Chapter 11. Legal Settlement and Transfer of Students; Transfer Tuition

IC 20-26-11-0.2

Application of certain amendments to prior law

Sec. 0.2. The amendments made to IC 20-8.1-6.1-9 (before its repeal, now codified at section 14 of this chapter) by P.L.260-1997 apply only to school years beginning after June 30, 1996.

As added by P.L.220-2011, SEC.330.

IC 20-26-11-1

"Residence", "resides", and comparable terms

Sec. 1. As used in this chapter with respect to legal settlement, transfers, and the payment of tuition, the words "residence", "resides", or other comparable language means a permanent and principal habitation that an individual uses for a home for a fixed or indefinite period, at which the individual remains when not called elsewhere for work, studies, recreation, or other temporary or special purpose. These terms are not synonymous with legal domicile. Except as provided in section 2(3) of this chapter, where a court order grants an individual custody of a student, the residence of the student is where that individual resides.

As added by P.L.1-2005, SEC.10. Amended by P.L.13-2006, SEC.1.

IC 20-26-11-2

Legal settlement

Sec. 2. The legal settlement of a student is governed by the following provisions:

(1) If the student:

(A) is less than eighteen (18) years of age; or

(B) is at least eighteen (18) years of age but is not emancipated;

the legal settlement of the student is in the attendance area of the school corporation where the student's parents reside.

(2) If the student's mother and father, in a situation to which subdivision (1) otherwise applies, are divorced or separated, the legal settlement of the student is the school corporation whose attendance area contains the residence of the parent with whom the student is living, in the following situations:

(A) If a court order has not been made establishing the custody of the student.

(B) Except as provided in subdivision (3), if both parents have agreed on the parent or person with whom the student will live.

(C) If the parent granted custody of the student has abandoned the student.

In the event of a dispute between the parents of the student, or between the parents and a student at least eighteen (18) years of age, the legal settlement of the student shall be determined as

otherwise provided in this section.

(3) If, in a situation in which subdivision (1) otherwise applies, the student's mother and father are divorced or separated, and if a court order grants the student's:

- (A) mother;
- (B) father; or
- (C) both mother and father;

custody of the student, the legal settlement of the student is the school corporation whose attendance area contains the residence of the mother or father, as elected under section 2.5(a) of this chapter. If the custodial parent (or the student, if at least eighteen (18) years of age) does not make an election under section 2.5(a) of this chapter, the legal settlement of the student is the school corporation whose attendance area contains the residence of the parent granted physical custody by the court order.

(4) If the legal settlement of a student, in a situation to which subdivision (1) otherwise applies, cannot reasonably be determined and the student is being supported by, cared for by, and living with some other individual, the legal settlement of the student is in the attendance area of that individual's residence, except where the parents of the student are able to support the student but have placed the student in the home of another individual, or allowed the student to live with another individual, primarily for the purpose of attending school in the attendance area where the other individual resides. The school may, if the facts are in dispute, condition acceptance of the student's legal settlement on the appointment of that individual as legal guardian or custodian of the student, and the date of legal settlement will be fixed to coincide with the commencement of the proceedings for the appointment of a guardian or custodian. However, if a student does not reside with the student's parents because the student's parents are unable to support the child and the child is not residing with an individual other than a parent primarily to attend a particular school, the student's legal settlement is where the student resides, and the establishment of a legal guardianship may not be required by the school. In addition, a legal guardianship or custodianship established solely to attend school in a particular school corporation does not affect the determination of the legal settlement of the student under this chapter.

(5) If a student, to whom subdivision (1) would otherwise apply, is married and living with a spouse, the legal settlement of that student is in the attendance area of the school corporation where the student and the student's spouse reside.

(6) If the student's parents:

- (A) are living outside the United States due to educational pursuits or a job assignment;
- (B) do not maintain a permanent home in any school corporation in the United States; and

(C) have placed the student in the home of another individual;

the legal settlement of the student is in the attendance area where the other individual resides.

(7) If the student is emancipated, the legal settlement is the attendance area of the school corporation of the student's residence.

(8) If a student's legal settlement is changed after the student has begun attending school in a school corporation in any school year, the effective date of change may:

(A) at the election of:

(i) the parent;

(ii) the student, if the student is at least eighteen (18) years of age; or

(iii) a juvenile court conducting a proceeding under IC 31-34-20-5, IC 31-34-21-10, IC 31-37-19-26, or IC 31-37-20-6 (or IC 31-6-4-18.5 before its repeal);

be extended until the end of that semester; or

(B) at the discretion of the school, until the end of that school year.

