1987—Pub. L. 100-224 struck out heading “(a) General rule”, substituted provisions that the amount equal to the amount of retired pay to which the member would be entitled on that date if (1) increases in the member’s retired pay under section 1401a(b) of this title had been computed as provided in paragraph (2) of that section (rather than under paragraph (3) of that section); and (2) in the case of a member whose retired pay was subject to section 1409(b)(2) of this title, no reduction in the member’s retired pay had been made under that section, for provisions that the amount equal to (1) the amount of the member’s initial unreduced retired pay, increased by (2) the percent (adjusted to the nearest one-tenth of 1 percent) by which (A) the price index for the most recent base quarter ending more than 31 days before the date the member attains 62 years of age, exceeds (B) the price index for the calendar quarter immediately before the date the member first became entitled to retired pay, and struck out subsec. (b) which had directed that, in this section, the term “initial unreduced retired pay” meant the amount of retired pay (A) to which the member was entitled when the member first became entitled to retired pay; or (B) in the case of a member whose retired pay was subject to section 1409(b)(2) of this title, to which the member would have been entitled on the date of the member’s retirement without regard to that section, and that the definitions in subsection (g), and the provisions of subsection (h), of section 1401a of this title applied to this section.
