failed to comply with a traffic light signal is commercially licensed, then the owner of that vehicle shall be sent notice of the date, time and location of the violation with 2 photographs thereof. Within 10 days of the receipt of said notice, the owner of the vehicle shall provide the law-enforcement agency which has issued the summons with the name and address of the driver of the vehicle at the date, time and location of the violation and, within the same time period, shall provide the driver of the vehicle with the photographs of the violation. After receipt by the law-enforcement agency which has issued the summons of the name and address of the driver of the vehicle at the time of the violation, the driver of the vehicle shall be prima facie responsible for such violation in the same manner as provided for under § 7003 of this title and shall be subject to the provisions of this section. Failure of the owner of the vehicle found to be in violation of subsection (d) to provide the name and address of the driver at the time of the violation within the period prescribed shall cause the owner to be held responsible as set forth in paragraph (d)(5) of this section.

(12) Any person found responsible for a civil traffic offense shall have a right of appeal only in those cases in which the civil penalty imposed exceeds \$100, upon giving bond with surety satisfactory to the judge before whom such person was found responsible, such appeal to be taken and bond given within 15 days from the time of the finding of responsible. Such appeal shall operate as a stay or supersedeas of all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court. Additional penalty assessments for late payment/response pursuant to paragraph (d)(3) of this section shall be included in determining the amount of the civil penalty for purposes of determining the right to an appeal.

#### **§ 4102. Required obedience to traffic laws.**

It is unlawful for any person to do any act forbidden or fail to perform any act required in this chapter.

(21 Del. C. 1953, § 4102; 54 Del. Laws, c. 160, § 1; 77 Del. Laws, c. 60, § 1.)

#### **§ 4103. Obedience to authorized persons directing traffic.**

(a) No person shall wilfully fail or refuse to comply with any lawful order or direction of any police officer or authorized flagperson or fire police officer or uniformed adult school crossing guard invested by law with authority to direct, control or regulate vehicle and pedestrian traffic. This subsection shall not operate to relieve a driver of the duty to operate the driver's vehicle with due regard to the safety of all persons using the highway.

(b) Any driver who, having received a visual or audible signal from a police officer identifiable by uniform, by motor vehicle or by a clearly discernible police signal to bring the driver's vehicle to a stop, operates the vehicle in disregard of the signal or interferes with or endangers the operation of the police vehicle or who increases speed or extinguishes the vehicle's lights and attempts to flee or elude the police officer shall be guilty of a class G felony, with a minimum fine of \$575 which may not be suspended. Upon receiving notice of such conviction the Secretary, at the Secretary's discretion, may forthwith revoke the operator's or chauffeur's license of the person so convicted for a period of 2 years. For each subsequent like offense, the person shall be guilty of a class E felony, with a minimum fine of \$1,150 which may not be suspended. Upon receiving a court notice of conviction for a subsequent like offense, the Secretary shall revoke the operator's or chauffeur's license for an additional 3-year period. It shall be an affirmative defense for this section if the driver proceeds at or below the posted speed limit to a safe location or, at nighttime to a well-lit reasonable location and stops the vehicle at that point that the driver is not guilty of this section.

(c) If any vehicle is witnessed by a police officer to be in violation of subsection (b) of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the persons in whose name such vehicle is registered, to whom a rental vehicle is leased or whose name appears on a company's records as driving a company vehicle, committed such violation of subsection (b) of this section.

#### **§ 4104. Persons riding animals or driving animal-drawn vehicles.**

Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter, except those provisions of this chapter which by their very nature can have no application.

(21 Del. C. 1953, § 4104; 54 Del. Laws, c. 160, § 1.)

#### **§ 4105. Persons and vehicles working on highways and utilities; exceptions.**

(a) Unless specifically made applicable, the provisions of this title, except those contained in subchapter IX of this chapter, shall not apply to persons, motor vehicles and other equipment while actually engaged in work upon a highway or in work upon utility facilities along a highway, so long as proper traffic-control devices are posted, but shall apply to such persons and vehicles when traveling to or from such work.

(b) The driver of a vehicle shall yield the right-of-way to any authorized vehicle or pedestrian actually engaged in work upon a highway within any highway construction or maintenance area indicated by traffic-control devices.

(c) The driver of a vehicle shall yield the right-of-way to any authorized vehicle obviously and actually engaged in work upon a highway whenever such vehicle displays flashing lights meeting the requirements of the Secretary of Public Safety.

(d) Traffic-control devices shall be used as required in the standards adopted under § 147 of Title 17. Failure to comply with this section shall be cause for immediate cessation of operations in the affected area and the immediate reopening of the highway in a safe manner.

(e) Failure to comply with the lawful order to effect immediate cessation of operations and the reopening of the highway shall subject the violator to a fine of not less than \$115 nor more than \$575.

(f) (1) The driver of a vehicle who violates any of the following sections of this title shall be fined not less than double the enumerated amount for a first offense when the violation occurs within any highway construction or maintenance area indicated by traffic-control devices:

- a. Section 4102 of this title relating to obedience to traffic laws;
- b. Section 4103 of this title relating to obedience to authorized persons directing traffic;
- c. Section 4107 of this title relating to obedience to traffic-control devices;

- r. Section 4176 of this title relating to careless or inattentive driving;
- s. Section 4177 of this title relating to operation of vehicle while under the influence of alcohol and/or drugs;
- t. Section 4178 of this title relating to stopping, standing or parking; and
- u. Section 4184 of this title relating to limitations on backing.

(2) As used in this subsection, the phrase “within any highway construction or maintenance area indicated by traffic-control devices” shall mean that area between the first traffic-control device informing road users of their approach toward a work zone area until the last traffic-control device indicating all restrictions are removed and normal vehicle operations can resume. The phrase shall also include detour routes for highway construction or maintenance marked by traffic-control devices. “Traffic-control devices” and “work zone” shall have the same meaning as adopted pursuant to § 147 of Title 17, as amended. “Highway construction and maintenance area” shall also include construction and maintenance for utilities or railroads within or adjacent to the highway rights-of-way.

(3) Whenever practical, signs designed in compliance with regulations of the Department shall be appropriately placed to notify motorists that increased penalties apply for moving violations in construction or maintenance areas. ## **Subchapter II**

### **Traffic Signs, Signals and Markings**

#### **§ 4106. Authorized emergency vehicles.**

(a) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(b) The driver of an authorized emergency vehicle may:

- (1) Park or stand, irrespective of the provisions of this chapter;
- (2) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;
- (3) Exceed the speed limits so long as the driver does not endanger life or property;
- (4) Disregard regulations governing direction of movement or turning in specified directions.

(c) The exemptions herein granted to an authorized emergency vehicle shall apply only when such vehicle is making use of audible or visual signals meeting the requirements of this title, except that an authorized emergency vehicle operated as a police vehicle need not make use of such signals.

(d) The driver of an emergency vehicle is not liable for any damage to or loss of property or for any personal injury or death caused by the negligent or wrongful act or omission of such driver except acts or omissions amounting to gross or wilful or wanton negligence so long as the applicable portions of subsection (c) of this section have been followed. The owner of such emergency vehicle may not assert the defense of governmental immunity in any action on account of any damage to or loss of property or on account of personal injury or death caused by the negligent or wrongful act or omission of such driver or owner.

(e) Authorized emergency vehicles within the meaning of this chapter mean vehicles of a fire department, police vehicles, ambulances, vehicles used by a fire chief, deputy fire chief, assistant fire chief, chief engineer or fire police officer of any duly organized fire company in the performance of those duties, the vehicle of the State Forester in the performance of the State Forester’s duties, the vehicle of the Forest Fire Control Supervisor in the performance of the Forest Fire Control Supervisor’s duties, the vehicles of the State Emergency Response Team in the performance of its duties, the vehicles of the Department of Correction, Bureau of Prisons and Bureau of Community Corrections in the performance of their respective duties, and emergency vehicles of state, federal, county or municipal departments or public service corporations as are designated or authorized by the Secretary of Safety and Homeland Security.

(21 Del. C. 1953, § 4106; 54 Del. Laws, c. 160, § 1; 61 Del. Laws, c. 461, § 1; 63 Del. Laws, c. 162, § 1; 63 Del. Laws, c. 300, § 1; 68 Del. Laws, c. 251, § 1; 70 Del. Laws, c. 186, § 1; 75 Del. Laws, c. 89, § 281(a); 77 Del. Laws, c. 6, § 1; 83 Del. Laws, c. 224, § 1.)

#### **§ 4107. Obedience to and required traffic-control devices.**

(a) The driver of any vehicle shall obey the instructions of any traffic-control device applicable thereto placed in accordance with this title, unless otherwise directed as authorized in § 4103 of this title, subject to the exceptions granted the driver of an authorized emergency vehicle in this title.

(b) No provision of this chapter for which traffic-control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official traffic-control device is not in proper position and sufficiently legible to be seen by an ordinarily observant person. This subsection shall not operate to relieve a driver of the duty to operate a vehicle with due regard to the safety of all persons using the highway.

(c) Whenever a particular section does not state that traffic-control devices are required, such section shall be effective even though no traffic-control devices are erected or in place.

(d) In the event a traffic-control signal is erected and maintained at a place other than an intersection, this title shall be applicable except as to those provisions which by their nature can have no application.

(e) Whenever traffic-control devices are placed in position approximately conforming to the requirements of this title, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

(f) Any traffic-control device placed pursuant to this title and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this title, unless the contrary shall be established by competent evidence.

(21 Del. C. 1953, § 4107; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 10; 70 Del. Laws, c. 186, § 1.)

### **§ 4108. Traffic-control signal legend.**

(a) Whenever traffic is controlled by official traffic-control signals showing different colored circular lights, color -lighted arrows, or color-lighted bicycle symbols, successively 1 at a time or in combination, only the colors green, red and yellow shall be used, except for pedestrian control signals, and such lights shall indicate and apply to drivers of vehicles, operators of bicycles and pedestrians as follows:

(1) Green indication:

a. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a traffic-control device at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

b. Unless otherwise directed by a pedestrian-control signal as provided in § 4109 of this title, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Circular yellow or yellow arrow:

a. Vehicular traffic facing the circular yellow signal is thereby warned that a red signal for the previously permitted movement will be exhibited immediately thereafter.

b. Vehicular traffic facing the yellow arrow signal shown alone or in combination with another indication is thereby warned that the previously displayed green arrow signal is being terminated. The yellow arrow signal may be followed by a red signal or a green signal.

c. Pedestrians facing a yellow signal, unless otherwise directed by a pedestrian-control signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) Red indication:

a. Vehicular traffic facing the red signal shall stop before crossing the stop limit, whether marked by sign or painted line, or if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown or as provided in paragraph (a)(3)b. of this section.

b. When a traffic-control device is not in place prohibiting such turn, vehicular traffic facing a circular red signal may cautiously enter the intersection to turn right, or to turn left from a one-way roadway onto a one-way roadway.

c. When turns on red are permitted, the right to proceed to turn after stopping shall be subject to the rule applicable after making a stop as at a stop sign.

d. No pedestrian facing such signal shall enter the roadway unless the pedestrian can do so safely and without interfering with any vehicular traffic.

(4) Green arrow or arrows:

a. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

b. Vehicles facing such signals are thereby advised that other traffic movements may be prohibited from the lane or lanes that the signal indication controls. Making or attempting to make any prohibited movement is unlawful.

c. Pedestrians facing such signals shall not enter the roadway unless they can do so safely and without interfering with any vehicular traffic.

(5) Bicycle signals:

Bicycle signals may include circular or arrow traffic signal indications designated as bicycle signals by an adjacent sign, and traffic indications in the shape of a bicycle. Circular and arrow bicycle signals shall have the same meaning as the corresponding circular and arrow signals as described in paragraphs (a)(1) through (a)(4) of this section, but shall only apply to a person operating a bicycle in a bicycle lane or path. Bicycle-shaped bicycle signals shall have the same meaning as the corresponding circular signals as described in paragraphs (a)(1) through (a)(4) of this section, but shall only apply to a person operating a bicycle in a bicycle lane or path. A person operating a bicycle in a general travel lane shall obey the circular and arrow traffic signals described in paragraphs (a)(1) through (a)(4) of this section.

(b) When lane use control signals are placed over the individual lanes of roadway or highway, vehicular traffic may travel in any lane or

lanes over which a green signal is shown, but shall not enter or travel in any lane or lanes over which a red signal is shown. Left turns may be made across such lane if not otherwise prohibited. Vehicular traffic shall move from any lane over which a steady amber signal is displayed as soon as the movement can be made in safety. Vehicular traffic may use a lane over which a flashing yellow signal is displayed for the purpose of making a left turn.

(c) In the event that traffic signals are in place and no lighted indication is visible to an approaching driver, the approaching driver shall reduce speed and prepare to yield to other vehicles in or approaching the intersection.

(d) Whoever violates this section shall be fined not less than \$75 nor more than \$115. Whoever violates paragraph (a)(3) of this section shall be fined not less than \$75 nor more than \$230. For each subsequent offense of paragraph (a)(3) of this section within 2 years, the person shall be fined not less than \$100 nor more than \$575, or imprisoned not less than 10 nor more than 60 days, or both.

(e) Notwithstanding any provision of the Delaware Code to the contrary, any local government, municipality, town or county, whether incorporated or unincorporated, shall pay to the General Fund any sums collected under this section or any substantially conforming ordinances and regulations enacted by local authorities that exceed the maximum fine permitted under the law as it existed prior to the effective date of subsection (d) of this section.

(21 Del. C. 1953, § 4108; 54 Del. Laws, c. 160, § 1; 58 Del. Laws, c. 430; 58 Del. Laws, c. 570; 60 Del. Laws, c. 701, § 11; 70 Del. Laws, c. 186, § 1; 72 Del. Laws, c. 407, § 1; 81 Del. Laws, c. 196, § 1.)

### **§ 4109. Pedestrian-control signals.**

Whenever special pedestrian-control signals exhibiting the words or symbols “Walk” or “Don’t Start” or “Don’t Walk” are in place, such signals shall take precedence over pedestrian movements outlined in § 4108 of this title. Such signals shall apply as follows:

(1) “Walk” or flashing “Walk”. — Pedestrians facing such signals may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the driver of all vehicles.

(2) “Don’t Walk” or flashing “Don’t Walk” or “Don’t Start”. — No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed crossing on the walk signal shall proceed to the nearest sidewalk or safety island.

(a) Whenever a flashing red, yellow or green signal is used in a traffic signal or with a traffic sign, it shall require obedience by vehicle traffic as follows:

(1) Flashing red. — When a red lens is illuminated with intermittent flashes, drivers of vehicles shall stop before crossing the stop limit whether marked by a sign or painted line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop as at a stop sign.

(2) Flashing yellow or green. — When a yellow or green lens is illuminated with intermittent flashes, drivers of vehicles may proceed through the intersection or pass such signals only with caution.

(b) In the event that flashing signals are in place and no lighted indication is visible to an approaching driver, the approaching driver shall reduce speed and prepare to yield to other vehicles in or approaching the intersection. If facing a stop sign, the approaching driver shall stop and proceed as from a stop sign.

(c) This section shall not apply at railroad grade crossings.

### **§ 4111. Display of unauthorized signs, signals or markings.**

(a) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.

(b) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising, and no person shall attach to any traffic sign or signal any other sign containing commercial advertising.

(c) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs, in compliance with § 1108 of Title 17.

(d) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.

(21 Del. C. 1953, § 4111; 54 Del. Laws, c. 160, § 1.)

### **§ 4112. Interference with official traffic-control devices or railroad signs or signals or other street signs.**

No person shall, without lawful authority, attempt to or, in fact alter, damage, deface, injure, twist, knock down, interfere with the operation of or remove any public roadway, bridge, drain, light, gate or traffic-control device, railroad sign or signal or other appurtenance or any inscription, shield or insignia thereon or any other part thereof or other type of highway signs erected by the State regardless of whether such sign is classified as regulatory or informational. Whoever violates this section shall, for the first offense, be fined not less than \$57.50 nor more than \$230, or imprisoned for not more than 10 days, or both. For each subsequent like offense committed within 2

years, the person shall be fined not less than \$115 nor more than \$460, or imprisoned for not more than 30 days, or both. Whoever violates this section shall in addition to any fine or incarceration make restitution to the State for actual costs incurred to replace the traffic-control device.

**§ 4112A. Traffic control signal preemption devices.**

(a) As used in this section, “traffic control signal preemption device” means any device that emits a pulse of light or other signal that, when received by a detector attached to a traffic control signal alters or interferes with normal operation of the traffic control device.

(b) Except as provided in subsection (d) or (e) of this section, a traffic control signal preemption device may not be installed on a motor vehicle, may not be transported in the passenger compartment of a motor vehicle, and may not be operated by the driver or passenger of a motor vehicle. No person who is not in a motor vehicle shall operate a traffic control signal preemption device. Violation of this subsection is an unclassified misdemeanor and upon arrest the device shall be seized and those convicted shall forfeit the traffic control signal preemption device and shall also be fined not less than \$250 nor more than \$750 and/or be sentenced to up to 3 months incarceration at Level V.

(c) No one may sell a traffic control signal preemption device, whether or not installed in a vehicle, to any person or entity for any intended use other than operation as permitted under subsection (d) or (e) of this section. Violation of this subsection is a class A misdemeanor.

(d) Installation of a traffic control signal preemption device is permitted on the following vehicles, and operation of the device is permitted as follows:

(1) Law-enforcement vehicles registered to state, county, or local authorities, when responding to a bona fide emergency, when used in combination with sirens and/or flashing lights.

(2) Vehicles registered to local fire departments and state or federal firefighting vehicles, when responding to a bona fide emergency, when used in combination with sirens and/or flashing lights.

(3) Vehicles that are designed and used exclusively as ambulances, paramedic or rescue vehicles, when responding to a bona fide emergency, when used in combination with sirens and/or flashing lights.