However, that election, where a student has completed grade 11 in any school year, shall extend to the end of the following school year in grade 12.

(9) If a juvenile court has:

(A) made findings of fact concerning the legal settlement of a student under IC 31-34-20-5, IC 31-34-21-10, IC 31-37-19-26, or IC 31-37-20-6 (or IC 31-6-4-18.5 before its repeal); and

(B) jurisdiction over the student under IC 31-34 or IC 31-37; the legal settlement of the student is the attendance area specified as the legal settlement in the latest findings of fact issued by the juvenile court.

As added by P.L.1-2005, SEC.10. Amended by P.L.13-2006, SEC.2.

IC 20-26-11-2.5

Election to have legal settlement

Sec. 2.5. (a) In the case of a student described in section 2(3) of this chapter, the:

(1) parent granted physical custody by a court; or

(2) student, if the student is at least eighteen (18) years of age; may, not later than fourteen (14) days before the first student day of the school year, elect for the student to have legal settlement in the school corporation whose attendance area contains the residence of the student's mother or the school corporation whose attendance area contains the residence of the student's father.

(b) An election under subsection (a) may be made only on a yearly basis.

(c) The parent or student who makes an election under subsection (a) is not required to pay transfer tuition.

As added by P.L.13-2006, SEC.3. Amended by P.L.141-2006,

SEC.93.

IC 20-26-11-3

Forms concerning legal settlement

Sec. 3. The state superintendent shall prepare the form of agreement to be used under section 2(2) of this chapter and a form to be executed by any individual with whom the student is living under section 2(2), 2(3), 2(4), or 2(6) of this chapter. The execution of the form by the individual and its continuance in force is a condition to the application of section 2(2), 2(3), 2(4), or 2(6) of this chapter. The form must contain an agreement of the individual that the individual shall, with respect to dealing with the school corporation and for all other purposes under this article, assume all the duties and be subject to all the liabilities of a parent of the student in the same manner as if the individual were the student's parent. On the execution of that form and for as long as it remains in force, the individual has these duties and liabilities.

As added by P.L.1-2005, SEC.10. Amended by P.L.13-2006, SEC.4.

IC 20-26-11-4

Appeal from determination of legal settlement

Sec. 4. A student is emancipated when the student:

- (1) furnishes the student's support from the student's own resources;
- (2) is not dependent in any material way on the student's parents for support;
- (3) files or is required by applicable law to file a separate tax return; and
- (4) maintains a residence separate from that of the student's parents.

As added by P.L.1-2005, SEC.10.

IC 20-26-11-5

Transfer at request of parent or student; approval; appeal

Sec. 5. (a) The parents of any student, regardless of the student's age, or the student after the student has become eighteen (18) years of age may request a transfer from a school corporation in which the student has a legal settlement to a transferee school corporation in Indiana or another state if the student may be better accommodated in the public schools of the transferee corporation. Whether the student can be better accommodated depends on such matters as:

- (1) crowded conditions of the transferee or transferor corporation; and
- (2) curriculum offerings at the high school level that are important to the vocational or academic aspirations of the student.

(b) The request for transfer must be made in writing to the transferor corporation, which shall immediately mail a copy to the transferee corporation. The request for transfer must be made at the times provided under rules adopted by the state board. The transfer

is effected if both the transferee and the transferor corporations approve the transfer not more than thirty (30) days after that mailing. If the transferor school corporation fails to act on the transfer request within thirty (30) days after the request is received, the transfer is considered approved. The transfer is denied when either school corporation: mails a written denial by certified mail to the requesting parents or student at their last known address.

(c) If a request for transfer is denied under subsection (b), an appeal may be taken to the state board by the requesting parents or student, if commenced not more than ten (10) days after the denial. An appeal is commenced by mailing a notice of appeal by certified mail to the superintendent of each school corporation and the state board. The state superintendent shall develop forms for this purpose, and the transferor corporation shall assist the parents or student in the mechanics of commencing the appeal. An appeal hearing must comply with section 15 of this chapter.

As added by P.L.1-2005, SEC.10. Amended by P.L.89-2005, SEC.3.

