

that may be constructed to deliver natural gas to Fairbanks, Anchorage, Matanuska-Susitna Valley, or the Kenai peninsula or Valdez or any other site in the State for consumption within or distribution outside the State.

(c) Rate coordination

(1) In general

In accordance with the Natural Gas Act [15 U.S.C. 717 et seq.], the Commission shall establish rates for the transportation of natural gas on any Alaska natural gas transportation project.

(2) Consultation

In carrying out paragraph (1), the Commission, in accordance with section 17(b) of the Natural Gas Act (15 U.S.C. 717p(b)), shall consult with the State regarding rates (including rate settlements) applicable to natural gas transported on and delivered from the Alaska natural gas transportation project for use within the State.

§ 720g. Study of alternative means of construction

(a) Requirement of study

If no application for the issuance of a certificate or amended certificate of public convenience and necessity authorizing the construction and operation of an Alaska natural gas transportation project has been filed with the Commission by the date that is 18 months after October 13, 2004, the Secretary shall conduct a study of alternative approaches to the construction and operation of such an Alaska natural gas transportation project.

(b) Scope of study

The study under subsection (a) shall take into consideration the feasibility of—

(1) establishing a Federal Government corporation to construct an Alaska natural gas transportation project; and

(2) securing alternative means of providing Federal financing and ownership (including alternative combinations of Government and private corporate ownership) of the Alaska natural gas transportation project.

(c) Consultation

In conducting the study under subsection (a), the Secretary shall consult with the Secretary of the Treasury and the Secretary of the Army (acting through the Chief of Engineers).

(d) Report

On completion of any study under subsection (a), the Secretary shall submit to Congress a report that describes—

(1) the results of the study; and

(2) any recommendations of the Secretary (including proposals for legislation to implement the recommendations).

§ 720h. Clarification of ANGTA status and authorities

(a) Savings clause

Nothing in this chapter affects—

(1) any decision, certificate, permit, right-of-way, lease, or other authorization issued under section 9 of the Alaska Natural Gas Transportation Act of 1976 (15 U.S.C. 719g); or

(2) any Presidential finding or waiver issued in accordance with that Act [15 U.S.C. 719 et seq.].

(b) Clarification of authority to amend terms and conditions to meet current project requirements

Any Federal agency responsible for granting or issuing any certificate, permit, right-of-way, lease, or other authorization under section 9 of the Alaska Natural Gas Transportation Act of 1976 (15 U.S.C. 719g) may add to, amend, or rescind any term or condition included in the certificate, permit, right-of-way, lease, or other authorization to meet current project requirements (including the physical design, facilities, and tariff specifications), if the addition, amendment, or rescission—

(1) would not compel any change in the basic nature and general route of the Alaska natural gas transportation system as designated and described in section 2 of the President’s decision; or

(2) would not otherwise prevent or impair in any significant respect the expeditious construction and initial operation of the Alaska natural gas transportation system.

(c) Updated environmental reviews

The Secretary shall require the sponsor of the Alaska natural gas transportation system to submit such updated environmental data, reports, permits, and impact analyses as the Secretary determines are necessary to develop detailed terms, conditions, and compliance plans required by section 5 of the President’s decision.
