Adherence to the scope of practice established by Indiana law; modification or restriction of health or veterinary services; unauthorized practice; administrative sanctions

Sec. 21. (a) Subject to subsections (b) and (c), a volunteer health practitioner shall adhere to the scope of practice for a similarly licensed practitioner established by the licensing provisions, practice acts, or other laws of Indiana.

(b) Except as provided in subsection (c), this chapter does not authorize a volunteer health practitioner to provide services that are outside the practitioner's scope of practice, even if a similarly licensed practitioner in Indiana would be permitted to provide the services.

(c) The department of homeland security may modify or restrict the health or veterinary services that volunteer health practitioners may provide under this chapter. An order under this subsection may take effect immediately, without prior notice or comment, and is not a rule within the meaning of IC 4-22-2.

(d) A host entity may restrict the health or veterinary services that a volunteer health practitioner may provide under this chapter.

(e) A volunteer health practitioner does not engage in unauthorized practice unless the practitioner has reason to know of a limitation, modification, or restriction under this section or that a similarly licensed practitioner in Indiana would not be permitted to provide the services. A volunteer health practitioner has reason to know of a limitation, modification, or restriction or that a similarly licensed practitioner in Indiana would not be permitted to provide a service if:

(1) the practitioner knows the limitation, modification, or restriction exists or that a similarly licensed practitioner in Indiana would not be permitted to provide the service; or
(2) from all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification, or restriction exists or that a similarly licensed practitioner in Indiana would not be permitted to provide the service.

(f) In addition to the authority granted by laws of Indiana other than this chapter to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in Indiana:

(1) may impose administrative sanctions upon a health practitioner licensed in Indiana for conduct outside of Indiana in response to an out-of-state emergency;
(2) may impose administrative sanctions upon a practitioner not licensed in Indiana for conduct in Indiana in response to an in-state emergency; and
(3) shall report any administrative sanctions imposed upon a practitioner licensed in another state to the appropriate licensing board or other disciplinary authority in any other state in which
the practitioner is known to be licensed.

(g) In determining whether to impose administrative sanctions under subsection (f), a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the practitioner's scope of practice, education, training, experience, and specialized skill.

**IC 10-14-3.5-22**

**No limitation on rights, privileges, or immunities; emergency forces**

Sec. 22. (a) This chapter does not limit the rights, privileges, or immunities provided to volunteer health practitioners by laws other than this chapter. Except as provided in subsection (b), this chapter does not affect requirements for the use of health practitioners under the Emergency Management Assistance Compact.

(b) The department of homeland security, under the Emergency Management Assistance Compact or the Interstate Emergency Management and Disaster Compact, may incorporate into the emergency forces of Indiana volunteer health practitioners who are not officers or employees of Indiana, a political subdivision of Indiana, or a municipality or other local government within Indiana.

**IC 10-14-3.5-23**

**Adoption of rules for implementation; reasonably compatible with other states**

Sec. 23. The department of homeland security may adopt rules under IC 4-22-2 to implement this chapter. In doing so, the department of homeland security shall consult with and consider the recommendations of the entity established to coordinate the implementation of the Emergency Management Assistance Compact or the Interstate Emergency Management and Disaster Compact and shall also consult with and consider rules adopted by similarly empowered agencies in other states to promote uniformity of application of this chapter and make the emergency response systems in the various states reasonably compatible.

**IC 10-14-3.5-24**

**Consideration of uniformity in application and construction**

Sec. 24. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.