IC 20-26-11-6

Transfer tuition

Sec. 6. (a) A school corporation may accept a transferring student without approval of the transferor corporation under section 5 of this chapter.

(b) A transfer may be accepted regardless of whether, as a condition of the transfer, the transferee school requires the requesting parents or student to pay transfer tuition in an amount determined under the formula established in section 13 of this chapter for the payment of transfer tuition by a transferor school corporation. However, if the transferee school elects to charge transfer tuition, the transferee school may not offset the amounts described in section 13(b) STEP TWO (B) through section 13(b) STEP TWO (D) of this chapter from the amount charged to the requesting parents or student.

(c) When the transferee school elects to charge tuition to the requesting parents or student, the tuition determined under subsection (b) must be paid by the parents or the student before the end of the school year in installments as determined by the transferee corporation.

(d) Failure to pay a tuition installment that is agreed to by the parents or student and the transferee school corporation is a ground for exclusion from school.

(e) If the transferee school elects not to charge transfer tuition to the parents or student under this section, the transferee school may not charge transfer tuition or fees to the transferor school.

As added by P.L.1-2005, SEC.10. Amended by P.L.30-2010, SEC.1.

IC 20-26-11-7

Transfers; students with disabilities

Sec. 7. (a) A school corporation may transfer a student with a physical, emotional, or mental disability to a transferee corporation that maintains special programs or facilities for children with the

disability of the transferred student.

(b) A transferee corporation may refuse the transfer under subsection (a) by mailing a notice by certified mail to:

- (1) the transferor corporation;
- (2) the parents of the student; and
- (3) the state board.

(c) If a transferee corporation refuses transfer under subsection (b), the state board shall determine the question of granting a transfer under the procedures set out in section 15 of this chapter.

As added by P.L.1-2005, SEC.10.

IC 20-26-11-8

Payment of transfer tuition for students in public and private institutions or in foster homes

Sec. 8. (a) A student who is placed in a state licensed private or public health care facility or child care facility:

- (1) by or with the consent of the department of child services;
- (2) by a court order; or
- (3) by a child placing agency licensed by the department of child services;

may attend school in the school corporation in which the facility is located. If the school corporation in which the facility is located is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal settlement shall pay the transfer tuition of the student.

(b) A student who is placed in a state licensed private or public health care or child care facility by a parent may attend school in the school corporation in which the facility is located if:

- (1) the placement is necessary for the student's physical or emotional health and well-being and, if the placement is in a health care facility, is recommended by a physician; and
- (2) the placement is projected to be for not less than fourteen (14) consecutive calendar days or a total of twenty (20) calendar days.

The school corporation in which the student has legal settlement shall pay the transfer tuition of the student. The parent of the student shall notify the school corporation in which the facility is located and the school corporation of the student's legal settlement, if identifiable, of the placement. Not later than thirty (30) days after this notice, the school corporation of legal settlement shall either pay the transfer tuition of the transferred student or appeal the payment by notice to the department. The acceptance or notice of appeal by the school corporation must be given by certified mail to the parent or guardian of the student and any affected school corporation. In the case of a student who is not identified as having a disability under IC 20-35, the state board shall make a determination on transfer tuition according to the procedures in section 15 of this chapter. In the case of a student who has been identified as having a disability under IC 20-35, the determination on transfer tuition shall be made under this subsection and the procedures adopted by the state board

under IC 20-35-2-1(b)(5).

(c) A student who is placed in:

- (1) an institution operated by the division of disability and rehabilitative services or the division of mental health and addiction; or
- (2) an institution, a public or private facility, a home, a group home, or an alternative family setting by the division of disability and rehabilitative services or the division of mental health and addiction;

may attend school in the school corporation in which the institution is located. The state shall pay the transfer tuition of the student, unless another entity is required to pay the transfer tuition as a result of a placement described in subsection (a) or (b) or another state is obligated to pay the transfer tuition.

(d) This subsection applies to a student who is placed:

- (1) by or with the consent of the department of child services;
- (2) by a court order; or
- (3) by a child placing agency licensed by the department of child services;

in a foster family home or the home of a relative or other unlicensed caretaker that is not located in the school corporation in which the student has legal settlement. The student may attend school in either the school corporation in which the foster family home or other home is located or the school corporation in which the student has legal settlement. The department of child services and the student's foster parents or caretaker shall make the determination concerning where the student attends school unless that determination is made by a court that has jurisdiction over the student. If a licensed child placing agency is responsible for oversight of the foster family home in which the student is placed or for providing services to the student, the department of child services must consult with the licensed child placing agency concerning the determination of, or the recommendations made to the court concerning, where the student attends school. Except as provided in subsection (e), transfer tuition is not required for the student.

