Bond amount; determination; contributions to fund

(2) If at any time the postsecondary proprietary educational institution's projected annual gross tuition charges are more than two hundred fifty thousand dollars (\$250,000), the institution shall secure a surety bond in the amount of fifty thousand dollars (\$50,000).

(b) After June 30, 2006, and except as provided in:

(1) section 19 of this chapter; and

(2) subsection (e);

and upon the fund achieving at least an initial one million dollar (\$1,000,000) balance, a postsecondary proprietary educational institution that contributes to the fund when the initial quarterly contribution is required under this chapter after the fund's establishment is not required to make contributions to the fund or submit a surety bond.

(c) The council shall determine the number of quarterly contributions required for the fund to initially accumulate one million dollars (\$1,000,000).

(d) Except as provided in section 19 of this chapter and subsection (e), a postsecondary proprietary educational institution that begins making contributions to the fund after the initial quarterly contribution as required under this chapter is required to make contributions to the fund for the same number of quarters as determined by the council under subsection (c).

(e) If, after the fund acquires one million dollars (\$1,000,000), the balance in the fund becomes less than five hundred thousand dollars

(\$500,000), all postsecondary proprietary educational institutions not required to make contributions to the fund as described in subsection (b) or (d) shall make contributions to the fund for the number of quarters necessary for the fund to accumulate one million dollars (\$1,000,000).

(f) Upon the fund acquiring fifty thousand dollars (\$50,000), the balance in the fund must not become less than fifty thousand dollars (\$50,000). If:

- (1) a claim against the fund is filed that would, if paid in full, require the balance of the fund to become less than fifty thousand dollars (\$50,000); and
- (2) the council determines that the student is eligible for a reimbursement under the fund;

the council shall prorate the amount of the reimbursement to ensure that the balance of the fund does not become less than fifty thousand dollars (\$50,000), and the student is entitled to receive that balance of the student's claim from the fund as money becomes available in the fund from contributions to the fund required under this chapter.

(g) The council shall ensure that all outstanding claim amounts

described in subsection (f) are paid as money in the fund becomes available in the chronological order of the outstanding claims.

(h) A claim against the fund may not be construed to be a debt of the state.

STEP ONE: Determine the total amount of tuition and fees earned during the quarter.

STEP TWO: Multiply the STEP ONE amount by one-tenth of one percent (0.1%).

STEP THREE: Add the STEP TWO amount and sixty dollars (\$60).

(c) Notwithstanding section 16 of this chapter, for a postsecondary proprietary educational institution beginning operation after September 30, 2004, the council, in addition to requiring contributions to the fund, shall require the postsecondary proprietary educational institution to submit a surety bond in an amount determined by the council for a period that represents the number of quarters required for the fund to initially accumulate one million dollars (\$1,000,000) as determined under section 16(c) of this chapter.
