23-18-01. (Repealed effective July 1, 2017) Hospital associations authorized - County tax levy in aid - Election.

A county or community hospital association may be established in any county in this state. The executive officers and directors must be residents of the county. The association may apply to the board of county commissioners of the county for a grant to aid in the erection of a nonsectarian county hospital. The application for the grant must be in writing and must state the incorporation of the association, the names and places of residence of all of its executive officers, and the assets of the association, and must specify the mill rate of levy applied for, which may not be in excess of the limitation in subsection 12 of section 57-15-06.7. If the board of county commissioners is satisfied that the statements in the applications are true and that the association intends in good faith to establish a nonsectarian county or community hospital, it shall submit to the electors of the county the question of levying a tax in aid of such nonsectarian county or community hospital, not exceeding the limitation in subsection 12 of section 57-15-06.7. This levy is not subject to the county levy limitations.

The proceeds of the tax provided for by this chapter must be placed in a separate fund by the county treasurer and must be used exclusively for the construction and equipment of a nonsectarian county or community hospital, or of a nonsectarian county or community clinic, as applicable, and must be kept separate and apart from the other moneys of the county.
