The temporary operator's license or identification card is valid only during the period of time of the applicant's authorized stay in the United States or, if there is no definite end to the period of authorized stay, a period of one year. The license or card may be renewed only upon presentation of valid documentary evidence that the status has been extended.

issue a distinguishing number that is, contains, can be converted to, or is an encrypted version of the applicant's social security number.

Upon the recommendation of the court, the director may issue a temporary permit to the licensee under section 39-06.1-11 if the temporary permit is necessary for the licensee to work and the court has determined the licensee is making a good-faith effort to comply with the child support order.
7. An applicant for renewal of an operator's license must provide a certificate of examination from the driver licensing or examining authorities or a statement as to the corrected and uncorrected vision of the applicant from a licensed physician or an optometrist. The director shall provide visual examination equipment at each location where a license may be renewed.

39-06-19.1. Extended term of license held by members of the armed forces - Limitations.

A valid operator's license issued under this chapter to a resident of this state who enters or is in the United States armed forces and serving on active duty continues in full force and effect so long as the active service continues and the licensee remains absent from this state, and for not to exceed thirty days following the date on which the holder of this license is honorably separated from this service or returns to this state, unless the license is sooner suspended, canceled, or revoked for cause. The license is valid only if in the immediate possession of the licensee while driving and the licensee has the licensee's discharge or separation papers, if the licensee has been discharged or separated from the service, or has documentation authorizing the licensee to be absent from the licensee's duty station in the licensee's immediate possession.

39-06-19.2. Renewal of license held by out-of-state individual.

The director may renew an operator's license issued to an individual who is a resident of this state or to a spouse who is a resident of this state, if the individual or spouse is out of state as a result of the employment of the individual or the other spouse with a governmental entity or a business organization, including the United States armed forces or foreign service. The director shall develop procedures and requirements for a renewal under this section.

39-06-20. Notice of change of address or name.

If an individual after applying for or receiving an operator's license moves from the address named in the application or on the license or if the name of a licensee is changed by marriage or otherwise, that individual within ten days after moving or the name change shall notify the director in writing or in person of that individual's old and new addresses or of the individual's former and new names and of the number of any operator's license then held by that person. An individual may obtain a corrected operator's license by making an application as provided for in section 39-06-18. The department may change the address based on information received from any authorized address correction service of the United States postal service. The department may also develop procedures for receiving notification of address changes by telephone or electronic means.

39-06-21. Filing application records.

The director shall file and maintain each application for a license with suitable indexes containing:

1. All applications denied and on each denied application note the reason for the denial;
2. All applications granted; and

3. The name of every licensee whose operator's license has been suspended, revoked, canceled, or restricted by the department and after each name state the reasons for such actions.

39-06-22. Driving records of licensees.

The director shall file all accident reports and abstracts of court records of convictions received by the director under the laws of this state and maintain convenient records or make suitable notations in order that each record of each licensee showing the convictions of the licensee and the traffic accidents in which the licensee has been involved is readily ascertainable and available for the consideration of the director.

39-06-23. Definition of suspension, revocation, and cancellation.

Repealed by S.L. 2013, ch. 291, § 62.

39-06-24. Authority to cancel licenses.

1. The director shall cancel any operator's license or nondriver photo identification card upon determining that the individual is not entitled to the issuance of the document or that the individual failed to give the required or correct information on the application or the fee was invalid. Invalid fees include being in the form of an insufficient fund or no-account check or a credit or debit card in which the transaction was canceled by the applicant before the department received correct payment. The making of a false statement in any application for an operator's license or nondriver photo identification card, concerning the applicant's age or the prior loss of driving privileges through a cancellation, suspension, revocation, or similar sanction in any state, is grounds for the director to cancel any document or privilege issued on the basis of the application.
2. Upon cancellation, the holder shall surrender the nondriver photo identification card to the director or any police officer may take custody of the card.

39-06-25. Suspending privileges of nonresidents.

The privilege of driving a motor vehicle on the highways of this state given to a nonresident is subject to suspension or revocation by the director in like manner and for like cause as an operator's license issued in this title may be suspended or revoked.

39-06-26. Reporting convictions, suspensions, or revocations of nonresidents.

1. Upon receiving a record of the conviction or adjudication in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, or an equivalent ordinance, the director may notify the licensing authority in the state in which the nonresident resides or is licensed.
2. If a nonresident's operating privilege is suspended or revoked under the law of this state, the director shall notify the licensing authority in the state in which the nonresident resides or is licensed.

39-06-27. Suspending licenses upon conviction, suspension, or revocation in another jurisdiction.

