

“(3) notifying the Director of National Intelligence that there is a significant supply chain risk to the covered system concerned, unless the head of the covered agency making the determination is the Director of National Intelligence; and

“(4) providing a notice, which may be in classified form, of the determination made under paragraph (2) to the congressional intelligence committees that includes a summary of the basis for the determination, including a discussion of less intrusive measures that were considered and why they were not reasonably available to reduce supply chain risk.

“(d) DELEGATION.—The head of a covered agency may not delegate the authority provided in subsection (b) or the responsibility to make a determination under subsection (c) to an official below the level of the service acquisition executive for the agency concerned.

“(e) SAVINGS.—The authority under this section is in addition to any other authority under any other provision of law. The authority under this section shall not be construed to alter or effect the exercise of any other provision of law.

“(f) EFFECTIVE DATE.—The requirements of this section shall take effect on the date that is 180 days after the date of the enactment of this Act [Jan. 3, 2012] and shall apply to contracts that are awarded on or after such date.

“(g) SUNSET.—The authority provided in this section shall expire on the date that section 806 of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111-383; 10 U.S.C. 2304 note) expires.”

[For definitions of “intelligence community” and “congressional intelligence committees” as used in section 309 of Pub. L. 112-87, set out above, see section 2 of Pub. L. 112-87, set out as a note under section 401a of this title.]

§ 403-2a. Construction of intelligence community facilities; Presidential authorization

(a) No project for the construction of any facility, or improvement to any facility, having an estimated Federal cost in excess of \$300,000, may be undertaken in any fiscal year unless specifically identified as a separate item in the President’s annual fiscal year budget request or otherwise specifically authorized and appropriated if such facility or improvement would be used primarily by personnel of the intelligence community.

(b) As used in this section, the term “intelligence community” has the same meaning given that term in section 401a(4) of this title.

(Pub. L. 103-335, title VIII, §8131, Sept. 30, 1994, 108 Stat. 2653.)

CODIFICATION

Section was enacted as part of the Department of Defense Appropriations Act, 1995, and not as part of the National Security Act of 1947 which comprises this chapter.

§ 403-2b. Limitation on construction of facilities to be used primarily by intelligence community

(a) In general

(1) In general

Except as provided in subsection (b) of this section, no project for the construction of any facility to be used primarily by personnel of any component of the intelligence community which has an estimated Federal cost in excess of \$5,000,000 may be undertaken in any fiscal year unless such project is specifically identi-

fied as a separate item in the President’s annual fiscal year budget request and is specifically authorized by the Congress.

(2) Notification

In the case of a project for the construction of any facility to be used primarily by personnel of any component of the intelligence community which has an estimated Federal cost greater than \$1,000,000 but less than \$5,000,000, or where any improvement project to such a facility has an estimated Federal cost greater than \$1,000,000, the Director of National Intelligence shall submit a notification to the intelligence committees specifically identifying such project.

(b) Exception

(1) In general

Notwithstanding subsection (a) of this section but subject to paragraphs (2) and (3), a project for the construction of a facility to be used primarily by personnel of any component of the intelligence community may be carried out if the Secretary of Defense and the Director of National Intelligence jointly determine—

(A) that the project is vital to the national security or to the protection of health, safety, or the quality of the environment, and

(B) that the requirement for the project is so urgent that deferral of the project for inclusion in the next Act authorizing appropriations for the intelligence community would be inconsistent with national security or the protection of health, safety, or environmental quality, as the case may be.

(2) Report

(A) When a decision is made to carry out a construction project under this subsection, the Secretary of Defense and the Director of National Intelligence jointly shall submit a report in writing to the appropriate committees of Congress on that decision. Each such report shall include (i) the justification for the project and the current estimate of the cost of the project, (ii) the justification for carrying out the project under this subsection, and (iii) a statement of the source of the funds to be used to carry out the project. The project may then be carried out only after the end of the 7-day period beginning on the date the notification is received by such committees.

(B) Notwithstanding subparagraph (A), a project referred to in paragraph (1) may begin on the date the notification is received by the appropriate committees of Congress under that paragraph if the Director of National Intelligence and the Secretary of Defense jointly determine that—

(i) an emergency exists with respect to the national security or the protection of health, safety, or environmental quality; and

(ii) any delay in the commencement of the project would harm any or all of those interests.

(3) Projects primarily for CIA

If a project referred to in paragraph (1) is primarily for the Central Intelligence Agency,
