

234.190 Use of or work upon liquefied petroleum gas container without consent of owner prohibited -- Removal or replacement request.

- (1) No person shall sell, install, fill, refill, deliver or permit to be delivered, or use in any manner any liquefied petroleum gas container unless the container is owned by the person or its use is authorized by its owner.
- (2) No person shall dismantle, evacuate, service, relocate, make or break any connections to, or deface any liquefied petroleum gas container or its regulatory equipment unless the container or its connection are owned by the person or the action is authorized by the owner of the container.
- (3) The owner of a liquefied petroleum gas container shall remove or authorize replacement of the container within forty-eight (48) hours of receipt of a request for removal or replacement from the customer.
