AMENDMENTS

1976—Subsec. (a). Pub. L. 94-579, §212(a), inserted provisions requiring lands proposed to be disposed not to be of national significance nor more than reasonably necessary for the proposed use, provisions relating to proposals of over 640 acres, and provisions relating to participation by affected individuals.

Subsec. (b)(1). Pub. L. 94-579, §212(b), in cl. (A) inserted reference to State political subdivision and struck out limitation of three sites, limitation of six sites for calendar years 1960, 1961, and 1962, and proviso for additional sites where conveyances in one year did not meet the authorized number, in cl. (B) substituted "nonprofit corporation or nonprofit association" for "political subdivision of a State", and in cl. (C) substituted provisions relating to authorization for a calendar year, for provisions authorizing six hundred and forty acres to any nonprofit corporation or association.

1960—Subsec. (b)(i)(A). Pub. L. 86-755 inserted "or the State park agency or any other agency having jurisdiction over the State park system of said State designated by the Governor of that State as its sole representative for acceptance of lands under this provision," after "State" and inserted proviso.

1959—Subsec. (b). Pub. L. 86-292 substituted acreage limitations making special allowances to States for recreational areas for provision which limited conveyance to 640 acres to any one grantee in any one calendar year.

Subsec. (c). Pub. L. 86-66 substituted provisions making sections 869 to 869-4 of this title inapplicable, except insofar as those sections apply to leases of land to States and counties and to State and Federal instrumentalities and political subdivisions and to municipal corporations, to revested Oregon and California Railroad grant lands and reconveyed Coos Bay Wagon Road grant lands in the State of Oregon, for provisions which made those sections inapplicable to the revested Oregon and California Railroad grant lands and reconveyed Coos Bay Wagon Road grant lands.

1954—Act June 4, 1954, divided provisions of act June 14, 1926, on which this section is based, into separate sections (now set out as this section and sections 869-1 to 869-4 of this title), and changed provisions generally to broaden authority of Secretary of the Interior to dispose of public lands for public purposes (1) by including

provisions for disposal thereof to Territories (including Alaska), other political subdivisions, and nonprofit corporations and associations rather than to States, counties, and municipalities only, (2) by permitting the disposal thereof for "public" purposes, rather than merely for "recreational" purposes as theretofore, (3) by striking out "nonmineral" in describing the lands which may be so disposed of, (4) by inserting limitation provisions set out in subsecs. (b) and (c) of this section, (5) by amending and transferring to section 2 of that act (section 869-1 of this title) provisions governing methods of, and conditions with respect to the, disposing of the lands for those purposes (see Prior Provisions note set out under section 869-1 of this title), including provision for the reservation of mineral deposits, (6) by amending and transferring to section 3 of that act (section 869-2 of this title) provisions with respect to reversion of the lands to the United States in certain cases (see Prior Provisions note set out under section 869-2 of this title), (7) by enacting, as section 4 of that act, provisions set out as section 869-3 of this title, and (8) by inserting provision in this section that disposals should be made "upon application by a duly qualified applicant" under section 869-1 of this title.

EFFECTIVE DATE OF 1960 AMENDMENT

Pub. L. 86-755 provided that the amendment made by Pub. L. 86-755 is effective Sept. 21, 1959.

Those prior provisions did not require, as in this section, the Secretary of the Interior to take into account the possible power value of the lands, whether withdrawn therefor, or not, before authorizing any disposal of them under section 869 of this title; did not provide, as in this section, for the sale or lease of those lands to Federal instrumentalities, to Territories and to political subdivisions other than States, counties, and municipalities, and to nonprofit corporations and associations; and did not provide, as in this section, that conveyances of that land for historic-monument purposes should be made without monetary consideration. See section 869 of this title.

AMENDMENTS

1976—Pub. L. 94-579 in cl. (a) inserted reference to recreational purposes and in cl. (b) inserted reference to leases for recreational purposes.

1966—Pub. L. 89-457 authorized an increase in the period of a lease under cl. (b) from twenty to twenty-five years.

SAVINGS PROVISION

Amendment by Pub. L. 94-579 not to be construed as terminating any valid lease, permit, patent, etc., existing on Oct. 21, 1976, see section 701 of Pub. L. 94-579, set out as a note under section 1701 of this title.

PERIOD OF LEASES

Section 2 of Pub. L. 89-457 provided that: "Upon application by a lessee holding a lease under the Recreation and Public Purposes Act [sections 869 to 869-4 of this title] the Secretary of the Interior may enter into a new lease for a term not to exceed twenty-five years from the date of the new lease."

§ 869-2. Conditions of transfer by grantee; solid waste disposal

(a) Conditions of transfer by grantee

Title to lands conveyed by the Government under sections 869 to 869-4 of this title may not be transferred by the grantee or its successor except, with the consent of the Secretary of the Interior, to a transferee which would be a qualified grantee under section 869-1(a) or 869-1(c) of this title and subject to the acreage limitation contained in section 869(b) of this title. A grantee or its successor may not change the use specified in the conveyance to another or additional use except, with the consent of the Secretary, to a use for which such grantee or its successor could obtain a conveyance under sections 869 to 869-4 of this title. If at any time after the lands are conveyed by the Government, the grantee or its successor attempts to transfer title to or control over these lands to another or the lands are devoted to a use other than that for which the lands were conveyed, without the consent of the Secretary, title to the lands shall revert to the United States.

(b) New disposal sites

(1) Notwithstanding the provisions of subsection (a) of this section, if the Secretary receives an application for conveyance of land under sections 869 to 869-4 of this title for the express purpose of solid waste disposal or for another purpose which the Secretary finds may include the disposal, placement, or release of any hazardous substance, the Secretary may convey such land subject only to the provisions of this subsection.

(2) Prior to issuance of any conveyance of land under this subsection the Secretary shall investigate the land covered by an application for such conveyance to determine whether or not any hazardous substance is present on such land. Such investigation shall include a review of any available records as to the use of such land and all appropriate analysis of the soil, water and air associated with such land. No land shall be conveyed under this subsection if such investigation indicates that any hazardous substance is present on such land.

(3) No application for conveyance under this subsection shall be acted on by the Secretary until the applicant has furnished evidence, satisfactory to the Secretary, that a copy of the application and information concerning the proposed use of the land covered by the application has been provided to the Environmental Protection Agency and to all other State and Federal agencies with responsibility for enforcement of State and Federal laws applicable to lands used for the disposal, placement, or release of solid waste or any hazardous substance.

(4) No application for conveyance under this subsection shall be acted on by the Secretary until the applicant has given a warranty that use of the land covered by the application will be consistent with all applicable State and Federal laws, including laws dealing with the disposal, placement, or release of hazardous substances, and that the applicant will hold the United States harmless from any liability that may arise out of any violation of any such law.