(4) Vehicles that are equipped and used exclusively as organ transport vehicles, when the transportation is declared an emergency by a member of the transplant team or a representative of the organ procurement organization, when used in combination with sirens and/or flashing lights.

(5) Vehicles registered to the Delaware Emergency Management Agency when responding to a bona fide emergency, when used in combination with sirens and/or flashing lights.

(6) Vehicles owned and operated by the Department of Transportation equipped to install, test and repair traffic signals when used for that express purpose.

(7) Department of Transportation vehicles that are expressly authorized by the Secretary of the Department of Transportation.

(e) Vehicles identified in paragraphs (d)(2) and (3) of this section may operate a traffic control preemption device when such vehicles are returning to their assigned duty station entranceways or driveways, but only to affect the operation of the traffic control signal or signals permitting direct access of such vehicles to their assigned duty stations’ entranceways or driveways.

**Subchapter III**

**Driving on Right Side of Roadway; Overtaking and Passing, etc.**

**§ 4114. Driving on right side of roadway; exceptions.**

(a) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(3) Upon a roadway divided into 3 marked lanes for traffic under the rules applicable thereon; or

(4) Upon a roadway designated and signposted for one-way traffic.

(b) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

(c) Upon any roadway having 4 or more lanes for moving traffic and providing for 2-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by signs or markings designating certain lanes to the left side of the

center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under this section. This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4114; 53 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 15.)

**§ 4115. Passing vehicles proceeding in opposite directions.**

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than 1 line of traffic in each direction each driver shall give to the other at least one half of the main-traveled portion of the roadway as nearly as possible.

(21 Del. C. 1953, § 4115; 54 Del. Laws, c. 160, § 1.)

**§ 4116. Overtaking a vehicle or bicycle on the left.**

The following rules shall govern the overtaking and passing of vehicles and bicycles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(1) On a roadway with at least 2 travel lanes proceeding in the same direction and if a travel lane proceeding in the same direction exists to the left, the driver of the overtaking vehicle shall, yielding the right-of-way and proceeding with caution, move completely into the lane to the left before passing.

(2) On a roadway with only 1 travel lane proceeding in a given direction and where that travel lane is too narrow for an overtaking vehicle to travel safely side-by-side within the lane with the overtaken vehicle or bicycle, the driver of the overtaking vehicle shall move completely into the lane to the left before passing. The driver of the overtaking vehicle shall only make this movement if it can be accomplished while obeying the limitations described in §§ 4118 through 4120 of this title.

(3) On a roadway with only 1 travel lane proceeding in a given direction and where that travel lane is both wide enough for an overtaking vehicle to travel safely side-by-side within the lane with the overtaken vehicle or bicycle and where the vehicle or bicycle to be overtaken is also positioned in the right part of the lane leaving sufficient space for safe passing within the travel lane, the driver of the overtaking vehicle shall:

- a. Reduce speed while passing in order to lessen the speed differential between the overtaking vehicle and the overtaken vehicle or bicycle;
- b. Pass to the left of the overtaken vehicle or bicycle at a reasonable and prudent distance, which shall in any case never be less than 3 feet; and
- c. Return to a normal position in the travel lane only when safely clear of the overtaken vehicle or bicycle.

(4) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle or operator of an overtaken bicycle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of the vehicle or bicycle until completely passed by the overtaking vehicle.

(5) A person who violates this section by driving below the posted speed limit in the left lane of a multilane roadway when it impedes the ability of 1 or more vehicles to pass, except when such person is making a legal left turn or otherwise lawfully exiting the road to the left, shall be penalized as provided in § 4205 of this title.

(21 Del. C. 1953, § 4116; 54 Del. Laws, c. 160, § 1; 70 Del. Laws, c. 186, § 1; 78 Del. Laws, c. 150, § 1; 78 Del. Laws, c. 395, § 1; 81 Del. Laws, c. 196, § 1.)

**§ 4117. When overtaking on the right is permitted.**

(a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under conditions permitting such movement in safety. In no event, except as permitted in subsection (c) and (d) of this section, shall such movement be made by driving off the roadway, main traveled portion, or regular moving traffic lane of the highway.

(b) Overtaking and passing on the right, except as permitted herein, shall be unlawful:

- (1) When the vehicle overtaken is making or about to make a left turn;
- (2) Upon any roadway which is officially marked for more than 1 traffic lane in 1 direction;
- (3) Upon any roadway on which traffic is restricted to 1 direction of movement and the roadway is of sufficient width for 2 or more lanes of moving vehicles.

(c) When the vehicle overtaken is making or about to make a left turn, the vehicle approaching from the rear may pass on the right using the shoulder if necessary.

(d) When the overtaking vehicle is a Delaware Department of Transportation authorized vehicle or an emergency vehicle, as defined in § 4106(e) of this title, responding to an emergency, the overtaking vehicle may pass on the right using the shoulder if necessary.

(21 Del. C. 1953, § 4117; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 16; 81 Del. Laws, c. 182, § 1.)

**§ 4118. Limitations on overtaking on the left.**

No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction. In every

event the overtaking vehicle must return to an authorized lane of travel as soon as practicable.

(21 Del. C. 1953, § 4118; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 17.)

**§ 4119. Further limitations on driving to left of center of roadway.**

(a) No vehicle shall be driven on the left side of the roadway under the following conditions:

(1) When approaching or upon a curve or the crest of a grade in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) When approaching within 100 feet of or traversing any intersection or railroad grade crossing, unless otherwise indicated by official traffic-control devices;

(3) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel.

(b) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in § 4114(a)(2) of this title, nor to the driver of a vehicle turning left into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4119; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 18.)

**§ 4120. No-passing zones; exceptions.**

(a) The Department of Transportation is authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(b) Where signs or markings are in place to define a no-passing zone, no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length; except as follows:

(1) When reasonably necessary to avoid parked vehicles, pedestrians, animals, surface hazards or other obstructions on a roadway and where only 1 travel lane proceeding in a given direction exists but while still obeying the limitations described in §§ 4118 and 4119 of this title;

(2) When reasonably necessary to pass a vehicle or bicycle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing and where only 1 travel lane proceeding in a given direction exists but while still obeying the limitations described in §§ 4118 and 4119 of this title; or

(3) When making a left turn into or from an alley, private road, driveway or highway.

(21 Del. C. 1953, § 4120; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, §§ 19, 20; 81 Del. Laws, c. 196, § 1.)

**§ 4121. One-way roadways and rotary traffic islands.**

(a) Upon a roadway where traffic-control devices establish one-way traffic, a vehicle shall be driven only in the direction designated. Such designation may be at all times or at such times as shall be indicated by traffic-control devices.

(b) A vehicle passing around a rotary traffic island shall be driven only to the right of such island.

(c) A driver about to enter a rotary traffic island shall yield the right-of-way to any vehicles passing around it.

(21 Del. C. 1953, § 4121; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 21.)

**§ 4122. Driving on roadways laned for traffic.**

Whenever any roadway has been divided into 2 or more clearly marked lanes for traffic, the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into 3 lanes for 2-way traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of oncoming traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively by traffic-control devices to traffic moving in the direction the vehicle is proceeding.

(3) Traffic-control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, and drivers of vehicles shall obey the directions of every such traffic-control device.

(4) Traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

(21 Del. C. 1953, § 4122; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 22.)

**§ 4123. Following too closely.**

(a) The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(b) The driver of any truck or vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district, and which is following another vehicle, shall, whenever conditions permit, leave sufficient space, but not less than 300 feet, so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor vehicle drawing another vehicle from overtaking and passing any vehicle or combination of vehicles. Whoever violates this subsection shall, for the first offense, be fined not less than \$28.75 nor more than \$75. For each subsequent like offense within 2 years, the person shall be fined not less than \$57.50 nor more than \$95.

(c) Vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(21 Del. C. 1953, § 4123; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 23; 62 Del. Laws, c. 140, § 1; 68 Del. Laws, c. 9, § 24; 78 Del. Laws, c. 208, §§ 1-3.)

#### **§ 4124. Driving on divided highways.**

Whenever any highway has been divided into 2 or more roads by an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand road unless directed or permitted to use another road by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection as established, unless specifically authorized by public authority. The driver of a vehicle may turn left across a paved dividing space unless prohibited by an official traffic-control device.

(21 Del. C. 1953, § 4124; 54 Del. Laws, c. 160, § 1; 56 Del. Laws, c. 313; 79 Del. Laws, c. 258, § 1.)

#### **§ 4125. Turning off roadway by slow-moving vehicle.**

On a 2-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, behind which 5 or more vehicles are formed in line, shall turn off the roadway wherever sufficient area for a safe turnout exists, in order to permit the vehicles following to proceed. As used in this section, a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

(60 Del. Laws, c. 701, § 24.)

- (12) Operate a vehicle of any type or kind prohibited by traffic-control devices at the entrances;

payment of a toll in connection with the use of the Delaware Turnpike, the Korean War Veterans Memorial Highway, any other state toll road or the Delaware Memorial Bridge shall be liable for the payment of one toll, a \$25 administrative fee, and for a civil penalty of \$25 per violation payable to the Department of Transportation or its designee or, in the case of the Delaware Memorial Bridge, the Delaware River & Bay Authority or its designee.

(b) Except as provided in subsection (d) of this section, an owner of a vehicle shall be jointly and severally liable for failure of an operator thereof to comply with subsection (a) of this section. The owner of a vehicle shall be liable pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, in violation of this section, and such violation is evidenced by information obtained from visual observation, video surveillance device or other method of identifying the vehicle; provided however, that no owner of a vehicle shall be liable where the operator of the vehicle has been identified and charged with a violation of this section for the same incident.

(c) In the event of nonpayment of the proper toll, as evidenced by visual observation, a video surveillance device or other method of identifying the vehicle, the Department of Transportation or its designee or, in the case of the Delaware Memorial Bridge, the Delaware River & Bay Authority or its designee may send an advisory and payment request to the owner of the vehicle by regular mail at the address of record with the Division of Motor Vehicles, or, if applicable, the licensing authority of another jurisdiction, providing the owner with the opportunity to resolve the matter prior to the issuance of a summons and complaint that charges a violation of this section. The advisory and payment request shall contain sufficient information to inform the owner of the nature, date, time and location of the alleged violation. In addition to the payment of the proper toll, the Department of Transportation or, in the case of the Delaware Memorial Bridge, the Delaware River and Bay Authority or its designee may require as part of the advisory and payment request that the owner pay a reasonable administrative fee of \$25 to the entity processing the violation. If the owner fails to pay the required toll and fee, the owner shall be subject to liability on the thirty-first day following the date of the violation, for the violation of this section by the vehicle owner or operator.

(d) An owner of a vehicle who is a lessor of a vehicle operated in violation of this section shall not be liable for such violation if the lessor submits a copy of the rental, lease or other contract document covering that vehicle on the date of the violation, with the name and address of the lessee clearly legible, to the Department of Transportation or its designee or, in the case of the Delaware Memorial Bridge, the Delaware River and Bay Authority or its designee within 10 days of the receipt of the notice of violation. Failure to provide such information in the timeframe required shall render the lessor liable for the penalty prescribed by this section. Where the lessor complies with this subsection, the lessee of such vehicle shall be deemed the owner of the vehicle for the purposes of this section and shall be subject to liability for the violation hereunder, as if the lessee were the owner and/or operator at the time of the violation.

(e) *Enhanced civil enforcement authority.* — If a vehicle owner has been issued advisory and payment requests for nonpayment of tolls under subsection (c) of this section, and the combined total of outstanding and unpaid tolls, applicable administrative fees and associated penalties exceeds \$1,000, the vehicle shall be subject to a civil administrative stop pursuant to Chapter 8 of this title, and the vehicle owner shall be subject to enhanced civil enforcement, as follows:

(1) Such vehicle shall be immobilized in such manner as to prevent its operation, or removed to an official pound by authority of any police officer of this State, a county or municipality therein, or the Delaware River and Bay Authority. Any vehicle so immobilized or impounded shall not be released to its lawful owner until all unpaid tolls and applicable administrative fees issued to such owner have been discharged by payment in full, together with payment for the costs of immobilizing, releasing, and storing such vehicle. The owner shall sign a receipt for such vehicle. Payment for any such towing shall be in accordance with the towing costs outlined in the current agreement between police agency and the towing operator. If the vehicle is a tractor-trailer combination, the trailer may be released to an authorized agent if the tractor is immobilized pursuant to this section.

(2) In any case involving immobilization of a vehicle pursuant to this section, the police officer shall place on such vehicle, in a conspicuous manner, notice sufficient to warn any individual that such vehicle has been immobilized and that any attempt to move such vehicle might result in damage to such vehicle.

(3) Any vehicle remaining immobilized and not released for 48 hours may be towed and impounded at the direction of a police officer.

(a) Except when directed to proceed by police officers or traffic-control devices, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop at a marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection.

(b) The operator of any vehicle who has come to a full stop as provided in subsection (a) of this section shall yield the right-of-way to any vehicle or pedestrian in the intersection or to any vehicle approaching on another roadway so closely as to constitute an immediate hazard and shall not enter into, upon or across such roadway or highway until such movement can be made in safety.

(c) Whenever a yield sign notifying drivers to yield the right-of-way has been erected, it shall be unlawful for a driver of any vehicle on the highway whose traffic is regulated by such a sign to fail to yield the right-of-way to any vehicle approaching on or from another highway or merging roadway or to a pedestrian legally crossing a roadway. If required for safety to stop, the stop shall be made at a marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. Any such driver having so yielded to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard or to a pedestrian legally crossing a roadway shall not enter into, upon or across such roadway or highway until such movement can be made in safety.

(21 Del. C. 1953, § 4164; 54 Del. Laws, c. 160, § 1; 57 Del. Laws, c. 670, § 13A; 60 Del. Laws, c. 701, § 40.)

#### **§ 4165. Emerging from alley, driveway, private road or building.**

The driver of a vehicle emerging from an alley, driveway, private road or building where there is no official traffic-control device shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway, driveway or private road and shall yield the right-of-way to any pedestrian as may be necessary to avoid collision, and before entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway.

(21 Del. C. 1953, § 4165; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 41.)

#### **§ 4166. Overtaking and passing school bus; stop signal devices.**

(a) *School bus.* — (1) It shall be unlawful to operate or permit to be operated a vehicle which purports to be a school bus and which does not meet the following requirements:

- a. Carries a valid school bus inspection sticker;
- b. Meets all requirements set by the Department of Transportation; and
- c. Complies with §§ 4362-4364 of this title [repealed].

(2) If licensed in another state, these requirements still prevail except that an inspection sticker is not required.

(3) It shall be unlawful for the driver of any vehicle which does not meet the requirements of this section to attempt to or to control traffic while stopped on the roadway to pick up and discharge passengers.

(b) *School bus flashing lamps.* — (1) School bus flashing lamps are intended to identify the vehicle as a school bus and to inform other users of the highway that such vehicle is about to stop or is stopped on the roadway or shoulder to take on or discharge school children. They are separate from the brake lamps and shall not be used in lieu of or to supplement the brake lamps.

(2) The amber warning lamps shall be activated approximately 10 seconds prior to the red stop lamps to give motorists advance notice that the bus is preparing to stop or has stopped to pick up and discharge pupils. The lamps shall always be used prior to the red when available and shall be used only after the bus is relatively parallel with the travelway. The bus may be in motion when the amber warning lamps are activated.

(3) The red stop lamps shall be activated only when the bus is stopped, but only when the bus is stopped on the shoulder or roadway to pick up and discharge pupils. The red stop lamps shall not be displayed while the bus is in motion either before or after a stop.

(4) The amber warning lamps and/or the red stop lamps shall not be activated:

- a. In designated school bus loading zones;
- b. At intersections or other places where traffic is controlled by traffic-control signals or police officers;
- c. When the bus is not being used as a school bus; provided, however, the amber warning lights and/or the red stop lamps may be used any time the bus is transporting children under the age of 18.

(c) *School bus words.* — The words “SCHOOL BUS” shall be displayed whenever the bus is operated as a school bus. The words shall be covered, or concealed or removed when the bus is not in actual service as a school bus.

(d) (1) *Overtaking and passing school bus.* — When a school bus is stopped and displays flashing lamps in accordance with subsection (b) of this section, the driver of any vehicle approaching the school bus from the front or from the rear shall stop before passing the bus and remain stopped until such bus begins to move or no longer has the red stop lamps activated. On roadway or roadways with 4 or more lanes, the driver approaching from the front shall not stop.

(2) The provisions of § 4101(a) of this title or any other statute notwithstanding, the provisions of this subsection shall apply upon highways and elsewhere throughout the State.

(e) *Stopping of school bus.* — Whenever practical, a school bus driver shall stop as far to the right as possible to pick up and discharge passengers.

(f) *Identification of violators.* — If any vehicle is witnessed by a police officer, school bus operator or school crossing guard to be in violation of subsection (d) of this section and the identity of the operator is not otherwise apparent, it shall be a rebuttable presumption that the person in whose name such vehicle is registered committed such violation of subsection (d) of this section.

(g) *Bus operators, bus aides or crossing guards as witnesses.* — Whenever a school bus operator, a bus aide or a crossing guard is required to prepare, with legal counsel, for an appearance or to appear in any court as witness against a person who is alleged to have violated subsection (d) of this section, the witness shall be advised by the prosecutor assigned to the case by the Attorney General. If a witness is required to prepare for or to appear in court during working hours, as an operator, aide or guard, in a case as herein described, the witness shall not suffer any loss of wages, salary or leave time as an employee of the school district, bus contractor or other employing agency, because of such appearance, except as provided in this section. If the preparation or appearance occurs at a time other than regular working hours, then the witness shall be paid by the employer for the time involved. Payment for such time shall be at the rate regularly paid to that employee, except that such payment shall not exceed \$8.00 per hour. Employers shall be reimbursed for wages and employment costs paid upon presentation of appropriate documentation to the Secretary of Education.

