

CHAPTER 61-24.5 SOUTHWEST WATER AUTHORITY

61-24.5-01. Findings and declaration of policy.

It is hereby found and declared by the legislative assembly that many areas and localities in southwestern North Dakota do not enjoy adequate quantities of high-quality drinking water. It is also found and declared that other areas and localities in southwestern North Dakota do not have sufficient quantities of water to ensure a dependable, long-term supply. It is further found and declared that supplementation of the water resources of southwestern North Dakota, with water supplies from Lake Sakakawea and the Missouri River, utilizing a pipeline transmission and delivery system, is a feasible approach to provide southwestern North Dakota with a safe, good quality, dependable source, and adequate quantity of water.

It is further declared that opportunity for greater economic security, protection of health, property, enterprise, preservation of the benefits from the land and water resources of this state, and the promotion of the prosperity and general welfare of all of the people of North Dakota depends on the effective development and utilization of the land and water resources of this state, and necessitate and require the exercise of the sovereign powers of the state and concern a public purpose. Therefore, in order to accomplish this public purpose, it is hereby declared necessary that a project to supply and distribute water to southwestern North Dakota, as authorized by chapter 61-24.3, and acts amendatory thereof and supplementary thereto, be established and constructed, to:

1. Provide for the supply and distribution of water to the people of southwestern North Dakota through a pipeline transmission and delivery system for purposes including domestic, rural water, municipal, livestock, light industrial, mining, and other uses, with primary emphasis on domestic, rural water, and municipal uses.
2. Provide for the future economic welfare and property of the people of this state, and particularly the people of southwestern North Dakota, by making available waters from Lake Sakakawea and the Missouri River for beneficial and public uses.

It is also declared necessary to study and further develop water resources to provide adequate water supplies for energy, industrial, agriculture, and other opportunities in southwest North Dakota. The provisions hereof may not be construed to abrogate or limit the rights, powers, duties, and functions of the state water commission or the state engineer, but must be considered supplementary thereto.

Such proceeding must comply as nearly as possible with the procedure required in the case of irrigation districts under the laws of North Dakota.

61-24.5-16. Procedure for exclusion from authority of county not benefited.

1. Any county in the authority not benefited or not to be benefited, in whole or in part, by the southwest pipeline project, or any part thereof, may be excluded from the authority as provided herein. The board of county commissioners of any such county may by resolution direct the county auditor and the chairman of the board to file with the board of directors of the authority a petition, for and on behalf of the county, requesting the board of directors of the authority to exclude such county therefrom. A certified copy of the resolution of the county board must accompany and be filed with such petition. The petition and resolution must state specific reasons why such county will not be benefited by the southwest pipeline project, or any part thereof.
2. Within sixty days from the date of filing said resolution and petition for exclusion from the authority, the authority board shall meet to consider such petition. It may grant such petition or it may fix a time and place for a hearing thereon. If a hearing is set, the secretary of the board shall cause notice of the filing of such petition for exclusion, and of the time and place for a hearing, to be published once each week for two consecutive weeks in a newspaper of general circulation printed within the authority. The hearing mentioned in such notice must be held not less than ten nor more than twenty days after the last publication of such notice. The notice must state that any person, corporation, limited liability company, municipality, and county in the authority may appear or be represented at the hearing and show cause why the petition should or should not be granted. The board shall hear the petition at the time and place mentioned in the notice.
3. If, however, the authority board shall decide that such county will be benefited, it shall deny the petition and direct the chairman and secretary to execute its order refusing to exclude such county from the authority. A county excluded from the authority is not liable for any obligations thereof incurred after exclusion but is liable for and shall pay to the authority taxes levied before exclusion.
4. If any contract has been made with the United States or any agency thereof, or the state of North Dakota or any agency thereof, before such petition is filed, such petition may not be granted unless consented thereto by the appropriate agency of the United States or North Dakota, and if such agency gives its consent upon condition, such conditions must be included in the order of exclusion and the county may be required to, and in that event such county shall continue to, pay and satisfy any obligations under any such contract.

61-24.5-17. Appeal from orders of authority board.

An appeal from an order of the board of directors of the authority denying a petition for exclusion may be taken to the district court of the petitioning county.
