§ 1712A. Eligibility for readjustment counseling and related mental health services

(a)(1)(A) Upon the request of any veteran referred to in subparagraph (B), the Secretary shall furnish counseling to the veteran to assist

the veteran in readjusting to civilian life. Such counseling may include a general mental and psychological assessment of the veteran to ascertain whether such veteran has mental or psychological problems associated with readjustment to civilian life.

(B) Subparagraph (A) applies to the following veterans:

(i) Any veteran who served on active duty—

(I) in a theater of combat operations (as determined by the Secretary in consultation with the Secretary of Defense) during the Vietnam era; or

(II) after May 7, 1975, in an area at a time during which hostilities occurred in that area.

(ii) Any veteran (other than a veteran covered by clause (i)) who served on active duty during the Vietnam era who seeks or is furnished such counseling before January 1, 2004.

(iii) Any veteran who served on active duty—

(I) in a theater of combat operations (as determined by the Secretary in consultation with the Secretary of Defense) during a period of war after the Persian Gulf War; or

(II) in combat against a hostile force during a period of hostilities (as defined in paragraph (2)(B)) after November 11, 1998.

(2)(A) Upon the request of any veteran (other than a veteran covered by paragraph (1)) who served in the active military, naval, or air service in a theater of combat operations (as so determined) during a period of war, or in any other area during a period in which hostilities (as defined in subparagraph (B)) occurred in such area, the Secretary may furnish counseling to the veteran to assist the veteran in readjusting to civilian life.

(B) For the purposes of subparagraph (A), the term “hostilities” means an armed conflict in which the members of the Armed Forces are subjected to danger comparable to the danger to which members of the Armed Forces have been subjected in combat with enemy armed forces during a period of war, as determined by the Secretary in consultation with the Secretary of Defense.

(3) Upon request of a veteran described in paragraph (1)(B)(iii), the Secretary shall provide the veteran a preliminary general mental health assessment as soon as practicable after receiving the request, but not later than 30 days after receiving the request.

For the purposes of furnishing such mental health services, the counseling furnished under subsection (a) of this section shall be considered to have

been furnished by the Department as a part of hospital care. Any hospital care and other medical services considered necessary on the basis of the assessment furnished under subsection (a) of this section shall be furnished only in accordance with the eligibility criteria otherwise set forth in this chapter (including the eligibility criteria set forth in section 1784 of this title).

(2) Mental health services furnished under paragraph (1) of this subsection may, if determined to be essential to the effective treatment and readjustment of the veteran, include such consultation, counseling, training, services, and expenses as are described in sections 1782 and 1783 of this title.

(2) if pertinent, advise such individual of such individual's rights to apply to the appropriate military, naval, or air service, and to the Department, for review of such individual's discharge or release from such service.

(d) The Under Secretary for Health may provide for such training of professional, paraprofessional, and lay personnel as is necessary to carry out this section effectively, and, in carrying out this section, may utilize the services of paraprofessionals, individuals who are volunteers working without compensation, and individuals who are veteran-students (as described in section 3485 of this title) in initial intake and screening activities.

(e)(1) In furnishing counseling and related mental health services under subsections (a) and (b) of this section, the Secretary shall have available the same authority to enter into contracts with private facilities that is available to the Secretary (under sections 1703(a)(2) and 1710(a)(1)(B) of this title) in furnishing medical services to veterans suffering from total service-connected disabilities.

(2) Before furnishing counseling or related mental health services described in subsections (a) and (b) of this section through a contract facility, as authorized by this subsection, the Secretary shall approve (in accordance with criteria which the Secretary shall prescribe by regulation) the quality and effectiveness of the program operated by such facility for the purpose for which the counseling or services are to be furnished.

(3) The authority of the Secretary to enter into contracts under this subsection shall be effective for any fiscal year only to such extent or in such amounts as are provided in appropriation Acts.

(f) The Secretary, in cooperation with the Secretary of Defense, shall take such action as the Secretary considers appropriate to notify veterans who may be eligible for assistance under this section of such potential eligibility.

(g) For the purposes of this section:

(1) The term "center" means a facility which is operated by the Department for the

provision of services under this section and which (A) is situated apart from Department general health-care facilities, or (B) was so situated but has been relocated to a Department general health-care facility.

(2) The term "Department general health-care facility" means a health-care facility which is operated by the Department for the furnishing of health-care services under this chapter, not limited to services provided through the program established under this section.