1. The director may suspend or revoke the operator's license of any resident of this state or the privilege of a nonresident to operate a motor vehicle in this state upon receiving notice of the conviction of that individual in a tribal court or in another state of an offense, which if committed in this state would be grounds for the suspension or revocation of an operator's license of an operator. The director may act on a report of a conviction in tribal court received from any tribal law enforcement agency. This section may not be construed as authorizing the assessment of points against a resident's driving record in accordance with chapter 39-06.1, except upon conviction of a resident driver for a criminal offense in a tribal court or in another state which is equivalent to one of those offenses defined in section 39-06.1-05. A suspension or revocation may not be imposed for convictions for driving under suspension or

revocation on an Indian reservation or in another state if a valid operator's license from this state was in effect at the time of the violation. For purposes of this section, originals, photostatic copies, and electronic transmissions of the records of the driver's licensing or other authority of the other jurisdiction are sufficient evidence even if not certified copies.

2. Upon receipt of a certification that the operating privileges of a resident of this state have been suspended or revoked on an Indian reservation or in any other state under a law providing for the suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident if under circumstances that would require the director to suspend a nonresident's operating privileges had the accident occurred in this state, the director shall suspend the license of the resident if the resident was the driver of a motor vehicle involved in the accident. The suspension continues until the resident furnishes evidence satisfactory to the director of the resident's compliance with the laws of the Indian reservation or the other state relating to the deposit of security or payment of a judgment arising out of a motor vehicle accident, to the extent that compliance would be required if the accident had occurred in this state.

39-06-28. Courts to forward license to director upon certain convictions.

If an individual is convicted of any offense for which this chapter requires the revocation of the operator's license of that individual by the director, the court of the conviction shall require the surrender to the court of any operator's license then held by the convicted individual. The court shall then forward the operator's license and a record of the conviction to the director.

39-06-29. Courts to report records of certain convictions.

Repealed by S.L. 1981, ch. 386, § 3.

39-06-29.1. Authority to suspend licenses of juveniles.

Repealed by S.L. 1983, ch. 415, § 39.

39-06-30. Conviction - Meaning and effect.

Repealed by S.L. 2013, ch. 291, § 62.

39-06-31. Revocation of licenses.

1. A period of revocation is at least thirty days and not more than one year, unless otherwise provided by law.
2. The director shall revoke for a period of one year or for a period as may be recommended by the trial court, the operator's license of an individual upon receiving a record of the individual's conviction of any of the following offenses:
 - a. A felony in which a motor vehicle was used in the commission of the felony.
 - b. A misdemeanor resulting from the operation of a motor vehicle and causing serious bodily injury, as defined in section 12.1-01-04, to another individual.

3. The revocation of the license under this section may be beyond any time of imprisonment or court-ordered addiction treatment.

39-06-32. Authority to suspend licenses.

1. The director may suspend the operator's license of an individual, after hearing, upon proof by a fair preponderance of the evidence, that any of the following apply to the licensee:
 - a. Commission of an offense for which mandatory revocation of license is required upon conviction.
 - b. Incompetence to drive a motor vehicle.

- c. Unlawful or fraudulent use of an operator's license.
 - d. Refusal to submit to an implied consent chemical test on an Indian reservation or in another state. For purposes of this subsection, the specific requirements for establishing a refusal used on the Indian reservation or in the other state may not be considered, and photostatic copies of the records of the other jurisdiction's driver's licensing authority are sufficient evidence of the refusal whether those copies are certified. The suspension must be for the same length of time as the revocation in section 39-20-04. If the refusal arose out of an arrest or stop of an individual while operating a commercial motor vehicle, the period of suspension must be the same as the period of revocation provided in section 39-06.2-10.
2. Failure, as shown by the certificate of the court, to pay a fine or serve any other sentence as ordered by a court upon conviction for any criminal traffic offense.
 3. Failure, as shown by the certificate of the court, to appear in court or post and forfeit bond after signing a promise to appear, if signing is required by law, in violation of section 39-06.1-04, willful violation of a written promise to appear in court, in violation of section 39-07-08, or violation of equivalent ordinances or laws in another jurisdiction. Upon resolution by the operator of the underlying cause for a suspension under this subsection, as shown by the certificate of the court, the director shall record the suspension separately on the driving record. This separate record is not available to the public.
 4. An administrative decision on an Indian reservation or in another state that the licensee's privilege to drive on that Indian reservation or in that state is suspended or revoked because of a violation of that Indian reservation's or state's law forbidding motor vehicle operation with an alcohol concentration of at least eight one-hundredths of one percent by weight or, with respect to a person under twenty-one years of age, an alcohol concentration of at least two one-hundredths of one percent by weight, or because of a violation of that Indian reservation's or state's law forbidding the driving or being in actual physical control of a commercial motor vehicle while having an alcohol concentration of at least four one-hundredths of one percent by weight. The specific requirements for establishing the violation on the Indian reservation or in the other state may not be considered and certified copies of the records of the Indian reservation's or other state's driver's licensing authority are sufficient evidence of the violation. The suspension must be for the same duration as the suspension in section 39-20-04.1, if the violation does not involve a commercial motor vehicle. If the violation involves a commercial motor vehicle, the period of suspension must be the same as the period of suspension provided in section 39-06.2-10. For purposes of this section, originals, photostatic copies, or electronic transmissions of the records of the driver's licensing or other authority of the other jurisdiction are sufficient evidence whether they are certified copies.
 5. Conviction of an offense under this title and it appears from the director's records that the offense contributed to causing an accident which resulted in death or serious personal injury or serious property damage. A suspension may not be imposed if the individual has been sanctioned for the same offense under section 39-06-31.