(e) If a student to whom subsection (d) applies is attending school in a school corporation that is not the school corporation in which the student has legal settlement, the school corporation in which the student has legal settlement shall pay transfer tuition to the school corporation in which the student is enrolled in school if all of the following conditions apply:

- (1) The student was previously placed in a child caring institution licensed under IC 31-27-3.
- (2) While placed in the child caring institution, the student was enrolled in a school that is:
 - (A) administered by the school corporation in which the child caring institution is located; and
 - (B) located at the child caring institution.
- (3) The student was moved from the child caring institution to a licensed foster family home supervised by the child caring

institution either:

(A) with the approval of the department of child services and the court having jurisdiction over the student in a case under IC 31-34; or

(B) by a court order in a case under IC 31-37.

(4) After moving from the child caring institution to the foster family home, the student continues to attend the school located at the child caring institution.

(5) The legal settlement of the student was determined by a juvenile court under IC 31-34-20-5, IC 31-34-21-10, IC 31-37-19-26, or IC 31-37-20-6.

(f) A student:

(1) who is placed in a facility, home, or institution described in subsection (a), (b), or (c);

(2) to whom neither subsection (d) nor (e) applies; and

(3) for whom there is no other entity or person required to pay transfer tuition;

may attend school in the school corporation in which the facility, home, or institution is located. The department shall conduct an investigation and determine whether any other entity or person is required to pay transfer tuition. If the department determines that no other entity or person is required to pay transfer tuition, the state shall pay the transfer tuition for the student out of the funds appropriated for tuition support.

(2) who is placed in a home or facility in Indiana that is outside the school corporation where the student has legal settlement; and

(3) for which the state is not obligated to pay transfer tuition.

(b) Not later than ten (10) days after the department of child services or a probation department places or changes the placement of a student, the department of child services or probation department that placed the student shall notify the school corporation where the student has legal settlement and the school corporation where the student will attend school of the placement or change of placement. Before June 30 of each year, the department of child services or a probation department that places a student in a home or facility shall notify the school corporation where a student has legal settlement and the school corporation in which a student will attend school if a student's placement will continue for the ensuing school year. (b) If a child is:

- (1) placed by or with the consent of the department of child services in an out-of-state institution or other facility; and
 - (2) provided all educational programs and services by a public school corporation in the state where the child is placed, whether at the facility, the public school, or another location;
- the department of child services shall pay to the public school corporation in which the child is enrolled, the amount of transfer tuition specified in subsection (c).

(c) The transfer tuition for which the department of child services is obligated under subsection (b) is equal to the following:

- (2) The full tuition fee charged by the transferee corporation, if subdivision (1) does not apply. However, the amount of the full tuition fee must not exceed the amount charged by the transferor corporation for the same class of school, or if the school does not have the same classification, the amount must not exceed the amount charged by the geographically nearest school corporation in Indiana that has the same classification.

(d) If a child is:

- (1) placed by or with the consent of the department of child services in an out-of-state institution or other facility; and
- (2) provided:

IC 20-26-11-13

Determination of transfer tuition

Sec. 13. (a) As used in this section, the following terms have the following meanings:

(1) "Class of school" refers to a classification of each school or program in the transferee corporation by the grades or special programs taught at the school. Generally, these classifications are denominated as kindergarten, elementary school, middle school or junior high school, high school, and special schools or classes, such as schools or classes for special education, career and technical education, or career education.

(2) "Special equipment" means equipment that during a school year:

(A) is used only when a child with disabilities is attending school;

(B) is not used to transport a child to or from a place where the child is attending school;

(C) is necessary for the education of each child with disabilities that uses the equipment, as determined under the individualized education program for the child; and

(D) is not used for or by any child who is not a child with disabilities.

(3) "Student enrollment" means the following:

(A) The total number of students in kindergarten through grade 12 who are enrolled in a transferee school corporation on a date determined by the state board.

(B) The total number of students enrolled in a class of school in a transferee school corporation on a date determined by the state board.

