

151B.255 Representative group for Office of School-to-Work.

The Office of School-to-Work in cooperation with the Kentucky Department of Education shall convene representatives of business, labor, education, and government to:

- (1) Develop school curriculum and resource materials to assist educators, employers, and students with career planning and workplace training. The curriculum and materials shall define career-related courses that are necessary for each career cluster that may ultimately lead to a career major. The curriculum shall outline the academic and technical courses that are necessary for each career major;
- (2) Advise the Office of School-to-Work on the design of model projects geographically placed across the state to test the curriculum for each career cluster. Each project shall include local representatives of business, labor, education, and government to advise on the specific skills and knowledge necessary to be a successful employee in the specific career; and
- (3) Evaluate and disseminate the findings of each model project to all other school-to-work labor market areas.
