“(2) that the research, development, test, and evaluation effort is of sufficient interest to the military department to warrant the modification of such article of military equipment;

“(3) that—

“(A) prior to the end of the period of performance of such a contractual agreement, the article of military equipment will be restored to its original condition; or

“(B) it is not necessary to restore the article of military equipment to its original condition because the military department intends to dispose of the equipment or operate the equipment in its modified form.
