

other systems of movement, including travel security and terrorism finance programs; and

(12) expand upon and relate to existing strategies and plans, including the National Response Plan, the National Maritime Transportation Security Plan, the National Strategy for Maritime Security, and the 8 supporting plans of the Strategy, as required by Homeland Security Presidential Directive 13.

(c) Consultation

In developing protocols under subsection (b)(10), the Secretary shall consult with Federal, State, local, and private sector stakeholders, including the National Maritime Security Advisory Committee and the Commercial Operations Advisory Committee.

(d) Communication

To the extent practicable, the strategic plan developed under subsection (a) shall provide for coordination with, and lines of communication among, appropriate Federal, State, local, and private-sector stakeholders on law enforcement actions, intermodal rerouting plans, and other strategic infrastructure issues resulting from a transportation security incident or transportation disruption.

(e) Utilization of Advisory Committees

As part of the consultations described in subsection (a), the Secretary shall, to the extent practicable, utilize the Homeland Security Advisory Committee, the National Maritime Security Advisory Committee, and the Commercial Operations Advisory Committee to review, as necessary, the draft strategic plan and any subsequent updates to the strategic plan.

(f) International standards and practices

In furtherance of the strategic plan required under subsection (a), the Secretary is encouraged to consider proposed or established standards and practices of foreign governments and international organizations, including the International Maritime Organization, the World Customs Organization, the International Labor Organization, and the International Organization for Standardization, as appropriate, to establish standards and best practices for the security of containers moving through the international supply chain.

(g) Report

(1) Initial report

Not later than 270 days after October 13, 2006, the Secretary shall submit to the appropriate congressional committees a report that contains the strategic plan required by subsection (a).

(2) Final report

Not later than 3 years after the date on which the strategic plan is submitted under paragraph (1), the Secretary shall submit a report to the appropriate congressional committees that contains an update of the strategic plan.

(Pub. L. 109-347, title II, §201, Oct. 13, 2006, 120 Stat. 1901.)

§ 942. Post-incident resumption of trade

(a) In general

The Secretary shall develop and update, as necessary, protocols for the resumption of trade in accordance with section 941(b)(10) of this title in the event of a transportation disruption or a transportation security incident. The protocols shall include—

(1) the identification of the appropriate initial incident commander, if the Commandant of the Coast Guard is not the appropriate person, and lead departments, agencies, or offices to execute such protocols;

(2) a plan to redeploy resources and personnel, as necessary, to reestablish the flow of trade;

(3) a plan to provide training for the periodic instruction of personnel of the United States Customs and Border Protection, the Coast Guard, and the Transportation Security Administration in trade resumption functions and responsibilities; and

(4) appropriate factors for establishing prioritization of vessels and cargo determined by the President to be critical for response and recovery, including factors relating to public health, national security, and economic need.

(b) Vessels

In determining the prioritization of vessels accessing facilities (as defined under section 70101 of title 46), the Commandant of the Coast Guard may, to the extent practicable and consistent with the protocols and plans required under this section to ensure the safe and secure transit of vessels to ports in the United States after a transportation security incident, give priority to a vessel—

(1) that has an approved security plan under section 70103(c) of title 46 or a valid international ship security certificate, as provided under part 104 of title 33, Code of Federal Regulations;

(2) that is manned by individuals who are described in section 70105(b)(2)(B) of title 46; and

(3) that is operated by validated participants in the Customs-Trade Partnership Against Terrorism program.

(c) Cargo

In determining the prioritization of the resumption of the flow of cargo and consistent with the protocols established under this section, the Commissioner may give preference to cargo—

(1) entering a port of entry directly from a foreign seaport designated under the Container Security Initiative;

(2) from the supply chain of a validated C-TPAT participant and other private sector entities, as appropriate; or

(3) that has undergone—

(A) a nuclear or radiological detection scan;

(B) an x-ray, density, or other imaging scan; and

(C) a system to positively identify the container at the last port of departure prior to arrival in the United States, which data has been evaluated and analyzed by personnel of the United States Customs and Border Protection.

(d) Coordination

The Secretary shall ensure that there is appropriate coordination among the Commandant of the Coast Guard, the Commissioner, and other Federal officials following a maritime disruption or maritime transportation security incident in order to provide for the resumption of trade.

(e) Communication

Consistent with section 941 of this title, the Commandant of the Coast Guard, Commissioner, and other appropriate Federal officials, shall promptly communicate any revised procedures or instructions intended for the private sector following a maritime disruption or maritime transportation security incident.

(Pub. L. 109-347, title II, §202, Oct. 13, 2006, 120 Stat. 1903.)

§ 943. Automated Targeting System**(a) In general**

The Secretary, acting through the Commissioner, shall—

- (1) identify and seek the submission of data related to the movement of a shipment of cargo through the international supply chain; and
- (2) analyze the data described in paragraph (1) to identify high-risk cargo for inspection.

(b) Requirement

The Secretary, acting through the Commissioner, shall require the electronic transmission to the Department of additional data elements for improved high-risk targeting, including appropriate security elements of entry data, as determined by the Secretary, to be provided as advanced information with respect to cargo destined for importation into the United States prior to loading of such cargo on vessels at foreign seaports.

(c) Consideration

The Secretary, acting through the Commissioner, shall—

- (1) consider the cost, benefit, and feasibility of—
 - (A) requiring additional nonmanifest documentation;
 - (B) reducing the time period allowed by law for revisions to a container cargo manifest;
 - (C) reducing the time period allowed by law for submission of certain elements of entry data, for vessel or cargo; and
 - (D) such other actions the Secretary considers beneficial for improving the information relied upon for the Automated Targeting System and any successor targeting system in furthering the security and integrity of the international supply chain; and
- (2) consult with stakeholders, including the Commercial Operations Advisory Committee, and identify to them the need for such information, and the appropriate timing of its submission.

(2) consult with stakeholders, including the Commercial Operations Advisory Committee, and identify to them the need for such information, and the appropriate timing of its submission.

(d) Regulations

The Secretary shall promulgate regulations to carry out this section. In promulgating such

regulations, the Secretary shall adhere to the parameters applicable to the development of regulations under section 343(a) of the Trade Act of 2002 (19 U.S.C. 2071 note), including provisions relating to consultation, technology, analysis, use of information, confidentiality, and timing requirements.

(e) System improvements

The Secretary, acting through the Commissioner, shall—

(1) conduct, through an independent panel, a review of the effectiveness and capabilities of the Automated Targeting System;

(2) consider future iterations of the Automated Targeting System, which would incorporate smart features, such as more complex algorithms and real-time intelligence, instead of relying solely on rule sets that are periodically updated;

(3) ensure that the Automated Targeting System has the capability to electronically compare manifest and other available data for cargo entered into or bound for the United States to detect any significant anomalies between such data and facilitate the resolution of such anomalies;

(4) ensure that the Automated Targeting System has the capability to electronically identify, compile, and compare select data elements for cargo entered into or bound for the United States following a maritime transportation security incident, in order to efficiently identify cargo for increased inspection or expeditious release; and

(5) develop a schedule to address the recommendations of the Comptroller General of the United States, the Inspector General of the Department of the Treasury, and the Inspector General of the Department with respect to the operation of the Automated Targeting System.

(f) Secure transmission of certain information

All information required by the Department from supply chain partners shall be transmitted in a secure fashion, as determined by the Secretary, so as to protect the information from unauthorized access.

(g) Authorization of appropriations

There are authorized to be appropriated to the United States Customs and Border Protection to carry out the Automated Targeting System for identifying high-risk oceanborne container cargo for inspection—

- (1) \$33,200,000 for fiscal year 2008;
- (2) \$35,700,000 for fiscal year 2009; and
- (3) \$37,485,000 for fiscal year 2010.

(Pub. L. 109-347, title II, §203, Oct. 13, 2006, 120 Stat. 1904.)
