EX. ORD. NO. 10579. INTERAGENCY MOTOR-VEHICLE POOLS AND SYSTEMS

Ex. Ord. No. 10579, Dec. 1, 1954, 19 F.R. 7925, provided:
SECTION 1. Purpose and general policy. (a) The purpose of these regulations is to establish policies and procedures under which interagency motor-vehicle pools or systems may be established, operated, curtailed, or discontinued.

(b) The Administrator of General Services (hereinafter referred to as the Administrator) shall establish and provide for the operation of interagency motor-vehicle pools and systems for the purpose of providing more efficient or economical transportation of Government personnel and property within specific areas by motor vehicles or local transit systems. Pools or systems based in whole or in part upon use of privately-owned vehicles and facilities shall be preferred to Government ownership of vehicles and facilities to the extent that it is feasible to provide required motor-vehicle services of satisfactory quality and cost from commercial or other private sources.

SEC. 2. Conduct of studies to determine advisability of establishing motor-vehicle pools or systems. (a) The Administrator shall select areas in which studies are to be conducted to determine the advisability of establishing motor-vehicle pools or systems. Before initiating any such study, he shall give at least thirty days notice to the head of each executive agency (as defined in section 3(a) of the Act [now 40 U.S.C. 102(4)]). The notice shall include a statement of the approximate geographic area to be studied and the date on which the study will begin.

(b) The head of each executive agency receiving notice that such a study is to be made shall provide information which is required or pertinent. He shall also designate one or more officials in the field with whom

members of a staff assigned by the General Services Administration may consult. Such designated officials shall provide such assigned staff with needed information and assistance, including reasonable opportunities to observe motor-vehicle operations and facilities and to examine pertinent cost and other records.

SEC. 3. Determination to establish an interagency motor-vehicle pool or system. (a) If the Administrator determines, with due regard to the program activities of the agencies concerned, and on the basis of a study made in accordance with section 2 hereof, that an interagency motor-vehicle pool or system should be established, he shall be responsible for preparing a formal determination to that effect. Such determination shall include:

- (1) A description of the proposed operation, including a statement of the types of service and of the geographic area, and the agencies or parts of agencies to be served.
- (2) The name of the executive agency designated to be responsible for operating the pool or system, and the reasons for such designation.
- (3) A statement indicating the motor vehicles and related equipment and supplies to be transferred and the amount of reimbursement, if any, to be made therefor.

(b) Each determination shall be accompanied by an analytical justification which shall include a comparison of estimated costs of the present and proposed methods of operation and a showing of the estimated savings to be realized through the establishment of the proposed pool or system. The justification shall also describe the alternatives considered in making the determination, and shall include a statement concerning the availability of privately-owned facilities and equipment, and the feasibility and estimated cost (immediate and long-term) of using such facilities and equipment.

(c) The Administrator shall send a copy of each determination to each executive agency affected and to the Director of the Bureau of the Budget [now the Director of the Office of Management and Budget] (hereinafter referred to as the Director).

SEC. 4. Transfers of records, facilities, personnel, and appropriations. Whenever the Administrator prepares a determination as set forth in section 3 of these regulations, he shall also prepare and present to the Director a schedule of the proposed transfer of such records, facilities, personnel, and appropriations as relate primarily to the functions which are to be transferred to the interagency motor-vehicle pool or system. A copy of such schedule shall be sent by the Administrator to each executive agency affected. The Director shall determine the records, facilities, personnel, and appropriations to be transferred.

SEC. 5. Taking effect of determinations. Unless a greater time is allowed therein, any determination made by the Administrator shall become binding on all affected executive agencies forty-five days after the issuance thereof except with respect to any agency which appeals, or requests an exemption, from any such determination in accordance with section 6 of these regulations.

SEC. 6. Review of determinations not agreed to by agencies affected. (a) Any executive agency may appeal or request exemption from any or all proposals affecting it which are contained in a determination. Appeals shall be submitted in writing to the Director with a copy to the Administrator within forty-five days from the date of the determination. Such appeals shall be accompanied by factual and objective supporting data and justification.

(b) The Director shall review any determination from which an executive agency has appealed and shall make a final decision on such appeal. The Director shall make such decisions, within seventy-five days after he receives the appeal or as soon thereafter as practicable, on the basis of information contained in the Administrator's determination, the executive agencies' appeals therefrom, and any supplementary data submitted by the Administrator and the contesting agencies. The Director shall send copies of decisions to the Adminis-