(h) *Penalties.* — Whoever violates subsection (d) of this section shall, for the first offense, be fined not less than \$115 nor more than \$230 or imprisoned not less than 30 days nor more than 60 days or both. For each subsequent like offense occurring within 3 years from the former offense, such person shall be fined not less than \$115 nor more than \$575, and imprisoned not less than 60 days nor more than 6 months. The minimum fine levied for a violation of subsection (d) of this section shall not be subject to suspension.

(i) *Suspension of license.* — Upon receiving a conviction for a violation of subsection (d) of this section, the Department shall suspend the driver’s license and/or driving privileges for a period of not less than 1 month, nor more than 1 year. If the driver’s license is suspended, a conditional license may be issued pursuant to regulations adopted by the Department.

## **§ 4167. Moving heavy equipment at railroad grade crossings.**

(a) No person shall operate or move any crawler-type tractor, steam shovel, derrick, roller or any equipment or structure having a normal operating speed of 10 or less miles per hour or a vertical body or load clearance of less than 1/2 inch per foot of the distance between any 2 adjacent axles or in any event of less than 9 inches, measured above the level surface of a roadway, upon or across any tracks at a railroad grade crossing without first complying with this section.

(b) Notice of any such intended crossing shall be given to a station agent of such railroad and a reasonable time be given to such railroad to provide proper protection at such crossing.

(c) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than 15 feet nor more than 50 feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train and shall not proceed until the crossing can be made safely.

(d) No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagger or otherwise of the immediate approach of a railroad train or car. If a flagger is provided by the railroad, movement over the crossing shall be under the flagger’s direction.

## **Subchapter VIII**

### **Speed Restrictions**

## **§ 4168. General speed restrictions.**

(a) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and without having regard to the actual and potential hazards then existing. In every event, speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway, in compliance with legal requirements and the duty of

all persons to use due care.

(b) The driver of every vehicle shall, consistent with the requirements of subsection (a) of this section, drive at an appropriate speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway and when a special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

(21 Del. C. 1953, § 4168; 54 Del. Laws, c. 160, § 1; 60 Del. Laws, c. 701, § 43.)

### **§ 4169. Specific speed limits; penalty.**

(a) Where no special hazard exists, the following speeds shall be lawful, but any speed in excess of such limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful [for] all types of vehicles:

- (1) 25 miles per hour in any business district;
- (2) 25 miles per hour in any residential district;
- (3) 20 miles per hour at all school zones where 20 mph regulatory signs are posted and state the time periods or conditions during which the speed limit is in effect; such conditions may include when children are present or while 1 or more warning lights flash;
- (4) 50 miles per hour on 2-lane roadways;
- (5) 55 miles per hour on 4-lane roadways and on divided roadways.

(b) Whenever the Department of Transportation shall determine, on the basis of engineering studies and traffic investigations or upon the basis of a federal law or directive by the Congress or the President, that a maximum speed limit set pursuant to subsection (a) of this section in any particular place on the state maintained highway system is greater or less than is reasonable or safe, the Department shall declare a reasonable and safe maximum limit thereat, which limit shall be effective when posted. Such maximum limit may be declared to be effective either part or all of the time and differing limits may be established for different times of the day, for different types of vehicles, for different weather conditions and when other significant factors differ. Such maximum limits may be posted on fixed or variable signs. Any speed in excess of such displayed limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful.

(c) Penalties for violation of this section are as follows:

(1) Whoever violates this section shall for the first offense be fined \$20. For each subsequent offense, the person shall be fined \$25. A subsequent violation, before being punishable as such, shall have been committed within 24 months after the commission of the prior offense.

(2) Any person violating this section who exceeds the maximum speed limit by more than 5 miles per hour but less than 16 miles per hour shall pay an additional fine of \$1.00 per mile, if such violation is a first offense, or \$2.00 per mile, if such violation is a subsequent offense, for each mile in excess of the maximum speed limit.

(3) Any person violating this section who exceeds the maximum speed limit by more than 15 miles per hour but less than 20 miles per hour shall pay an additional fine of \$2.00 per mile, if such violation is a first offense, or \$3.00 per mile, if such violation is a subsequent offense, for each mile in excess of the maximum speed limit.

(4) Any person violating this section who exceeds the maximum speed limit by more than 19 miles per hour shall pay an additional fine of \$3.00 per mile, if such violation is a first offense, or \$4.00 per mile, if such violation is a second offense, for each mile in excess of the maximum speed limit.

(d) The Department of Transportation shall designate a maximum speed limit of 65 miles per hour for all portions of Delaware State Route 1 located between the Red Lion Creek and the Appoquinimink River, except for the delineated nonhighway speed toll plaza area. Such maximum limits may be posted on fixed or variable signs. Any speed in excess of such displayed limits shall be absolute evidence that the speed is not reasonable or prudent and that it is unlawful.

### **§ 4170. Speed limits set by local authorities.**

(a) Whenever local authorities within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that the absolute speed permitted under this chapter is greater than is reasonable or safe under the conditions found to exist, such local authority, subject to subsection (c) of this section, shall determine and declare a reasonable and safe absolute speed limit, which shall be effective when appropriate signs giving notice thereof are erected.

(b) Local authorities in their respective jurisdictions may at their discretion, but subject to subsection (c) of this section, authorize by ordinance higher absolute speeds than those stated in this chapter upon through highways or upon highways or portions thereof where there are no intersections or between widely spaced intersections provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in § 4168(a) of this title.

(c) Alteration of absolute limits on state-maintained highways in any municipality by local authorities shall not be effective until such alteration has been approved by the Department of Transportation.

(a) No person shall drive any vehicle in any race, speed competition or contest, drag race or acceleration contest, test of physical endurance, exhibition of speed or acceleration and no person shall aid, abet, promote, assist or in any manner participate in any such race, competition, contest, test or exhibition. A violation of this subsection shall be an unclassified misdemeanor.

(b) No person shall accelerate or try to accelerate a vehicle at a rate which causes the drive wheels to spin or slip on the road surface. This subsection shall not apply during periods of inclement weather.

(c) No owner or person in charge of a vehicle shall permit that vehicle or any vehicle under the person's control to be used by another person for any of the purposes listed in subsection (a) or (b) of this section. If any vehicle is witnessed by a police officer to be in violation of this section and the identity of the operator is not otherwise apparent, the person in whose name such vehicle is registered as the owner shall be held prima facie responsible for such violation.

(d) Whoever violates this section shall be fined for the first offense not less than \$25 nor more than \$200, or imprisoned not less than 10 days nor more than 30 days or both. (b) No owner or person in charge of a motor vehicle shall permit that motor vehicle or any motor vehicle under the person's control to be operated by another person in such a manner as to cause wilful, wanton or reckless damage to or destruction of property owned by another person, party, company or corporation, nor so as to cause or threaten to cause injury or death to any person.

(c) Whoever being an operator violates this section shall be guilty of an unclassified misdemeanor, and shall be fined for the first offense not less than \$25 nor more than \$200, or imprisoned not less than 10 days nor more than 30 days or both. (c) The Superior Court has original and exclusive jurisdiction over a violation of this section by a person 18 years of age or older. Any sentence suspended under this subsection must be suspended on the condition that the person completes the remaining provisions of the sentence. If any sentence is suspended, the Superior Court shall set a hearing date at a time within 1 year of the date of sentencing. At that hearing, the Superior Court shall do one of the following:
    - (1) If the person has successfully completed the requirements described in paragraphs (d)(3) and (d)(4) of this section, dismiss the penalties suspended under this subsection.

  - (4) When the person's alcohol concentration is .08 or more; or
  - (5) When the person's alcohol concentration is, within 4 hours after the time of driving .08 or more. Notwithstanding any other provision of the law to the contrary, a person is guilty under this subsection, without regard to the person's alcohol concentration at the time of driving, if the person's alcohol concentration is, within 4 hours after the time of driving .08 or more and that alcohol concentration is the result of an amount of alcohol present in, or consumed by the person when that person was driving;
  - (6) When the person's blood contains, within 4 hours of driving, any amount of an illicit or recreational drug that is the result of the unlawful use or consumption of such illicit or recreational drug or any amount of a substance or compound that is the result of the unlawful use or consumption of an illicit or recreational drug prior to or during driving.
- (b) In a prosecution for a violation of subsection (a) of this section:
  - (1) Except as provided in paragraph (b)(3)b. of this section, the fact that any person charged with violating this section is, or has been, legally entitled to use alcohol or a drug shall not constitute a defense.
  - (2) a. No person shall be guilty under paragraph (a)(5) of this section when the person has not consumed alcohol prior to or during driving but has only consumed alcohol after the person has ceased driving and only such consumption after driving caused the person to have an alcohol concentration of .08 or more within 4 hours after the time of driving.
    - b. No person shall be guilty under paragraph (a)(5) of this section when the person's alcohol concentration was .08 or more at the time of testing only as a result of the consumption of a sufficient quantity of alcohol that occurred after the person ceased driving and before any sampling which raised the person's alcohol concentration to .08 or more within 4 hours after the time of driving.
  - (3) a. No person shall be guilty under paragraph (a)(6) of this section when the person has not used or consumed an illicit or recreational drug prior to or during driving but has only used or consumed such drug after the person has ceased driving and only such use or consumption after driving caused the person's blood to contain an amount of the drug or an amount of a substance or compound that is the result of the use or consumption of the drug within 4 hours after the time of driving.
    - b. No person shall be guilty under paragraph (a)(6) of this section when the person has used or consumed the drug or drugs detected according to the directions and terms of a lawfully obtained prescription for such drug or drugs.
    - c. Nothing in this subsection nor any other provision of this chapter shall be deemed to preclude prosecution under paragraph (a)(2) or (a)(3) of this section.
- (4) The charging document may allege a violation of subsection (a) of this section without specifying any particular paragraph of subsection (a) of this section and the prosecution may seek conviction under any of the paragraphs of subsection (a) of this section.
- (c) For purposes of subchapter III of Chapter 27 of this title and this subchapter, the following definitions shall apply:
  - (1) "Alcohol concentration of .08 or more" shall mean:
    - a. An amount of alcohol in a sample of a person's blood equivalent to .08 or more grams of alcohol per 100 milliliters of blood; or
    - b. An amount of alcohol in a sample of a person's breath equivalent to .08 or more grams per 210 liters of breath.

- (2) "Alcohol concentration of .15 or more" shall mean:
- An amount of alcohol in a sample of a person's blood equivalent to .15 or more grams of alcohol per 100 milliliters of blood; or
  - An amount of alcohol in a sample of a person's breath equivalent to .15 or more grams per 210 liters of breath.
- (3) "Alcohol concentration of .20 or more" shall mean:
- An amount of alcohol in a sample of a person's blood equivalent to .20 or more grams of alcohol per 100 milliliters of blood; or
  - An amount of alcohol in a sample of a person's breath equivalent to .20 or more grams per 210 liters of breath.
- (4) "Chemical test" or "test" shall include any form or method of analysis of a person's blood, breath or urine for the purposes of determining alcohol concentration or the presence of drugs which is approved for use by the Forensic Sciences Laboratory, Division of Forensic Science, the Delaware State Police Crime Laboratory, any state or federal law-enforcement agency, or any hospital or medical laboratory. It shall not, however, include a preliminary screening test of breath performed in order to estimate the alcohol concentration of a person at the scene of a stop or other initial encounter between an officer and the person.
- (5) "Drive" shall include driving, operating, or having actual physical control of a vehicle.
- (6) "Drug" shall include any substance or preparation defined as such by Title 11 or Title 16 or which has been placed in the schedules of controlled substances pursuant to Chapter 47 of Title 16. "Drug" shall also include any substance or preparation having the property of releasing vapors or fumes which may be used for the purpose of producing a condition of intoxication, inebriation, exhilaration, stupefaction or lethargy or for the purpose of dulling the brain or nervous system.
- (7) "Illicit or recreational drug" as that phrase is used in paragraph (a)(6) of this section means any substance or preparation that is:
- Any material, compound, combination, mixture, synthetic substitute or preparation which is enumerated as a Schedule I controlled substance under § 4714 of Title 16; or
  - Cocaine or of any mixture containing cocaine, as described in § 4716(b)(4) of Title 16; or

  - Phencyclidine, or of any mixture containing any such substance, as described in § 4716(e)(5) of Title 16; or
  - A designer drug as defined in § 4701 of Title 16; or
  - A substance or preparation having the property of releasing vapors or fumes which may be used for the purpose of producing a condition of intoxication, inebriation, stupefaction or lethargy or for the purpose of dulling the brain or nervous system.
- (8) "Unlawful use or consumption" as that phrase is used in paragraph (a)(6) of this section means that the person used or consumed a drug without legal authority to do so as provided by Delaware law. This Code describes the procedure by which a person may lawfully obtain, use or consume certain drugs. In a prosecution brought under paragraph (a)(6) of this section, the State need not present evidence of a lack of such legal authority. In a prosecution brought under paragraph (a)(6) of this section, if a person claims that such person lawfully used or consumed a drug, it is that person's burden to show that person has complied with and satisfied the provisions of this Code regarding obtaining, using or consumption of the drug detected.
- (9) "Substance or compound that is the result of the unlawful use or consumption of an illicit or recreational drug" as that phrase is used in paragraph (a)(6) of this section shall not include any substance or compound that is solely an inactive ingredient or inactive metabolite of such drug.
- (10) "Vehicle" shall include any vehicle as defined in § 101(86) of this title, any off-highway vehicle as defined in § 101(45) of this title and any moped as defined in § 101(36) of this title.
- (11) "While under the influence" shall mean that the person is, because of alcohol or drugs or a combination of both, less able than the person would ordinarily have been, either mentally or physically, to exercise clear judgment, sufficient physical control, or due care in the driving of a vehicle.
- (d) Whoever is convicted of a violation of subsection (a) of this section shall:
- For the first offense, be fined not less than \$500 nor more than \$1,500 or imprisoned not more than 12 months or both. Any period of imprisonment imposed under this paragraph may be suspended.
  - For a second offense occurring at any time within 10 years of a prior offense, be fined not less than \$750 nor more than \$2,500 and imprisoned not less than 60 days nor more than 18 months. The minimum sentence for a person sentenced under this paragraph may not be suspended. The sentencing Court may suspend the minimum sentence set forth in this subsection upon the condition that the offender shall successfully complete the Court of Common Pleas Driving Under the Influence Treatment Program in which the offender shall complete a minimum of 30 days of community service.
  - For a third offense occurring at any time after 2 prior offenses, be guilty of a class G felony, be fined not more than \$5,000 and be imprisoned not less than 1 year nor more than 2 years. The provisions of § 4205(b)(7) or § 4217 of Title 11 or any other statute to the contrary notwithstanding, the first 3 months of the sentence shall not be suspended, but shall be served at Level V and shall not be subject to any early release, furlough or reduction of any kind. The sentencing court may suspend up to 9 months of any minimum sentence set forth in this paragraph provided, however, that any portion of a sentence suspended pursuant to this paragraph shall include participation in both a drug and alcohol abstinence program and a drug and alcohol treatment program as set forth in paragraph (d)(9) of

this section.

(4) For a fourth offense occurring any time after 3 prior offenses, be guilty of a class E felony, be fined not more than \$7,000, and imprisoned not less than 2 years nor more than 5 years. The provisions of § 4205(b)(5) or § 4217 of Title 11 or any other statute to the contrary notwithstanding, the first 6 months of the sentence shall not be suspended, but shall be served at Level V and shall not be subject to any early release, furlough or reduction of any kind. The sentencing court may suspend up to 18 months of any minimum sentence set forth in this paragraph provided, however, that any portion of a sentence suspended pursuant to this paragraph shall include participation in both a drug and alcohol abstinence program and a drug and alcohol treatment program as set forth in paragraph (d)(9) of this section.

(5) For a fifth offense occurring any time after 4 prior offenses, be guilty of a class E felony, be fined not more than \$10,000 and imprisoned not less than 3 years nor more than 5 years.

(6) For a sixth offense occurring any time after 5 prior offenses, be guilty of a class D felony, be fined not more than \$10,000 and imprisoned not less than 4 years nor more than 8 years.

(7) For a seventh offense occurring any time after 6 prior offenses, or for any subsequent offense, be guilty of a class C felony, be fined not more than \$15,000 and imprisoned not less than 5 years nor greater than 15 years.

(8) For the fifth, sixth, seventh offense or greater, the provisions of § 4205(b) or § 4217 of Title 11 or any other statute to the contrary notwithstanding, at least 1/2 of any minimum sentence shall be served at Level V and shall not be subject to any early release, furlough or reduction of any kind. The sentencing court may suspend up to 1/2 of any minimum sentence set forth in this section provided, however, that any portion of a sentence suspended pursuant to this paragraph shall include participation in both a drug and alcohol abstinence program and a drug and alcohol treatment program as set forth in paragraph (d)(9) of this section. No conviction for a violation of this section, for which a sentence is imposed pursuant to this paragraph or paragraph (d)(3) or (d)(4) of this section, shall be considered a predicate felony for conviction or sentencing pursuant to § 4214 of Title 11. No offense for which sentencing pursuant to this paragraph or paragraph (d)(3) or (d)(4) of this section is applicable shall be considered an underlying felony for a murder in the first degree charge pursuant to § 636(a)(2) of Title 11.

(9) Any minimum sentence suspended pursuant to paragraph (d)(3), (d)(4), or (d)(8) of this section shall be upon the condition that the offender shall complete a program of supervision which shall include:

a. A drug and alcohol abstinence program requiring that the offender maintain a period of not less than 90 consecutive days of sobriety as measured by a transdermal continuous alcohol monitoring device or through periodic breath or urine analysis. In addition to such monitoring, the offender shall participate in periodic, random breath or urine analysis during the entire period of supervision.

b. An intensive inpatient or outpatient drug and alcohol treatment program for a period of not less than 3 months as approved by the Court or the Department of Correction.

1. Such treatment and counseling may be completed either while an offender is serving any level of supervision as defined by § 4204(c)(2) through (5) of Title 11 or after arrest but before adjudication of the offense.

