CODIFICATION

As originally enacted, this section contained the further proviso: "That section 18 of an Act making appropriations for the construction, repair and preservation, of certain public works on rivers and harbors, and for other purposes, approved August 8, 1917, is hereby repealed."

§ 823a. Conduit hydroelectric facilities

(a) Exemption qualifications

Except as provided in subsection (b) or (c) of this section, the Commission may grant an exemption in whole or in part, from the requirements of this subchapter, including any license requirements contained in this subchapter, to any facility (not including any dam or other impoundment) constructed, operated, or maintained for the generation of electric power which the Commission determines, by rule or order—

(1) is located on non-Federal lands, and

(2) utilizes for such generation only the hydroelectric potential of a manmade conduit, which is operated for the distribution of water for agricultural, municipal, or industrial consumption and not primarily for the generation of electricity.

(b) Maximum installation capacity for exemption

The Commission may not grant any exemption under subsection (a) of this section to any facility the installed capacity of which exceeds 15 megawatts (40 megawatts in the case of a facility constructed, operated, and maintained by an agency or instrumentality of a State or local government solely for water supply for municipal purposes).

(c) Consultation with Federal and State agencies

In making the determination under subsection (a) of this section the Commission shall consult with the United States Fish and Wildlife Service¹ National Marine Fisheries Service¹ and the State agency exercising administration over the fish and wildlife resources of the State in which the facility is or will be located, in the manner provided by the Fish and Wildlife Coordination Act (16 U.S.C. 661, et seq.), and shall include in any such exemption—

(1) such terms and conditions as the Fish and Wildlife Service¹ National Marine Fisheries Service¹ and the State agency each determine are appropriate to prevent loss of, or damage to, such resources and to otherwise carry out the purposes of such Act, and

(2) such terms and conditions as the Commission deems appropriate to insure that such facility continues to comply with the provisions of this section and terms and conditions included in any such exemption.

(d) Violation of terms of exemption

Any violation of a term or condition of any exemption granted under subsection (a) of this sec-
