

SUBCHAPTER I—BILATERAL AND  
CLEARING ORGANIZATION NETTING

**§ 4401. Findings and purpose**

The Congress finds that—

(1) many financial institutions engage daily in thousands of transactions with other financial institutions directly and through clearing organizations;

(2) the efficient processing of such transactions is essential to a smoothly functioning economy;

(3) such transactions can be processed most efficiently if, consistent with applicable contractual terms, obligations among financial institutions are netted;

(4) such netting procedures would reduce the systemic risk within the banking system and financial markets; and

(5) the effectiveness of such netting procedures can be assured only if they are recognized as valid and legally binding in the event of the closing of a financial institution participating in the netting procedures.

(Pub. L. 102-242, title IV, §401, Dec. 19, 1991, 105 Stat. 2371.)
