

96.130 City owning own plant may contract to furnish service to another city.

Any city that owns and operates its own water or light plant may contract with any other city to furnish water and light to such other city. Such contracts may be entered into by the legislative bodies of the cities, and the legislative bodies are given full power to so contract in regard to the furnishing of water or light. Each contract shall be specific in its terms. Any city may pay to any other city a rental for water and light from year to year, or for a term of years.
