(c) Inspection requirements

(1) Uninspected tanks

In the case of underground storage tanks regulated under this subchapter that have not undergone an inspection since December 22, 1998, not later than 2 years after August 8, 2005, the Administrator or a State that receives funding under this subchapter, as appropriate, shall conduct on-site inspections of all such tanks to determine compliance with this subchapter and the regulations under this subchapter (40 CFR 280) or a requirement or standard of a State program developed under section 6991c of this title.

(2) Periodic inspections

After completion of all inspections required under paragraph (1), the Administrator or a State that receives funding under this subchapter, as appropriate, shall conduct on-site inspections of each underground storage tank regulated under this subchapter at least once every 3 years to determine compliance with this subchapter and the regulations under this subchapter (40 CFR 280) or a requirement or standard of a State program developed under section 6991c of this title. The Administrator may extend for up to one additional year the first 3-year inspection interval under this paragraph if the State demonstrates that it has insufficient resources to complete all such inspections within the first 3-year period.

(3) Inspection authority

Nothing in this section shall be construed to diminish the Administrator's or a State's authorities under subsection (a) of this section.

Subsec. (b)(1). Pub. L. 109-58, §1533(4)(B), substituted “relevant” for “relevent”.

Subsec. (b)(4). Pub. L. 109-58, §1533(4)(C), substituted “Environmental” for “Evironmental”.

Subsec. (c). Pub. L. 109-58, §1523(a), added subsec. (c). 1986—Pub. L. 99-499, §205(f)(3), inserted reference to corrective action in section catchline.

§ 6991e. Federal enforcement

(1) Except as provided in paragraph (2), whenever on the basis of any information, the Administrator determines that any person is in violation of any requirement of this subchapter, the Administrator may issue an order requiring compliance within a reasonable specified time period or the Administrator may commence a civil action in the United States district court in which the violation occurred for appropriate relief, including a temporary or permanent injunction.

(2) In the case of a violation of any requirement of this subchapter where such violation occurs in a State with a program approved under section 6991c of this title, the Administrator shall give notice to the State in which such violation has occurred prior to issuing an order or commencing a civil action under this section.

(3) If a violator fails to comply with an order under this subsection within the time specified in the order, he shall be liable for a civil penalty of not more than \$25,000 for each day of continued noncompliance.

(b) Procedure

Any order issued under this section shall become final unless, no later than thirty days after the order is served, the person or persons named therein request a public hearing. Upon such request the Administrator shall promptly conduct a public hearing. In connection with any proceeding under this section the Administrator may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and may promulgate rules for discovery procedures.

(c) Contents of order

(e) Incentive for performance

Both of the following may be taken into account in determining the terms of a civil penalty under subsection (d) of this section:
