

224.20-146 Cabinet may permit flexibility in compliance with performance standards.

To the maximum extent permissible, the cabinet may develop a method for electric generating units to implement the performance standards that gives the electric generating units flexibility to comply with the performance standards.

Effective: July 15, 2014

History: Created 2014 Ky. Acts ch. 18, sec. 6, effective July 15, 2014.
