(b) A surviving mother or father nominated by the participant to receive survivors' benefits under the provisions of this chapter shall be entitled to an annual survivors' allowance for life equal to fifty percent (50%) of the amount the participant would have been entitled to if he had retired.

(c) A surviving spouse nominated by the participant to receive survivors' benefits under the provisions of this chapter shall be entitled to an annual survivors' allowance equal to fifty percent (50%) of the amount the participant would have been entitled to if he or she had retired. In the case of a surviving spouse who is more than five (5) years younger than the deceased participant at the time of the participant's death, the amount of the annual survivors' allowance shall be reduced actuarially, without regard to the sex of the spouse or the participant. In all cases the survivors' allowance to a surviving spouse shall cease with the last payment prior to the surviving spouse's death.

(d) A surviving child eligible and nominated by the participant to receive survivors' benefits under the provisions of this chapter shall be entitled to an annual survivors' allowance equal to fifty percent (50%) of the amount the participant would have been entitled to if he had retired. If more than one (1) surviving child is eligible and nominated to receive survivors' benefits, the annual allowance shall be divided equally between or among such children. In all cases, the survivors' allowance to a child shall cease when the child attains the age of eighteen (18) years or marries, whichever occurs first. Where a survivors' allowance is divided between or among more than one (1) child, and payments to one (1) or more children cease, the total annual allowance payable shall be divided evenly among or between such of the remaining children who are eligible therefor.

(e) In the event that no nomination is made by an eligible participant, or in the event that the nominated survivor predeceases the participant and no contingent survivor is nominated and an

eligible participant dies, no survivors' allowance shall be payable. In such case, the board shall make a lump sum payment to the estate of the deceased participant equal to the total of all funds standing to the credit of the participant in the participant's savings fund plus accumulated interest thereon.

(f) A survivor's allowance under this section that was terminated because of a surviving spouse's remarriage shall be reinstated on July 1, 1997, and continue during the life of the surviving spouse.

Lump sum refund of contributions or payments

Sec. 17. Any participant whose employment as an officer is terminated before accumulating fifteen (15) years of creditable service and before attaining the age of forty-five (45) years shall be entitled to a lump-sum refund of all contributions standing to his credit in the participants' savings fund plus accumulated interest thereon.

(b) If a participant dies before accumulating fifteen (15) years of creditable service, all contributions standing to his credit in the participants' savings fund plus the accumulated interest thereon shall be paid by the board to the person the participant shall nominate by written direction duly acknowledged and filed with the board. The payment may be in the form of a lump sum or a series of payments, at the discretion of the board.

(c) If a participant dies before accumulating fifteen (15) years of creditable service and has nominated no beneficiary, or in the event that the participant's nominee predeceases him, all contributions standing to his credit in the participants' savings fund, plus accumulated interest thereon shall be paid by the board to the estate of the deceased participant. The payment may be in the form of a lump sum or a series of payments, at the discretion of the board.

(d) If a participant terminates his employment after accumulating fifteen (15) years of creditable service, but before becoming eligible for any benefits under this chapter, no refund of contributions and interest shall be allowed. In such case, the participant's contributions shall be retained by the board until the participant becomes eligible for benefits. At that time, benefits shall be paid to, or on behalf of the participant in the same manner and in the same amount as all similar benefits are paid.

Increase in monthly benefits

Sec. 21. (a) Except as provided in subsection (d), the monthly benefit payable after June 30, 1987, to a participant, or a survivor or beneficiary of a participant, who retired or was disabled before July 2, 1986, shall be increased by an amount determined by the board. The board shall determine the amount for each participant, survivor, and beneficiary so that the monthly benefit is increased by one-half (1/2) the amount that the monthly benefit would have been increased if the participant had been a member of the public employees' retirement fund on the date of retirement or disability.

(b) Except as provided in subsection (d), the monthly benefit payable after June 30, 1988, to a participant, or a survivor or beneficiary of a participant, who retired or was disabled before July 2, 1987, shall be increased by an amount determined by the board. The board shall determine the amount for each participant, survivor, and beneficiary so that the monthly benefit is increased to the amount that the monthly benefit would have equaled if the participant had been a member of the public employees' retirement fund on the date of retirement or disability.

(c) Except as provided in subsection (d), the monthly benefit payable after June 30, 1989, to participants, survivors, and

beneficiaries shall be increased by the same percentages and under the same conditions as monthly benefits are increased under IC 5-10.2-5 for members of the public employees' retirement fund and their survivors and beneficiaries.

(d) This section is applicable only if the general assembly provides sufficient funding for the increased cost of the benefits provided by this section.

