

158.760 School-to-Careers System -- Legislative intent -- Goals.

- (1) It is the intent of the General Assembly that a School-to-Careers System be developed to serve as an umbrella for career-related programs in the public schools, including School-to-Work, Tech Prep, and High Schools That Work initiatives.
- (2) The goals of the School-to-Careers System shall be to:
 - (a) Increase the math, science, communications, social studies, and technical skills of all students through the implementation of a more rigorous and relevant applied curriculum and instructional process;
 - (b) Increase the awareness of job and career availability in the future workforce and the skills required to obtain those positions;
 - (c) Increase the postsecondary education's entry and completion rates and reduce the percentage of students taking remedial courses;
 - (d) Decrease the high school dropout rate through a system of increased guidance and extra help focused on academics and career achievement;
 - (e) Make all students aware of employer expectations in order to be successful;
 - (f) Increase the daily attendance rate at all secondary schools; and
 - (g) Provide the educational experiences that will cause all students to meet the goals and capacities identified in KRS 158.645 and KRS 158.6451 for Kentucky students.
