##### **One-time award for certain students**

Sec. 6.5. (a) This section applies to a student who:

- (1) initially enrolls in the program after June 30, 2011;
- (2) has not previously received a scholarship under this chapter; and
- (3) does not qualify for a scholarship under section 6 of this chapter solely because the student does not meet the requirements of section 6(a)(7) of this chapter.

(b) The commission shall establish a program to award a one-time tuition scholarship to students who are ineligible for a scholarship under section 6 of this chapter solely because the student fails to meet the financial assistance requirements imposed by section 6(a)(7) of this chapter. The amount of the tuition scholarship shall be determined by the commission. The tuition scholarship may not exceed two thousand five hundred dollars (\$2,500). The total of all tuition scholarships awarded under this section in a state fiscal year may not exceed the amount available for distribution from the fund for scholarships under this chapter after awarding scholarships to all students who qualify under section 6 or 7 of this chapter for a scholarship.

(c) A tuition scholarship under this section may be used under the terms prescribed by the commission only for the purposes for which a tuition scholarship granted under section 6 or 7 of this chapter may be used.

(d) A student who meets the criteria described in subsection (a) in any year is not eligible for a scholarship under section 6 or 7 of this chapter in any subsequent year.

*As added by P.L.169-2011, SEC.8.*

#### **IC 21-12-6-7**

##### **Scholarship renewal**

Sec. 7. Subject to IC 21-12-13-2, a scholarship awarded under section 6 of this chapter or this section may be renewed. To qualify for a scholarship renewal, a scholarship recipient must do the following:

- (1) Submit to the commission a renewal application that contains all the information and evidence required by the commission to determine eligibility for the scholarship renewal.
- (2) Continue to be enrolled as a full-time student in good standing at an eligible institution.
- (3) This subdivision applies only to applicants who initially enroll in the program under section 5 of this chapter or IC 21-12-6.5-2 after June 30, 2011. For purposes of this chapter, applicants who are enrolled in the program before July 1, 2011, will not have an income or financial resources test applied to them when they subsequently apply to renew a scholarship. Continue to have a lack of financial resources

reasonably available to the applicant, as defined by the commission, that, in the absence of an award under this chapter, would deter the scholarship applicant from completing the applicant's education at the approved postsecondary educational institution that the applicant has selected and that has accepted the applicant.

(4) If the student initially enrolls in an eligible institution for a semester (or its equivalent) beginning after June 30, 2012, maintain at least a cumulative grade point average that the eligible institution determines is satisfactory academic progress.

(5) If the student initially enrolls in an eligible institution for an academic year beginning after August 31, 2013, the student successfully completes:

(A) at least thirty (30) credit hours or the equivalent by the end of the student's first academic year;

(B) at least sixty (60) credit hours or the equivalent by the end of the student's second academic year; and

(C) at least ninety (90) credit hours or the equivalent by the end of the student's third academic year.

A student's academic years used to determine if the student meets the requirements of this subdivision are not required to be successive calendar years. A recipient who fails to meet the credit hour requirement for a particular academic year becomes ineligible for an award during the next academic year. The recipient may become eligible for an award in subsequent academic years if that recipient meets the aggregate credit hour requirements commensurate with the recipient's academic standing. In addition, the commission may allow a student who is otherwise ineligible under this subdivision for an award during the next academic year to maintain eligibility for an award if the student submits a petition to the commission and the commission makes a determination that extenuating circumstances (as determined by the commission) prevented the student from meeting the requirements of this subdivision.

(6) Continue to meet any other minimum criteria established by the commission.