2. Notwithstanding paragraph (d)(9)b.1. of this section, the offender must complete the required drug and alcohol treatment program within 9 months from the date the offender is sentenced or from the date of release following a Level V or Level IV sentence.

3. If an offender fails to complete the required drug and alcohol treatment program as required under paragraph (d)(9)b.2. of this section, the court shall impose the portion of the minimum sentence suspended by the court under paragraphs (d)(3), (d)(4), or (d)(8) of this section for the offender's participation in the program.

4. On petition by the offender, or the Department of Correction, filed before the expiration of the 9-month period under paragraph (d)(9)b.2. of this section, the court may, for good cause shown, extend the 9-month period to accommodate the completion of the required drug and alcohol treatment program.

c. Any other terms or provisions deemed appropriate by the sentencing court or the Department of Correction.

(10) In addition to the penalties otherwise authorized by this subsection, any person convicted of a violation of subsection (a) of this section, committed while a person who has not yet reached the person's seventeenth birthday is on or within the vehicle shall:

a. For the first offense, be fined an additional minimum of \$500 and not more than an additional \$1,500 and sentenced to perform a minimum of 40 hours of community service in a program benefiting children.

b. For each subsequent like offense, be fined an additional minimum of \$750 and not more than an additional \$2,500 and sentenced to perform a minimum of 80 hours of community service in a program benefiting children.

c. Violation of this paragraph shall be considered as an aggravating circumstance for sentencing purposes for a person convicted of a violation of subsection (a) of this section. Nothing in this paragraph shall prevent conviction for a violation of both subsection (a) of this section and any offense as defined elsewhere by the laws of this State.

d. Violation of or sentencing pursuant to this paragraph shall not be considered as evidence of either comparative or contributory negligence in any civil suit or insurance claim, nor shall a violation of or sentencing pursuant to this paragraph be admissible as evidence in the trial of any civil action.

(11) A person who has been convicted of prior or previous offenses of this section, as defined in § 4177B(e) of this title, need not be charged as a subsequent offender in the complaint, information or indictment against the person in order to render the person liable for

the punishment imposed by this section on a person with prior or previous offenses under this section. However, if at any time after conviction and before sentence, it shall appear to the Attorney General or to the sentencing court that by reason of such conviction and prior or previous convictions, a person should be subjected to paragraph (d)(3), (d)(4), (d)(5), (d)(6) or (d)(7) of this section, the Attorney General shall file a motion to have the defendant sentenced pursuant to those provisions. If it shall appear to the satisfaction of the court at a hearing on the motion that the defendant falls within paragraph (d)(3), (d)(4), (d)(5), (d)(6) or (d)(7) of this section, the court shall enter an order declaring the offense for which the defendant is being sentenced to be a felony and shall impose a sentence accordingly.

(12) The Court of Common Pleas and Justice of the Peace Courts shall not have jurisdiction over offenses which must be sentenced pursuant to paragraph (d)(3), (d)(4), (d)(5), (d)(6), (d)(7), (d)(8) or (d)(9) of this section.

(13) The Justice of the Peace Court shall have jurisdiction to accept pleas of guilt and to impose sentence for violations of this section that are not subject to sentencing pursuant to paragraphs (d)(3) through (d)(9) of this section and to enter conditional adjudications of guilt requiring or permitting a person to enter a first offender election pursuant to § 4177B of this title. The Justice of the Peace Court shall not have jurisdiction to try any violations of this section. If an offense or criminal case within the exclusive jurisdiction of a justice of the peace or alderman or mayor of any incorporated city or town, except the City of Newark, is or may be joined properly with a violation of this section, such offense or criminal case shall remain joined with any violation of this section for the purpose of trial.

(14) If a person enters a guilty plea in a court of competent jurisdiction to a violation of subsection (a) of this section, such action shall constitute a waiver of the right to an administrative hearing as provided for in § 2742 of this title and shall act to withdraw any request previously made therefor.

(15) Notwithstanding any law to the contrary, the phrase "all crimes" as used in the Truth in Sentencing Act of 1989 shall include felonies under this section, and any amendments thereto.

(e) In addition to any penalty for a violation of subsection (a) of this section, the court shall prohibit the person convicted from operating any motor vehicle unless such motor vehicle is equipped with a functioning ignition interlock device; the terms of installation of the device and licensing of the individual to drive shall be as set forth in § 4177C and § 4177G of this title. A person who is prohibited from operating any motor vehicle unless such motor vehicle is equipped with a functioning ignition interlock device under this title at the time of an offense under subsection (a) of this section shall, in addition to any other penalties provided under law, pay a fine of \$2,000 and be imprisoned for 60 days.

(f) In addition to any penalty for a violation of subsection (a) of this section, the court shall order the person to complete an alcohol evaluation and to complete a program of education or rehabilitation pursuant to § 4177D of this title which may include inpatient treatment and be followed by such other programs as established by the treatment facility, not to exceed a total of 15 months and to pay a fee not to exceed the maximum fine; provided however, that successful completion of the Court of Common Pleas Driving Under the Influence Treatment Program shall satisfy this requirement.

(g) For purposes of a conviction premised upon subsection (a) of this section, or any proceeding pursuant to this Code in which an issue is whether a person was driving a vehicle while under the influence, evidence establishing the presence and concentration of alcohol or drugs in the person's blood, breath or urine shall be relevant and admissible. Such evidence may include the results from tests of samples of the person's blood, breath or urine taken within 4 hours after the time of driving or at some later time. In any proceeding, the resulting alcohol or drug concentration reported when a test, as defined in paragraph (c)(3) of this section, is performed shall be deemed to be the actual alcohol or drug concentration in the person's blood, breath or urine without regard to any margin of error or tolerance factor inherent in such tests.

(1) Evidence obtained through a preliminary screening test of a person's breath in order to estimate the alcohol concentration of the person at the scene of a stop or other initial encounter between a law-enforcement officer and the person shall be admissible in any proceeding to determine whether probable cause existed to believe that a violation of this Code has occurred. However, such evidence may only be admissible in proceedings for the determination of guilt when evidence or argument by the defendant is admitted or made relating to the alcohol concentration of the person at the time of driving.

(2) Nothing in this section shall preclude conviction of an offense defined in this Code based solely on admissible evidence other than the results of a chemical test of a person's blood, breath or urine to determine the concentration or presence of alcohol or drugs.

(3) A jury shall be instructed by the court in accordance with the applicable provisions of this subsection in any proceeding pursuant to this Code in which an issue is whether a person was driving a vehicle while under the influence of alcohol or drugs or a combination of both.

(h) (1) For the purpose of introducing evidence of a person's alcohol concentration or the presence or concentration of any drug pursuant to this section, a report signed by the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist who performed the test or tests as to its nature is prima facie evidence, without the necessity of the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist personally appearing in court:

- a. That the blood delivered was properly tested under procedures approved by the Division of Forensic Science, or the Delaware State Police Crime Laboratory;
- b. That those procedures are legally reliable;
- c. That the blood was delivered by the officer or persons stated in the report; and,

d. That the blood contained the alcohol, drugs or both therein stated.

(2) Any report introduced under paragraph (h)(1) of this section must:

a. Identify the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist as an individual certified by the Division of Forensic Science, the Delaware State Police Crime Laboratory or any county or municipal police department employing scientific analysis of blood, as qualified under standards approved by the Division of Forensic Science, or the Delaware State Police Crime Laboratory to analyze the blood;

b. State that the person made an analysis of the blood under the procedures approved by the Division of Forensic Science or the Delaware State Police Crime Laboratory; and,

c. State that the blood, in that person's opinion, contains the resulting alcohol concentration or the presence or concentration of any drug within the meaning of this section.

Nothing in this subsection precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the report entered pursuant to paragraphs (h)(1) and (2) of this section.

(3) For purposes of establishing the chain of physical custody or control of evidence defined in this section which is necessary to admit such evidence in any proceeding, a statement signed by each successive person in the chain of custody that the person delivered it to the other person indicated on or about the date stated is prima facie evidence that the person had custody and made the delivery stated, without the necessity of a personal appearance in court by the person signing the statement, in accordance with the same procedures outlined in § 4331(3) of Title 10.

(4) In a criminal proceeding, the prosecution shall, upon written demand of a defendant filed in the proceedings at least 15 days prior to the trial, require the presence of the Forensic Toxicologist, Forensic Chemist, State Police Forensic Analytical Chemist, or any person necessary to establish the chain of custody as a witness in the proceeding. The chain of custody or control of evidence defined in this section is established when there is evidence sufficient to eliminate any reasonable probability that such evidence has been tampered with, altered or misidentified.

(i) In addition to any other powers of arrest, any law-enforcement officer is hereby authorized to arrest without a warrant any person who the officer has probable cause to believe has violated the provisions of this section, regardless of whether the alleged violation was committed in the presence of such officer. This authority to arrest extends to any hospital or other medical treatment facility located beyond the territorial limits of the officer's jurisdiction provided there is probable cause to believe that the violation of this section occurred within the officer's jurisdiction. This authority to arrest also extends to any place where the person is found within 4 hours of the alleged driving of a vehicle if there is reason to believe the person has fled the scene of an accident in which that person was involved, and provided there is probable cause to believe that the violation of this section occurred within the officer's jurisdiction.

(j) Any court in which a conviction of or guilty plea to a driving under the influence offense shall include the blood alcohol concentration of the defendant (if any is on record) when forwarding notice of said conviction or guilty plea to the Division of Motor Vehicles.

(2) If a person applies and qualifies for the first offenders election under this section, all of the following apply:

- a. The court, without entering a judgment of guilt and with the consent of the accused, may defer further proceedings and shall place the accused on probation upon terms and conditions, including enrollment in a course of instruction or program of rehabilitation established under § 4177D of this title.
- b. The application constitutes a waiver of the right to speedy trial.
- c. The application and acceptance of the first offenders election constitutes agreement to pay the costs of prosecution for the case. The court shall assess such costs and impose them as a condition of probation. For the purposes of this section, costs of prosecution are \$250 and any additional costs as established by the appropriate court schedules.
- d. The application constitutes a waiver of the right to an administrative hearing under § 2742 of this title and acts to withdraw any request previously made for such a hearing.

(3) If a person elects not to apply for the first offender election under this section, or is not qualified, the court shall promptly arraign the person for a violation of § 4177 of this title.

(b) If a person is alleged to have violated a term or condition of probation, including failure to appear for evaluation at an assigned evaluating agency, the court shall hold a hearing to determine if a term or condition has been violated and, if so, shall enter an adjudication of guilt and proceed as otherwise provided under § 4177 of this title.

(1) The court shall provide notice of the hearing required under this section and the alleged violation of a term or condition of probation to the person.

(2) If the person fails to appear for the hearing required under this section, the court may proceed with the hearing.

(c) (1) If a person fulfills the terms and conditions of probation, including satisfactory completion of the course of instruction or program of rehabilitation, and payment of all fees, the court shall do both of the following:

- a. Discharge the person and the proceedings against the person.
- b. Submit to the Division of Motor Vehicles a written report specifying the name of the person and the nature of the proceedings

against the person.

(2) The Division of Motor Vehicles shall retain the report issued under paragraph (c)(1)b. of this section for further proceedings, if required.

(d) The Secretary shall forthwith revoke the driver's license or driving privileges of a person who applies for the first offender election under subsection (a) of this section for a period of 1 year.

(1) If the person qualifies for and accepts the first offender election, the revocation period is for 1 year from the date of the initial revocation.

(2) If the person does not qualify for, or is not accepted into, the first offender election, or if the person is found by the court to be in violation of a term or condition of probation, the revocation period under this section continues until sentence is imposed. This revocation period is not concurrent with or part of any other revocation period established under this subchapter and is effective as of the date of sentencing for a period of 1 year.

(e) (1) *Prior or previous conviction or offense.* — For purposes of §§ 2742 and 4177 of this title and this section, § 4215A of Title 11 does not apply. Instead, all of the following constitute a prior or previous conviction or offense:

a. A conviction or other adjudication of guilt or delinquency under § 4175(b) or § 4177 of this title or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

b. A conviction or other adjudication of guilt or delinquency under a criminal statute encompassing death or injury caused to another person by the person's driving where driving under the influence or with a prohibited blood alcohol concentration or an illicit or recreational drug content was an element of the offense, whether such conviction was under this Code or the law of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

c. Participation in a course of instruction or program of rehabilitation or education under § 4175(b) or § 4177 of this title, this section, or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia, regardless of the existence or validity of any accompanying attendant plea or adjudication of guilt.

d. A conditional adjudication of guilt, court order, or agreement sanctioned by a court requiring or permitting a person to apply for, enroll in, or otherwise accept first offender treatment or any other diversionary program under this section or a similar statute of any state or local jurisdiction, any federal or military reservation, or the District of Columbia.

(2) *Time limitations.* — For the purpose of determining the applicability of enhanced penalties under § 4177 of this title, the time limitations on use of prior or previous convictions or offenses under this subsection are as follows:

a. For sentencing under § 4177(d)(2) of this title, the second offense must have occurred within 10 years of a prior or previous offense.

b. For sentencing under § 4177(d)(3), (d)(4), (d)(5), (d)(6), (d)(7), (d)(8), or (d)(9) of this title, there is not a time limitation and all prior or previous convictions or offenses as defined in paragraph (e)(1) of this section must be considered for sentencing.

c. For any subsection that does not have a time limitation prescribed, all prior or previous convictions or offenses as defined in paragraph (e)(1) of this section must be considered.

(3) *Computation of time limitations.* — For the purpose of computing the periods of time under § 2742 or § 4177 of this title or this section, the period runs from the date of the commission of the prior or previous offense to the date of the commission of the charged offense. However, in any case in which the prior or previous offense is defined in paragraph (e)(1)c. or d. of this section, the date of the driving incident which caused the adjudication or program participation is the date of the prior or previous offense.

(4) *Separate and distinct offenses.* — For the purpose of determining the applicability of enhanced penalties under § 4177 of this title, prior or previous convictions or offenses used to determine eligibility for such enhanced penalties must be separate and distinct offenses; that is, each must be successive to the other with some period of time having elapsed between sentencing or adjudication for an earlier offense or conviction and the commission of the offense resulting in a subsequent conviction.

(5) *Challenges to use of prior offenses.* — In any proceeding under § 2742 or § 4177 of this title or this section, a person may not challenge the validity of any prior or previous conviction, unless that person first successfully challenges the prior or previous conviction in the court in which the conviction arose and provides written notice of the specific nature of the challenge in the present proceeding to the prosecution at least 20 days before trial.

(f) (1) The Attorney General may move the sentencing court to apply this section to a person who would otherwise be disqualified from consideration under this section because of the applicability of any of the following:

a. Paragraph (a)(1)a. of this section, if any prior or previous offense as defined in subsection (e) of this section is not within 10 years of the offense for which the person is being sentenced.

b. Paragraphs (a)(1)b., (a)(1)c., (a)(1)d., (a)(1)e., and (a)(1)f. of this section.

c. [Repealed.]

(2) If the Attorney General makes a motion under paragraph (f)(1) of this section, the court may apply the terms of this section to the person.

(g) [Repealed.]

(4) An incorporated city or town which establishes a voluntary assessment center may, by ordinance, provide for a reduction in the amount of the civil penalty due if such civil penalty is paid during a specified time period which is prior to the summons due date.

(b) *Payment by voluntary assessment.* — An owner or operator shall pay the amount on the summons to the voluntary assessment center listed on the summons, which center may be either a municipal voluntary assessment center or the Justice of the Peace Court Voluntary Assessment Center. No court costs or other administrative fee shall be assessed if a civil penalty is paid by voluntary assessment. In lieu of payment, an owner or operator may notify the applicable voluntary assessment center, within the time period specified on the summons, that such owner or operator requests a hearing in the Justice of the Peace Court.

(c) *Presumptions.* — (1) If any vehicle found to be in violation of this subchapter or any ordinance, code or regulation regulating stopping, standing or parking is unattended at the time the violation is discovered and the identity of the operator is not otherwise apparent, the person in whose name such vehicle is registered as the owner shall be held responsible for such violation, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner:

a. Prior to the due date furnishes to the voluntary assessment center either:

(2) A summons may be issued by the prosecuting agency to a person identified by affidavit or evidence in court as the actual operator of the vehicle shown to have violated this subchapter or an ordinance, code or regulation regulating stopping, standing or parking. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in this subsection.

(d) *Procedure for contesting.* — (1) A request for a hearing must be made no later than the due date indicated on the summons, which date shall not be sooner than 20 days from the date the summons was issued.

(2) The voluntary assessment center shall notify the Justice of the Peace Court when a hearing is requested. Such notification shall be in accordance with policies and procedures developed by the Justice of the Peace Court.

(e) *Failure to pay or contest the violation.* — If the owner or operator:

(1) Fails to respond to the summons on or before the due date in any of the manners permitted by this section, or

(2) Requests a hearing and fails to appear,

the Court may, upon motion, enter a default judgment against such owner or operator. However, when the default judgment is sought for a failure to respond to the summons, no default judgment shall be entered until notice by first class mail is sent by the Court to such owner or operator providing the owner or operator with 10 days to pay the civil penalty to the Court or request a hearing to contest the charge. A

default judgment may include any applicable increases in the amount of the civil penalty for failure to timely pay or contest. The applicable city, county, or state agency may seek execution on any judgment entered by the Court.

## **Subchapter XI**

### **Miscellaneous Rules**

#### **§ 4182. Unattended motor vehicle.**

(a) No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key and effectively setting the brake thereon and, when standing upon any grade, turning the front wheels to the curb or side of the highway.

(b) The requirements of subsection (a) of this section do not apply to an operator who starts the engine of a vehicle by using a remote starter or other similar device that remotely starts the vehicle's engine without placing the key in the ignition and requires the key to be placed in the ignition or physically present in the vehicle before the vehicle can be operated.

(21 Del. C. 1953, § 4180; 54 Del. Laws, c. 160, § 1; 63 Del. Laws, c. 214, § 1; 81 Del. Laws, c. 158, § 1.)