39-06-32.1. Suspension of child's driving privileges.

Upon receipt of a copy of an order of a juvenile court ordering the suspension of a child operator's license, the director shall suspend the operator's license and make notation of the length of time of the suspension. During the time of the suspension, an application for a class D instruction permit may not be accepted from the child. For purposes of this section, "child" is defined by section 27-20-02.

39-06-33. Hearings on suspension or revocation.

1. If an operator's license is suspended or revoked under section 39-06-32 or 39-06.1-10 or chapter 39-16 or 39-16.1, the director shall give notice of intention to suspend to the licensee by mailing the notice to the licensee at the address of record in the department under section 39-06-20. Actual notice of the opportunity for a hearing

under this section must be deemed to have occurred seventy-two hours after the notice is mailed by regular mail. The licensee has ten days after the date of mailing of the notice to request, in writing or by other means authorized by the director, a hearing on the intended suspension or revocation.

2. Any hearing conducted under this section and any appeal from the decision of the hearing must be conducted under chapter 28-32, except the hearing must be heard within sixty days of the receipt of the request for hearing and in the county of the licensee's residence, unless the parties agree to a different time and place for the hearing. At the hearing, the regularly kept records of the director may be introduced and are prima facie evidence of their content without further foundation.
3. The mailing of the decision and the resulting order by regular mail to the address recorded in the files of the director under section 39-06-20 is sufficient notice. If a suspension is ordered, a reexamination of the licensee may be required.
4. If a suspension is ordered under subdivision b of subsection 1 of section 39-06-32, the notice must include a specific description of the conditions which led to the conclusion that the licensee is incompetent to drive a motor vehicle. If during the suspension those conditions dissipate, the licensee may request another hearing on the issue of competence to drive a motor vehicle. The hearing must be held in the manner required under subsections 2 and 3 for the original suspension.

39-06-33.1. Authority to suspend licenses after traffic death or injury - Show cause order required.

Repealed by S.L. 1987, ch. 460, § 16; S.L. 1987, ch. 461, § 4.

39-06-34. Director may require reexamination.

In addition to any other power, the director, having good cause to believe that an individual with an operator's license is incompetent or otherwise not qualified for the operator's license, may upon written notice of at least five days to the individual require the individual to submit to such physical, mental, or driver's examination as may be deemed necessary by the director. If the director has good cause to believe that the individual presents an immediate danger to the motoring public, the director may immediately, and without prior notice, suspend the operator's license of the individual pending the examination. The notice of suspension must provide the individual with the opportunity for a hearing within five days of the receipt of the notice of suspension. When a hearing is requested, the hearing must be conducted under section 39-06-33 and the hearing officer's recommended decision must be rendered within two days of the conclusion of the hearing. Upon the conclusion of the examination, the director shall take action as may be appropriate and may suspend or revoke the license of the individual or permit the individual to retain the license, or may issue a license subject to restrictions as permitted under section 39-06-17. The director may suspend or revoke the operator's license of the individual for refusal or neglect of the individual to submit to an examination.

39-06-34.1. Court may require reexamination.

In addition to any other powers, the court, upon finding of a moving motor vehicle violation which leads the court to believe an individual with an operator's license is not qualified for the operator's license, may direct the director to require the individual to submit to reexamination under section 39-06-13. Written notice of at least five days must be given to the individual by the director of the reexamination. Upon the conclusion of the examination, the director shall take action as may be appropriate and may suspend or revoke the license of the individual or permit the individual to retain the operator's license, or may issue a license subject to restrictions as permitted under section 39-06-17. The director may suspend or revoke the operator's license of the individual for refusal or neglect of the individual to submit to the examination.

