(b) Stamp, tag, label or other means of identification; contents

Except as otherwise provided in this subchapter, a textile fiber product shall be misbranded if a stamp, tag, label, or other means of identification, or substitute therefor authorized by section 70c of this title, is not on or affixed to the product showing in words and figures plainly legible, the following:

(1) The constituent fiber or combination of fibers in the textile fiber product, designating with equal prominence each natural or manufactured fiber in the textile fiber product by its generic name in the order of predominance by the weight thereof if the weight of such fiber is 5 per centum or more of the total fiber weight of the product, but nothing in this section shall be construed as prohibiting the use of a nondeceptive trademark in conjunction with a designated generic name: *Provided*, That exclusive of permissible ornamentation, any fiber or group of fibers present in an amount of 5 per centum or less by weight of the total fiber content shall not be designated by the generic name or the trademark of such fiber or fibers, but shall be designated only as "other fiber" or "other fibers" as the case may be, but nothing in this section shall be construed as prohibiting the disclosure of any fiber present in a textile fiber product which has a clearly established and definite functional significance where present in the amount contained in such product.

bers" as the case may be but nothing in this section shall be construed as prohibiting the disclosure of any fiber present in a textile fiber product which has a clearly established and definite functional significance where present in the amount stated: *Provided further*, That in the case of a textile fiber product which contains more than one kind of fiber, deviation in the fiber content of any fiber in such product, from the amount stated on the stamp, tag, label, or other identification shall not be a misbranding under this section unless such deviation is in excess of reasonable tolerances which shall be established by the Commission: *And provided further*, That any such deviation which exceeds said tolerances shall not be a misbranding if the person charged proves that the deviation resulted from unavoidable variations in manufacture and despite due care to make accurate the statements on the tag, stamp, label, or other identification.

(3) The name, or other identification issued and registered by the Commission, of the manufacturer of the product or one or more persons subject to section 70a of this title with respect to such product.

For the purposes of this subchapter, a textile fiber product shall be considered to be falsely or deceptively advertised if any disclosure or implication of fiber content is made in any written advertisement which is used to aid, promote, or assist directly or indirectly in the sale or offering for sale of such textile fiber product, unless the same information as that required to be shown on the stamp, tag, label, or other identification under subsection (b)(1) and (2) of this section is contained in the heading, body, or other part of such written advertisement, except that the percentages of the fiber present in the textile fiber product need not be stated.

(d) Additional information allowed

In addition to the information required in this section, the stamp, tag, label, or other means of identification, or advertisement may contain other information not violating the provisions of this subchapter.

(e) Labelling of packages

For purposes of this subchapter, in addition to the textile fiber products contained therein, a package of textile fiber products intended for sale to the ultimate consumer shall be misbranded unless such package has affixed to it a stamp, tag, label, or other means of identification bearing the information required by subsection (b) of this section, with respect to such contained textile fiber products, or is transparent to the extent it allows for the clear reading of the stamp, tag, label, or other means of identification on the textile fiber product, or in the case of hosiery items, this section shall not be construed as requiring the affixing of a

stamp, tag, label, or other means of identification to each hosiery product contained in a package if (1) such hosiery products are intended for sale to the ultimate consumer in such package, (2) such package has affixed to it a stamp, tag, label, or other means of identification bearing, with respect to the hosiery products contained therein, the information required by subsection (b) of this section, and (3) the information on the stamp, tag, label, or other means of identification affixed to such package is equally applicable with respect to each textile fiber product contained therein.

(f) Fabric severed from bolts, pieces or rolls of fabric

This section shall not be construed as requiring designation of the fiber content of any portion of fabric, when sold at retail, which is severed from bolts, pieces, or rolls of fabric labeled in accordance with the provisions of this section at the time of such sale: *Provided*, That if any portion of fabric severed from a bolt, piece, or roll of fabric is in any manner represented as containing percentages of natural or manufactured fibers, other than that which is set forth on the labeled bolt, piece, or roll, this section shall be applicable thereto, and the information required shall be separately set forth and segregated as required by this section.

For the purposes of this subchapter, a textile fiber product shall be misbranded if it is used as stuffing in any upholstered product, mattress, or cushion after having been previously used as stuffing in any other upholstered product, mattress, or cushion, unless the upholstered product, mattress, or cushion containing such textile fiber product bears a stamp, tag, or label approved by the Commission indicating in words plainly legible that it contains reused stuffing.

(i) Mail order catalog or promotional material

For the purposes of this subchapter, a textile fiber product shall be considered to be falsely or deceptively advertised in any mail order catalog or mail order promotional material which is used in the direct sale or direct offering for sale of such textile fiber product, unless such textile fiber product description states in a clear and conspicuous manner that such textile fiber product is processed or manufactured in the United States of America, or imported, or both.

(j) Location of stamp, tag, label, or other identification

For purposes of this subchapter, any textile fiber product shall be misbranded if a stamp, tag, label, or other identification conforming to the requirements of this section is not on or affixed to the inside center of the neck midway between the shoulder seams or, if such product does not contain a neck, in the most conspicuous place on the inner side of such product, unless it is on or affixed on the outer side of such product, or in the case of hosiery items on the outer side of such product or package.

The marking required by this subsection shall be on the front of the package, adjacent to the size designation of the product, and shall be set forth in such a manner as to be clearly legible, conspicuous, and readily accessible to the ultimate consumer.