#### **§ 4183. Parking areas for vehicles being used by persons with disabilities.**

(a) For purposes of this section, the term "vehicle being used by a person with a disability" means a vehicle:

(1) That displays a valid special license plate issued pursuant to § 2134 of this title on the rear of the vehicle, or that displays a valid parking placard issued pursuant to § 2135 of this title on the front windshield rearview mirror of the vehicle or, if there is no mirror, on the dashboard, or that displays a valid plate, placard or other item issued under a similar statute in another state or country; and

(2) In which the person for whom the plate or placard is issued is either the operator or a passenger or, in the case of an organization, in which a person who is entitled to obtain a permanent or temporary placard is a passenger.

(b) With the exception of a vehicle being used by a person with a disability, it is unlawful to park on public or private property any vehicle in any area under the control of the Department of Transportation or a local authority within its respective jurisdiction or under the control of an owner or lessee of private property that is designated as a parking space or zone for persons with disabilities which limit or impair the ability to walk and that is conspicuously marked as such. For purposes of this section, "conspicuously marked" means that a vertical sign has been placed at an approximate height of at least 5 feet but no more than 7 feet when measured from the surface directly below the sign to the top of the sign for each parking space or zone. The sign must substantially follow federal specifications that identify a parking zone or space as one for persons with disabilities which limit or impair the ability to walk. A sign at least 12 inches wide by 18 inches tall that includes the internationally recognized wheelchair symbol of access substantially follows federal specifications. These requirements may not be construed to preclude additional markings, such as the international wheelchair symbol or a striped extension area painted on the space or zone, or a tow-away warning sign.

(c) Upon the discovery on private property of a vehicle, other than a vehicle being used by a person with a disability, in a designated parking space or zone for persons with disabilities, the owner or lessee of the private property may cause the illegally parked vehicle to be removed to a private storage area maintained for the safe storage of vehicles. Any costs of removal and storage must be borne by the owner or operator of the vehicle. Upon the discovery of a vehicle illegally parked in a designated parking space or zone for persons with disabilities that is under the control of the Department of Transportation or local authorities, the State Police, county police or municipal police having jurisdiction may cause the illegally parked vehicle to be removed to a private storage area maintained for the safe storage of vehicles. Any costs of removal and storage must be borne by the owner or operator of the vehicle.

(d) In addition to unlawful parking on public or private property in a space or zone designated for a vehicle being used by a person with a disability, the following acts are prohibited on both public and private property and may be enforced pursuant to this section:

(1) Creating or using a counterfeit license plate or parking placard, as described in § 2134 or § 2135 of this title;

(2) Altering a license plate or parking placard issued pursuant to § 2134 or § 2135 of this title;

(3) Parking on a striped area within or adjacent to a space or zone designated for a vehicle being used by a person with a disability;

(4) Being the person or organization to whom a license plate or parking placard has been issued pursuant to § 2134 or § 2135 of this title, allowing another to use the plate or placard; or

**§ 4401. Purpose; abandoned vehicles on private property or public highways; definition.**

(a) The purpose of this chapter is to eliminate abandoned vehicles which tend to impede traffic in the streets or interfere with the enjoyment of, and reduce the value of, private property, to invite plundering, to create fire hazards and other safety and health hazards to children as well as to adults, to interfere with the comfort and well-being of the public and to create, extend and aggravate urban blight.

(b) Any vehicle that is either: (1) inoperable, dismantled, wrecked, or which displays expired registration plates which are at least 30 days expired, or which displays no registration plates, or from which major components have been removed, is in such a state of disrepair as to be incapable of being operated in the manner for which it is designed and is situated on private property appearing to have been abandoned; or (2) which is inoperable, dismantled, wrecked, or which displays expired registration plates which are at least 30 days expired, or which displays no registration plates, or from which the major components have been removed and which shall have been placed upon any State or public highway or property or the property or roads of any political subdivision or the State or public highways within a municipality or upon any express highway in the State for a period in excess of 12 hours without being removed, shall be considered to be abandoned for the purpose of this chapter, except:

(1) That vehicles and equipment used or to be used in the construction, operation or maintenance of public utility facilities and which are left in a manner which does not interfere with the normal movement of traffic shall not be considered abandoned vehicles for the purposes of this chapter;

(2) Those vehicles whose owners have properly parked and locked them and have notified the State Police, county police or municipal police, as the case may be, as designated in § 4402 of this title, that the owner desires to leave the vehicle so parked and secured for a period not to exceed 30 days, except that if during such period the vehicle is no longer secured, or, in the opinion of the State Police, county police or municipal police, has become a danger to the public, then the vehicle shall be subject to the provisions of this chapter.

(c) As used in this chapter, the term “express highway” or “state highway” or “public highway” shall include any portion of the highway located within the right-of-way lines or, in the case of limited access highway, the denial of access lines, including shoulders and median strip.

(21 Del. C. 1953, § 4401; 55 Del. Laws, c. 173; 57 Del. Laws, c. 204; 57 Del. Laws, c. 713, § 1; 65 Del. Laws, c. 46, § 1; 74 Del. Laws, c. 60, §§ 1, 2, 3.)

**§ 4402. Enforcement; removal of abandoned vehicles; transfer thereof.**

(a) This chapter shall be enforced with respect to state or public highways or property within a municipality which maintains a police force by that police force. In all other instances, the State Police or the Department of Safety and Homeland Security (hereinafter “Department”) shall enforce this chapter, except that, in New Castle County, the New Castle County Police shall have concurrent authority to enforce this chapter. New Castle County Code Enforcement Constables shall have concurrent authority to enforce the notice provisions of subsections (d) and (e) of this section. The Department of Transportation shall have a limited role in causing vehicles to be removed from state or public highways, as stated herein.

(b) Upon the discovery of a vehicle on any state or public highway or property or the property or roads of any political subdivision or state or public highways within a municipality or upon any express highway in the State concerning which vehicle there are reasonable grounds to believe to be an abandoned vehicle, the State Police, county police or municipal police, as the case may be, shall post a notice at some conspicuous place on the vehicle, which shall direct that such vehicle be removed by a stated time and date (such time and date to be not less than 12 hours following the posting of such notice). If the vehicle is not removed within the time period designated by such notice, the abandoned vehicle shall be removed to a storage area designated by the Department or the State Police or its successor.

(c) In the event that a vehicle is abandoned on private property without the consent of the owner or occupant thereof, at the complaint of the property owner or occupant, such vehicle may be caused to be removed by the State Police, county police or municipal police, as the case may be, in the manner provided in this chapter, except that the posting required in subsection (b) of this section may be omitted. Any towing company or vendor requested to remove an abandoned vehicle under these circumstances shall be provided by the involved police agency the best available information regarding ownership of the vehicle and last known address of the owner.

(d) If an abandoned vehicle is on private property with the consent of the owner or occupant thereof, or if an abandoned vehicle is owned by the owner or occupant of the private property where the vehicle is located, representatives of the Department or State Police may enter upon the property where such vehicle is located to ascertain its ownership. The Department shall notify the owner of the abandoned vehicle by certified mail sent to the owner’s last known address to remove such vehicle within 7 days from the date of the mailing. If the vehicle is not removed within 7 days or if the owner cannot be located for the purpose of sending the written notice, then representatives of the

Department or State Police may enter upon the property where the vehicle is located and conspicuously affix thereto a sticker or tag showing the time and date of its affixing, advising the owner that if the vehicle is not removed within 24 hours from the time of the affixing of the sticker, the vehicle shall be removed to a storage area designated by the Department or the State Police. This subsection shall not apply to automobile graveyards as defined in § 1202(b)(2) of Title 17 nor to any vehicle on private property which is not visible from the street or road and is not otherwise a nuisance or a health or fire hazard.

(e) The notice required by subsections (b) and (d) of this section shall state that, if such vehicle is not so removed, it will be removed and stored at a storage area designated by the Department or the State Police at the owner's expense, and thereafter will be subject to disposal in accordance with law. Such notice shall also set forth verbatim § 4414 of this title. If the vehicle shall not have been removed by the time and date specified in the notice, the police officer or agents or employees of the Department or State Police shall take such vehicle into custody and shall cause it to be removed and stored for safekeeping in the storage area designated by the Department or the State Police. The officer shall promptly notify the Secretary of Safety and Homeland Security, upon a form to be supplied by the Secretary for that purpose, of the action which has been taken with respect to such vehicle.

(f) This chapter shall not apply to any removal of a vehicle unless the removal is directed by the appropriate police authority or the Department or State Police or its successor.

(g) Any person who possesses or on whose property any abandoned vehicle or motor vehicle is found or who owns a vehicle or motor vehicle for which the certificate of title is lost or destroyed and such vehicle or motor vehicle is more than 8 years old and has no engine or is otherwise totally inoperable, may transfer the vehicle or motor vehicle to a licensed automotive recycler without the certificate of title on forms furnished by the Department. In such cases, the licensed automotive recycler may take the vehicle or motor vehicle in that person's possession and shall immediately obtain from the Division of Motor Vehicles the name and address of the last known owner of the vehicle or motor vehicle or secured party. The licensed automotive recycler shall give at least 10 days' notice to the owner or secured party by certified mail, return receipt requested. If the vehicle is not reclaimed within the 10-day period specified in the notice, the licensed automotive recycler assumes unencumbered title to the vehicle.

If the name and address of the owner or secured party cannot be obtained from the records of the Division of Motor Vehicles or by exercising reasonable diligence, the licensed automotive recycler assumes unencumbered title after the vehicle or motor vehicle has been in the recycler's possession for 30 days.

Notice of assumption of ownership shall be made to the Division of Motor Vehicles on forms devised by the Division.

(h) In the event that a vehicle is abandoned or parked within a private right-of-way, alleyway or easement in such a manner as to impede the flow of traffic, at the complaint of any property owner or occupant or other person with a right-of-passage across the private right-of-way, alleyway or easement, such vehicle may be caused to be removed by the State Police, county police or municipal police, as the case may be, in the manner provided in this chapter, except that the posting required in subsection (b) of this section may be omitted and that the provisions of this chapter shall be applied to said parked vehicle as if it were an abandoned vehicle.

### **§ 4403. Notice of removal.**

The police or the Department of Safety and Homeland Security causing the removal of an abandoned vehicle shall immediately ascertain the identity of any person or persons holding a lien against said vehicle. Within 5 days of the removal of the vehicle, the State Police, other police agencies, New Castle County Code Enforcement Constables or the Department shall cause a written notice to be mailed to the registered owner of the vehicle removed and lien holders stating:

- (1) That the vehicle has been removed pursuant to law;
- (2) The place to which it has been removed; and
- (3) That the vehicle may be sold to satisfy the costs of removal and storage of the vehicle as provided in § 4404 of this title unless those costs have been paid in full on or before 30 days from the date of the removal of the vehicle.

If the address of the owner of the vehicle cannot be ascertained by the exercise of reasonable diligence, then the notice provided by this section shall not be required to be given.

### **§ 4404. Sale of abandoned vehicles; disposition of proceeds.**

The Department of Safety and Homeland Security shall have a possessory lien against said abandoned vehicles and shall have a right to sell said abandoned vehicles after complying with the notice and sale provisions outlined in Chapter 39 of Title 25, with the exception that the proceeds of the sale shall be applied first to the costs of the sale, then to the costs of removing, towing, preserving and storing and then to the payment of any liens to which said motor vehicle, trailer or part thereof may be subject in order of their priority, then to the State Treasurer who shall create a special fund thereof and who shall pay to the owner the moneys held if a claim is made within 1 year of the removal or deposit the moneys in the General Fund if no claim is made within 1 year of removal. Any possessory lien created under this section shall not extend to any personal property that is not attached to or considered necessary for the proper operation of any motor

vehicle, and such property shall be returned to the owner of the motor vehicle if the owner of the motor vehicle claims the items prior to the sale of such motor vehicle.

The owner shall keep adequate records and furnish the Department with a monthly report.

(b) The Department of Safety and Homeland Security and wrecker owner shall enter into a contract providing for the removal of vehicles, but the Department of Safety and Homeland Security shall make the determination of the number of cars to be removed by the wrecker within an 8-hour work day with no removal permitted on Sunday.

(f) The wrecker owner shall have the vehicle inspected by the Delaware State Police Auto Theft Unit between the date the vehicle is towed and the thirtieth day following that date.

(g) If the unit is released by the registered owner and all secured parties, the wrecker owner may proceed to transfer the vehicle without having to comply with Chapter 39 of Title 25. This transfer shall be made to a salvage yard without a certificate of title, but shall be made on forms furnished by the Department of Safety and Homeland Security.

(h) If the model year of the unit cannot be determined, then it will not be subject to this section.

(k) Any wrecker owner who violates this section shall, for the first offense, be fined not less than \$25 nor more than \$50 for each vehicle violation. For each subsequent life offense within 1 year the wrecker owner shall be fined not less than \$50 nor more than \$100 for each vehicle violation.

(l) The last known registered owner of an abandoned vehicle is considered to be the prima facie owner of the vehicle at the time it was abandoned and to be the person who abandoned it.

**Part III**  
**Operation and Equipment**  
**Chapter 45**  
**SIZE AND WEIGHT OF VEHICLES AND LOADS**

**§ 4501. Size and weight of vehicles generally.**

(a) No person shall drive or move, or, being the owner, cause or knowingly permit to be driven or moved on any highway, any vehicle or combination of vehicles:

- (1) Having a size or weight exceeding the limitations stated in this chapter; or
- (2) Having a gross weight exceeding that for which it is lawfully registered; or
- (3) In violation of any provision of this title; or
- (4) Having a gross weight exceeding that for which it could have been registered in this State if it is registered for a greater weight in another state, unless a reciprocity agreement between the 2 states is in effect; or
- (5) In violation of the rules or regulations of the Secretary of Safety and Homeland Security adopted pursuant to this title or this chapter; or
- (6) Special mobile equipment.

(b) For purposes of this chapter, any combination of trucks, truck trailers, trailers and semitrailers, not specifically authorized herein, shall be unlawful. The following are authorized:

- (1) A truck and trailer.
- (2) A truck tractor, semitrailer.
- (3) A truck tractor, semitrailer, trailer.
- (4) A vehicle string utilizing saddlemount and/or fullmount.
- (5) A tow truck and a disabled vehicle or combination of vehicles.

(c) Except as otherwise provided herein, this chapter applies to every vehicle operated upon any road, street or highway within this State. The maximum size and weight of vehicles specified herein by type of highway shall be lawful throughout this State and local authorities may not alter such limitations, except as expressly provided in this chapter.

(d) Any gross weight measurements made to determine compliance with this chapter shall be taken so as to include both the vehicle and load. Any vehicle having a gross weight in excess of that allowable under this chapter or in excess of that for which it is currently registered shall be considered as an "overweight vehicle."

(e) Any linear measurements taken to determine compliance with this chapter shall be taken so as to include the vehicle and any load thereon including any projections of any type, character or nature whatsoever, such as, but not limited to, bumpers, steps, mirrors and hose connections specifically excluding the tongue of a trailer.

(f) Except as otherwise provided in this chapter, it shall be unlawful to operate any vehicle at a gross weight which exceeds the weight for which it is registered and provided further that:

(1) Except as otherwise provided in this paragraph, the total gross weight including load, of a combination of a truck tractor and semitrailer having a total of 5 or more axles shall not exceed 80,000 pounds. For a live-haul poultry truck traveling less than 150 miles from the farm to the plant, the total gross weight including load of a combination of a truck tractor and semitrailer having a total of 5 or more axles shall not exceed 90,000 pounds. However, such a live-haul poultry truck may exceed the established weight limit by no more than 3% to account for variations in bird weight due to bird size, moisture retention caused by precipitation, or other unanticipated conditions. For the 90,000 pound weight limit and associated 3% variance to apply to a live-haul poultry truck, the following conditions must exist:

- a. The live-haul poultry truck must be subject to the Motor Carrier Safety Assistance Program (MCSAP) inspection.
- b. The live-haul poultry truck must adhere to all bridge weight limits.
- c. The live-haul poultry truck must not use the interstate highway system.
- d. The axels on a live-haul poultry truck must be a minimum of 96 inches apart no later than May 8, 2015.

(2) The gross weight of a vehicle equipped with 2 or more axles without power brakes on each rear hub shall not exceed 22,000 pounds and it shall be unlawful to operate such vehicle in excess of 20 miles per hour.

(3) The gross weight of a trailer equipped with metal tires shall not exceed 6,000 pounds.

(4) Any vehicle, otherwise required to be registered pursuant to this title which is not registered and which requires a registration fee that is calculated upon gross weight, shall be assigned a weight allowance equal to the highest legal weight for which that vehicle could be registered for the purpose of enforcement of the weight section of this title.

(g) Except as otherwise provided in this chapter, it shall be unlawful to operate any vehicle in this State in violation of length, height or size restrictions provided in this title and provided further that:

(1) No passenger vehicle shall carry any load extending beyond the line of the fenders on the left side of such vehicle nor extending more than 6 inches beyond the line of the fender on the right side thereof.

(2) The load upon any vehicle operated alone or the load upon the front vehicle of a combination of vehicles shall not extend more than 3 feet beyond the foremost part of the vehicle; and the load upon any vehicle operated alone or the load upon the rear vehicle of a combination of vehicles shall not extend more than 6 feet beyond the rear of the bed or body of such vehicle. Pilings and/or poles or mill logs, or nursery stock, or rowing shells, or steel beams, pipes, angles, channels and other length or steel, or other metal, or other articles impossible of dismemberment shall not extend more than 10 feet beyond the rear of the bed or body of such vehicle.

b. Buses shall not exceed 45 feet in length.

c. Piling and pole trailers and vehicles or combinations or vehicles engaged in the transportation of steel beams, pipes, angles channels and other lengths of steel, or other metals, or other articles impossible of dismemberment shall not exceed 70 feet.

