- (3) allow a student who completes an associate degree for which a single articulation pathway has been developed to:

educational institutions that offer the baccalaureate degrees;
and

(B) apply all the credits earned for the student's associate degree toward the related baccalaureate degree so that the student may begin the baccalaureate degree as a junior status student; and

(4) be developed after consultation with employers regarding the competencies and learning outcomes considered especially important for successful careers and employment.
