AMENDMENTS

1999—Subsec. (d)(3). Pub. L. 106-141 added par. (3).

§ 658c. Duties of Director; statements on bills and joint resolutions other than appropriations bills and joint resolutions

(a) Federal intergovernmental mandates in reported bills and resolutions

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal intergovernmental mandates in the bill or joint resolution will equal or exceed \$50,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal intergovernmental mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(2) Estimates

Estimates required under paragraph (1) shall include estimates (and brief explanations of the basis of the estimates) of—

(A) the total amount of direct cost of complying with the Federal intergovernmental mandates in the bill or joint resolution;

(B) if the bill or resolution contains an authorization of appropriations under section 658d(a)(2)(B) of this title, the amount of new budget authority for each fiscal year for a period not to exceed 10 years beyond the effective date necessary for the direct cost of the intergovernmental mandate; and

(C) the amount, if any, of increase in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution and usable by State, local, or tribal governments for activities subject to the Federal intergovernmental mandates.

(3) Additional flexibility information

The Director shall include in the statement submitted under this subsection, in the case of legislation that makes changes as described in section 658(5)(B)(i)(II) of this title—

(A) if no additional flexibility is provided in the legislation, a description of whether and how the States can offset the reduction under existing law; or

(B) if additional flexibility is provided in the legislation, whether the resulting savings would offset the reductions in that program assuming the States fully implement that additional flexibility.

(4) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement. If such determination is made by the Director, a point of order under this part shall lie only under section 658d(a)(1) of this title and as if the requirement of section 658d(a)(1) of this title had not been met.

(b) Federal private sector mandates in reported bills and joint resolutions

For each bill or joint resolution of a public character reported by any committee of authorization of the Senate or the House of Representatives, the Director of the Congressional Budget Office shall prepare and submit to the committee a statement as follows:

(1) Contents

If the Director estimates that the direct cost of all Federal private sector mandates in the bill or joint resolution will equal or exceed \$100,000,000 (adjusted annually for inflation) in the fiscal year in which any Federal private sector mandate in the bill or joint resolution (or in any necessary implementing regulation) would first be effective or in any of the 4 fiscal years following such fiscal year, the Director shall so state, specify the estimate, and briefly explain the basis of the estimate.

(2) Estimates

Estimates required under paragraph (1) shall include estimates (and a brief explanation of the basis of the estimates) of—

(A) the total amount of direct costs of complying with the Federal private sector mandates in the bill or joint resolution; and

(B) the amount, if any, of increase in authorization of appropriations under existing Federal financial assistance programs, or of authorization of appropriations for new Federal financial assistance, provided by the bill or joint resolution usable by the private sector for the activities subject to the Federal private sector mandates.

(3) Estimate not feasible

If the Director determines that it is not feasible to make a reasonable estimate that would be required under paragraphs (1) and (2), the Director shall not make the estimate, but shall report in the statement that the reasonable estimate cannot be made and shall include the reasons for that determination in the statement.

(c) Legislation falling below direct costs thresholds

If the Director estimates that the direct costs of a Federal mandate will not equal or exceed the thresholds specified in subsections (a) and

(b) of this section, the Director shall so state and shall briefly explain the basis of the estimate.

(d) Amended bills and joint resolutions; conference reports

If a bill or joint resolution is passed in an amended form (including if passed by one House as an amendment in the nature of a substitute for the text of a bill or joint resolution from the other House) or is reported by a committee of conference in amended form, and the amended form contains a Federal mandate not previously considered by either House or which contains an increase in the direct cost of a previously considered Federal mandate, then the committee of conference shall ensure, to the greatest extent practicable, that the Director shall prepare a statement as provided in this subsection or a supplemental statement for the bill or joint resolution in that amended form.

(a) In general

It shall not be in order in the Senate or the House of Representatives to consider—

(1) any bill or joint resolution that is reported by a committee unless the committee has published a statement of the Director on the direct costs of Federal mandates in accordance with section 658b(f) of this title before such consideration, except this paragraph shall not apply to any supplemental statement prepared by the Director under section 658c(d) of this title; and

(2) any bill, joint resolution, amendment, motion, or conference report that would increase the direct costs of Federal intergovernmental mandates by an amount that causes the thresholds specified in section 658c(a)(1) of this title to be exceeded, unless—

(A) the bill, joint resolution, amendment, motion, or conference report provides new budget authority or new entitlement authority in the House of Representatives or direct spending authority in the Senate for each fiscal year for such mandates included in the bill, joint resolution, amendment, motion, or conference report in an amount equal to or exceeding the direct costs of such mandate; or

(B) the bill, joint resolution, amendment, motion, or conference report includes an authorization for appropriations in an amount equal to or exceeding the direct costs of such mandate, and—

(i) identifies a specific dollar amount of the direct costs of such mandate for each year up to 10 years during which such mandate shall be in effect under the bill, joint resolution, amendment, motion or conference report, and such estimate is

consistent with the estimate determined under subsection (e) of this section for each fiscal year;

(ii) identifies any appropriation bill that is expected to provide for Federal funding of the direct cost referred to under clause (i); and

(iii)(I) provides that for any fiscal year the responsible Federal agency shall determine whether there are insufficient appropriations for that fiscal year to provide for the direct costs under clause (i) of such mandate, and shall (no later than 30 days after the beginning of the fiscal year) notify the appropriate authorizing committees of Congress of the determination and submit either—

(aa) a statement that the agency has determined, based on a re-estimate of the direct costs of such mandate, after consultation with State, local, and tribal governments, that the amount appropriated is sufficient to pay for the direct costs of such mandate; or

(bb) legislative recommendations for either implementing a less costly mandate or making such mandate ineffective for the fiscal year;

(II) provides for expedited procedures for the consideration of the statement or legislative recommendations referred to in subclause (I) by Congress no later than 30 days after the statement or recommendations are submitted to Congress; and

(III) provides that such mandate shall—

(aa) in the case of a statement referred to in subclause (I)(aa), cease to be effective 60 days after the statement is submitted unless Congress has approved the agency's determination by joint resolution during the 60-day period;

(bb) cease to be effective 60 days after the date the legislative recommendations of the responsible Federal agency are submitted to Congress under subclause (I)(bb) unless Congress provides otherwise by law; or

(cc) in the case that such mandate that has not yet taken effect, continue not to be effective unless Congress provides otherwise by law.

(b) Rule of construction

The provisions of subsection (a)(2)(B)(iii) of this section shall not be construed to prohibit or otherwise restrict a State, local, or tribal government from voluntarily electing to remain subject to the original Federal intergovernmental mandate, complying with the programmatic or financial responsibilities of the original Federal intergovernmental mandate and providing the funding necessary consistent with the costs of Federal agency assistance, monitoring, and enforcement.