(4) Notwithstanding paragraph (b)(1) or (3) of this section:

a. No recreational vehicle, including any load or truck camper thereon or any camping trailer, recreational trailer or park trailer attached thereto, shall exceed a total outside width of 102 inches, exclusive of any safety equipment, which shall not extend beyond the federal motor vehicle safety standards for such equipment, or appurtenances such as awnings and lights which are integral to the construction of the vehicle, installed by the vehicle's manufacturer or dealer, and do not extend more than 6 inches wider on each side of the vehicle; provided however, that such vehicles permissibly exceeding the 102 inch width limit with its attached equipment

or appurtenances shall only be operated:

1. On roadways having travel lanes at least 11 feet in width, unless prohibited by the Department of Transportation or by a municipality based on safety reasons and marked with signs prohibiting such vehicles; or
  2. On any roadway of the State when such a vehicle is being operated between a roadway permitted under paragraph (b)(4)a.1. of this section and:
    - A. The location where the recreational vehicle, recreational trailer, park trailer, camping trailer or truck camper is garaged; or
    - B. The destination of the recreational vehicle, recreational trailer, park trailer, camping trailer or truck camper; or
    - C. A facility for food, fuel, repair, services or rest.
- b. No single recreational vehicle, including any load or truck camper thereon, shall exceed 45 feet in length; and
- c. No combination of a recreational vehicle with any vehicle, including the load thereon, nor any combination of any motor vehicle with any camping trailer, recreational trailer or park trailer attached thereto, shall exceed 65 feet in length.
- (c) (1) A vehicle equipped with 2 axles, having each of the 2 axles equipped with 2 hubs, with a power brake on each hub, shall not exceed a total gross weight of 40,000 pounds or manufacturer's gross vehicle weight rating whichever is less.
- (2) A vehicle equipped with 3 axles, having each of the 3 axles equipped with 2 hubs, with a power brake on each hub, shall not exceed a total gross weight of 65,000 lbs. or the manufacturer's gross vehicle weight rating, whichever is less; notwithstanding the above, and as limited in § 2105 of this title, it shall be lawful to operate such a vehicle to and from any construction site located in this State when the total gross weight does not exceed 70,000 lbs.; and it shall also be lawful to operate such a vehicle containing agricultural products when the gross weight, including vehicle and load, does not exceed 70,000 lbs.; provided that vehicles utilizing the above exception shall pay a fee of \$100 per vehicle at the time of registration for this extra weight capacity.
- (3) A vehicle equipped with 4 axles, having each of the rear axles equipped with 2 hubs, with a power brake on each rear hub, shall not exceed a total gross weight of 73,280 pounds or manufacturer's gross vehicle weight rating whichever is less.
- (4) The total gross weight of a combination tractor and semitrailer having a total of 3 axles shall not exceed 60,000 lbs. or combined manufacturer's gross vehicle weight rating whichever is less.
- (5) The total gross weight of a combination tractor and semitrailer having a total of 4 axles shall not exceed 70,000 lbs. or combined manufacturer's gross vehicle weight rating whichever is less.
- (6) Except as otherwise provided in this paragraph, the total gross weight of a combination tractor and semitrailer having a total of 5 or more axles shall not exceed 80,000 lbs. or combined manufacturer's gross vehicle weight rating whichever is less. For a live-haul poultry truck traveling less than 150 miles from the farm to the plant, the total gross weight including load of a combination of a truck tractor and semitrailer having a total of 5 or more axles shall not exceed 90,000 pounds. However, such a live-haul poultry truck may exceed the established weight limit by no more than 3 percent to account for variations in bird weight due to bird size, moisture retention caused by precipitation, or other unanticipated conditions. For the 90,000 pound weight limit and associated 3 percent variance to apply to a live-haul poultry truck, the following conditions must exist:
- a. The live-haul poultry truck must be subject to the Motor Carrier Safety Assistance Program (MCSAP) inspection.
  - b. The live-haul poultry truck must adhere to all bridge weight limits.
  - c. The live-haul poultry truck must not use the interstate highway system.
  - d. The axels on a live-haul poultry truck must be a minimum of 96 inches apart no later than May 8, 2015.
- (7) Except as otherwise provided herein, for single unit vehicles, no axle load shall exceed 22,400 pounds. With respect to any single unit vehicle, the maximum gross weight between any 3 consecutive axles that actually bear weight upon the pavement, and which have wheels spaced between 144 inches and not less than 60 inches apart when measured horizontally between their center lines, shall not exceed 60,000 lbs. With respect to any single unit vehicle, the maximum gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and which have wheels spaced between 96 inches and not less than 40 inches apart when measured horizontally between their center lines, shall not exceed 40,000 pounds. With respect to any single unit vehicle, the maximum combined gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and are less than 40 inches apart when measured horizontally between the center lines, shall not exceed 20,000 pounds. Where the distance between consecutive axle centers exceeds 96 inches, the weight for each such axle shall not exceed 22,400 pounds.
- (8) Except as otherwise provided herein, for combination unit vehicles, no axle load shall exceed 22,400 pounds. With respect to any combination unit vehicle, the maximum gross weight between any 2 consecutive axles that actually bear weight upon the pavement and which have wheels spaced between 96 inches and not less than 40 inches apart, measured horizontally between their center lines, shall not exceed 36,000 pounds. Where the distance between consecutive axle centers exceeds 96 inches, the weight for each such axle shall not exceed 22,400 pounds. With respect to any combination vehicle, the maximum combined gross weight between any 2 consecutive axles that actually bear weight upon the pavement, and are less than 40 inches apart when measured horizontally between the center lines, shall not exceed 20,000 pounds.
- (9) *Farm operations.* — Notwithstanding the other provisions of this section, the following applies to vehicles registered as (i) farm trucks or (ii) registered commercial motor vehicles that are controlled or operated by a farmer and while used in the operation of a farm. For these vehicles, no single axle load shall exceed 22,400 pounds, and with respect to any vehicle equipped with coupled axles spaced less than 48 inches apart measured horizontally between their center lines, the combined weight on the coupled axles shall not exceed

20,000 pounds and, with respect to a vehicle equipped with coupled axles spaced 48 inches or more apart measured horizontally between their center lines, the combined weight on the coupled axle shall not exceed 40,000 pounds. Furthermore, any farm loaded truck or farm vehicle carrying harvested products or livestock may exceed the weight limits established under this subsection by no more than 3 percent.

(10) Whenever the total gross weight permitted in any provisions of this section exceeds the total gross weight permitted as calculated pursuant to paragraph (c)(7) of this section, paragraph (c)(7) of this section shall be void.

(d) The Secretary of the Delaware Department of Transportation may, on the basis of engineering and/or traffic investigations, determine that any road, street, or highway under the jurisdiction of the Department of Transportation is not of sufficient width to accommodate vehicles otherwise permitted by this section and may thereafter prohibit vehicles of an otherwise permissible width from operation on such road, street or highway.

Provided, however, that such weight limitations and restrictions listed in this section apply only to the interstate highway; weight limitations and restrictions for federal-aid primary system highways and United States numbered routes shall be as listed in § 4502 of this title.

(b) (1) No vehicle, including any load thereon, shall exceed a height of 13 feet, 6 inches.

(2) The maximum length of a semitrailer, including any load thereon, exclusive of truck tractor size shall be 53 feet.

(3) The maximum length of a trailer or semitrailer in a truck tractor-semitrailer-trailer combination, including any load thereon, exclusive of tractor size shall be 29 feet.

(4) Buses shall not exceed 45 feet in length.

(5) Single vehicles including the load thereon shall not exceed 40 feet in length.

(6) No vehicle including any load thereon shall exceed a total outside width of 102 inches, exclusive of safety equipment, which shall not extend more than 3 inches wider on each side of the vehicle, or as shall be authorized by the Delaware Secretary of Public Safety.

(7) Notwithstanding paragraph (b)(5) or (6) of this section:

a. No recreational vehicle, including any load or truck camper thereon or any camping trailer, recreational trailer or park trailer attached thereto, shall exceed a total outside width of 102 inches, exclusive of any safety equipment, which shall not extend beyond the federal motor vehicle safety standards for such equipment, or appurtenances such as awnings and lights which are integral to the construction of the vehicle, installed by the vehicle's manufacturer or dealer, and do not extend more than 6 inches wider on each side of the vehicle;

b. No single recreational vehicle, including any load or truck camper thereon, shall exceed 45 feet in length; and

c. No combination of a recreational vehicle with any vehicle, including the load thereon, nor any combination of any motor vehicle with any camping trailer, recreational trailer or park trailer attached thereto, shall exceed 65 feet in length.

(2) It shall be unlawful for the gross weight on any 1 axle to exceed 20,000 pounds.

(3) It shall be unlawful for the gross weight on any tandem or coupled axles to exceed 34,000 pounds.

(4) It shall be unlawful for the maximum gross weight for any vehicle to exceed the sum of the allowed axle weight for the number of axles actually bearing their full share of the weight upon the pavement or the smallest weight as calculated hereunder:

a. The gross weight of any vehicle or combination of vehicles shall not exceed the weights stated hereunder:

2 axles — 40,000 lbs. 3 axles — 54,000 lbs. 4 axles — 74,000 lbs. 5 axles — 80,000 lbs.

b. The maximum gross weight of any vehicle or combination of vehicles on a group of 2 or more consecutive axles shall not exceed the weight as calculated by this formula:

$$W=500LN/N-1+12N+36$$

For purposes of this subsection, W equals overall gross weight on any group of 2 or more consecutive axles to the nearest 500 pounds, L equals the distance in feet between the extreme of any group of 2 or more consecutive axles, and N equals the number of axles in the group under consideration except that 2 consecutive sets of tandem axles may carry a gross load of 34,000 pounds each, whenever the overall distance between the first and last axle of the consecutive sets is 36 feet or more.

(d) The Delaware Secretary of Transportation may, on the basis of engineering and traffic investigations, determine that certain interstate highways, federal-aid primary system highways, and United States numbered routes cannot accommodate vehicles, otherwise permitted under this section, and may thereafter prohibit operation of such vehicles on the interstate highways, federal-aid primary system highways, and United States numbered routes so designated.

(e) The provisions of this section do not apply to the following vehicles when such vehicles are being operated on interstate highways and United States numbered routes; provided, however, that the liability for damages caused by any vehicle operated under this provision shall be borne by the owner of said vehicle:

(1) Fire apparatus owned or used by an organized fire company.

(2) Farm equipment being temporarily operated, moved or transported on a highway. This provision only applies to farmers engaged in their agricultural related practices.

(1) To be eligible for this exception, the operator of the vehicle must be able to prove:

a. By written certification, the weight of the APU; and

b. By demonstration or certification, that the idle reduction technology is fully functional.

(2) Certification of the weight of the APU must be available to law-enforcement officers if the vehicle is found in violation of applicable weight laws. The additional weight allowed cannot exceed 400 lbs. or the weight certified, whichever is less.

(g) The State hereby adopts federal commercial vehicle size limit exemptions for vehicles operating on interstate highways, federal-aid primary system highways, and United States numbered routes within the State as directed in 49 U.S.C. § 31111 and 49 U.S.C. § 31113 as amended.

(h) The State hereby adopts federal interstate weight limit exemptions for vehicles operating on interstate highways within the State as directed in 23 U.S.C. § 127 as amended.

(64 Del. Laws, c. 207, § 5; 67 Del. Laws, c. 345, §§ 1, 2; 68 Del. Laws, c. 281, § 1; 69 Del. Laws, c. 73, § 1; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 259, §§ 1, 2; 74 Del. Laws, c. 133, § 2; 77 Del. Laws, c. 124, § 1; 82 Del. Laws, c. 93, § 4.)

(10) Information advising the owner of the manner, time, and place by which liability as alleged in the notice may be contested.

(11) Information warning the owner that failure to pay the civil penalty or contest liability in a timely manner is an admission of liability and may result in a judgment being entered against the owner or the denial of the registration or renewal of any of the owner’s motor vehicles.

(12) Notice that the owner’s ability to rebut the presumption that the owner or an employee of the owner was the operator of the motor vehicle at the time of the alleged violation and the means for rebutting the presumption.

(4) Adjudication of liability is based on a preponderance of the evidence.

(l) *Status of violation.* — A violation for which a civil penalty is imposed under this section is not a moving violation for the purpose of assessing points under 2 DE Admin. Code § 2208, and may not be any of the following:

(2) Treated as a parking violation under state, county, or municipal law.

(3) Considered in the provision of motor vehicle insurance coverage.

**Part IV**  
**Miscellaneous**  
**Chapter 64**  
**ODOMETERS**

**§ 6401. Findings; purpose.**

The General Assembly hereby finds that purchasers when buying motor vehicles rely heavily on the odometer reading as an index of the condition and value of such vehicle; that purchasers are entitled to rely on the odometer reading as an accurate reflection of the mileage actually traveled by the vehicle; that an accurate indication of the mileage traveled by a motor vehicle assists the purchasers in determining its safety and reliability; and that motor vehicles move in the current of interstate and foreign commerce or affect such commerce. It is therefore the purpose of this chapter to prohibit tampering with odometers on motor vehicles and to establish certain safeguards for the protection of purchasers with respect to the sale of motor vehicles having altered or reset odometers.

(62 Del. Laws, c. 255, § 1.)

**§ 6402. Definitions.**

(8) “Transfer” means to change ownership of a motor vehicle by purchase, gift or any other means.

(9) “Transferee” means any person to whom ownership in a motor vehicle is transferred by purchase, gift or other means other than by creation of a security interest, and any person who, as agent, signs an odometer disclosure statement for the transferee.

(10) “Transferor” means any person who transfers ownership of a motor vehicle by sales, gift or any means other than by creation of a security interest, and any person who, as agent, signs an odometer disclosure statement for the transferor.

**§ 6403. Unlawful devices.**

No person shall advertise for sale, sell, use or install or cause to be installed, any device which causes an odometer to register any mileage other than the true mileage traveled by a motor vehicle. For purposes of this section, the true mileage traveled by a motor vehicle is that mileage traveled by a motor vehicle as registered by the odometer within the manufacturer’s designed tolerance.

(62 Del. Laws, c. 255, § 1.)

**§ 6404. Unlawful change of mileage.**

No person shall, with intent to defraud, possess a motor vehicle knowing that the odometer of such vehicle is disconnected or nonfunctional.

(62 Del. Laws, c. 255, § 1.)

**§ 6406. Lawful service, repair or replacement.**

(a) Nothing in this chapter shall prevent the service, repair or replacement of an odometer, provided the mileage indicated thereon

remains the same as before the service, repair or replacement. Where the odometer is incapable of registering the same mileage as before such service, repair or replacement, the odometer shall be adjusted to read "0" and a notice in writing shall be attached to the left door frame of the vehicle by the owner or the owner's agent specifying the mileage prior to repair or replacement of the odometer and the date on which it was repaired or replaced.

(b) (1) No person shall fail to adjust an odometer or affix a notice regarding such adjustment as required pursuant to subsection (a) of this section.

This written disclosure must be signed by the transferor, including the transferor's printed name. In connection with the transfer of ownership of a motor vehicle in which more than 1 person is a transferor, only 1 transferor need sign the written disclosure. In addition to the signature and printed name of the transferor, the written disclosure must contain the following information:

(4) The transferee's name and current address; and

(5) The identity of the vehicle, including its make, model, year and body type and its vehicle identification number.

(d) In addition to the information provided under subsection (c) of this section, the statement shall refer to the federal law and shall state that failing to complete or providing false information may result in a fine and/or imprisonment. Reference may also be made to applicable state law.

(a) If the transferor's title is physically held by a lienholder, or if the transferor to whom the title was issued by the State has lost the title and the transferee obtains a duplicate title on behalf of the transferor, and if otherwise permitted by State law, the transferor may give a power of attorney to the transferee for the purpose of mileage disclosure. The power of attorney shall be on a form issued by the State to the transferee that is set forth by means of a secure printing process or other secure process, and shall contain in part A, a space for the information required to be disclosed under subsections (b)-(e) of this section. If a state permits the use of a power of attorney in the situation described in § 6411(a) of this title, the form must also contain, in part B, a space for the information required to be disclosed under § 6411 of this title, and, in part C, a space for the certification required to be made under § 6412 of this title.

This copy of the title and § 1 of the odometer power of attorney must be returned to the Delaware Division of Motor Vehicles. If the mileage disclosed on the power of attorney form is lower than the mileage appearing on the title, the power of attorney is void and the dealer shall not complete the mileage disclosure on the title.

Upon entrance, the police officer is empowered to examine any junk or salvage motor, vehicle or parts thereof, all books and records required to be kept pursuant to this subchapter and buildings and may search for and take into possession any junk or salvage motor vehicle or part thereof if it is known to have been stolen or if the police officer has reason to believe it has been stolen.

(b) Insurance and execution of administrative search warrants shall be as follows:

(1) Any person authorized to issue search warrants in this State may, within the person's jurisdiction and upon proper oath or affirmation showing probable cause, issue warrants for the purpose of conducting administrative inspections authorized by this chapter and rules hereunder and seizures of property appropriate to the inspection. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this chapter and rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.

(2) A warrant shall issue only upon an affidavit of a designated police officer having knowledge of the facts alleged, sworn to before the judge or the justice of the peace and establishing the grounds for issuing the warrant. If the judge or the justice of the peace is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the judge or the justice of the peace shall issue a warrant identifying the area, premises, building or conveyance to be inspected, the purpose of the inspection and, if appropriate, the type of property to inspect, if any. The warrant shall:

- d. Identify the item or types of property to be seized, if any;
- e. Direct that it be served during normal business hours and designate the judge or justice of the peace to whom it shall be returned.

(3) A warrant issued pursuant to this section must be executed and returned within 10 days of its date unless, upon a showing of the need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. A return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the premises of the person executing the warrant and of the person from whose possession or premises the property was taken, if present at the time, or in the presence of at least 1 credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the

person from whom or from whose premises the property was taken and to the applicant for the warrant.

(4) The judge or justice of the peace who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the prothonotary in the county in which the inspection was made.

