

CHAPTER 23-18.1
COUNTY CLINIC ASSOCIATIONS

23-18.1-01. Clinic associations authorized.

A county or community clinic association may be established in any county in this state, subject to the provisions, requirements, and benefits provided in section 23-18-01 pertaining to hospital associations. The establishment of such county or community clinic association must be neither dependent upon nor exclusive of the establishment of a county or community hospital association, and any county in this state may establish one of each or one of either of such associations.