However, a kindergarten student shall be counted under clauses (A) and (B) as one-half (1/2) student. The state board may select a different date for counts under this subdivision. However, the same date shall be used for all school corporations making a count for the same class of school.

(b) Each transferee corporation is entitled to receive for each school year on account of each transferred student, except a student transferred under section 6 of this chapter, transfer tuition from the transferor corporation or the state as provided in this chapter. Transfer tuition equals the amount determined under STEP THREE of the following formula:

STEP ONE: Allocate to each transfer student the capital expenditures for any special equipment used by the transfer student and a proportionate share of the operating costs incurred

by the transferee school for the class of school where the transfer student is enrolled.

STEP TWO: If the transferee school included the transfer student in the transferee school's current ADM, allocate to the transfer student a proportionate share of the following general fund revenues of the transferee school:

(A) State tuition support distributions received during the calendar year in which the school year ends.

(B) Property tax levies under IC 20-45-7 and IC 20-45-8 for the calendar year in which the school year ends.

(C) The sum of the following excise tax revenue received for deposit in the calendar year in which the school year begins:

(i) Financial institution excise tax revenue (IC 6-5.5).

(ii) Motor vehicle excise taxes (IC 6-6-5).

(iii) Commercial vehicle excise taxes (IC 6-6-5.5).

(iv) Boat excise tax (IC 6-6-11).

(v) Aircraft license excise tax (IC 6-6-6.5).

(D) Allocations to the transferee school under IC 6-3.5.

STEP THREE: Determine the greater of:

(A) zero (0); or

(B) the result of subtracting the STEP TWO amount from the STEP ONE amount.

If a child is placed in an institution or facility in Indiana by or with the approval of the department of child services, the institution or facility shall charge the department of child services for the use of the space within the institution or facility (commonly called capital costs) that is used to provide educational services to the child based upon a prorated per student cost.

(c) Operating costs shall be determined for each class of school where a transfer student is enrolled. The operating cost for each class of school is based on the total expenditures of the transferee corporation for the class of school from its general fund expenditures as specified in the classified budget forms prescribed by the state board of accounts. This calculation excludes:

(1) capital outlay;

(2) debt service;

(3) costs of transportation;

(4) salaries of board members;

(5) contracted service for legal expenses; and

(6) any expenditure that is made from extracurricular account receipts;

for the school year.

(d) The capital cost of special equipment for a school year is equal to:

(1) the cost of the special equipment; divided by

(2) the product of:

(A) the useful life of the special equipment, as determined under the rules adopted by the state board; multiplied by

(B) the number of students using the special equipment during at least part of the school year.

(e) When an item of expense or cost described in subsection (c) cannot be allocated to a class of school, it shall be prorated to all classes of schools on the basis of the student enrollment of each class in the transferee corporation compared with the total student enrollment in the school corporation.

(f) Operating costs shall be allocated to a transfer student for each school year by dividing:

(1) the transferee school corporation's operating costs for the class of school in which the transfer student is enrolled; by

(2) the student enrollment of the class of school in which the transfer student is enrolled.

When a transferred student is enrolled in a transferee corporation for less than the full school year of student attendance, the transfer tuition shall be calculated by the part of the school year for which the transferred student is enrolled. A school year of student attendance consists of the number of days school is in session for student attendance. A student, regardless of the student's attendance, is enrolled in a transferee school unless the student is no longer entitled to be transferred because of a change of residence, the student has been excluded or expelled from school for the balance of the school year or for an indefinite period, or the student has been confirmed to have withdrawn from school. The transferor and the transferee corporation may enter into written agreements concerning the amount of transfer tuition due in any school year. If an agreement cannot be reached, the amount shall be determined by the state board, and costs may be established, when in dispute, by the state board of accounts.

(g) A transferee school shall allocate revenues described in subsection (b) STEP TWO to a transfer student by dividing:

(1) the total amount of revenues received during a period; by

(2) the current ADM of the transferee school for the period in which the revenues are received.

However, for state tuition support distributions or any other state distribution computed using less than the total current ADM of the transferee school, the transferee school shall allocate the revenues to the transfer student by dividing the revenues that the transferee school is eligible to receive during the period by the student count used to compute the state distribution.

