

the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.] which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

(13) The term “motor fuel” means gasoline, kerosene, and middle distillates (including diesel fuel).

(14)(A) The term “municipal waste” means any organic matter, including sewage, sewage sludge, and industrial or commercial waste, and mixtures of such matter and inorganic refuse—

(i) from any publicly or privately operated municipal waste collection or similar disposal system, or

(ii) from similar waste flows (other than such flows which constitute agricultural wastes or residues, or wood wastes or residues from wood harvesting activities or production of forest products).

(B) Such term does not include any hazardous waste, as determined by the Secretary of Energy for purposes of this chapter.

(15)(A) The term “municipal waste energy project” means any facility (or portion of a facility) located in the United States primarily for—

(i) the production of biomass fuel (and by-products) from municipal waste; or

(ii) the combustion of municipal waste for the purpose of generating steam or forms of useful energy, including industrial process heat, mechanical power, or electricity (including cogeneration).

(B) Such term includes any necessary transportation, preparation, and disposal equipment and machinery for use in or at the site of the facility involved.

(16) The term “Office of Alcohol Fuels” means the Office of Alcohol Fuels established under section 8820 of this title.

(17) The term “person” means any individual, company, cooperative, partnership, corporation, association, consortium, unincorporated organization, trust, estate, or any entity organized for a common business purpose, any State or local government (including any special purpose district or similar governmental unit) or any agency or instrumentality thereof, or any Indian tribe or tribal organization.

(18) The term “State” means any of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands.

(19) The term “small scale biomass energy project” means a biomass energy project with an anticipated annual production capacity of not more than 1,000,000 gallons of ethanol per year, or its energy equivalent of other forms of biomass energy.

§ 8803. Funding

(a) Authorization of appropriations

To the extent provided in advance in appropriation Acts, for the two year period beginning October 1, 1980, there is authorized to be appropriated and transferred \$1,170,000,000 from the Energy Security Reserve established in the Treasury of the United States under title II of the Act entitled “An Act making appropriations for the Department of the Interior and related agencies for the fiscal year ending September 30, 1980, and for other purposes” (Public Law 96-126; 93 Stat. 970) and made available for obligation by such Act only to the extent provided in advance in appropriation Acts, as follows:

(1) \$460,000,000 to the Secretary of Agriculture for carrying out activities under subchapter I of this chapter, except of the amount of the financial assistance provided by the Secretary of Agriculture under subchapter I of this chapter, up to one-third shall be for small-scale biomass energy projects;

(2) \$460,000,000 to the Secretary of Energy for carrying out biomass energy activities under subchapter I of this chapter, of which at least \$500,000,000¹ shall be available to the Office of Alcohol Fuels for carrying out its activities, and any amount not made available to the Office of Alcohol Fuels shall be available to the Secretary to carry out the purposes of subchapter I of this chapter under available authorities of the Secretary, including authorities under subchapter I of this chapter; and

(3) \$250,000,000 shall be available to the Secretary of Energy for carrying out activities under subchapter II of this chapter.

(b) Availability of funds until expended

Funds made available under subsection (a) of this section shall remain available until expended.

¹So in original. Pub. L. 97-35 decreased appropriation to \$460,000,000 from \$600,000,000 without amending sum of \$500,000,000.

(c) Determinations respecting amount of appropriations remaining available

(1) For purposes of determining the amount of such appropriations which remain available for purposes of this chapter—

(A) loans shall be counted at the initial face value of the loan;

(B) loan guarantees shall be counted at the initial face value of such loan guarantee;

(C) price guarantees and purchase agreements shall be counted at the value determined by the Secretary concerned as of the date of each such contract based upon the Secretary's determination of the maximum potential liability of the United States under the contract; and

(D) any increase in the liability of the United States pursuant to any amendment or other modification to a contract for a loan, loan guarantee, price guarantee, or purchase agreement, shall be counted to the extent of such increase.

(2) Determinations under paragraph (1) shall be made in accordance with generally accepted accounting principles, consistently applied.

(3) If more than one form of financial assistance is to be provided to any one project, the obligations and commitments thereunder shall be counted at the maximum potential exposure of the United States on such project at any time during the life of such project.

(4) Any commitment to provide financial assistance shall be treated the same as such assistance for purposes of this subsection; except that any such commitment which is nullified or voided for any reason shall not be considered for purposes of this subsection.

(d) Financial assistance provided only to extent advanced in appropriation Acts

Financial assistance may be provided under this chapter only to the extent provided in advance in appropriation Acts.

SUBCHAPTER I—GENERAL BIOMASS ENERGY DEVELOPMENT

§ 8811. Biomass energy development plans

(a) Plan respecting maximized production and use by December 31, 1982; preparation, transmission, etc.

Not later than 180 days after June 30, 1980, the Secretary of Agriculture and the Secretary of Energy shall jointly prepare, and transmit to the President and the Congress, a plan for maximizing in accordance with this subchapter biomass energy production and use. Such plan shall be designed to achieve a total level of alcohol production and use within the United States of at least 60,000 barrels per day of alcohol by December 31, 1982.

(b) Comprehensive plan respecting maximized production and use from January 1, 1983, to December 31, 1990, preparation, transmission, etc.

(1) Not later than January 1, 1982, the Secretary of Agriculture and the Secretary of Energy shall jointly prepare, and transmit to the President and the Congress, a comprehensive plan for maximizing in accordance with this subchapter biomass energy production and use, for the period beginning January 1, 1983, and ending December 31, 1990. Such plan shall be designed to achieve a level of alcohol production within the United States equal to at least 10 percent of the level of gasoline consumption within the United States as estimated by the Secretary of Energy for the calendar year 1990.

(2) The plan prepared under this subsection shall evaluate the feasibility of reaching the goals set forth in such subsection.

(c) Required guidelines

The plans prepared under subsections (a) and (b) of this section shall each include guidelines for use in awarding financial assistance under this subchapter which are designed to increase, during the period covered by the plan, the amount of motor fuel displaced by biomass energy.
