### **Chapter 3. Higher Education Awards**

#### **IC 21-12-3-1**

##### **Eligibility for awards**

Sec. 1. (a) An applicant is eligible for a first year higher education award under this chapter if the student meets the following requirements:

- (1) The applicant is a resident of Indiana, as defined by the commission.
- (2) The applicant:
  - (A) has successfully completed the program of instruction at an approved secondary school;
  - (B) has been granted a:
    - (i) high school equivalency certificate before July 1, 1995; or
    - (ii) state of Indiana general educational development (GED) diploma under IC 20-10.1-12.1 (before its repeal), IC 20-20-6 (before its repeal), or IC 22-4.1-18; or
  - (C) is a student in good standing at an approved secondary school and is engaged in a program that in due course will be completed by the end of the current academic year.
- (3) The financial resources reasonably available to the applicant, as defined by the commission, are such that, in the absence of a higher education award under this chapter, the applicant would be deterred from completing the applicant's education at the approved postsecondary educational institution that the applicant has selected and that has accepted the applicant. In determining the financial resources reasonably available to an applicant to whom IC 21-18.5-4-8 applies, the commission must consider the financial resources of the applicant's legal parent.
- (4) The applicant will use the award initially at that approved postsecondary educational institution.
- (5) The student is enrolled full time in an approved postsecondary educational institution and making satisfactory academic progress, as determined by the postsecondary educational institution, toward a first baccalaureate degree.
- (6) The student declares, in writing, a specific educational objective or course of study and enrolls in:
  - (A) courses that apply toward the requirements for completion of that objective or course of study; or
  - (B) courses designed to help the student develop the basic skills that the student needs to successfully achieve that objective or continue in that course of study.
- (7) The student is not eligible to receive a twenty-first century scholarship under IC 21-12-6.
- (8) The student is not eligible to receive a:

- (A) National Guard tuition supplement grant under IC 21-13-4; or
  - (B) scholarship under the National Guard scholarship extension program under IC 21-13-5.
- (b) This subsection applies to an individual who:
- (1) meets the requirements set forth in subsection (a); and
  - (2) before the date that eligibility is determined by the commission, has been placed by or with the consent of the department of child services, by a court order, or by a licensed child placing agency in:
    - (A) a foster family home;
    - (B) the home of a relative or other unlicensed caretaker;
    - (C) a child caring institution; or
    - (D) a group home.

The commission shall consider an individual to whom this subsection applies as a full-need student under the commission's rules when determining the eligibility of the individual to receive financial aid administered by the commission under this chapter.

#### **Financial resources available to student**

Sec. 6. In determining the financial resources available to a student for a higher education award, the commission may not consider principal or interest, including an original issue discount that qualifies as interest excludable from gross income for federal income tax purposes, on a bond that is:

(1) issued by a:

(A) public body corporate and politic of the state; or

(B) state educational institution;

designated by the governor as a college savings bond and purchased after December 31, 1989; or

### **IC 21-12-3-9**

#### **Renewal of awards; applying credits**

Sec. 9. (a) A higher education award for a student in a program leading to a baccalaureate degree may be renewed for a total of three (3) undergraduate academic years following the academic year of the first award or until an earlier time as the student receives a degree normally obtained in four (4) undergraduate academic years. A higher education award for a student in a program leading to a technical certificate or an undergraduate associate degree may be renewed for the number of academic years normally required to obtain a certificate or degree in the student's program. The commission may grant a renewal only upon application and only upon its finding that:

- (1) the applicant has successfully completed the work of a preceding year;
- (2) the applicant remains domiciled in Indiana;
- (3) the recipient's financial situation continues to warrant an award, based on the financial requirements set forth in section (1)(a)(3) of this chapter;
- (4) the applicant is eligible under section 2 of this chapter;
- (5) the student maintains satisfactory academic progress, as determined by the eligible institution;
- (6) beginning in an academic year beginning after August 31, 2017, the student successfully completes:
  - (A) at least twenty-four (24) credit hours or the equivalent during the last academic year in which the student received state financial aid; or
  - (B) at least twenty-four (24) credit hours or the equivalent during the last academic year in which the student was enrolled in a postsecondary educational institution; and
- (7) if the student initially enrolls in an eligible institution for an academic year beginning after August 31, 2013, the student successfully completes:
  - (A) at least twenty-four (24) credit hours or the equivalent by the end of the student's first academic year;
  - (B) at least forty-eight (48) credit hours or the equivalent by the end of the student's second academic year; and
  - (C) at least seventy-two (72) credit hours or the equivalent by the end of the student's third academic year.

A student's academic years used to determine if the student meets the requirements of this subdivision are not required to be successive calendar years. A recipient who fails to meet the

credit hour requirement for a particular academic year becomes ineligible for an award during the next academic year. The recipient may regain eligibility for an award in subsequent academic years if the recipient meets the aggregate credit hour requirements commensurate with the recipient's academic standing. In addition, the commission may allow a student who is otherwise ineligible under this subdivision for an award during the next academic year to maintain eligibility for an award if the student submits a petition to the commission and the commission makes a determination that extenuating circumstances (as determined by the commission) prevented the student from meeting the requirements of this subdivision. This subdivision expires June 30, 2017.

(b) In determining eligibility under subsection (a)(6), the commission shall apply all the following types of credits regardless of whether the credits were completed during the last academic year described in subsection (a)(6)(A) or (a)(6)(B):

- (1) Credits earned from dual credit, advanced placement, and international baccalaureate courses.
- (2) College credits earned during high school.
- (3) Credits earned exceeding thirty (30) credit hours during a previous academic year in which a student received state financial aid.