(5) This section shall not prevent the inspection without a warrant of books and records required to be kept pursuant to statute or the areas designated by this section, nor does it prevent any entries and administrative inspections, including seizures of property without a warrant:

a. If the owner/operator or agent in charge of the controlled premises consents; or

b. In all other situations in which a warrant is not constitutionally required.

(61 Del. Laws, c. 142, § 6.)

The fee for a duplicate registration certificate shall be \$2.00. The fee for a duplicate registration number decal shall be \$2.00. The fee for a transfer of registration certificate shall be \$2.00. All fees shall be waived for OHVs owned and used by the United States, or other state or of this State or political subdivision thereof.

registration certificate. The notice shall consist of a surrender of the registration certificate on which the proper information shall be noted or written notice to the Department that the registration certificate has been stolen.

(b) When surrender of the certificate is because the OHV has been destroyed or abandoned or has been stolen, the Department shall cancel the certificate and enter such fact in its records. If the surrender is because of a change of address of the owner, the new address shall be recorded by the Department and a registration certificate bearing such information shall be returned to the owner. The transferee of a vehicle registered under this chapter, within 15 days after acquiring it, shall apply to the Department for transfer to the transferee of the registration certificate issued to the OHV, giving the transferee's name, address and the number of the vehicle and pay the Department a fee of \$2.00. Upon receipt of the application and fee, the Department shall transfer the registration certificate issued for the OHV to the new owner. Unless the application is made and the fee paid within 15 days, the vehicle shall be deemed to be without a registration certificate and no person shall operate the OHV until a certificate is issued.

**§ 6901. Removal of motor vehicles from public highways by police; sale of vehicles; towers.**

(a) Any police officer of this State, or a county or municipality therein, while in the performance of duty, may remove, store or cause to be removed or stored from any public highway, highway right-of-way, street or alley, at the owner's or operator's expense, any motor vehicle, trailer or part thereof which:

- (1) Is unregistered or has an expired registration; or

Anyone so removing any motor vehicle, trailer or part thereof shall have a possessory lien against said motor vehicle, trailer or part thereof for the costs of removing, towing, preserving and storing said motor vehicle, trailer or part thereof and shall have the right to sell said motor vehicle, trailer or part thereof after complying with the notice and sale provisions outlined in Chapter 39 of Title 25, with the exception that the proceeds of the sale shall be applied first to the costs of the sale, then to the costs of removing, towing, preserving and storing and then to the payment of any liens to which said motor vehicle, trailer or part thereof may be subject in order of their priority, then to the State Treasurer who shall create a special fund thereof and who shall pay to the owner the moneys held if a claim is made within 1 year of the removal or deposit the moneys in the General Fund if no claim is made within 1 year of removal. Any possessory lien created under this section shall not extend to any personal property that is not attached to or considered necessary for the proper operation of any motor vehicle, and such property shall be returned to the owner of the motor vehicle if the owner of the motor vehicle claims the items prior to the sale of such motor vehicle.

There shall be no liability incurred by any police officer of this State or a county or municipality therein, or agents directed by them, whether or not they are also police officers, while in the performance of duty, for damages incurred to immobilized motor vehicle or vehicles moved under this subsection, or to the vehicle's contents or surrounding area caused by the emergency measures employed by the officer or employee to move the vehicle or vehicles for the purpose of clearing the lane or lanes to remove any threat to public safety, unless the circumstances meet the conditions for liability established in § 4001(2) or (3) or § 4011(c) of Title 10.

(b) In effecting the removal and subsequent storage of such vehicles, any police officer of this State, or a county or municipality therein, may select and engage the services, vehicles, equipment or facilities of another person, hereinafter called the "tower", who shall be compensated at the expense of the owner or operator. Such selection shall be made pursuant to the regulations promulgated under subsection (c) of this section.

(c) The Department of Safety and Homeland Security shall promulgate regulations governing the selection of towers by State Police officers. Such regulations shall prescribe qualifications for eligibility of towers to be selected by police officers under this section, shall describe the method to be used by police officers in selecting from eligible towers, and may make such other provisions as the Department of Safety and Homeland Security deems fit; provided, however, that there shall be no prohibitions against the owner of a vehicle from choosing the tower of that person's choice if no emergency exists. All eligible towers shall file with the Superintendent of the Delaware State Police a schedule of towing charges of such towers and other incidental charges of such tower customarily incurred in connection with the towing and storage of vehicles under the section.

Notice shall be sent to last known address of the lienee and secured party. If the identity of the last registered owner or secured party cannot be determined with reasonable certainty, the contents of the notice set forth in this subsection shall be published 1 time in the newspaper of general circulation in the area where the vehicle was removed. notice may contain multiple listings of removed vehicles. Notice by publication locally shall be the responsibility of the lienor. The notice shall have the same effect as notice sent by certified mail.

(c) The lienor may, after the expiration of 15 days from date of notification, request the Division of Motor Vehicles to schedule a hearing to determine the intentions of the registered owner and/or secured party as to the disposition of said vehicle.

If after 15 days the owner and/or secured party has not filed an appeal to the Director of the Division of Motor Vehicles, the Division of Motor Vehicles shall issue a salvage certificate of title to the lienor.

The applicable city, county or state agency may seek execution on any judgment entered by the Court.

In addition, the applicable city, county or state agency may tow the vehicle if it is located in its jurisdiction and levy on it for the amount of unpaid tickets plus towing charges.

**§ 8101. Driver's License Compact.**

The Driver's License Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

**DRIVER'S LICENSE COMPACT**

**ARTICLE I Findings and Declaration of Policy**

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

**ARTICLE II Definitions**

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense and which conviction or forfeiture is required to be reported to the licensing authority.

**ARTICLE III Reports of Conviction**

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted, describe the violation specifying the section of the statute, code or ordinance violated, identify the court in which action was taken, indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond or other security and shall include any special findings made in connection therewith.

**ARTICLE IV Effect of Conviction**

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct

as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) of this article as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

**ARTICLE V Applications for New Licenses**

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

**ARTICLE VI Applicability of Other Laws**

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

**ARTICLE VII Compact Administrator and Interchange of Information**

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his or her state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

**ARTICLE VIII Entry Into Force and Withdrawal**

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

**ARTICLE IX Construction and Severability**

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(79 Del. Laws, c. 161, § 1.)

**§ 8403. Written agreements and designated territories [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) A manufacturer or distributor may not sell a new recreational vehicle or new recreational trailer in this State to or through a new recreational vehicle dealer without having first entered into a written and signed manufacturer-dealer agreement with a new recreational vehicle dealer.

(b) A manufacturer or distributor shall designate the area of sales responsibility exclusively assigned to a new recreational vehicle dealer in a manufacturer-dealer agreement and may not change the area or contract with another new recreational vehicle dealer for the sale of the same line-make in the designated area during the duration of the agreement, except as provided for in § 6311(b) of this title.

(c) The area of sales responsibility may not be reviewed or changed without the consent of both parties for 1 year after the execution of the manufacturer-dealer agreement.

(d) Except as provided in subsection (e) of this section, a new recreational vehicle dealer may not sell a new recreational vehicle or new recreational trailer in this State without having first entered into a manufacturer-dealer agreement with a manufacturer or distributor which has been signed by both parties.

(e) A new recreational vehicle dealer may not be prohibited from selling a particular line-make after a manufacturer-dealer agreement has been terminated or not renewed under § 8404 of this title, if new recreational vehicles or new recreational trailers of the terminated line-make are not returned or required to be returned to the manufacturer. The new recreational vehicle dealer may continue to sell all-line makes that were subject to the manufacturer-dealer agreement and are currently in stock until those line-makes are no longer in the new recreational vehicle dealer's inventory.

(79 Del. Laws, c. 161, § 1.)

**§ 8404. Termination, cancellation, nonrenewal, or alteration of a dealership [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) A manufacturer or distributor, directly or through any authorized officer, agent or employee, may not terminate, cancel, or fail to renew a manufacturer-dealer agreement without good cause. If the manufacturer or distributor with good cause terminates, cancels, or fails to renew the manufacturer-dealer agreement, § 8405 of this title does not apply.

(b) A manufacturer or distributor has the burden of showing good cause for terminating, canceling, or failing to renew a manufacturer-dealer agreement with a new recreational vehicle dealer. For purposes of determining whether there is good cause for the proposed action, any of the following factors may be considered:

(1) The extent of the affected new recreational vehicle dealer's penetration in the area of sales responsibility.

(2) The nature and extent of the new recreational vehicle dealer's investment in its business.

(3) The adequacy of the new recreational vehicle dealer's service facilities, equipment, parts, supplies, and personnel.

(4) The effect of the proposed action on the community.

(5) The extent and quality of the new recreational vehicle dealer's service under new recreational vehicle or new recreational trailer warranties.

(6) The new recreational vehicle dealer's failure to follow agreed-upon procedures or standards related to the overall operation of the dealership.

(7) The new recreational vehicle dealer's performance under the terms of its manufacturer-dealer agreement.

(c) Except as otherwise provided in this chapter, a manufacturer or distributor shall provide a new recreational vehicle dealer with at least 120 days prior written notice of termination, cancellation, or nonrenewal of the manufacturer-dealer agreement if the new recreational

vehicle dealer is being terminated, cancelled, or nonrenewed for good cause.

(1) The notice must state all reasons for the proposed termination, cancellation, or nonrenewal, and must further state that if, within 30 days following receipt of the notice, the new recreational vehicle dealer provides to the manufacturer or distributor a written notice of intent to cure all claimed deficiencies, the new recreational vehicle dealer will then be entitled to the full 120-day notice period, commencing from the new recreational vehicle dealer's receipt of the manufacturer's or distributor's original notice to rectify the deficiencies. If the deficiencies are rectified within the 120-day notice period, the manufacturer's or distributor's notice is voided. If the new recreational vehicle dealer fails to provide the notice of intent to cure the deficiencies in the prescribed 30-day time period, the termination, cancellation, or nonrenewal takes effect 30 days after the new recreational vehicle dealer's receipt of the manufacturer's or distributor's original notice.

(2) The notice period may be reduced to 30 days if the manufacturer's or distributor's grounds for termination, cancellation, or nonrenewal are due to any of the following good cause factors:

- a. A new recreational vehicle dealer being convicted of, or entering a plea of nolo contendere to, a felony;
- b. The abandonment or closing of the business operations of the new recreational vehicle dealer for 10 consecutive business days unless the closing is due to an act of God, strike, labor difficulty, or other cause over which the new recreational vehicle dealer has no control;
- c. A significant misrepresentation by a new recreational vehicle dealer that materially affects the business relationship between the new recreational vehicle dealer and the manufacturer or distributor;
- d. A suspension or revocation of a new recreational vehicle dealer's license, or refusal to renew the new recreational vehicle dealer's license, by the Division of Motor Vehicles;
- e. A material violation of this chapter which the new recreational vehicle dealer does not cure within 30 days after written notice by the manufacturer or distributor; or
- f. A declaration by a new recreational vehicle dealer of bankruptcy, insolvency, or the occurrence of an assignment for the benefit of creditors or bankruptcy;

(d) A new recreational vehicle dealer may terminate, cancel, or not renew its manufacturer-dealer agreement with a manufacturer or distributor with or without good cause by giving 30-days written notice. In the case of a new recreational vehicle dealer terminating, cancelling, or failing to renew a manufacturer-dealer agreement for good cause, the notice must state all the reasons for the proposed termination, cancellation, or nonrenewal, and must further state that if, within 30 days following receipt of the notice, the manufacturer or distributor provides to the new recreational vehicle dealer a written notice of intent to cure all claimed deficiencies, the manufacturer or distributor will then be entitled to a 90-day notice period commencing from the manufacturer's receipt of the new recreational vehicle dealer's original notice. If the deficiencies are rectified within the 90-day notice period, the new recreational vehicle dealer's notice is voided. If the manufacturer or distributor fails to provide the notice of intent to cure the deficiencies in the prescribed 30-day time period, the termination, cancellation, or nonrenewal takes effect 30 days after the manufacturer's or distributor's receipt of the new recreational vehicle dealer's original notice, unless the parties agree otherwise in writing.

(e) If the new recreational vehicle dealer terminates, cancels or fails to renew a manufacturer-dealer agreement without good cause, the provisions of § 8405 of this title do not apply. If the new recreational vehicle dealer terminates, cancels, or fails to renew the manufacturer-dealer agreement with good cause, § 8405 of this title applies. The new recreational vehicle dealer has the burden of showing good cause. Any of the following items are considered "good cause" for a proposed termination, cancellation, or nonrenewal action by the new recreational vehicle dealer:

- (1) A manufacturer or distributor being convicted of, or entering a plea of nolo contendere to, a felony.
- (2) The business operations of a manufacturer or distributor have been abandoned or closed for 10 consecutive business days, unless the closing is due to an act of God, strike, labor difficulty, or other cause over which the manufacturer has no control.
- (3) A significant misrepresentation by a manufacturer or distributor that materially affects the business relationship between the manufacturer and the new recreational vehicle dealer.
- (4) A material violation of this chapter which the manufacturer or distributor does not cure within 30 days after written notice by the new recreational vehicle dealer.
- (5) A declaration by a manufacturer or distributor of bankruptcy, insolvency, or the occurrence of an assignment for the benefit of creditors or bankruptcy.

(79 Del. Laws, c. 161, § 1.)

**§ 8405. Repurchase of inventory [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) If a new recreational vehicle dealer terminates, cancels, or fails to renew a manufacturer-dealer agreement for good cause as defined in § 8404(e) of this title and the manufacturer fails to cure the claimed deficiencies as provided in § 8404(d) of this title, at the election of the new recreational vehicle dealer and within 45 days after termination, cancellation, or nonrenewal, the manufacturer shall, repurchase:

- (1) All new, untitled recreational vehicles and recreational trailers that were acquired from the manufacturer or distributor within 12 months before the effective date of the notice of termination, cancellation, or nonrenewal that have not been used, except for demonstration purposes, and that have not been altered or damaged, at 100% of the net invoice cost, including transportation, less applicable rebates and discounts to the new recreational vehicle dealer. If any of the vehicles repurchased pursuant to this paragraph are

damaged, but do not trigger a consumer disclosure requirement, the amount due the new recreational vehicle dealer must be reduced by the cost to repair the vehicle. Damage prior to delivery to the new recreational vehicle dealer that is disclosed at the time of delivery will not disqualify repurchase under this provision.

(2) All undamaged accessories and proprietary parts sold to a new recreational vehicle dealer for resale within the 12 months prior to termination, cancellation, or nonrenewal, if accompanied by the original invoice, at 105% of the original net price paid to the manufacturer or distributor to compensate the new recreational vehicle dealer for handling, packing, and shipping the parts; and

(3) Any properly functioning diagnostic equipment, special tools, current signage, and other equipment and machinery at 100% of the new recreational vehicle dealer's net cost plus freight, destination, delivery, and distribution charges and sales taxes, if any, if the items were purchased by the new recreational vehicle dealer within 5 years before termination, cancellation, or nonrenewal upon the manufacturer's or distributor's request, and can no longer be used in the normal course of the new recreational vehicle dealer's ongoing business.

(b) The manufacturer or distributor shall pay the new recreational vehicle dealer within 30 days after receipt of the items returned pursuant to this section.

(79 Del. Laws, c. 161, § 1.)

**§ 8406. Transfer of dealership; family succession [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) If a new recreational vehicle dealer desires to make a change in ownership by the sale of the business assets, stock transfer, or otherwise, the new recreational vehicle dealer shall give the manufacturer or distributor written notice at least 15 business days before the closing, along with all supporting documentation that may be reasonably required by the manufacturer or distributor to determine if an objection to the sale may be made. In the absence of a breach by the selling new recreational vehicle dealer of its manufacturer-dealer agreement or a provision of this chapter, the manufacturer or distributor may not object to the proposed change in ownership unless the prospective transferee:

- (1) Has previously been terminated by the manufacturer for breach of its manufacturer-dealer agreement;
- (2) Has been convicted of a felony or any crime of fraud, deceit, or moral turpitude;
- (3) Lacks a license required by law;
- (4) Does not have an active line of credit sufficient to purchase a manufacturer's or distributor's product; or
- (5) Has undergone in the last 10 years bankruptcy, insolvency, a general assignment for the benefit of creditors, or the appointment of a receiver, trustee, or conservator to take possession of the transferee's business or property.

(b) If the manufacturer or distributor objects to a proposed change of ownership pursuant to subsection (a) of this section, the manufacturer or distributor shall give written notice of its reasons to the new recreational vehicle dealer within 10 business days after receipt of the new recreational vehicle dealer's notification and all supporting documentation. The manufacturer or distributor has the burden of proof with regard to its objection. If the manufacturer or distributor does not give timely notice of its objection, the change of ownership is deemed approved.

(c) It is unlawful for a manufacturer or distributor to fail to provide a new recreational vehicle dealer with an opportunity to designate, in writing, a family member as a successor to the dealership in the event of the death, incapacity, or retirement of the new recreational vehicle dealer. It is unlawful to prevent or refuse to honor the succession to a dealership by a family member of the deceased, incapacitated, or retired new recreational vehicle dealer, unless the manufacturer or distributor has provided to the new recreational vehicle dealer written notice of its objections within 10 days after receipt of the new recreational vehicle dealer's modification of the new recreational vehicle dealer's succession plan. In the absence of a breach of the manufacturer-dealer agreement, the manufacturer or distributor may object to the succession for the following reasons only:

- (1) Conviction of the successor of a felony or any crime of fraud, deceit, or moral turpitude;
- (2) Bankruptcy or insolvency of the successor during the past 10 years;
- (3) Prior termination by the manufacturer or distributor of the successor for breach of a manufacturer-dealer agreement;
- (4) The lack of an active line of credit for the successor sufficient to purchase the manufacturer's or distributor's product; or
- (5) The lack of a license for the successor required by law.