IC 5-10-5.5-22

Deferred retirement option plan

Sec. 22. (a) As used in this section, "DROP" refers to a deferred retirement option plan established under this section.

(b) As used in this section, "DROP entry date" means the date that a participant's election to enter a DROP becomes effective.

(c) As used in this section, "DROP frozen benefit" refers to an annual retirement allowance computed under section 10 of this chapter based on a participant's:

- (1) average annual salary; and
- (2) years of creditable service;

on the date the participant enters the DROP.

(d) As used in this section, "DROP retirement date" means the future retirement date selected by a participant at the time the participant elects to enter the DROP.

(e) Only a participant who is eligible to receive an unreduced annual retirement allowance immediately upon termination of employment may elect to enter a DROP. A participant who elects to enter the DROP must agree to the following:

- (1) The participant shall execute an irrevocable election to retire on the DROP retirement date and must remain in active service until that date.
- (2) While in the DROP, the participant shall continue to make contributions under section 8 of this chapter.
- (3) The participant shall select a DROP retirement date not less than twelve (12) months and not more than thirty-six (36) months after the participant's DROP entry date.
- (4) The participant may not remain in the DROP after the date the participant reaches the mandatory retirement age under section 9 of this chapter.
- (5) The participant may make an election to enter the DROP only once in the participant's lifetime.

(f) Contributions or payments provided by the general assembly under section 4(b)(4) of this chapter continue for a participant while the participant is in the DROP.

(g) A participant shall exit the DROP on the earliest of the following:

- (1) The participant's DROP retirement date.
- (2) Thirty-six (36) months after the participant's DROP entry date.

(3) The participant's mandatory retirement age.

(4) The date the participant retires because of a disability as provided by subsection (k).

(h) A participant who retires on the participant's DROP retirement date or on the date the participant retires because of a disability as provided by subsection (k) may elect to receive an annual retirement allowance:

(1) computed under section 10 of this chapter as if the participant had never entered the DROP; or

(2) consisting of:

(A) the DROP frozen benefit; plus

(B) an additional amount, paid as the participant elects under subsection (i), determined by multiplying:

(i) the DROP frozen benefit; by

(ii) the number of months the participant was in the DROP.

(i) The participant shall elect, at the participant's retirement, to receive the additional amount calculated under subsection (h)(2)(B) in one (1) of the following ways:

(1) A lump sum paid on:

(A) the participant's DROP retirement date; or

(B) the date the participant retires because of a disability as provided by subsection (k).

(2) Three (3) equal annual payments:

(A) commencing on:

(i) the participant's DROP retirement date; or

(ii) the date the participant retires because of a disability as provided by subsection (k); and

(B) thereafter paid on:

(i) the anniversary of the participant's DROP retirement date; or

(ii) the date the participant retires because of a disability as provided by subsection (k).

(j) A cost of living increase determined under section 21(c) of this chapter does not apply to the additional amount calculated under subsection (h)(2)(B) at the participant's DROP retirement date or the date the participant retires because of a disability as provided by subsection (k). No cost of living increase is applied to a DROP frozen benefit while the participant is in the DROP. After the participant's DROP retirement date or the date the participant retires because of a disability as provided by subsection (k), cost of living increases determined under section 21(c) of this chapter apply to the participant's annual retirement allowance computed under this section.

(k) If a participant becomes disabled, in the line of duty or other than in the line of duty while in the DROP, the participant's annual retirement allowance is computed as follows:

(1) If the participant retires because of a disability less than twelve (12) months after the date the participant enters the DROP, the participant's annual retirement allowance is

calculated as if the participant had never entered the DROP.

(2) If the participant retires because of a disability at least twelve (12) months after the date the participant enters the DROP, the participant's annual retirement allowance is calculated under this section, and the participant's retirement date is the date the member retires because of a disability rather than the participant's DROP retirement date.

(l) If, before payment of the participant's annual retirement allowance begins, the participant dies in the line of duty or other than in the line of duty, death benefits are payable as follows:

(1) The benefit calculated under subsection (h)(2)(B) is paid in a lump sum to the participant's surviving spouse. If there is no surviving spouse, the lump sum must be divided equally among the participant's surviving children. If there are no surviving children, the lump sum is paid to the participant's parents. If there are no surviving parents, the lump sum is paid to the participant's estate.

(2) A benefit is paid on the DROP frozen benefit under the terms of the retirement plan created by this chapter.

(m) Except as provided under subsections (k) and (l), the annual retirement allowance for a participant who exits the DROP for any reason other than retirement on the participant's DROP retirement date is calculated as if the participant had never entered the DROP.