39-06-35. Period of suspension.

1. After the period of suspension imposed under this title, the operator's license of an individual that has been suspended remains suspended and may not be returned or

reinstated until the individual pays to the director a reinstatement fee as listed in section 39-06-49. If applicable, the operator's license may not be returned until compliance with subsection 4 of section 39-06.1-10. Upon payment of the reinstatement fee the license must be returned to the individual. If the individual submits payment of the reinstatement fee with a check, credit card, or debit card and the individual stops payment on the transaction, the director shall reimpose the suspension until the director receives proper payment.

2. A reinstatement fee is not required for a license to be returned to the operator if the return of the license is due to the findings of a hearing, reexamination of hearing, or court or judicial review under chapter 39-06, 39-06.1, or 39-20.

39-06-36. Restoration of revoked licenses.

An individual whose operator's license has been revoked is not entitled to have the operator's license renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the revocation period the individual may make application for a new license, but the director may not then issue a new license unless the director is satisfied after investigation of the individual's driving records, driving habits, and driving ability of the individual that it will be safe to grant an operator's license to that individual. An individual whose operator's license has been revoked must pay to the director a revocation reinstatement fee as listed in section 39-06-49, in addition to any license renewal fee, for issuance of a new license. If the individual submits payment of a reinstatement fee with a check, credit card, or debit card and the individual stops payment on the transaction, the director shall reimpose a suspension until the director receives proper payment. A reinstatement fee is not required if a revoked license is reinstated due to the findings of a hearing, reexamination of hearing, or court or judicial review as provided under chapter 39-06, 39-06.1, or 39-20.

39-06-37. Surrender and return of license - Duration of multiple suspensions and revocations for separate violations.

1. The director upon canceling or revoking an operator's license shall require that the license must be surrendered to and be retained by the director.
2. A suspension, revocation, or cancellation ordered under this title must be deemed to have commenced when the order is delivered to the licensee at the address of record in the department under section 39-06-20. Constructive delivery under this section must be considered as occurring forty-eight hours after the order is mailed to the person by regular mail.
3. Unless otherwise specifically provided in this title, any suspension, revocation, cancellation, or denial of licensing ordered under this title must be in addition to, and run consecutive to, any other or existing suspension, revocation, cancellation, or denial of licensing ordered for a separate violation.

39-06-38. No operation under foreign license during suspension or revocation in this state.

Any resident or nonresident whose operator's license in this state has been suspended or revoked under this title may not operate a motor vehicle in this state under a license, permit, or registration certificate issued by any other jurisdiction or otherwise during the suspension or after the revocation until a new operator's license is obtained when and as permitted under this title.

1. Except as provided in section 39-06.1-11, an individual who operates a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state while an individual's operator's license is suspended or revoked in any jurisdiction is guilty of a class B misdemeanor for the first, second, or third offense within a five-year period. Any subsequent offense within the same five-year period is a class A misdemeanor.
2. If the suspension or revocation was imposed for violation of section 39-08-01 or equivalent ordinance or was governed by section 39-06-31 or chapter 39-20, the sentence must be at least four consecutive days' imprisonment and a fine as the court deems proper. The execution of sentence may not be suspended or the imposition of sentence deferred under subsection 3 or 4 of section 12.1-32-02. Forfeiture of bail is

4. In addition to any other punishment imposed, the court may order the number plates of the motor vehicle owned and operated by the offender at the time of the offense to be destroyed by the sheriff. If a period of suspension has been extended under subsection 6 of section 39-06-17, the court may order the number plates to be destroyed under this subsection. The offender shall deliver the number plates to the court without delay at a time certain as ordered by the court following the conviction. Like period not to exceed ninety days if the operator's record for the three years preceding the most recent violation of section 39-06-42 or equivalent ordinance shows the individual's operator's license or privilege has not been suspended, revoked, or denied for a prior violation of section 39-06-42 or equivalent ordinance;

2. If the original suspension was imposed for violation of section 39-08-01 or equivalent ordinance, the director shall extend the period of that suspension for at least six months. Suspension periods for failure to appear or to post and forfeit bond on noncriminal traffic violations may be for an indefinite duration. If the conviction was upon a charge of driving while an operator's license was revoked, the director may not issue a new operator's license for an additional period of one year from and after the date the individual would otherwise have been entitled to apply for a new license.
