

§ 720i. Sense of Congress concerning use of steel manufactured in North America and negotiation of a project labor agreement

It is the sense of Congress that—

(1) an Alaska natural gas transportation project would provide significant economic benefits to the United States and Canada; and

(2) to maximize those benefits, the sponsors of the Alaska natural gas transportation project should make every effort to—

(A) use steel that is manufactured in North America; and

(B) negotiate a project labor agreement to expedite construction of the pipeline.

(Pub. L. 108-324, div. C, §111, Oct. 13, 2004, 118 Stat. 1263.)

§ 720j. Sense of Congress concerning participation by small business concerns

(a) Definition of small business concern

In this section, the term “small business concern” has the meaning given the term in section 632(a) of this title.

(b) Sense of Congress

It is the sense of Congress that—

(1) an Alaska natural gas transportation project would provide significant economic benefits to the United States and Canada; and

(2) to maximize those benefits, the sponsors of the Alaska natural gas transportation project should maximize the participation of small business concerns in contracts and sub-contracts awarded in carrying out the project.

(Pub. L. 108-324, div. C, §112, Oct. 13, 2004, 118 Stat. 1263; Pub. L. 111-68, div. A, title I, §1501(b), Oct. 1, 2009, 123 Stat. 2041.)

AMENDMENTS

2009—Subsec. (c). Pub. L. 111-68 struck out subsec. (c) which related to study to determine extent to which small business concerns participate in construction of oil and gas pipelines in the United States.

§ 720k. Alaska pipeline construction training program

(a) Program

(1) Establishment

The Secretary of Labor (in this section referred to as the “Secretary”) shall make grants to the Alaska Workforce Investment Board—

(A) to recruit and train adult and dislocated workers in Alaska, including Alaska Natives, in the skills required to construct and operate an Alaska gas pipeline system; and

(B) for the design and construction of a training facility to be located in Fairbanks, Alaska, to support an Alaska gas pipeline training program.

(2) Coordination with existing programs

The training program established with the grants authorized under paragraph (1) shall be consistent with the vision and goals set forth in the State of Alaska Unified Plan, as developed pursuant to the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.).

(b) Requirements for grants

The Secretary shall make a grant under subsection (a) only if—

(1) the Governor of the State of Alaska requests the grant funds and certifies in writing to the Secretary that there is a reasonable expectation that the construction of the Alaska natural gas pipeline system will commence by the date that is 2 years after the date of the certification; and

(2) the Secretary of Energy concurs in writing to the Secretary with the certification made under paragraph (1) after considering—

(A) the status of necessary Federal and State permits;

(B) the availability of financing for the Alaska natural gas pipeline project; and

(C) other relevant factors.

(c) Authorization of appropriations

There are authorized to be appropriated to the Secretary to carry out this section \$20,000,000. Not more than 15 percent of the funds may be used for the facility described in subsection (a)(1)(B).

(Pub. L. 108-324, div. C, §113, Oct. 13, 2004, 118 Stat. 1264.)

REFERENCES IN TEXT

The Workforce Investment Act of 1998, referred to in subsec. (a)(2), is Pub. L. 105-220, Aug. 7, 1998, 112 Stat. 936, as amended. For complete classification of this Act to the Code, see Short Title note set out under section 9201 of Title 20, Education, and Tables.

§ 720l. Sense of Congress concerning natural gas demand

It is the sense of Congress that—

(1) North American demand for natural gas will increase dramatically over the course of the next several decades;

(2) both the Alaska Natural Gas Pipeline and the Mackenzie Delta Natural Gas project in Canada will be necessary to help meet the increased demand for natural gas in North America;

(3) Federal and State officials should work together with officials in Canada to ensure both projects can move forward in a mutually beneficial fashion;

(4) Federal and State officials should acknowledge that the smaller scope, fewer permitting requirements, and lower cost of the Mackenzie Delta project means it will most likely be completed before the Alaska Natural Gas Pipeline;

(5) natural gas production in the 48 contiguous States and Canada will not be able to meet all domestic demand in the coming decades; and

(6) as a result, natural gas delivered from Alaskan North Slope will not displace or reduce the commercial viability of Canadian natural gas produced from the Mackenzie Delta or production from the 48 contiguous States.

(Pub. L. 108-324, div. C, §114, Oct. 13, 2004, 118 Stat. 1264.)

§ 720m. Sense of Congress concerning Alaskan ownership

It is the sense of Congress that—
