§ 1748b. Cohesive wildfire management strategy

(a) Strategy required

Not later than one year after October 30, 2009, the Secretary of the Interior and the Secretary of Agriculture, acting jointly, shall submit to Congress a report that contains a cohesive wildfire management strategy, consistent with the recommendations described in recent reports of the Government Accountability Office regarding management strategies.

(b) Elements of strategy

The strategy required by subsection (a) shall provide for—

- (1) the identification of the most cost-effective means for allocating fire management budget resources;
- (2) the reinvestment in non-fire programs by the Secretary of the Interior and the Secretary of Agriculture;
- (3) employing the appropriate management response to wildfires;
- (4) assessing the level of risk to communities;
- (5) the allocation of hazardous fuels reduction funds based on the priority of hazardous fuels reduction projects;
- (6) assessing the impacts of climate change on the frequency and severity of wildfire; and
- (7) studying the effects of invasive species on wildfire risk.

(c) Revision

At least once during each five-year period beginning on the date of the submission of the cohesive wildfire management strategy under subsection (a), the Secretary of the Interior and the Secretary of Agriculture shall revise the strategy to address any changes affecting the strategy, including changes with respect to landscape, vegetation, climate, and weather.

SUBCHAPTER IV—RANGE MANAGEMENT

§ 1751. Grazing fees; feasibility study; contents; submission of report; annual distribution and use of range betterment funds; nature of distributions

(a) The Secretary of Agriculture and the Secretary of the Interior shall jointly cause to be conducted a study to determine the value of grazing on the lands under their jurisdiction in the eleven Western States with a view to establishing a fee to be charged for domestic livestock grazing on such lands which is equitable to the United States and to the holders of grazing permits and leases on such lands. In making such study, the Secretaries shall take into consideration the costs of production normally associated with domestic livestock grazing in the eleven Western States, differences in forage values, and such other factors as may relate to the reasonableness of such fees. The Secretaries shall report the result of such study to the Congress not later than one year from and after October 21, 1976, together with recommendations to implement a reasonable grazing fee schedule based upon such study. If the report required herein has not been submitted to the Congress within one year after October 21, 1976, the grazing fee charge then in effect shall not be altered and shall remain the same until such report has been submitted to the Congress. Neither Secretary shall increase the grazing fee in the 1977 grazing year.

(b)(1) Congress finds that a substantial amount of the Federal range lands is deteriorating in quality, and that installation of additional range improvements could arrest much of the continuing deterioration and could lead to substantial betterment of forage conditions with resulting benefits to wildlife, watershed protection, and livestock production. Congress therefore directs that 50 per centum or \$10,000,000 per annum, whichever is greater of all moneys received by the United States as fees for grazing domestic livestock on public lands (other than from ceded Indian lands) under the Taylor Grazing Act (48 Stat. 1269; 43 U.S.C. 315 et seq.) and the Act of August 28, 1937 (50 Stat. 874; 43 U.S.C. 1181d), and on lands in National Forests in the sixteen contiguous Western States under the provisions of this section shall be credited to a separate account in the Treasury, one-half of which is authorized to be appropriated and made available for use in the district, region, or national forest from which such moneys were derived, as the respective Secretary may direct after consultation with district, regional, or national forest user representatives, for the purpose of on-the-ground range rehabilitation, protection, and improvements on such lands, and the remaining one-half shall be used for on-the-ground range rehabilitation, protection, and improvements as the Secretary concerned directs. Any funds so appropriated shall be in addition to any other appropriations made to the respective Secretary for planning and administration of the range betterment program and for other
