As used in KRS 141.432 to 141.434, unless the context requires otherwise:

- (1) "Applicable percentage" means zero percent (0%) for each of the first two (2) credit allowance dates, seven percent (7%) for the third credit allowance date, and eight percent (8%) for the next four (4) credit allowance dates;
- (2) "Credit allowance date" means, with respect to any qualified equity investment:
 - (a) The date on which the investment is initially made; and

- (3) "Long-term debt security" means any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven (7) years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date. The qualified community development entity that issues the debt instrument may not make cash interest payments on the debt instrument during the period commencing with its issuance and ending on its final credit allowance date in excess of the cumulative operating income, as defined in the regulations promulgated under 26 U.S.C. sec. 45D, of the qualified community development entity for that same period, which shall be calculated prior to giving effect to the expense of the cash interest payments. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the qualified community development entity has defaulted on covenants designed to ensure compliance with KRS 141.432 to 141.434 or 26 U.S.C. sec. 45D;

The term excludes any business that derives or projects to derive fifteen percent (15%) or more of its annual revenue from the rental or sale of real estate. This exclusion does not apply to a business that is controlled by, or under common control with, another business if the second business:
