Accordingly, insurers should seek to maintain capital above the risk-based capital levels required by this chapter. Additional capital is used and is useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the risk-based capital requirements contained in this chapter.
5. If a domestic insurer files a risk-based capital report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the risk-based capital report to correct the inaccuracy and notify the insurer of the adjustment.  - i. If, under section 26.1-03.1-07, the insurer challenges a determination by the commissioner under subdivision h, the notification by the commissioner to the insurer that, after a hearing, the commissioner has rejected the challenge.

The fees, costs, and expenses relating to consultants must be borne by the affected insurer or such other party as directed by the commissioner.

26.1-03.1-05. Authorized control level event.

1. "Authorized control level event" means any of the following events:

2. In the event of an authorized control level event with respect to an insurer, the commissioner shall:
- a. Take such actions as are required under section 26.1-03.1-04 regarding an insurer with respect to which a regulatory action level event has occurred; or
 - b. Take necessary action to cause the insurer to be placed under regulatory control under chapter 26.1-06.1 if the commissioner deems it to be in the best interests of the policyholders, creditors of the insurer, and the public. If the commissioner

takes such actions, the authorized control level event must be deemed sufficient grounds for the commissioner to take action under chapter 26.1-06.1, and the commissioner has the rights, powers, and duties with respect to the insurer in chapter 26.1-06.1. If the commissioner takes action under this subdivision pursuant to an adjusted risk-based capital report, the insurer is entitled to any protection afforded to insurers under chapter 26.1-06.1 pertaining to summary proceedings.

If the commissioner takes action pursuant to an adjusted risk-based capital report, the insurer is entitled to the protection of chapter 26.1-06.1 pertaining to summary proceedings. Notwithstanding any of the foregoing, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period.
 - b. With respect to a property and casualty insurer, the commissioner may take such actions as are necessary to place the insurer under regulatory control under chapter 26.1-06.1, or, in the case of an insurer that is not writing business and that is running off its existing business, may allow the insurer to continue its runoff under the supervision of the commissioner. In either event, the mandatory control level event must be deemed sufficient grounds for the commissioner to take action under chapter 26.1-06.1 and the commissioner has the rights, powers, and duties in chapter 26.1-06.1 with respect to the insurer. If the commissioner takes action pursuant to an adjusted risk-based capital report, the insurer is entitled to the protection of chapter 26.1-06.1 pertaining to summary proceedings. Upon receipt of the insurer's request for a hearing, the commissioner shall set a date for the hearing, which date may be no less than ten nor more than thirty days after the date of the insurer's request.

2. Notification to an insurer by the commissioner that:

- a. The insurer's risk-based capital plan or revised risk-based capital plan is unsatisfactory; and
 - b. Such notification constitutes a regulatory action level event with respect to the insurer;
3. Notification to any insurer by the commissioner that the insurer has failed to adhere to its risk-based capital plan or revised risk-based capital plan and that the failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its risk-based capital plan or revised risk-based capital plan; or
 4. Notification to an insurer by the commissioner of a corrective order with respect to the insurer.

26.1-03.1-08. Confidentiality - Prohibition on announcements - Prohibition on use in ratemaking.

1. All risk-based capital reports, to the extent the information therein is not required to be set forth in a publicly available annual statement schedule, and risk-based capital plans, including the results or report of any examination or analysis of an insurer performed under this chapter and any corrective order issued by the commissioner pursuant to examination or analysis, with respect to any domestic insurer or foreign insurer that are in the possession or control of the insurance department are confidential and privileged, not subject to section 44-04-18, not subject to subpoena, and not subject to discovery and are not admissible in evidence in any private civil action. However, the commissioner may use any document, material, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner's official duties.
2. Neither the commissioner nor any person that received any document, material, or other information while acting under the authority of the commissioner may be permitted or required to testify in any private civil action concerning any confidential document, material, or information subject to subsection 1.
3. To assist in the performance of the commissioner's duties, the commissioner:
 - a. May share any document, material, or other information, including any confidential and privileged document, material, or information subject to subsection 1, with any other state, federal, or international regulatory agency; the national association of insurance commissioners and its affiliates and subsidiaries; and any state, federal, and international law enforcement authority, provided the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information.
 - b. May receive any document, material, or information, including any otherwise confidential and privileged document, material, or information, from the national association of insurance commissioners and its affiliates and subsidiaries and from any regulatory and law enforcement official of any other foreign or domestic jurisdiction, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information.
 - c. May enter any agreement governing sharing and use of information consistent with this subsection.
4. Waiver of any applicable privilege or claim of confidentiality in any document, material, or information does not occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection 3.
5. It is the judgment of the legislative assembly that the comparison of an insurer's total adjusted capital to any of its risk-based capital levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not intended as a means to rank insurers generally. Therefore, except as otherwise required under this chapter, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly, to be made, published,

disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the risk-based capital levels of any insurer, or of any component derived in the calculation, by any insurer, insurance producer, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its risk-based capital levels, or any of them, or an inappropriate comparison of any other amount to the insurer's risk-based capital levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of the statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

6. It is the further judgment of the legislative assembly that the risk-based capital instructions, risk-based capital reports, adjusted risk-based capital reports, risk-based capital plans, and revised risk-based capital plans are intended solely for use by the commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and may not be used by the commissioner for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance that an insurer or any affiliate is authorized to write.

26.1-03.1-09. Supplemental provisions - Rules - Exemption.

1. This chapter is supplemental to any other laws of this state, and does not preclude or limit any other powers or duties of the commissioner under these laws, including chapters 26.1-06.1 and 26.1-06.2.
2. The commissioner may adopt rules necessary for the implementation of this chapter.
3. The commissioner may exempt from the application of this chapter any domestic property and casualty insurer that:

2. In such event, the failure of the foreign insurer to file a risk-based capital plan with the

commissioner is grounds to order the insurer to cease and desist from writing new insurance business in this state.

3. In the event of a mandatory control level event with respect to any foreign insurer, if no domiciliary receiver has been appointed with respect to the foreign insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign insurer, the commissioner may make application to the district court permitted under section 26.1-06.1-04 with respect to the liquidation of property of foreign insurers found in this state, and the occurrence of the mandatory control level event is adequate grounds for the application.

26.1-03.1-11. Immunity.
