The Secretary of the Treasury shall instruct the United States Executive Director of the Fund—

(2) to work to insure that the Fund encourages borrowing countries and banking institutions to negotiate, where appropriate, a rescheduling of debt which is consistent with safe and sound banking practices and the country's ability to pay.

(July 31, 1945, ch. 339, §46, as added Pub. L. 98-181, title VIII, §807, Nov. 30, 1983, 97 Stat. 1273.)

The Secretary of the Treasury shall instruct the United States Executive Director of the Fund to propose that the Fund adopt the following policies with respect to international lending:

(A) intensify its examination of the trend and volume of external indebtedness of private and public borrowers in the member country and comment, as appropriate, in its report to the Executive Board from the viewpoint of the contribution of such borrowings to the economic stability of the borrower; and

(B) consider to what extent and in what form these comments might be made available to the international banking community and the public.

(2) As part of any Fund-approved stabilization program, the Fund should give consideration to placing limits on public sector external short- and long-term borrowing.

(3) As a part of its annual report, and at such times as it may consider desirable, the Fund should publish its evaluation of the trend and volume of international lending as it affects the economic situation of lenders, borrowers, and the smooth functioning of the international monetary system.

§ 286hh. Policy based lending for debt reduction

(a) Criteria

The Secretary of the Treasury shall instruct the United States Executive Director of the International Bank for Reconstruction and Development to initiate discussions with other directors of such bank and to advocate and support the facilitation of voluntary market-based programs for the reduction of sovereign debt and the promotion of sustainable economic development, which, if implemented, would—

(1) not require any organization or government to participate in such a program;

(2) result in debt reduction for each participating country tailored to the particular situation of each country;

(3) provide assistance to participating countries conditioned on the implementation of economic reforms, and the preservation of economic reforms previously implemented, by the

country that are consistent with the principles of sustainable development;

(4) encourage participating countries to make economic adjustments steadily and over a period of time in order to achieve policy reform;

(5) use debt reduction techniques that would not compensate commercial banks for the reduction in the value of such debt, but would serve as a catalyst for new lending;

(6) involve such bank in lending for purposes of debt reduction and conversion only where such involvement would not lower the credit rating of such bank;

(7) not require public sector funding beyond that provided through any capital increase for such bank, and any replenishment for the International Development Association, which is agreed to by the member countries of such institutions; and

(8) accomplish debt reduction, not as an end, but as a means to greater growth and investment in, and the restoration of voluntary private lending to, participating countries for environmentally and economically sustainable development.

(b) Policy based lending for debt reduction and sustainable growth

The Secretary of the Treasury shall instruct the United States Executive Director of the International Bank for Reconstruction and Development to initiate discussions with other directors of such bank and to propose that policy based loans be made by such bank for, among other reasons, facilitating a reduction in the debt service burden of any country which is participating in a voluntary market-based program for debt reduction described in subsection (c) of this section.

(c) Voluntary market-based program for debt reduction and sustainable growth

In connection with the discussions initiated pursuant to subsection (b) of this section, the Secretary shall instruct the United States Executive Director of the International Bank for Reconstruction and Development to propose that a country be considered to be participating in a voluntary market-based program of debt reduction for purposes of subsection (b) of this section if the creditors of such country agree to significantly reduce the debt service of such country through forgiveness of a percentage of the interest owed by such country on any sovereign debt or through any other means.

(d) Reports

Not later than March 1, 1989, March 1, 1991, and March 1, 1993, respectively, the Secretary of the Treasury shall submit to the Committee on Banking, Finance and Urban Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate 3 reports each of which—
