CODIFICATION

This section was not enacted as part of the United States Cotton Standards Act which comprises this chapter.

§ 52. Use of nonofficial standards prohibited; sales by sample excepted

It shall be unlawful (a) in or in connection with any transaction or shipment in commerce made after August 1, 1923, or (b) in any publication of a price or quotation determined in or in connection with any transaction or shipment in commerce after August 1, 1923, or (c) in any classification for the purposes of or in connection with a transaction or shipment in commerce after August 1, 1923, for any person to indicate for any cotton a grade or other class which is of or within the official cotton standards of the United States then in effect under this chapter by a name, description, or designation, or any system of names, description, or designation not used in said standards: *Provided*, That nothing herein shall prevent a transaction otherwise lawful by actual sample or on the basis of a private type which is used in good faith and not in evasion of or substitution for said standards.

(Mar. 4, 1923, ch. 288, § 2, 42 Stat. 1517.)

§ 53. Licensing classifiers; revocation and suspension of license

The Secretary of Agriculture may, upon presentation of satisfactory evidence of competency, issue to any person a license to grade or otherwise classify cotton and to certificate the grade or other class thereof in accordance with the official cotton standards of the United States. Any such license may be suspended or revoked by the Secretary of Agriculture whenever he is satisfied, after reasonable opportunity afforded to the licensee for a hearing, that such licensee is incompetent or has knowingly or carelessly classified cotton improperly, or has violated any provision of this chapter or the regulations thereunder so far as the same may relate to him, or has used his license or allowed it to be used for any improper purpose. Pending investigation the Secretary of Agriculture, whenever he deems necessary, may suspend a license temporarily without a hearing.

(Mar. 4, 1923, ch. 288, § 3, 42 Stat. 1517.)

§ 54. Classification by Department of Agriculture; certification thereof; effect of certificate; regulations for classification

Any person who has custody of or a financial interest in any cotton may submit the same or samples thereof, drawn in accordance with the regulations of the Secretary of Agriculture, to such officer or officers of the Department of Agriculture, as may be designated for the purpose pursuant to the regulations of the Secretary of Agriculture for a determination of the true classification of such cotton or samples, including the comparison thereof, if requested, with types

or other samples submitted for the purpose. The final certificate of the Department of Agriculture showing such determination shall be binding on officers of the United States and shall be accepted in the courts of the United States as prima facie evidence of the true classification or comparison of such cotton or samples when involved in any transaction or shipment in commerce. The Secretary of Agriculture shall fix rules and regulations for submitting samples of cotton for classification providing that all samples shall be numbered so that no one interested in the transaction involved shall be known by any classifier engaged in the classification of such cotton samples.

(Mar. 4, 1923, ch. 288, § 4, 42 Stat. 1517.)

§ 55. Fees and charges for cotton classing and related services; criteria; disposition of moneys and samples

(a) The Secretary of Agriculture shall cause to be collected such fees and charges for licenses issued to classifiers of cotton under section 53 of this title, for determinations made under section 54 of this title, and for the establishment of standards and sale of copies of standards under sections 56, 57, and 57a of this title, as will cover, as nearly as practicable, and after taking into consideration net proceeds from any sale of samples, the costs incident to providing services and standards under such sections, including administrative and supervisory costs. The Secretary may provide by regulation conditions under which cotton samples submitted or used in the performance of services authorized by this chapter shall become the property of the United States and may be sold with the proceeds credited to the foregoing account: *Provided*, That such cotton samples shall not be subject to the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41. Any fees or charges, late payment penalties, or proceeds from the sales of samples collected under this subsection, and any interest earned through the investment of such funds shall be credited to the current appropriation account that incurs the costs of the services provided under this chapter, and shall remain available without fiscal year limitation to pay the expenses of the Secretary incident to providing services and standards under this chapter and section 15b of this title. Such funds may be invested by the Secretary in insured or fully collateralized, interest-bearing accounts or, at the discretion of the Secretary, by the Secretary of the Treasury in United States Government debt instruments.

(b) The price established by the Secretary of Agriculture under the foregoing provisions of this section for practical forms representing the official cotton standards of the United States shall cover, as nearly as practicable, the estimated actual cost to the Department of Agriculture for developing and preparing such practical forms.
