

96.531 Regulation of telecommunications services provided by municipal utility.

Any legislative body of any city of the first through the fifth class may provide telecommunications service. Any city that owns, operates, or controls, either directly or indirectly, a municipal utility that provides telecommunications services as defined in KRS 278.010(3)(e) shall, as to telephone service solely, be subject to the provisions of KRS Chapter 278 in the same manner as other nonmunicipal providers of telephone services.

Effective: July 14, 2000

History: Created 2000 Ky. Acts ch. 101, sec. 1, effective July 14, 2000.
