

250.355 Testing of industrial hemp plants, plant parts, and materials for compliance with KRS 260.850 to 260.869.

The director, or the director's designee, shall receive samples and test industrial hemp plants, plant parts, and materials grown or located within the Commonwealth in order to determine whether the industrial hemp plants, plant parts, and materials are in compliance with the provisions of KRS 260.850 to 260.869 and the administrative regulations promulgated thereunder.

Effective: March 20, 2017

History: Created 2017 Ky. Acts ch. 45, sec. 11, effective March 20, 2017.

Legislative Research Commission Note (3/20/2017). 2017 Ky. Acts ch. 45 contained 13 sections. Sections 1 to 10 of that Act amended, repealed and reenacted, or created statutes relating to the industrial hemp research program found in the statutory range of KRS 260.850 to 260.869. Sections 11 and 12 amended or created statutes in other KRS chapters, and Section 13 repealed some statutes within KRS 260.850 to 260.869. The correct reference should have been to only Sections 1 to 10 of this Act, the relevant range affecting the industrial hemp research program, and in codification the Reviser of Statutes has codified that language in this statute accordingly under the authority of KRS 7.136(1)(h) to correct manifest clerical or typographical errors.