(h) Instead of the payments provided in subsection (b), the transferor corporation or state owing transfer tuition may enter into a long term contract with the transferee corporation governing the transfer of students. The contract may:

(1) be entered into for a period of not more than five (5) years with an option to renew;

(2) specify a maximum number of students to be transferred; and

(3) fix a method for determining the amount of transfer tuition and the time of payment, which may be different from that provided in section 14 of this chapter.

(i) A school corporation may negotiate transfer tuition agreements

with a neighboring school corporation that can accommodate additional students. Agreements under this section may:

- (1) be for one (1) year or longer; and
- (2) fix a method for determining the amount of transfer tuition or time of payment that is different from the method, amount, or time of payment that is provided in this section or section 14 of this chapter.

A school corporation may not transfer a student under this section without the prior approval of the child's parent.

IC 20-26-11-22

Court ordered transfers; determination of transfer tuition

Sec. 22. (a) The transferee corporation is entitled to receive from the transferor corporation transfer tuition for each transferred student for each school year calculated in two (2) parts as follows:

- (1) Operating cost.
- (2) Capital cost.

These costs must be allocated on a per student basis separately for each class of school.

(b) The operating cost for each class of school must be based on the total expenditures of the transferee corporation for the class from its general fund expenditures as set out on the classified budget forms prescribed by the state board of accounts, excluding from the calculation capital outlay, debt service, costs of transportation, salaries of board members, contracted service for legal expenses, and any expenditure that is made out of the general fund from extracurricular account receipts, for the school year.

(c) The capital cost for each class of school must consist of the lesser of the following alternatives:

- (1) The capital cost must be based on an amount equal to five percent (5%) of the cost of transferee corporation's physical plant, equipment, and all items connected to the physical plant or equipment, including:

- (A) buildings, additions, and remodeling to the buildings, excluding ordinary maintenance; and
- (B) on-site and off-site improvements such as walks, sewers, waterlines, drives, and playgrounds;

that have been paid or are obligated to be paid in the future out of the general fund, capital projects fund, or debt service fund, including principal and interest, lease rental payments, and funds that were legal predecessors to these funds. If an item of the physical plant, equipment, appurtenances, or part of the item is more than twenty (20) years old at the beginning of the school year, the capital cost of the item shall be disregarded in making the capital cost computation.

- (2) The capital cost must be based on the amount budgeted from the general fund for capital outlay for physical plant, equipment, and appurtenances and the amounts levied for the debt service fund and the capital projects fund for the calendar year in which the school year ends.

(d) If an item of expense or cost cannot be allocated to a class of school, the item shall be prorated to all classes of schools on the basis of the ADM of each class in the transferee corporation, as determined in the fall count of ADM in the school year, compared to the total current ADM therein, as determined in the fall count of ADM in the school year.

(e) The transfer tuition for each student transferred for each school year shall be calculated by dividing the transferee school

corporation's total operating costs and the total capital costs for the class of school in which the student is enrolled by the ADM of students therein, as determined in the fall count of ADM in the school year. If a transferred student is enrolled in a transferee corporation for less than the full school year, the transfer tuition shall be calculated by the proportion of such school year for which the transferred student is enrolled. A school year for this purpose consists of the number of days school is in session for student attendance. A student shall be enrolled in a transferee school, whether or not the student is in attendance, unless the:

- (1) student's residence is outside the area of students transferred to the transferee corporation;
- (2) student has been excluded or expelled from school; or
- (3) student has been confirmed as a school dropout.

The transferor and transferee corporations may enter into written agreements concerning the amount of transfer tuition. If an agreement cannot be reached, the amount shall be determined by the state superintendent, with costs to be established, where in dispute, by the state board of accounts.

(f) The transferor corporation shall pay the transferee corporation, when billed, the amount of curricular material rental due from transferred students who are unable to pay the curricular material rental amount. The transferor corporation is entitled to collect the amount of the curricular material rental from the appropriate township trustee, from its own funds, or from any other source, in the amounts and manner provided by law.

Sec. 30. (a) This section applies to a student who resided in a school corporation where the student had legal settlement for at least two (2) consecutive school years immediately before moving to an adjacent school corporation.

(b) A school corporation in which a student had legal settlement for at least two (2) consecutive years as described in subsection (a):

(1) shall allow the student to attend an appropriate school within the school corporation in which the student formerly resided;

(2) may not request the payment of transfer tuition for the student from the school corporation in which the student currently resides and has legal settlement or from the student's parent; and

(3) shall include the student in the school corporation's current ADM;

if the principal and superintendent in both school corporations jointly agree to enroll the student in the school.

(c) If a student enrolls under this section in a school described in subsection (b)(1), the student's parent must provide for the student's transportation to school.

(d) A student to whom this section applies may not enroll primarily for athletic reasons in a school in a school corporation in which the student does not have legal settlement. Capacity; deadline; publication; and grounds and prohibited grounds for denial of transfer request

Sec. 32. (a) This section does not apply to a school corporation if the governing body has adopted a policy of not accepting the transfer of any student who does not have legal settlement within the school corporation.

(b) The governing body of a school corporation shall annually establish:

- (1) except as provided in subsection (m), the number of transfer students the school corporation has the capacity to accept in each grade level; and
- (2) the date by which requests to transfer into the school corporation must be received by the governing body.

(c) After establishing the date under subsection (b)(2), the governing body shall:

- (1) publish the date on the school corporation's Internet web site; and
- (2) report the date to the department.

(d) The department shall publish the dates received from school corporations under subsection (c)(2) on the department's Internet web site.

(e) A student to whom this section applies may not request to transfer under this section primarily for athletic reasons to a school corporation in which the student does not have legal settlement.

(f) If the number of requests to transfer into a school corporation received by the date established for the school corporation under subsection (b)(2) exceeds the capacity established for the school corporation under subsection (b)(1), each timely request must be given an equal chance to be accepted, with the exception that a student described in subsection (h) shall be given priority. The

governing body must determine which students will be admitted as transfer students to each school building and each grade level within the school corporation by a random drawing in a public meeting.

(g) Except as provided in subsections (i), (j), (k), and (m), the governing body of a school corporation may not deny a request for a student to transfer into the school corporation based upon the student's academic record, scores on ISTEP tests, disciplinary record, or disability, or upon any other factor not related to the school corporation's capacity.

(h) Except as provided in subsections (i), (j), and (k), the governing body of a school corporation may not deny a request for a student to transfer into the school corporation if the student requesting to transfer:

(1) is a member of a household in which any other member of the household is a student in the transferee school; or

(2) has a parent who is an employee of the school corporation.

(i) A governing body of a school corporation may limit the number of new transfers to a school building or grade level in the school corporation:

(1) to ensure that a student who attends a school within the school corporation as a transfer student during a school year may continue to attend the school in subsequent school years; and

(2) to allow a student described in subsection (h) to attend a school within the school corporation.

(j) Notwithstanding subsections (g) and (h), a governing body of a school corporation may deny a request for a student to transfer to the school corporation, or establish terms or conditions for enrollment that prevent a student from enrolling in a school, if the student has been suspended (as defined in IC 20-33-8-7) or expelled (as defined in IC 20-33-8-3) during the twelve (12) months preceding the student's request to transfer under this section:

(1) for ten (10) or more school days;

(2) for a violation under IC 20-33-8-16;

(3) for causing physical injury to a student, a school employee, or a visitor to the school; or

(4) for a violation of a school corporation's drug or alcohol rules.

For purposes of subdivision (1), student discipline received under IC 20-33-8-25(b)(7) for a violation described in subdivisions (2) through (4) shall be included in the calculation of the number of school days that a student has been suspended.

(k) The governing body of a school corporation with a school building that offers a special curriculum may require a student who transfers to the school building to meet the same eligibility criteria required of all students who attend the school building that offers the special curriculum.

(l) The parent of a student for whom a request to transfer is made is responsible for providing the school corporation to which the request is made with records or information necessary for the school

corporation to determine whether the request to transfer may be denied under subsection (j).

(m) Notwithstanding this section, the governing body of a school corporation may authorize the school corporation to enter into an agreement with an accredited nonpublic school or charter school to allow students of the accredited nonpublic school or charter school to transfer to a school within the school corporation.

(n) A school corporation that has adopted a policy to not accept student transfers after June 30, 2013, is not prohibited from enrolling a:

- (1) transfer student who attended a school within the school corporation during the 2012-2013 school year; or
- (2) member of a household in which any other member of the household was a transfer student who attended a school within the school corporation during the 2012-2013 school year.

However, if a school corporation enrolls a student described in subdivision (1) or (2), the school corporation shall also allow a student or member of the same household of a student who attended an accredited nonpublic school within the attendance area of the school corporation during the 2012-2013 school year to enroll in a school within the school corporation.
