

(3) 175 surface transportation security inspectors in fiscal year 2009; and

(4) 200 surface transportation security inspectors in fiscal years 2010 and 2011.

(g) Coordination

The Secretary shall ensure that the mission of the surface transportation security inspectors is consistent with any relevant risk assessments required by this Act or completed by the Department, the modal plans required under section 114(t)¹ of title 49, the Memorandum of Understanding between the Department and the Department of Transportation on Roles and Responsibilities, dated September 28, 2004, and any and all subsequent annexes to this Memorandum of Understanding, and other relevant documents setting forth the Department's transportation security strategy, as appropriate.

(h) Consultation

The Secretary shall periodically consult with the surface transportation entities which are or may be inspected by the surface transportation security inspectors, including, as appropriate, railroad carriers, over-the-road bus operators and terminal owners and operators, motor carriers, public transportation agencies, owners or operators of highways, and pipeline operators on—

(1) the inspectors' duties, responsibilities, authorities, and mission; and

(2) strategies to improve transportation security and to ensure compliance with transportation security requirements.

(i) Report

Not later than September 30, 2008, the Department of Homeland Security Inspector General shall transmit a report to the appropriate congressional committees on the performance and effectiveness of surface transportation security inspectors, whether there is a need for additional inspectors, and other recommendations.

(j) Authorization of appropriations

There are authorized to be appropriated to the Secretary to carry out this section—

- (1) \$11,400,000 for fiscal year 2007;
- (2) \$17,100,000 for fiscal year 2008;
- (3) \$19,950,000 for fiscal year 2009;
- (4) \$22,800,000 for fiscal year 2010; and
- (5) \$22,800,000 for fiscal year 2011.

§ 1114. Surface transportation security technology information sharing

(a) In general

(1) Information sharing

The Secretary, in consultation with the Secretary of Transportation, shall establish a program to provide appropriate information that the Department has gathered or developed on the performance, use, and testing of technologies that may be used to enhance railroad, public transportation, and surface transportation security to surface transportation entities, including railroad carriers, over-the-road bus operators and terminal owners and operators, motor carriers, public transportation agencies, owners or operators of highways, pipeline operators, and State, local, and tribal governments that provide security assistance to such entities.

(2) Designation of qualified antiterrorism technologies

The Secretary shall include in such information provided in paragraph (1) whether the technology is designated as a qualified antiterrorism technology under the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (Public Law 107-296) [6 U.S.C. 441 et seq.], as appropriate.

(b) Purpose

The purpose of the program is to assist eligible grant recipients under this Act and others, as appropriate, to purchase and use the best technology and equipment available to meet the security needs of the Nation's surface transportation system.

(c) Coordination

The Secretary shall ensure that the program established under this section makes use of and is consistent with other Department technology testing, information sharing, evaluation, and standards-setting programs, as appropriate.

§ 1116. National explosives detection canine team training program

(a) Definitions

For purposes of this section, the term “explosives detection canine team” means a canine and a canine handler that are trained to detect explosives, radiological materials, chemical, nuclear or biological weapons, or other threats as defined by the Secretary.

(b) In general

(1) Increased capacity

Not later than 180 days after August 3, 2007, the Secretary of Homeland Security shall—

(A) begin to increase the number of explosives detection canine teams certified by the Transportation Security Administration for the purposes of transportation-related security by up to 200 canine teams annually by the end of 2010; and

(B) encourage State, local, and tribal governments and private owners of high-risk transportation facilities to strengthen security through the use of highly trained explosives detection canine teams.

(2) Explosives detection canine teams

The Secretary of Homeland Security shall increase the number of explosives detection canine teams by—

(A) using the Transportation Security Administration’s National Explosives Detection Canine Team Training Center, including expanding and upgrading existing facilities, procuring and breeding additional canines, and increasing staffing and oversight commensurate with the increased training and deployment capabilities;

(B) partnering with other Federal, State, or local agencies, nonprofit organizations, universities, or the private sector to increase the training capacity for canine detection teams;

(C) procuring explosives detection canines trained by nonprofit organizations, universities, or the private sector provided they are trained in a manner consistent with the standards and requirements developed pursuant to subsection (c) or other criteria developed by the Secretary; or

(D) a combination of subparagraphs (A), (B), and (C), as appropriate.

(c) Standards for explosives detection canine teams

(1) In general

Based on the feasibility in meeting the ongoing demand for quality explosives detection

canine teams, the Secretary shall establish criteria, including canine training curricula, performance standards, and other requirements approved by the Transportation Security Administration necessary to ensure that explosives detection canine teams trained by nonprofit organizations, universities, and private sector entities are adequately trained and maintained.

(2) Expansion

In developing and implementing such curriculum, performance standards, and other requirements, the Secretary shall—

(A) coordinate with key stakeholders, including international, Federal, State, and local officials, and private sector and academic entities to develop best practice guidelines for such a standardized program, as appropriate;

(B) require that explosives detection canine teams trained by nonprofit organizations, universities, or private sector entities that are used or made available by the Secretary be trained consistent with specific training criteria developed by the Secretary; and

(C) review the status of the private sector programs on at least an annual basis to ensure compliance with training curricula, performance standards, and other requirements.

(d) Deployment

The Secretary shall—

(1) use the additional explosives detection canine teams as part of the Department’s efforts to strengthen security across the Nation’s transportation network, and may use the canine teams on a more limited basis to support other homeland security missions, as determined appropriate by the Secretary;

(2) make available explosives detection canine teams to all modes of transportation, for high-risk areas or to address specific threats, on an as-needed basis and as otherwise determined appropriate by the Secretary;

(3) encourage, but not require, any transportation facility or system to deploy TSA-certified explosives detection canine teams developed under this section; and

(4) consider specific needs and training requirements for explosives detection canine teams to be deployed across the Nation’s transportation network, including in venues of multiple modes of transportation, as appropriate.

(e) Canine procurement

The Secretary, acting through the Administrator of the Transportation Security Administration, shall work to ensure that explosives detection canine teams are procured as efficiently as possible and at the best price, while maintaining the needed level of quality, including, if appropriate, through increased domestic breeding.

(f) Study

Not later than 1 year after August 3, 2007, the Comptroller General shall report to the appropriate congressional committees on the utiliza-
