

109.082 Contracts between counties for management, collection, or disposal of solid waste.

When two (2) or more counties join with each other in the management or solely in the collection or solely in the disposal of solid waste in accordance with the state solid waste management plan they may cause a contract to be prepared and executed which shall set forth:

- (1) Whether and to what extent counties shall render services to the area and receive services from the area or from each other.
- (2) Whether counties will contract with a private party or parties for the management of solid waste.
- (3) The financial responsibilities and contributions of the respective counties in the joint undertaking.
- (4) The extent to which the counties will furnish personnel and administrative services to the area.
- (5) The terms of the contract or agreement: provided that such contract may be modified from time to time as conditions may warrant and provided one or more additional counties desiring to participate in the joint undertaking may be permitted to become parties to the contract.
- (6) Such other provisions as may be necessary to execute a workable system for solid waste management or solely of collection or solely of disposal of solid waste.
