The Comptroller General shall report the results of such investigation to the Congress within one year after July 22, 1976, together with an evaluation of the macroeconomic effect of the program established under this subchapter and any recommendations for improving the effectiveness of similar programs. (3) the availability and reliability of data concerning Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, and the extent to which such territories may properly be made part of the regular allocation system applicable to the several States.

The results of such investigation shall be submitted to the Congress not later than March 1, 1978, in order that such results may be available during congressional consideration of any extension of this chapter beyond the fiscal year ending September 30, 1978.
