

154.47-120 Purposes of council.

The council shall cooperate with the Cabinet for Economic Development and with wood products industries applying for economic revitalization and development project inducements for the following purposes:

- (1) To analyze the impacts of an applicant's projects on forest productivity and watershed protection;
- (2) To develop a comprehensive program that addresses those impacts in the proposed procurement area through the appropriate use of:
 - (a) Best management practices as established in Kentucky Forest Practices Guidelines published by the Division of Forestry of the Department for Natural Resources;
 - (b) Logger education, training, and contracting programs;
 - (c) Forest stewardship and other assistance programs for landowners; and
 - (d) Ground water protection plans; and
- (3) To develop measures to ensure that the program developed for the procurement area becomes an integral part of the applicant's plan.

Effective: July 15, 1994

History: Created 1994 Ky. Acts ch. 104, sec. 4, effective July 15, 1994; and ch. 224, sec. 20, effective July 15, 1994.

Legislative Research Commission Note (7/15/94). This statute was created by 1994 Ky. Acts ch. 104, sec. 4, and ch. 224, sec. 20, which are substantively identical and have been codified together. In resolving minor variations, Acts ch. 224, the later enactment, has been given precedence.
