

56.874 Contracts with federal government for flood control projects requiring General Assembly approval.

Notwithstanding any statutory provision to the contrary, no individual, agency, authority, board, cabinet, commission, corporation, or other entity of, or representing the Commonwealth of Kentucky shall enter into any contract with any instrumentality of the federal government for the acquisition or construction of any flood control project, when the satisfaction of said contract requires, or could require, the appropriation of state funds not yet appropriated, without first obtaining approval of the General Assembly sitting in regular or special session.

Effective: July 15, 1980

History: Created 1980 Ky. Acts ch. 96, sec. 5, effective July 15, 1980.
