Any test result of the defendant given to the victim or the defendant must be accompanied by appropriate counseling.

**(2) Showing required**

To obtain an order under paragraph (1), the victim must demonstrate that—

(A) the defendant has been charged with the offense in a State or Federal court, and if the defendant has been arrested without a warrant, a probable cause determination has been made;

(B) the test for the etiologic agent for acquired immune deficiency syndrome is requested by the victim after appropriate counseling; and

**(3) Follow-up testing**

The court may order follow-up tests and counseling under paragraph (1) if the initial test was negative. Such follow-up tests and counseling shall be performed at the request of the victim on dates that occur six months and twelve months following the initial test.

An order for follow-up testing under paragraph (3) shall be terminated if the person obtains an acquittal on, or dismissal of, all charges of the type referred to in subsection (a)<sup>1</sup> of this section.

**(5) Confidentiality of test**

The results of any test ordered under this subsection shall be disclosed only to the victim or, where the court deems appropriate, to the parent or legal guardian of the victim, and to the person tested. The victim may disclose the test results only to any medical professional, counselor, family member or sexual partner(s) the victim may have had since the attack. Any such individual to whom the test results are disclosed by the victim shall maintain the confidentiality of such information.

**(6) Disclosure of test results**

The court shall issue an order to prohibit the disclosure by the victim of the results of any test performed under this subsection to anyone other than those mentioned in paragraph (5). The contents of the court proceedings and test results pursuant to this section shall be sealed. The results of such test performed on the defendant under this section shall not be used as evidence in any criminal trial.

**(7) Contempt for disclosure**

Any person who discloses the results of a test in violation of this subsection may be held in contempt of court.