(d) A manufacturer or distributor has the burden of proof regarding its objection under subsection (c) of this section. However, a family member may not succeed to a dealership if the succession involves, without the manufacturer's or distributor's consent, a relocation of the business or an alteration of the terms and conditions of the manufacturer-dealer agreement.

(79 Del. Laws, c. 161, § 1.)

**§ 8407. Warranty obligations [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) A warrantor shall:

- (1) Specify in writing to each of its new recreational vehicle dealers all new recreational vehicle dealer obligations, if any, for preparation, delivery, and warranty service on its products;
- (2) Compensate the new recreational vehicle dealer for performing warranty service required of the new recreational vehicle dealer by the warrantor; and

(3) Provide the new recreational vehicle dealer with a schedule of compensation to be paid and the time allowances for the performance of any work and service. The schedule of compensation must include reasonable compensation for diagnostic work as well as for warranty labor.

(b) Time allowances for the diagnosis and performance of warranty labor must be reasonable for the work to be performed. In the determination of what constitutes reasonable compensation under this section, the principal factors to be given consideration are the actual wage rates being paid by the new recreational vehicle dealer, and the actual retail labor rate being charged by the new recreational vehicle dealers in the community in which the new recreational vehicle dealer is doing business. The compensation of a new recreational vehicle dealer for warranty labor may not be less than the lowest retail labor rates actually charged by the new recreational vehicle dealer for like nonwarranty labor, as long as such rates are reasonable.

(c) A warrantor shall reimburse a new recreational vehicle dealer for warranty parts at actual wholesale cost plus a minimum 30% handling charge and the cost, if any, of freight to return warranty parts to the warrantor.

(d) Warranty audits of new recreational vehicle dealer records may be conducted by the warrantor on a reasonable basis, and new recreational vehicle dealer claims for warranty compensation may not be denied except for cause, such as performance of nonwarranty repairs, material noncompliance with the warrantor's published policies and procedures, lack of material documentation, fraud, or misrepresentation.

(e) A new recreational vehicle dealer shall submit warranty claims within 30 days after completing work.

(f) A new recreational vehicle dealer shall immediately notify a warrantor, verbally or in writing, if the new recreational vehicle dealer is unable to perform any warranty repairs within 10 days of receipt of verbal or written complaints from a consumer.

(g) A warrantor shall disapprove warranty claims in writing within 30 days after the work is completed and submitted by the new recreational vehicle dealer in the manner and form prescribed by the warrantor. Claims not specifically disapproved in writing within 30 days are construed to be approved and must be paid within 45 days after the work is completed and the claim submitted.

(h) It is a violation of this chapter for a warrantor to:

(1) Fail to perform any of its warranty obligations with respect to its warranted products;

(2) Fail to include, in written notices of factory campaigns to new recreational vehicle or new recreational trailer owners and new recreational vehicle dealers, the expected date by which necessary parts and equipment, including tires and chassis or chassis parts, will be available to new recreational vehicle dealers to perform the campaign work. A warrantor may ship parts to a new recreational vehicle dealer to effect the campaign work, and, if the parts are in excess of the new recreational vehicle dealer's requirements, the new recreational vehicle dealer may return unused parts to the warrantor for credit after completion of the campaign;

(3) Fail to compensate any of its new recreational vehicle dealers for authorized repairs effected by the new recreational vehicle dealer of merchandise damaged in manufacture or transit to the new recreational vehicle dealer, if the carrier is selected by the warrantor, factory branch, distributor, or distributor branch;

(4) Fail to compensate any of its new recreational vehicle dealers in accordance with the schedule of compensation provided to the new recreational vehicle dealer pursuant to this section, if performed in a timely and competent manner;

(5) Intentionally misrepresent in any way to purchasers of new recreational vehicles or new recreational trailers that warranties with respect to the manufacture, performance, or design of the vehicle are made by the new recreational vehicle dealer as warrantor or co-warrantor; or

(6) Require a new recreational vehicle dealer to make warranties to customers in any manner related to the manufacture of the new recreational vehicle or new recreational trailer.

(i) It is a violation of this chapter for a new recreational vehicle dealer to:

(1) Fail to perform predelivery inspection functions, as specified by the warrantor, in a competent and timely manner;

(2) Fail to perform warranty service work authorized by the warrantor in a competent and timely manner on any transient customer's vehicle of the same line-make;

(3) Fail to accurately document the time spent completing each repair, the total number of repair attempts conducted on a single unit, and the number of repair attempts for the same repair conducted on a single vehicle;

(4) Fail to notify the warrantor within 10 days of a second repair attempt which impairs the use, value or safety of the vehicle;

(5) Fail to maintain written records, including a consumer's signature, regarding the amount of time a unit is stored for the consumer's convenience during a repair; or,

(6) Make fraudulent warranty claims or misrepresent the terms of a warranty.

(79 Del. Laws, c. 161, § 1.)

### **§ 8408. Indemnification [For application of this section, see 79 Del. Laws, c. 161, § 5].**

Notwithstanding the terms of any manufacturer-dealer agreement, it is a violation of this chapter for:

(1) A warrantor to fail to indemnify and hold harmless its new recreational vehicle dealer against any losses or damages to the extent that the losses or damages are caused by the negligence or wilful misconduct of the warrantor. A new recreational vehicle dealer may not be denied indemnification for failing to discover, disclose, or remedy a defect in the design or manufacturing of a new recreational vehicle or new recreational trailer. A new recreational vehicle dealer may be denied indemnification if the new recreational vehicle dealer fails to remedy a known and announced defect in accordance with the written instructions of a warrantor for whom the new

recreational vehicle dealer is obligated to perform warranty service. A new recreational vehicle dealer shall provide to a warrantor a copy of any pending law suit in which allegations are made that are covered by the provisions of this paragraph within 10 days after receiving such suit. Notwithstanding anything to the contrary, this paragraph shall continue to apply even after the new recreational vehicle or new recreational trailer is titled.

(2) A new recreational vehicle dealer to fail to indemnify and hold harmless its warrantor against any losses or damages to the extent that the losses or damages are caused by the negligence or wilful misconduct of the new recreational vehicle dealer. A warrantor shall provide to a new recreational vehicle dealer a copy of any pending law suit or similar proceeding in which allegations are made that come within the provisions of this paragraph within 10 days after receiving such suit. Notwithstanding anything to the contrary, this paragraph shall continue to apply even after the new recreational vehicle or new recreational trailer is titled.

(79 Del. Laws, c. 161, § 1.)

**§ 8409. Inspection and rejection by the dealer [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) If a new recreational vehicle or new recreational trailer is damaged prior to transit to a new recreational vehicle dealer or is damaged in transit to the new recreational vehicle dealer when the carrier or means of transportation has been selected by the manufacturer or distributor, the new recreational vehicle dealer shall notify the manufacturer or distributor of the damage within the timeframe specified in the manufacturer-dealer agreement and:

(1) Shall request from the manufacturer or distributor authorization to replace the components, parts, and accessories damaged or to otherwise correct the damage; or

(2) Shall reject the vehicle within the timeframe set forth in subsection (d) of this section.

(b) If a manufacturer or distributor refuses or fails to authorize repair of damage pursuant to subsection (a) of this section within 10 days after receipt of notification, or if the new recreational vehicle dealer rejects the new recreational vehicle or new recreational trailer because of damage, ownership of the new recreational vehicle or new recreational trailer reverts to the manufacturer or distributor.

(c) A new recreational vehicle dealer shall exercise due care while the damaged new recreational vehicle or new recreational trailer is in the new recreational vehicle dealer's custody, but the new recreational vehicle dealer has no other obligations, financial or otherwise, with respect to the vehicle.

(d) The timeframe for inspection and rejection of a new recreational vehicle or new recreational trailer by a new recreational vehicle dealer must be part of the manufacturer-dealer agreement and may not be less than 2 business days after the physical delivery of the vehicle.

(e) A new recreational vehicle or new recreational trailer that has, at the time of delivery to a new recreational vehicle dealer, an unreasonable amount of miles on its odometer as determined by the new recreational vehicle dealer, may be subject to rejection by the new recreational vehicle dealer and reversion of the vehicle to the manufacturer or distributor. In no instance may a new recreational vehicle dealer deem an amount less than the distance between the new recreational vehicle dealer and the manufacturer's factory or a distributor's point of distribution, plus 100 miles, as unreasonable.

(79 Del. Laws, c. 161, § 1.)

**§ 8410. Coercion of new recreational vehicle dealer prohibited [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) A manufacturer or distributor may not coerce or attempt to coerce a new recreational vehicle dealer to:

(1) Purchase a product that the new recreational vehicle dealer did not order;

(2) Enter into an agreement with the manufacturer or distributor; or

(3) Enter into an agreement that requires the new recreational vehicle dealer to submit its disputes to binding arbitration or otherwise waive rights or responsibilities provided under this chapter.

(b) As used in this section, the term "coerce" includes, but is not limited to, threatening to terminate, cancel, or not renew a manufacturer-dealer agreement without good cause; or threatening to withhold product lines that the new recreational vehicle dealer is entitled to purchase pursuant to the manufacturer-dealer agreement; or threatening to delay product delivery as an inducement to amending the manufacturer-dealer agreement.

(79 Del. Laws, c. 161, § 1.)

**§ 8411. Mediation [For application of this section, see 79 Del. Laws, c. 161, § 5].**

(a) A new recreational vehicle dealer, manufacturer, distributor, or warrantor injured by another party's violation of this chapter may bring a civil action to recover actual damages. The court may award reasonable attorneys' fees and costs to the prevailing party in such an action. Venue for any civil action authorized by this section is in the county in which the new recreational vehicle dealer's business is located. In an action involving more than 1 new recreational vehicle dealer, venue may be in any county in which any new recreational vehicle dealer that is a party to the action is located.

(b) Prior to bringing suit under this chapter, the plaintiff shall serve upon the offending party a written demand for mediation. Mediation must take place in accordance with this section; Chapter 77 of Title 6 does not apply.

(1) In the case of a manufacturer, distributor, or new recreational vehicle dealer, a demand for mediation must be served upon the other party via certified mail at the address stated within the manufacturer-dealer agreement between the parties. In the case of a

different warrantor, the notice must be sent via certified mail to the address identified in the warrantor's warranty, with a copy to the manufacturer or distributor.

(2) A demand for mediation must contain a brief statement of the dispute and the relief sought by the party filing the demand.

(3) Within 20 days after the date on which a demand for mediation is served, the parties shall mutually select an independent certified mediator and meet with that mediator for the purpose of attempting to resolve the dispute. The meeting place must be in this State in a location selected by the mediator. The mediator may extend the date of the meeting for good cause shown by either party or upon stipulation by both parties.

(4) The service of a demand for mediation under this section tolls the time for the filing of a complaint, petition, protest, or other action under this chapter until representatives of both parties have met with a mutually selected mediator for the purpose of attempting to resolve the dispute. If a complaint, petition, protest, or other action is filed before meeting with the mediator, the court shall enter an order suspending the proceeding or action until mediation has occurred, and, upon written stipulation by all parties to the proceeding or action that they wish to continue to mediate under this section, the court shall enter an order suspending the proceeding or action for as long a period as the court considers appropriate.

(5) The parties to the mediation shall bear their own costs for attorneys' fees and divide equally the cost of the mediator.

(c) In addition to the remedies provided in this section and notwithstanding the existence of any additional remedy at law, a manufacturer, distributor, warrantor, or new recreational vehicle dealer may make application to a court of competent jurisdiction for the grant, upon a hearing and for cause shown, of a temporary or permanent injunction, or both, restraining any person from acting as a new recreational vehicle dealer without being properly licensed, from violating or continuing to violate any of the provisions of this chapter, or from failing or refusing to comply with the requirements of this chapter or § 6311(b) of this title. An injunction must be issued without bond. A single act in violation of the provisions of this chapter is sufficient for a court to authorize the issuance of an injunction.

(79 Del. Laws, c. 161, § 1.)

**§ 8412. Regulations [For application of this section, see 79 Del. Laws, c. 161, § 5].**

The Division of Motor Vehicles shall have the authority to promulgate and adopt rules and regulations necessary to carry out the provisions of this chapter.

**§ 8603. Insurance coverage during car sharing period [Effective June 27, 2022].**

(a) A peer-to-peer car sharing program shall assume liability, except as provided in subsection (b) of this section, of a shared vehicle owner for bodily injury or property damage to third parties or uninsured and underinsured motorist or personal injury protection losses during the car sharing period in an amount stated in the peer-to-peer car sharing program agreement which amount may not be less than the minimum limits set forth in § 2118 of this title.

(b) Notwithstanding the definition of “car sharing termination time” as set forth in § 8602 of this title, the assumption of liability under subsection (a) of this section does not apply to any shared vehicle owner in either of the following circumstances:

(1) A shared vehicle owner makes an intentional or fraudulent material misrepresentation or omission to the peer-to-peer car sharing program before the car sharing period in which the loss occurred.

(2) A shared vehicle owner acting in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of car sharing program agreement.

(c) Notwithstanding the definition of “car sharing termination time” as set forth in § 8602 of this title, the assumption of liability under subsection (a) of this section would apply to bodily injury, property damage, uninsured and underinsured motorist, or personal injury protection losses required by § 2118 of this title.

(d) A peer-to-peer car sharing program shall ensure that, during each car sharing period, the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle liability insurance policy that provides insurance coverage in amounts no less than the minimum amounts set forth in § 2118 of this title and does 1 of the following:

(1) Recognizes that the shared vehicle insured under the policy is made available and used through a peer-to-peer car sharing program.

(2) Does not exclude use of a shared vehicle by a shared vehicle driver.

In the event that a claim occurs during the car sharing period in another state with minimum financial responsibility limits higher than those set forth in § 2118 of this title, the coverage maintained under subsection (e) of this section shall satisfy the difference in minimum coverage amounts, up to the applicable policy limits.

(g) The insurer, insurers, or peer-to-peer car sharing program providing coverage under subsection (d) or (e) of this section shall assume primary liability for a claim in either of the following circumstances:

(1) A dispute exists as to who was in control of the shared motor vehicle at the time of the loss and the peer-to-peer car sharing program does not have available, did not retain, or fails to provide the information required by § 8606 of this title.

(2) A dispute exists as to whether the shared vehicle was returned to the alternatively agreed upon location as required under § 8601(5) of this title.

(h) If insurance maintained by a shared vehicle owner or shared vehicle driver in accordance with subsection (e) of this section has lapsed or does not provide the required coverage, insurance maintained by a peer-to-peer car sharing program shall provide the coverage required by subsection (d) of this section beginning with the first dollar of a claim and have the duty to defend such claim except under circumstances as set forth in subsection (b) of this section.

(i) Coverage under an automobile insurance policy maintained by the peer-to-peer car sharing program shall not be dependent on another automobile insurer first denying a claim nor shall another automobile insurance policy be required to first deny a claim.

(j) Nothing in this section does either of the following:

(1) Limits the liability of the peer-to-peer car sharing program for any act or omission of the peer-to-peer car sharing program itself that results in injury to any person as a result of the use of a shared vehicle through a peer-to-peer car sharing program.

(2) Limits the ability of the peer-to-peer car sharing program to, by contract, seek indemnification from the shared vehicle owner or the shared vehicle driver for economic loss sustained by the peer-to-peer car sharing program resulting from a breach of the terms and conditions of the car sharing program agreement.

(c) Nothing in this chapter invalidates, limits, or restricts an insurer's ability under existing law to underwrite any insurance policy, or to cancel and non-renew policies.

(83 Del. Laws, c. 227, § 1.)

**§ 8606. Recordkeeping; use of vehicle in car sharing [Effective June 27, 2022].**

A peer-to-peer car sharing program shall collect and verify records pertaining to the use of a vehicle, including times used, car sharing period pick-up and drop-off locations, fees paid by the shared vehicle driver, and revenues received by the shared vehicle owner, and provide that information upon request to the shared vehicle owner, the shared vehicle owner's insurer, the shared vehicle driver, or the shared vehicle driver's insurer to facilitate a claim coverage investigation, settlement, negotiation, or litigation. The peer-to-peer car sharing program shall retain the records for a time period not less than 4 years.

**§ 8607. Exemption; vicarious liability [Effective June 27, 2022].**

(83 Del. Laws, c. 227, § 1.)

**§ 8608. Contribution against indemnification [Effective June 27, 2022].**

A motor vehicle insurer that defends or indemnifies a claim against a shared vehicle that is excluded under the terms of its policy shall have the right to seek recovery against the motor vehicle insurer of the peer-to-peer car sharing program if the claim meets all of the following conditions:

- (1) The claim is against the shared vehicle owner or the shared vehicle driver for loss or injury that occurs during the car sharing period.
- (2) The claim is excluded under the terms of its policy.

(83 Del. Laws, c. 227, § 1.)

**§ 8609. Insurable interest [Effective June 27, 2022].**

(a) Notwithstanding any other law, statute, rule, or regulation to the contrary, a peer-to-peer car sharing program shall have an insurable interest in a shared vehicle during the car sharing period.

(b) Nothing in this section creates liability on a peer-to-peer car sharing program to maintain the coverage mandated by § 8603 of this title.

(c) A peer-to-peer car sharing program may own and maintain as the named insured 1 or more policies of motor vehicle liability insurance that provides coverage for any of the following:

(83 Del. Laws, c. 227, § 1.)

(3) That the peer-to-peer car sharing program's insurance coverage on the shared vehicle owner and the shared vehicle driver is in effect only during each car sharing period and that, for any use of the shared vehicle by the shared vehicle driver after the car sharing termination time, the shared vehicle driver and the shared vehicle owner may not have insurance coverage.

(4) The daily rate, fees, and if applicable, any insurance or protection package costs that are charged to the shared vehicle owner or the shared vehicle driver.

(3) If a shared vehicle owner receives an actual notice of a safety recall while the shared vehicle is being used in the possession of a shared vehicle driver, the shared vehicle owner must notify the peer-to-peer car sharing program about the safety recall as soon as practicably possible after receiving the notice of the safety recall, so that the shared vehicle owner may address the safety recall repair.
