**(b) Control and removal of pollutants at expense of right-of-way holder**

If any area in the State of Alaska within or without the right-of-way or permit area granted under this chapter is polluted by any activities related to the Trans-Alaska Pipeline System, including operation of the terminal, conducted by or on behalf of the holder to whom such right-of-way or permit was granted, and such pollution damages or threatens to damage aquatic life, wildlife, or public or private property, the control and total removal of the pollutant shall be at the expense of such holder, including any administrative and other costs incurred by the Secretary or any other Federal or State officer or agency. Upon failure of such holder to adequately control and remove such pollutant, the Secretary, in cooperation with other Federal, State, or local agencies, or in cooperation with such holder, or both, shall have the right to accomplish the control and removal at the expense of such holder.
