§ 460aa-8. Federal-State water rights

The jurisdiction of the State and the United States over waters of any stream included in the recreation area shall be determined by established principles of law. Under the provisions of this subchapter, any taking by the United States of a water right which is vested under either State or Federal law at the time of enactment of this subchapter shall entitle the owner thereof to just compensation. Nothing in this subchapter shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.

§ 460aa-13. Area analysis for park or park administrative unit proposal

(a) Report to Congress

The Secretary of the Interior, in consultation with appropriate Federal, State, and local agencies, shall make a comprehensive analysis of the natural, economic, and cultural values of the recreation area and the adjacent Pioneer Mountains for the purpose of evaluating the potentiality of establishing therein a national park or other unit of the national park system. He shall submit a report of the results of the analysis along with his recommendations to the Congress by December 31, 1974.

(b) Considerations manifested in report to Congress

His report shall show that in making the aforesaid recommendations he took into consideration, among other things—

(1) the feasible alternative uses of the land and the long- and short-term effect of such alternative uses upon, but not limited to, the following—

(A) the State and local economy,

(B) the natural and cultural environment,

(C) the management and use of water resources,

(D) the management of grazing, timber, mineral, and other commercial activities,

(E) the management of fish and wildlife resources,

(F) the continued occupancy of existing homesites, campsites, commercial and public recreation enterprises, and other privately owned properties and the future development of the same,

(G) the interrelation between recreation areas, wilderness areas and park lands, and

(2) the establishment of a national park in the mountain peaks and upland areas together with such portions of the national recreation area as may be necessary and appropriate for the proper administration and public use of and access to such parks lands, leaving the valleys and low-lying lands available for multiple-use purposes.

(c) Master plan, cost estimates and proposed legislation for establishment of park administrative unit

Any recommendation for the establishment of a unit of the national park system shall be ac-
