

CHAPTER 54-27.2 BUDGET STABILIZATION FUND

54-27.2-01. Budget stabilization fund.

The budget stabilization fund is a special fund in the state treasury. The state investment board shall supervise investment of the budget stabilization fund in accordance with chapter 21-10. Any interest or other budget stabilization fund earnings must be deposited in the fund. Any amounts provided by law for deposit in the fund and any interest or earnings of the fund which would bring the balance in the fund to an amount greater than nine and one-half percent of the current biennial state general fund budget, as finally approved by the most recently adjourned special or regular session of the legislative assembly, may not be deposited or retained in the fund but must be deposited instead in the state general fund.

54-27.2-02. Certain general fund revenues to be deposited in the budget stabilization fund.

Notwithstanding any other provision of law except section 54-27.2-01, any amount in the state general fund in excess of sixty-five million dollars at the end of any biennium must be transferred by the state treasurer to the budget stabilization fund. For purposes of this section, "at the end of any biennium" means after cancellation of unexpended appropriations under section 54-44.1-11.

54-27.2-03. Transfers and expenditures from budget stabilization fund.

If the director of the office of management and budget projects that general fund revenues for the biennium will be at least two and one-half percent less than estimated by the most recently adjourned special or regular session of the legislative assembly, and if the governor orders a transfer, which must be reported to the budget section of the legislative management, the state treasurer shall transfer the appropriate funds from the budget stabilization fund to the state general fund to offset the decrease in general fund revenues. The amount transferred from the budget stabilization fund upon order of the governor may not exceed the difference between an amount two and one-half percent below the general fund revenue projections for the biennium of the most recently adjourned special or regular session of the legislative assembly and the general fund revenue projections for the biennium by the director of the office of management and budget. The amount transferred from the budget stabilization fund upon order of the governor to the state general fund may be expended within the limits of legislative guidelines and general fund appropriations of the most recently adjourned special or regular session of the legislative assembly. For purposes of this section, "general fund revenues for the biennium" and "general fund revenue projections for the biennium" include the general fund balance at the beginning of the biennium.
